THIRTY-NINTH WEEK

Jimmy Cahill and Mark E. Abernathy of Sonora High School were in Austin last week attending a four-day Science Symposium at the University of Texas.

Dr. E. C. Creutz (center) of San Diego, California, vice-president of research, General Atomic Division, General Dynamics Corporation, explains the thermonuclear reaction with a model of the pinch effect apparatus used in reducing high temperatures in gases.

Dr. Creutz was one of the principal speakers at the first general session of the symposium Monday.

Jimmy and Abernathy were representatives of Sonora High School and were the guests of West Texas Utilities Company, co-sponsors of the symposium with the Texas Atomic Energy Research Foundation.

New Mexico Man To Operate New "Dairy Mart"

Mr. and Mrs. Edmund Olinick and their 15 month old daughter have recently moved from Lovington, New Mexico, to Sonora, where he will open a dairy bar, to be called "The Dairy Mart", at Pappy's Place on Highway 290, Tuesday, July 27.

Olinick was born in south Texas and attended school at Fall City. He and his family, who have rented the Manila Trainer house, are members of the Roman Catholic Church.

Sonora 4-H Team Wins National Wool Contest

Official National Wool Judging Champions are this group of Sutton County 4-H youths. They are, left to right, John Paul Friess, Dick McMillan, Cleve T. Jones III, Preston Neely, and their coach, County Agent D. C. Langford. Photo by Fields.

The Sutton County 4H Club team won the first national wool judging contest here held during the 23rd Sonora Wool and Mohair Show.

John Paul Friess, son of Mr. and Mrs. Harold Friess, added a high honor to the team's long list of winnings by being named high individual in overall senior judging with a score of 1,421. Friess won the same title last year.

Cleve T. Jones III, son of Mrs. Alice S. Jones, was high individual in the national wool contest with a score of 361 points.

The Sutton wool judging team raked up a score of 1,036 points, only four points higher than Bandera's second-place score of 1,032. Third with 1,030 was Crockett 4H; fourth Guadalupe County, New Mexico, with 1,026; fifth, San Saba 4H, with 1,024; and sixth, Lea County, New Mexico, with 984.

The two New Mexico teams marked the first time out of 23 state teams have competed at the Sonora Wool and Mohair Show.

Results not announced until Thursday in the Wednesday contests were Crockett County victories in three of the four senior divisions. Leading in senior wool, mohair and range judging, the Crockett team was also named top overall senior team. Bandera 4H won first in senior livestock judging.

Sutton County 4H was second high overall senior team, Bandera third, and Ozona fourth. In the junior events, Crockett 4H placed first in range and wool judging, and Bandera placed first in mohair and livestock. Bandera was also the top overall junior judging team, followed by Crockett, Sutton and San Saba, in that order.

Sutton 4H was named the best all-around club from the standpoint of overall participation. Bandera, Crockett and San Saba followed, in that order.

In senior judging overall high individuals following Friess were Frank Childress, Crockett 4H, 1,393; John Focke, Bandera 4H, 1,371; Bill Jacoby, Crockett 4H, 1,366; Jamie Sue Nixon, Bandera 4H, 1,316; David Jacoby, Crockett 4H, 1,302; and Diana Cahill, Sutton 4H, 1,296.

Following Cleve T. Jones III of Sutton, high individuals in national wool judging were Gordon Hall of San Saba 4H and Jamie Sue Nixon of Bandera 4H, tied at 359; Robert Garnand of Guadalupe County 4H New Mexico, 358; Frank Childress of Crockett 4H, 353; and Perl Harris of Lea County 4H New Mexico, 347.

Complete judging results follow: Senior Division Livestock, high individuals: 1. Johnny Lackey, Junction FFA, 370 points; 2. Kenneth Bannowsky, Junction FFA, 359; 3. John Focke, Bandera 4H, 354. First General Rain Of Year Leaves From 4 To 17 Inches

The first general West Texas rain of the year fell here last week. Starting Thursday afternoon, the rain fell intermittently through Sunday. Ranchers and merchants alike gleefully watched their rain gauges fill, run over and fill again.

