FORTY-FIRST WEEK

Mrs. Groda Joins "Devil" Staff As Women's Editor

Mrs. Allen Groda has joined the staff of The Devil's River News as society editor and news writer. Mrs. Groda, her husband, formerly a detective with the police department of South Norfolk, Virginia, now employed with an oil well drilling company, and their children come to Sonora from Sheffield.

Mrs. Groda is experienced in news writing, having worked with radio and television stations in Virginia and Florida prior to moving to Texas a year ago. In Norfolk, Virginia, she did promotional writing for WTAR radio and television and on air news for Station WNOR. She is also former promotion manager of Radio Station WMBR in Jacksonville, Florida.

She is a native of Oklahoma and attended Murray Junior College at Tishomingo and the University of Tulsa. Her husband is a graduate of the Virginia State Police School in Richmond and attended Federal Bureau of Investigation classes in South Norfolk, Virginia.

The Groda's five children are Allene, 16, a high school junior; Raymond, 14, a junior high student; Danny, 13, who will be in the seventh grade; Duane, 9, a third-grader, and Vicki, 7, a second grader.

Mrs. Groda introduces her women's column "Coffee Break" with this week's issue.

New Sterile Fly Facilities Like Program Itself -- Big And Efficient

Big and efficient—this describes the facilities needed for production of sterile screwworm flies in the Southwest Screwworm Eradication Program.

Completion of the plant at Moore Air Force Base near Mission is the climax of one of the most intensive voluntary efforts ever made by livestock producers. This was through the Southwest Animal Health Research Foundation, and organization of livestock producers and sportsmen interested in protecting their business and wildlife. It was the contributions of these individuals that made it possible to complete the plant much sooner than hoped, at a cost less than anticipated.

Funds from livestock producers built the plant and it is dedicated to the improvement of the Southwest livestock industry. The plant is truly a "fly factory". It covers 65,000 square feet, employs 300 people working in three shifts every 24 hours for seven days a week, and is designed to produce from 50 up to 75 million sterile screwworm flies each week of the year. Every operation is timed to coincide with the normal life cycle of the screwworm.

Plans of the program for the Southwest — Texas, Arkansas, Louisiana, and New Mexico—is simply to overwhelm the wild screwworm population with sterile male flies in the overwintering zones until the last female produces sterile eggs. Then as eradication is accomplished in Texas and New Mexico, an effective barrier of live sterile flies will be established from Brownsville up the Rio Grande to El Paso and west across New Mexico to the Arizona state line.

Effectiveness of the program locally is pointed out in these letters received by the Extension Service from Sutton County ranchmen:

W. L. (Tom) Davis wrote, "You are all doing a fine job. I don't think there have been one-tenth as many cases as last year. Keep up the good work. I found one of your fly boxes this morning (June 8)."

Herman C. Walker wrote from the T-Half Circle Ranch in Sutton and Schleicher Counties on June 5: "Want to commend you on the results of the program. Ordinarily we would have from 50 to 75 cases of screwworms in our Suffolk herd and have only five left in our worm trap from the cases I have reported. Keep up the good work. Reported seven, I think."

of the state, all seeking the Miss Wool of Texas title and its wool and mohair wardrobe.

The Sonora contestant is 19 years old and will be a sophomore at Southern Methodist University in Dallas where she is a member of Zeta Tau Alpha sorority. She was named to the Dean's Honor Roll last year, was president of Snyder Hall, women's dormitory, and was on the Student Council.

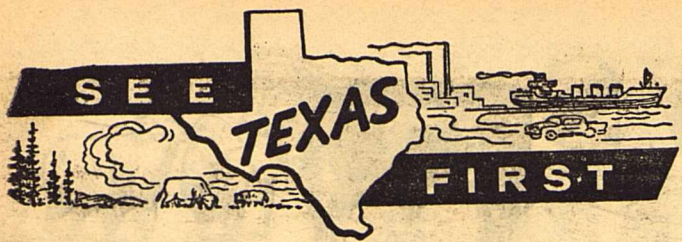

This year's wardrobe will contain 40 garments in all-wool, all-mohair and wool and mohair blends. Each contestant will model three garments and Miss Carolyn Barre, Miss Wool of America, will model the Miss Wool of Texas coronation gown.

Miss Wilson will join the other 12 contestants in San Angelo Friday, July 13 for four days of activities which will include an instructional breakfast, wardrobe fittings, publicity photography and a supper party and dance Saturday; rehearsals and television appearances Sunday; interviews with judges and members of the committee, a reception at the Texas Sheep and Goat Raisers' Association building, the pageant and a dance to follow Monday.

The fact that 13 girls will be competing for the honor beginning on July 13 doesn't bother Mary Adele—her birthday is March 13!

