Mrs. L. W. Elliott, Long-Time Resident Buried Here Sunday, February 21

Mrs. L. W. Elliott

Funeral services for Mrs. L. W. Elliott, 68, were held Sunday afternoon, February 21, at the First Methodist Church here. Officiants were the Rev. Alvin Loiry, pastor of the First Baptist Church and the Rev. Lea Roy Aldwell, rector of St. Mary's Episcopal Church of Eldorado.

Mrs. Elliott died Saturday, February 20, at Hudspheth Memorial Hospital after an extended illness.

Born Mary Sawyer Pearson in Nacogdoches August 28, 1891, she was married to L. W. Elliott March 12, 1911. They lived in Palestine for some time where Elliott was court reporter and moved to San Angelo about 1914. In 1917 they came to Sonora where they had made their home ever since.

Mrs. Elliott was a member of the First Baptist Church and was a past-president of the Sonora Woman's Club.

Survivors include her husband; one daughter, Mrs. F. L. McKinney of Sonora; one brother, W. M. Pearson of San Angelo; five sisters, Mrs. L. D. Godley of Fort Worth, Miss Frankie Pearson of San Antonio, Miss Ruel Pearson of Waco, Mrs. L. C. Harlowe, Sr., of San Angelo, and Mrs. J. V. Massey of Waco; and two granddaughters, Ann and Bonnie McKinney of Sonora.

Pallbearers were Lea Aldwell of San Angelo, Frank Ray of Alpine, and Fred T. Earwood, Bryan Hunt, George H. Neill, Ben F. Meckel, J. M. Vander Stucken and Sam Allison, all of Sonora.

Interment was in Sonora Cemetery under direction of Ratliff-Kerbow Funeral Home.

HSU Choir In Concert Here Friday, March 4

The 40-member A Cappella Choir of Hardin-Simmons University will be presented in concert at the high school auditorium here at 10:50 Friday morning, March 4.

A mixture of sacred and secular music will be sung, according to Edward H. Hamilton, director and associate professor of voice in the HSU School of Music.

The sacred music program will consist of anthems, unusual Christmas compositions including the first American carol, Negro spirituals, and devotional responses. Secular selections will include folk song arrangements, patriotic songs and excerpts from George Gershwin's musical, "Porgy and Bess."

Also on the program will be the HSU Men's Quartet.

Drive Set For Heart Sunday Workers To March Feb. 28

The Sutton County Chapter of the American Heart Association will conduct an active fund-raising drive beginning at one o'clock Sunday afternoon, February 28. That date has been designated Heart Sunday by the national association and volunteer workers all over America will be canvassing residential districts asking for donations to furnish funds for research and training in heart disease.

Mrs. Marie K. Ellis, treasurer of the local organization, asks everyone to give generously. Funds contributed to the Chapter are apportioned between it and the State and National Association, and a large part of these

funds will be devoted to financing research in medical centers in various cities in the state.

A contribution will help in the search for knowledge through which the present appalling death rate from heart disease may be lowered.

Heart Sunday is the high point of the Heart Fund campaign-the day on which more than 1,500,000 volunteers call on their neighbors to collect for the Heart Fund. Each contributor receives an envelope in which to enclose a contribution, seals it and returns it to the volunteer. Where no one is at home, the volunteer will leave an envelope for contributions to be returned by mail.

Mrs. Ory and her husband, the late George Ory, made their home in Sonora for several years. For the last five years she had made her home in Lampasas.

Survivors include five daughters, Mrs. Tom Taylor of Del Rio, Mrs. Robert L. Allison of

Spokane, Washington, Mrs. Tommy Tyler of El Paso, Mrs. LeRoy E. Jones of Brownwood and Mrs. J. W. Barker of Lampasas; four sons, Lester Ory of Lampasas, George Ory of Odessa, John Ory of El Paso and Willie B. Ory of Clovis, New Mexico; one sister, 15 grandchildren and four great-grandchildren.

Interment was in Sonora Cemetery under the direction of Ratliff-Kerbow Funeral Home.

Odds And Ends

One of this area's leading sportsmen, "Puddin'" Allison joined the ranks of the professionals last weekend when he brought in a six-pound bass that was a real beauty.

