First Bonus Dollar Drawing Scheduled For Saturday, June 2

Lions Roar

Joe Nance reported on the recent District 2A-1 Lions convention in San Angelo for the Tuesday luncheon meeting of the Sonora Lions Club at the First Methodist Church. Nance reported that "Doc" Ellis of Midland was elected District Governor and that ten Sonora delegates attended the convention. Seven of these were from the Sonora Lions Club and three from the Sonora West Side Lions Club.

Calvin Howell spoke on the sales promotion plan being sponsored by the Retail Sales Committee of the Sonora Chamber of Commerce. Howell described the plan as designed to be carried out over a one-year period and as including a cash drawing to be held twice monthly for a minimum of \$50.00, a general cleanup of business houses, newspaper and radio advertising, and credit emphasis through the credit bureau.

H. V. (Buzzie) Stokes, Chamber of Commerce manager, presented the Chamber's civic loyalty public relations program which will stress personal salesmanship of Sonora, pointing up the community assets including our location on major highways, rail facilities, airport service, medical and hospital facilities, the 4-H Club Center, municipal golf course, fine churches, excellent schools, beautiful homes, and, Stokes said, our greatest asset, the people of Sonora.

PERSONALS

Mrs. Bradford Henley and Dixie of Hubbard are visiting here with her parents, Mr. and Mrs. G. T. Rode and Gail.

Rev. and Mrs. Allan Guthrie and children of San Angelo was in Sonora Friday visiting friends.

Mr. and Mrs. L. C. Newell will return today from a visit in San Francisco with their son, Duane Newell. They will be met in San Angelo by Mr. and Mrs. Henry Decker.

Michelle Rousselot is in Palos Verdes, California, for a visit with her grandparents, Mr. and Mrs. H. M. Rousselot. She accompanied her other grandparents, Mr. and Mrs. E. S. Mayer, who were en route to the World's Fair in Seattle, Washington, and a Boy Scout executive meeting in Portland, Oregon.

Santos Lopez

New Member Of Draft Board

Santos Lopez has been informed that he has been appointed a member of local draft board No. 110 at Sonora to represent Sutton County.

Lopez was appointed by President Kennedy after being recommended by Governor Price Daniel. He was advised of his appointment by Colonel Morris S. Schwartz, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas", Col. Schwartz wrote Lopez.

Local Board No. 110 has jurisdiction over Sutton, Schleicher, Edwards, Crockett and Kimble counties.

The first of a series of Sonora Bonus Dollar drawings is scheduled to be held at three o'clock Saturday afternoon, June 2, in front of the First National Bank. Cash prize in this first drawing will be \$75.00.

Merchants began Monday issuing tickets to customers at the rate of one ticket for each two dollars in cash purchases or paid on account. The tickets are signed by the customer and placed in the special container in the store.

On the day of the drawing all tickets will be placed in a single large container and one ticket drawn. If the person whose name appears on the ticket is not present, the prize will be held over and added to the amount set aside for the next drawing.

Merchants and businesses

Sam E. Jones, Jr. was in Midland this week attending the meeting of the Synod of Texas. Jones was a delegate from the Church of the Good Shepherd, Presbyterian U. S.

Current plans call for two drawings to be held each month. The June drawing are set for Saturday, June 2, and Saturday, June 16.

Sonora Colts To Play Eldorado Next Sunday

The Sonora Colts will play an Eldorado baseball team in the season opener here, according to Leslie Walton, secretary and schedule chairman for the newly formed league.

The game will be played at Allison Field at 2:30 Sunday afternoon, May 27, Walton said. Several of the league members were present last Sunday to clean-up the field and ready it for the summer season. The City loaned a mowing machine, loader and dump truck for use and the group hauled in dirt for leveling the infield.

Admission will be 50 cents for adults and 25 cents for students.

E. B. Keng Receives Recognition With USDA's Service Award

E. B. Keng

E. B. Keng of Sonora, who heads the Soil Conservation Service work unit assigned to the Edwards Plateau Soil Conservation District, received the Department of Agriculture's prized Superior Service Award Thursday, May 18.

He received the silver medal and citation, with others honored by the Department, from Agriculture Secretary Orville Freeman in a ceremony in Washington, D. C.

Keng's citation was "for outstanding technical assistance to the Edwards Plateau SCD in planning and applying an effective conservation program."

