AN EDITORIAL

KEEP YOUR COTTON PICKIN', HANDS OFF!!!

During the past several weeks The Devil's River News office has been bombarded with letters and news releases sent out by the Texas Farm Bureau in its intensive brain-washing campaign pertinent to the forthcoming wool act referendum. The Bureau's aim is to defeat the referendum and with it the sheepmen's last hope of creating a strong demand for his products and thus rebuilding a dying industry.

The themesong of the Farm Bureau campaign is that the referendum tends to be socialistic in its "check-off" clause. Their methods of presenting their views through the use of half-truths, distorted facts and withheld information is to us as indigestible as Mr. Khrushchev's brand of propaganda.

Let's contrast the American (and Texas) Farm Bureau Federation's "FACTS" with straightforward and accurate information:

1. AFBF "FACT"—"The compulsory wool 'check-off' violates the individual sheep grower's freedom to spend his own money as he desires. . . It violates the basic principle of individual freedom of choice."

1. THE TRUTH—The principle employed in the 1955 Wool Referendum is the very same principle used in the 1958 corn referendum concerning acreage allotments. Even though a smaller percentage of producers voted in the corn referendum than in the wool referendum the AFBF called the outcome "the will of the farmer." This same principle, based on a vote of the majority, is precisely the same principle as that upon which our democratic form of government is based. Wheat referendums, potato marketing agreements, school bond elections and many other phases of our modern society operate from this same principle.

2. AFBF "FACT"—"Although more than \$12 million has been deducted to pay for wool and lamb promotion since 1955 there have been no apparent tangible benefits to producers. Wool consumption and prices have gone down, the use of competitive synthetic fibers has increased, lamb consumption has gone down more than beef consumption and beef prices have gone up more than lamb prices."

THE TRUTH—This is misleading. The AFBF's figures are based on an overestimate of some half million dollars and their \$12 million includes an estimated \$4 million which is to be spent during the coming year. Yet their consumption figures make no estimate of future markets and do not include readily available figures for the first half of 1959. During the first third of 1959 wool consumption has increased 39.5 percent over the same period of 1958. The average farm price of wool has increased 27.4 percent in the last six months. Per capita lamb consumption has decreased but it is obvious that when human population increases at a faster rate than sheep population, there is bound to be a decrease in per capita consumption. The sheep population has increased some 1,227,000 head since the National Wool Act of 1955 went into effect and ALL LAMBS PRODUCED IN AMERICA ARE CONSUMED—THERE IS NO SURPLUS. This has been one of the goals of the promotion and advertising program.

3. AFBF "FACT"—"The outcome of the referendum does not affect the National Wool Act under which wool growers receive compensatory payments from the government."

THE TRUTH—It has been indicated by several Congressmen that if the sheepmen vote out Clause 708 (the self-financed and self-help advertising and promotion program) Congress may defeat the National Wool Act in 1962.

4. AFBF "FACT"—"Growers who vote for a compulsory check-off of this kind, invite and encourage other more serious invasions of their individual rights and freedoms. Such a program opens the door for labor and other outside groups to FORCE unsound programs on agriculture."

THE TRUTH—This is impossible. The American Sheep Producers Council which handles the advertising and promotion program is governed by a board of directors elected from the delegates who represent sheepmen in every State or area. All delegates and directors are sheepmen. Eight national and area-wide farm organizations can it be that the American Farm Bureau and its Texas subsidiary under the management of President J. H. West are hammering for an AFBF-controlled agency to administer "voluntary" contributions. Seven other agricultural organizations while having smaller membership than the AFBF, are equally represented on this council, cutting the AFBF's voice down. That's the way it should be—no organization can speak for all facets of the highly diversified American agricultural industry and do justice to the farmer, the ranchman, the feeder.

Let the AFBF take care of the cotton farmer, the peanut farmer, the corn producer and the poultry raiser. BUT LET THE SHEEPMEN TAKE CARE OF THEMSELVES.

H. L. Pearl, 72, Longtime Resident Buried Here Sunday

A longtime Sutton County resident, Henry Lee Pearl, 72, died in Hudspeith Memorial Hospital Friday August 21, after becoming ill at his home.

Services were held in the First Baptist Church Sunday afternoon with the Rev. Alvin Loiry, pastor of the church, officiating and the Rev. Ross Grace, pastor of the Methodist Church in Burkett, assisting. Burial was at Cedar Hill Cemetery with military graveside services.

Born March 2, 1887, in Kimble County, Mr. Pearl married the former Katie Elms, November 13, 1927 in Eastland County. He became a member of the Baptist Church at the age of fourteen and was also a member of the American Legion. He was a World War I veteran.

