FORTY-THIRD WEEK

AN EDITORIAL

"When the cats away the mice will play" Bundy is out of town this week so this is our big break. May we emphasize, the thoughts expressed herein, if any, are those of the writer, H. V. Stokes, and not of the Editor of this publication.

WEATHER- This is the first October we have ever witnessed that came before August. July has been a delightful month and wouldn't it have been a dandy for folks who remained in Sonora this summer had we had a nice swimming pool and a good golf course. Living begins at home. We have good barns for our livestock, fine homes, ornate churches, modern school buildings, fine business institutions; we are letting the children down. We can build a big pool for what four backyard pools cost. Why don't we do just that?

LAW MAKERS- Some people say the Legislature hasn't done a thing during the regular and the three called sessions. That is UNTRUE. In each session they immediately voted to take money from some state institution with which to pay themselves. Even though our State is in the RED to the tune of ONE HUNDRED MILLION dollars and faces bankruptcy by September 1st, nary a Legislator has failed to collect his daily pay. The big hassle is, shall we tax the gas interest and have them pass it on to the consumer or shall we eliminate the middle man by taxing the people direct-the sales tax route? Whether or no, at Austin, Texas, things are in a heck of a mess.

TROUBLES- A ranchman's troubles are without end. To produce livestock he must be ever on the alert for an outbreak of anthrax, sheep scabies, stomach worm, tape worm, lung worm, liver worm, screw worm and then there is another worm, the thief, to watch out for. Now we have a state-wide program to eliminate Brucellosis, or bangs disease. Some states refuse to admit Texas cattle until cleared by inspection. Every day more and more sanitary rules are facing the livestock raiser.

To produce good livestock you must cull, breed properly, feed and water just right, have ample labor, (we are on the blacklist) and then when he does raise a good lamb and calf crop he realizes he can't ship them through his home town pens unless he ships them by rail, even though they are going to an area without a railroad.

With all our problems we can't find anything wrong with 1959. It has been a wonderful year. 1919 was like that, 1929 too until the crash, 1939 was a good year in spite of World War II breaking out. 1949 was a good year, prices high and just before the drought. Now, 1959 is the best of all but remember it will be ten years before 1969. Better hedge, boys.

SCHOOL DAYS: Right around the corner, short summer, no? About children: "The children now love luxury. They have bad manners and contempt for authority. They show disrespect for their elders and love to chatter in place of exercise. They no longer rise when elders enter the room. They contradict their parents before company, gobble up dainties at the table, cross their legs and are tyrants over their teachers".
Note, please! This is not Bundy's idea nor is it mine. This was written by Socrates in 430 B.C. Those little B. C. stinkers.

LABOUR: The steel strike is in its third week and promises to last months. But why worry, we can import steel from any foreign countries as we do most everything else. We have bankrupted our oil business (biggest tax payer in the nation) with imported oil, we manufacture many of our automobiles in foreign countries and all major movies are made abroad. You couldn't sell a Texas sheepman a suit at all unless made of imported wools. Now imported steel. We think Labor Unions are selling themselves and this country short, short, short.

TRUE-TRUE: An old saying, "There is no telling how much good one can do, if he does not care who gets the credit." There is in Sonora 1 organization who does not seek credit but seeks rather to help others make their projects click. The Sonora Chamber of Commerce sponsors very few projects but it attempts to help other sponsoring organizations. Right now they are boosting the Lions annual charity auction, then the Sonora Park Assn. Quarter Horse Show.

Ranchmen-business mendig up something real nice and bring to the Lions Auction. Then get in there and make this one our best. Conditions warrant that. Citizens of Sonora, come out and see one of the best horse shows anywhere. This is horse country, lets show the visiting horsemen our appreciation for their coming here.

PEST- How do you like our current mosquito crop? Aren't they boogers? With summer rains weeds are inevitable. After mosquitoes, snakes and rats comes a fire hazard, right after the first frost. Since we all live here why not lets do something about it. If you will clean up your premises I will and if I will somebody else will and soon we will have this menace removed, we will have a pretty town for the visitors to our Lions Auction and our Horse Show to see. This is our hometown, after all.

SCHOOL DAYS: The children had all been photographed and the teacher was trying to persuade them each to buy a copy of the group picture.

"Just thing how nice it will be to look at when you are all grown up and say, 'There's Judy; she's married,' or 'That's Billy; he's a sailor.'"

A small voice in the back of the room piped up, "and there's teacher; she's dead."

Well, we do hope the Bundys have a fine fishing vacation.

GLAYTON HAMILTON TAKES BANKER'S COURSE IN DALLAS

Clayton Hamilton, cashier of the First National Bank, Sonora, is taking a two-week course of advanced training at the Southwestern Graduate School of Banking.

