SIXTH WEEK

Five Sonora Women Complete Course in Licensed Vocational Nursing

All five members of the first class in Licensed Vocational Nursing at Hudspeth Memorial Hospital have successfully passed their state board examinations and received their licenses to practice, according to Albert M. Everett, Jr., hospital administrator.

The class began its studies in September 1960 and the course has included both classroom instruction and floor work. The local school was ranked 18th of 73 schools in the state on grade basis.

Receiving their licenses are Fae La Rae Adams, Ella (Mrs. Francis) Archer, Clarice (Mrs. Cris) Haines, Jacquelyn (Mrs. Elgin) Schmidt and Aline Schwenning.

The next LVN school will begin in January of 1962 and anyone interested is requested to contact Everett at the hospital.

December 1 Deadline To Apply For School Loans

The Advisory Committee of the Sutton County Educational Trust will meet at the fellowship hall of the First Methodist Church at one o'clock Friday afternoon, December 22, to receive applications for loans for the second college semester.

All applications for educational loans must be in the hands of the board not later than December 1, 1961.

Students now receiving funds from the Trust must report to the board at the December 22 meeting and will be required to present a photostatic copy of their grades or a progress report from their dean.

New applications will also be considered at this time.

The world's lowest temperature, 125 degrees below zero, was recorded in Antarctica in 1958.

Lions Roar

A film on the Canadian wilderness was shown to members and guests of the Sonora Lions Club at its regular Tuesday luncheon meeting at the First Methodist Church this week. Ralph J. Finklea showed and narrated the film.

Announcement was made by Lions President E. B. Keng of the appointment of a joint Lions-Chamber of Commerce committee to prepare for the ranchers' meeting on November 14. Named were:

Meat: George Brockman, Sears Sentej and W. B. McMillan.

Arrangements: W. J. Thompson, Leon Neely, and R. S. Teaff. Food: Nolan W. Johnson, G. H. Hall, W. B. Lovelace, W. L. (Tom) Davis and W. F. Berger. Guests present were John Demkovich of Rahway, New Jersey and Clarence Key, formerly of Ozona and now of Sonora.

The world's highest temperature, 136 degrees, was recorded in Libya in 1922.

Francine Fields Elected Queen Of Annual Halloween Carnival

Animal Health Draws Attention Of Sutton County And Texas Ranchers

The animal health situation in Sutton County and Texas is getting major attention. The screw-worm, a pest causing an estimated annual loss of one hundred million dollars, is a primary target.

In a recent meeting attended by a group of Sutton County livestock producers and others concerned with animal health decided to organize and support a state-wide effort.

The group will support the recently formed Southwest Animal Health Research Foundation in its drive to do something about the animal health situation. Its purposes are to receive and disburse funds, and sponsor research and education programs on animal health-including diseases, insects and parasites-to the end that these hazards of livestock production may eventually be controlled.

The Foundation's first major effort will be a program aimed at controlling the screwworm. The proposed program is patterned after the successful drive in Florida and the Southeast. The method used was based on the

release of sterile male screw-worm flies over the State which resulted in the production of infertile eggs and almost complete elimination of the fly population.

Such a program in Texas will encounter problems not found in Florida. It is bordered by great land areas where the flies overwinter but cooperative efforts could overcome some of the problems.

Sutton County producers are being asked to contribute on the basis of \$25.00 per section of land. Contributions may be made to any member of the committee, to the Chamber of Commerce or to the First National Bank. Checks should be made payable to Sutton Screwworm Fund and all monies collected will be held in escrow until the establishment of a definite program is assured.

Mrs. J. D. Eaton and daughters Miss Bertha Eaton and Mrs. Dow Chapman, all of San Angelo, were weekend guests of her son and daughter-in-law, Mr. and Mrs. John Eaton.

