EIGHTEENTH WEEK

Spring Shower Tuesday Night Drops From 1 to 1½ Inches Rain On County

A general spring rain shower dropped from 1.00 to 1.50 inches of rain over the Sonora area Tuesday night. Accompanied by an unusual electrical display for February, the front triggered hard showers over a wide area.

Representative rainfall reports gathered by E. B. Keng, SCS, included Dan Cauthorn 1.50; G. H. Davis 1.00; Sonora Wool Warehouse 1.02; Mrs. E. E. Sawyer 1.40; Mayfield ranch (Edwards County). .90; Mask Cauthorn 1.20; Fred Earwood 1.00; Mayer ranch 1.00 and Elmer Wilson 1.10.

The rain will give an abundant crop of winter weeds a good boost. No losses of freshly shorn goats were reported.

Masons To Hear State Officer February 11

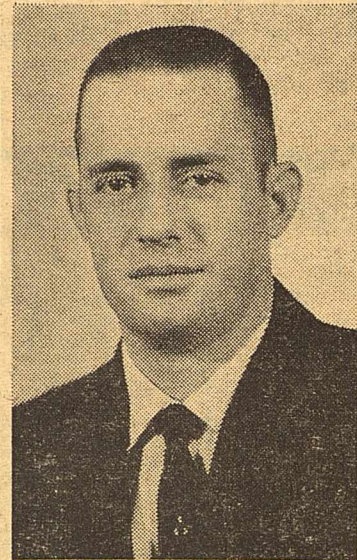

Jim W. Weatherby, former District Judge and new president of the Schreiner State Bank at Kerrville, will be the principal speaker at a meeting of Sonora Masons and their wives on February 11.

Weatherby was recently elected Grand Junior Warden of Texas Masons, which places him in line to be elected Grand Master in three years.

Weatherby will also present 25 years service emblems to 52 Sonora members who have been Masons for 25 years or longer. Neighboring Lodges will be invited to the meeting. The group will be served supper at 6:30 p.m., followed by an interesting program.

Estes Adams Seeks Commissioner Post For Precinct 3

Estes Adams announced last Friday that he will be a candidate for the office of Commissioner, Precinct 3. He seeks the post now held by Aldie Garrett who is not a candidate for reelection.

Adams is the son of the late C. W. Adams, a former commissioner in the precinct. He was born in Comstock but moved here with his parents in 1927. He lived in Sutton County for one year and returned to the county in 1952. Since that time he has made his home here and is engaged in ranching.

In announcing his candidacy Adams said, "I have never before sought public office but I promise the voters of my precinct that if I am elected I will work in their interest to the fullest extent of my ability."

Shurley said, "It has been a privilege to serve the people of this county as their county attorney and promise to continue to discharge the duties of the office to the best of my ability and in the interest of the people."

Mothers' March Raises \$331.71 Thursday Donations In County Far Below Goal

Thursday's Mothers' March on Polio raised a total of \$331.71 in the National Foundation for Infantile Paralysis's annual fund-raising campaign. Mrs. A. E. Lowe was chairman for the March and was assisted by Mes. W. B. McMillan, Bill Fields, D. C. Langford, Louis Wardlaw, Marion Elliott, Leroy Whitworth and T. K. Nevill.

Total receipts in this year's campaign are about \$500, according to Joe Nance, county chairman. This represents less than half of the goal of \$1,351.93—the amount raised last year.

The drive has been extended into February in an effort to meet this goal and collections in the business district are scheduled for next week with R. S. Teaff as chairman.

Ozona Junior High Takes Championship In Third Annual Basketball Tourney

Ozona Junior High School took championship honors here last week in the third annual Sonora Junior High Basketball Tournament. Ozona defeated Lee Junior High, defending champion, 31 to 27 in finals Saturday night. Lakeview took consolation honors by downing Mason 30 to 29 earlier in the evening.

Individual honors went to Lee's Henson as outstanding player and the all-tournament team was named as Jerry Bivins of Christoval, Leroy Cooper and Stuart of Ozona, Richard Adams of Lakeview and Tim Schmidt of Mason.

First round scoring ran like this: Ozona 28, Junction 13; Big

Lake 23, Lakeview 16; Eldorado 24, Menard 18; Christoval 42, Sonora 20; Lee 27, Mason 23. Iraan drew a bye.

