FORTY-SIXTH WEEK

## Name - Dropping

By Jo Bess VanderStucken

Has anyone heard the new hit singers known as the "Candy-Stripped Sisters"? These talented, promising Sonora girls are none other than Pam Jones, Debby Cooper and Jane Loiry. The latter member of this famed trio, however, has not been singing up to par lately due to a most disturbing factor met in Putman, where Jane has been vacationing recently.

Among those participating in the Rocksprings Junior Rodeo August 4 and 5 were various Sonora cowboys, including Charlie Howell, Adrian McCoy, Johnny Fields, Jimmy and Zane Powers, Johnny Merck and Jimmy Frank Richardson. All made a fine showing.

Linda Spraggins was in Sterling City Sunday, August 6, with her parents, Mr. and Mrs. Lewis Spraggins, attending a family reunion. Linda, a spring honor graduate of Sonora Public Schools, plans to attend Texas Woman's University in Denton this fall—if she passes her entrance examinations this week. Best of luck, Linda.

Francine Fields, daughter of Mrs. Bill Fields, Candace Cauthorn, daughter of Mr. and Mrs. Dan Cauthorn, Betty Jack Cooper, daughter of Mrs. Harva Cooper, and Cissy Young, daughter of Wesley Young and Mrs. Lois Young, are attending a school for cheerleaders held on the campus of SMU in Dallas this week. Miss Wanda Shellnut, local high school physical education teacher, sponsored the group. The girls will no doubt come back with greater yelling abilities, as well as will many sore muscles and various other aches and pains.

Sondra Nicks, the fifth of the Sonora High cheerleaders, was not able to attend the camp. The daughter of Mr. and Mrs. Gerald Nicks, Sandra will be a senior this fall.

Clara Margaret Schwiening is vacationing this week at Camp Capers, an Episcopal Church camp near Boerne. Clara Margaret, who will be a freshman in Sonora High this fall, is attending the camp for her fifth summer and has missed only one summer during the past six years due to a serious snake bite.

Margaret Loiry, daughter of Rev. and Mrs. Alvin Loiry, and Mary Hawkins, daughter of Mr. and Mrs. Ed Hawkins, were among the 380 young people of the Baptist Church in this district who attended the Baptist Encampment near Lake Brownwood. The girls, who left for the four-day camp Monday, July 31,

## Up To One Inch Rainfall Results From Monday Morning Thunderstorm

An unannounced thunderstorm, accompanied by a brilliant electrical display, awoke Sonora residents about 5:00 A.M. Monday. Only a sprinkle fell in the city, but some ranchmen south and east of Sonora measured up to one inch of moisture. Harold Friess received .6 to 1.00; Billy Galbreath 1.00; Dennis Fisher 1.00; Thomas Morris .30 to 1.00; and the Experiment Station .36. Good showers were reported east of Sonora.

No rain was in evidence Sunday night, so the sudden Monday storm caused some anxiety on the part of many ranchmen with freshly shorn goats. The shower and north wind was of brief duration, however, and no goat losses were reported.

## SCS Registration To Begin August 15, Says Morgan

High school registration will begin here next week in the high school building, according to Doyle Morgan, principal.

Seniors will register Tuesday morning, August 15, from 8:30 to 12:00 noon.

Registration time for juniors will be Wednesday morning, August 16, from 8:30 to 12:00 noon.

Sophomores will register Thursday morning, August 17, from 8:30 to 12:00 noon.

Freshman should report Friday morning, August 18, from 8:30 to 12:00 noon for registration.

"It is important that all prospective high school students register at the designated time if at all possible," Morgan said, and then added that if it were impossible for a student to register next week he should do so before Friday, August 25, the opening day of school.

and arrived home Thursday, August 3, sang in the camp choir. Also attending the camp was Virginia Green, niece of Mr. and Mrs. Billy Green.

Elaine Mears, daughter of Mr. and Mrs. Freeman Mears, was in San Marcos last week at Southwest Texas State Teachers' College, where Elaine plans to attend college following her high school graduation next spring. Elaine, who is an active member of the high school volleyball team, plans a physical education major in college. She was accompanied to San Marcos by her parents and younger brother, Royce.

