## Ten Years Of Class A Football Reveals These Players Stood Out

Does your memory need refreshing before you complete your entry in the All-Time Class A All-Star contest? Then you are just one of several who have indicated that their memories need a good jog when it comes to football prior to 1955.

We have come up with complete team rosters for the 1951 season up to the present and print them for your benefit.

1951

Ends were Pedro Galindo, Billy Bryan Savel and Jim Skinner; Tackles, Lionel Sanchez, Dick Stephenson and Joe David Ross; Guards, Herb McKee and Joe Berlanga; no center was listed; Backs were Herman Peitchinsky, Bobby Scott, Jodie Minnick; George Wright and Tracy Crites.

The Broncos had nine games on their schedule in 1951, they lost seven, forfeited one to Menard when six varsity players became ill, and won over the San Angelo Kittens.

1952

The year 1952 found Joe David Ross and James McLaughlin at Ends; Tackles were Lionel Sanchez and Jack Johnson; Eddie Smith and Ted Bailey Joy were Guards; Henry Ehrenburg was Center; and backs were Bobby Scott, George Wright, Tracy Crites and Jodie Minnick.

Sonora was second in the district that year and had a season record of six wins, four losses

1953

Ends were Jim Skinner (named to all-District) and Rus Chalk; Tackles were Eddie Smith and James McLaughlin; Guards were Donald Fuqua (All-District) and Ted Bailey Joy; Joe Renfro was Center; Backs were three All-Districts George Wright, Jodie Minnick and Sam Gonzales, augmented by Tracy Crites and Jack Johnson.

The Broncos were District Champions in 1953 winning seven games, losing two and tying one, Menard, in a 6-6 heat with no penalties.

1954

1953 found Rus Chalk winning All-District honors at end with fellow-ends being Shannon Rattliff and Preston Love. Donald Fuqua and James McLaughlin were at Tackles with Fuqua named to All-District and to third All State. Guards were All-District choices Ted Bailey Joy and Tommy Ray Adams. Joy was also named to second team All State; Joe Renfro was at Center; Backs were Sam Gonzales (All-District), George Johnson (All-District and honorable mention All State), George Wright (All-District and All State Captain), Jack Johnson.

That year saw the Broncos take the District and Bi-District Titles. There were 12 games played in 1954 with the Sonora team losing only two—the season opener with Ballinger and the Regional contest with Albany.

# 5th Annual Horse Show Slated At Show Grounds Saturday

## Odds And Ends

It's THAT season again and if you want to know WHAT season just keep your ears open when you walk down the street. And in case you should happen to be walking down the street and not hear a clue we'll drop a hint—there's things a-goin' on at the football field.

We got all wrapped up in looking back through the old files this week and pulled out lots of material for use by those of you who are entering our contest. Unfortunately, the 1950 file failed to reveal anything but three names which may be of interest—Gene Henderson, Mike Gonzales and Bill Baldwin.

Everyone is extremely fire-conscious these days, and that's as it should be. Lightning Thursday not only set off the two large fires on the W. B. McMillan ranch and on Fort Terrett and Schulz ranches but was responsible for at least three other small fires which were quickly extinguished. Ask Leonard and Bud Gibbs about their experience!

The Sonora Park and Horse Show Association is sponsoring their annual horse show this weekend. It promises to be a top-notch event and is expected to draw entries from a wide area.

Mr. and Mrs. Don Nicholas of Calgary, Alberta, Canada are in Sonora, visiting and to pick up their children, who have been visiting their grandparents, Mr. and Mrs. Granville Barker and Mr. and Mrs. Curtis Nicholas.

## SHS Bronco Band Begins Practice For Coming Season

Bronco Band Director J. L. Steed announced this week that some 65 to 70 members of the band have begun practice and marching from ten o'clock until noon daily at the Band Hall.

Steed said that any prospective new band members may contact him there or at home. He was especially glad to welcome Johnny Williams, first trombonist, from Del Rio, who has recently joined the band.