Funeral Services For E. T. Smith Set For Friday

Funeral services for Elmer T. Smith, 56, will be held at three o'clock Friday afternoon, November 3, at the First Baptist Church with the Rev. Alvin Loiry, pastor, officiating. Smith, a long time Sonora business man, died here Monday afternoon, October 30.

He was born in Montcalm May 23, 1905 and moved to Sonora in 1939. He was for a number of years owner and operator of Smith's Welding Shop and later founded West Texas Exterminators Company which made and distributed ant poison.

Smith was a member of the Sonora Volunteer Fire Department and a long time member of the Sonora Lions Club.

Survivors include his wife; two sons, Tommy Smith of Sonora and Johnny Smith of Huntsville; three daughters, Mrs. George Hamilton of Moses Lake, Washington, Mrs. Carl Price of San Antonio and Lue Smith of Sonora; five brothers, J. P. Smith of Sonora, Woody Smith and Walter Smith of Kingsville, Vester Smith of Post and Homer Smith of Olney; one sister, Mrs. Cecil Farquhar of Bertram; and ten grandchildren.

Pallbearers will be members of the Sonora Volunteer Fire Department.

Burial will be in Sonora Cemetery with Radliff-Kerbow Funeral Home in charge of all arrangements.

Francine Fields, daughter of Mrs. W. J. Fields, Jr., was elected Queen of the Halloween Carnival here last Saturday night. Francine, after her coronation by Student Council President Johnny Morris, presented prizes to winners in the parade of spooks and declared the carnival officially opened. She was escorted by Dick Karnes.

With the Queen on the coronation platform were other candidates for Queen and their escorts. They were Sarah Sawyer and Preston Neely, Jan McClelland and Johnny Merck, and Carla Whitworth and Mike St. Clair.

Overall prize winners were awarded to David and Michael Saunders, most original, dressed as a Chinese fisherman and his gigantic fish; Susan Stewart, funniest, dressed as a flapper; Brenda Browne, spookiest, costumed as a volume of Great Ghost Stories.

Total gross receipts at the carnival were \$2,279.55, making it one of the most successful yet.

Largest receipts were taken in by the Junior Class with \$798.00 on the raffle and ring-the-bottle, Senior Class with \$528.47 at the concession stand, and Girls Athletic Association with \$215.24 on the cake walk.

Receipts by booths were as follows: Sophomore Class, sponge throw and talent show, \$177.35; Freshman Class, turkey shoot, \$96.25; Future Homemakers, \$83.05; fortune teller; Library Club, turtle race, \$33.85; Bingo, \$88.00; Annual Staff, dart throw, \$39.45; Paper Staff, money jug, \$16.98; Speech Club, baseball throw, \$34.91; Parent-Teachers Association, pony ride, \$36.25.

The Fish Pond and Country Store traditionally operated by the Central Elementary School grossed \$181.65. Of this, \$115.20 was net profit.

High School Principal Doyle V. Morgan expressed his appreciation for the fine cooperation given by the public and to Mrs. E. D. Shurley who furnished the Queen's crown.

CUB SCOUT COMMITTEE TO MEET MONDAY NIGHT

Cub Scout committeemen will hold their regular monthly meeting at the fellowship hall of the First Methodist Church at seven o'clock Monday night, November 6, according to Troy Selzer, reporter.

Selzer also reminds all interested in Cub Scouting that the regular monthly Pack Meeting will be held at the Methodist Church at 7:30 Tuesday night, November 14. At that time there will be a pouncing of Den Mothers with materials for use in Cubbing.

4-H CLUB MEETING SET FOR WEDNESDAY NIGHT

The Sutton County 4-H Club and the 4-H Parents Club will have their regular monthly meeting at the 4-H Center on Wednesday night, November 8 at 7:30.

All members are urged to attend. Refreshments will be served.

The rainiest place in the United States is the island of Kauai, Hawaii, where 472 inches fall annually.