He is survived by his wife; three daughters, Mrs. Bill Logan of St. Louis, Mo., Mrs. Bill Covey of Houston and Nancy Pearl of Sonora; three sisters, Mrs. Ellen Byrd of Abilene, Mrs. Mabel Harris and Mrs. Margaret Rees, both of San Angelo; and six grandchildren.

Pallbearers were Louie Trainer, Alfred Cooper, Frank Potmesil, W. D. Kring, Charlie West, Jim McLaughlin, Wallace Wartenbach, all of Sonora, and Oscar Neff of Eldorado.

'Not Rough Enough' Says Coach Turner

"We're not rough enough," was Sonora Bronco Coach Joe Turner's reaction to the pre-season scrimmage with Winters and Lakeview high schools at San Angelo Monday.

The Broncos no more than held their own against the class AA Winters club, but they looked stronger against the AAA Lakeview Chiefs, said Turner. Coach of the Chiefs, Gene Henderson, reportedly called the Broncos a tough class A team.

Turner continued that, "lack of overall aggressiveness on both offense and defence" was the big trouble with Sonora. "Offensive line play was not up to the standards of previous Sonora line . . . Defensively, our linebackers leave a lot to be desired."

A general shortage of reserve power was another weakness, Turner added.

Still, the Bronco Coach said the over-all performance was "a little above average for this early in the season."

He had a special good word for the Bronco passing attack, which looks better than any in previous years, he said.

As for individual performances at Monday's scrimmage, Turner was pleased with backs Alfred Sykes, James Nicks and Jerry Baldwin on offense. End Gene Brodhead and tackle Luther Chalk were complimented on defense.

The Broncos will get another test in a scrimmage here Friday night at 7:30 with Rocksprings. On announcing the scrimmage Turner was uncertain whether he'll use his varsity or second and B teams.

City Tax Rates Same For 1960

Mayor Alfred Schwiening and City Commissioners Alton Hightower and Gay Copeland met Friday, August 21, at the City Hall and adopted a city budget for fiscal year 1960 and a tax rate ordinance.

The rate was set at \$1.40 per hundred dollars valuation, which is the same as in fiscal year 1959.

The several funds of the budget showed a general increase over this year which "indicates a steady growth", reports City Secretary Mrs. P. J. Taylor.

The meeting was a public one, but the public was conspicuous by its absence as usual.

George V. Hamilton Honor Graduate Of UT Engineering

George V. Hamilton has received his Bachelor of Science degree in Mechanical Engineering from the University of Texas. Hamilton was awarded his degree with honors.

He has accepted a position with the Field Engineering Force of the Western Electric Company and will spend the next three years in North Carolina, New Jersey, California and Colorado. Hamilton and his wife, the former Onita Smith, and their daughter, Trisha, are making their home in North Carolina at present.

Hamilton, the son of Mrs. Muriel Hamilton of Sonora, is a graduate of the Sonora schools and a former office deputy with the Sheriff's Department here.

Cutting Horse Originated When All Cattle Handled By Ranchmen

(Editor's Note. This is the fifth and final article in a series on the development of the Quarter Horse written by James Hunt and Ralph P. Mayer. This week's article traces the rise of the NCHA and describes the intricacies of showing and judging Cutting Horses.)

The Cutting Horse developed from the days of the open range when all cattle were worked on horseback and a corral was strictly for the remuda. The horse that had the ability to enter a herd quietly, cut an animal out of the herd and prevent him from returning to the herd became known as a good cutting horse. Cow sense in its highest degree is shown as a good cutting horse anticipates every move of the animal and does his own thinking and acting, with little help from the rider. In fact this is the main thing a cutting horse is judged on in the contest arena today, his ability to think and act quickly on his own.

In 1946 at the Southwestern Exposition and Fat Stock Show in Fort Worth, a group of interested ranchmen and cowboys got together and decided that the public should have the opportunity to see good cutting horses in action. Thus the National Cutting Horse Association was formed to encourage the showing of Cutting Horses in the Contest Arena. The first objective of the Association was the development of a standard method under which all Cutting Horse contests could be conducted in an equitable manner. The second objective was to standardize rules for judging so as to have a uniform means of judging the horses. Along with these objectives was also the function of keeping records of show results and points awarded the horses. At the end of each year the NCHA Top Ten Cutting Horses are designated, and the World's Champion, Reserve Champion, and Champion Stallion, Mare and Gelding are recognized.

In order for the general public to understand what goes on at a Cutting Horse Contest, we think it helpful to discuss some of the rules of the contests and also the rules that the judges are required to follow to score a horse. First, let's take the contest itself.