The district is ranch country. Keng was described as having been extremely effective in guiding the users of range into the general practice of conservation methods. In the 12-month 1960-61 year of accounting, ranchers had 320,000 acres in proper range use; 130,000 under deferred grazing; and they had achieved brush control on 100,000 acres. All was largely through Keng's efforts, it was noted.

During the period in question, the Sonora staff was essentially a one-man operation. In addition to the regular conservation work through the district, Keng gave

Highway Dept. Open House Slated All Day Friday

Open house will be held at the Sonora Maintenance Section Headquarters and Resident Engineer's Office from eight o'clock Friday morning, May 25, until five o'clock that afternoon. The open house is being held in observance of National Highway Week, May 20-26.

Visitors to the new installation will be taken on a tour of the facilities and will see demonstrations of a few of the many tests and operations con-

ducted daily to care for the highways in this district.

Also exhibited will be examples of two-way radio communications and the various machinery and laboratory testing apparatus used to determine the quality of new highways being constructed and to maintain existing roads in smooth riding condition.

Refreshments of coffee and doughnuts will be served by employees.

Out-of-town dignitaries ex-

pected to be present include District Highway Engineer J. A. Snell, Assistant District Engineer L. K. Willis, and District Maintenance Engineer R. N. Jennings, all of San Angelo.

All interested residents of the area are invited to attend the open house and observe the daily functions of this public agency which is responsible for the care of the highways in this part of the district.

Caverns Open New Season With \$70,000 Improvements

Of the many thousands of pictures of the Caverns of Sonora, taken by both amateur and professional photographers, this is considered one of the most spectacular. In addition to the featured soda straws, it shows many other formations peculiar to the Caverns.

Visitors to the Caverns of Sonora this season will find many new improvements to make their trip even more enjoyable than in past years. Some \$70,000 has been put into buildings and improvements during the slower winter season.

\$60,000 CAVE BUILDING

Foremost among the new features is the \$60,000 stone, wood and glass building designed by the San Angelo architectural firm of Chakos and Zentner on a "Old West Texas" theme. The building, which is 50 feet by 100 feet, is completely enclosed by porches ten feet wide.

The theme is carried out in the building's interior by use of rough cedar paneling on walls, wagonwheel light fixtures, and a rustic native stone fireplace.

NEW FACILITIES OFFERED

Central feature of the new building is the snack bar at which the 1962 traveling public will be served hotdogs, hamburgers, sandwiches, coffee, tea and soft drinks. The snack bar serves both the building interior and the patio.

A large portion of the building is devoted to the display of gifts and souvenirs for sale to

YOUR MINISTER SAYS

By Rev. Doyle W. Morton

Pastor First Methodist Church
Let us congratulate our Seniors. As they step out into new experience they will do well to remember the words that The Apostle Paul wrote to his young friend, Timothy, "Let no one despise your youth, but set the believers an example in speech and conduct, in love, in faith, in purity." I Timothy 4:12.

Older persons should give responsibility to youth. Youth often asserts its independence by ignoring the experience of age. Paul challenges youth to set the believers an example which will win confidence. Every age group needs to be pure "in speech and conduct, in love, in faith, in purity." The youth who sets such an example will grow in these

and other areas of life. He will not only set an example for his elders, but as he grows older, will become an example for youth.

This is another challenge to dare to live our best. This cannot be done by letting others always set the example. We must set the kind of example Christ wants us to set.

Hal F. Holland, brother of Mrs. Juliet Driskell and Mrs. Muriel Hamilton, has retired after 21 years employment at Kelly Air Force Base, San Antonio, and he and his wife will make their home on their ranch 27 miles north of Junction on the Fort McKavett road.

Fishermen Are Still Plagued By High Winds

High winds continue to plague fishermen along the Texas coast, according to reports made to the Game and Fish Commission office in Austin.

Although some mackerel and kings have been reported, winds still interfere with offshore fishing, and only large boats have been able to go into the Gulf waters. Some tremendous catches of snapper, warsaw, and ling have been made offshore from Galveston, Freeport, Port Aransas, and Port Isabel, according to the reports. Trout fishing in back bays also has been fairly good, despite the high wind. Good schools of drum were reported in the flats on lower Laguna Madre.

The pluge was taken out of the Port Mansfield pass during the past week, and water now is circulating between the Gulf and Laguna Madre at Port Mansfield. Biologists are watching the reaction of this water circulation through the pass, to determine its effect on the fishing in that area.

High winds also have hampered fishing on freshwater lakes inland, according to the reports.