In the second round big Lake lost to Eldorado 21 to 20 and Lee defeated Christoval 27 to 22. In consolation games Lakeview defeated Menard 37 to 18 and Mason downed Iraan 40 to 18.

In semi-finals, Ozona nosed out Eldorado 30 to 22. Junction lost a close one to Lakeview 26 to 25 and Mason defeated Sonora 28 to 16.

Record crowds attended the games, indicating that interest in the annual event is increasing and promising a good future for the tourney.

More Teams May Be Added This Year In Little League Summer Program

The possibility of adding one or maybe two teams to the Sonora Little League roster this year was advanced at Monday night's meeting of League workers and fans. Harold Scherz, League President, said that it is almost certain that one new team will be added and highly possible that a second will be formed.

Boys will be signed up for League play this summer within the next two weeks, Scherz said, so that more explicit plans can be formulated. As soon as registration of players is completed another meeting will be held at which time officers will be elected and teams set up.

Hoyer of Ozona; Delnor Poss and Ed Howard of Menard; Milby Sexton, Clyde Greer, George Johnson and Ken Cleveland of Sonora. Game time is eight o'clock and admission is 50 cents and 25 cents.

Bronc Cagers Nip At 8-9 Title; Take On Junction Here Tonight

The Sonora Broncos won their third straight district basketball game Tuesday when they defeated Menard by a score of 45 to 34. Sonora is now in second place standing in the district race, trailing Junction by one game. Junction has won four and has no losses. The Bronco's lone defeat was at the hands of the Junction team in their season opener. Sonora will have the chance to get revenge this com-

ing Friday night when Junction come here for the all-important game.

Junction has a very good team with four starters returning from last year's championship squad. In their first meeting with the Eagles, Sonora was defeated by 15 points. However, since that time the Broncos have won over Ozona, Big Lake and Menard and show improvement with each game. The Friday night clash is a crucial one for the Broncos. If they beat Junction they will share a tie for first in the district with a three-one record for each team.

In the Menard game Tuesday night, Gene West scored 23 points and played an outstanding floor game. Gene scored ten points the first quarter and did not cool off the rest of the game. He probably could have scored more points but the Broncos played a semi-stall game the third quarter after leading 27 to 13 at the half.

Once again it was fine team effort that paid off. Jerry Baldwin held Curtis Leggett, the Menard flash, to just six points. Leggett made one field goal and four free throws.

Herman Moore played one of his better games as he scored seven points and helped Gene Brodhead control the rebounds. Primo Gonzales also turned in a

Grass Fires, "Wanted Men" Keep Firemen, Lawmen Busy

A grass fire and the capture of three wanted men in the Sonora area were highlights of local news last weekend.

The fire, on the Shannon Clark ranch about 18 miles east of Sonora on US 290, started when a pick-up truck loaded with furniture caught fire. Origin of the fire in the bed of the pick-up is not known. The pick-up as well as the furniture were a total loss.

The driver of the pick-up and his companion reported the fire to local volunteer firemen. Flames spread from the truck to grass and a brisk wind carried the fire over an estimated 25 acres before it was brought under control by the range fire equipment

recently purchased by ranchmen, and the help of several livestock sprayers.

Local law enforcement officers on route to the fire terminated a half day search for two ex-convicts wanted in Del Rio. The pair, identified by sheriff Wess Hill as A. R. Virdell of Kerrville and E. J. Faith, Jr. of Austin, were attempting to hitch a ride when they were apprehended.

They were returned to Del Rio to face charges of burglary and car theft.

On Saturday, another ex-convict, Forrest T. Banton of Pennsylvania, was apprehended and returned to Pecos where he was charged with robbery.

Presbyterians Hear Guest Preacher Sunday, Feb. 7

The Rev. Shirley L. Guthrie, pastor of First Presbyterian Church of Kilgore, will be guest minister at the Church of the Good Shepherd Sunday morning, February 7.

Mr. Guthrie is the father of the church's pastor, the Rev. Allan Guthrie, and everyone is invited to hear his message.

Plans are being formulated to construct a new building at the Sonora Park and Horse Show Association grounds. A joint effort of that association and the Sutton County 4-H Club, the other activities such as judging building will be used for 4-H shows and race meets or horse shows.

The proposed structure will be built in what is now the show arena and will be 70 feet square. Original plans called for an earth flood, concrete block walls and a sheet iron roof with plastic sky-lights for natural lighting. Removable stalls will be erected and a concession stand inside the building.