Horses are to be judged on performance only, regardless of conformation, sex, age, color, appearance, previous performance or breed. Horses must be ridden with a bridle (with bits in mouth and no nose band or bosal), or Hackamore. Hackamore must be

Total proceeds of the Nineteenth Annual Lions Auction held at the race track Tuesday night was approximately \$3,411. This was considerably above the 1958 total of about \$3,078.

The highest bid for any of the two hundred items sold by auctioneer Lem Johnson was \$120, paid by Westerman Drug for a fat calf. The animal was donated by Mrs. Mae B. Sawyer.

The "mystery box", whose unknown contents are auctioned off each year and traditionally redonated for sale, was purchased by R. A. Halbert for \$105. Halbert redonated the box for sale that same night. It was purchased then by the First National Bank, which redonated it for sale at next year's auction.

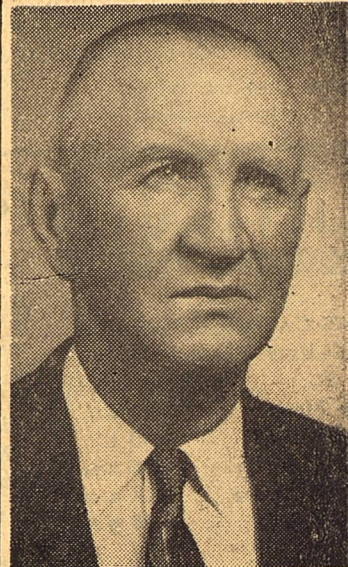

Proceeds of each Lions auction go to Boy and Girl Scout projects, aid to the visually handicapped, and to other worthwhile charities.

It is estimated that 150 attended the auction.

Paul Turney, Prominent Sonora Rancher, Past Masonic Grand Master, Dies Saturday

Funeral services for Paul Turney, 65, prominent Sonora ranchman and Mason, were held at the First Methodist Church here Monday afternoon, August 24, with the Rev. Doyle W. Morton officiating. Mr. Turney died Saturday afternoon in Houston where he had been hospitalized for corrective surgery.

Born in Comstock October 19, 1893, he was the son of the late Mr. and Mrs. V. J. Turney, pioneer ranch people. He had lived in Sutton County 60 years and ranched 30 miles south of Sonora.

Mr. Turney was named grand senior warden of the Grand Lodge of Texas of the Masonic order in 1954. In 1956 he was named grand master of the 951 Masonic lodges of Texas. He had been active in Masonry for almost 50 years and held membership in numerous York Rite and Scottish Rite Masonic groups. He was a member of the First Methodist Church here.

Mr. Turney was also a member of the Texas Sheep and Goat Raisers Association.

