SEVENTY-THIRD YEAR

Devil's River News-Sonora, Texas, Thursday, November 8, 1962

EIGHTH WEEK

A tall tale stands verified. Mrs. Marie K. Ellis posed with a nearly-seven-foot-high stack of papers turned out by The Devil's River News last week. Reason for the added height was the special political campaign edition of Thursday, November 1.

Odds And Ends

It's all over but the inauguration and Texas voters can settle back for two more years. We were pleased that so many votes were cast since this was an "off year" politically. We think it indicates a trend on behalf of citizens to keep themselves informed on issues and candidates. We hope this trend will continue and that if voters approve of the governmental policies of our state officials, they will reelect them. If not, they will replace them.

money. We think they can win and they think they can win, but all of us know it won't be any pushover.

That pep rally late today will be a good opportunity for Bronco fans to show these kids we have confidence in them—that we know they are going to turn in their best game of the season and—and that we are proud of them.

Time: 5:30 this afternoon.
Place: Bronco Stadium.

Broncs De-Horns Bucks 27-0 In Second District Tilt Here

Sonora High School's Broncos took their second conference victory in as many tries with a 27-0 victory over the Alpine Bucks here Friday night. It was the Bucks' third conference defeat.

After a scoreless first quarter, the Broncos drew first blood on a long, long 48-yard pass from Quarterback Primo Gonzales to End Gil Trainer on the Alpine 35. Trainer ran it over from that point and Gonzales ran for the conversion points.

In the third period, Gonzales plunged over from the one on a keeper play to end a Sonora drive which began on their own 28. The try for extra point was no good.

The Broncos scored twice in the final quarter with Fullback Danny Rutherford, playing his first game in several weeks, carried over from the two after the Sonora team had taken over on their own 20. Gonzales kicked the extra point. The final touchdown came on a pass from Quarterback Bill Elliott to Half-

back Bobby Castillo who took it on the ten and was gone for good. The try for the extra point was no good.

Statistics: Yards Rushing, Sonora 265, Alpine 100; First Downs, Sonora 22, Alpine 7; Passing, Sonora completed 8 of 18 tries for 143 yards, Alpine completed 4 of 10 for 29; Interceptions, Sonora 1, Alpine 1; Penalties, Sonora 4 for 30 yards, Alpine 2 for 10; Punts, Sonora 3 for a 30-yard average, Alpine 6 for 27; Fumbles, Sonora 6 with 3 recovered, Alpine 2 with both lost.

Sutton County voters turned out 721 strong Tuesday to voice their preference for Democratic candidates for state offices. Votes cast represented some 75 percent of the 969 poll taxes paid in the county this year and about 60 percent of the estimated eligible voters. Total county (complete but unofficial at press time) was 342 for gubernatorial Candidate John Connally and 328 for his Republican opponent Jack Cox. Constitution Party Candidate Jack Carswell received no votes.

In other races Democrat Preston Smith defeated Republican Bill Hayes 454 to 255; Waggoner Carr amassed a total of 496 votes to T. Everton Kennerly's 208, and Joe Pool took a slim 12 vote margin over Des Barry for Congressman-At-Large. Pool had 363 votes to Barry's 351.

AUTO BADLY DAMAGED IN FREAK FIRE SATURDAY

Cloths, just recovered from a commercial dryer, are reported to have set off a fire inside a closed car, parked near Evans Foodway, last Saturday, October 27 about 5:30 p.m.

The car belonging to Mr. and Mrs. Douglas Hayes was damaged extensively inside and their clothes were a total loss, when the Sonora Volunteer Fire Department extinguished the freak fire.

Chico Chavez and Chapo Samaniego discovered the smoking mass and a neighbor the Rev. Arno Melz, called the Fire Department. Mrs. Hayes was located in the beauty shop, where she said she had heard the fire alarm and had just automatically said a prayer that her children were safe at home with their father. She had not thought of the car, although she had realized the clothes and the inside of the car were very warm when she drove to the beauty shop.

The Hayes have only been in Sonora a week. They came here from Helena, Montana with U. S. Geological Survey.

Generally it's against my policy to write you about anything that's happening as fast as the Cuban situation, on the grounds that it's easier and safer to comment on something already settled, but I have been thinking about what the Russians must have been thinking when they concluded they could get by with building guided missile launching sites in Cuba, and I think I have it figured out.

Mr. Khrushchev's advisers have been seeing too many TV westers.

