

Mrs. E. White "Teacher Of Year" To Be Honored By Woman's Club

Mrs. Ruth E. White, fifth grade teacher at Central Elementary School, was named this

week as recipient of the Sonora Woman's Club's Teacher of the Year title. In advising the Texas Federation of Women's Clubs, which sponsors recognition of local outstanding teachers, of Mrs. White's selection, Mrs. Arthur Carroll, club president, wrote:

"Mrs. White, a native of Philadelphia, Pennsylvania, attended Philadelphia Normal School and the Philadelphia Musical Academy. She received her Bachelor of Science degree in education from Temple University and her Master of Arts degree from Xavier University in Cincinnati. She is working toward her P.H.D. at Arizona State.

"Mrs. White has taught here in Sonora for nine years. Many parents say that her outstanding

contribution to the children here has been her ability to teach them good study habits. Mrs. White's many talents, her vivacious personality, and her devotion to teaching make her an outstanding teacher. She often enriches the regular academic program of the fifth grade with folk dances and music of many countries. She has designed stage settings, played for many programs, and is noted for going the 'second mile' in total school activities.

"A member of St. Ann's Catholic Church here, Mrs. White is active in Girl Scout work and has been a choir director and organist. She is a widow and has two married daughters."

Mrs. White will be guest of honor at a luncheon at the Women's Club in May.

Bob McMinn Elected To SHS Faculty As English Teacher

Bob McMinn of Brownwood has assumed duties here as high school English teacher. McMinn is a January graduate of Howard Payne College with a major in English and a minor in art.

A sports enthusiast, McMinn played basketball for Howard Payne for two years and is a member of the Southwest Basketball Officials Association. He is married and his wife, Doreen, is employed at present as an accountant in Brownwood. The McMinn's are members of the Presbyterian church.

McMinn is graduate of Somerville High School and spent three years with the U. S. Army in Germany prior to entering Howard Payne.

highly successful. He praised Sonorans for their interest in the tournament and their support and attendance. "The only way to judge the success of an event like this is by the interest it creates. This was the best tournament we have had yet."

Wuest also expressed appreciation to parents and students who helped at the concession stand by serving or by providing sandwiches, pies and cakes for sale. He also cited seventh and eighth grade students for their work in selling tickets.

Sonora Corporation Formed To Purchase Local Caverns

A group of Sonora men announced Thursday they have purchased the Caverns of Sonora from its original developer, Jim Papadakis. Purchase price was \$150,000, a portion of which is to be paid out of future earnings of the Caverns.

A corporation is being formed to operate the Caverns and to make additional improvements. A limited issue of preferred stock will be offered for sale to Sonorans as soon as a corporation charter can be obtained. Price per share of preferred stock has been set at \$25.

Work is already underway on the extension of trails through the Diamond Room Passage which is one of the most spectacular sections of the cave. Plans are being completed for the construction of an estimated 400 foot tunnel which will provide a new exit. Other improvements will in-

clude the construction of a permanent concession building and the enlargement of the present parking area. It is hoped these improvements can be completed for the scheduled May 1 opening of the Caverns.

Jack Burch will continue to be associated with the Caverns in the capacity of underground developer and head guide as well as an active shareholder in the new corporation.

The purchase agreement with Papadakis was concluded last week and he has returned to his home in Lake Worth, Florida. Prior to leaving, Papadakis issued the following statement: I wish to announce that the CAVERNS OF SONORA has now been transferred to Stanley B. Mayfield and his associates. In consideration of the generosity and kindness which Mr. Mayfield has shown toward me during my stay here at Sonora I can only

with him the greatest success and happiness with the cave. To the people of Sonora and vicinity I wish to express my sincere appreciation for your enthusiasm and good will toward the Caverns project—for without your help the CAVERNS OF SONORA would never have become a reality. To everyone concerned, may I remind you that potentially you have a priceless thing of beauty that could acquire WORLDWIDE FAME because no other known cave can compare with the one I opened a small part of on July 16, 1960. Therefore, I believe that with everyone's wholehearted support the GREAT GOAL can be achieved.

In departing, I cannot help but feel that I am leaving some of the friendliest people I have ever known. Sincerely, Jim Papadakis.

