R. L. Hardgrave Seeks Re-election As Commissioner

Robert L. Hardgrave, Sutton County ranchman, announced Tuesday that he will be a candidate for re-election to the office of Commissioner for Precinct Four at the Democratic primary in May. He was first elected to the post in July 1958, succeeding Elmer Wilson who was not a candidate for re-election.

Hardgrave is married and the father of two sons, Robert, a graduate student at the University of Chicago, and Dick a freshman at Sonora High School.

In announcing his candidacy, Hardgrave stated that if re-elected to the office he will endeavor to justify the confidence placed in him by promoting county affairs in an impartial manner, keeping the interests of the people and the county in mind.

Lions Roar

A March of Dimes film was featured at the Tuesday luncheon meeting of the Sonora Lions Club at the First Methodist Church this week. H. V. (Buzzie) Stokes showed the film which illustrated the work being done by the National Foundation for Infantile Paralysis. Principal goals of the Foundation are work in polio, rheumatoid arthritis and birth defects. The three means of combating these handicaps are through research, clinical or medical care and education. Stokes announced that the county quota for 1962 is about \$1,000. There were no guests present.

MUSIC CLUB POSTPONES JANUARY 11 MEETING

The Sonora Music Club will not have its scheduled January meeting, according to Mrs. Norman W. Rousselot, president. The January program, a discussion of opera by Miss Marie Watkins of San Angelo will be rescheduled for some time in February.

The club's executive committee will meet Thursday evening, January 11, Mrs. Rousselot said.

Mrs. Hutcherson Asks Re-election As Treasurer

Mrs. Lucille Hutcherson announced this week that she will be a candidate for re-election to the office of Treasurer of Sutton County. Mrs. Hutcherson was appointed by the Sutton County Commissioners Court in May of 1959 to fill the unexpired term of Mrs. Thelma Phillips. In the general election of 1960 she was elected to the post and has served since that time. Mrs. Hutcherson came to Sutton County as a small child with her parents, Mr. and Mrs. Grimland, pioneer Sutton County people. Her husband, the late B. W. Hutcherson, was Sutton County Sheriff for many years.

In announcing her candidacy, Mrs. Hutcherson said she would continue to apply herself wholeheartedly to the duties of the office, fulfilling them to the best of her ability and in the interest of the people. "I will appreciate the vote of everyone and will do my best to warrant it.

BILL SCOTT NAMED BAYLOR EX-DIRECTOR

Bill Scott, son of Mr. and Mrs. M. C. Scott of Sonora, was recently elected a director of the Baylor Ex-Student Association. Scott is chaplain at the Corsicana State Home.

He is a graduate of Sonora High School and holds a B.B.A. degree from Baylor University. He is currently doing work on the Bachelor of Divinity degree at Southwestern Baptist Theological Seminary at Fort Worth.

While attending Baylor, Scott was president of the student body and is permanent president of the Class of 1957. He also was president of the Baylor Chamber of Commerce.

Judge J. W. Elliott Candidate For Re-election

(Web) Elliott announced this week that he will be a candidate for re-election, subject to the May 5 Democratic Primary. He has served one four-year term as County Judge, succeeding George Wynn who retired from office in 1958.

Elliott served as County Attorney from 1948 to 1958. He is a graduate of Sonora schools and the University of Texas School of Law, receiving his law degree in 1948. He is a veteran of World War II.

He is married and the father of a son and is engaged in the practice of law here.

Elliott issued the following statement in announcing his candidacy: "If re-elected, I will continue to do my best to fulfill the duties of the office. I feel that my experience as both County Attorney and County Judge will enable me to serve the people and the county fairly and impartially. I will appreciate all support that may be given me in the primary and general elections."

Mrs. Eula Regeon is visiting in Beaumont with her son and family. Mr. and Mrs. Royce Regeon, Nanetta and Resa. The Regeons recently spent their vacation here visiting with Mr. and Mrs. C. W. Taylor, Mr. and Mrs. Billie Wright Taylor and Mr. and Mrs. W. K. Regeon and families.

2 Band Students Win Honors At Regional Contest

Two members of the Sonora band were named to the All-Regional Band in competition on the McMurry College campus in Abilene last weekend. Selected to play in the honor band which presented a concert Saturday night were Alice Lee Duncan, a junior student and the daughter of Mr. and Mrs. Earl Duncan, and Janie Letsinger, an eighth-grader and daughter of Mr. and Mrs. J. A. (Ted) Letsinger.