In 1874, Chief Quanah Parker, son of the famous Cynthia Ann Parker, led some 700 picked Comanche, Cheyenne, and Kiowa warriors in battle against 28 brave frontiersmen and buffalo hunters in the Texas Panhandle. He was defeated in this attempted "Alamo" style massacre by the small band of men that

included the famous Bat Masterson and Bermuda Charlie. This "Battleground of Adobe Walls" now rests peacefully just thirty miles north of Borger. There are no dinosaurs in Texas, but we do have proof that the prehistoric monsters were here at one time.

Now why would Martha put laundry in the freezer?

Flameless electric living is a way of life, nowadays.

Sometimes this wonderful way of life in the world of women brings about strange sights—sights that are incomprehensible to the mere man. Often, a man sees things more marvelous, even, than laundry in the freezer.

That's because Martha... and all the Marthas served by West Texas Utilities Company... knows better than anyone (even us) the many ways to live better, electrically.

All right, Mister—why does she put laundry in the freezer? Ask the inventor; she will also show you other ways her family uses flameless electricity for a better life.

Just travel twenty miles west of Cleburne to the town of Glen Rose, and you can see for yourself.

There you will find fossilized dinosaur tracks along the beautiful Paluxy River.

They have a fine specimen on exhibit downtown too.

You'll enjoy staying in Glen Rose, as it is a well-known vacation and health resort... famous for its mineral water.

At Texarkana, Texas, one of the major gateways into the Lone Star State, stands an impressive statue of James Bowie, one of the great men in Texas history.

Jim Bowie, for whom the Bowie Knife is named, was one of the most famous of the valiant defenders of the Alamo who fought to make Texas free.

LaFitte's Grove is just 8 miles west of Galveston, Texas.

Established in 1817, this fort was the headquarters of the freebooter Jean LaFitte while he was pirating ships in the Gulf of Mexico.

This also was the site of the "Battle of Three Trees" between LaFitte's men and the fierce Karankawa Indians.

One of the world's largest meteorites lies about two miles west and six miles south of Odessa, in the far western portion of Texas.

The great meteor, a mass of iron, nickel and various other metals, rests 170 feet deep in a 10-acre pit.

This great visitor from outer space is estimated to have fallen to earth thousands of years ago.

Across from the Courthouse in the town of Corsicana stands the Victorian Mansion of the great evangelist, Abe Mulkey. This well known show place amazes all its viewers with its preserved youthful appearance.

Corsicana is a famous oil center and is located approximately 50 miles south of Dallas, Texas.

Texas has been the home of many great and courageous men.

Carelessness caused almost 2,600,000 casualties in 1961.

A few words describing their feats often can imply the magnitude of their character.

Such are the words on a marker on the highway southwest of Llano, in Central Texas, which reads: "Enchanted Rock. From its summit, in the fall of 1841, Captain John C. Hays, while surrounded by Comanche Indians who cut him off from his ranging company, repulsed the whole band and inflicted upon them such heavy losses that they fled."

Sam Houston was converted and baptized in Rocky Creek in 1854, 18 years before they built the Old Baptist Church that now stands at Independence, in Central Texas.

Marilyn Monroe may not have "It"—but she's got it better organized.

A monument stone on the bell tower by the church reads, "She sleeps within its sound" Reference is to Mrs. Nancy Lea, mother of Houston's wife. She donated her silver service to be melted into the bell.