Services Held Here Tuesday, February 4 For W. J. Fields, Jr., Prominent Rancher

Funeral services for W. J. (Bill) Fields, Jr., 53, were held from St. John's Episcopal Church Tuesday afternoon, February 7. The Rev. Alanson Brown, rector, officiated assisted by the Rev. Lea Roy Aldwell, rector of St. Mary's Episcopal Church of El Dorado, and the Rev. Doyle W. Morton, pastor of the First Methodist Church here. Fields died Sunday, February 4, in Methodist Hospital in Houston of cancer.

A prominent Sutton County ranchman and wool buyer, Fields was born in Sonora September 28, 1907. He was the son of the late Mr. and Mrs. W. J. Fields, pioneer residents of the Sutton County area. He attended the Sonora schools and was a graduate of Texas A. & M. College. He was a member of St. John's Episcopal Church, was twice elected to its vestry and was an enthusiastic supporter of its building program. He was a director of the Texas Sheep and Goat Raisers' Association and a member of the Masonic Lodge.

Always active in community affairs, Fields was president of the Lions Club and it was under his leadership that the Sonora Wool and Mohair Show and the Lions Auction Sale were conceived and initiated. He was also active in all events involving or affecting the young people of the community.

In 1959 Fields was named the outstanding conservation ranchman of the Edwards Plateau Soil Conservation District on the basis of his come-back management and his influencing other ranchmen to join in conservation practices.

Fields was owner of the Bill Fields Wool Company and the Ballinger Baling Company. During the past 25 years he had purchased several million pounds of wool in West Texas and was an authority on wool and wool marketing.

He had ranching interests in Sutton, Crockett, Brewster, Jack and Eastland Counties and was known for his fine Rambouillet sheep and Angus cattle.

Survivors include his wife, the former Justine Weatherby; one son, Freddy, a student at the University of Texas; one daughter, Francine, attending Sonora High School; two brothers, John Fields and Herbert Fields, both of Sonora; and one sister, Mrs. Alvis Johnson of Sonora.

Funeralbearers were Al Krueger and Al Sledge of San Angelo; E.

Crawford of Mertzon; Lea Allison, W. B. McMillan, Frank Pottmesil, Dr. Charles F. Browne, Gay Copeland, J. W. Elliott, George H. Neill and Fred T. Earwood.

Burial was in Sonora Cemetery under direction of Ratliff-Kerbow Funeral Home.

Mrs. Richard Cooper and Elizabeth Jane of San Antonio are visiting here parents Mr. and Mrs. George H. Neill.

Mrs. Wallace Wartenbach has returned home after a visit in Houston with her son and family, Mr. and Mrs. Gordon Wartenbach and baby.

Railroad Facilities Here Scheduled For Temporary Shut Down Early In March

Notice has been given by the Santa Fe Railway Company that for approximately one week train service in the Sonora district will be discontinued. This temporary discontinuance has been made necessary by the construction of Twin Butte-Three Rivers Dam near San Angelo. This project by the Bureau of Reclamation will

necessitate relocation of some 4.7 miles of the Sonora line about seven or eight miles south of San Angelo and at the south end of Lake Nasworthy.

Current plans call for service to be suspended for one week beginning Monday, March 6, depending on weather conditions.

Sonoran's Father Dies At Hemphill

Funeral services for Larkin N. Morris, 64, of Hemphill were held Monday, January 30, in the Hemphill Baptist Church. Morris died Saturday, January 28, after a lengthy illness.

Survivors include his wife; two sons, James Morris of Sonora and Burtis Morris of Pasadena; three daughters, Mrs. Irene Taylor of Houston, Mrs. Dickey Hester of Pasadena and Mrs. James Wells of Tenaha; and seven grandchildren.

Annual 4H Roundup Set For June 6 & 7

Devil's River Philosopher Says He Has No Plans To Modernize His Old Dilapidated Diggings

Editor's Note: The Devil's River Philosopher on his bitterweed ranch stands up for his principles this week which is hard to do from a sitting position.

Fred James Logan was charged with speeding 62/55. Pending.
 Elbert Lee Benford was charged with speeding 65/55. Pending.
 William Arthur Smith was charged with speeding 54/45. Pending.
 Carlton James Tapley was charged with speeding 53/45. Pending.