Most of Sutton County received from four to eight inches, but reports of 11, 13, and even 17 inches were heard. One rancher, when asked how much rain he had gotten, exclaimed, "I thought I had a fairly good rain, having received eight inches, but after hearing those reports of 10 and 15 inches, I'm beginning to realize that I'm still in the drought!"

Soil runoff was held to a minimum in the northern and eastern parts of the country, thanks to previous rains which resulted in a fine cover of grass. The clear water running down the draws bore testimony to a good grass cover and a much-needed rain working together.

In the western and southern parts of the county, the rains were especially welcome, for only sparse showers and fallen in these areas during the year.

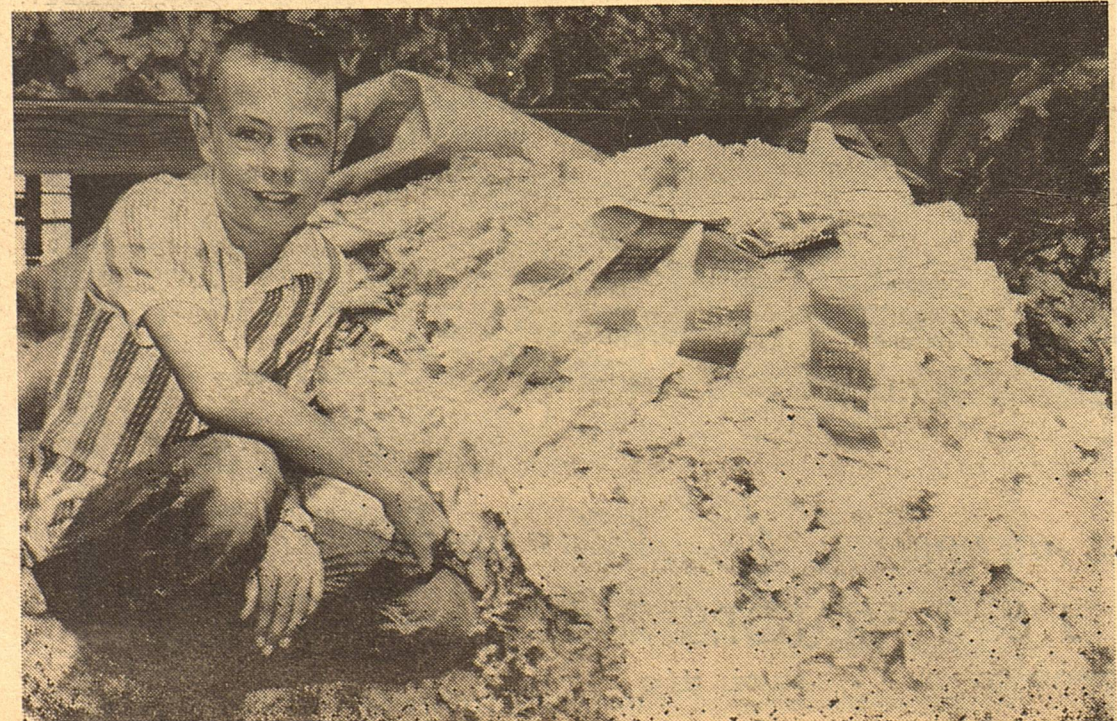

Several hard showers fell Thursday afternoon on the Lowrey Draw watershed causing Dam Sites 5, 9, 10, 11 and 12 to catch considerable water. Water in Site 9 ran through the

draw-down tube for three days.