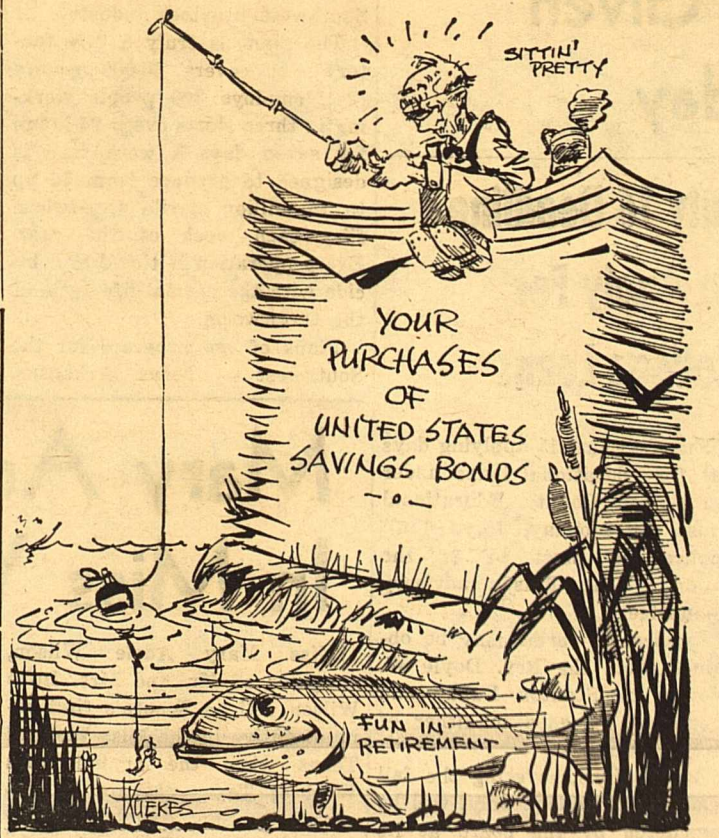

The tower was erected with stones from the ruins of the original Baylor building. Judge Baylor's hearthstone is said to be included in the tower.

Historic old Fort Bliss, established in 1848, was rebuilt by the city and county of El Paso in 1948. They built it as an exact reproduction of the original fort, but on a miniature scale.

THEN AND NOW

Pictured above is the G. W. Morris home, built in 1889, the fifth house in town. G. W. Morris brought his bride, the former Miss Louise Mitchell, here and this was home for the rest of their long lives.

The largest building in town when built, the home faced the public square long before the courthouse was built. Here the first two county commissioner meetings were held December 1 and 15, 1890. In the same room, a Methodist minister held the first church service in Sonora. This historic room is now the west room of the remodeled structure.

Mr. and Mrs. L. C. Newell are shown in the Morrison Variety Store, which they have managed for seven years. Veterans of 38 years in the business, the Newells have managed similar stores over Texas and Oklahoma.

On the spot where the variety store stands, Sheriff E. S. Briant and his deputies surprised Will Carver and his gang of outlaws just before daylight April 2, 1901 at what was at that time Ogden Grocery Store owned by the father of Cy Ogden. Outlaw Carver was killed and Kirkpatrick, second in command, was wounded but escaped.

In 1962 as in 1900 Sonora merchants and businessmen are devoting their time and talents to building a larger and more progressive home town. They are always striving to offer their customers the latest and best merchandise at the lowest possible prices.

Sonora's 75-year history has been one of merchants and ranchmen co-operating to establish and maintain fine schools, good Churches, active civic and charitable organizations and a reputation for friendliness and hospitality.

Coffee Break

By Lindy Groda

Summer can be a bonanza of pleasure if home, vacation, food, and clothing are all kept simple. Too much clutter in home or in dress is out now. Unused books, magazines, or heavy decorations are oppressive. When the mercury zooms, flowers and greenery are understatements of elegance.

Women's clothing is softer in line, away from the harsh tailoring of the past few years. Fashions are ruffled and feminine. Hats and hairdos are not severe and are pretty as a bride. There is a platinum pump, sister to the glittery gold ones. It is a dull cast with a suggestion of pink that gets off on the right foot for summer and fall.

Summer togs in materials that can be taken from the suitcase and put on a hanger and returned to the original fresh pressed look are good. The easy-wash little-or-no iron fabrics are a boon to vacationers. Other good travelers in fabrics are wools, knits, silks, jersey, and prints in most any fabric as they camouflage spots and wrinkles. Oh, and there is a crushable straw dress-up hat that packs and travels right in the suitcase.

Packing for the man of the house is easy with travel light summer suits in wrinkle-resistant synthetics and woolens. Add coordinated swim suit, walking shorts, sports short, and knit tee short and the well-dressed man is vacation-wise.

Vacation tips are rampant right now. The following one involves the head of the house in a true story from a nearby community.

A couple was returning from a fishing trip in a camping pickup truck. At dark, with several hundred miles ahead of them, the man asked his wife to drive while he slept in the back in the camp bed. The night was warm. He slipped off his Levis with instructions to just let him sleep there 'til morning.

Snores . . . and all was well until . . . the wife slammed on brakes for a stop light. The man, having better reflexes than faith, jumped out thinking they had crashed into something. As the untrusting husband hit the ground his wife shot off into traffic with the light change.

At home, the tired wife first ignored the phone. She finally answered, but decided some of their friends were playing a joke. At last she firmly told the "police"—after several annoying calls—"It could not be my husband. He's sleeping right here in his own . . ."

She stopped, looked, and drove back 140 miles to get her spouse, who had been arrested for running down the street sans trousers.

Well, doctors say stretch every two hours while driving. Slinging the arms criss-cross relaxes neck muscles. Check the above story every two hours, also, to avoid retracing steps.

For the stay-at-home or the tourist there is gold over a Sonora hill. For gold doesn't have to be minted or molded to have worth, as evidenced by Sonora sunrise, the goldenest one in the world and the only one that comes up in the north! At least it does to baffled newcomers, who are relieved by afternoon that it gets around to being in the west.