Some 380 students from 44 schools participated in the competition.

Lt. Col. Jimmie Taylor has returned to his home after being at the Base Hospital in Plattsmouth, Nebraska.

D. I. Fielder and son Larry of Houston were recent guests of Mr. and Mrs. Cashes W. Taylor.

Edwards Plateau SCD Again Sponsoring Local Soil Conservation Essay Contest

The Edwards Plateau Soil Conservation district will again sponsor a local conservation essay contest for students of Sonora schools. The contest, originated and sponsored statewide by the Fort Worth Press, has been an annual event since the local district was created in 1948.

"Conservation and the Population Explosion" is the subject of this year's essay. The need for wise use and conservation of remaining land is sharply accentuated by the rapid increase in population. Most of our foods, clothing and shelter comes from the soil. The land will be called upon to feed a continually increasing number of people, and production must be increased to maintain our present standard of living.

A radio announcer recently said "With the present increase in population, by the year 2071 there will only be standing room left on the earth."

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford
Texas Press Association

Talk of ending the special session of the Legislature on its opening day turned out to be just talk.

When the lawmakers got to town at Gov. Price Daniel's call, little support could be mustered by Sen. George Parkhouse of Dallas and Rep. Charles Ballman of Borger, or immediate adjournment.

So, the show is on-and already moving at a fast pace. Governor Daniel immediately laid out his proposals for solving some long-standing problems. Included were the following:

BANK ESCHEAT: Here a compromise with bankers was sought, under which banks would advertise locally each year for the owners of accounts which had

as much as \$25 in them and which had been inactive for seven years. Balances under \$25 would be sent to the State Treasury which would seek the owners, and if they appear, pay them from a \$100,000 revolving fund which would be kept in the Treasury for that purpose. Rep. Charles E. Hughes of Sherman, who has worked for 10 years to get laws to enforce escheat laws, felt that ground had finally been found on which the state and the banks could agree.

RURAL ROADS: Governor Daniel's veto last summer of the \$15,000,000 appropriation for farm-to-market road construction during the year starting next Sept. 1 was designed to bring another long discussion to a head. It did.

Where \$60,000,000 was available in 1961 (\$50,000,000 in state taxes and \$10,000,000 in federal aid) for construction and improvement of rural roads, Daniel proposed that only about \$42,500,000 be used next year. The other \$17,500,000 would be used to maintain the rural roads.

Daniel got agreement from the Texas County Judges and Commissioners Association and from the Texas Farm Bureau. But some rural legislators think this is too big a cut all at once, and are talking about the proposal as the "minimum".

INTEREST RATES: Daniel made no specific recommendations to the lawmakers on interest rates and loan regulation, except to say that the rates proposed by the Texas Legislative Council were too high.

Here there is tremendous difference of opinion among legislators, over two issues. First question is—"what is a small loan?"

Some think interest ceilings should be held to 10 per cent on all loans over \$500 while others think higher rates should be allowed up to \$3,000, to include the auto loan category.

Latest proposal would regulate rates up to \$1,500 or \$1,000, thus hold interest to a 10 per cent maximum on all loans over that amount.

This issue will be hard fought and many legislators do not expect it to be settled when the 30-day session is over.

TOURIST ADVERTISING: Daniel urged a \$300,000 appropriation for advertising Texas to tourists. Proposal is backed by numerous organizations who feel that the investment will pay big dividends to the state, especially since the state now has a sales

tax.

JUVENILE PAROLE: Last year the start was made on a system of state-paid parole officers to supervise boys and girls released from the juvenile schools. But money was provided to pay only six men, including a state director.

Daniel asked for 17 more parole officers. Most legislators agreed on the need, but worried about where to get the money.

One thing is certain—this legislature won't raise taxes again—not this year.

It is an unusual Legislature in another respect. It has two Republican members.

Kenneth Kohler of Amarillo took office first, so he is being called the "minority leader" of

the House. His GOP colleague from Texas City, George Korkmas, make it the largest Republican membership in the Legislature since back in the 1870's, when there were many Republicans in office in Texas, including a governor.