The Name-Dropper was in Denton last weekend, during which time she took college entrance and placement tests to determine whether and where she should be placed.

## LINDA McBRIDE NAMED JUNIOR BRAVE OF WEEK

Linda McBride, daughter of Mr. and Mrs. Vestel Askew, was named Junior Brave of the week for the Shawnee Tribe at Heart O' The Hills Camp for junior girls at Hunt last week.

Linda was chosen on the basis of her cooperation and individual improvement in various activities.

## Caverns Attendance Up 40% This Month Says Head Guide

Improvements are being made in and around the Caverns of Sonora, and attendance is up 40% over last month, according to head Caverns guide Luther Walker.

Work on a temporary cave exit is nearing completion, and the construction of a new concession building has been started. New tables have been added to the picnic area, which is encircled by a newly-constructed road. Souvenirs of the Caverns and of Sonora, moreover, are now being sold.

Paid attendance for the first seven days of August follows: August 1, 135; August 2, 136; August 3, 106; August 4, 113; August 5, 331; August 6, 559, and August 7, 183.

The many visitors this week came from all over the world and included tourists from Vancouver B. C., Canada; Najoma, Japan; Columbia, South America; London, England, and Malmo, Sweden.

Other cave customers came from Los Angeles, California; Detroit, Michigan; Port Rickey, Florida; West Haven, Connecticut; Peoria, Illinois, and New York City, New York.

## Damage Slight In Monday Fire

Members of the Sonora Volunteer Fire Department answered a call to the home of Mrs. Lois Young Monday morning where a fire had started in a television set. The television set was a complete loss but other damage was limited to slight damage from smoke.

The family had been to town and returned to find the television set on fire. Mrs. Young removed it to the garage where firemen extinguished the fire.

Nethery, Jr. ironed out technicalities of property transfer from Major Nethery's command to that of Captain Skaggs.

1st Gt. Barnes brought supplies to Sonora for issue to Troop "B" 's 1st and 2nd Platoons. Instructor for the August 1 drill period was Sp4 Daniel Rios of Ozona who presented two hours of lecture, films and examination on first aid. The August 7 period saw Lt. James G. Kimrey of San Angelo present two hours of combined instruction on map reading. The August 15 drill period will see Pfc. ## Little League Has Most Successful Season This Year

This year's Little League program in Sonora was one of the most successful in this history of the yearly program. Between 90 and 100 nine to twelve-year-old boys participated, and 15 or 20 men, including managers and umpires, were directly involved.

The cost of the Little League program this year is estimated at \$2,000, or over \$20 per boy, plus an extra \$100 cost for the playoff games with Big Lake and Pecos. According to a recent report, an additional amount of \$140 is needed to clear the unpaid balance.

A special thanks is extended to the sponsors, patrons and parents who, according to all-star managers Wallace Renfro heartedly in every phase of the and John Bell "cooperated whole-

Hopkins reminds all boys that they must have a physical examination before participating in any athletic sport. These examinations must be completed before workouts begin.

Workouts will begin at eight o'clock Monday morning, August 14, at the football field.

Little League program to make this season one of the best and most successful Sonora has ever had."

Sutton County hunters will be able to kill three deer, the third antlerless deer to be known as bonus deer, in this county and 13 others in Texas in the upcoming season starting November 16. These are counties under regulatory where there is an overpopulation of deer, and efforts will be made to bring sex ratio into balance by special permit for a third deer.

The bonus deer tag must be obtained from a landowner, where the area has been designated as having a surplus of deer. The harvest of doe deer will be permitted in most of the other counties under regulatory au-

thority, and these permits will be available from the landowner after census counts have been made. The bonus deer allowance will be the first in a quarter of a century by which it has been legal to kill three deer in Texas.

Other counties in which it will be permissible to bag three deer are Bandera, Crockett, Edwards, Llano, Mason, and Medina in the Edwards Plateau regulatory district; Comal, Dimmitt and Zavala counties in the South Texas district; Freestone, Grimes and Robertson counties in the Trinity-Brazos district; and Bosque county in the Possum Kingdom district.