"Puddin'" has a new secret for catching lunker bass-he catches 'em on a perch hook and a worm.

Phil George, basketball coach at San Angelo College, will be main speaker at the second annual All-District Basketball Banquet to be sponsored by the Sonora Lions Club at 7:45 Thursday night, February 25, at the School cafeteria. Special guests will be All-District Team members, their parents, and coaches and administrators of district 8-A schools.

Lions and their wives will also attend.

Awards will be presented by Rex W. Lowe, chairman of District 8-A basketball committee. He will present the District Championship Trophy to Junction High School and will name the All-District first and second teams. These two teams consist of ten boys selected by district coaches. They will receive certificates of award.

Track Season Underway At SHS Turner Predicts Better Team This Year

The Sonora High School track team will travel to Fort Stockton this Saturday to participate in the annual Comanche Relays. Twenty-one boys are working out this year according to Coach Joe Turner who says he expects the team to be strong in distance events but weak in sprints and field events.

In competition with Junction in Junction last weekend Joe Garcia turned in a 4:51.9 in the mile event and was trailed by Fernando Gomez with a 4:54.2 and Bobby Castillo with a 5:09. Oscar Bermea and Augustin Chavez turned in creditable 880

times for early in the season, both running 2:14. Julilo Samaniego and Ram Castillo also turned in creditable 440 times as did Danny Brown. Carlos Badillo, following in the footsteps of his brother Pete, shows possibilities of becoming another good Sonora vaulter.

Four lettermen are working out this season. They are Ben Castillo in the 440, Ram Castillo in the 880 and Joe Garcia and

Fernando Gomez in the mile. Others are Bobby Castillo, George Roberson, Dick Karnes, Danny Brown, Oscar Bermea, Julio Samaniego, Augustin Chavez, Carlos Badillo, Nelson Guapardo, Buck Bloodworth, Primo Gonzales, Bob Nevill, Gene West, David Archer, Arthur Bermea, Herman Moore and Mike Evans.

Turner says Sonora's fortunes in track will start picking up this year after a lag of two years

since Sonora's third place team in state. The squad has 1 senior, 6 juniors, 7 sophomores and 6 freshmen.

"We have a number of boys who are not in shape yet," Turner continued. "Some have been hampered by the flu, others are reporting for track this week after basketball season, and some have been participating in the stock shows."

Special Church Services Sunday Night To Commemorate 50 Years Of Scouting

Scout Sunday will be observed here Sunday night, February 28, with special worship services at seven o'clock at the First Methodist Church. The Rev. Doyle W. Morton will preach the sermon, Rex W. Lowe will be song director and Mrs. James Wilson will be organist.

Scouts will play active parts in the service with Herbert Fields, Jr., giving the invocation, Dick Hardgrave reading the Scripture lesson, Charlie Smith leading the Scout Oath and Teddy Wheelis will give the benediction.

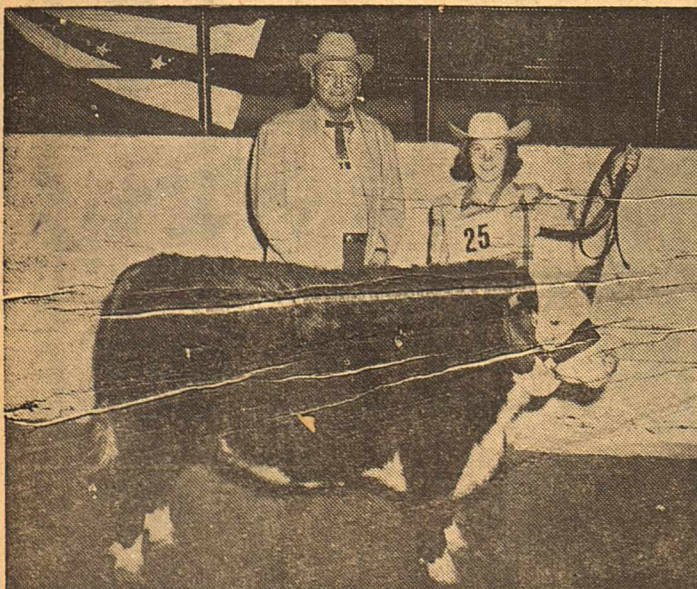

Earl Wisdom of San Angelo will present achievement awards and Earl Smith, assistant Scout master, will make announcements.