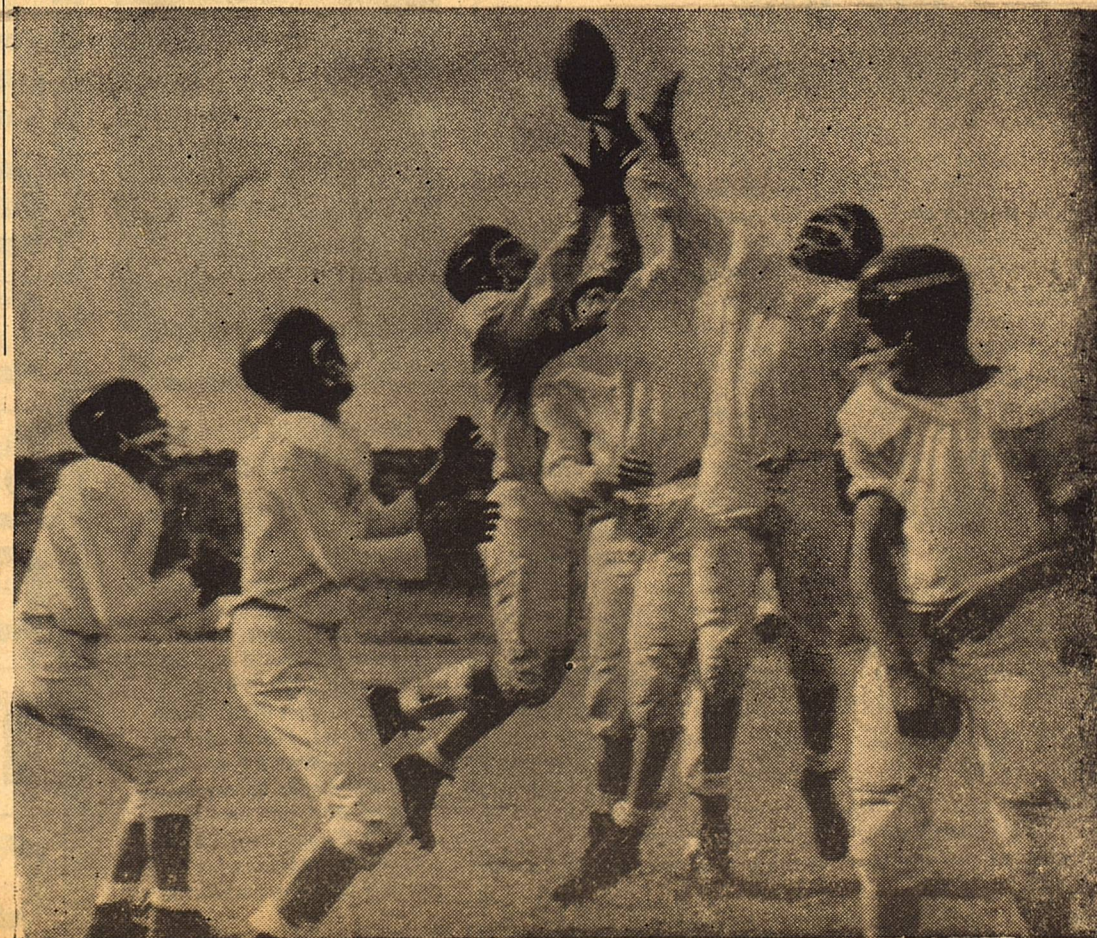

Survivors include his wife, the former Miss Ethel Adams; a daughter, Mrs. Harold Friess of Sonora; a son, Jack Turney of Quemado; a sister, Mrs. J. S. Glascock of Sonora; and four grandchildren, Turney Friess of Lubbock, Joe Thomas Friess and John Paul Friess of Sonora, and Elizabeth Turney of Quemado.

Graveside services at Sonora Cemetery were conferred by the Grand Lodge of Texas.

Pallbearers were Dr. J. F. Howell, Fred T. Earwood, Bryan Hunt, W. B. McMillan, Rip Ward, Stanley Mayfield, Dan Cauthorn and Cleve T. Jones, all of Sonora and Russel Martin and Grady Lowrey of Del Rio.

Masonic Pallbearers were Alvie Johnson, Edgar Shurley, E. B. Keng, Ben H. Cusenbery, Dr. W. Virgie Inman of Austin left last Thursday for a two week's visit with relatives in San Bernardino, Santa Cruz and San Francisco, California.

Sure sign of the beginning of school and a foretaste of fall is the start of football practice by Coach Joe Turner and his Sonora Broncos. The Broncos had their first practice session Monday August 17 and their first game is scheduled for September 4 when they meet Blanco here.

TSGRA President Urges Sheepmen To Vote "YES" On Wool Referendum

Sheepmen of Texas are being urged by Lance Sears, Sweetwater, president of the Texas Sheep and Goat Raisers' Assn., to vote "YES" in the September referendum on wool and lamb promotion.
In a letter mailed this week to practically every wool producer in Texas, Sears stated the TSGRA "feels that (1) the American sheepman must promote the product he raises—lamb and wool—if he is to stay

in business; (2) a voluntary methods of industry financing will not work as it has been tried many times; (3) the present method of financing through the deduction of one cent per pound from the incentive payments is a fair and democratic way; and (4) the promotion organization—the

grower-controlled American Sheep Producers Council Inc., is doing a good job."
Sears also takes issue with the active opposition of the American and Texas Farm Bureau organizations in regard to the referendum, which will take place during the entire month of September. These general farm organizations are urging the sheepman to vote "no".
Farm Bureau leaders say the present method of financing the motion work of the ASPC is a

compulsory check-off and that they are against it in principle. Sears' letter stated that "this association has worked with the Farm Bureau on many occasions on matters affecting farmers and ranchmen. It is a good organization, but, his letter said, "it is entirely out of its rights and prerogatives in telling a commodity group such as ours how to run its business."
In regard to the Farm Bureau's check-off charge, Sears said the one cent deduction "is a tax on

sheepmen, voted on themselves by a two-thirds majority, for the good of the industry."
Included with the letter, mailed to more than 10,000 producers, was a pamphlet prepared by the National Wool Growers' Assn., which contradicted statements made in a booklet distributed by the Farm Bureau.
Sears urged the sheepmen of Texas to "support the continued promotion and advertising of lamb and wool by voting "YES" in the referendum."