Services For Mrs. E. J. Hardgrave Held In San Angelo

Funeral services for Mrs. E. J. Hardgrave, 81, were held in the First Christian Church of San Angelo Monday afternoon, October 30, with Dr. Richard Crews, pastor, and the Rev. Charles Hannan, assistant pastor, officiating. Mrs. Hardgrave died Sunday, October 29, in a San Angelo hospital following an illness of about one week.

She was born Minnie Louise Lewis at Bertram April 17, 1880 and had lived in San Angelo since her marriage to E. J. Hardgrave in 1913.

Survivors include her husband; three sons, R. L. Hardgrave and Jo W. Hardgrave, both of Sonora, and E. J. Hardgrave, Jr., of Silver Springs, Maryland; one sister, Mrs. Clara Evans of Abilene; two brothers, Rodney T. Lewis of Burnet and Rufus Lewis of Falfurrias, and ten grandchildren.

Burial was in Farmont Cemetery.

Broncs Down Eldorado 22-0 In Real Thriller Here Friday

In one of the most exciting games in recent years the Sonora Broncs ran over the state-ranked Eldorado Eagles 22 to 0 here Friday night. It was definitely Coach Jerry Hopkins' Broncs' night with every man on the team playing at his top peak.

Halfback Danny Rutherford strides across the goal line for the first touchdown against the Eldorado Eagles last Friday night. Danny ran the play which originated on the Eagles' one yardline. The game's two other touchdowns were made by Quarterback Primo Gonzales and End Arthur Bermea.

The first quarter was a touch and go affair with Sonora penetrating to the Eagles' six yardline and again to the ten only to have their touchdown tries fail

against a determined Eagle line. However in the second period of play Halfback Johnny Morris intercepted an Eldorado pass on the thirty yardline. The following series of plays found the Broncs one the one yardline from which point Halfback Danny Rutherford plunged into the end zone. Quarterback Primo Gonzales' kick was between the uprights for the extra point.

Still later in the same quarter Sonora took over the ball on their own 45 yardline, setting up a series of downs which ended with Gonzales driving over from the one. His kick was again good and the half ended with the Broncs leading 14 to 0.

In the third quarter Guard Preston Neely recovered an Eagle fumble on the 45 yardline. This drive terminated in a 30-yard pass from Gonzales to End Arthur Bermea for the third touchdown. Gonzales ran for the extra two points.

Statistics on the game: First Downs, Sonora, 20, Eldorado 12; Yards Rushing, Sonora 325, Eldorado 142; Yards passing, Sonora 37 1/2, Eldorado 23; Sonora completed 4 of 14 passes, Eldorado 4 of 20; Each team intercepted three passes and each lost the ball once on fumbles. Sonora was penalized 7 times for 75 yards and Eldorado 6 times for 53 1/2.

Sonora punted twice for an average of 37 1/2 yards, Eldorado six times for a 20 yard average. Sonora returned one punt for 45 yards and Eldorado one for six yards. The Broncs returned one kickoff for 23 and Eldorado 4 for 19.

In other conference play Big Lake defeated Junction 19 to 0. This week the Broncs are idle while Eldorado plays Big Lake and Junction meets Ozona.

Radioactive Fallout --- Its Possible Effects On Sonora

(This is the first of a series of articles on the dangers from nuclear fallout. We believe it is important for every person to read and understand this subject-and make his own family survival plans).

By E. D. Keng

With the exploding of an atomic bomb over Hiroshima a new way of life-accompanied by great elements of chance-was introduced to America and to the world. It is true that the development of nuclear fission opened up a great new frontier for peaceful uses of the atom, but as a weapon of war the nuclear bomb can cause far greater destruction than any process formerly known to man.

It was recently estimated that our enemies could deliver some 200 to 300 nuclear bombs on targets within the United States. The development of missiles and supersonic jet planes provides a carrier which could deliver these weapons with very short warning.