Hamilton and nearly three hundred banking executives from Texas and 14 other states is attending lectures and discussion groups.

According to an SMU news release, members will also "compete in athletic contests, form musical groups . . . and even produce their own musical extravaganza for the closing banquet on July 31."

The exact nature of Hamilton's participation has not been reported.

Carnahan Services In Arizona Tuesday

Services for Mrs. Orville Carnahan, 61, were held in Mesa, Arizona, Tuesday, July 28. Mrs. Carnahan died Saturday in Apache Junction, Arizona following a heart attack.

Born in Sutton County February 17, 1898, the former Rita Ross was a daughter of the late Mr. and Mrs. Joe Ross, early Sutton County ranch family. She had been a member of the Methodist Church for many years.

Survivors include her husband; one brother, Joe Brown Ross of Sonora, one sister, Mrs. Forrest Avent of Dilly.

Janice Reese of Gregton is spending a part of her vacation in Sonora the guest of her grandmother, Mrs. Pearl Martin.

Flood Prevention Continues, Work On 2 Sites Progressing

Sonora Bank Building Expanding, \$55,000 Worth Of Improvements

Noisy air hammers banged away at the song of progress for the First National Bank this week; employees gnashed their vibrating teeth and waited for the completion date of the new addition, October 15.

Improvements, estimated to cost \$55,000, will include 1,200 square feet of floor space, a new teller's window, a dropped ceiling for better lighting, new furniture and fixtures, and air-conditioning.

The expansion of floor space will include what is now the Hamilton Building next door to the bank. Here will be a carpeting area for bank officers, a new conference room, and a book-keeping area in the back.

The floor level of the present director's room will extend out over the tellers windows to form a much larger room upstairs.

Principal construction work is being done by the Commercial Contracting Company, San Antonio.

The cost of modernization will probably tell more on the harried employees of the bank than anyone else. When asked how long the steady thud of the air hammers would last, Assistant Cashier Harold Scherz replied, "the question is how long will I last?"

A Message From The Fire Marshall John A. Martin, Jr.

"Citizens, we have a very clean and beautiful city outside of our vacant lots which are fast become a fire hazard and a menace to our property and lives. These rank weeds are breeding mosquitos too. So let all of us clear our properties of this hazard and make our city a cleaner, healthier one."

Construction on flood prevention dams moved ahead at a fast clip this week with the return of dry weather. Site 9 on the James and Nancy Hunt ranch is rapidly assuming the appearance of a dam, and now has some 16 feet effective height. This structure will be 34 feet high when completed. During the recent four inch rain, which produced little runoff, the structure caught some 4 feet of water in the sediment pool.

Reg McQuatters, superintendent of Cage Brothers, has started clearing and stripping operations at Site 11 on the W. A. Miers ranch 4 miles northeast of Sonora. The dam at this site will be 47 feet high, and will temporarily detain 5,189 acre feet of floodwater at emergency spillway level.

Ford Allen, contractor for Site 12 near the Texas New Mexico Pipeline Station and Site 13 on Murphy Draw, is moving equipment in and will start operations very soon.

During September and October contracts will be awarded to construct Site 2 Homer Byrd ranch; Site 4 Ben Mittel ranch; Sites 5 and 6 Pearl Martin ranch; Site 7 Ben F. Meckel ranch; and Site 8 on the G. H. Davis ranch. The two remaining structures, to be located on the R. D. Johnson and Ben Mittel ranches, are expected to be contracted next spring.

Entrance Of Joe Berger Field Complete With Plaque And Sign

Airport committee members completed work on the sign and plaque at the entrance of the Sonora airport last week.

The attractive entrance along with the constant improvements in the air field give us "as good facilities as in any little town our size in the country", remarks Airport Committee Chairman Vestal Askew.

The complete brick entrance including landscaping cost some \$2,500 in previously collected airport funds, Askew said.

The plaque is located on the

entrance opposite the name of the airport, Joe Berger Field. It is on land formerly belonging to Berger, the late Sutton County pioneer ranchman, that the facilities are constructed. The plaque dedicates the field as a memorial to Berger, "who made this site available".

The airport is also dedicated, the plaque continues, "to the people of Sonora and Sutton County, who, through voluntary contributions and by the cooperation of their city and county commissions made this facility possible".

Quarter Horse Originated In America From English Breeds And Mustang

NOTICE TO FOOTBALLERS

FOOTBALL PLAYERS: Coach Joe Turner says, "get your physical examinations now. Practice will start August 7."

JO BESS VANDERSTUCKEN ATTENDS MUSIC CAMP

Miss Jo Bess VanderStucken, daughter of Mr. and Mrs. Joseph VanderStucken of Sonora, is among the 1,400 talented campers attending the National Music Camp in its 32nd season at Interlochen, Michigan.