Devil's River Philosopher Explains How Candidates Can Spend More For An Office Than The Office Pays

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River, explains the financial end of politics this week, how accurately, we can't say.

PERSONALS

Mr. and Mrs. M. C. Scott were in Fort Worth last weekend to attend commencement exercises at Southwestern Baptist Seminary where their son, Rev. William M. Scott, received his Bachelor of Divinity degree.

Mr. and Mrs. W. J. Thompson and Anita attended commencement exercises at San Angelo College Sunday night where their son, Pat Thompson, received his associate of arts degree.

Jon Bartin Dungan of Odessa was a weekend guest of his grandparents, Mr. and Mrs. R. L. Hallum.

A. E. (Shelly) Lowe was in San Antonio last week attending a one-day seminar on water systems and water purification.

Dear editor:

I was talking with a neighbor of mine the other day and he said there was a problem puzzling him.

He said he'd been reading some figures on how much candidates spend in a big campaign and what he wanted to know was, how can a man afford to spend four or five times as much running for an office as the office pays?

"You take when a man runs for some big office, Governor or Senator, say, why some times he'll spend more getting elected than the office will pay in fifteen or twenty terms, and nobody has ever held on that long. This doesn't make sense to me," he said.

Now I'll admit it doesn't seem to make sense, to spend more money getting a job than the job pays, but on the other hand, ranchers do it all the time. Frequently, ranching is like running a post office. It's a public service institution, you're not supposed to make a profit at it.

But the difference between a rancher spending more on stock than he makes and a politician spending more on an office than it pays, is that for some strange reason most successful politicians wind up in better financial shape than ranchers. Some of them wind up in better shape than before they got elected, which only proves they must be financial geniuses. When a man can spend \$100,000 running for a job that pays \$50,000, and still come out ahead, you can see he's got something that you and me haven't. Of course, what he's got may have belonged to you and me once, but I don't have the facts to go into all that.

Of course, politicians explain their knack for spending more to get a job than the job pays, by emphasizing that their friend put up the money, without, they always say, any strings attached.

I don't know about this. But if there aren't any strings attached, they sure get hold of plenty of it from some place, to string us along with.

Yours faithfully,
J. A.

Working for Texas

Meet a fellow Texan: Preston Smith.

Preston Smith's story is in the best Texas and American tradition—a farm boy who worked his own way to an education and a place of honor in his business and community life.

Born in the heart of Texas, at Georgetown, he moved with his family to Dawson County in 1923 when he was 10 years old. He went to school at Sunset, Lamesa, and Texas Tech. In his adopted home town of Lubbock, with his wife Ima and their two children, he now carries out the full responsibilities of a typical Texas business and civic leader.

A steward at St. John's Methodist Church—member of the Salvation Army Board, the Kiwanis Club, the Chamber of Commerce, the Texas Farm Bureau—these are some of the activities close to the heart of Preston Smith, citizen.

He did not stop there. In his daily pursuits Preston Smith came to realize that business and government are closely related in the American system—and that without good government we cannot have a favorable climate for good business. A man of direct action, Preston Smith went into the business of government. He served six years in the Texas House of Representatives and six in the Senate.

Senator Smith has supported sound statewide legislation for better schools, roads, welfare and conservation. He took the lead in establishing a permanent building program for state colleges. He had the integrity to support necessary state spending and the courage to oppose extravagance and waste. In government, as in business and at home, Preston Smith believes in meeting our obligations and paying our bills.

Having proved himself as one of the best-rounded, best-equipped, best-informed and most highly respected Texans in both his private and public careers, Preston Smith was a logical candidate to succeed Ben Ramsey as Lieutenant Governor of Texas.

Voters in 102 counties gave Preston the lead over four opponents in the First Democratic Primary. Now he is in the runoff. He got there without the support of any self-serving group or power bloc. His opponent has the endorsement of labor leaders and other special interests who want to dominate our state government.