## CIO Black Lists 9 Texas Congressmen Including Fisher

By Congressman O. C. Fisher  
CIO's COPE (Committee on Political Education), preparing for next year's elections, has just released a "black list" of 9 Texas Congressmen, including myself, marked for liquidation. Other Texas Congressmen included are: Casey, Alger, Dowdy, Kilgore, Teague, Burleson, Mahon and Rogers.

This follows on the heel of Jimmy Hoffa's recent announcement that his Teamsters union is training their wives to join them in an all-out drive to defeat those of us who have stood up against their selfish demands.

This reminds us of James B. Carey's threat against those of us who voted for the Landrum-Griffin bill to curb racketeering among union bosses. In a letter to me Carey said his crowd would go into my district and "take appropriate action at the ballot box" because of my vote against union racketeers.

Carey, a vice-president of CIO, is regarded by many as one of the leading advocates of class warfare in America.

Further evidence of the arrogance of Labor's radical political bosses, was shown by James McDevitt, National Director of COPE in a speech to union leaders in Hartford, Conn., when he cracked the whip over their heads by saying: "We are going to get the labor leaders who differ publicly with the position on candidates and issues already established by the labor movement—We are warning you now, and we are warning all in the future; do not differ with the movement with respect to issues or candidates. We will not stand for it."

But an analysis of election returns has revealed that the Union political bosses has not always been able to lead the union members around by the nose, as they often seek to do. Many union members insist they are still free Americans and prefer to exercise some measure of freedom at the ballot boxes, despite the threats and intimidations from the big bosses.

It goes without saying that the CIO leaders are free to sup-

## Abilene Man Guest Speaker At Lions Club

J. F. Longley of Abilene was guest speaker this week at the Lions Club. A graduate of Texas A and M College, Longley spoke on the importance of limiting governmental power in maintaining American freedom.

"The government is best which governs least," Longley asserted, and added, "The government should do for its people only those things they are unable to do for themselves."

J. F. Longley, Vice President WEST TEXAS UTILITIES CO.

"If the Russians are smart and will give us a little more time," Longley said, "we will adopt their system without their having to fire a shot or drop a bomb." Longley went on to say that the present trend of federal aid was socialistic and could be reversed only by greater interest in government activities.

"If you agree with me that we are headed the wrong way," Longley concluded, "let's do something about it while we still have freedom to do the things we want to do."

Longley, who was born and reared in Seymour, has been employed by West Texas Utilities Company since 1926 and has been a vice president of his company since 1955. He is currently vice president and general superintendent of that company, and is a member and a director of the Abilene Lions Club.

port or oppose any candidate for any office. They have axes to grind. They support measures which if enacted would wipe out such laws as the Landrum-Griffin Act, the Taft-Hartley Act, and other measures designed to bring the unions under some measure of public control. They advocate state welfare and socialistic programs which now prevail in socialist countries.

Those of us who do not yield to such threats and pressures can expect to be opposed by the professional leaders. In their lust for power they want Congressmen who will do their bidding. I am not surprised, therefore, to be included on their black list.

Mike St. Clair holds what looks like an extra big squash but is really a Russian cucumber. The cucumber was raised by Mr. and Mrs. C. W. Sims. It measures 36 inches long and is 12 inches in circumference.

### 'Devil's River Philosopher Takes Look At New Russian Campaign Promises, Discovers Some Flaws

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River takes a look at the world situation this week. He may need better glasses.

Dear editor:  
"Well, what do you think Russia is going to do about what we're going to do about West Berlin?" a man in town who keeps up with world affairs and is no more in the dark than the average Congressman asked me yesterday when I went in to get something to keep my pickup radiator from leaking.

I told him I didn't know and then, just to be doing, asked him if he thought there was anything to the report I'd just heard on the radio that serious trouble will break out next in Kuwon.

"It's hard to say," he said. "I've been expecting it. The world is full of potential trouble spots and Kuwon very easily could be the next one. It's worth watching."