Oldtimers say the misplaced sun is explained by the fact Sonora is not on the square, at least it's not built that way.

What does the name Sonora, man? The word, itself, not the town . . . which, it is easy to see, means home to the old families and new ones alike.

It's like the little orphan girl who tossed a note over an orphanage wall. It read, "Whoever find this, I like you."

That is the spirit in which Coffee Break is tossed out to readers.

Betsy Ross Bride Of Lt. James Baulta In Church Rites Saturday Evening

Mrs. James Alfred Baulta

The marriage of Miss Betsy Ross to Lieutenant James A. Baulta was solemnized in ceremonies Saturday evening, June 30, in the First Methodist Church here. The Rev. Doyle W. Morton, pastor, officiated.

The bride is the daughter of Mr. and Mrs. Joe Brown Ross of Sonora, and the bridegroom is the son of Mr. and Mrs. Roy Baulta of Del Rio.

Miss Kay Hoelscher of Abilene, organist, presented nuptial music.

The bride was given in marriage by her father. She wore a gown of pure white peau de soie and re-embroidered Alencon lace. The softly scalloped neckline was detailed with hand-clipped lace which was repeated in the short sleeve. The bodice was closely molded and the skirt's front fullness was fashioned of unpressed pleats accented with an applique of lace embroidered in seed pearls. The unpressed pleats in back fashioned a modified bustle and the skirt terminated in a chapel train. Her head dress was a demi-crown of lily-of-the-valley and pearls and held a waist-length tulle veil. She carried an arrangement of white roses and stephanotis on a white Bible.

Mrs. L. A. Chastant of New Orleans, Louisiana, attended her sister as matron of honor. Bridesmaids were Mrs. James L. Powell of Fort McKavett and Miss Janie Fitzgerald of Irving. They wore identical street-length gowns of blue organza designed with scoop necklines, brief sleeves and full skirts. The fitted waistlines were accented by deeper blue taffeta cummerbunds. Their bandeaux were of matching taffet and they carried colonial bouquets of white feathered carnations.

Kenneth Baulta of Albuquerque, New Mexico, served his brother as best man. Sam Baulta of Del Rio, also a brother of the groom, and Dr. Joe David Ross of Sonora, brother of the bride, were groomsmen. Ushers were Leroy Robbins of Corpus Christi, brother-in-law of the groom; Bob Briggs of Lampasas, cousin of the bride; Lieutenant Bill Oliver of Dyress Air Force Base, Abilene; and Larry Kemp of Kerrville.

A reception was held in the Bryan Hunt home following the ceremony. The bride's table had a floral arrangement around the silver punch bowl and silver hurricane lamps and the four-tiered bride's cake served by Mrs. W. T. Hardy and Mrs. E. A. Brodhead of Gail. Mrs. Leroy Robbins of Corpus Christi, sister of the groom, and Miss Kay Briggs of Lampasas, cousin of the bride, alternated at the punch bowl.

Mrs. W. H. Dameron and Mrs. B. H. Cusenbary served cake at the groom's table where Mrs. Sam Baulta of Del Rio and Mrs. Larry Kemp of Kerrville alternated at the coffee service.

Mrs. Gene Holmgreen of Corpus Christi and Miss Becky Wilson of Abilene registered guests.

Others in the houseparty included Mrs. Kenneth Baulta of Del Rio, Miss Sandra Ward of Shiner, Miss Kay Hoelscher of Abilene, Miss Sarah Lu Hardy, Mrs. Frank P. Bond and Mrs. Bryan Hunt.

Following a wedding trip to Colorado Lt. and Mrs. Baulta will be at home in Abilene where he is stationed at Dyess Air Force Base. Mrs. Baulta is a graduate of Sonora schools and the University of Texas where she was a member of Kappa Kappa Gamma social sorority, Orange Jackets, honorary women's service organization, and Mortar Board, national honorary for senior women. She has been teaching in the Abilene schools. Her husband is a graduate of Tivy High School, Kerrville and North Texas State University where he was named to "Who's Who in American Colleges and Universities" and designated a Distinguished Cadet of the NTSU Reserve Officers Training Corps.

Mr. and Mrs. Roy Baulta entertained members of the wedding party with a rehearsal dinner at the Gulf Restaurant Friday evening. Arrangements of carnations in the bride's colors of blue and white were featured in decorating.

Mrs. Bond Hostess At Luncheon For Ross Attendants

Mrs. Frank P. Bond honored Miss Betsy Ross and her wedding attendants with a bridesmaids' luncheon in her home Saturday, June 30.