Wool Referendum Ballots To Be Mailed Friday

Ballots for election of next year's County ASC committeemen were mailed to Sutton County ranchmen Wednesday, August 26, instead of August 24 as previously announced.

The end of the ten-day election period will be 3:00 p. m., September 7. Ballots must be returned to the county ASC office by that time. They may be returned in the franked envelope furnished by the office or in person.

Names appearing on the ballot are: Vestel Askew, Stanton Bundy, Harold Friess, James Hunt, Phillip Jacoby, W. B. McMillan, Bill Morriss, Edwin Sawyer, Gene Shurley and George Wallace.

Of the ten nominees, voters will choose four members to serve as chairman, vice-chairman, member and alternate.

Calvary Baptists To Be Completed In September

A chapel for the newly formed Calvary Baptist Church of Sonora is fast taking shape and is to be completed September 1.
The space for the sanctuary is leased from Frank Potmesil and lies next to his auto body shop. Helping contractor Lawrence Nichols with construction work are a number of volunteer workers, including the Rev. Lonnie Baker, pastor of the church.

AN EDITORIAL

Fifteen-Year Death

It was the obituary that really got you to thinking.

Local man, age 36, die after 15 years in hospital, following auto accident in which he was totally disabled."

Fifteen years of staring at the same ceiling.

150 months of complete dependence on others.

150 weeks of hope-erosion, with expenses towering to crowd everything else off the skyline.

5,475 days of waiting for the night.

5,475 nights of waiting for the day.

151,400 hours of four walls, fading flowers, medicinal smells, medical sympathy.

1,644,000 minutes of vegetation

with roots withering in hopelessness, spirit shrinking in stagnation.

473,040,000 seconds of death before burial.

And probably because of some "little" fault that YOU might be committing every day of your driving life, such as failure to glance left and right, or forgetting to check your rear-view mirror; squeezing just one more trip out of bald tires; crowding the car ahead; leaning on luck in a blind sport; trying to average 60 on a 50-mile-an-hour road or in 50-mile-an-hour conditions; or just plain, blind assumption that the OTHER driver will do the RIGHT thing.

Death at 36 after 15 years of

living! Within that period of time, a man usually marries, has a family, climbs upward in the world, travels, plays, begins to mature, enjoys a million sights, sounds, sensations. Over these same 15 years, THIS man was a castaway on a lonely bed-island. He absorbed tasteless food, slept a desperate sleep, suffered, cursed, cried, felt the bitterness kink his insides into knots at such ordinary sounds as laughter, free footsteps and hearty talk.

For every person who dies in

traffic smashups, many others spend agonizing weeks, months, life-times of disability. YOU risk this, as well as a quick ending, when you commit those "little" driving errors.

DO YOU realize this- DO YOU know what errors as YOURS, and what YOU must do to correct them?

Devil's River Philosopher Defends Scientists Who Can't Find Their Nose Cones; He Lost A Pickup

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River comes to the defense of scientists this week, although we doubt if they need defending.

Dear editor: There is one phase of the outer space program that has begun to interest me, but not for any scientific reason.

Every once in a while the space scientists shoot a capsule or nose cone into orbit and then try to bring it down and catch it, so they can check its instruments and gather a lot of scientific information about which I don't know any more than you do.

But the point is, when they get one up and then signal it down, sometimes they can't find it. It just floats down by parachute somewhere over the Pacific ocean and despite the fact they comb the area with airplanes and ships, they can't find it, and this causes some people to criticize them. "What's the matter with those scientists, can't they do better than that?" some people will say.

As a man who frequently can't find something he's looking for, I want to come to the defense of the scientists.

In fact, I lose things all the time around this bitterweed ranch. And I don't understand it, either. Say I'm using my hammer to fix a fence and decide to stop and do something else and agree to come back to the fence later. I carefully lay the hammer down, make a mental note of exactly where it is, couldn't anybody forget that, then go about my business and a week or so later when I need a hammer, I wrack my brain a while, remember the fence, go back and look but it's not there. I think it's the same fence, but to make sure I walk em all, up one side and down the other, but I might as well be searching the Pacific ocean for a nose cone.

The same thing is true with my saw, axe, hoe, pliers, wrenches, why, one time I even lost my pickup. It's a fact, I left it at the edge of a thicket, got interested in keeping up with a

Presidential campaign, weeds grew up around it, and later on when I needed it, it was days before I could find it.

As far as I'm concerned, if those scientists find one nose cone out of ten, they're doing better than most of us, except for those rare people who know where every tool they own is and never have time to explore outer space or even just sit down and do nothing.

Yours faithfully,
J. A.