BACK TO BLACK: State revenues will begin to pull into balance this month, as the first full quarter of returns of the new sales tax reach Comptroller Robert S. Calvert.

Since the new law took effect, only \$22,000,000 has come in, and it just about held things even on the state deficit of \$75,000,000 or so.

Quarterly payments by stores, on sales for the last three months of 1961, are due Jan. 31. They

should total about \$45,000,000, less the \$11,000,000 merchants paid in advance in November and thus got a 3 per cent discount.

But it will be summer of 1962 before the new sales tax wipes out the deficit, if all goes as predicted.

One effect of the sales tax has been to get stores located so they will pay the "store tax" which has been in effect many years.

A year ago at this time, only 81,109 stores had paid this tax. This year, 116,393 have paid it.

It all came about when stores were required to get permits as collectors of the new sales tax. Comptroller Calvert cross-checked their names, and collected the "store tax" from them while he was at it.

Mothers-to-be Must Diet Properly, March of Dimes Research Shows

No doubt many a healthy young mother-to-be has wondered why her doctor puts so much emphasis on proper diet during pregnancy—especially if she's never been ill a day in her life, and she has a yen for wholesome foods.

But there's good reason for it. More and more it's becoming evident that for the sake of her child a pregnant woman must have a diet adequate in vitamins and minerals, particularly in the early stages of the baby's development.

The reason lies in the dread words: birth defects.

Until about 20 years ago, scientists generally went along with the idea that birth defects in higher animals—and that includes man—were due for the most part to heredity. So if a baby had picked out the right ancestors, he had a better than good chance of coming into the world perfectly normal, and sound of mind and limb.

Complex Factors Involved
Today, however, doctors know the story is not that simple. An increasing number of studies have shown that a wide variety of factors play a part in the birth picture. If a mother gets either too much or too little of such vital substances as hormones, oxygen, minerals or vitamins during certain stages of her pregnancy, the baby may fail to survive, or may be born malformed.

Under a research grant from the National Foundation—March of Dimes, Dr. Marjorie Nelson at the University of California has been trying to determine just how the absence of a vitamin or mineral may interfere with normal prenatal development. She has found that in rats the absence of even a single one of certain important minerals or vitamins during early pregnancy can produce drastic effects.

Apparently nature has set up a delicate balance which a mother's body must maintain. If this balance is upset even for a relatively short time, permanent damage may result to the offspring.

Dr. Marjorie Nelson, March of Dimes grantee at the University of California, inspects research specimens under the microscope. It's part of her study to determine the influence of vitamin and mineral deficiencies as causes of birth defects.

In her San Francisco laboratory Dr. Nelson has demonstrated that even a temporary deficiency of a vitamin such as folic acid during early pregnancy can cause birth abnormalities in these young laboratory animals. The defects may range from the relatively minor to the very severe which include brain damage, displacement of intestinal organs, cleft palate or serious malformations of the heart and eyes.

Timing Is Critical

When Dr. Nelson puts the normal pregnant animals on such a folic acid-deficient diet during the second week of their pregnancy, at least 80 per cent of the embryos die or are malformed. However, if she carries out the same experiment about a week earlier or a week later, the young appear to suffer no adverse effects, thus underlining the importance of proper diet at the critical stages of pregnancy. In a woman, the comparable period of pregnancy extends primarily from the second to the eighth week of the baby's development.

Radioactivity Used

Dr. Nelson has also obtained a high incidence of skeletal defects in young rats when the

mother animal's diet was deficient in the mineral manganese. She is extending these studies with support from The National Foundation—March of Dimes using radioactive material in the diet to trace what goes wrong inside embryonic cells to hinder their normal development.

According to Dr. Virginia Apgar, director of the division of congenital malformations of The National Foundation, "Dr. Nelson's project has a direct bearing on the question of birth defects in humans. It is definitely known, for example, that severe folic acid deficiency in a woman can lead to loss of a baby during early pregnancy."

And as Dr. Nelson has pointed out, equally significant, the congenital malformations in the young animals that survive are irreversible. No amount of vitamins given later in pregnancy can undo the damage once a deficiency has occurred during the critical period of pregnancy.