Due to the success of the Chinese Auction at this year's 4-H show it is now hoped that a concrete floor can be included, the making the building suitable for contests, the Annual Lions Auctions and race meets or horse shows.

The plans are the result of work done by a joint committee composed of members of the Park Association and the 4-H Parents Association.

All funds have been raised from Chinese Auctions over the past three years and from funds earmarked by the Park Association for the purpose.

Contents Of First Aid Kit Depend On Family

What should you have on hand by way of first aid supplies and medications? There's no stock answer to the question. It depends on many things.

Family composition must be considered. Are there older people? Children? Handicapped persons? How much do family members know about the care of ill and injured? Is there a nurse in the family—or someone with advanced knowledge of first aid? The delicate tools of a craftsman are of little value in the hands of a novice.

Building a useful inventory of first aid supplies and medications call for first casting out the old and useless accumulations in the medicine chest, the half full and labelless bottles of liquid and pills the purpose of which has long since been forgotten.

It's hazardous to use old medicines for symptoms that "sound just like Aunt Thelma had when the doctor gave her some stuff in a green bottle like this." Aside from the danger of taking the wrong medicine, even the right one may tend to lose its potency with age.

If someone in the family has diabetes, asthma, a heart condition, epilepsy or other manageable ailments, be sure to have specific instructions for their care prescribed by the family's physician. Having a physician

available on call is important to every family. Children especially are bound to require a physician's services more or less frequently.

To care for the usual cuts, scratches, bruises and minor burns you'll need these items on hand: a few sterile gauze compresses, an assortment of band-aid type bandages, a couple of triangle bandages and a roll of adhesive tape.

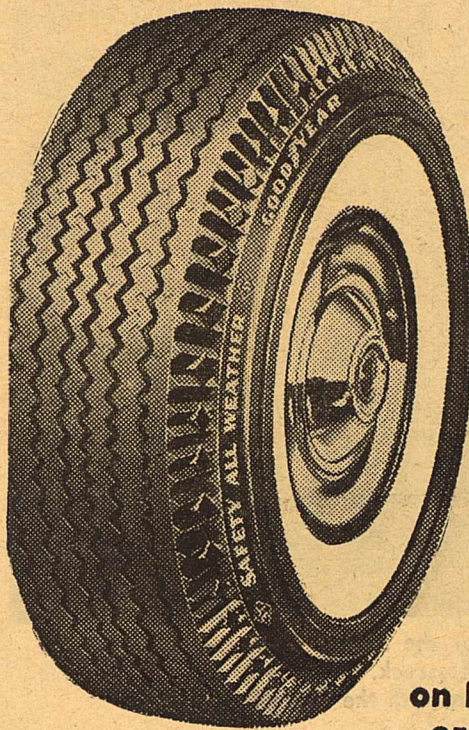

You'll also need an antiseptic

The Devil's River News-Sonora, Texas, Thursday, February 4, 1960

for cuts and scratches and an ointment for minor burns. To make sure you get the right type, call your doctor and ask him exactly what he recommends.

Some common table salt, some baking soda and perhaps a bottle of plain calamine lotion to soothe insect bites and minor skin allergies will supplement your home first aid supplies to where they will be adequate to handle the majority of mishaps which befall the ordinary family. Add to the list a copy of a standard first aid textbook to refresh your memory as to the best way to proceed on the various emergencies and you're in business. Don't forget that a medicine chest is a real challenge to most curious youngsters.

Edwards Plateau Soil Conservation District News

By E. B. Keng
Soil Conservation Service

Sutton County has been selected as one of the pilot ranch counties for the preparation of a detailed soils survey.

Plans are in the making to prepare soil surveys of the entire United States within the next 10 to 20 years. With a rapidly growing population which must be fed, clothed and housed largely from products of the soil, it is necessary that a reliable inventory of our soil resources be prepared.

Dewayne McAndrews, Soil Conservation Service soil scientist, has been assigned to Sonora to make the survey. It is estimated that it will be completed in approximately two years.

By using aerial photographs, combined with on the ground inspection, McAndrews will prepare a county map showing the kinds of soils, slopes and erosion conditions. The maps will not show ranch fences or ownerships, but will only show physical characteristics of the land.

McAndrews is married and has one daughter, Vicki Lynn, aged 4. He is a graduate of Texas Technological College and is a native of Lampasas.

Old Man Politics Active In Capital

AFTER ONE MONTH of the New Year, Congress is grinding along—slowly. As anticipated, Old Man Politics is taking a hand in nearly every bill that is being pushed. It's always been that way, on Presidential election years. It is part of our system.