Not only have they been watching them, they believe them. They believe that the code of the west, TV version, prevails in the United States today and that a good man never shoots a

bad man until the bad 'un draws first. Even if the Marshal knows there are outlaws taking positions with rifles and shotguns on the roofs of every wooden building in town, he can't draw his gun on the leader walking toward him in the middle of main street until the leader draws first.

Steeped in this Western lore, Mr. Khrushchev apparently thought our hands would be tied while he built launching sites in Cuba, and that our Old West code wouldn't allow us to go for our missiles until he went for his. The fact that this would be too late for us, was a thought that apparently never occurred to him.

The way for world peace to be attained is for the TV producers to come up with some modern westers, in which bounty hunters and the innocent homesteaders fight with guided missiles, and any time the Marshal finds out some outlaw is pouring concrete up in the hills for a launching pad aimed at Dodge City, his code now allows him to start shooting without waiting till the concrete sets and the outlaw goes for the firing pin.

Mr. Khrushchev has been badly advised. Somebody should have told him, everybody watches westers over here, but nobody believes them. In these days, pouring concrete is the same as going for your gun.

Yours faithfully,
J. A.

TEMPLE TAGS
"GREATEST INVENTION SINCE THE BRANDING IRON"
For cattle—hogs—sheep—goats

15 colors make Identifying Separating and Culling easy.

Temple Tags come in 15 different colors. The color scheme can be used in a dozen different ways. By using a different color each year, a rancher can tell, at a glance, how old an animal is. By using color, you can separate families, strains, high or low producers, culls, etc.—Turn them all out together, and when you want to separate them—there they are.

The color goes completely through the tag, not just painted on the outside. They will not discolor or fade, and will last the life of the animal. Names, letters and numbers are printed free on both sides. Ideal for custom feeders or where performance records are kept.

YOUR MINISTER SAYS

By Bob W. Brackney

MURDER BY CONSENT!
"Thou shalt not kill" . . . Exodus 20:13.

The sixth commandment in Exodus 20:13 cannot be fully understood except in the light of Jesus' teaching in Matt. 5:21-26. This commandment meant originally to forbid only murder, the private and unjustified erasure of your enemies.

But how wide is the scope of the commandment for present day Christianity? Jesus came, in His own words, to fulfill the law and that men might understand it in all its ramifications. He came that men might have a clearer picture of God the Father. The scope for present day Christians is one of great depth and breadth. As in the earlier command, murder and violence were prohibited, but the Lord added to it the injury to the soul by provoking words and angry thoughts. "But I say unto you, anyone who harbors malice or speaks contemptuously will have to answer" (Matt. 5:22).

We think of murder only as taking life, but it is more. That life is sacred to God and has been bestowed by God. To murder is to destroy that which God has endowed. To the Searcher of hearts, the evil thought willfully harbored and brooded on, the wicked wish, the unjust wrathful word is as guilty as the wicked deed. The Lord shows that murder extends to unjust use of the tongue, unjust accusation and wrathful words. This is character assassination! Are you guilty?

Murder is committed every day, both physical and spiritual. We call ourselves a law abiding and God fearing country, but notice how we commit physical and spiritual murder.

There is murder by practice. The going out of our way to re-

peat malicious gossip, the telling of half truths, and the use of innuendoes and shadowed meanings. When we hear someone say, "I'm not one to judge, but . . .", the speaker usually means just the opposite. We murder by willfully setting out to destroy someone's influence and reputation. This is murder as surely as though you shot them between the eyes.

There is murder by consent. This is among the greatest of our faults. We allow murder to be committed. We do not actually commit it ourselves but allow it to happen. We murder by consent when we allow gossip to be repeated, when we allow others to talk to us about someone, saying untruths and half truths in a malicious manner. We thus become character assassins. We murder by consent by allowing such things as the liquor industry to flourish unabated, by allowing the morals destroying influence of pornographic and salacious literature to be sold from magazine racks to our children, and by allowing "adult" movies under the guise of "realism". We are murdering ourselves and our children spiritually on a wholesale basis.

He that has eternally ruined a soul should surely himself be eternally unhappy. We stand in desperate need of re-evaluating our own lives in the light of this commandment! Are we murderers? Yes!

La Diabla

By Lindy Groda

Mother No. 1: I'm having so much trouble keeping my teenager at home.

Mother No. 2: You think you have troubles. Mine spilled three glasses of milk at breakfast, I burned nine slices of toast, the orange juice turned over in the sink and went down the drain, the two boys were killing each other in the living room, and my husband was out of town. And I forget to buy coffee.