In order to give a comparison with the well known explosive, TNT, nuclear bombs are desig-

nated as kiloton size-with an explosive force equal to 1,000 tons of TNT, or megaton bombs with each megaton equal to 1,000,000 tons of TNT. The bomb dropped on Hiroshima was of 20 kiloton size, or equal to 20,000 tons of TNT. Now Russia has announced the explosion of a 50 megaton bomb, with a blast force equal to 50,000,000 tons of TNT.

It is not anticipated that a nuclear bomb will ever be dropped intentionally on this area of West Texas, since no primary targets are found here. Important targets are found at El Paso, Abilene, Del Rio and San Antonio. Since this area could be affected by radioactive fallout from any of the surrounding targets, it is vital that we understand the danger involved and how to combat it.

Certainly we should point out that a nuclear attack on the United States is not EXPECTED in the foreseeable future. We believe that our ability to retaliate is so strong that our enemies will hesitate to use nuclear bombs. With the tense world situation, however, Ameri-

cans should be prepared for any eventuality-especially where self preservation is involved.

Death and damages from nuclear bomb results from three forces: blast and shock, heat, and radioactive fallout. For example, the fireball or center of a 20 megaton bomb exploded at ground level causes complete destruction of life and buildings in an area 5 miles across; buildings are demolished in a circles of 15 miles diameter; and heavy damage and fire are caused in a circle 40 miles across. First degree burns would be received as far as 42 miles from the center of the blast.

One of the greatest dangers to human life in a wide area is the radioactive fallout produced by a nuclear explosion. The occurrence of fallout from a Russian bomb exploded thousands of miles away is currently being discussed in our newspapers. It is stressed, however, that the United States is in on imminent danger from this fallout.

Radioactive fallout will be discussed next week.

LEGAL NOTICES

Notice is hereby given that Albert Ward and Rip Ward, d/b/a Ward Broadcasting Co., (a partnership), Sonora, Texas is dissolving the said partnership and will do business under the name of Ward Broadcasting Co., (a corporation), Sonora, Texas. 4 to 2.

NOTICE TO BIDDERS

Notice is hereby given that the Commissioners Court of Sutton County, Texas, will receive bids at the office of the County Judge of Sutton County, Texas, in the Court House, until 9:00 o'clock A.M. on November 13, 1961, for furnishing said County with the following:

Two 1962 model Dump Trucks with the following equipment and specifications:
G.V.W. rating not less than 19,500 lbs.
Recirculating heater and defroster.

Right and left electric windshield wipers.
Rear view exterior mirror.
Motor to be not less than 261 cu. in.

Gross horsepower to be not less than 150 h.p.
Gross torque lb. ft. not less than 235.

Oil filter.
Heavy duty radiator.
Wheel base approximately 133 in.-C A 60 in.

Transmission to be synchromesh with power takeoff on left or right side, four speed.

Rear axle-two speed with not less than 15,000 lb. capacity with ratios approximately 6.40/3.72.

Brakes-hydraulic with vacuum heavy duty booster.
Directional signals lights double faced.

Auxiliary springs rear not less than 2,000 lbs. capacity.

Budd wheels, including spare wheel with tire 8.25 x 20 tires 10 ply nylon tube type.

Bumper type radiator guard. Equipped with (No. 12R3) 6' 6" x 8 four to five yard Galion Dump body complete with No. 700N Hoist (9 ton Cap.)
Cab protector.
Lever type controls.

Mud flaps, lights and equipment required to pass safety inspection, sticker to be included.
Bidders shall submit with bid complete and detailed specifications on the equipment they propose to furnish, delivered to Sonora, Texas.

The successful bidder will be expected to take one 1955 Chevrolet dump truck and one 1957 Chevrolet dump truck with beds and equipment as part payment of said trucks.
The Court shall have the right to reject any and all bids.
J. W. Elliott.
County Judge, Sutton County, Texas. 2 to 5.