Everyone is invited to this special service which will commemorate the 50th anniversary of Scouting. Refreshments will be served in the fellowship hall following the service.

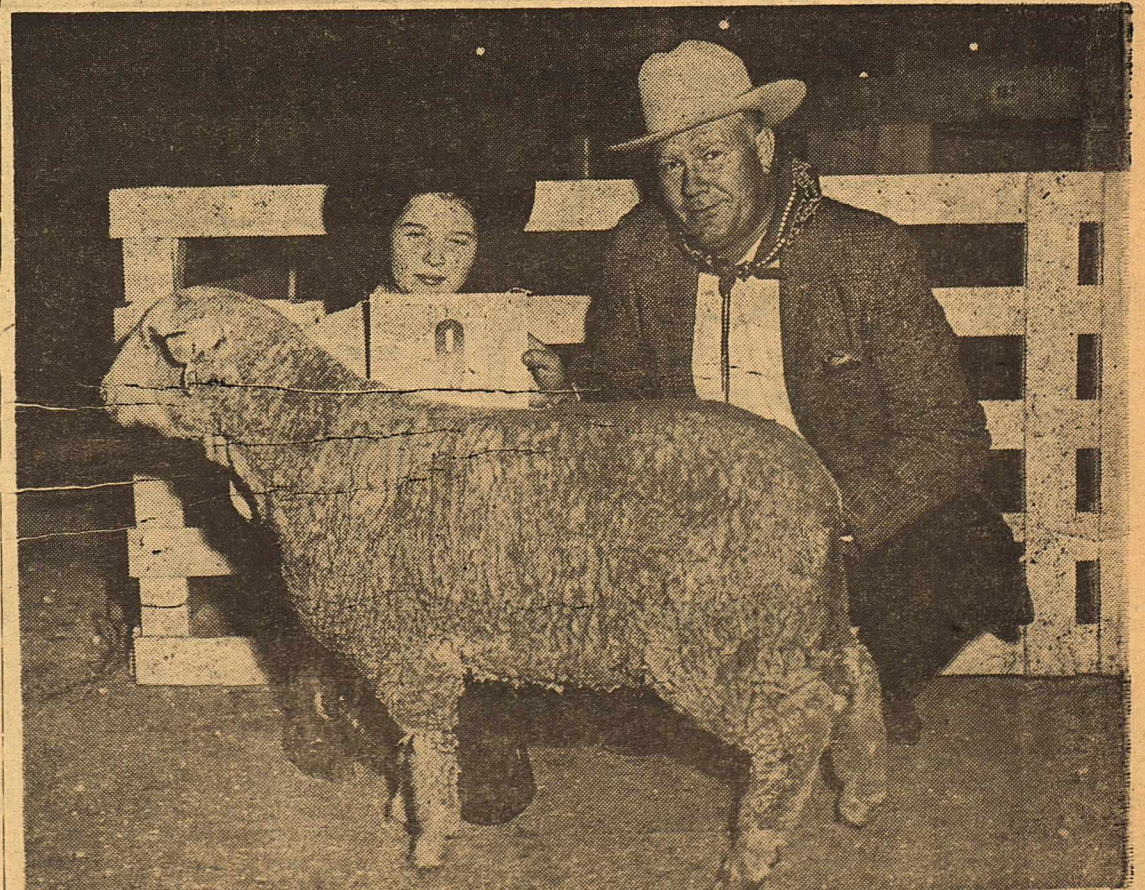

Track Schedule

Coach Joe Turner has announced the schedule of track and field events for this season for Sonora High School. The agenda is as follows:

- Saturday, February 27, Comanche Relays at Fort Stockton.
- Friday, March 4, Triangle at Eldorado.
- Saturday, March 12, Ozona Relays.
- Saturday, March 19, Sonora Relays (18 teams due).
- Saturday, March 26, Eldorado Relays.
- Saturday, April 2, Mason Relays.
- Saturday, April 9, District Meet at Ozona.
- Saturday, April 23, Regional Meet at Lubbock.
- Saturday, May 7, State Meet at Austin.