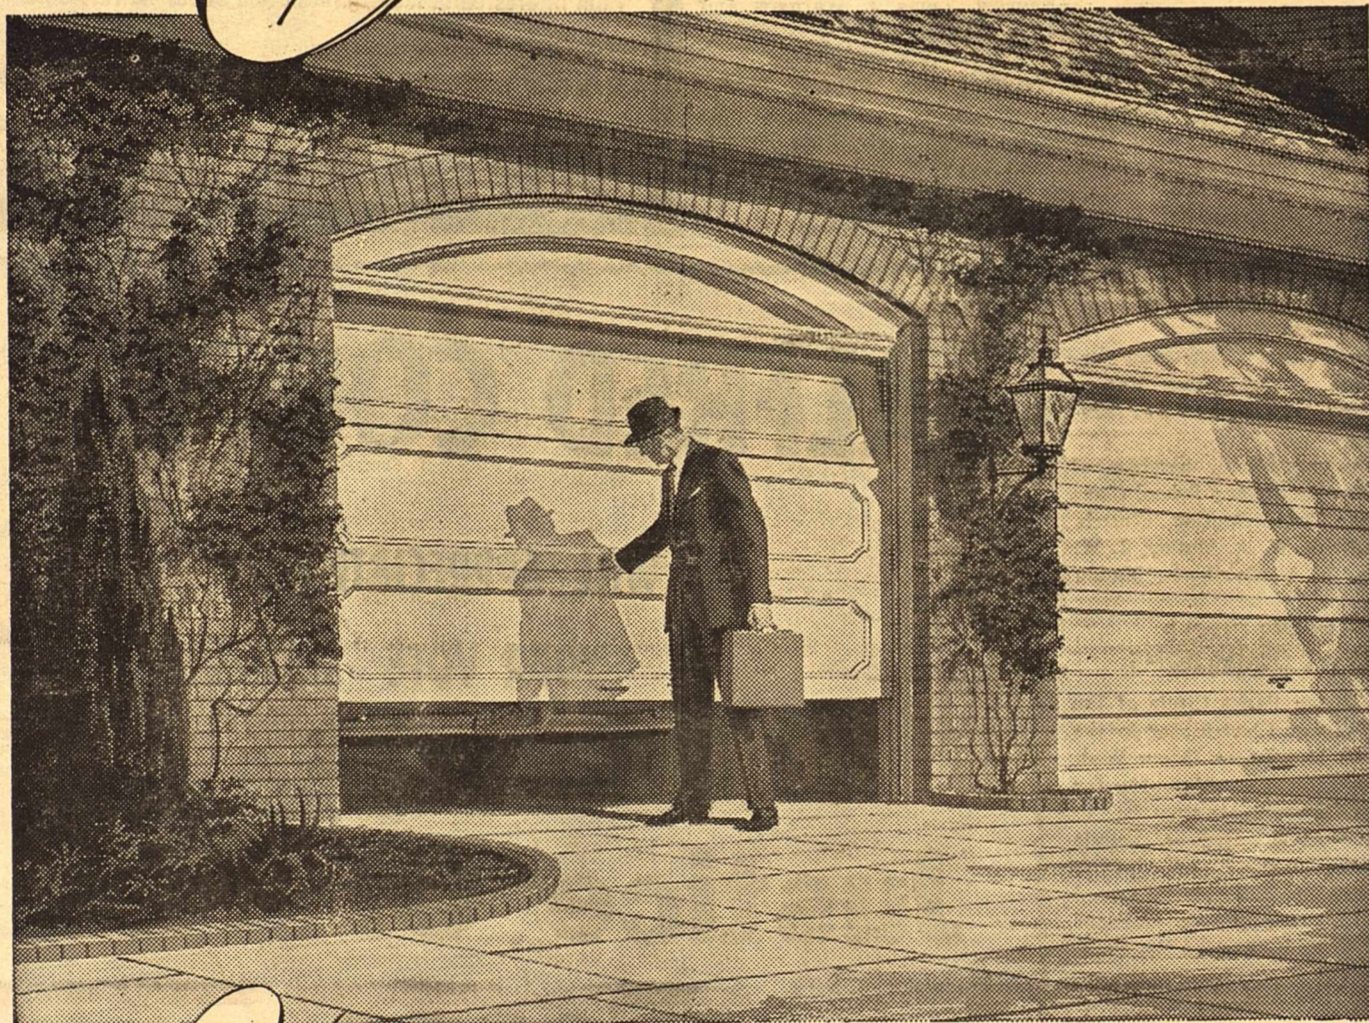

Preston Smith asks only for the votes of individual Texans who want a Lieutenant Governor without any strings attached. He is depending on independent-minded Texans everywhere to vote for him on June 2.

Elect your independent candidate for Lieutenant Governor—

PRESTON SMITH

Cadillac

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes many important things that are extra on other cars. (Including automatic transmission, power steering and power braking.)