Clinics Are Established

Because of the increasing problem of birth defects—it is now estimated that significant malformations occur in one in every 16 babies born in this country—each year—the National Foundation—March of Dimes has recently established a number of Special Treatment and Clinical Study Centers for coping with this crucial medical question. The Birth Defects Treatment Centers are in Jackson, Miss.; Atlanta, Ga.; Seattle; Portland, Ore.; San Francisco; Little Rock, Ark.; Indianapolis; Morgantown, W. Va.; New York City; Baltimore; and Washington, D. C. These are supported on the local level by The National Foundation's chapters.

In addition, Birth Defects Clinical Study Centers are located in Oklahoma City; Nashville, Tenn.; and Columbus, Ohio. These Centers are maintained on a national level with March of Dimes funds which are being applied by The National Foundation to continue support and expansion of such Centers for the development of total medical care for youngsters afflicted with congenital defects.

**Advertise Regularly
In This Newspaper
BECAUSE**

1. Our circulation is local. People who read this newspaper are your best customers.
2. Our circulation is paid in advance. Thus, people who get the paper read and respect it. They show they do by paying for it and sharing it with their neighbors.
3. This paper contains news vital to local residents and available nowhere else.
4. This paper is not so large that your advertisement will be "buried" in it.
5. The "long life" of weekly newspaper readership is an established fact. Papers are still being bought over the counter several days after publication, until the next issue comes out. Thus, your ad has a longer time which to be read.
6. This paper is published just before the weekend, at a perfect time for readership results.

Devil's River Philosopher Amazed To Find Out How Much Telephone Conversation Goes On In The U. S.

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River has discovered an interesting fact about the telephone, his letter this week reveals.

Dear editor:
Following the wind-up of an old year, a lot of people like to look back and review the situation, although generally my feeling is that if most of what happened last year will leave me alone, I'll leave it alone.

Other people like to review statistics for the year. For example, I read in a newspaper last night that the telephone company has counted all the telephone conversations that took place last year and found that every man, woman, and child in the United States had an average of 520 conversations on the telephone.

When you consider that there are several million babies too young to talk, that there are a lot of people who don't have a telephone, that a lot of people, like ranchers for example, can't be reached by phone during the day time and don't stay up very late at night, when you consider all this, you begin to realize that

in order for the average to be 520, somebody had to do a mighty lot of talking on the phone to run the total up.

In fact, I calculate some women had to talk at least seven or eight thousand times to get the average up so high, and what puzzles me is how do they do it? I don't mean how do they find anything to say; others—you don't have to have anything to say. But what I mean is, how do they find the time to do it? To talk seven or eight thousand times a year on the phone, you'd have to make more than 20 calls a day, seven days a week, and when you consider that it's a mental and physical impossibility for some women to talk less than ten minutes on any given call and with around 30 minutes being classified as only a short chat, I don't see how they do it.

And you've got to remember that in between all these calls, the same women must have tried a few thousand more time and gotten busy signals.

There are some things in life nobody will ever figure out.

Yours faithfully,
J. A.

'62 Resolutions Made by Pair of 4-H Winners

A pair of Texas 4-H'ers probably have made New Year's resolutions to try to do as well in 4-H Club work in the new year as they did in 1961. They are Charles Lehmann,

C. Lehmann

Felix Mote

19, of La Grange, and Felix Mote, 15, of Decatur.

Lehmann received an all-expense paid trip to the 40th National 4-H Club Congress in Chicago from the Humble Oil & Refining Co. for being the state's top tractor award winner.

He is the son of Mr. and Mrs. Willie Lehmann. Learning how to overhaul tractor engines in 4-H opened the way to Lehmann's getting a job as a mechanic in a machine shop.

Mote received a 19-jewel wrist watch from Ralston Purina Company for being the state's first dog care and training award winner. He taught his spaniel dog six commands and four tricks.

YOUR MINISTER SAYS

By Rev. Alvin Loiry, pastor First Baptist Church Living on God's Plane

We are creatures of two worlds. The one is readily recognized as the natural or material world governed by natural law and characterized by natural man. It is in this realm that we confront the adage of "eye for eye and tooth for tooth". The law of the natural world is selfishness. Progress in the natural world is the struggle and survival of the fittest. There is no altruism in the balance of nature. Plants and lower animals give up only scraps which are really refuse. Man who is dominated by the natural world follows a similar pattern. All that

he has to offer is scrap-scrap for fellow man and scrap for God. The other world of which we may be a part is the higher or spiritual world which is characterized by spiritual laws and spiritual individuals bearing the image of God to its proper fruition. This is a world of beneficence which is absolutely contrary to selfishness. This is a world which follows after the supreme example of God who demonstrates beneficence as a motivating power of love. Contrary to the natural world where struggle and refuse were typical, the higher or spiritual world is a world dominated by love and featuring the unselfish giving of oneself and of one's means to God's and fellow man. We are by nature children of the natural world; we are through destiny and invitation children of a higher and spiritual world. To live in the higher world is to accept Good's invitation of love through personal commitment and faith.