The Lone Star Brewing Company paid a top price of 53c a pound for this first prize Hereford steer at the San Antonio Livestock Exposition. Smiling Betsy Jack Cooper, of Sonora, who raised the steer is shown here with C. O. McCurdy, Lone Star Brewery representative.

April 1 Deadline

To Apply For Highway Patrol

Young men interested in becoming patrolmen in one of the greatest law enforcement organizations in the nation will be given their chance during April.

Colonel Homer Garrison, director of the Texas Department of Public Safety, announced today that entrance examinations will be given April 12, 13 and 14 in cities throughout the state to young men interested in the patrolmen positions.

The state police director said exams will be given April 12 in Tyler, Beaumont, Harlingen, Midland, El Paso, Lubbock and Austin. April 13 the exams will be given in Dallas, Lufkin, Corpus Christi, Abilene, Amarillo and Waco. And on April 14 the examinations will be given in Fort Worth, Houston, San Angelo, San Antonio and Wichita Falls.

Garrison said young men between 21 and 35 years of age have until April 1 to file applications for these important positions. They must be a graduate of high school, be in good physical condition and of good moral character. Applicants must be not less than 68 inches or more than 76 inches tall and weight not less than two pounds or more than three pounds per inch of height.

He said requirements are rugged, but the results will be rewarding for those who are selected to join the corps of well trained law enforcement officers.

Complete information may be obtained by writing to the Texas Department of Public Safety in Austin, or by contacting the nearest regional or district DPS office.

In Five Years

Autos Kill 441 Deer

A total of 441 deer, 16 turkeys, and 3 javelina were killed in Kimble County by automobiles during a five year period from 1955 through 1959, according to a report received by the director of wildlife restoration, Texas Game and Fish Commission.

Robert S. Evins, game warden at Junction, compiled the report with information turned in by various peace officers and citizens of Kimble County.

Of 441 deer, 270 were does and 171 were bucks. Of the turkeys, 3 were gobblers and 13 were hens. One of the three javelinas was a female.

An estimated error of 10 per cent was used in determining the number of game animals that had gone unreported or unrecorded. Evins said, "If this 10 per cent error had been included with the number of game animals actually found along the roadside, the total for the five year period would swell to about 500 deer, 20 turkeys, and 5 javelinas." Approximately \$49,900 was paid by auto owners for damages caused by car-game collisions.

Of all the deer reported during the five years, 107 were reported in time for the meat to be salvaged. About 7,366 pounds of meat was saved and distributed to needy families in the county, while approximately 19,743 pounds of meat was not reported in time to be salvaged, and was wasted.

"It's not a law violation to accidentally hit a deer on our highways," said the director. "If you hit one, move it off the road and leave it there, then contact your game warden or peace officer immediately, so the meat can be saved."

By Congressman O. C. Fisher

WHILE THE SENATE argued over the issue of Civil Rights or Civil Wrongs, the House coasted along with annual appropriation bills last week, and maneuvered for a test on the civil rights issue in early March.

The House debate will begin on March 10, and a bill is certain of passage, through probably milder than the Senate version. It all boils down to the big battle for the Negro vote in 1960.

While all sorts of pretensions are advanced, every one knows what the real objective is. In calmer, more objective moments most politicians will admit that special laws are not needed for any minority group, racial, religious or otherwise. But not so on election years.

Joe R. Andrews of Mertzon and Rex Lowe of Sonora, both en route from the Atlantic City annual convention of School Administrators back to their respective high schools.

Mrs. E. D. Shurley was in Dallas this week attending the gift show.

Rodney Davis, son of Mr. and Mrs. W. L. (Tom) Davis, was elected Beau of the Wesleyan Student Foundation at John Tarleton State College, Stephenville February 11.

Davis, a senior range management major, and the Wesleyan Sweetheart, Miss Barbara Burke of Richardson, were honored at the 1960 Methodist Sweetheart Banquet. Davis received a pair of initialed gold cufflinks as a gift.

Milby Sexton, driver education instructor at Sonora High School, and Douglas Clark, high school student, are shown here at the club hall of the Sonora Woman's Club where Sexton conducted a program on traffic safety last week.

