OSCAR BERMEA PROMOTED TO A/2C IN ENGLAND

Oscar Bermea of Sonora has been promoted to airman second class in the United States Air Force at Alconbury RAF Station, England.

Airman Bermea is assigned to the 10th Supply Squadron there as an inventory specialist. A graduate of Sonora High School, he is the son of Nicanor F. Bermea of Sonora.

BIG SPRING BOY SCOUTS CAMP HERE OVER WEEKEND

Big Spring Boy Scouts of Troop Five spent last weekend camping and studying nature on the B. H. Cusenbary ranch. The 19 Scouts were accompanied by Scoutmaster Bill Bradford and assistants R. L. Cranford, W. E. Lavender, Jr., Walter Wheat and Gus Pickle.

The troop arrived Friday and remained until Sunday, visiting the Caverns of Sonora en route home.

Mrs. W. H. Queen, Former Sonoran Buried Tuesday

Funeral services for Mrs. W. H. Queen of Nacogdoches were held Tuesday morning, March 12, at the First Methodist Church in Nacogdoches. Mrs. Queen, who lived in Sonora for 17 years, died in a Nacogdoches hospital Sunday, March 10, after a lengthy illness.

She is survived by two daughters, Mrs. Mary Jane Martin and Mrs. Dixie Ann Copeland, both of Nacogdoches; three sisters, Mrs. Ruby Rogers of Longview, Mrs. Lorena Franklin of Price and Mrs. Clayton of Harlingen; her mother, Mrs. Ella Lyles of Nacogdoches; four brothers, Pat Lyles of Sonora, Ocie Lyles of Pampa, Bruce Lyles and Dee Lyles, both of Nacogdoches.

Red Cross Fund Drive Nearing Half-Way Point Toward Quota

The Sutton County Red Cross fund drive is picking up momentum with some \$237.50 in contributions received as of March 12. Mrs. Nelson Stubblefield, drive chairman, said this week.

This year's goal is \$659.00 and indications are that Sutton County may again surpass its quota.

Contributions, which are tax

deductible, may be made to Mrs. Stubblefield to Miss Nann Karnes or to any of the personnel at the First National Bank.

The drive will continue through Sunday, March 31.

Killebrew Child Buried Tuesday In Tipton, Okla.

Funeral services for Mary Jane Killebrew, three-year-old daughter of Mr. and Mrs. Sam Killebrew of Tipton, Oklahoma, were held Tuesday afternoon, March 12 in Tipton. The child died early Tuesday after a life-long illness.

Survivors include her father; her mother, the former Lois Lu Lomax; one sister, Susan Killebrew, six year old; and her grandparents, Mr. and Mrs. Earl Lomax and Mr. and Mrs. Thomas Killebrew, all of Tipton.