NOTICE TO BIDDERS

Notice is hereby given that the Commissioners Court of Sutton County, Texas, will receive bids at the office of the County Judge of Sutton County, Texas, in the Court House, until 9:00 o'clock A.M. on November 13, 1961, for furnishing said County with the following:

One 1962 truck tractor, chassis-cab model with the following equipment and specifications:
Heater and defroster.
Right and left windshield wipers.

Left exterior rear view mirror.
Directional signal lights.
Minimum G C W Rating to be 50,000 lbs.
Minimum front axle rating 9,000 lbs.
Minimum rear axle rating 18,500 lbs. with two speed ratios 7.17/9.77:1.

Five speed synchromesh transmission with ratios approximately 7.55, 4.17, 2.45, 1.45 and the fifth direct.
Engine to have a displacement of not less than 409 cu. in.
Maximum gross h.p. not less than 226 h.p.
Maximum gross torque not less than 390 ft. lbs.

Radiator-heavy duty.
Oil filter on motor.
Brakes-full air
Breakaway safety valve.
Hand control valve.
Hose couplings and cutoff for trailer brakes.

One extra hose coupling
Cutoff and extra valve mount-

SAN ANGELO, TEXAS

Birds sing most before a storm, possibly due to a drop in atmospheric pressure.

A sudden, rapid rise in the barometer can cause a ringing in the ears.

Man accomplishes his best work under an annual average temperature of 62 to 68 degrees, if the climate is not too monotonous and there is some change between seasons.

75 per cent of all hurricane deaths are drowning.

Tropical storms at sea generate winds up to 210 miles per hour. 2 to 5.

During the last 25 years, hurricanes have killed about 2,500 victims and caused three billion dollars' worth of damage in the U.S. alone.

Well over 70 per cent of the earth is uninhabited—the oceans, jungles, and deserts.

In the winter of 1955-1956, Mt. Rainier, Washington, recorded just over a thousand inches of snowfall.

A chinook wind on the eastern slope of the Rockies can melt two feet of snow in 24 hours.

Give You Texas

By Boyce House
Pershing Square in Los Angeles, as far as I know, unique

in the U.S.A. (London, of course, has Hyde Park) In Pershing Square, anybody can speak—and probably get an audience, though probably not large, unless he's pretty good as there are three or

Devil's River News-Sonora, Texas, Thursday, November 2, 1961

four harangues going on, so the listener is likely to saunter on to the next one.

Most of the speakers hold forth on religion—or maybe this was because it was Sunday when I was there—(summer, 1958). One preacher was holding forth and right in front of him—so close that a vigorous gesture would almost touch him—was a man reading a newspaper as calmly as if he were the only person in the park. Every now and then, he would turn the page.

The speaker across the park was a woman with prominent teeth and a guitar, who gyrated, a la Elvis. Another speaker was rapping organized charity and he drew heckling, also undertone comment such as, "He don't know what he's talking about."

The biggest crowd was around a group of three singers, one of whom played a portable organ.

At a corner of Pershing Square is a cannon from "Old Ironsides." Someone had put unpopped grains of popcorn on the cannon and a white pigeon was perched there, eating—almost a dove of peace on the death-dealing wea-

pon.

Under Pershing Square is a parking lot. There is a big billboard giving the charges. If you go in after 10 a.m. but before 4:30 p.m. (Pacific Coast daylight saving time), the rate is such-and-such. Before that or after that, it is different. Also on Saturdays, holidays and Feb. 29. It would take a C.P.A., or maybe an electric brain, to figure it out.

At one coffee shop, when you order eggs, you have to order toast, too—it's extra.

I had had an early glass of orange juice elsewhere but the waitress told me I would save money if I ordered the "special"—eggs, coffee, toast and orange juice—even if I didn't drink the juice, rather than order eggs, coffee and toast separately.

Life is getting more complicated all the time.