Mrs. Carroll New President Of Woman's Club

Mrs. Arthur Carroll was elected president of the Sonora Woman's Club at its annual meeting Thursday afternoon, February 18, at the club house. Other officers named were Mrs. Duard Archer, vice-president; Mrs. Robert Kelley, Jr., recording secretary; Mrs. Leo B. Merrill, corresponding secretary; Mrs. Allan Guthrie, treasurer; Mrs. L. E. Johnson, Jr., auditor; and Mrs. B. H. Cusenbary, parliamentary.

Mrs. C. M. Epps read a paper on parliamentary law and Mrs. W. R. Cusenbary, Federation Counsellor, gave the story and history of the Woman's Club Collect.

Milby Sexton, driver education instructor at Sonora High School and Dan Nowlin of the Department of Public Safety, San Angelo, spoke on traffic safety. Douglas Clark, high school student, assisted in showing slides and discussion of the five common distractions in driving which are credited with contributing to traffic accidents.

Hostesses at the social hour were Meses. Duard Archer, Marion Elliott, and Bill Wade.

Breakfast Honors Miss Nancy Hunt

A breakfast in the Edwin Mayer home Saturday morning, February 20, honored Miss Nancy Hunt. Hostesses were Mrs. Edwin Mayer, Mrs. Ralph P. Mayer and Mrs. Norman W. Rousselot.

Breakfast was served from a table laid with a brown cloth. The centerpiece was an arrangement of orange and yellow chrysanthemums in a footed copper bowl. Copper appointments were used on the table.

Guests were seated at quartet tables covered with orange cloths and centered with copper candle holders. Places were marked with cards in keeping with the "chicken house" theme.

Following breakfast guests played games in which the guest of honor won all prizes. About 30 were present.

Congratulations To These New Parents

Polio Cases Due To Start Climb Last Week In April

Two months from now a thin black line on a graphic chart at the State Department of Health will begin an inexorable climb upward, getting higher and higher each week as summer progresses, then turning into a slow downward curve in mid-September.

The chart is the department's way of keeping a weekly tally on polio. By referring to charts for previous years, Dr. H. E. Smith can predict when the line will begin its upward swing.

"The last week in April is

when polio starts to increase in Texas," says Dr. Smith, chief of the department's preventive medicine section.

"The line reached its high point during August last year when 145 cases were charted. At the year's end 526 cases had been tallied, a high toll but still a fine testimonial for polio vaccine when contrasted to the 3,984 cases during pre-vaccine 1952."

Extending the line each week is a painful chore for statisticians. Each time it advances one square on the chart they mentally hear a physician speaking to someone somewhere in Texas and making his dire diagnosis. "Polio."

That someone thus becomes a statistic, with his name and facts surrounding his illness filling blank spaces on Form No. 68-R5732, the department's cold and

impersonal polio case record.

An analysis of 273 case record forms, completed with a clinical thoroughness during the polio season last year, is a dramatic study in human frailty.

It shows that nine of every ten cases had had less than the basic three vaccine shots recommended for maximum protection. It shows that three of every four cases had not received a single dose of the vaccine proved effective beyond all expectations.

More than half of last year's victims of paralytic polio were under five years of age, the analysis reveals. And among these youngsters as among other age groups, nine of ten had not received the recommended three shots.

Now they're part of a black line on a sheet of graph paper.

"It would only add hurt to injury," says Dr. Smith, "to ask their parents why, in the face of almost daily urgings, they ignored the chance of giving the youngsters an infinitely better chance to escape polio."

In a brief few weeks the thin black line will begin its seasonal climb.

"We hope it won't go as high this year," Dr. Smith says. "But we've got plenty of case record forms on hand, just in case..."

Devil's River Philosopher Comes Up With New Plan To Finance More Guided Missiles For U. S.

Editor's Note: The Devil's River Philosopher on his bitterweed ranch on Devil's River claims he has solved the problem of financing an adequate defense program. Its doubtful.

Dear editor: "Where're we gonna get the money?" seems to be the main problem confronting the experts who contend the United States ought to spend more for defense.