Mr. and Mrs. Carlos Loeffler of Lubbock attended the funeral services for Paul Turney. They were guests of their parents, Mr. and Mrs. S. M. Loeffler of Sonora and Mr. and Mrs. Chester Kirk of Junction.

Chicago Trips, Scholarships Await Topnotch 4-H'ers

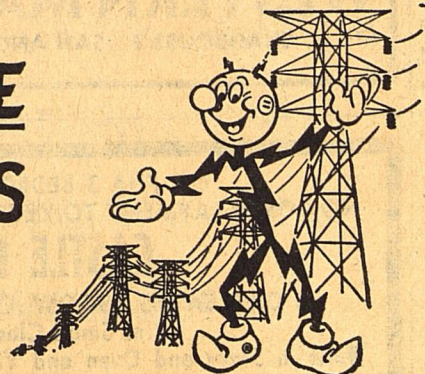

Awards are ready and waiting for 4-H Club members who have done a superior job in the national 4-H Safety and Forestry programs, according to the National Committee on Boys and Girls Club Work, Chicago.

Winner of the 1959 safety state award will be a delegate to the National 4-H Club Congress in Chicago this fall, with all-expenses paid. The state winner will then be eligible for one of eight national \$400 scholarships awarded in this program, the National Committee reports. These awards are provided by General Motors which has supported the 4-H Safety program for 15 years.

The state winner in forestry will receive a handsome pen and pencil set, and will also become eligible for a national award. The latter is an all-expense paid trip to the National 4-H Club Congress. This marks the 12th year that American Forest Products Industries has provided forestry awards, relates the National Committee.

Club members are judged on the basis of achievement in their project work, leadership, and as all-round 4-H'ers. The Cooperative Extension Service makes the selections and announces the winner. Arrangements for the awards are made by the National Committee.

U.S. OIL.

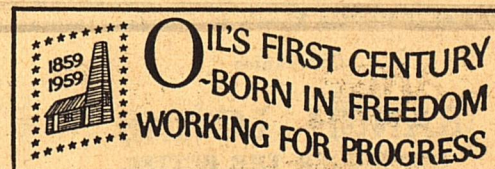

Indispensable in our way of life... vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways... It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials... It is indispensable in our way of life, and vital to the national defense.

It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use...

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe.

The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the nation, as well or better than ever before.

The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from

Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.)

Foxworth Galbraith Lumber Co.

CHEVROLET

most m.p.g.* *miles per gallon

one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet sixes with Powerglide walked away with the first two places in their class — got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.38 miles per gallon. That's the kind of economy-engineering that keeps you saving while you drive!

BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCI-

ENCE magazine, "a new high in daring styling."

BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by NASCAR*, Chevy outtopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ROOM—Official dimensions reported to A.M.A.‡ make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE—MOTOR, TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

*National Association for Stock Car Advancement and Research. †National Automobile Dealers Assn. ‡Automobile Manufacturers Assn.

MRS. MCGILVRAY HOSTESS FOR FRIENDSHIP CLASS

Mrs. Bill McGilvray was hostess for the Friendship Sunday School Class party and meeting. Arrangements of mixed summer flowers were featured in room decorations and a salad and dessert plate was served.

Mrs. T. L. Harrison opened the meeting with a prayer and Mrs. Jack Drennan presided during the brief business session. Officers were elected for the ensuing year.

After the prayer of dismissal, led by Mrs. J. P. Smith, the hostess conducted a social hour of entertainment. Sixteen members attended.

IDLE HOUR CLUB MEETS AT JOHNSON HOME TUESDAY

Mrs. L. E. Johnson, Sr. was hostess to the Idle Hour Bridge Club in the L. E. Johnson Jr. home Tuesday afternoon. Arrangements of roses decorated the party rooms and a dessert plate was served.

Mrs. N. B. Wilson and Mrs. Collier Shurley won the high score prizes and Mrs. E. S. Mayer won the second high score prize. Bingo prizes went to Mrs. J. F. Hamby and Mrs. L. E. Johnson, Jr. and Mrs. Sterling Baker won the slam prize.

Others present were Mmes. J. F. Howell, George Wynn, R. A. Halbert, Belle Steen, E. E. Sawyer and Ed Mayfield.

THE WOMEN'S PAGE

COVERED DISH SUPPER AT R. V. COOK HOME

Mrs. R. V. Cook was hostess for a covered dish supper in her home Saturday evening. Arrangements of summer flowers and potted plants decorated the party rooms and the supper was served buffet style.

Games of 42 and 88 furnished entertainment and sixteen ladies attended.