When Irving Bacheller, who became famous as a novelist, ("Eben Holden," "A Man for the Ages") was a young man, he met Joseph Pulitzer, the great newspaper publisher. Pulitzer asked, "What do you think of our editorials?" Bacheller replied, "I

never read them." The publisher banged his fist on the table and said, "By Godfrey, gentlemen, I like that kind of talk" and hired Bacheller as Sunday editor.

YOUR MINISTER SAYS

Doyle W. Morton, pastor First Methodist Church "The kingdom of heaven is like leaven which a woman took and hid in three measures of meal, till it was all leavened."

Jesus lived in a time when the world about him was in danger. He was born in a time when the Roman Empire crushed all opposition. Yet, the birth of the Baby Jesus was more significant than all of the power of Rome. Again, after the crucifixion and resurrection of Jesus he called his disciples together and told them to "Go therefore and make disciples of all nations." From birth until death Jesus lived under the threat of power and destruction and death. Yet, he lived and died and taught that truth is mightier than power. When their world—and their lives—was likely to be destroyed, Jesus calmly set them into the world to make disciples.

We need to learn this lesson today. With all of the noise—and counter noise—about Russia exploding the huge bomb, we need to find the calm assurance Christ would give us. We should remember that Christians can be the leaven to save the world. It is not as fast nor as loud as a bomb, but it is more certain. It must begin in the hearts and lives of individuals and spread to other individuals. We must remember to "go therefore and make disciples." We have the responsibility to share Christ with others. We are aware of the dangers in our day, therefore, we become more Christ-like in

our personal living. This, then, spreads to others until the whole world is leavened.

GIRL SCOUTS, BROWNIES MAKE HOSPITAL FAVORS

Sonora Girl Scouts and Brownies have taken on an additional project this year. The girls will make and present tray favors for patients at Hudspeth Memorial Hospital at all holidays this year.

In conjunction with their hospital work Mrs. Bill Wade's Troop Three has completed a book of cartoons to be placed in the hospital.

7 Miles Highway In Sutton County Due Improvements

The Texas Highway Commission last week approved the expenditure of \$25,000 for highway safety and betterment in Sutton County during 1962, according to District Highway Engineer J. A. Snell of San Angelo.

He said a total of 20 highway miles in the county will be involved with work under the supervision of R. N. Jennings, District Maintenance Engineer of San Angelo.

This work is part of the 1961 State Highway Safety and Betterment Program just authorized by the Highway Commission. Purpose of the program is to continue the improvement Program just authorized by the Highway Commission. Purpose of the program is to continue the improvement and modernization of U.S. and State highways for increased safety and convenience of travel.

Snell said a total of 46.4 miles of this highway district will be involved at a total cost of \$585,000.

A portion of the delegates to the Eleventh District of Texas Federated Music Clubs convention is pictured here as they had just completed a tour of the Caverns of Sonora. The tour climaxed the two-day meeting here on October 25 and 26.

Jack Baker, a student at Sul Ross State College, spent the weekend here with his mother, Mrs. Dorothy Baker.

Mickey Power was home from Sul Ross State College for a weekend visit with his family, Mr. and Mrs. Louis Powers, Jimmy, Zane and Pam.

Mr. and Mrs. John Eaton have as their guests this week their daughter and grandchildren, Mrs. Gene Groom, Diana and Mark of Fort Worth. Groom will arrive this weekend to accompany his family home.

CHAMBER OF COMMERCE COMMENTS

NOV. 1, 1961 and it looks like as Air Tour over nighted in Sonora. Many old times say this Sonora and spent most of Monday past summer was one of our here (Rain). They, coming from nicest, coolest and most pleasant, all parts of the Nation, were Most will agree that October has been super. weatherwise. That general and bountiful rain of October 9 was the clincher. So this is November?