Woman's Club Hears Rev. H. Odum

The Rev. Harold G. Odum, pastor of the First Presbyterian Church of San Angelo, was guest speaker at the Thursday, January 4, meeting of the Sonora Woman's Club at the club building. The Rev. Mr. Odum spoke on "The Christian's Responsibility in the Space Age", emphasizing that Christians in this particular age have the advantage of their faith over non-Christians. He also stated that Christianity is more of a privilege than a responsibility today.

Mrs. Harold Scherz, president, presided over a brief business session in which it was decided to hold a food sale in late February for the purpose of raising funds for club activities. This will be the organization's only fund raising drive of the year.

At the social hour which followed, floral arrangements were used in decorating the meeting room and refreshments of a dessert plate and coffee were served by the hostesses, Mmes. W. A. Carroll, Darcy Carroll and Ed Hawkins.

AT L. E. JOHNSON HOME MRS. WALLACE ENTERTAINS

Mrs. L. E. Johnson, Sr. entertained members and guests of the Idle Hour Club at her home Tuesday afternoon. Refreshments of pie and coffee were served.

Mrs. Collier Shurley held high score for guests and Mrs. Sterling Baker for club members. Mrs. Johnny Hamby was second high and Mrs. J. F. Howell won at bingo.

Those present included Mmes. Charles Davis, Sterling Baker, B. H. Cusenbary, Joe B. Ross, Johnny Hamby, J. F. Howell, W. R. Cusenbary, G. H. Davis, Belle Steen, Thomas A. Morris, R. A. Halbert and Collier Shurley.

Lowie Speaks To Elliott PTA

By Troy Selzer
Rex W. Lowie, school superintendent, spoke to the L. W. Elliott School Parent-Teachers Association Tuesday, January 9, on curriculum. He stressed the importance of cooperation of school and home in building a better school for the future. His speech was an outstanding part of our meeting.

Yearbooks were distributed to all members present. This is another first for the Elliott School and we are proud of this accomplishment.

MRS. KELLEY ENTERTAINS THURSDAY BRIDGE CLUB

Mrs. R. B. Kelley was hostess to members and guests of the Thursday Bridge Club at her home last week.

Prizes were awarded to Mrs. Mae B. Sawyer for high score for guests, Mrs. T. W. Sanderr for high member, Mrs. A. W. Awalt for low and Mrs. B. W. Hutcherson for bingo.

Refreshments of a dessert plate and coffee were served to Mmes. J. P. Smith, Maud Posey, Juliet Driskell, B. W. Hutcherson, Mae B. Sawyer, Robert Rees, A. W. Awalt, Rose Thorp, T. W. Sandherr, Karen Peterson, Laura Trainer, Lee Labenske, Maysie Brown, Joe Berger and O. G. Babcock.

HOSPITAL AUXILIARY MEETS AT BARCOCK HOME

Mrs. O. G. Babcock was hostess to the Lillian M. Hudspeth Memorial Hospital Auxiliary at her home Monday afternoon, January 8. Sixteen members were present.

The treasurer, Mrs. L. E. Johnson, Sr., reported \$75.73 in the general fund as of January 1 and \$543.00 in the memorial fund. Mrs. J. F. Howell, project chairman, reported that a new television set and a new coffee urn had been installed in the hospital. Mrs. A. W. Awalt reported that the Christmas tree and other decorations which her committee put up in the hospital had been removed. She also reported that the decorations were a gift of Wesley C. Young.

Mrs. C. A. Tyler announced that books and magazines had been distributed in the hospital during the holidays and said that others are needed. She said that anyone who has magazines or books to contribute may contact her and she will pick them up.

Refreshments of sandwiches, cookies and coffee were served at the conclusion of the meeting.