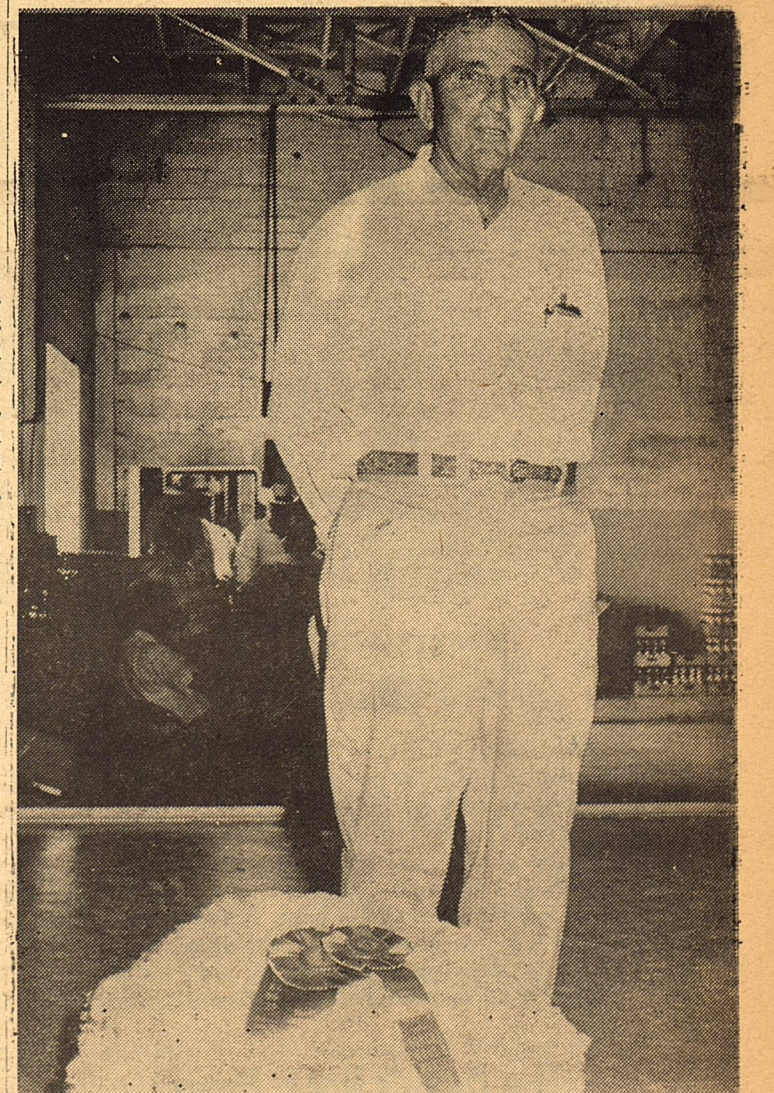

Range practices such as root plowing, pitting and deferred grazing will derive great benefits from the abundant moisture, as will grass seedlings, which should now be well established for vigorous growth. Moreover, a good seed crop is expected within the next few weeks from many of the more desirable native grasses, such as sideoats grama, vine mesquite and buffalo grass.

1958 Summer Traffic Fatalities Equal To Toll Of Three Greatest Natural Disasters

Seventy-two years ago, a dam on the Conemough River gave way and a vast wall of water 20 feet high roared down on helpless towns at a speed of 20 miles an hour. With 60 minutes Johnstown, Pennsylvania, a city of 30,000 people was almost completely destroyed, and seven nearby hamlets were wiped out. In that single hour 2,209 men, women and children lost their lives.

The Johnstown flood was one of three of the worst disasters the United States has ever experienced. The Galveston tidal wave in 1900 took 6,000 lives. The Titanic, then the largest ship afloat, took 1,517 people

down with her when she struck an iceberg in 1912. These three disasters cost a total of 9,726 lives, according to National Safety Council figures.

By the most macabre coincidence, the exact same number of lives—9,726—were taken in traffic accidents in the United States in three consecutive summer driving months—June, July, and August of 1958. Three national disasters—three consecutive months' toll in traffic accidents—the total was identical!

There is one major difference, however. The entire world mourned the loss of life caused by "natural" disasters. Yet no one seems to know or care about the fan-made disasters which occur on our streets and highways every summer. If the toll continues as it has in the past few years, more than 3,000 men, women and children will be beaten, battered and burned to death by motor vehicles each summer month—this June, this July and this August! Property damage will run into the billions. Some one will die every 14 minutes. Someone will be injured, perhaps crippled for life, every 23 seconds. And the world "will little note nor long re-

member". The tragic part of this coincidence is that while we could do nothing to prevent the flood, the sinking or the tidal wave, we can prevent traffic accidents. Better laws, better enforcement, better engineering and better vehicles are all part of the solution. However, it is a better driver behind the wheel, a better pedestrian on the street, who can do the most.