Some of the top missile and space scientists have testified they could do a lot more and close the missile gap if they had more money to work with, but on the other hand expert economists have testified that balancing the budget is important to survival too, there is such a thing as getting a nation too far in debt.

Since everybody is in favor of an adequate defense system, and everybody is in favor of a balanced budget, everybody in Washington seems stumped, they don't know where to turn to get more money for guided missiles, so I took off from work out here on my bitterweed ranch the past week and thought.

I now have a solution to the problem. Don't know why nobody has thought of it before.

The way to finance the guided missile program is to do it on the installment plan.

Here's the situation: most Americans seem to be on the installment plan; two-thirds of the cars sold are sold that way, three-fourths of the refrigerators, nine-tenths of the television sets, etc.

Nearly everybody has weekly and monthly installment payments to meet, and how they do it nobody knows.

But they do it. Take television. A few short years ago, before television came in, everybody was loaded to the gills with installment payment, yet here came television and everybody bought a television set. They just added

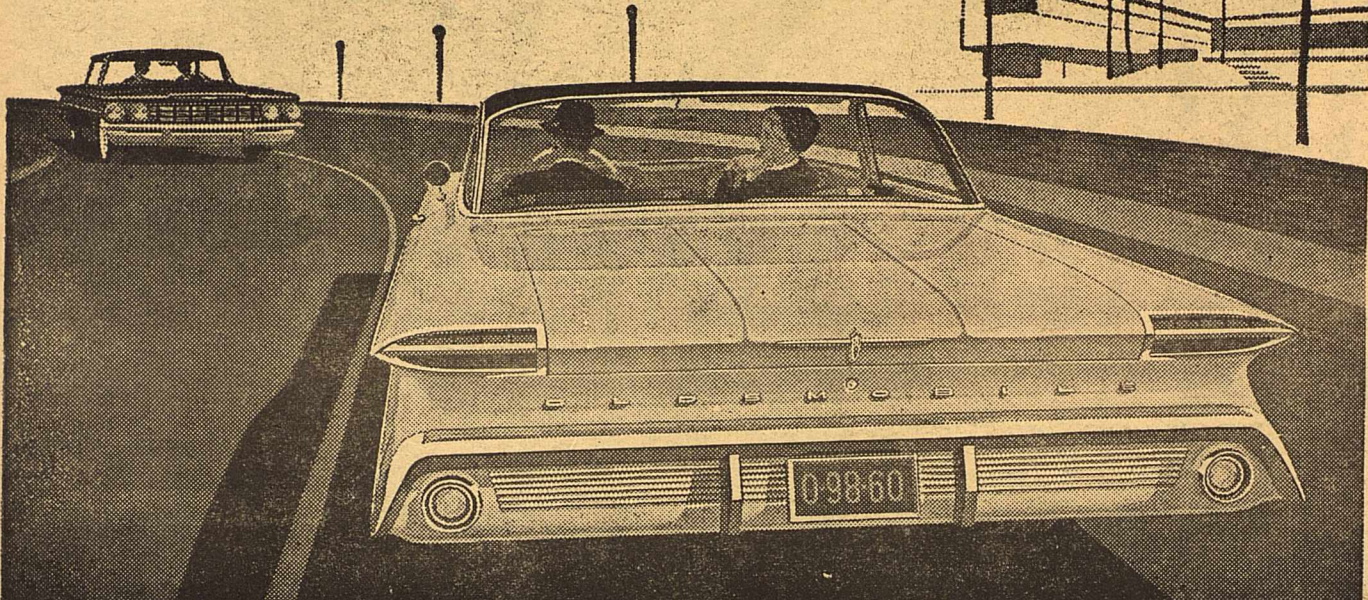

it to the load and kept grinding. So, all Washington has to do to finance the missile program is pass a law adding say five dollars a month to everybody's installment payments. I figure that'd bring in about four billion dollars extra a year, and everybody knows survival is worth five dollars a month.

If not, have them look at it this way: if Russia, figuring we're unprepared, sends over its batch of intercontinental ballistic missiles and blasts this country, some of them are bound to hit most of the electrical power plants, and did you ever stop to think what life would be like very night with the electricity off and no television?

Yours faithfully,
J. A.