Dear editor:
 A town friend of mine I hadn't seen in a long time dropped by to see me out here the other day and he got to looking the place over and finally he said, "Why don't you modernize things around here a little? This is 1961 we're living in, not 1932."
 Well, I know what year it is, I've got a calendar, that's one of the splendid things about democracy, one man's calendar is just as good as another's and the man with 500 is no better off

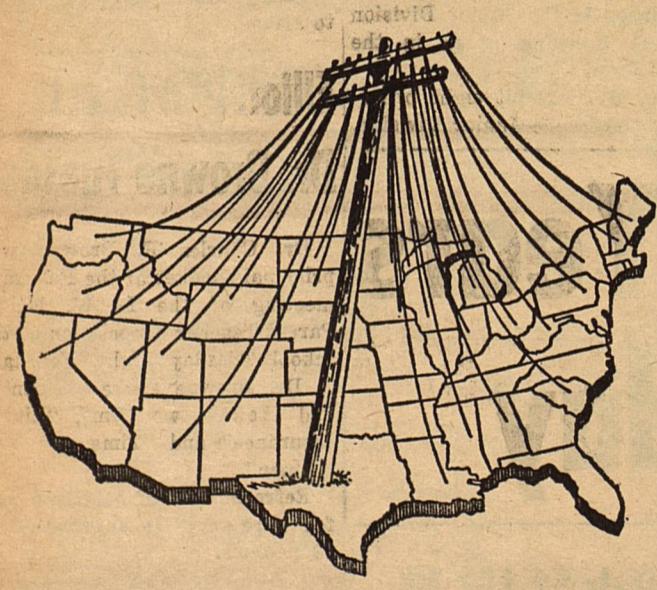

than the man with only one, but I didn't say anything, just sort of laughed, apologetically as though maybe I would although the truth is this place suits me like it is.
 Well, maybe not exactly like it is, but the amount of work it'd take to make it more modern isn't worth the difference.
 Moreover, what's modern is something that's hard to put your finger on. At the very moment you buy a new model, branded 1961 and made only two hours ago, engineers are off in a corner somewhere scheming up a newer model to replace the one you just bought.
 Sometimes it seems to me there's no use in getting something new, there'll be something newer out tomorrow.
 For example, take refrigera-

The Devil's River News-Sonora, Texas, Thursday, February 9, 1961

tors. I've always contended that a refrigerator, when it manages to maintain a temperature of around 36 degrees, has reached its full purpose, and anything below that is ridiculous. Refrigerators have been doing this for years, maintaining the right temperature 24 hours a day, but they're still bringing out new models.
 I've got me a refrigerator out here on this bitterweed ranch, but if I bought a new one, it'd be out of date 12 months from now, and if you're going to be out of date 12 months, you might as well be out of date 15 or 20 years. An ex-convict is an ex-convict, whether he served one year or twenty-five. My notion is that the time to buy a refrigerator is

when you haven't got one or the one you've got plays out.
 Some people say this theory is bad for business, that it'd stand in the way of progress and mass production. This is because they don't have enough confidence in business. Business, as I see it, will always manage to sell the consumer a little more than he can pay for, regardless of what bracket he's in. If I ever get through paying for my 1939 tractor, I'm going to buy me a new one.
 Yours faithfully,
 J. A.

I Give You Texas

By Boyce House
Our speech has been made picturesque by phrases which had their origin in sports.

To Baseball, we owe such expressions as "He made a hit"; "He knocked a home run"; "He muffed the ball"; "He has two strikes on him already"; "You've got your signals crossed"; "I'm pinch-hitting for the chairman, who couldn't be here"; and got a lot on the ball"; "We might try a squeeze play"; "You threw me a curve"; and "He's a foul ball."

To bowling we owe, "You made a ten-strike"; to poker, "He's bluffing" and "I'll call you"; to boxing, "He came out swinging"; "He hits below the belt" and "He talks a good fight"; and to racing, "It's a long shot" and "That's the pay-off."

Also to racing we may owe the expression, "A Garrison finish," the reference being to a jockey by that name who always closed with a rush. However, another version is that there was a fighter who, no matter how poorly he had fared in the rest of the bout, would swarm all over his opponent in the last round—and the fans, forgetting earlier rounds, would boo and bellow when he didn't receive the decision.