Today, the association of State and Provincial Safety Coordinators, and international association of safety officials appointed by the Governor of each state and the Premier of each Canadian province, launches a campaign to make our citizens aware of our problems and to enlist their support in solving it. The theme of the program, SLOW DOWN AND LIVE, will be carried through every known public information media. Law enforcement officers, governmental officials, safety groups and civic clubs are backing the program on an international basis.

President Kennedy and Prime Minister Diefenbaker of Canada have received telegrams from every United States Governor and every Canadian Premier asking their support and endorsement of the program.

Governor Daniel has further announced that Texas and local police officials have been asked to step up enforcement during these three months when vacation driving makes conditions extremely hazardous.

CHAMBER OF COMMERCE COMMENTS

"Water, water everywhere." here to see it. and not a drop too soon. This CAVERN NEWS - Business promises to be one of the best at the Caverns of Sonora is springs we have ever had in the end business coming from all fall. The merits of this rain lies in its extensiveness, not in its quantity, for it was truly a drouth breaker. This was the best, most general rain since 1941, and for those who had had previous rains, it was the clincher.

They say rebuilding water gaps is the most profitable work a ranchman ever does. Those in the eastern part of the County have certainly undergone this profitable experience. Did you realize that the two Sonora draws didn't run during the rainy spell? A heavy turf on the ground and flood control dams precluded the job. And Keng wasn't

here to see it. CAVERN NEWS - Business at the Caverns of Sonora is building up daily with the weekend business coming from all over. Every day this office receives many inquiries concerning the Caverns. The First National Bank mailed brochures to over 1,000 banks in Texas this week. Be funny if they would all come expecting to be Jack Neill's guest. Bet a lot of them do come, though, just to visit the Caverns of Sonora; for after all, it is the most extraordinary, fantastic underground attraction in the world.

A RENTAL DIRECTORY, which is being compiled by this office, is revealing the fact that Sonora has lots of rental property, some of it vacant right

now. We will appreciate rental property owners keeping us informed as to the status of their houses and apartments, for the housing field is one of our most important projects. When you locate people in Sonora, you are doing a lot for a lot of interests: the landlords, utility people, tax collectors, grocery men, drug stores, dry goods, cafes, service stations, laundries, lumber yards, jewelry stores-in fact, everybody profits from having payroll people living in Sonora. You spend your money where your family lives.

DO-BI-DO-The Westerner Square Dance Club had its annual meeting in Sonora Saturday evening, elected some officers, watched it rain and danced until midnight. The attendance was way down, as it had rained three days and nights but many came, coming from Big Spring, Sweetwater, Abilene, Hamlin, San Angelo, Del Rio, Kerrville, Austin and intermediate points. Ten squares were on the floor at all times and what a colorful show. Cullen Luttrell did a masterful job of Master of Ceremonies and he was assisted in all arrangements by Howard Westfall, Cashes Taylor, Wallace Renfro, Dick Morrison and their spouses.

The many visitors were amazed at the 4H Club Center and were high in their praise of it, saying it was the best of its kind they had ever seen and the acoustics was the best. They all plan to come back next year. NOW comes the Junior Rodeo, July 20, 21 and 22. Chairman Louis Powers is making many plans and this should be our

biggest and best. We need to elect a Sonora Queen to be installed at this affair and to serve for the next year. Last year Mary John Espy was elected Miss Sonora and has reigned for past year. She recently appeared at the Del Rio Junior Rodeo as Miss Sonora, riding in the parade and in the grand entry at each performance. Who will be MISS SONORA for the next year?

NOW, it has been suggested that Sonora have a Homecoming, once a year, so what do you think of having it in connection with our Quarter Horse Show? Say Friday, Saturday and Sunday, September 1, 2, 3, 1961? Nearly every town has one, Ozona is having theirs in connection with their Junior Rodeo. Our Horse Show is on Labor Day week end and at the beginning of school. Our Ex-Student Assn. use to meet the weekend before school started on Monday.

A Homecoming entails a lot of work. It is not only for ex-students but for ex-citizens as well. Possibilities are: a pageant depicting the development of Sutton County, school class reunions, a parade, an old settlers convention with a fiddlers contest and a barbecue, like we use to stage. The three day affair could terminate with a brush arbor preaching on Sunday, by some outstanding speaker, and dinner on the grounds.