I didn't say anything much, but came on home, not having the heart to tell him that as far as I know I'm the only one who ever heard of Kuwon, since it was a word I made up on the spur of the moment.

Don't laugh. I have a notion there are people in Washington who would fall for this too, and if somebody didn't stop them

would vote for foreign aid for the fictitious place and then take off in an airplane hunting for it.

Understand, I'm not opposed to foreign aid, the last four Presidents we've had, from both parties, have argued foreign aid is cheaper than war, and a lot safer, and I imagine they're right, but I'm not sure we're making all our money count. A neighbor of mine, who doesn't pretend to keep up with world affairs but keeps up with human nature, says this country's reputation abroad reminds him of a rich boy in college with plenty of money but not much personality—he attracts lots of people around him, but has very few friends.

On the whole though the problem is too big for me and I'm happy to have somebody else making the decisions.

Say, the joke sure would be on me if there is such a place as Kuwon. Is there?

Yours faithfully,  
J. A.

### Wanton Spending Means Inflation Says O. C. Fisher

By Congressman O. C. Fisher

THE WIDELY ACCLAIMED message by President Kennedy concerning the Berlin crisis received immediate response from the Congress. Authority to call up reserves and to otherwise expand our armed forces was approved within a week.

The added cost is estimated at around \$4 billion, bringing the budget for national defense along to nearly \$50 billion during the current fiscal year.

This is all well and good. Our survival is involved, and there seems to be no alternative but to plug all loopholes and leave no stones unturned in our preparation for powerful retaliation if war is forced upon the West by the Soviet imperialists.

But unfortunately we are not well prepared for such outlays from a fiscal standpoint. This Congress has been spending money this year, chiefly for welfare programs, at an unprecedented pace. Instead of tightening our domestic belts in preparation for the day of an emergency, as contained in the President's message, the belt has been loosened by reckless spending, by a multitude of new welfare programs that cost a lot of money.

What are the facts? Thus far there have been more than 25 budget amendments transmitted to the Congress by the President. The result has been that whereas in March Secretary of Treasury Dillon estimated a deficit during the fiscal year which ended in June of \$2.2 billion, after the fiscal year ended he was forced to admit that the deficit was actually \$3.9 billion.

And that tells but a part of the story. There has actually been a \$9 billion increase in authority for new and increased spending—not counting the \$4 billions requested in the emergency message. And that does not take into account a considerable amount of back-door spending, such as is included in public housing, etc., that is not reflected in budget estimates.

This wanton spending program can only lead to more inflation and a gradual weakening of fiscal stability. It means an ever-increasing public debt. It means a more powerful government in Washington. This spending-to-lose policy is simply unsound and it can lead to disaster.

We must provide adequately for our defense program. But instead of talking of new and increased taxes to finance it, it is time to retrench elsewhere. There is more reason for that being done now than ever.

## I Give You Texas

By Boyce House

One of the few spots which proved somewhat disappointing in New York City on my first (and only) visit was Washington Square. It is a bare looking place, with lots of concrete and little of nature. The song, "Rose of Washington Square," was echoing in my memory; but I saw only one woman who would be considered really pretty in Texas.

Nearby was Greenwich Village. (Maybe Washington Square is part of the Village.) One place with a rather quaint name, "Cozy Corner Coffee Shop," had a sign, "Ice cream sundaes." Reminded me of the man who said, "Bring me pie a la mode—and put some ice cream on it."

A bit of history which I had never heard before is in Fallows' "Life of McKinley."

Telling of the martyred presidents, the writer says that when the orchestra learned that Lincoln was going to attend the performance, an Italian named Taltavullo suggested to the director that the orchestra flag be used to decorate the box, and this was done.

It was on this flag that—after the fatal shot—the assassin's foot caught as he leaped from the box, causing him to fall heavily to the stage and injure

September 26, 1896  
Episcopal services will be held at the court house Sunday by the resident pastor Rev. A. Rooney at 11 o'clock a.m. and 8 o'clock p.m. All are invited to attend.

There were 42 votes cast at the hog election last Saturday. The vote stood 19 to 23 for the hog law.