The director described the band as the best he has ever had here and says members are eager to improve even more so that they will be stand-outs in AA bands.

## Joe Thomas Friess Receives Degree From Sul Ross

Joe Thomas Friess of Sonora was among 106 recipients of degrees at Sul Ross State College at Alpine Sunday, August 19. Friess received the degree of Bachelor of Science in range animal husbandry.

He is the son of Mr. and Mrs. Harold Friess of Sonora and is married to the former Miss Edwina Hawkins, also of Sonora.

## Central Students Register Aug. 27

Registration of new pupils entering Central Elementary will take place Monday, August 27 in the principal's office between 8:30-11:30 a.m. This includes registration of all kindergarten pupils and new pupils in Grade 1-7.

Principal Ralph Finklea advises that birth certificates are required for registration in kindergarten and first grades. Children who are five on or before November 1, 1962 are eligible for kindergarten. Children who are six on or before November 1, 1962 are eligible for registration in the first grade.

Parents who registered for first grade last May during the first grade roundup and who presented birth certificates at that time need not register Monday morning. A fee of \$10.00 per month is charged for kindergarten. This fee must be paid in advance. Pupils entering from other schools must present their book and report cards at the time of registration.

All classes will begin at 8:30 a. m. on Tuesday, September 4. This will be a full regular day of school.

## AUGUSTINE CHAVEZ COMPLETES TRAINING

During the nine-week indoctrination period, recruits are trained in physical fitness, basic military law, military drill, customs and etiquette of the naval service, swimming and survival, first aid and basic shipboard routine.

## NOTICE

The Sonora Fire Department has on hand several articles left by persons fighting grass fires last week. Among them are some thermos jugs and other items which are still unclaimed.

Owners of these items may contact either Mat Adams or Lee Patrick.

## NOTICE

A very important Band Parents meeting is scheduled for Monday, August 27 at 8 p.m. in the Band Hall. Band Director Lacy Steed asks that all parents be present.

## Grid Practice Gets Underway Here Monday

Some 40 boys were out for the first day of football practice Monday, August 20, and others were due to start later in the week.

The team this year is big and shows promise of being fast. The first day was spent working on fundamental blocking and tackling and pass offense. Head Coach Jerry Hopkins and other coaches appeared pleased with the boys.

There are 14 returning lettermen and a lot of good men moving up from last year's B team.

Back this season are last year's varsity members Quarterback Primo Gonzales, Guard Bob Ne-vill, Backs Danny Rutherford and Julio Samaniego, Tackles Louis Perez and Alfred Perez, End Arthur Bermea and Back Larry Bob Moore.

A good representation from the Bronco Booster Club have been on hand for the practices.

Mr. and Mrs. R. B. Crites, Laura Sue and Charlie of Snyder were visiting Mrs. Pearl Crites over the weekend and also with the Ted Letsingers, with whom Charlie visited the previous week.

## Jerry Reynolds, 11, Accident Victim, Buried Sunday

Jerry Reynolds, age 11, son of Mr. and Mrs. Don Reynolds of Pittsburgh, was fatally injured Saturday morning when he fell from a tractor into the path of a weed shredder behind it. He was cutting grass on the family ranch when the tractor apparently hit a stump, pitched him off and the shredder passed over him.

Funeral services were held last Sunday afternoon at 4 p.m. at the First Baptist Church in Pittsburgh with the Rev. Ed Shirley officiating.

The Reynolds youth came to the Pittsburgh area with his parents to settle on the P and R Ranch. Jerry and his father are well known in cattle circles in the Northeast Texas area.

Survivors are the parents and a sister, Nancy. Paternal grandparents are Mr. and Mrs. D. R. Reynolds of Goldthwaite. Maternal grandparents are Mr. and Mrs. A. H. Adkins of Sonora.