Don't you think it would do us all good to pitch in, let down, work together and put on an annual event of this kind. Remember, these old timers are not going to be with us always. Lets celebrate now.

U.S. to Build Underground Center in Texas

Construction of an emergency regional headquarters for the United States, the huge underground control center near Denton, Texas, will start about June 1.

The reinforced concrete structure, which has been called "a milestone of U.S. civil defense progress," is designed to withstand a nearby H-bomb blast and protect its occupants from fallout. It would serve as a nerve center for the U.S. Government if other centers in or near Washington, D. C., were knocked out.

The 142 by 172-foot, two-level center, estimated to cost about \$2,000,000, will be the headquarters of the Office of Civil and Defense Mobilization's Region 5, which now occupies aboveground facilities at Denton.

Two hundred persons could be accommodated on a day-to-day basis in the self-sustaining structure, or 500 persons for 30 days on an emergency basis. Among internal facilities would be an intricate communications center and the latest computers for resources evaluation.

The Texas Sheep and Goat Raisers Association will pay a reward of \$500.00 for information leading to the arrest and final conviction of anyone for stealing sheep or goats from a member or members of the Association. Law enforcement officers are excluded from this offer. The information must be furnished to any law enforcement officer or to the Secretary of the Texas Sheep and Goat Raisers Association at its office, Cactus Hotel Annex, San Angelo, Texas, Telephone 6242 or 25612, San Angelo.

SUCCESS—The 24th annual Sonora Wool and Mohair Show went down in the books as a complete success. The competition was keener than ever, especially in the National Wool Judging Contest. Sonora won this event but there was only 12 points between the fifth and first team. We congratulate the Lions Club, Clint Langford, Fred Earwood and all committees for they did a marvelous job and on a project so important to the ranching industry.

COMING—September 2, 1961 the Sonora Quarter Horse Show. E. P. Bloodworth, Billie Galbreath and Lawrence Finklea are really working on this project and committees will be put

GOLF—The pipe is on the ground, 2,000 feet four inch, 4,000 feet 2 inch and 1,500 feet 1½ inch, and when the weather permits the welding will begin. As soon as the pipe is laid the construction of the greens will begin. The first green will be a practice putting green and there will be two driving ranges. Some Sonora golfers seem not to need much practice, Vernon Rogers brought home the runner-up trophy from a tournament at Shamrock and Wallace Renfro brought home a passle of trophies from the Brady Tournament. We can promise the women of Sonora one thing, when the Golf

Game Commission Public Hearing Slated Monday

Edwards Plateau Game and Fish Commission personnel announces that the annual public hearing to discuss proposed hunting, fishing and trapping regulations will be held Monday, June 26, 1961 at 2 p.m. in the court house of Sonora, Sutton County, Texas. New regulations that will be interest in this area is the addition to the bag limit of white tailed deer. Also the antlerless and or doe deer check stations have been discontinued. Several other proposals will be discussed. Everyone interested is urged to attend and participate.

Canadian Fishermen To Leave Friday

"We'll fish for everything from 32-pound lake trout to three-pound graylings, including northern pickeral," reported First National Bank President Jack Neill in regard to a prospective Canadian fishing trip. Piloted by Gay Copeland, Neill will fly with Ed L. Mears of Menard, Dr. C. F. Browne, Gay Copeland and Lea Allison to Lac de Ronce, Canada, early Friday morning. The fishermen will then proceed by floatplane to Lake Waterbury, 250 miles northwest of Ronce, for their one week fishing spree.

SGT. MIGUEL IBARRA ON DUTY IN GERMANY

Sergeant First Class Miguel C. Ibarra, Jr., participated with other personnel from the Seventh U.S. Army's 32nd Signal Battalion in April Shower, a command post exercise in Germany, June 2-9. The exercise was designed as a study of organization, displacement of units, communications and logistics. All U.S. corps and divisions within the Seventh Army participated at command levels.

During April Shower, control staffs fed problems and situations involving the activities of a simulated aggressor force to the participating commands. These units then took the necessary action.

Sergeant Ibarra is supply sergeant of the battalion's Headquarters Company, which is regularly located in Darmstadt, Germany. A 1950 graduate of Sonora High School and son of Mr. and Mrs. Miguel Ibarra of Sonora, he entered the Army in February, 1952, and arrived overseas in June 1959, on this tour of duty. His wife, Elfriede, is with him in Germany.