Every four years—and sometimes in between—so-called civil rights bills are in the forefront. A mild sort of bill was reported by a House committee last year and is before the Rules Committee—the clearing house for bills that reach the floor. But the Rules Committee is not a political committee and is not easily rushed. It is reluctant to advance politically-inspired election-year measures. And so it has taken no action on the bill that is the answer to some of the politicians' dreams.

Over in the Senate, all sorts of concoctions have been offered under the guise of civil rights—vote-getting concoctions, and a bill is expected to pass that body. And the House is expected eventually to approve one. The moderates will attempt to weed out the extreme proposals that would adversely affect freedom and the rights and responsibilities that were supposed to have been guaranteed to the States in the Constitution.

LIBRARY CLUB NEWS

By Nancy Reed
"Aku-Aku" by Thor Heyerdahl is the story of the author's discovery of the secret of Easter Island. Who carved the giant stone statues that have puzzled experts for over a century? Why? How were the fifty-ton statues transported by a primitive race which presumably possessed no mechanical skills, miles from the quarry where they originated? What toppled them over so that they now lie strewn along the heights and plains of this tiny island in the Pacific?

Thor Heyerdahl soon discovered that the island's mysteries went far beyond its famous statues. For in dozens of secret caves, scattered over the island, lay other objects: carvings of skulls and human masks, the "rongo-rongo" boards with their inscriptions defying deciphering, each bearing clues of a lost people.

Bit by bit the pieces of the puzzle fall into place: the origin of the statues, the secrets of the caves, the story of the ancient stone-carving "long-ears", and

OLD KING COTTON, the South's traditional "cash crop", is feeling the effects of increased foreign competition. As world production has increased, U. S. producers have had to cut acreage drastically and have in effect been called on to make the supply adjustment for the entire world. From 1949 through 1955, the U. S. decreased production 2.5 million bales, while during that same period other countries increased their production by more than 7.5 million bales. Some phases of our foreign aid has encouraged this.

THIS BEING INCOME TAX- paying time, Internal Revenue has informed me it has three bulletins which are supposed to help prepare returns, available at the Government Printing Office, Washington 23, D. Entitled **YOUR FEDERAL INCOME TAX, TAX GUIDE FOR SMALL BUSINESS, AND TAX GUIDE FOR FARMERS**, the pamphlets are replete with guidelines for figuring deductible items, depreciation allowances, etc.

Devil's River Philosopher Still Trying To Get Banks To Get Up On The International Level

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River views international banking this week, with a certain amount of envy.

Dear editor:

The more I read the News-

papers, the more convinced I am that one of the main financial troubles of us private citizens is the fault of the banks. They don't operate on the international level.

For example, I was reading last night about the latest banking arguments between the U. S. and Russia. As I understand it, during the war, the U. S. gave Russia ten billion dollars in lendlease materials. Eight and two-thirds billions of this was used up in the war, and the U. S. said forget about it, we were allies, but a billion and a third dollars worth of stuff was left over and the Russians used it in their civilian economy. That part the U. S. has been contending ought to be paid back.

Well, last week representatives of the two countries met to talk the situation over.

The Russians said, well, maybe you're right, we ought to pay you, and we will, under one or two conditions. First you have to lower tariff charges to Russia, and second you have to guarantee a new line of long-term credit to us.

On hearing this, the United States called the debt discussions off.

That's what I'm talking about. Say the bank loaned me a thousand dollars fifteen years ago and I used says \$800 of it up in civilian defense during the war, which means I went in the hole that much trying to produce food for the nation. Well, the bank says, if you can imagine a bank waiting that long to say something, oh, all right, we'll forget about the \$800, but how about the \$200?

Then's when I get up on the international level and say, sure, I'll pay the \$200, provided of course you in turn show the proper spirit and reduce the tariff, or interest rate, and open up a new line of long-term credit for me.

Right at this point, unfortunately, is where most banks would fail to meet the rigid requirements of international banking.

Instead of saying, if you're going to insist on that, we'll just break off discussions of the matter, the bank, I'm afraid, would take some other approach, known provincially as foreclosure.

That's the heart of the matter. The word foreclosure has been abolished in international banking circles, but it's impossible to get individual banks here in the states to get that broad-gauged. Which is why most banks can give, if not bigger, at least better financial statements than the United States government.