Steve Preslar Comments

In our last discussion we saw that the trial judge determines the law applicable to each case before him, whether it is tried before a jury or before the Court sitting without a jury. The next question is, "What laws does he apply?" and for the answer to that we need to look briefly to the laws by which we are governed daily.

These can be broken down into three groups: our constitutional law, statute laws and what we call the common law. Our constitutional law is derived from our federal and state constitutions, and those documents are best described as being contracts or agreements entered into between the people and their government in which the people and their government consent to be governed and give the government certain rights and reserve to themselves certain rights. Our statute laws are those enacted by the legislative branches of our government. Our common law is that great body of law which has grown up through the years by custom and usage; it is what we have come to know and understand to be right or wrong in our relations as one citizen to another in a civilized society. It has been interpreted and recognized by the courts down through the years until it now has the binding force of law.

During the course of a trial the judge decides the law as it applies to each legal question that is raised, which, depending on the case, may involve construing the constitution, a Statute, or the common law—each a serious matter. No one goes to court for a lark, and the interpretation given to the law by the judge needs to be a fearless, fair, informed decision—a just decision. It needs to follow and be consistent with the law, for otherwise we would never know what the law is and how to arrange our business dealings and conduct our affairs.

It is not enough that a Judge should know the law—he must love and respect it.

You be my judge ... I ask to be yours

Steve Preslar

Dams at Site 9 on the James and Nancy Hunt ranch; Site 10 on Mrs. Ada Wynn's ranch; and Site 13 owned by George H. Neill and Bryan Hunt will be seeded. The dam at Site 12 on the W. A. Miers ranch is covered with rock and will not require seeding, but about 3 acres of disturbed ground will be planted to grass.

It is necessary to plant grass on the earth covered structures to prevent rill erosion and reduce maintenance costs. The sides of the structures will be plowed to kill weeds and loosen the soil. The grass seed will then be drilled in, and the area mulched with 2.5 tons of prairie hay per acre. The hay is "tucked" into the soil with a special machine to prevent blowing.

A mixture of sideoats grama, green sprangletop, KR and Caucasian bluestem, plains bristleg-rass and Texas wintergrass will be planted. These deep rooted perennial grasses will stabilize the sides of the dams and prevent movement of soil.

The seeding operation will be performed by Sutton County, with technical assistance by Soil Conservation Service personnel. The County will then be reimbursed by SCS for all costs incurred.

The month of February 1960 has brought us just about everything in the weatherman's book. We've had fog, a real old-time duster, sleet, snow, rain, drizzle, mist, chill winds and even a few days of nice warm sunshine. There were even a couple of tornadoes in the nation. The only thing we can think of that was left out was hail-haven't heard any hail reported but of course February isn't over yet.

CHAMBER OF COMMERCE COMMENTS

AWARD- Tonight, Thursday the 25th, the Lions are staging the annual District Basketball award dinner and having ladies night for the Lions in connection. Phil George, SAC, is the speaker and we know of no one who is better qualified to speak on the subject. Time, 7:45, Elementary School Cafeteria.

BEST EVER: This writer was invited to be the speaker at the Eldorado Lions ladies night last week and those present voted this the best speech we ever made. Our speech consisted of introducing Jim Papadakis who showed his colored pictures of the Caverns of Sonora.

At this dinner, which was held in their community center, their County Judge Dick Bearce told us that registered users of all or some section of that building during the year numbered 962, three per day. It is common to have three affairs going on at the same time without conflict. And just to think, they borrowed our building plans but did something about it.

QUESTION? The census will be taken this year. Now, just how many citizens will it show for Sonora? What is your guess at the official count? Wanna bet!

Another good guessing contest, how many paid admissions to the CAVERNS OF SONORA its first full year? Your guess might prove just how wrong one can be.

BIG DOINGS: April 30-May 1st and May 7-8 are big days for Sonora. To begin with, the membership of the West Texas Quarter Horse Assn. will meet here in annual meeting. Then, the officers and directors of the Association will have their official meeting.

Then, a halter futurity for member quarter horses will be held at the Fair Grounds. The trials for the Quarter Horse Futurity will be run on the first weekend and the finals on the second weekend in addition to a full running card of all distances.