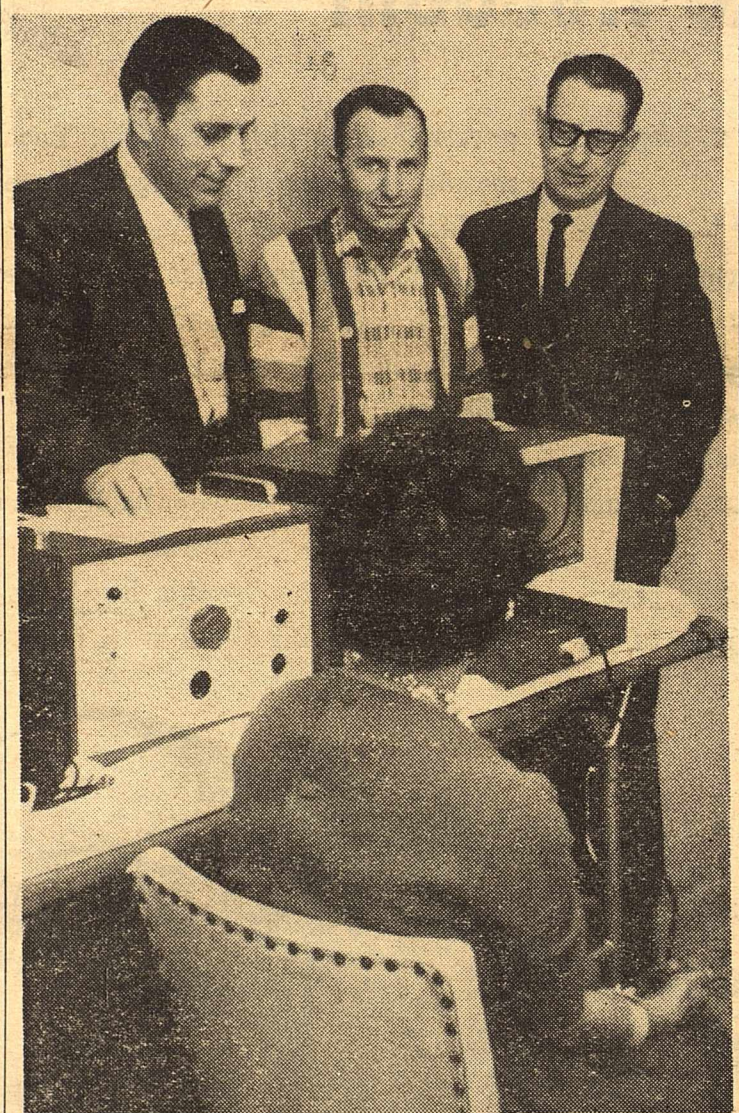

NOTICE

James D. Trainer, Little League Baseball President, has called the first pre-season meeting at the First National Bank on Monday, March 18, at 8:00 p.m.

Everyone interested in Little League work should be on hand, including parents, prospective managers and helpers.

ATTEND CHURCH SUNDAY

Hospital Gets New Equipment For Surgical And Heart Use

The new heart resuscitator and companion oscilloscope recently received at Hudspeth Memorial Hospital takes center stage as Dr. John Reed (left), San Angelo heart specialist, demonstrates the equipment to Hospital Administrator Albert M. Everett, Jr. and Dr. Charles F. Browne. Mrs. Marie K. Ellis sits in as "patient".

Lee Patrick leans against the newly acquired Golf Club building just after movers lowered the building onto its new foundation near Number Nine gree. On hand also were, left to right, Mrs. Bill Tittle, Mrs. Tommy Smith, Mrs. Carl Cahill, Mrs. Raymond Morgan, Sanford (Bo) Trainer, Mrs. J. W. Neville, G. C. (Son) Allison and Vernon Rogers.

Hudspeth Memorial Hospital took delivery last week on a cardiac resuscitator for use on patients whose heart has stopped beating, whether due to drowning, electrical shock, surgery or other causes. The resuscitator has a companion piece of equipment, a scanner screen which projects the heartbeat of the patient so that it may be watched by the team operating the resuscitator.

The scanner, or oscilloscope, will be used in routine surgery at the hospital as well as in conjunction with the resuscitator. It is also equipped with instruments which produce heartbeat and respiration in sound, allowing surgeons and anesthetists to keep a close check on surgical patients.

Dr. John Reed, San Angelo heart specialist, conducted a school on use of the new instruments Wednesday afternoon, March 6, at the hospital. Receiving instructions were 16 nurses, two technicians, hospital administrator Albert M. Everett, and Doctors J. F. Howell, Charles F. Browne and Dennis Blackburn of Eldorado.

The new equipment was purchased with funds from the Hudspeth Foundation.

SHS Honor Roll Told For Fourth Six-Week Period

High School Principal Doyle V. Morgan this week released names of students listed on the school's honor rolls. Listings were as follows:

All A's Seniors Candace Cauthorn, Frances Crawford, Alice Lee Duncan and Ann McKinney; Juniors Joe Mendoza and Tommy Dock Raye; Sophomores John David Fields, Cindy Galbreath, Peggy Grobe and Barbara Holland, and Freshman Gary McGilvray.

All A's and one B: Francine Fields, Jessie Lem Johnson, Martha Moxley, Nancy Prugel, Melva Ray Shroyer and James Stewart, Seniors; John Paul Friess, Junior; Bill Elliott and Carla Whitworth, Sophomores, and Ray Glasscock, Freshman.

ELECTED TO OFFICES

The Rev. Arno Melz was elected pastoral advisor of the Heart of Texas Sunday School Teachers at a circuit meeting of the Lutheran Church, Missouri Synod, held in Ballinger on February 10.

Mrs. Melz was elected secretary of the same group that included representatives of Lutheran Churches from Brady, Eola, Eden, San Angelo and others.

The ninth annual Sonora Relays will get underway here at one o'clock Saturday afternoon, March 16, with preliminaries in all field events. Finals in field events will follow immediately after completion of preliminaries. Prelims in track events will begin at 1:45 in this order:

440-yard relay, 120-yard high hurdles, 100-yard dash, 440-yard dash, 180-yard low hurdles and 220-yard dash. Six best times in each contest will participate in finals to begin at seven o'clock Saturday night.