First National Stockholders Name Officers, Directors

George H. (Jack) Neill and L. W. Elliott were re-elected president and board chairman, respectively, of the First National Bank of Sonora at the annual stockholders' meeting Tuesday, January 9.

Other officers re-elected included Joe M. VanderStucken and Lea Roy Aldwell, inactive vice-presidents. Directors renamed are George L. Aldwell, Lea Roy Aldwell, S. H. Allison, George H. (Jack) Neill, Edwin E. Sawyer and Joe M. VanderStucken.

Clayton Hamilton, bank cashier since June 1947 was named vice-president. Harold Scherz, assistant cashier since January 1947, was elected cashier to succeed Hamilton. Mrs. Nelson Stubblefield was named assistant cashier to succeed Scherz. She had worked at bank since March 1943.

Good Year Ends for 2 Winners in 4-H Projects

Two Texas teenagers who won state awards in their 4-H Club projects this past year are looking back over the fine records they posted in club work in 1961.

They are GERALYN SWANSON,

Miss Swanson

Miss Bearden

18, of Edinburg, and Carolyn Bearden, 16, of Brashear. Miss Swanson received an all-expense paid trip to the 40th National 4-H Congress in Chicago from John Deere as the state's top recreation award winner.

Brooks Hays, assistant U.S. Secretary of State for Congressional relations, and top business executives were among the noted speakers she heard at the congress, held the last week in November.

The 4-H delegates heard Arthur Fiedler conduct a special pop concert in Orchestra Hall that featured two 4-H soloists. The Wisconsin State 4-H Band and Chorus was another congress entertainment highlight.

Miss Hays and the 30 other members of Texas' delegation were special guests at the International Live Stock Exposition.

Miss Bearden, winner of the beautification of home grounds award received a 19-jewel wrist watch from Mrs. Charles R. Walgreen, wife of the founder of the Walgreen drug chain and nationally known horticulturist. A director of the National 4-H Service Committee, this octogenarian has sponsored the 4-H program for 25 years.

During the fiscal year 2,720 disabled Texans became employable as the result of services provided by the Vocational Rehabilitation Division. Their increase in purchasing power was estimated to be in excess of \$4,500,000 a year.

In 1961, almost 600,000 children in Texas public schools participated in the national school lunch and milk programs. They drank approximately 174,000,000

Hunting Season Nearly Over For Texans

The hunting season has closed in Texas on all the major game species, according to Howard Dodgen, executive secretary of the Game and Fish Commission. The season is closed now on deer, turkey, all waterfowl and all upland game, with the exception of quail in a number of counties.

Although the quail season is still open in all the general law counties of Texas, it will close at sunset January 16. This covers approximately half the counties in the state, but none of the counties west of the Pecos.

The season will close January 20, in a number of counties in the North-Central Texas area. It will extend to January 31 in a series of counties in Central East Texas and in South Texas.

Hunter success of upland game has been scattered, according to reports reaching the game department. In some areas, excellent early shooting was reported. Then quail took to the brush and hunter success was more difficult.

Hunter success on waterfowl was reported as about average, with low bag limits in force.

On deer and turkey many hunters got their limits throughout the state. Many hunters in regulatory counties were able to get three deer under the bonus plan.

half-pints of milk during the 12-month period.

Approximately 8,000 school buses transported 423,000 students more than 493,000 miles per day - - - bumper to bumper the buses would create a traffic jam more than 51 miles long. Approximate annual cost of the transportation program to the State is \$16,224,000.

In Texas approximately 755 persons keep up to date on school administrative problems by attending monthly in-service education meetings of school superintendents.

W. T. Harris of San Saba county is in Sonora. Mr. Harris is a well-driller and has just finished a well for Sam Martin 47 feet and one for R. J. Owens 141 feet.

The general rain ordered has arrived. All the waterholes in the country are full. The mail has been delayed and no country in the West has more water at present than the Sonora country.

Reports from the Juno district is very unfavorable since the rain. The water was standing eight feet deep at G. F. Lings place and there is fear that R. W. Prosser's place on the river may have been washed away.

The fourth of July is at hand and Sonora will of course celebrate.

East river has been higher at Sonora this week than common, in fact the recent rains have caused it to raise higher than at any time last year.

The "Church Workers" of the Episcopal Church are requested to meet at the residence of Mrs. John Hagerlund, on Saturday June 1st, at 4 o'clock.