## Forever Is A Long Time

The right to set tariffs on imports is given to the Congress by the constitution.

The House has already passed a bill to give this right to the President permanently and completely. The President has held this power by special act since 1934 . . . a power he has usually turned over to the State Department, a great floating body that rams the world behind a cloak of diplomacy, never reporting to the people. That we have made this mistake since 1934 is not a good reason to make the same mistake permanent and irrevocable, as the Trade Bill proposes.

This bill is now before the powerful Senate Finance Committee. Time magazine says the committee chairman, Senator Harry Flood Byrd, is saying privately that he will support the Trade Bill. This does not seem right. We find it hard to believe that one of the best democrats in this country would do anything to destroy the sheep and wool industry, or any other American business.

Industry as a whole will benefit by the preservation of foreign trade, but tariff adjustment should be kept in the hands of Congress. And we should keep in touch with them all the way. The House has already made its mistake . . . unhampered . . . mostly because they did not hear from the people. It's time we got in touch with Senators John Tower, Ralph Yarborough and Harry Byrd in the Senate Office Building, Washington, D. C., to ask them not to give their constitutionally-delegated powers away . . . not this session . . . or ever.

This is not an elephant or a donkey problem. This is a forever problem that needs attention right now.

# Lightning Triggers Grass Fires As August Remains Hot, Dry

## Lions Roar

The Sonora Lions Club met at the Methodist Fellowship Hall Tuesday, August 21 at noon.

The Music Club served luncheon. Clyde Greer of Sonora was a guest.

For the program, E. B. Keng showed slides and commented on his and Joseph VanderStucken's trip to Alaska.

President Jack Kerbow gave a report on the zone meeting at Eldorado, attended by him and A. E. Prugel.

Mr. and Mrs. Ralph Finklea, Jr. have been vacationing in Raymondville, where they visited the senior Ralph Finkleas, and in Rockport, where they visited the Gay Copelands, former Sonorans now building a home on a point on Aransas Bay.

During the training, recruits receive tests and interviews which determine future training and assignments in the Navy.

Lightning did not strike in the same place twice, but it did strike twice in the same half hour on the W. B. McMillan Ranch and on the Emmitt Pfluger Ranch Thursday p.m., August 23. Firemen from Sonora, Eldorado, Ozona, Junction and Rock-springs and ranchmen from all over the area got the fire under control, but both fires broke out again Friday afternoon, apparently from smoldering remains hiding from the previous day. Friday, the fire spread over into the Albert Schultz Ranch momentarily before it was subdued.

Beginning in hilly cedar country, which had been cleared, the blazes ripped through a good cover of grass that was powder dry and went like paper burning. Late Friday the fire hit a clump of cedar trees and looked like a forest fire for a time, one ranchman said.

Lee Patrick, Sonora Fire Chief, said this was one of the worst grass fires we've ever had in this country. Close to 2,000 acres of grassland was destroyed on

## Devil's River Philosopher Still Doubts Man Will Find Anything In Space To Equal Home Ground

Editor's Note: The Devil's  
River Philosopher on his bitter-  
weed ranch on Devil's River con-  
tinues unenthusiastic about outer  
space, his letter this week indi-  
cates.

Dear editor:  
A neighbor of mine was aw-  
fully depressed the other day  
while those two Russians were  
sailing through space.

"They're just too far ahead of  
us," he kept saying. "We debate  
whether our men will stay up for  
three or four hours, while they  
debate whether theirs will stay  
up for three or four days."

He shook his head as though  
all was lost and it might not  
even be worth while farming  
again another year.

Well, now, I'll tell you. It's  
true that ever since Columbus  
discovered America and opened  
up the best source of foreign aid  
Europe ever had, man has been  
trying to reach out and explore  
some more, but I'm not sure the  
moon will be as rewarding to  
mankind as the discovery of  
America was. It may not have  
the soil we've got down here.