John Stanley Hamby will leave this weekend for Kingsville where he will resume his duties as teacher in the schools.

Weekend guests in the home of Mr. and Mrs. Ford Allen were Mr. and Mrs. Newt Beauchamp of Eden and Mr. and Mrs. Monroe Allen of Bangs. Mrs. Allen's mother, Mrs. W. R. Clendennen, of Eden, is also a guest in their home.

Mrs. Muriel Hamilton spent last Monday and Tuesday in Austin the guest of Mr. and Mrs. George Hamilton and Trisha.

J. W. Cranford and James Cranford of San Angelo arrived last Wednesday for a visit with Mr. and Mrs. Stanley Mayfield. Cranford is Mrs. Mayfield's father.

Mrs. Ruth Newton and Sandra of Midland visited friends in Sonora during the weekend. They were the guests of Mrs. Muriel Hamilton.

MRS. PETERSON HOSTESS TO THURSDAY BRIDGE

Mrs. Karen Peterson entertained the Thursday Bridge Club in her home last week. Room decorations included potted plants and she served a dessert course.

High score prizes went to Mrs. A. W. Awalt and Mrs. J. W. Trainer. Mrs. C. E. Stites won the consolation prize.

Also attending were Mmes. Joe Berger, R. B. Kelley, O. G. Babcock, Rose Thorp, Maysie Brown, Tom Sandherr, Bailey Renfroe, Louis Trainer and Robert Rees.

Guests in the home of Mr. and Mrs. Beal Freeman last week were Mr. and Mrs. Ralph L. Miller and sons, Glenn Howard and Scott Marshall, of Norman, Oklahoma, Mr. and Mrs. Clyde Ethridge, and Mrs. Edwin Joy of Junction.

ATTEND FAMILY REUNION

Mrs. Wesley Sykes, Janice and Jack Martin attended the reunion, held by the descendants of Ed M. White, at McKinsey Park in Lubbock Sunday, August 16.

Approximately 150 members of the family attended from California, Colorado, New Mexico, Oklahoma and Texas.

PERSONALS

Mr. and Mrs. S. M. Loeffler had as their guests last week Rev. and Mrs. A. L. Loeffler and family and Miss Sue Goode, all of Corpus Christi and Mrs. C. A. Boehm of Orange.

Carole Palmer left Friday for her home in Houston after spending the week in Sonora the guest of Mr. and Mrs. Arthur Carroll.

Gerry Mayfield had as her guests recently Miss Deborah Heartgrove and Charlotte White, both of Paint Rock.

Mrs. Howard Kirby of Evant spent last week in Sonora the guest of her mother, Mrs. Rose Anorp.

NOTICE

WANTED—A reliable man to stay at night with W. A. Miers. Call Mrs. Mack Cauthorn. 1 to 47.

DEVIL'S RIVER NEWS

YOUR MINISTER SAYS

By Rev. William Mitschke
When a man is lying sick in bed he often does some serious thinking about his religion. When he is led into a house of mourning, where a loved one lies cold in death, the same result is often brought about. Times of grief do cause men to stop and think.

Moments of sorrow can be times of being aside with Jesus and moments when He is trying to teach us something.

A man will consider his relation to God. In doing this his own sins will stand out. His conscience accuses him. He knows within that he has not been perfect. The Bible tells him that there is not a just man upon the earth.

There are blessings from being aside with Jesus. No man receives the true blessings till he has met Jesus face to face, learned to know himself in the light that comes from Jesus, and has come to terms with Jesus.

When you are taken aside in this manner think of the love God has shown to you by sending His Son to die for these sins which bother you. This message of salvation comes to heal ALL your spiritual infirmities. Believe in Christ and your sins are covered. Believe in Christ and you are saved.

The Gospel is usually preached to the multitude—as we heard it in Church on Sunday Morning. However, it is for the individual. In matters of the heart and soul, God deals with the individual, and sometimes God does so by taking us aside.

God deals with us in the midst of the multitude, in solitude, wherever, and however He can best accomplish His purpose. See the blessings the Lord gives and cherish each opportunity you have to learn more and become closer to Him.

Medical Leader Speaks To Lions

"It's your institution," said Dr. G. V. Brendly, Temple, of Scott and White Hospital at the Lions dinner Tuesday.

Brendly, a Governor of Scott and White, was reminding Lions that the hospital is a publicly owned, non-profit-making organization which started in serving West Texans when it was founded.

Now, says Dr. Brendly, a much needed ten million dollar expansion program is planned to bring the hospital's facilities up to date. Three million in tax deductible gifts has already been raised.