3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling—so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance—so great that it is without rival on the world's highways.

So we suggest that you play it safe—and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think.

Junior High Students Suggest City Wide Clean Up Campaign

(Editor's Note: English students of Mrs. H. V. Stokes in Sonora Junior High School recently were required to write themes on improving their home town. We are reprinting the five themes judges considered best.)

By Gary McGivray
What can be done to improve Sonora? There are many things that can be done. One is to clean up Sonora. Our town needs a

clean-up campaign badly. Of course Sonora, like all towns, has beautiful homes and buildings. It also has an airport and golf course, which most other small towns don't have. But a clean-up campaign would help our tourist trade tremendously.

The clean-up campaign could be started by cleaning and painting the downtown area. Some of the old buildings could be cleaned and painted to make them

look more attractive. The lot south of the post office at the beginning of Main Street could be cleaned and some shrubs could be planted on it. The two buildings across the street should be demolished to make room for more beautiful and useful buildings.

The downtown area is not the only part of Sonora that needs cleaning. Some of the homes and lawns could be beautified. The garbage cans should be covered to prevent the attraction of flies.

Sonora should also have better recreation facilities. Of course Sonora has a swimming pool.

By Ray Glasscock
Sonora is a small typical town. Our main industry is ranching. Since we are in the center of ranching, it is called the "Capital of the Stockmen's Paradise". Our town is a friendly town. It has a new radio station that gives news, weather, and music from 6:00 a.m. to 10:00 p.m. Our town has an airport, hospital, good fire department, and a large wool and mohair building. Sonora is a fine town to live in, but it could be improved with a clean-up campaign.

It would be a much better town if we would clean it up.

Nearly all of the vacant lots are overgrown. The owners should clean them up. To see a nice home next to an overgrown lot is not a very pleasant sight. Over by the football field, there are old vacant houses in which no one lives. The houses should be moved, or at least be painted. People of other towns see these things and get the impression that the rest of Sonora is like that.

After we clean up the lots, then we can clean the streets. When we have some trash in our hand, we throw it on the street. Why do we do this? There

are not any trash cans, and we do not want to carry it. Trash cans at the corners would help if we would place them there. You cannot very well clean a street unless there is a paved street.

In some places the streets are not paved. We should patch up the paved ones before we try to pave new ones. The insanitary trash cans that are in the alleys do not look inviting. We should have decent garbage cans with good tops. A city truck comes to collect the garbage, but some people just let it pile up. About half or maybe more want to clean up Sonora, and some just do not care. Are you one of the ones who do not care? It would be easy to clean up Sonora, if we would co-operate.

After we have cleaned up Sonora, people will like to shop here. Sonora has many nice stores with a wide variety of goods. To help business, the clerks should be more friendly. When you walk into a store, you want prompt attention. They may be busy, but they can say they will help you in a little while! Another way to improve business is to advertise more. We have a radio station where we could have spot advertisements on every 15 minutes. The signs on your store should be repainted once in a while. We could put up signs on the roads which come into Sonora. As it is now, there are few good signs. If we have one up, it could be improved.

How are our recreation facilities? We have a swimming pool which is operated by the city. It is too small and is always overcrowded. There are bad cracks in it, and perhaps a new pool is needed. We have a drive-in and a theater. The theater is a dirty place as well as a fire hazard. Most of the chairs are torn up and have no backs.

On the other hand, Sonora has many things that offer pleasure and also wholesome fun. Among these is a golf range which has been put in recently. There are a lot of people that enjoy it. We have the "Caverns of Sonora" which beauty cannot be beaten. These recreational facilities which Sonora has afford much enjoyment and healthful activities for many people from our town as well as thousands of tourists.

RECITALS TO FEATURE MRS. LOEFFLER'S PUPILS

Mrs. S. M. Loeffler's piano students will be presented in two recitals, one of her elementary pupils at 2:30 Sunday afternoon, May 27, and one of high school students at 7:30 Tuesday evening, May 29. Both will be in the school auditorium.

Appearing on the Sunday program will be Jane Sawyer, Annette Shroyer, Sherrill Biggs, Trouba Teaff, Joe Wilson, Melissa Brown, Janice Sutton, Pam Steed, Judy Steed, Melissa Evans, Carolyn Morton, Susan Prugel, Kathy Morgan, Billie Ann Stewart, Susan Stewart, Barry Black, Charlotte Redman, Deborah Wardlaw, Scott Shurley, Becky Tittle, Greg Everett, Tehana Merryman, Vickie Hardgrave, Carol Gay Hardgrave, Georgette Schwiening, Betsy Schwiening, Bill Green, Tom Green and Kay Archer.