My sympathies are with the mother with little children. Children are so much more pleasure as they get older. If a mother extends the period when she has to wait on her children, then it's not going to be much fun. If a mother picks this path though, without requiring anything of the children, then she asks for the martyrdom involved.

Children used to work and help out at home or with the income. And you didn't hear much about any of them stealing cars or killing their families for kicks. The divorce rate was lower, because it wasn't such a shock to the man that there are screens to be fixed, grass to be cut, cars to be washed. The girl went into marriage aware that clothes and dishes didn't do up themselves and that good food did not come from evolution of plants and animals. Now, too often, the mothers, the daddies and the children are all brats together. And I don't mean Navy brats. I mean good old garden-variety civilian brats, where everybody is for himself and the home is where members of the family sometimes wait for the family car or a friend.

Chemistry teacher Snodgrass has his troubles with our youth, too. It's evident from the following lifted from the local Bronco, school paper: Mr. Snodgrass droned on and on through formulae and constants through the drowsy afternoon. A student gave a yawn, threw out his arm and caught his neighbor on the chin knocking him to the floor. He bent over the body to catch a murmur, "Hit me harder. I can still hear him."

Election came and went. Here's hoping it came out right even for those who would rather be right than win everytime. If you did not like the outcome, just wait a minute. Elections are like buses... boss drivers, machines, money-changing... and if one fails you, there will be another one scheduled.

"Fear Him that can destroy both soul and body." And it even applies to Mr. K of Russia and Mr. K. here at home.

You wonder what Lenin could cry from the grave about, "There is no God but Communism; there is no right, there is no wrong, only what serves the party."

You wonder what our dead leaders would cry to us about, "There is no God but materialism; there is no right, there is no wrong, only what serves the physical." We've never had an avowed atheist for a leader, but we have some avowed materialists as vote-getters and voters.

What HAS my leader done for me lately? Nothing, the Marines couldn't have done better... with a lot less fanfare.

The organization voted that \$50 be provided toward the expenses to the state convention in Fort Worth on November 14 and 15. Delegate is Norman Rousselet; alternate delegate, Mrs. Tommy Smith.

Mrs. Doyle Morgan's Fourth and Fifth Grades won the ice cream party with 110 percent parent membership in PTA. (If both parents join 200 per cent membership is possible for a class.) Native LAMBS are now being processed in the Center of the Southwest

Here, in the very heart of the Nation's largest sheep-producing area, a famous packer has established a lamb processing plant.