Yours faithfully,
J. A.

**School Attendance
Up This Year**

The average daily attendance at Sonora schools is up some 2.76 percent over that of last year, according to Superintendent of

Schools Rex W. Lowe. Lowe reported that the average daily attendance for the first semester of this school year was 801.02 as compared to 778.97 for the same period last year. Absenteeism is less in all schools this year, Lowe said, in spite of the flu epidemic.

**Mrs. Joe Lancaster
Buried Here
Friday Morning**

Funeral Services for Mrs. Julia Lancaster, 70, were held at the First Baptist Church Friday morning, January 29, with the Rev. Alvin Loiry, pastor, officiating.

Mrs. Lancaster died suddenly at her home here Wednesday afternoon, January 27.

She was born Julia Risinger in Lee County, Texas, October 13, 1889, and had made her home in Sonora for many years.

Survivors include her husband, Joe Lancaster; one daughter, Mrs. R. L. Munson of Midland; one brother, R. E. Risinger of Corona, New Mexico; two sisters, Mrs. B. B. Harrell of Roswell, New Mexico, and Mrs. O. B. Featherston of Novice, Texas; and five grandchildren.

Pallbearers were Joe Nance, Cleveland Nance, W. O. Crites, H. K. Lee, M. C. Scott and Jack Drennan.

Burial was in Sonora Cemetery under the direction of Ratliff-Kerbow Funeral Home.

**22 Local 4-H'ers
Show 81 Animals
At San Antonio**

Forty-four boys' lambs, four Hereford steers, 16 Rambouillet sheep, nine Delaine sheep and eight goats are entered in the 11th annual San Antonio Livestock Exposition by Sutton County 4-H members, according to County Agent D. C. Langford.