The bride's chosen colors of blue and white were carried out in decorating. A white cut-work cloth covered the bride's table which was centered with an arrangement of blue chrysanthemums in a silver bowl. Quartette tables held miniature arrangements of the blue mums in tiny silver bowls.

Those present included the honoree; her mother, Mrs. Joe B. Ross; Mmes. James L. Powell of Fort McKavett, Larry Kemp of Kerrville, Sam Baulta and Roy Baulta of Del Rio, Leroy Robbins and Gene Holmgreen of Corpus Christi, Kenneth Baulta of Albuquerque, New Mexico, L. A. Chastant of New Orleans, Louisiana and James Hunt; and Misses Kay Hoelscher of Fort

Santa Diana Lopez, Jerry Mac Orren Married In Church Ceremony June 30

Mrs. Jerry Mac Orren

Miss Santa Diana Lopez and Jerry Mac Orren were united in marriage Saturday evening, June 30, in ceremonies at the First Baptist Church here. The Rev. D. C. DuBose, pastor of the First Baptist Church of Eldorado, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Jose Santos Lopez of Sonora. Mr. and Mrs. Pat Orren of Odessa are parents of the groom.

Nuptial music was presented by Miss Crystella Flores of Houston, cousin of the bride, pianist, and Mrs. D. L. Locklin, soloist.

Given in marriage by her father, she wore a gown of misty white silk organza with satin rose appliques and seed pearl embroidery which enhanced the bateau neckline of the brief-sleeved bodice. A wide midriff circled the waist to introduce a bell-shaped full length skirt. A shoulder-length veil of illusion flowed from a rose. She wore pearl earrings belonging to her mother.

Her bouquet was of bridal orchids atop a white Bible belonging to the sister of the bridegroom.

Miss Susan Grace Kinney of Bellaire was maid of honor and bridesmaids were Miss Judy Rodriguez of Rio Grande City and Miss Susan Nicholson of Donna. They were attired in lilac silk organza dotted Swiss dresses with low square necklines, short sleeves and street length bell-shaped skirts. Their head pieces were fabric roses with short veils and they carried crescent bou-

quets of yellow carnations. Kenneth Dunlap of Dallas was best man. Groomsmen were George Veteto, Jr. of Austin and Dave Davenport of Andrews, brother-in-law of the groom. Lemuel Lopez and Joe Lopez, brothers of the bride, were ushers and candlelighters.

A reception was held at the home of the bride's parents. Miss Nelva Bledsoe of New York City, Mrs. Dave Davenport of Andrews, sister of the groom, and Mrs. Ezequiel Duran of Houston, cousin of the bride, were at the bride's table. Miss Mary Youngblood of Beeville registered guests and Miss Sylvia Duran of Sonora was at the rice tree.

Others in the house party included Mrs. Candelario Jimenez, Jr. of Wink and Mrs. Domingo Pina of Eldorado, cousins of the bride, and Mrs. Arthur Trevino of Sonora.

Following a wedding trip to Saitillo and Monterrey, Mexico, the couple will be at home in Odessa for the summer and then return to Houston in the fall to attend college.

Mrs. Orren is a graduate of Sonora High School and is a senior at Texas Women's University College of Nursing, where she was a 1962 Redbud Princess. Her husband is a graduate of Odessa High School and the University of Texas where he received a Bachelor of Science degree in physics. He is a sophomore at Baylor University College of Medicine and is social director of Alpha Kappa Kappa fraternity.

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford

Texas Press Association
State-owned islands along the coast, and submerged lands in inland waters, now are available for lease for industrial purposes.

Leasing for industry was authorized last year by the Legislature. First step in the program was for Gov. Price Daniel to select the men to serve on a committee to advise the School Land Board on leasing procedures.

Daniel now has named J. Chrys Dougherty of Austin, an attorney, and Dr. Armstrong Price of Corpus Christi as the advisors.

Procedure is this—a person who wants to lease state land must first apply to the city government, if the land lies in a city limit, or to the county commissioners court. They publish notices and have public hearings. If they recommend the lease the three-man School Land Board then can consider it and set the amount of rent to be paid.

First application was from Port Aransas, which wants to lease part of Mustang Island for an airport.

SCHOOL BUS BARGAINS—Prices of school buses are falling.

State Board of Control, which buys buses for all the school

districts on sealed bids, found that the price of 72-passenger buses has fallen by about \$1,200 this spring.

May purchases averaged \$5,430, while the 1961 average was \$6,618. Some sort of declines were noted in prices of smaller buses.

TEXTBOOK STORM—The special House of Representatives committee which had some stormy hearings wound up its business with an internal storm.

Rep. W. T. Dungan of McKinney held the final hearing all by himself in Dallas. Other four members boycotted the meeting, then voted to expunge it from the record.

