SEVENTY-FIRST YEAR

The Devil's River News-Sonora, Texas, Thursday, January 19, 1961

SEVENTEENTH WEEK

The Fields brothers, Herbert, Jr., and Johnny split honors at last year's 4-H Livestock Show and Sale. Johnny showed the Champion Crossbred Lamb and the Grand Champion Fat Lamb. Herbert Jr., won the Showmanship Trophy. The boys, sons of Mr and Mrs. Herbert Fields, are pictured here with two of their champions.

RESULTS

There are excellent reasons why the 1961 Cadillac so completely dominates the highways of America. The finest Cadillac in a long and distinguished history, it is a motor car which reflects an authority unchallenged by any rival. Stately . . . majestic . . . masterful . . . these are words which convey some small measure of the manner in which it takes command of the road and wins the unstinting acclaim of those who drive or ride in it. Your Cadillac dealer cordially invites you to enjoy a memorable demonstration drive at your earliest convenience,

... AND "LAYS MONEY ON THE LINE" TO BACK UP THE BELIEF

Why is our faith backed by dollars?

Very simply, it is because the Southwest is growing 25% faster than the nation, and the WTU service area is the CENTER OF THE SOUTHWEST.

As a result, one of our major projects is designed to stimulate this growth, and another is designed to add service facilities to meet it. These projects are described briefly below. We will keep you informed of their progress as we go along, since they are of vital importance to this community.

It is our conviction that with faith, vision and cooperative effort on the part of all of us, the Center of the Southwest has a sound foundation for GROWTH UNLIMITED in the years ahead.

OUR AREA DEVELOPMENT PROGRAM PROMOTES

For many years we have been engaged in a program designed to inform business executives about the industrial advantages of the Center of the Southwest.

This activity is being continued in 1961 with an expanded area development program.

It includes a new series of ads running in a number of national publications, which depict the growth potential of this area and the states it serves.

The national advertising schedule, the information brochures we are publishing, the trips we will make to industrial centers, and the fine cooperative spirit of communities like this one, all combine to promote GROWTH UNLIMITED.

\$50 MILLION EXPANSION PREPARES FOR

On the shores of Oak Creek Lake in Coke County, construction is progressing rapidly on a large new WTU generating station. It is tangible evidence of the expansion being made in our generating and distribution facilities, in anticipation of coming growth in the Center of the Southwest.

An area expansion program, costing in excess of \$50 million, is well under way, and will continue through the months ahead. It will permit us to keep pace with the growing needs of this growing area.

It is proof that here is GROWTH UNLIMITED.