Other events included in the Relays will be 880-yard run, 880-yard relay, mile run, mile relay, pole vault, broad jump, high jump, shot put and discus.

Accepting the invitation to participate in the Relays are teams from Alpine, Crane, Eldorado, Big Lake, Junction, Eden, Ozona, Sterling City, Rocksprings, San Angelo "B" and Iraan. Pre-meet favorites are Crane and Eldorado with Big Lake also likely to take honors as is host Sonora.

Drgac Infant Buried Saturday

Graveside services for John Walter Drgac, infant son of Mr. and Mrs. W. C. Drgac of Sonora, were held Saturday afternoon, March 9, in San Angelo. The child died Friday, March 8, in Lillian M. Hudspeth Memorial Hospital where he was born February 22, 1963.

Survivors include his parents; one sister, Lyn Annette Drgac of the home; his grandparents, Mr. and Mrs. J. G. Callahan of Orange and W. J. Drgac of San Angelo; and his great-grandparents, Mr. and Mrs. N. C. Mitchell of Orange.

Rudder To Speak March 23 At Annual Ram Progeny Field Day

Sutton County ranchmen are invited to attend a special ram performance test program at the Sonora Experiment Station on Saturday, March 23, County Agent D. C. Langford announced Wednesday. Visitors are urged to arrive at the station by ten o'clock in the morning for informal talks and inspection of rams on test. Following a barbecue lunch served by the Sutton County 4-H Club, the afternoon session will be opened by H. M. Phillips, editor of the Sheep and Goat Raiser magazine.

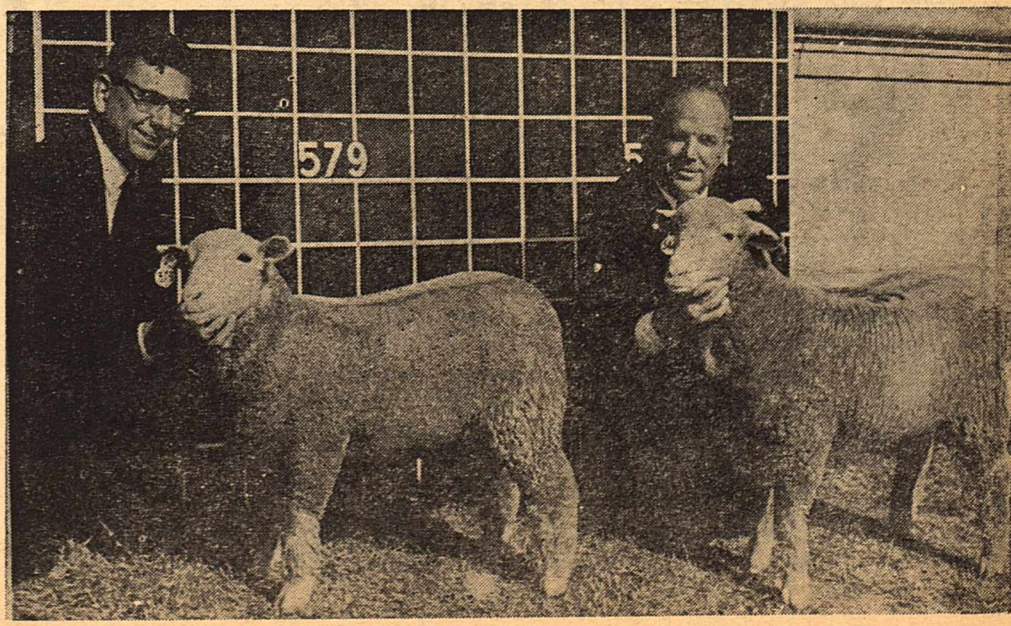

The main address will be delivered by Earl Rudder, Texas A. & M. College president. Rudder's interest in the sheep and goat industry is more than casual. Langford pointed out.

His 12-section ranch in Menard County is devoted primarily to the production of fine wool sheep and Angora goats, and his selection program stems from research done at the Sonora station and the college's wool and mohair laboratory.

Other program highlights will include "Results of 1962-63 Ram Test", by Jim Menzies, station animal husbandman; "Nutritional

Diseases of Lambs", by H. O. Kunkel, associate director, Texas Agricultural Experiment Station; "Lamb Carcass Evaluations", by O. D. Butler, head of A. & M.'s Animal Husbandry Department; and a discussion of problems confronting the sheep and wool industry by James L. Powell, president of the Texas Sheep and Goat Raisers Association.