Joe Bess, a senior at Sonora High School, was a member of the Texas All-State Band and played first chair clarinet. She is a member of the National High School Symphony Orchestra and the 22-piece National High School Band, and takes private lessons from Alexander Williams, formerly first clarinetist with the New York Philharmonic Orchestra and the NBC Symphony Orchestra.

She was on the school's annual and newspaper staff and was a member of the math club.

Editor's Note. This is the first of four features by Ralph P. Mayer tracing the illustrious background of the American Quarter Horse. The series is a forerunner to the Sonora Park and Horse Show Association's fall Quarter Horse show that will be held here Saturday, Sept. 12.)

The Quarter Horse is a breed of horses which originated in America.

Native English stock, which was imported into this country about 1611, was crossed with the native mustang, which descended from horses brought over by Spanish explorers. So actually there is the blood of several breeds which go to make up the Quarter Horse as we know it today. I say this by virtue of the fact that the Spanish horses descended from the Arabians, and the native English stock, for the most part, were work horses.

This English-Spanish cross produced a heavy muscled and compact horse that could run very fast for a short distance. In those days, when sporting men met, a race was matched for whatever distance an opening provided, whether in the forest or down the main street of a colony.

Continued To Back Page

Another recent improvement on the field, donated by the Gulf Oil Company, is a thirteen-foot long wind sock.

Askw estimates that, besides local flyers, three or four out-of-town planes a day land at the field.

The modernized airport will again be a stop for the All-Texas Air Tour in the fall.

El Paso Natural Gas Co. Reaches 1/3 Of Capacity

The Sonora Compressor Station of the El Paso Natural Gas Company, newest installation in Sutton County's expanding gas industry, has reached a regular working capacity of 10 or 15 million cubic feet per day.

Six air conditioned offices for the thirteen-man staff will be constructed at the station site soon. The station, which was dedicated in September, 1958, is located on the deBerry ranch about four miles north-west of Sonora.

The ultimate capacity of the station will be about 40 m.c.f.d., three or four times what it is compressing now.

Fully forty wells in this area

have been connected to the station. The most recent additions are Davis 1-F (El Paso Natural Gas Co.) and Stella Lloyd No. 1 (Humble Oil Co.).

In charge at the plant is Vernon Rogers, formerly of Ozona. Rogers is a veteran of 13 years service with El Paso Natural. He is now living with his wife and two children in Eldorado.

Second in command is Jerrell Young, sub-foreman.

Other field operation personnel are Field Clerk, Freddy Kemper; Pressure men, Bill McClendon,

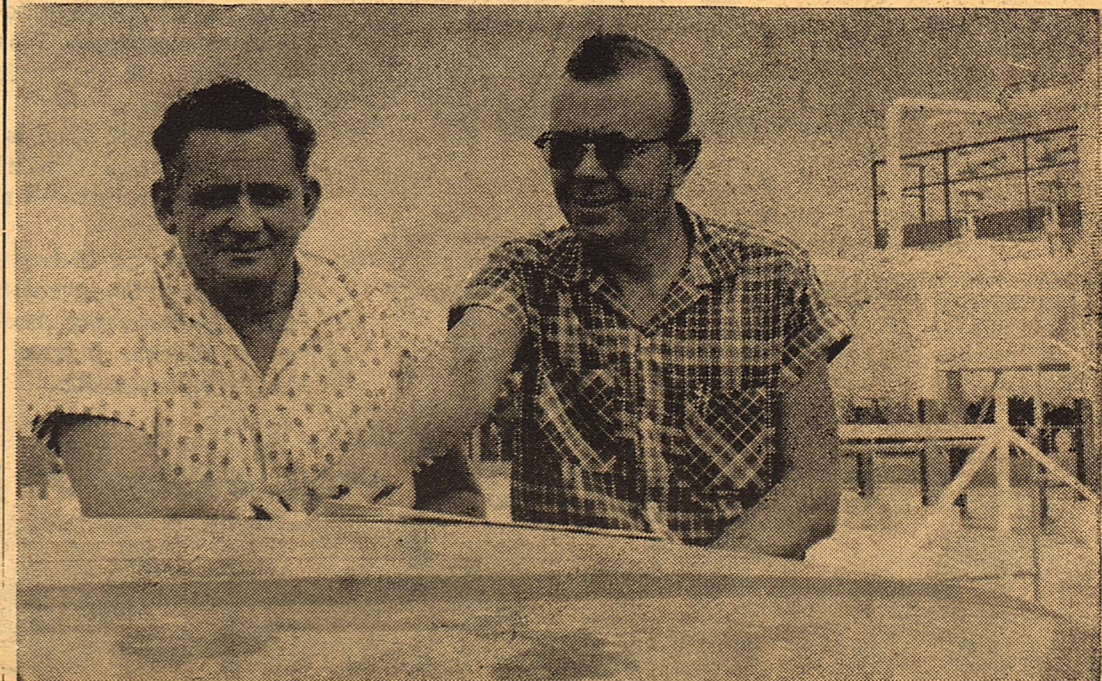

Welton Cockrell, Vernon Bailey, and L. P. Bloodworth. Gang Pooler is E. F. Browning and with him are Ray Mathis, B. A. Rogers, and Jack Sharp. Heavy Equipment Operator is Ben Gilley.