On Thursday evening at the Episcopal church, Mr. Andrew Paterson and Miss Nansie Roberts were united in the holy bonds of wedlock, Rev. A. Rooney officiating. Mr. Paterson is a prominent stockman of this county and his bride is the accomplished sister of Mr. Joe Roberts. -Junction City Citizen.

his leg. But for the injury, Booth might have escaped.

Afterward the flag was for a long time in the possession of the orchestra director, William Withers, Jr., who then gave it to the owner, Taltavullo, who resided in Memphis, Tenn.

Tombstone is one of the best-known towns in the world. At least a dozen books have been written about the Arizona mining town—and no telling how many movies have been made about it.

The place was laid out in 1879 and two years later, it had a population of 7,000—although say the number was double that. The town enjoyed (if that is the appropriate word) five years of the wild life and another five years of real activity during which most of the \$80,000,000 worth of minerals were produced. The inhabitants now total less than 1,000.

### MINISTREL SHOW

The Sonora Minstrels will give a show on the night of Oct. 31st for benefit of churches. One-half proceeds go to Methodist and Baptist churches and one-half to the Episcopal church. Reserved seats 50c, General admission 25c, Children 15c.

Rev. John S. Durst of the Christian Church of Junction City will begin a protracted meeting at the church in Sonora on Saturday Nov. 7th. Rev. Mr. Durst is said to be an eloquent divine and all are invited to attend this meeting.

Geo. Traweck conceived the idea of having a grand barbecue in Sonora on October 31st and on circulating a paper met with sufficient encouragement to justify the announcement that Sonora will give the barbecue and that it will be a success. The candidates for offices are putting up most of the expenses.

## CHAMBER OF COMMERCE COMMENTS

SPIELUNKERS- On the Labor Day weekend Sonora will have with us the members of four travel 20,800 miles per year just going to work.

Another nice story, by Alexander, concerned the Caverns of Sonora. It was a big story, good position, and will do us worlds of good. Then George Dolan, in his front page column, gave the Caverns another nice plug.

HUNTING-The hunting season is just around the corner and with the most deer and turkey in our history the Game Department recommends putting some of them in the bank. This year we are allowed the third deer, a doe it must be, which is at the land owners discretion. Hunting is big business, a little aggravating but it only lasts 45 days, that. We need listings.

NEWS- The Fort Worth Star-Telegram last week ran three stories of Sonora interest. One was a write-up of the Stanton Bundy family. This real nice story by E. D. Alexander reveals that the Bundy brats travel 14,400 miles per year just going to school, while Stan and Mac Day weekend Sonora will have with us the members of four Grottos, the Abilene, the Dallas-Fort Worth, the Austin and the San Antonio. Some 56 to 60 men will converge on Sonora Friday for the purpose of exploring wild caves. Ranchmen with Caves on their land should let us know and these explorers in groups of fours will investigate. Can't tell, "Thar might be gold under them thar hills".

is over. Those who drew gold out of the banks and sub treasuries on account of the scare can now turn it loose.

Just because the man you voted for was defeated is no reason why you should regret having voted for him.

In Sutton County these were elected: County Judge, Rountree; Clerk, S. H. Stokes; Sheriff, J. P. McConnell; Treasurer, Cusenberry; Assessor, Swearingen; Surveyor, John McNicol; Inspector, Hemphill; Commissioner Precinct 1, Stewart; Justice of the Peace, Precinct 1, Stewart; Constable of Precinct 3, Merck; Commissioner of Precinct 4, Williamson; County Attorney, W. R. G. Kleberg of the King ranch bought the Gunther herd of 600 head of Hereford cattle from the Dr. J. B. Taylor administrators for about \$15,000. These cattle were on the Taylor

Fred Berger, a Sutton County sheepman, was here last week, and he was about the happiest man we have seen for some time. He had a marriage license in his pocket and was on his way to Elmendorf, Texas, where he was married on Thursday, November 12, to Miss Helen Brehm, of this county. They left Saturday morning for Sutton County, their future home. Quite a number of Mr. Berger's old friends were present at the ceremony, and all join with us in extending congratulations. -San Antonio Stokman.