Also visiting the Lions Club in behalf of the Scott and White building program were Dr. Marvin Ashlock of San Angelo and Dr. H. L. Hilabrand of Sterling City.

Lion President Harold Scherz remarked that he had not known Scott and White was a public institution and told Dr. Brendly, "I'm sure you'll find a lot of support from West Texans."

Besides providing inexpensive medical care for hundreds, Scott and White trains doctors and nurses and conducts extensive medical research that benefits all Texas.

Weekend guests of Mr. and Mrs. Lee Labenske and Mr. and Mrs. John Cauthorn were Mr. and Mrs. Leo Fowler of San Antonio.

"Science is organized knowledge..."

H S Enrollment Increases As Schools Open August 31

Registering a student for the 1959-60 school year starting Monday, August 31, is new high school principal J. L. Alderdice. The student is George Roberson, a sophomore.

Total enrollment for the coming year in Sonora schools will be up somewhat over last year with the biggest increase in the high school. Alderdice estimates

there will be 210 in high school. Under state regulations Sonora High School will be regarded as a class AA school in athletic competition if enrollment stays at two hundred or above for three years. Superintendent Rex Lowe thinks this may happen but expects the increase in numbers to be only temporary.

As he directs activities in the larger-than-ever high school, Principal Alderdice will be in his

nineteenth year of teaching experience. Alderdice was reared in Ellis County, East Texas. He received B. A. and M. A. degrees at North Texas State College at Denton and has done work on a Doctorate of Education at the University of Wyoming.

"Teaching gets in your blood," says Alderdice, who is just returning to the profession after two years' private employment in Fort Worth.

It's always the right time

TO BALANCE YOUR BUDGET

With an easy-to-obtain Personal Loan. Why keep worrying about the bills piling up? Why have to dream about that new appliance you've been needing? Your problems can be solved with a low-cost bank loan. Stop in this week!

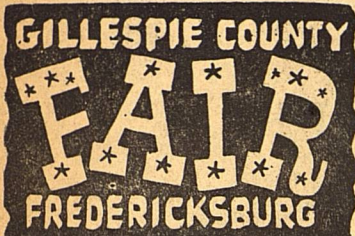

Serving Sutton County Since 1900

The friendly, personable educator has been a principal or superintendent in several West Texas schools. Alderdice says he likes West Texas and particularly impressed with Sonora, which he calls "one of the prettiest little places in the state." He was quick to add, "and I'm not just

making that up." Alderdice is a Lion, a Methodist, and a life-time member of the Texas Congress of Parents and Teachers, among other things. Living with him are his wife, Dorothy, who will teach in elementary school, and two sons, Mark 11, and Joe 15.

heavily. If a horse turns the wrong way with tail toward the animal, he will be disqualified for that go-round with no score. A horse will be penalized one point each time he is reined or cued in any manner. For riding with a tight rein through a performance, a penalty will be given; for part of the time during the performance, less penalty. If a horse lets an animal that he is working get back into the herd, he will be penalized five points. When a horse heads any animal and goes past it to the point that he loses his working advantage, he will be penalized each time he does so. If a contestant quits an animal he is working when the horse is out of position, or the animal has an undue advantage of the horse, he will be penalized three points. A judge marks from 60 to 80 points. An average performance should be marked around 70 points. Winning points will be based on a horse's ability to work cattle and the amount of play he gets from the animal during the performance.

We hope that this brief explanation will enable you to enjoy more fully the Cutting Horse Contest which will be held in conjunction with the Halter and Performance Classes at the Sonora Horse Show on Saturday, September 12.

REV. DONALD ANDERSON WILL SPEAK TONIGHT TO BAPTIST BROTHERHOOD

The Brotherhood of the First Baptist Church of Sonora will sponsor a special program at eight o'clock Thursday night, August 27, at the church.

The Rev. Donald Anderson, pastor of the First Baptist Church of Kerrville, will present the program of film slides and commentary on the Holy Land and Russia.

Members of the Brotherhood and the pastor, Rev. Alvin Loiry, invite the public to attend this event.

LANGFORD SAYS 4-H FEEDER SHOULD START

County Agent D. C. Langford announced Tuesday that any 4-H youngsters planning to feed livestock this year should contact him soon.

"Those interested in stock feeding, especially of lambs, should get in touch with me as soon as possible so we can get the ball rolling," said Langford.

SONORAN'S UNCLE BURIED IN BRONTE MONDAY

Mr. and Mrs. Cullen Luttrell and Elaine attended the funeral services for their uncle, A. E. Bell, Sr., who died at his home in Bronte Saturday, August 22. Services were held in the Kick-