Construction personnel are M. M. Edmiston, forman, and J. N. Robinson.

Plant personnel are H. C. Stanley, forman, and Jim Morris and Ralph Perry.

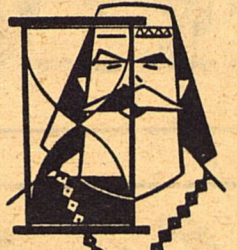

In charge of measurement, Bob Leddingham.

Foreman Vernon Rogers and Sub-foreman Jerrell Young look over a map at the Sonora El Paso Natural Gas Compressor Station. The expanding station, officially inaugurated less than a year ago, receives from forty wells in this area.

"Without health life is not life."

PASTIME CLUB MEETS AT JOHN CAUTHORN HOME

Members and guests of the Pastime Club were entertained at the John Cauthorn home last Thursday night with Mrs. Lee Labenske as hostess. Arrangements of summer flowers decorated the party rooms and a fruit-plate was served.

Mrs. O. G. Babcock won the high club score and Mrs. Ellen Ray won the high guest score.

Others who attended were Mes. Karen Peterson, Emma Armistead, Seth Prater, W. T. McQuary, J. A. Cauthorn, Ella Wallace, Robert Rees, Tom Sandherr, R. B. Kelley and C. E. Sites.

BUSINESS WOMEN'S CIRCLE MET AT BAPTIST CHURCH

The Business Woman's Circle met last Thursday night at the Baptist Church with Mrs. J. P. Smith presiding. The meeting was opened with the Lord's Prayer said in unison. Royal service program on Thailand was given by Mrs. Smith and Mrs. T. L. Harrison. Their topic was "The Sacrifice of Praise." Mrs. W. O. Crites conducted a Bible study based on "Human Relations".

Mrs. Vernon Griffin, hostess, served refreshments during the social hour.

Mr. and Mrs. Theo Cahill spent their vacation visiting friends and relatives in Dallas and Oklahoma.

PERSONALS

Betty Ann Patrick has completed two weeks at Twirling Clinic in San Angelo, conducted by Miss Sharon Lemons of Fort Worth. This week she, Barbara Wright and Mary Ellen Glasscock are attending Twirling Clinic at Trinity University in San Antonio.

John Stanley Hamby and Ernest Stephen arrived home last Friday after a six week's tour of Canada, New York, Washington, D. C. and other places of interest. They plan to be in Sonora through August.

Mrs. Lee Labenske and Mrs. John Cauthorn spent several days in San Marcos this week guests of Mrs. Labenske's sister, Mrs. Mae Crutcher.

Mr. and Mrs. A. T. Barrett and children will leave Sonora Thursday for their new home in Colorado City where Barrett will assume the duties as principal of schools.

YOUR MINISTER SAYS

WOMAN'S CLUB LIBRARY AN ASSET TO COMMUNITY

Despite the fact that the Story Hour for younger children has been suspended for two weeks, some readers continue to use the Wednesday morning hours for checking out books from the Sonora Woman's Club Library.

The library committee, composed of Mrs. G. H. Davis, Mrs. Louie Trainer, Mrs. Edwin Mayer, Mrs. Sterling Baker and Mrs. C. A. Taylor have purchased a number of new books in San Antonio for the library. A list will be given as soon as they are catalogued and placed on the shelves.

Mrs. J. F. Howell, club president.

IDLE HOUR CLUB MEETS AT MAYER RANCH HOME

Mrs. E. S. Mayer entertained members and guests of Idle Hour Club with a bridge luncheon at her ranch home Tuesday.

High score prizes went to Mrs. John Ward and Mrs. G. H. Davis. Mrs. Edgar Shurley and Mrs. L. E. Johnson, Sr. won second high score prizes and Mrs. R. A. Halbert won the slam prize. Mrs. Phil Hirsch and Mrs. J. F. Hamby won at bingo.

Also attending were Mes. Sterling Baker, Ben Cusenbary, W. T. Hardy, J. F. Howell, J. T. Ratliff, Ed Mayfield, George Barrow, Belle Steen and Thomas Morriss.

MRS. HENRY DECKER HAS TUESDAY NIGHT BRIDGE

Mrs. Henry Decker entertained the Tuesday Night Bridge Club in her home this week. She served a dessert course.