I don't know, nobody does, but  
it's possible that when man, Rus-  
sian or American, does reach the  
moon and the first wild excite-  
ment of the feat is over and he  
has a chance to look around up  
there, he may discover that the  
earth sure looks good to him.  
May be like climbing a high  
mountain—once it's done, it  
ain't worth doing again.

Then I suppose man will try  
some other planet, then another,  
then some more, and still it's  
possible he won't find anything  
that'll come within a country  
mile—or in space terms a mil-  
lion miles—of the pleasant things  
right outside of my front door or  
yours.

I'm not saying it's so, but  
you've got to consider the pos-  
sibility that being the first man  
to get to the moon may not be  
any more important in the long  
run than being the first man to  
pole vault 16 feet. It's quite an  
achievement, but it has little  
bearing on the continuing fun of

iving on this fairly comfortable  
earth.

Understand, I'm not saying  
there's nothing out in space  
worth exploring, all I'm saying  
is that I have a notion that the  
happiest moment in an astro-  
naut's experience is the feel of  
the earth when he get back down.  
It's no doubt thrilling to orbit  
the earth, but after three days  
of it, round and round, twiddling  
with knobs and looking out a  
window at nothing, it must get  
mighty boring, even worse than  
riding a tractor up one row and  
down another.

Yours faithfully,  
J. A.

## YOUR MINISTER SAYS

By Rev. Jim Hill, Pastor  
Calvary Baptist Church

Luke 19:41 "And when He was  
come near, He beheld the city,  
and wept over it."

Last week we considered  
Jericho, the walled city. This  
week let us turn to Jerusalem,  
the blind city. Jerusalem is often  
referred to as the Holy City be-  
cause it so long housed the  
sanctuary of Christian worship.  
It was a city that was proud of  
its temples, of its sanctimonious  
priests, of its religious holidays,  
and of its religious feasts It was  
a city that had housed some of  
God's greatest prophets. It was  
a city that had on numerous oc-  
casions been delivered from its  
warring enemies by the hand of  
God.

And now in these days, it had  
been blessed as never before by  
the Son of God. Yet Jesus wept  
over the city because it was  
blind to its benefits. Jesus knew  
that this city would one day  
rebel against Him and ultimately  
crucify Him. This would happen  
because it did not seize upon the  
spiritual opportunities that God  
had given it. Then Jerusalem  
would no longer be the Holy  
City, but the wretched city.

We, as a city of people today,  
would do well to learn the les-  
son of Jerusalem, lest we too,  
become a blind city. Let us look  
upon our churches as sources of  
spiritual strength and not sim-  
ply places of social functions.  
Let us in the same instance take  
advantage of the ministers that  
God has sent to us. Let us hear  
their messages and adhere to  
them. For who knows, "We may  
be entertaining angels unaware."

Then let us lay hold on the  
students of the church, those who  
have spiritual discernment, and  
set them as examples before our  
community.

Blindness is not always limit-

### Washington News

By Congressman O. C. Fisher

HAUNTED BY THOUGHTS of home, there's a lot of rest-

lessness showing up in the House of Representatives these days. Perhaps a month ahead of the Senate in advancing the legislative program, House members are beginning to fuss and fret about

delaying tactics in the Senate. Only recently the Administration-sponsored communications satellites bill, which cleared the House almost unanimously, bogged down in the Senate when Senator Wayne Morse and a small minority of liberals objected to the bill being taken up in the Senate. A one-week filibuster was broken only by an agreement to send the bill to a committee for one week, following which there may be another talkathon by the liberals.

Morse, surrounded by a small group of like-minded liberals, got his dander up when Senator Mansfield, majority leader, objected to some of his tactics. Morse, in a huff, disowned Mans-

field as his future leader. Republicans facetiously hinted that turn-coat Morse, who deserted the Republicans and joined the Democrats a few years ago, might be about to do another turn-about, and they speculated on what they would do with the prodigal if he did return to his first-love.