Over 210 shares of stock in the Sonora National Bank has been subscribed.

Child Born In '61 Already In Debt

WASHINGTON — Resolution for the New Year: Balance the federal Budget.

Reasons: The first child born in 1961 will owe \$1,603. So will every other child born during the year. That figure is the per capita share of the public debt. Let's not make it bigger.

The dollar, 100 cents purchasing power at the beginning of this century, has 28 cents today (the two bit dollar is almost at hand). If inflation continues at the rate since the Korean War, the dollar will rot to 16.2 cents at the end of this century.

The federal debt and guaranteed obligations of the federal government, \$295 billion, surpass by \$42 billion all the debts of all the other countries in the world. Uncle Sam's load is really our load.

Approximately 37,275 students are enrolled in Texas public junior colleges — an increase of more than 100 per cent in the past ten years.

There were 85,102 high school graduates in Texas in 1961. Fifty-seven percent of this number, 47,716, planned to enter college—an increase of about 850 students over the preceding year.

April 15 Deadline For Securing Car Inspection Labels

The Director of the Texas Department of Public Safety, Col. Homer Garrison, Jr. today urged motorists to secure their 1962 vehicle inspection stickers as soon as possible prior to the April 15 deadline.

After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law and the operators of those vehicles will be subject to arrest, he said.

Garrison said approximately half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be forming at inspection stations as the April 15 deadline approaches.

"There are some 4,800 authorized inspection stations in the state and they are ready and capable of handling the inspection of all vehicles without delay if owners of the uninspected vehicles do not wait until the last few days before the deadline," Garrison said.

He pointed out that vehicles inspected so far this year have fewer defects than have ever

Thank you, Texas Newspapers!

For 20 years, Texas newspapers have been giving the government free space in which to advertise U. S. Savings Bonds.

You've seen the ads: you save more than money with U. S. Savings Bonds. Those ads have sold an impressive number of bonds in Texas, bonds that have helped, and are helping, your government defend freedom at a precarious moment in history, when freedom is in desperate need of defending.

When you buy these bonds you serve well the cause of liberty. You enable your country to build up her own defenses without doing damage to her economy. You insure the future for this and succeeding generations.

The space occupied by the ads that sold those bonds was *donated* to your government — and that means to you — by the newspapers of Texas.

We thought you'd like to know.

"The public-spirited newspapers of Texas have made an important contribution to the well-being of this country,"

says Ed Gossett, Co-Chairman of the Texas State Savings Bond Committee.

"We are happy to salute the generous newspapers of this State. They have done their part, and more, in giving the public an understanding of the importance of Savings Bonds — to individual buyers, and to the cause of freedom. And they have certainly made this Committee's job easier."

Saturday, May 11, 1895

The judges at the school Friday evening decided that the following named pupils deserve the honor of competing for the medal to be given for the best in recitation at the close of the school on the 24th inst: Ora Coker, Ruby Halbert, Emmett Bell, Annie Adams, Cora Lovelace, Eddie DeBerry, Lula Holland.

Mr. and Mrs. F. M. Wyatt and children have gone on a fishing trip to the Llano.

J. Hunter and H. Spruce played for two dances on the Llano this week. Monday night the dance was at C. W. Adams, and Tuesday night at D. Q. Adams. Tuesday was spent in fishing and hunting. The entire community was in attendance and they had a most enjoyable time.

Mr. and Mrs. G. Huber of the North Llano draw, 15 miles east of Sonora came to town Saturday and remained over night. On their return home Sunday night they found that their home had been broken into and robbed of silver ware, jewelry, clothing, blankets, etc. and a gun belonging to Fred Berger. Most of the silver stolen had been wedding presents of Mrs. Huber's and the loss is deplored the more on that account. Sheriff McConnell is working on the case with the hope of arresting the parties.

Mr. and Mrs. G. S. Allison extended to you a cordial invitation to attend a picnic and barbecue at their ranch, east of Sonora on Wednesday May 17th, 1895.

Saturday, May 18, 1895

Miss Janie Wyatt left on a two month visit to friends in Lampasas Wednesday.

G. S. Allison was in from his ranch Monday and loaded with supplies for the barbecue and picnic.

Rev. J. B. Rigand Catholic priest of San Angelo, was in Sonora Wednesday administering to the spiritual wants of the Catholics.