Mrs. R. G. Nance won the high score prize and Mrs. Ernest McClelland won the slam prize. Bingo prizes went to Mrs. L. E. Johnson, Sr., Mrs. Belle Steen, Mrs. P. J. Taylor and Mrs. L. E. Johnson, Jr.

Others were Mes. John Bell, Arthur Carroll, W. O. Crites, Earl Ducan, Louie Trainer, and R. C. Vicars.

dent, expressed appreciation in behalf of the club, to Mrs. N. B. Wilson for her generous gift, which was used to purchase new books, to Mrs. Charles F. Browne for the sign she painted designating library hours and to Mrs. Gene Shurley for the stand which holds the sign.

Devil's River News

By Rev. Doyle W. Morton
"Forgetting what lies behind and straining forward to what lies ahead, I press on toward the goal for the prize of the upward call of God in Christ Jesus."

This passage of Scripture from Philippians 3:13-14 makes us ask the question, what is our goal? Just what do we expect to achieve in this life—and in eternity? It should be the prize of the upward call of God in Christ Jesus. We need to forget some things that have kept us from pressing toward God. We should not permit little things to keep us from seeing the real goal of life. One young man said that he was living, as well as preparing to live. We must strive for the goal now, not wait for some future time. A great football team is one that is striving for the goal each time it carries the ball. If the goal is not attained, more effort is made the next time. The goal is always of utmost importance. The Christian should strive to do the will of God each day. If we fail to attain the goal on any day—or in any act—we should strive all the more on the following day. Let us keep the goal of Christian living—and growing—ever before us. Let us keep the upward call of God always as our goal.

Congratulations

Mr. and Mrs. Isael Perez are the parents of a son, Marcos, who was born Saturday, July 25, at Hudspeth Memorial Hospital and weighed 6 pounds and 5 ounces.

Grandparents are Mr. and Mrs. Marcos Perez and Mr. and Mrs. Jesus Minor. Salome Perez is his great grandfather.

Mr. and Mrs. Pedro Virgen announce the arrival of a daughter, Lynn Marie, born Monday, July 27, at Hudspeth Memorial Hospital and weighing 8 pounds and 3 ounces.

Her grandparents are Mr. and Mrs. Edward Guapardo of Sonora.

MRS. CLEVELAND NANCE HOSTESS TO BRIDGE CLUB

Mrs. Cleveland Nance was hostess to the Twice Tuesday Club in her home this week with a bridge luncheon. Arrangements of dahlias and zennias were featured in the decorating plan.

Mrs. Joe Nance won the high score prize, Mrs. Tommy Smith won the second high score prize and Mrs. Nolan Johnson won the bingo prize.

Others attending were Mes. Norman Rousselot, J. W. Pepper, Jr., Bill Tittle, George Wallace and W. A. McCoy.

Mrs. Henry Decker has returned from a visit with her son, Bill Decker, in Big Spring and with Mr. and Mrs. George Thompson in Sweetwater.

CHAMBER OF COMMERCE COMMENTS

Even though July is a let down month, with many of our directors and officers being hither and yon, it hasn't been a dull month for this officer as far as rentals are concerned. In our nine months of existence we have never had more callers for houses and apartments than this July. The many construction jobs going on hereabouts is the primary reason for this. We would like to dedicate this column to the building program in Sonora now.

The Postoffice building is now

growing above the ground. It is calculated to be finished about Sept. 1st at which time a formal dedication will be held. This structure is of brick, costing near \$40,000.00 and is being built by Jack Bleakley and Jack Rice of San Angelo.

Another big job for the town is the expansion program of the First National Bank. The Hamilton Grocery building is being incorporated into the bank building, giving the bank lobby a fifty foot front. Additional vaults and safety deposit boxes

are being installed. The Commercial Construction Co. of San Antonio has this contract.

The Collier Shurley home, just west of the Gay Copeland home, is going up nicely and will be quite an attractive addition to Sonora. The Hattie B. Epps home, Castle Hills addition, is ready for occupancy and it and the George Brockman home, in the same addition, nearing completion, are of the upper bracket homes and quite an addition to this part of town. The Web Elliott, the W. B. McMillan and the Robert Pfluger homes are recently completed in this addition and the first Ricks home is almost finished. The very attractive Lee Fawcett home is com-

plete and occupied.

The John A. Martins have moved into their new home next to their former home, and have rented their house to Mr. and Mrs. Ralph White, who is an Engineer on the flood control dams. Claude Lee Prater has bought the new home built by Jack Schulz on the Ford Allen subdivision and has sold his houses on the Menard road, to Mr. and Mrs. Bert Swails. Mr. and Mrs. Hut Moore have bought the Bats Friend home on East 2nd Street, Mr. and Mrs. George Wallace have bought the Ruth Newton home next to the Friend home, on the same street, Mr. and Mrs. Fritz Meador, with the Tex-

as-Arizona Truck Line, has

bought the Lewis Roueche home on Tayloe Street. Another big project for Sonora is the proposed Presbyterian Church. The plans are ready and the contract is expected to be let real soon. This will be a beautiful addition to our city, setting under the oak trees, where the old VanderStucken-Gilmore home formerly stood. Mrs. Gene Lightfoot bought the home there and is salvaging it now.