Lions Rear

The Sonora Lions Club held its weekly meeting Tuesday noon in the basement of the First Methodist Church. The Lions, who were served by members of the Music Club, saw a program presented by the local 4H Judging teams.

Preston Neely was in charge of the group, which was introduced by Doyle Morton, and various members of the team explained the different aspects of judging.

John Paul Friess discussed grass judging. Diana Cahill talked of range judging and Cleve T. Jones III spoke on wool judging.

The team then told of its trips and activities of the past year. These included judging contests and shows in Alpine, San Antonio and Kerrville, as well as the state contests in San Angelo for wool and mohair judges and at A. & M. for grass judges.

Other members of the team present included Dick McMillan, Jerry Shurley, Ray Glasscock, Robert Brown and Chris Berger.

Guests present at the meeting were A. L. Russell of Cisco, Lindsey Davis of Rocksprings, Jas Harris, Edgar Glasscock and Stan Bundy.

NOTICE

Mrs. Leo Labenske was hostess to the Thursday Bridge Club in the home of Mr. and Mrs. John Cauthorn last Thursday, June 15.

Miss Rebecca Ann Wyche Bride Of Ronnie Carrol Hopkins In Fort Stockton

Miss Rebecca Ann Wyche became the bride of Ronnie Carrol Hopkins at 3 p.m. Saturday in the Fort Stockton ranch home of the bride's grandparents, Mr. and Mrs. Ed Pfister, in a double ring ceremony before an arbor of climbing ivy entwined with pink and white roses. Mr. John McClish, Jr., minister of the Church of Christ, read the marriage vows.

The bride is the daughter of Mrs. Joe Ben Elkins of Fort Stockton and Jack Wyche of Anaheim, California. Mrs. Beulah Pfister of Sonora is her great-grandmother. The bridegroom's parents are Mr. and Mrs. Robert E. Hopkins.

The bride, given in marriage by her grandfather, Mr. Pfister, wore a waltz length gown of white combination-silk brocade fashioned with long sleeves and sweetheart neckline. A crown of seed pearls held her waist length veil of illusion, and she carried a white orchid surrounded by white rose buds. For something old she wore a 50 year old gold and diamond locket belonging to her grandmother, Mrs. Pfister.

The bride's attendants were Mrs. David Gruny, matron of honor, and Sherri, junior bridesmaid and cousin of the bride. The groom was served by his best man, David Gruny; and by the junior groomsman, Dennis Pfister, and usher Tony Green, both cousins of the bride.

A reception was held at the ranch home following the ceremony. The bride's aunts, Mmes. Wayne Green, Roy Pfister, and Willis Pfister, assisted with courtesies. The bride's chosen colors of pink and white were used throughout the home in floral arrangements.

Luttrell-Westbrook Vows Told In Eldorado Ceremony Saturday

Mr. and Mrs. Jbe Luttrell were united in marriage by Rev. D. C. DuBose in a ceremony of Eldorado, Saturday, June 10, held in the First Baptist Church. The bride is the former Miss Myrtle Westbrook, daughter of Mr. and Mrs. A. L. Westbrook of Eldorado, and the bridegroom's parents are Mr. and Mrs. J. C. Luttrell.

These New Parents Congratulations!

Mr. and Mrs. Jimmy Morrow have announced the birth of a 6 pound, 3 ounce son, James Daniel. Born Monday, May 29, in Maricao, Venezuela, he has two sisters, Balerie and Janet. Grandparents are Dr. J. J. Ruiz of Houston, and Mrs. Violet Morrow of Sonora.

HOWELL'S RETURN HOME

Dr. and Mrs. J. F. Howell and Charlie returned home Monday from a trip to Mississippi. The Howells, who left Sonora two weeks ago, visited Mrs. Howell's sisters and families, Mrs. J. G. Johnson and family and Mr. and Mrs. R. G. Coleman, in Winona, Mississippi.

The Howells then proceeded to Oxford, Mississippi, where they left Charlie for a pre-college conference at the University of Mississippi.