Each member will write his own report to the House on the procedures by which textbooks are selected.

During its stormy life, committee heard one member called a "card carrying communist" by a lady in Amarillo. He filed suit against her, and apparently the folks back home didn't believe her, because he won renomination.

LEGAL RULINGS—Atty. Gen. Will Wilson answered a variety of questions this week.

He told Education Commissioner J. W. Edgar that it is not legal for a school district to buy gasoline and oil from a consignee who is a member of the school board, even if he got the contract as low bidder on sealed bids.

He told County Atty. John Lawhon of Denton that Jim George, who won the Democratic nomination for two justice of the peace seats, can't hold them both, and that he vacated the office he held when he became a candidate for the other place. George's name cannot appear on

USDA Insect Repellent Said Safe, Effective

You don't have to spend time fighting off insects this summer while you are out of doors. Such pests as mosquitoes, ticks, fleas, chiggers and biting flies can be made to keep their distance by applying a repellent developed by U. S. Department of Agriculture scientists on exposed skin areas.

The repellent is commonly called deet. Diethyl-toluamide is the chemical designation. It was synthesized and tested by chemists and entomologists of USDA's Agricultural Research Service. It is now available in ready-to-use containers under several trade names, and has been approved as the standard military repellent.

Deet is effective and safe for general use on the skin or on certain kinds of clothing materials. However, instructions covering the use of the repellent should be followed closely, because the chemical may affect certain paints, varnishes and some of the plastic materials. The repellent is safe for use on cotton or wool fabrics if they contain no synthetic fibers.

Smear evenly on exposed skin areas, deet is effective for several hours. It has little or no odor, and it does not cause a greasy feeling on the skin.

For homeowners who are no longer finding DDT an effective chemical against houseflies, USDA scientists suggest the use of one of the commercial sprays containing pyrethrins. Many products containing pyrethrins are available in aerosol containers. The scientists suggest that one be purchased which specifies on the label that it will control flying insects. They recommend the continued use of DDT in areas where houseflies have not developed a resistance to the insecticide.

If you want it to be a short summer, just sign a 90-day note.

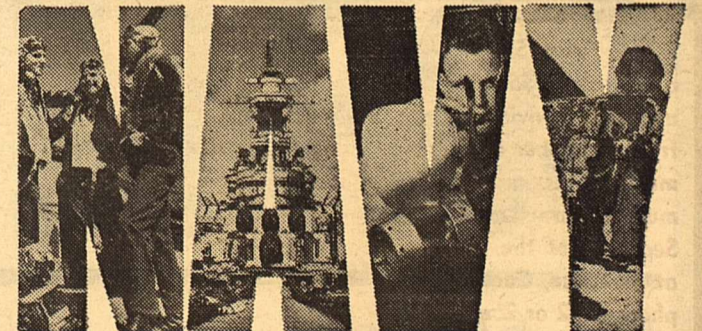

Before you criticize the old folks, remember that even though clock is run down, it's right twice a day.

West Texas Lakes Promise

Good Fishing This Summer

Fishing prospects for the lakes in Texas Game and Fish Commission Region I were released recently by aquatic biologists working with the Commission. Headquarters for Region I are located in San Angelo and these lakes are all within weekend driving distance of Sutton Marlin Lake, 17 miles east of Canadian, 553 acre-feet capacity. Cabins, boats and camping areas available. Fishing will be better than during the past years. Many large bass should be caught this summer.

Moss Creek Reservoir, 8.5 miles east of Big Spring, 2,477 acre-feet capacity. Picnic areas, concession, good boat launching facilities. Excellent catches of largemouth bass, wite crappie and sunfish can be expected this year.

Mountain Creek Reservoir, five miles northeast of Robert Lee, 950 acre-feet capacity. Boats, bait and launching areas available. Excellent fishing is forecast and especially so if water level increases significantly. Largemouth bass and channel cat fishing should be good later this summer.

Nasworthy Lake, six miles southwest of San Angelo, 1,326 surface acres. Boats, bait, camping areas, cabins and concessions available. Water level stabilization last year indicates fishing will improve in 1962. This lake could produce better fishing if watershed control and fishery management practices were incorporated.

Oak Creek Reservoir, 11 miles north of Bronte, 2,375 surface acres. Boats, bait, camping areas available. Fishing should be vastly improved by late fall following management by Game Commission fishery crews.

Pauline Lake, five miles southeast of Quanah, 7,000 acre feet capacity. Concession and bait available. Should provide fair black bass, crappie, channel cat and white bass fishing this year, but could be vastly improved by complete control of rough fish populations.