With three dams under construction now, the contract let on two more and eight to be let soon, many people are employed on this project. The four mile extension on the Fields farm to market road is progress-

ing nicely says the contractor, Ford Allen. The five large bridges on the Del Rio road suffered no loss during the recent heavy rains and Ed Hawkins says the work is progressing nicely. The El Paso Natural Gas Co. is planning some building program at their station west of town to house their office, recently moved from the Penick building.

Another big work program for Sonora is the water reservoir on the Clarkson hill, the pipe line from the well East of the Boy Scout Hall to the storage reservoir and other pipe line work within the city. Clyde Smith of Austin has the contract for the water storage and the R. & L. Construction Co. of Andrews has

the contract for the pipe work. The well is now being equipped by the Texas-Layne Co. and will be tied into the system when the storage reservoir and pipe work is completed. The project was planned last fall when a \$100,000.00 revenue bond was voted for this purpose.

To those who like to work Sonora is the place. Please bring your own house.

YEARS PAST

Sheriff E. S. Briant received the following letter from Congressman Slayden Thursday which explains itself and shows that Congressman Slayden has succeeded in having a twice a week mail route established between Sonora and Rocksprings. It is unnecessary to say that the people are truly grateful to Congressman Slayden for his efforts in the matter.

Bids will be received by the postmaster of Sonora up to the 12th of August, for the carrying of the mail twice a week from Sonora to Rocksprings and return. Thirty hours running time each way is allowed. The contract to run from October 1, 1899 to June 30, 1902. All proposals must be accompanied by a bond executed by the bidder and two or more sureties in the sum of \$1,600.

-1899-

The Ozona Courier reports that Abe Mayer of Sonora bought from Livingston Bros. of the Pecos country 1,200 steers, ones, twos and threes at 16, 21 and \$22 per head.

-1899-

Mrs. M. A. Traweek and grandson, Rankin Rudicill, returned from a visit to San Angelo Wednesday.

-1899-

Henry Diebitsch, the sheepman, was in from his ranch in the Juno country Friday.

-1899-

Mrs. Thomas Covington arrived in Sonora Monday, on a visit to her parents, Mr. and Mrs. J. L. Davis.

-1899-

Nichols and Rice put in the pews at the Episcopal Church this week. The pews are substantial, neat and suitable and the work of Nichols and Rice is all right.

Mrs. Ellen Ray spent last weekend on the ranch visiting Mr. and Mrs. John Reiley.

Charlie Howell, Curt Schwiening and Dan Carter Cauthorn, students at Schreiner, Kerrville, arrived home for a weekend with their parents.

Sonora residents to attend the coronation of Miss Mohair in Kerrville next week will be Mr. and Mrs. Fred Earwood, Dr. and Mrs. J. F. Howell, Mr. and Mrs. L. E. Johnson, Jr., Jessie Lem,

and Janice, and Mr. and Mrs. L. E. Johnson, Sr.

Susan Scott of Arlington has been the guest of her grandparents, Mr. and Mrs. M. C. Scott and Mr. and Mrs. Bill Smith for the past three weeks. Her parents, Mr. and Mrs. Bobby Scott will arrive this weekend and she will return home with them.

IN THIS NUCLEAR AGE

CD's a Vital Part of Farm Safety

Civil and Defense Mobilization Director Leo A. Hoegh in a Farm Safety Week statement urges farmers to accept Rural Civil Defense as a vital part of farm safety in this nuclear age.

Mr. Hoegh pointed out that fallout from nuclear attack on key military, metropolitan and industrial centers could cover hundreds of thousands of square miles of the United States.

"EVERY FARM family, no matter how remote it may be from a target," he said, "should build a family fallout shelter and stock it properly. This means providing a two-week supply of food and water, a battery radio, a first-aid kit, flashlights, bed-

ding and other items that would be essential to your survival."

Mr. Hoegh said Farm Safety Week, July 19-25, serves to remind farmers of the need to recognize and support the objectives of the Farm Division of the National Safety Council.

He said: "This nation cannot survive and recover from attack without its farmers. Rural America has always carried a heavy burden in times of national emergency. In this nuclear age, it is more important than ever before."

Mr. Hoegh pointed out that fallout is one menace of thermo-nuclear attack against which

simple protective measures can be taken.