From Oxford Dr. and Mrs. Howell went to Russellville, Alabama, for a short visit with Mr. and Mrs. W. W. Hudson, Dr. Howell's aunt and family.

While in Alabama, they visited the Dismal Gardens, and then returned to Oxford, where Dr. Howell visited friends. The Howells were also guests of Mr. and Mrs. Sam B. Hammound of Itabena, Mississippi.

Dr. and Mrs. Howell and Charlie returned home, after a short fishing trip to Buchanan Dam.

192 Fishermen Caught Without Their Licenses

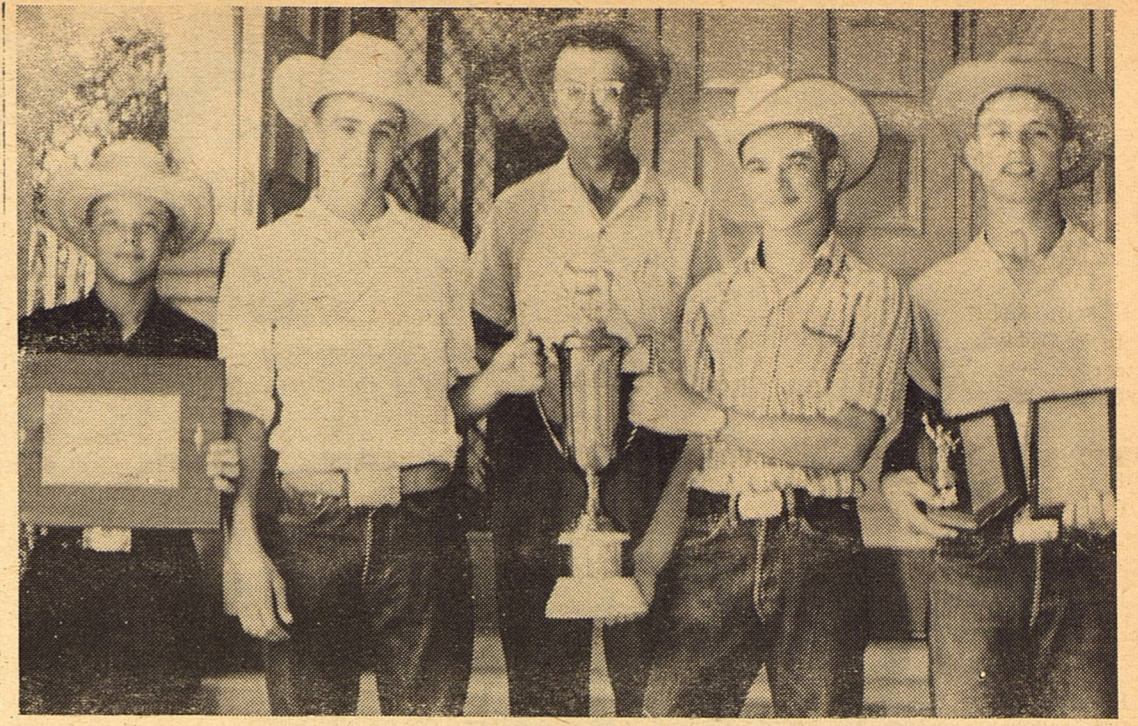

Too many Texas fishermen tried to get by without buying a license during the month of May, and 192 paid fines, according to the violations report of the Game and Fish Commission. In all there were 333 arrests. Fines and costs collected amounted to \$7,783.03.

Eleven hunters paid fines for shooting deer out of season. There was only one violation for "telephoning" fish during the month.

Heaviest fine of the month was \$150, paid by a Midland man for possession of doe deer out of season.

Several night hunters paid fines ranging from \$25 to \$50 each.

Capt. E. M. Sprott, director of law enforcement, warned vacation fishermen that a \$2.15 license is required for any person between 17 and 65 fishing outside his home county, or fishing in his home county with any kind of winding device.

Devil's River Philosopher Throws Cold Water On Attempt To Conquer Moon In Order To Conquer Earth

Editor's Note. The Devil's River Philosopher on his bitter-weed ranch on Devil's River explores space this week, strictly from his rocking chair.