High school students participating will be Joe Lopez, Gil Allison, Lydia Bautista, Irene Perez, Betty Jack Cooper, Diana Black, Peggy Grobe, Kay Campbell, Patricia McLaughlin and Barbara Holland.

MRS. ROUSSELOT HOSTESS TO TWICE TUESDAY CLUB

Mrs. Norman W. Rousselet entertained members and guests of the Twice Tuesday Bridge Club at her home Tuesday morning.

Mrs. George D. Wallace held high score, Mrs. Robert Pfluger won the traveling prize and Mrs. Louis J. Wardlaw binged.

Following play, luncheon was served those mentioned and Mes. Nolan W. Johnson, Clayton Hamilton, W. A. McCoy, Cleveland Nance, Tommy Smith, Bill Tittle, Jerry N. Shurley, John R. Tedford, Jr. and Mrs. Louis Gordon.

Jon Bartin Dungan of Odessa was a weekend guest of his grandparents, Mr. and Mrs. R. L. Hallum.

A. E. (Shelly) Lowe was in San Antonio last week attending a one-day seminar on water systems and water purification.

Mr. and Mrs. W. F. Berger were in Brownwood last week for the Brownwood Wool Show.

YEARS AGO

July 13, 1907
Mr. and Mrs. Joe Turney were up from their ranch near Juno Tuesday shopping. Joe says he had several nice rains recently and that his stock is doing fine.

Over three and a half inches of rain has fallen in the Sonora country this week. The sky has been cloudy, the atmosphere cool and the precipitation has soaked into the ground and also put out stock water. Both draws at Sonora were running Friday. The News hopes, and as far as able to learn, the dry places are now wet. The Daily Standard reports rains general throughout West Texas.

The 60 acres in cotton, clean, pretty and thrifty on the Geo S. Allison ranch seven miles east of Sonora, is as good as any in West Texas. Mr. Allison says where grass grows good the land is good cotton land in Sutton county.

August 10, 1907
Come to Sonora and build a home. It's the best proposition. If the Orient misses Christoval, Eldorado, Sonora, Rocksprings and Del Rio these towns can build a road of their own. Sonora's advantages make the town permanent. Come now and get in on the ground floor.

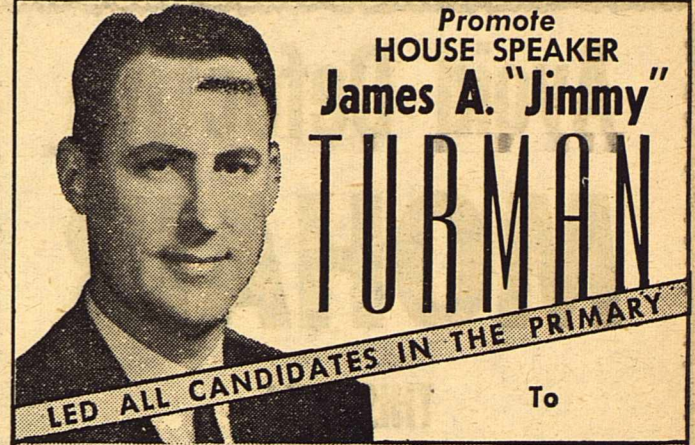

The rainfall in the Sonora country this droughty year, as observed at the Sonora station from Jan. 1, to July 31, 1907 amounted to 10.72 or a little less than ten and three-fourth inches. The precipitation was distributed as follows: Jan. 0.42; Feb. 0.92; Mar. 0.62; April 0.57; May 2.72; June 1.94; July 3.53. The up-to-date or Campbellized farmers could have made cotton with this amount of rain. Had he Camp-

bellized his land last year he could have realized any kind of crops.

Mrs. Sam Hull has returned home after a two-week visit in Dallas with her son-in-law and daughter, Mr. and Mrs. Clayton Bray.

GIRL SCOUT HALL TO GET NEW SCREENS

Troop leaders of the local Girl Scout organization at their recent meeting voted to spend \$104.00 for new screens for the Girl Scout Hall. Mr. and Mrs. Jo W. Hardgrave are house chairmen.