EARLIER IN THE SESSION the Senators killed the better part of three weeks debating a bill, of doubtful constitutionality, prohibiting literacy tests applied to voters in various states. The abortive efforts very properly went down the drain, but not until some Senators had made a record which they could point to in appeals to gullible, racial-

## U.S. SAVINGS BONDS

## How to stand guard for freedom in 1962

Some men of Concord in old Massachusetts once got themselves called "Minute Men" because it took them just sixty seconds to come to the defense of freedom, day or night.

In the years since, the Minute Man has become a symbol of our determination to stay strong and to stay free. Other symbols of that determination are U.S. Savings Bonds.

When you buy a Bond today you do more than invest money for your own future. You also

show your own personal determination to keep America strong and free right now—because the same dollars you save for tomorrow help the government defend freedom today.

That's why buying U.S. Savings Bonds is a way to be a "Minute Man" in 1962. And Bonds work for you and your country around the clock.

Why not join the ranks of America's modern Minute Men? All it takes is \$18.75 and a visit to the Bond window at the bank.

## THAT'S A FACT

## Coffee Break

By Lindy Groda

How does a dentist feel when decay prevention leaves him only minor work? How does a doctor feel when preventive medicine and public health leave him only minor repairs to the human body? How does a marriage counselor feel when all marriages are for real and for keeps, as it was intended?

Whatever the reaction to all of these unheard-of states must be somewhat the way nylon hosiery manufacturers feel at this point. For if you want to wade through prickly pears with stockings on or hang them on fish hooks to dry, the very stocking to wear is here.

We reported it with great doubt, several weeks ago, because the first release did not say that it was a seamless mesh nylon. The stocking makers hope now to produce a sheerer stocking with the same endurance. So there's the challenge. Utopia is never reached, for most women will never settle for mesh hose. . . even those of us who do climb barbed wire fences. This was one of the torture tests this nylon mesh withstood.

Overheard at the refrigerator from youngster hanging onto the door: "I'll eat this frankfurter. If it makes me sick, I'll know it was just a plain old hot dog."

Overheard in a local restaurant: "Yall thru shearing?" "You killed a goat?" "Yeah he roped and dragged him. He came right up dragging him to the herd. He was mad."

"First cuss word I ever heard was over a goat."

"First cuss word I ever said was over sheep."

"Wonder if the Lord Jesus ever worked sheep?"

We are reliably informed that a local theologian is offering One Hundred Dollars (\$100.00) to anyone that can show him where the devil or Satan appears in Genesis in the Bible. We are claiming that reward on two counts:

(1) Satan or the devil is evil . . . always opposing truth. The serpent told Eve to eat, "Ye shall not surely die." God had just said, "Ye shall not eat . . . or touch . . . lest ye die."

If you do not believe that from the beginning, a lie has always been the devil, then Revelations 20:2 definitely links that old serpent, which is the Devil and Satan. They are the same.

(2) Satan appears early in the Book of Job, which belongs chronologically to the Patriarchal period in Bible history. This period began, of course, with Abraham early in the Book of Genesis. The Satan that heckled Job belongs in the genesis, just as sure as this word means beginning.

And speaking of the devil, Buzzie Stokes runs an unusual Chamber of Commerce, the only one we know that admits his community has too much sunshine. Usually the Chamber of Commerce is very vocal, but the local one has gone underground. We mean the Caverns of Sonora, of course. And we know of no more effective underground.

And the Caverns of Sonora, Buzzie will talk about . . . at the drop of a ten-gallon hat.