"It need not kill," he said. "It is up to you to take action. Nobody can do it for you, any more than they can ship you a packaged civil defense from a factory."

"SURVIVAL WILL always be a personal thing. What you know and do will determine whether you—and your family—will live to help the nation survive."

Director Hoegh said free plans and designs for various shelters can be obtained by writing to OCDM Rural Civil Defense, Battle Creek, Mich.

FALLOUT SHELTERS are the best way for rural Americans to protect themselves from a massive nuclear attack which could unleash dangerous radioactive fallout throughout the country. Some of the shelters recommended by the Office of Civil and Defense Mobilization are not as elaborate as this one, which includes an auxiliary generator and an electric air filtering and ventilating system. However, all recommended shelters should include the basic features shown here—a place to sleep; food, water and medical supplies, and at least eight inches of concrete or an equal weight of other materials for shielding the shelter against fallout. Free designs may be obtained by writing to OCDM Rural Civil Defense, Battle Creek, Mich. (OCDM Photo)

Devil's River Philosopher Thinks Poland's Farmers Using Horses May Not Be As Dumb As You Think

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River discusses the foreign situation this week, you might say.

Dear editor:

Not knowing much for sure about farming in this country, I couldn't be expected to know anything about farming in Poland, but I read an article last night about a situation over there that attracted my attention.

As I understand it, the Communists over there are trying to get the Polish farmers to get rid of their horses. There are 2,700,000 horses in Poland, they graze over 5,000,000 acres of pasture, and eat over 3,000,000 tons of grain a year.

The Communists are saying, it takes too much grain to feed those horses, last year they ate

more grain than all the city-dwellers in Poland got, and the thing to do is get rid of them, switch to government-owned tractors.

The Polish farmers though are resisting. They don't have to be told that while a tractor doesn't eat grain, it does consume gasoline, and very few farms in Poland produce gasoline.

Them Poles ain't so dumb. When it comes to a choice of feeding grain to horse or to Communists, they favor the horses.

I never have sat down and figured it up, I don't mind sitting down, it's the figuring that gets me, but maybe you could tell me: how much production does a tractor consume? In Poland they figure it takes 15 per cent

of the land to support the horses. What per cent of a farm does it take to support the tractor it takes to work it? I know a man can work a lot more land with a tractor, but you can't raise a tractor, you have to buy it, and if somebody stopped and figured up how much production it takes to buy a tractor, maintain it, keep it in gasoline and oil, replace it when it wears out, he might come up with some interesting figures.

Understand, I'm not planning on going back to horse farming, a tractor that won't start is bad but a mules that won't is worse, yet I have a great deal of sympathy with those Polish farmers. It's not how much grain you raise that counts, it's how much you have left over for yourself, to eat or sell, and if they come out better with horses, that's their business. Personally, I wouldn't rather feed than a Communist.

Yours faithfully
J. A.

LEGAL NOTICES

NOTICE TO BIDDERS

Sealed bids will be received by the City Commission of the City of Sonora, Texas, until 9:00 o'clock A. M. August 3, 1959, for furnishing and installing the following radio equipment for the City of Sonora.

It is the intent of these specifications to provide a complete installation, including a base station, with its associated remote control equipment, antennas and transmission line. It should also include all of the equipment, control cables and mountings necessary to provide a complete installation of the mobile equipment. The base station will be installed at the presently erected radio tower located at the water plant, City of Sonora. Mobile equipment will be installed in various city vehicles as prescribed at the time of purchase.

All equipment furnished shall comply with existing FCC requirements, the provisions of FCC Docket 11253, covering split channel policy, and shall be on the F.C.D.A. approved list.

Item 1 - Quantity 1 each - Description - Base station transmitter and receiver, 144-174 mc., 60 watts-remote control base station.

Item 2-Quantity 1 each - Description- Remote control unit for operation of base station equipment.

Item 3-Quantity 1 each - Description- Remote control hand set to be used in conjunction with base station.

Item 4-Quantity 1 each - Description- Base station antenna to be installed on existing tower. Unity gain, 144-174 mcs.

Item 5-Quantity 4 each - Description- FM-Two Way mobile radio units for operation of 6/12 volts, 144-174 mcs, 8 watts, complete with all accessories for installation on prescribed mobile units.

Bidders shall furnish complete specifications covering equipment bid on, and shall specify probable delivery dates. Bids shall show unit prices on mobile units, as quantities on these items may be increased or decreased.

Radio equipment specifications in detail may be reviewed at the City Hall, Sonora, Texas.

The City of Sonora, Texas, reserves all rights to reject any or all bids and waive formalities. Bids shall be addressed to Mrs. Davie H. Taylor, City Secretary, City of Sonora, Texas, and shall be fully marked "Bids for Radio Equipment". 2 to 42.