The group, meeting at the home of Mrs. Louis J. Wardlaw, neighborhood chairman, also voted to run the concession stand one night during the Junior Rodeo.

Plans were also made for the Tri-County Day Camp to be held from nine o'clock in the morning until three o'clock in the afternoon July 18 through July 22. The camp will be for Brownies and Girl Scouts. Registration must be made by June 1 and the camp fee will be \$2.75.

Mr. and Mrs. Connie Brown of Fort Worth and Mrs. Buster Fields of Robert Lee were recent guests of Mr. and Mrs. L. E. Johnson, Sr. and Mr. and Mrs. James N. Stewart.

visitors.

The East end of the room offers a lobby where tourists may wait in air-conditioned comfort between tours. The building also houses the office of the general manager, a stock room, and rest-rooms.

NEW EXIT

Last week marked completion of a new exit from the Cavern which opened up hundreds of feet of a new area of the Cavern completely different from anything seen on past tours. Brilliant white walls accent the unusual coloring found in formations in this new area.

The new exit allows 1962 visitors to tour the cavern without backtracking as in previous years.

FULL TIME MANAGER

As of June 1, Luther W. Walker will assume the duties of full time manager. Walker, formerly building principal of Central Elementary School, has been part-time manager since last fall and has served as guide for two years. He and his family will reside on the Cavern grounds.

Improvements to the grounds include expansion of parking facilities and the addition of a picnic and camping area.

The road from Ranch Road 1989 to the Cavern site has been rebuilt and visitors will now find it safe and smooth in all weather.

strong leadership in the development of the Dry Devil's River-Lowrey Draw small watershed project. His efforts in informing the public as to the nature of the project and opportunities offered were termed outstanding. His series of newspaper articles was used by SCS as a model.

Construction phases of the Dry Devil's River-Lowrey Draw watershed project have been completed, with 13 floodwater retarding structures built at a cost of \$1,370,500. Landowners are estimated to be saving an average of \$136,900 annually as a result of the program. The flood threat to the town has been greatly lessened by the project.

Tigers Leading Little League With Perfect 5-0 Record

The Tigers took the lead in the first half of Little League baseball play this week, maintaining a perfect record of five wins and no losses. The Yankees are in second spot with a tie record of two wins, two losses and one tie. In third slot are the Giants with one win, three losses and one tie while the Cubs trail with one win and four losses.

Thursday night's games saw the Tigers take the Yanks 9-5 and the Cubs defeat the Giants 2-1. Nicky Esquivel, Seferino Perez and Tom Green were the winning pitchers while Esquivel and Ramos each had hits for the Tigers. Ramiro Martinez and Polo Ramirez were credited with the loss. Tommy Glascock and Erasmo Lumberras got the Yanks' two hits.

J. V. Cook was on the mound for the winning Cubs, allowing three hits. J. V. and Kenneth West led batters for the Cubs. Richard Cox and Mitch Trainer

were losing pitchers, allowing four hits. Richard also hit for the Giants.

In Monday night play, the Yanks and Giants fought to a five-five tie. Thurston McCutchen and Polo Ramirez pitched for the Yanks, allowing eight hits while Martinez and Ramirez each scored for the Yanks. Richard Cox pitched for the Giants, allowing four hits. Tony Martinez hit a home run and Mitch Trainer also scored.

In the second game, the Tigers defeated the Cubs 9-2 with J. V. and Jess David Cook on the mound for the Cubs, allowing eight hits. Nicky Esquivel, Tom Green and Seferino Perez allowed only three hits for the Cubs. Manuel Sanchez and Seferino Perez each hit homers. J. V. Cook and Alex Castro hit for the Cubs.

The first Peewee games of the season were played last Wednesday evening and League Director Oliver Wuest reports they were exceptionally good games with the younger players exhibiting unusually good hitting and catching abilities. These games will be held regularly at 5:30 each Wednesday, Wuest said.

He also emphasized the importance of returning to him or to team managers an balls picked up by spectators on pop flies or fouts. Wuest says these balls cost the League two dollars apiece and that Monday night alone, lost balls amounted to \$8.00. At this rate, he said, there simply will not be enough balls to complete the season.

YEARS AGO

August 10, 1907

Eddie Pfister was down and out for a short while Sunday afternoon. He and some companions were riding in East Sonora when a cow got in the way of Eddie's horse. Boy, horse and cow took a tumble. The horse and cow got up but the boy remained unconscious for some minutes. Fortunately no bones were broken.