Red Bluff Reservoir, 44 miles northwest of Pecos, 11,700 surface acres. Cabins, boats, bait, camping areas available. Growth of restocked game fish has been favorable and fishing should be very good this year. Salt water fish released in this lake may be caught in moderate numbers. The Game and Fish Commission urgently requests that anyone catching a salt water fish report his catch to the nearest concessionaire and return the fish to the water so they may reproduce.

Rita Blanca Lake, two miles southeast of Dalhart, 524 surface acres. Boats, bait, camping areas. Recent introduction of yellow catfish should greatly reduce rough fish in this lake and better watershed control in the past two years should greatly improve fishing. White crappie fishing is very good now and should be better by 1963. Black bass and channel cat should be caught in good numbers and a few hard-to-catch lunkers will be taken, but not in as large quantities as in 1961.

San Angelo Reservoir, San Angelo, 5,440 surface acres. Cabins, boats, bait and camping areas available. Large bass have been taken since early spring and catches should continue to be good. Crappie fishing should reach its peak this summer with large crappie being taken.

Santa Anna Lake, four miles northeast of Santa Anna, 600 acre-feet capacity. Boat launching areas. Very good for the persistent angler. However, excessive natural food causes fishermen to work for their catches.

Scarborough Lake, four miles north of Coleman, 2,000 acre-feet capacity. Boat launching site. White crappie and channel catfish fishing is greatly improved. Production of game fish should increase this summer and provide better fishing than was shown last year.

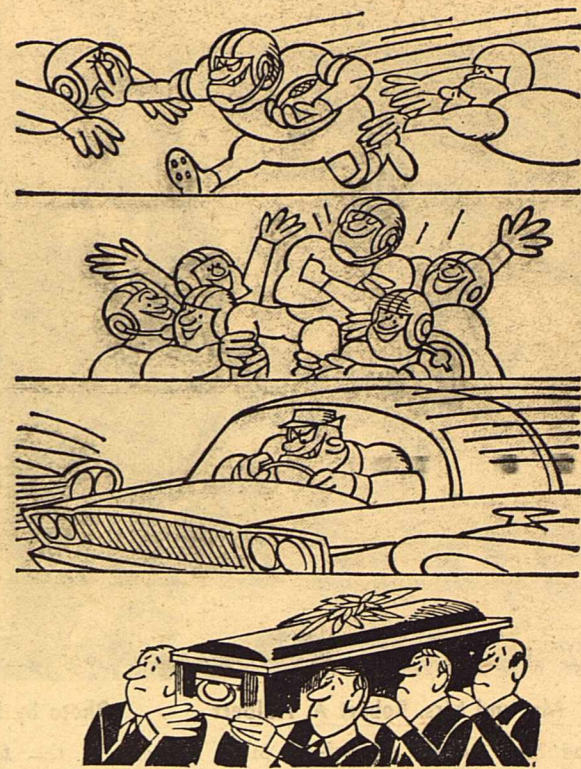

Stamford Lake, 11.7 miles southeast of Haskell, 5,125 surface acres. Many fishing camps with all facilities available. Noted for its yellow catfish, crappie and channel catfish fishing. Huge black bass are present, but seldom caught because of abundant natural food supply of shad, silverside minnows and sunfish. Fishing will continue to be better than average this year.

Sweetwater Lake, 6.4 miles southeast of Sweetwater, 630 surface acres. Boats, bait, camping areas available. Excellent strings of one to two pound bass and channel catfish are being taken regularly by anglers. Fishing should be very good for several years to come.

Trammel Lake, eight miles south of Sweetwater, 3,183 acre feet capacity. Boats, bait, camping areas available. Excellent place for fly rod and light spinning rod enthusiasts who wish to take large sunfish or bream. A fair population of largemouth bass and catfish exists.

Winters Lake, 4.5 miles east of Winters, 2,673 acre feet capacity. Boats, bait, camping areas available. Excellent for largemouth bass and channel catfish. Fishing should be best this fall.

Robert A. Halberts Honored Sunday With 50th Anniversary Open House

Mr. and Mrs. Robert A. Halbert

Mr. and Mrs. Robert A. Halbert were honored Sunday afternoon, July 1, with an open house in observance of their fiftieth wedding anniversary. Mr. and Mrs. Vestel Askew and Mr. and Mrs. Lee B. Fawcett, sons-in-law and daughters of the honorees, were hosts for the open house held at the Askew home.

The Halberts were married July 5, 1912, in Brownwood at the home of her parents, the late Rev. and Mrs. B. E. Huggins. The Rev. J. L. Mims, Baptist minister, performed the ceremony.

For the first six years of their married life, the couple made their home on a ranch in Schleicher County, traveling the 15 miles into Eldorado by mule-drawn wagon twice monthly for supplies. Following the birth of their daughter Allie, now Mrs. Vestel Askew they bought their first automobile, a Model T Ford, which eased the shopping trips considerably.