The purse for the Quarter Horse Futurity will be over \$5,000.00. Near forty nominations have been made and many entries are in for the halter futurity. These events will attract hundreds of fine citizens to our city and will tax the capacity of our hospitality. All quarter horse events will be under the sponsorship of the West Texas Quarter Horse Assn., Ralph Dye Secretary

and with the approval of the American Quarter Horse Assn.

PEDDLERS: Last week we ran a suggestion that beggars, peddlers and solicitors clear through a local organization before being permitted to work the public. Bill Whitehead read this item and called us to say that he had purchased some magazine from peddlers, thinking he was helping handicapped people. In turn these peddlers go to many ranches in this area telling the prospective sucker that Bill had sent them as they were good friends.

Bill says, first, that he is not buying from peddlers and giving to beggars unless they have a permit card from somebody who will take the time to investigate and, second, he has not sent magazine salesmen to see anybody, period. In this connection we have one receipt given last year by the same peddlers, for three magazines, and the buyer has not yet received any of them. We will guess these two peddlers took from this area several hundred dollars. **JUST THINK,** our band boys and girls sell magazines for the benefit of the Sonora High School Band.

URGENT- Visiting participants in our annual Speech Meet need rooms if we are to continue this all-important event and if we are to continue practicing hospitality as it best. It is a little trouble but what isn't that is worthwhile. Last year this organization was asked to prepare and serve a barbecue supper to some 300. We did, to almost 500. It was a lot of trouble but we asked for the job again this year. We like it, a little jerk water town like Sonora entertaining big city schools!

MARDI GRAS: Four bus loads of Californians are eating lunch here this week, enroute to New Orleans. Did you know that you can go from here to New Orleans and return, spend 4 night at one of their best hotels, have a sight seeing tour, all over, and a dinner party at which are enacted some of the Coronation thrills of the Mardi Gras, all for approximately one hundred bucks per person?

Allowing \$2.00 per day for food, \$1.00 per day for drinks and \$10.00 per day for tips this trip is practical and would be worth saving for. It is proposed that a charter bus leave here next year for this glamorous pageant. Want a ticket? All Aboard.

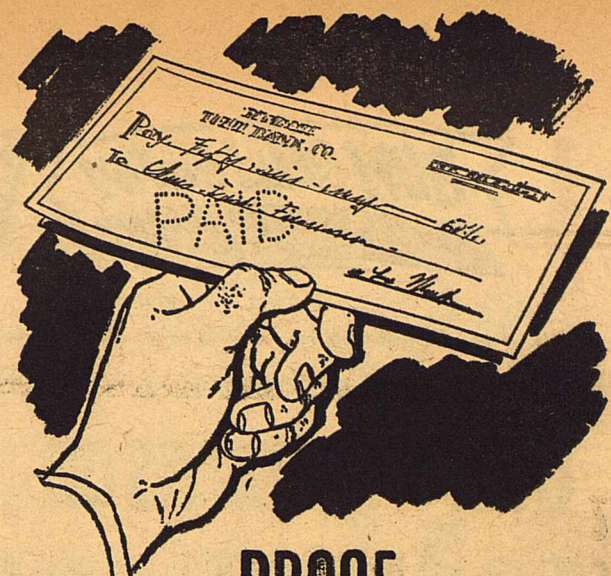

NEW- Sonora's two newest citizens are moving in this week and getting on the job, Jim Papadakis and Jack Burch. They will curtail activities until after lambing, say March 15, but will then erect their house, drill a well and go to work at full blast. The road to the cave is being closed to the public until the new road is built. **WELCOME, GUYS.**

The Lions will eat with the school next week, celebrating National School Week.

It is hoped that several can go from Sonora to the Highway meeting in Uvalde Saturday morning at 10:30. The organization of this association will be perfected then and plans to meet with the Highway Commission made.

PEOPLE: The next four crowd-drawing attractions in Sonora are, Hunt-Powell wedding, the Fling Ding Dance, the Speech Meet, the Spring Race Meet. The first is not sponsored by the Chamber of Commerce.

See you in Angelo, March 10, 11, 12 or 13th. Sonora Speech Meet, March 11, 12.