Dear editar:
In this day and age, nobody wants to be called scientifically backwards, although I've been called backwards in a lot of other fields and it hasn't bothered me, at least not to the extent of doing anything about it, but a neighbor of mine said he read a letter of mine in The Devil a while back and got the idea I was opposed to exploring space, like sending a man to the moon.

He got it wrong. I'm not opposed to exploring space, so long as somebody else besides me is in the rocket, but I would like to point out that my guess that man may not find as much out in space as he thinks has now been agreed to by at least some scientists.

In a poll of space scientists the other day, it was found some scientists say it is essential that we get a man on the moon, and

some say they doubt it would be worth the cost.

Here's the thing. The scientists for putting a man on the moon say it's necessary, because if Russia gets complete control of the moon, she can have a better chance at controlling the earth.

I got to thinking about this, and it suddenly dawned on me that if you can control the earth from the moon, why can't you control the moon from Mars or Venus or some other planet?

You mean to say that in order to control the earth, we've got to control the moon, and in order to control the moon, we've got to control the next planet beyond that, and then the next after that, and so on and on out into the limitless areas of unexplored space?

This not only stretches the imagination, but it stretched and broke the national budget several planets back. This sure is going a long ways out in space to get peace on earth. It's like me saying I'll have to conquer all the land in North America

before I can control this bitter-weed ranch, whereas you and I both know what's standing in the way of improving this ranch ain't the rest of North America, it's mostly me.

Conquering the moon and all the other planets in the universe in order to conquer the earth reminds me of a quotation: "The fault, dear Brutus, lies not in our stars but in ourselves." This is from Shakespeare, which I read on the back of a calendar in 1931.

Yours faithfully,
J. A.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is the look that started with Thunderbird—sired the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automati-

cally. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

Registration Law Tough On Reds, Says O. C. Fisher

By Congressman O. C. Fisher

AFTER 11 years of litigation following enactment by Congress of a law requiring the registration of Communists, that law was upheld last week by a 5 to 4 decision of the Supreme Court.

This is a bitter pill for the Commies to take. Gus Hall, the party's general secretary, said the ruling "asks the Communist Party to commit suicide. We are not going to co-operate."

Hall said officers of the party would prefer to spend the rest of their lives in jail rather than betray the trust of the membership by making their names public.

A better place for them to spend the rest of their lives can hardly be imagined.

As would be expected, Chief Justice Warren and Justices Black, Brennan, and Douglas, dissented.

Upholding the law against the Communist conspiracy were, as would be expected, Justices Frankfurter, Harlan, Whittaker, Stewart and Clark.

Under the law now the Com-

unist Party must register a list of its officers and members. It must account for the money it receives. It must list all printing presses and machines it owns or controls.

If it fails to do so within 30 days after final order is issued by the Subversive Activities Control Board, the Party can be fined \$10,000 a day. Members who violate the act can be fined \$10,000 and jailed for 5 years for each day they fail to register.

THIS IS THE SECOND 5 to 4 decision against the Commies recently. Only two months ago the Court upheld convictions of two trouble-makers with long Communist connection for contempt of Congress. They had defied the House Un-American Activities Committee when questioned about their communism.

The same Justices dissented in

that blow against the pre-Communist tactics—Warren, Douglas, Black and Brennan.

As a result of these and other recent decisions it begins to look as if the balance of power on that count has been tilted to the right, following a long series of pro-Communist decisions by a majority of the Justices.

Just one stop at your Chevrolet dealer's does it.

New Chevrolet IMPALA SPORT SEDAN

One of five delightful Impala models with just about everything anyone could want in a car. Here's top-of-the-line luxury—at a sensible Chevy price.

New Chevrolet BEL AIR 2-DOOR SEDAN

Like all Chevrolets, this family favorite brings you Body by Fisher craftsmanship . . . and it's priced just above the thriftiest full-sized Chevrolets.

CHEVY'S traditionally high resale means it costs less in the long run

Because these people-pleasing Chevies keep on bringing more trade-in money, it's almost like having your cake and eating it, too. One more reason for going Jet-smooth Chevrolet. Happy motoring. And many happy returns!

(Based on prices in the National Automobile Dealers Association official USED CAR GUIDE, recent-model Chevrolets are now bringing a higher percentage of their original price than any other full-sized car in their field.)