In 1918 they moved to Sutton County where they lived on the ranch belonging to Mr. Halbert's father, the late R. F. Halbert. This property is now owned by their daughter Bobbie and her husband Lee B. Fawcett. The couple leased the ranch and lived there until 1924. In 1928 they moved into town, after building a home, now owned by Mr. and Mrs. Harold Schwiening, so that their daughters could attend school.

Ten years later the Halberts bought what is now their home ranch from Virgil Powell, and built the house in which they have lived since with the exception of a period of six years during the recent drought when they were in Missouri.

Mrs. Halbert is the former Miss Battie Muggins and was born in Williamson County December 14, 1894. Her father was a Baptist minister. They later lived in Lampasas County and then in Brownwood where Mrs. Halbert attended Howard Payne College and met her husband.

She is a member of the board of Hudspheth Memorial Hospital and of the hospital's auxiliary, and a member of the Methodist Church. She also enjoys playing bridge but devotes most of her time to her home and family.

Mr. Halbert was born at Fort McKavett June 11, 1891 and has spent almost all his life in Sutton County. He is noted for his fine registered Polled Hereford cattle which have won championships in many shows and four national grand championships. One of his bulls brought a top price of \$35,000.

He is a member of the Methodist Church and was chairman of the board of stewards for 10 years during which time the present church building was erected. He served 13 years on the school board and was chairman of the board of Lillian M. Hudspheth Memorial Hospital when it was built in 1951. He is a past president of the American Polled Hereford Association and was an association director four years. A 32nd degree Mason, he is a member of the local Dea Ora Lodge.

At the open house the serving table was laid with an embroidered white linen cloth and centered with the four-tiered cake which was topped with gold bells and a 50-year emblem.

Coffee was served by Mrs. Homer Robertson of Stephenville, sister of Mrs. Halbert; Mrs. E. E. Sawyer and Mrs. L. E. John-

-GREEN NEWS-

By Betty Jones

Around 230 golfers registered at the local golf course from Monday, June 25, through Sunday, July 1.

-GN-

Noticed some of the "younger set" were practicing on the putting green Sunday afternoon. The scores that are posted by this particular golf group indicate practice at the driving range

too. Jimmy Trainer shot a 50 and Dorr Scherz a 44.

-GN-

Talked to a party of golfers from Junction who had finished 21 holes of golf. They complimented the well-kept greens and fairways.

-GN-

Fairways are in shape as a result of Golf Club members' work. Members "pride and responsibility" for his own fairway is wonderful.

-GN-

Dr. Howell and sons Dr. J. F., Jr. (Sonny) and Charlie were out for an afternoon of golf.

-GN-

Around ten golfers were seen at the driving range Sunday afternoon. The Bill Morriss family were practicing their drives. (There were others there, too.)

-GN-

Bill Tittle has a remarkable Number Five iron. It can do all sorts of things. Have you seen it?

-GN-

Clayton Hamilton, Doyle Morgan and Oliver Wuest were loading clubs in the back of a station wagon. Asked, "How was your game?" Wuest—"Wonderful . . . I didn't play." Clayton and Doyle were not as talkative, guess they played.

-GN-

Shelley Lowe had a "scoop" but we didn't get it.

Clara Lloyd Scherz played nine holes of golf Saturday and was back Sunday for nine more. Her father, L. D. Ochsner of Eldorado, is a frequent golfer here.

-GN-

Did you know that: Native buffalo grass has been planted on Number Five and Number Two fairways?

One-half million gallons of water were used to water greens last month?

Top publicity for the July 4 tournament and Local Course was given by Devil's River News and Bob Hemphill of KCKG. Charles Chamberlain (photo-

graphy, Bob Milburn (San Angelo Standard-Times) and Buzzie Stokes helped publicize area-wide.

-GN-

Gil Allison is doing an excellent job at local course registering, welcoming and comforting golfers . . . and many other duties that pertain to "golfing".

-GN-

Max Hardegree said he was shooting about the same, whatever that means. He is with the group that keeps Number Seven fairway in shape. They do need a couple of highline poles and some two-by-fours to build a bridge across the draw. A bridge across Number Seven might even help strokes on Number Eight.

-GN-

Bill and Betty Stewart were excited about their improved golf scores.

A father and son twosome, Dr. Browne and Chuck, Sunday afternoon.

-GN-

Saw a few of the teen-age set Dick McMillan, Jan McClelland, Gene McCarver, Diana Cahill, Tomye Lynne Smith, Karon Kemble and Pat Rogers from Eldorado, Gil Allison and Charlie Howell.