BUSY DAYS- October was a busy month for the Sonora Chamber of Commerce. On October 5 the Central and West Texas Peace Officers Assn. met here in their annual meeting and your CC hosted a barbecue dinner for them at the 4-H Center. Then on October 8th the Ali Tex-

ence to all. Some days we have had as many as three and four parties looking for housing accommodations. Then there are the customary several letters a day asking about Sonora, Sutton County, our industries, our attractions and from school children, who are preparing lesson assignments based on our area. And then the many inquiries and phone calls concerning the Cavers of Sonora. One day, last week, in our mail were three requests for brochures of the Cavern. Three automobile clubs, two in California and one in Minnesota. The same day in our hunting mail we had five inquiries from Dallas and three from Houston, among others.

In addition to the hunting and Cavern mail this office averages about ten letters per day, letters that need to be written, all in behalf of Sutton County, Sonora, its industries, institutions or citizens. A letter is only important if it is written at the proper time and then a copy of it is kept. We keep the books and write most of the letters for most of the organizations in Sonora. We like it.

ON THE ALERT: Gay Copeland has a lot of curiosity, always looking for something that might be of interest or benefit to Sonora and Sutton County folks. He brings this office lots of information from over the country but his latest find is something. In browsing thru a news stand on the coast he ran across a national magazine (90 pages) across the bottom of the front page appearing a map of a portion of Texas with Sonora right in the center. The only thing wrong with this is that Sonora was spelled with an A. The news dealer told Gay this map had been on the front page several months.

This magazine, the Trail-R-News, goes to tens of thousands of subscribers. They have one more subscriber now and a nice letter thanking them for the front page publicity and telling them how to spell the name and why. Gay brought us a copy of the magazine, if you would like to see it.

BUILDING NEWS- The two nice homes under construction for the Howard Kirby's and the Jimmie Hugh Harris's are progressing nicely. Work on the Lutheran Church is beginning and the Twin Oaks Motel is about finished. The 25 unit motel is at the outskirts of west Sonora. It is being tied into the sewer line this week while inside finishing touches are being made.

FACTS- The Fact Book, issued by the Highway Department shows 1960 traffic over

Brucellosis Screening Of Market Cattle Being Simplified By New Methods

A new method for screening market cattle for brucellosis will make the job of keeping Sutton on the modified-certified list much easier, said County Agent D. C. Langford today. The county agent explained the new program under six basic points. Breeding Cattle over 3 years of age being sold for beef are identified with a special backtag at the ranch or assembly points on the way to market. Blood samples are collected from the tagged animals at the packing plant or other designated points. The samples are then forwarded to a testing laboratory and the results to disease control officials.

Negative animals are credited to herds and areas of origin and veterinarians work directly with herd owners until the disease problem is cleared up, Langford said.

Under the new method, counties can be recertified if at least five percent of all breeding cattle in the county are tested each year or a total of 15 percent for each three-year period, the county agent explained. Only female cattle three years of age or older are backtagged and tested.

Cattle owners desiring more information on the new plan were invited by Langford to come by his office for additional information on the program and where and how the backtags might be obtained.

U.S. 290 to be 1,171 cars per day, count station being 3.3 miles west of Sonora. Allowing that one fourth of these were local cars, that leaves some 900 out of county cars per day, then U.S. 277 carries a nice traffic, too. Now, our problem in Sonora is to stop more of our thru traffic. We are getting enough but not stopping enough. They only spend money in Sonora when they stop here. We are open for suggestions?

PUZZLE- This writer has always claimed that he could get lost on a one way street. We will get a chance to prove that the first time we go to Angelo. The down town merchants certainly got the break in the traffic arrangement. There just isn't any way to get from down town to the shopping center, period. Well, within a few years everybody will get used to it for sure something else will come along to worry about.

B Season Ends Colts Play Final Here Thursday

Both the Sonora High School B team and the Junior High Colts were defeated by their Big Lake counterparts there last Thursday night. The Colts lost 6 to 0 to the Owlets while the B squad was defeated 24 to 16.

It was the final game of the season for the B group while the Colts have one more game, that with Eldorado's Eagles at seven o'clock Thursday night in Sonora.