Owing to the rain of Thursday night and Friday the picnickers from Sonora did not go to the barbecue at Mr. and Mrs. Geo. S. Allison's.

Another good rain fell in Sonora and surrounding country Wednesday night.

R. E. Covington will drill a well on his property near the barbecue grounds.

Texas 4-H Youth Will Try to Top '61 Records in New Year

Memories of Congress Fresh in Minds

Eight ambitious Texas teenagers who swept to state and national awards in their 4-H Club projects in 1961 will try to encompass the 4-H motto of "making the best better" in their club work in 1962.

Memories of the exciting time they had during their all-expense paid trips to the 40th National 4-H Club Congress in Chicago are still fresh in their minds.

They went sightseeing, attended banquets and a pop concert, saw comedian Danny Thomas, and met other 4-H'ers from every state in the nation and Puerto Rico.

The Texans attended a concert in Orchestra Hall, conducted by Arthur Fiedler, that featured two 4-H soloists, and danced at three elaborate parties given in their honor.

They received the all-expense Chicago trips as awards for being named the state's top winners in their projects.

Cooley, the beef award winner, was the guest of E. I. du

Industry overlooking Lake Michigan.

The eight were among the 31 member Texas delegation that attended the big 4-H meeting in the Conrad Hilton, world's largest hotel and the congress headquarters. Altogether the state had four national winners at congress, held the last week in November.

Broncs Drop Two

At Big Lake

Tourney Last Week

The Sonora High School Broncos dropped two games in the Big Lake Basketball Tournament last weekend. The Broncos lost their Thursday game with Uvalde 26 to 30 after leading by one point at the end of the first quarter. A late scoring rally in the fourth period fell short of the needed points. Mike Ellis was high point man with nine points. Johnny Glasscock and Primo Gonzales had seven each and Mike Evans three.

In consolation play Friday the Broncos lost to Mertzon 43 to 40. The Broncos led 10 to 6 at the end of the first quarter but Mertzon scored 12 points to Sonora's five in the second period. In the third period the Broncos scored 12 points to trail 23 to 27. The final quarter saw Mertzon score 15 points to Sonora's 13. Primo Gonzales was high point man for Sonora with 12 points. Mike Ellis had 11, Johnny Glasscock 9 and Mike Evans 8.

Mrs. W. H. Dameron has been a patient at Hudspeth Memorial Hospital.

Mrs. R. Q. Harris who teaches piano and organ in Sonora and Eldorado attended an all-day piano teachers' workshop in San Angelo December 30. The class was conducted by Dr. Clarence Burg, Dean of the School of Music at Oklahoma City University. Dr. Burg, former concert pianist and composer, was a judge in the Eric Sorantin competition. He has studied at Peabody Institute and Eastman School of Music as well as in Germany.

Mr. and Mrs. Harold Scherz, Dorr and Drew spent the New Year's weekend in Midland visiting her brother and family, Mr. and Mrs. John Oschsner.

Jerry N. Shurley New President Of Park Assn.

Jerry N. Shurley was elected president of the Sonora Park and Horse Show Association at its annual stockholders' meeting Saturday night, January 6, at the Gulf Restaurant. Shurley succeeds Duke Wilson who was named head judge.

Other officers elected were Bill Morris, first vice-president; R. W. Wallace, second vice-president; Lawrence Finklea, secretary; and Joe B. Ross, treasurer. Wesley C. Young was named head steward.

The stockholders voted to have two weekends of spring racing again this year and are considering a three weekend meet next year, hoping to include a thoroughbred futurity in 1963.

Numerous improvements at the track were discussed and planned for the forthcoming race meet and an organization financial statement issued.

It was reported to the group that 91 horses have already been entered in the West Texas Quarter Horse Futurity for 1962 and that the purse will be almost \$15,000.

Dates for the spring race meet were set for April 28 and 29 and May 5 and 6. Andrew Moore is chairman of the race committee.

WTU's outlook for 1962 is for even more...

In this new year, West Texas Utilities will continue our three-step area development program.

1. We will continue our own current expansion program to permit us to serve even more people.
2. We will continue to promote the business and industrial advantages of this area in national publications.
3. We will continue to work with all area communities in their local development programs.

This is our 1962 schedule, because more than ever our service area faces GROWTH UNLIMITED.