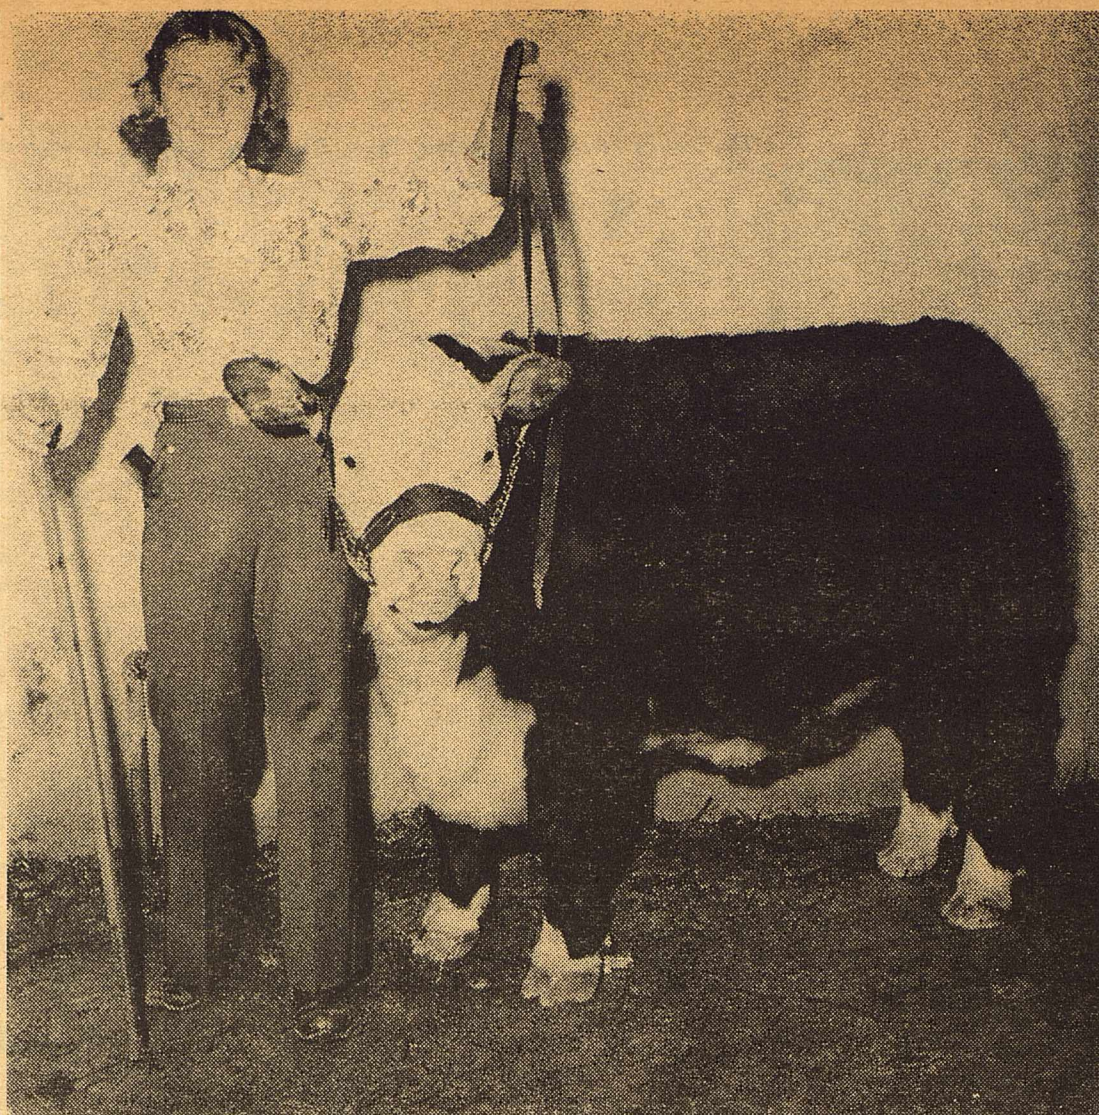

Exhibitors will be Cleve T. Jones III, Don Cooper, Steve Fish, Tom Glasscock, Ray Glasscock, Jimmy Richardson, Janet Johnson, Jessie Lem Johnson, Jo Addah Johnson, Bobby Harris, Mike Ellis, Dick Swails, Herbert Fields, Jr., Johnny Fields, Royce Miers, George Roberson, Mack Mayhew, Dick Hearn, Bob Tolliver, John Paul Friess, Douglas Guest and Louis J. Wardlaw III.

**SIX SUTTON COUNTY BOYS
IN SANTONE CALF SCRAMBLE**

Six Sutton County 4-H Club boys will be among the 280 from Texas who will scramble for calves during the World Championship Rodeo at San Antonio, February 12 through 21.

Starting February 12, 20 boys at each rodeo performance will race for ten calves and the lucky ones will struggle to win their livestock the hard but hilarious way. The boys will carry a halter attached to a ten-foot rope and it will be their job to place the halter on a calf and drag it across the finish line without help of any kind.

Entering the scramble from Sutton County are George Roberson, Johnny Merck, Cleve T. Jones III, Tom Glasscock, Steve Fish and Jimmy Richardson.

Reserve Champion Steer of the Livestock Show here was exhibited by Betty Jack Cooper. Betty Jack, a freshman at Sonora High School, is the daughter of Mrs. Pat Cooper.

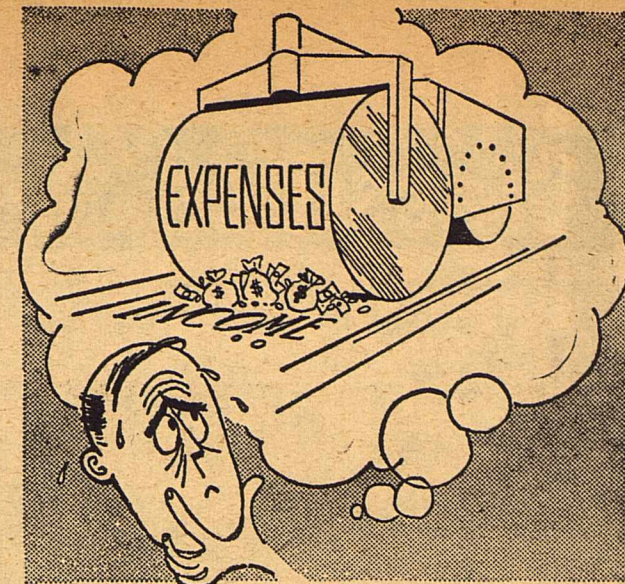

**EXPLORERS NAME OFFICERS
AT MONDAY NIGHT MEETING**

Sonora Explorer Scouts named officers and formulated plans for the coming year at their regular meeting last Monday night.

Adrian McCoy was named president; Cleve T. Jones III, vice-

president, and Preston Neely, secretary and treasurer.

The Post plans a fishing trip to Devil's River over the Easter holidays, but their plans will include returning to town to attend Church Services on Easter Sunday. They will resume their holiday following Easter services.