Junction Races, Billy Sale, Dance Starting August 6

Opening with a street parade containing out of town entries Thursday morning, August 6, 3 big days of horse racing, a huge two-day billy sale and three nights of dancing will begin in Junction. The events will be under the sponsorship of the Hill Country Fair Association, a non-profit organization.

Special races will be the Hill Country Feature, a three-fourth mile open for a purse of \$200 on Opening day, and the Junction Derby, a one-mile open for a \$250 purse as the final race on Saturday.

Open jack pot calf roping will be held between each race throughout the meet.

Every type of goat a buyer might want and of the best quality ever offered, in the opinion of the goat committee, will be sold August 7 and 8.

Twenty top stud billies out of the 204 will be sold Friday. Over 100 goats will be sold each day.

Texas Top Hands will play for the open air dancing in the pavilion at the Fair Grounds three

Besides being very popular for short distance races, the Quarter

Local Horse Champion In Four Shows

Bee Play, owned by Billy Galbreath has accumulated an impressive string of championships during this summer's horse show season.

Bee Play was judged Grand Champion at Ozona on June 13, Reserve Grand Champion at Fredericksburg July 4, Grand Champion at Blanco July 11 and Grand Champion at Cameron on July 18.

Major and Mrs. Jimmie Taylor and children will leave this weekend for their new station in Washington, D. C. While there Major Taylor will complete work for a 'Masters Degree' at the George Washington University.

nights.

DEBBIE GALBREATH HURT IN FALL FROM HORSE

Debby Galbreath, 9, daughter of Mr. and Mrs. Billy Galbreath, Sonora, suffered a broken arm in a fall from horseback Monday morning.

Debby received emergency treatment and, "She'll be ready for the Horse Show when it starts", says Mrs. Galbreath.

Horse was also used as a stock horse. Before long races became popular, which wasn't until circular race tracks were built, the Quarter Horse spread to all parts of the colonies and came to be accepted as the fastest short distance horse in the world. After the Thoroughbred was brought to this country and the long races became popular, the Quarter Horse moved on to the great Southwest, where he became known as the greatest cowhorse in the world.

The American Quarter Horse was not founded on the Thoroughbred. They had common ancestry in the Native English stock, as mentioned previously.

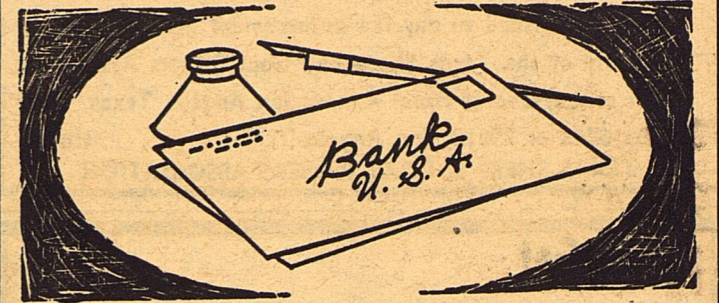

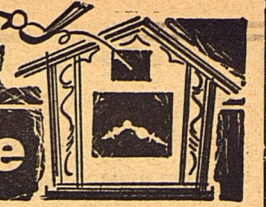

The Thoroughbred did have a very distinctive influence on the Quarter Horse through some early crossing with those sires which produced fast, short-distance offspring. Nevertheless, in both conformation and ability, they are different and always will be, because one is the greatest distance racer in the world and the other the greatest sprinter.

In the eighteen hundreds Texas had a horse which had no peer for working cattle. These horses had come with the Spaniards from Mexico and were well suited for the plains of Texas because of their endurance. The Texas cowboys were very proud of their cow horses and were always ready to prove they were better than any others, whether racing or what have you.

So it was not surprising that when some "Yankees" brought in some of the eastern bred Quarter Horses and began beating the Texas horses in races, the Texans decided that some improving could be done by fusing the blood of the Quarter Horse with their cow horses.

the right time

TO THINK ABOUT MONEY

And neither rain or snow or sleet will keep your postman from handling your banking transactions for you. Simply fill out our deposit forms—endorse your checks for deposit . . . and let the mailman do the rest.

Mail deposits are given prompt attention.

Serving Sutton County Since 1900

This helped greatly to improve the conformation of the Texas horse without hurting his stamina and "cow-savy", and of course it gave him a little more speed.

Perhaps the most famous of the horses brought into Texas at this time was Steel Dust, who

became the most prolific sire the Southwest has ever known. Many of the horses in his day, rather than called Quarter Horses were known as 'Steel Dusts'. This cow horse Quarter Horse cross, to this day, is recognized as the greatest stock horse in the world.

Hardegree To Open Liveoak "66" Saturday August 1

Max G. Hardegree has announced that he has bought Jack Rape's Interest in the Live Oak Super Service Station Effective August 1.