Felisa Rincon de Gautier, Mayor of San Juan, Puerto Rico since 1946, once spotted a merchant sweeping paper and other trash out of the door to the sidewalk. Instantly she had her driver stop the car. She got out and began to berate the businessman. "You stop messing up my sidewalk." "Felisa" as her people call her coined the San Juan slogan, "A city is people." And Felisa thinks housecleaning is

## Jo Bess VanderStucken, James A. Jackson Wed In Garden Ceremony August 18

Miss Jo Bess VanderStucken, daughter of Mr. and Mrs. J. M. VanderStucken, became the bride of James Arthur Jackson, son of Mr. and Mrs. Guy A. Jackson of Irving, in garden ceremonies at the VanderStucken home Saturday evening, August 18. The Rev. Alanson Brown, rector of St. John's Episcopal Church, read the double ring ceremony.

Mrs. Charles F. Browne, organist, presented wedding music. Given in marriage by her father, the bride wore an original gown of white silk organza over net and taffeta. The neckline of the fitted bodice was of re-

broided Alencon lace and motifs of the lace were applied on the bell-shaped skirt which ended in a chapel-length train.

Her bouffant veil of silk illusion was held by sweetheart roses and lilies of the valley. She carried a prayer book with Phalaenopsis orchids and lilies of the valley.

Mrs. James Sloan of Irving was matron of honor. Miss Jan VanderStucken, sister of the bride, was maid of honor. Bridesmaids were Miss Dianne Jackson of Irving, sister of the groom, and Miss Jo Ann McReynolds of Fort Stockton. Their street-length gowns of pink taffeta were designed with scooped necklines, brief puffed sleeves, and full skirts. The fitted waistlines were accented with cummerbunds of deeper pink taffeta. They wore hats of pink taffeta with narrow brims of matching pleated net and each carried a single pink Aristocrat rose.

Dorcas Wright of Dallas, cousin of the bride, was flower girl. Her dress was identical to those of the other attendants and she carried a basket of white petals.

The groom was attended by his father as best man. Grooms-men and ushers were Bill Kotch of Bremond, Robert Etheridge and Jim Wiederhold of Irving; Ed L. Mears III of Menard and E. F. VanderStucken III of Princeton, New Jersey, cousins of the bride; and Dick McMillan, Michael Tatum of Gatesville, also a cousin of the bride, carried the rings.

A reception was held in the garden following the ceremony. Hurricane lamps lighted the garden and other hurricane lamps with pink flowers floated in the pool.

The bride's table was laid with an imported applique cloth of white Swiss organza over pink and centered with an epergne of white asters. Mrs. Roy Spiller of Junction, aunt of the bride, served the bride's cake and Mrs. George Brockman was at the punch bowl.

The groom's table was covered with an heirloom cloth of ecrú lace belonging to the bride's

parternal grandmother, the late Mrs. E. F. VanderStucken, Sr. Light brown spider mums in a gold bowl formed the centerpiece and a gilded coffee urn belonging to the maternal grandmother of the bride, Mrs. Ed Mears of Menard, was used. Mrs. George Barrow and Miss Alice Lee Duncan served the groom's cake and coffee.

Miss Melinda Mears of Menard, cousin of the bride, was at the guest register and rice bags were distributed among the guests by Winnie Sue Jackson of Irving, sister of the groom, and Kimberly Wright of Dallas, the bride's cousin.

Also in the houseparty were Mrs. Frank P. Bond, Mrs. Bryan Hunt, Mrs. E. B. Keng, Mrs. Charles F. Browne, Mrs. W. B. McMillan, Mrs. Alanson Brown, Miss Nancy Prugel and Miss Linda Spraggins.

Mrs. Jackson is a 1961 graduate of Sonora High School where she was valedictorian of her class and was for three years a member of the All-State band. Her husband is a 1961 graduate of Irving High School and also a three-year member of the All-State band.

Following a wedding trip to Colorado, the couple will be at home in Denton where both are music education students at North Texas State University.

## Brownes Hosts To Rehearsal Supper

Dr. and Mrs. Charles F. Browne were hosts to the rehearsal dinner for members of the VanderStucken-Jackson wedding party and other guests at their home Friday evening, August 17.

Other guests were at quartette tables centered with similar smaller arrangements.