Why?
When there is not a public road in the entire United States where a car can travel at a higher legal speed than 70 miles an hour, why do manufacturers make passenger automobiles that will do 100 miles an hour?

Why does a program chairman take 10 minutes to introduce a speaker "who needs no introduction"?

Why do American women spend billions on cosmetics, permanents and other beauty aids and treatments, then run around in public with their hair done up in curling-pins?

National Electrical Week

February 5-11, 1961

MAKE
Electricity

WORK FOR YOU

ELECTRICITY, probably more than any other source of energy, has been responsible for the high standards of living enjoyed by millions of Americans today. The nation is more productive, healthier, wealthier, and more secure—thanks in large part to the number of tasks electricity performs.

Today's people live longer because electricity accomplishes the labor that formerly drained their strength and impaired their health. Mass production would be impossible without electricity. At the touch of a button or switch, electricity goes to work in factories, homes, on farms, on the land, in the air, and under the sea—doing the work of millions of people and enabling millions more to enjoy more ease and convenience than ever before. In medicine and in science, electricity enables man to study areas as yet unexplored. Today's children can look forward to a future in which electricity will make even greater contributions to their health, comfort and security.

Electricity stands ready to do even more in the way of improving the world in which we live, whether it is the world of business, science, medicine, research, entertainment. Electricity is ready to create more jobs and whole new industries. It is ready to take on increased tasks on the job, in homes, on farms and in factories. Electricity and its abilities are boundless—they need only to be called upon to serve. This is the electrical industry's message during National Electrical Week, a message to its own employees and to the public: MAKE ELECTRICITY WORK FOR YOU.

Alice Lee Daughtrey, George Johnson Wed In Church Ceremonies Saturday

Miss Alice Lee Daughtrey became the bride of George Archer Johnson in ceremonies Saturday evening, February 4, at the First Methodist Church here. The bride is the daughter of Mr. and Mrs. Cecil Westerman of Sonora and Richard Daughtrey of Del Rio. Cliff Johnson of Sonora is the father of the groom.

The Rev. Doyle W. Morton read the double-ring ceremony before an arch of greenery and white pom-pom mums flanked by floor baskets of white gladioli and white stock. John R. Tedford, Jr., organist, played traditional wedding music.

Given in marriage by her father, Cecil Westerman, the bride wore a semi-fitted suit of light blue wool designed with three-quarter sleeves and a slim skirt. Her blouse was of printed silk in white, blue and orchid. She wore a tall-crowned hat of white straw with miniature white satin bows and a white veil. Her shoes and bag were of black patent and she carried a white Bible topped with a white orchid and stephanotis shower.

Miss Jo Ann Leavey of San Antonio was maid of honor. She wore a beige suit and white hat and carried a nosegay of pink sweetheart roses. Her other accessories were beige.

Eddie Farrell Smith attended his cousin as best man and J. W. Neville was usher.

Following the ceremony a reception was held in the home of

the bride's parents. The table was laid with a white embroidered organdy cloth over pale yellow and centered with an epergne with four white tapers and an arrangement of yellow and white pom-pom mums. Mrs. L. E. Johnson, Sr., presided at the silver punch bowl and Mrs. J. F. Howell served the bride's three-tiered cake which was decorated with white flowers. Mrs. Jack Johnson, sister in law of the groom, registered guests.

Other members of the house-party were Meses. J.W. Neville, A. E. Lowe, L. E. Johnson, Jr., Edwin Sawyer, Lee W. McLaury and Dorothy Baker.

Mrs. Johnson is a graduate of Sonora schools and attended San Angelo College. She is a graduate of the John Robert Powers School of Modeling in Dallas and has been employed with Texas Instrument Corporation. Her husband is also a graduate of Sonora High School and attended the University of Colorado. He is now affiliated with the Milwaukee Braves. Mr. and Mrs. Johnson will be at home in Dallas until spring training opens in late February or early March.

Out of town guests attending the wedding were Mr. and Mrs. Morris Powers of Del Rio and Johnson's sister, Mrs. H. R. Pace of Bremond.

Mrs. Savell is reported doing well after major surgery in Houston recently. Mrs. Savell is with him.