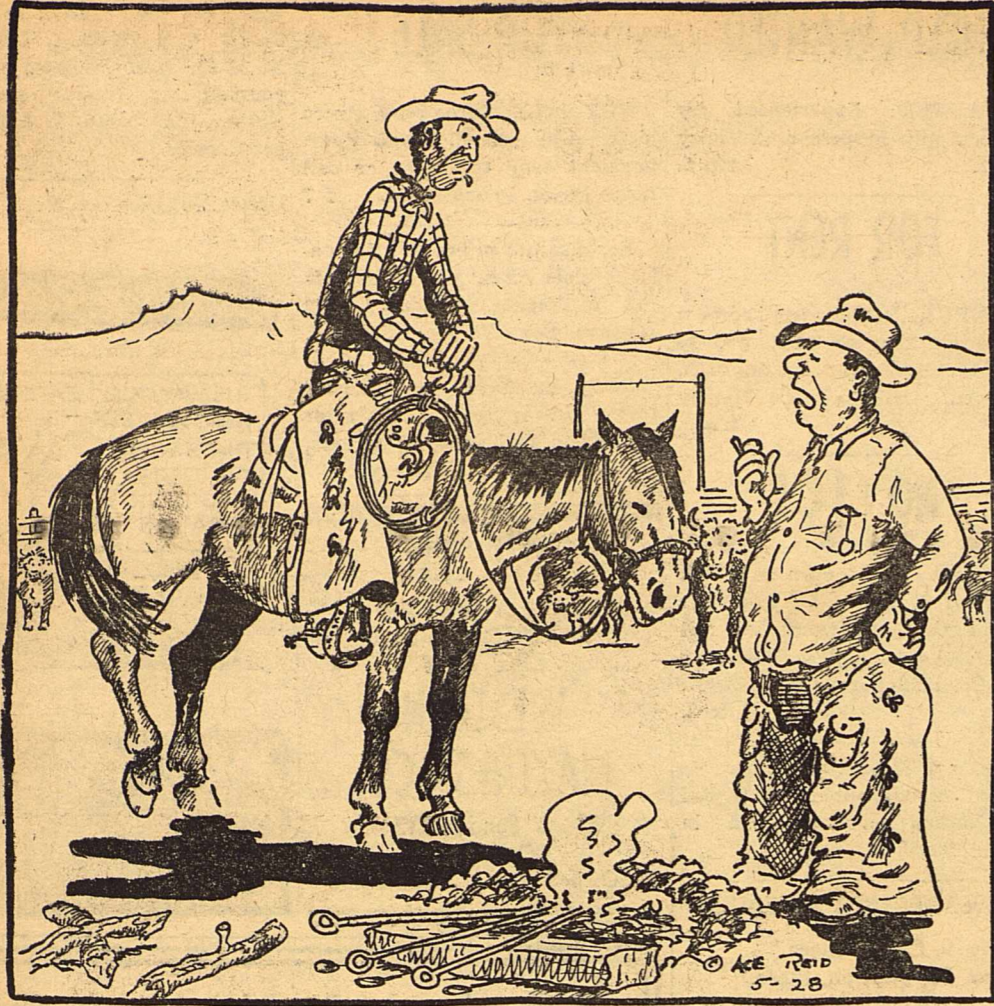

Any new industry contributes to the economy. But a new industry which processes a product of the area is doubly important.

We are convinced that this is a growing trend. It has become an important part of our continuing efforts to inform America's business leaders about our industrial advantages.

It is another reason why we say that we face GROWTH UNLIMITED here in the Center of the Southwest.

According to results of the last meeting, monthly luncheons will be held at one of the local cafes. Members will be notified. Monica Davis might start a new style in ladies' slacks. Monica was at the course Sunday afternoon helping with the tournament when her latest fashion in ladies' sportswear was noticed and exclaimed over by everyone. Details of her attire may be obtained from any of us.

Raymond Morgan presented Bill Tittle with a prize that was a bounce off of Morgan and

Fawcett winnings at the tournament. From what I hear, Bill was all choked up over this friendly gesture.

That extra big smile of Jimmy Hugh Harris' was there because he had just birdied Number 3.

Talked to another of our interested golf club supporters, Mack McKinney. He remarked that he would go along with the first statement he made when the Golf Club was organized—it was then and still is, one of our finest achievements for Sonora.

-GN-

The local course looked real "big time" Saturday. Some of the tournament golfers from Rankin, Ozona, and McCamey played one-day 27-hole tournament golf and brought their own golf carts.

Another interested golfer—we welcome Rex Lowe.

Question asked this week: What are the requisites for membership in the Golf Club Auxiliary? You or your husband must be an active, inactive or associate member of the Sonora Memorial Golf Club.

Ranchmen And Families Invited To Second Annual Wildlife Supper, Meeting

Sutton County ranchmen and their families are invited to attend the second annual wildlife barbecue and program at the 4-H Building Tuesday evening at 6:30 p.m., November 13. The program is centered around our wildlife resource and accents the opening of the hunting season on November 16. Any hunters present in the area are cordially invited.

The barbecue and program is

being jointly sponsored by the Sonora Lions Club and Chamber of Commerce. All members of both organizations and their families are also invited to be present. Barbecue will be served at 6:30 p.m. The Lions Club will not have their noon luncheon on Tuesday, November 13.

A fast moving program is planned to include short talks on game populations and increased income from wildlife by two good speakers. An added attraction will be a film of a Sonora Celebration made by Edwin Sawyer 24 years ago—don't miss it.

A number of free drawings will be held, and a Featherweight Savage 243 Rifle will be given as the final prize.

We believe the program will be of interest to all ranchmen, hunters and their families, as well as to members of the Lions Club and Chamber of Commerce. Join your friends at the 4-H Building at 6:30 p.m. on Tuesday, November 13 for a free barbecue and interesting program.

NOTE THAT 2/3 OF THE GROWTH IS MADE IN THE LAST 60 DAYS

That's why it's so important to feed the dry cow a ration that has what it takes to help the cow grow and drop a husky calf and maintain her own body condition, too.

During 34 years of research Purina has developed a special dry cow feed, Purina D & F Chow. Tests show properly fed dry cows can produce up to a ton more milk when they freshen.

Next time you're in the store ask us to tell you more about Purina's proved, profitable Dry Cow Program.