Places were set for Miss Jo Bess VanderStucken, James A. Jackson; the bride's parents, Mr. and Mrs. J. M. VanderStucken; the groom's parents, Mr. and Mrs. Guy A. Jackson of Irving; the bride's grandmother, Mrs. Ed Mears of Menard; the groom's grandparents, Mr. and Mrs. R. V. **New Service Announced By A. & M. College**

A new service to aid farmers in combating salt problems on irrigated land has been announced by the Texas A. & M. College, according to County Agent D. C. Langford. Facilities for determining quality of irrigation water and measuring salt accumulations in the soil are now ready for full scale operations, Langford said.

Since all waters contain salt, a salinity threat exists to some degree in every area where irrigation is practiced. Salt problems are most apt to occur in the Trans-Pecos, Coast Prairie, Rio Grande Valley and the Wichita Valley areas, but may exist in local areas of the High Plains, Rolling Plains, Rio Grande Plain and other sections of the state.

Salinity tests of water reveal whether it is safe to use for irrigation purposes and what management practices or soil amendments, if any, are needed for sustained production. Soil salinity tests are also important because soil types determine in many cases whether saline water is usable, the agent pointed out.

A charge of \$5.00 will be made for testing water samples and \$4.00 for soil salinity tests. Testing of soil samples for fertilizer and limestone requirements will continue to cost \$2.00. A special set of forms has been developed for use of ranchers in submitting water and soil samples for salinity testing. Sutton County ranchers can obtain these forms along with additional information of salinity testing at the County Agent's office.

**NEW 16-PAGE BULLETIN ISSUED BY SCS**

A new publication intended to help air travelers understand what soil and water practices look like from the air has just been issued by the U. S. Soil Conservation Service.

A copy of the publication, **THAT LAND DOWN THERE**, may be obtained from the local Soil Conservation Service office, E. B. Keng, work unit conservationist said today.

Keng said the publication consists of 16 pages well illustrated with pictures taken from the air along with some from the ground showing close-ups of what is going on "down there".

These and other land features are well illustrated in this new publication.

**Edwards Plateau Soil Conservation District News**

By E. B. Keng

"Continued hot dry weather in the Edwards Plateau Soil Conservation district emphasizes the value of maintaining a good reserve of grass", said E. B. Keng, local SCS range conservationist.

Grass on the land has the same cushioning effect as money in the bank. In time of drought the reserve grass will provide food to sustain livestock for a much longer period—allowing the ranchman time to either get rain or make adjustments in livestock

without undue pressure.

A cushion of grass on the land is necessary to the life and production of the grass itself as well as to the livestock. Grass production is limited first by the amount of rainfall soaked into the soil. Water intake in the soil depends directly on the litter or cover of vegetation which prevents runoff and also greatly reduces evaporation. Production also depends upon green leaves left on the plant to serve as a

food factory. When green leaves are clipped short continuously, grass production will be very limited and many plants will die.

Grass cover greatly affects temperature of the soil. For example, soil temperature tests made this week by Soil Conservation Service technicians showed the temperature at 10 A.M., one inch under bare soil to be 120 degrees. Soil temperature under good grass at the same time was only 90 degrees. This 30 degree spread, which will increase to a 40 to 50 degree spread in mid-afternoon, is very important to the life and growth of the plant.

Experimental evidence and observation has shown that approximately half of each year's

forage growth can be safely taken by livestock, without damaging the health and vigor of the plant. A good rule of thumb is "Take half and leave half"—to maintain the plant, increase water intake, and prevent erosion.

Ranchmen who need to make livestock adjustments should consider making them as early as possible, so that when the rain does come, sufficient grass cover will be left to help soak the water into the soil.

**"Victory Is A Dirty Word"**

By John Tower, U.S. Senator  
Editor's Note: The following are excerpts from a speech delivered by Senator John Tower before the bipartisan Political Action Conference recently sponsored by the conservative Human Events Washington Newsletter. We publish this because it shows how much influence "letters from home" have on senators and representatives in Washington.

With the President in control of the White House, with his party controlling the Senate by a majority of almost 2 to 1, controlling the House by a majority of 3 to 2—why can't he get his major legislation passed? Indeed, he has been able to get only a very small percentage of it. It's simply because, I think, THE MEMBERS OF THE CONGRESS HAVE BEEN READING THEIR MAIL, and they know the New Frontier is not popular, and, some of those who can't read, are going to be retired from public life in November.

There is an unfortunate tendency these days, on the part of many members of our great national legislature, to want to delegate away their responsibilities to the President. I feel it's time we stopped leaving too much to the arbitrary will, whim, and discretion of one man. We are still a government of laws and not of men.

As a member of the Senate, I have introduced a resolution which would express the sense of the Congress that our objective in the cold war should be victory over Communism. VICTORY IS A DIRTY WORD. The State Department has decreed that it should be expunged from the speeches of public officials. Thank goodness they don't censor my speeches.

Why can't we talk of victory? Are we such fools that we think we can co-exist with a great world power that is bent on our own destruction? Do we think that the remaining free nations of this world are going to follow our leadership if we don't have the guts to lead, if we don't have the courage to assert a goal that we not only dream about, or aspire to, but can actually hope to achieve?

The Soviet Union is weak, relatively. We are the strongest nation in the world, militarily. We are strategically, and technologically superior. We have, in our hands, the ability to destroy the Communist world and have enough left over, according to the Defense Department, to settle the hash of any third power that wanted to get in on the act.

We know the Soviet economy is weak. . . . Wherever individual initiative is stifled and people are not free to make economic decisions, there is not a strong economy.

If we were engaged in war with the Communist world, their economy could not stand a sustained war. We are the ones that

are in a strong position. Isn't it folly for us, now, to talk of compromise, concession, and negotiation, when we should be pressing for victory in the cold war? Are we going to sit around until they perhaps become strong enough to beat us?

We certainly can take pause when we read that Mr. Rostow has proposed that we unilaterally disarm, admit Red China to the UN, extend them diplomatic recognition, that we find areas of "mutual interest" with the Soviet bloc, that we make concessions because they are softening.

If they are softening, it's not because, suddenly, they have been seized with a great feeling of good will toward the West. If they are softening, it's because they know that they are too weak to beat us. It is because they sense the determination of free men everywhere to preserve and expand freedom. They know that they hold suzerainty over captive peoples only by force of arms and suppression of the truth, and by no other means.

. . . I am reassured by the spirit which is evidenced throughout our country, and I'm confident that we will apply ourselves to the task. The question of who is going to be set in governance over us and to what extent we are going to be allowed to govern ourselves—the question of the preservation of our free institutions—and the question of victory in the cold war will be resolved by you, the people of the great American republic.

**John Eaton Reviews Old Maps - Records At Lions Club**

Texas is at war again! A traitor has invaded the land. And there's trouble in the peaceful valley, called Sonora.

John "Benedict Arnold" Eaton has searched out all the old Texas trails, the Spanish, the ones made by early Texans, later trails by the Federal and the military, and has not found recorded proof that these old trails came through Sonora.

Eaton has found in his research through old maps and records in the Archives Building in Austin that many of the rivers, boundaries, tales of gold, silver and even that precious commodity of water were depicted all wrong. Eaton quipped that the Chamber of Commerce must have been very active in this wilderness back in the middle 1800's, when men were making trails, not following them. This banter had something to do with the traitor label put on Eaton in the introduction by Sonora Chamber of Commerce Manger

H. V. "Buzzie" Stokes. This good-natured battle took place at the regular Sonora Lions Club meeting in Fellowship Hall of the Methodist Church at noon Tuesday, August 7, with the Methodist Parsonage Committee serving luncheon.