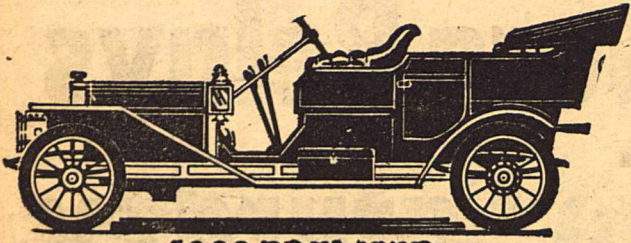

Top fine wool lambs in the recent San Antonio Livestock Exposition were acquired by Texas A. & M. College for use in classroom teaching and in carcass evaluation studies. The champion, raised by Reese Lutich of Fabens, is shown at left by Dr. H. O. Kunkel, associate director, Texas Agricultural Experiment Station. Earl Rudder, A. & M. president, holds the reserve champion which was raised by Roger Langford of Sonora. Kunkel and Rudder will appear on the ram performance test field day program at Sub-Station 14 March 23.

April 3, 1909
Easter Sunday will be on April 11th this year.

-1909-
An enthusiastic meeting of the Men's Business Club of Sonora was held at the First National Bank Wednesday night.

The President W. L. Aldwell in the chair, stated the special object of the meeting was to consider the ways and means of assisting in securing the presence in Sonora of the Hon. William Jennings Bryan in the near future.

The Club was a unit on the proposition and James Cornell was delegated to extend the invitation to Mr. Bryan at Brownwood on April.

-1909-
T. D. Newell states that he has lost several head of fat goats this winter. He does not know if it is a disease among them or something they have eaten. The hide turns yellow and death ensues in a few days, although all cases are not fatal.

The Box Supper given Monday night by the Ladies Aid Society of the Methodist Church netted \$34. The supper was given at the parsonage and the event was a social and financial success.

-1909-
The ball game Sunday, between the Reds and the Buggs, was a good one being a tie at the end of nine innings. Both sides made wild throws and errors but the prospect for good local ball this season is bright.

-1909-
The B. M. Halbert and T. B. Adams wolf proof fence is about completed. While the fencing has been going on they have found trails from other pastures made by the wolves. Some time after their pastures are enclosed they will have a grand wolf hunt and barbecue. They will let the public know later on the date.

Devil's River Philosopher Comes Out In Favor Of The Beauties Of The Country, Plus Light Poles

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Devil's River gets his mind off the international situation this week, for a change. Dear editor:

You hear so much about Cuba these days you'd think it was the only problem facing this country, but I read about a problem last night that will get your mind off international affairs.

According to it, a bunch of fox hunters in the horse country in Virginia are up in arms over the plans of a utility company to run transmission lines across their fox hunting territory. The utility company says it's the most economical route to run the lines, and the fox hunters say they aren't interested in economy, they don't want the light poles ruining the scenery.

I don't know anything about the particulars, I'm in the same shape about the fox hunting country as I am about whether there are any missiles in caves in Cuba, the same as the military experts, but I am interested in the theory that an electric light pole mars the scenery.

Understand, I'm in favor of country scenery, got more of it out here than I have crops; there's nothing prettier than the sun coming up across an expanse

of open territory on a crisp, crystal-clear spring morning, especially if you can see it through a window while you're under a warm blanket, but it's not a bit prettier than a string of electric light poles marching across a pasture on this bitterweed ranch bringing energy for my electric water pump and television set.

There's nothing more soul-satisfying than getting a drink out of a gurgling spring on a hot summer's afternoon, but I tell you turning a handle and getting a glass of water out of a hydrant inside your own house is hard to beat, summer or winter.

Hauling a horse to a fox hunt in a man-made trailer pulled down a man-made road by a man-made care and then complaining because there are some man-made cars and then coming to the area, is a little out of my field of comprehension.

Me, I'm all in favor of electric light poles in the country. They improve the scenery. I like electricity. I'm in favor of it. The only thing I don't like about it is the electric light meter, but then the only thing I don't like about paved highways is the gasoline tax.

Yours faithfully,
J. A.

Special Drivers License School Schedule In English And Spanish Here March 25-28

Sheriff Herman E. Moore of Sutton County announced Tuesday his office, in cooperation with the Texas Department of Public Safety, will conduct a Drivers License School Monday, March 25, through Thursday, March 28. The special course will be held at Central Elementary School and will be conducted in both English and Spanish for persons who do not now hold a Texas Drivers License.

Sheriff Moore said, "This is an opportunity for those who do not read or write English or Spanish to secure a license. We realize many of our citizens need and want a license, but that they feel they are not qualified to pass

the required test. We want everyone to feel free to attend this school as it is an unusual opportunity to secure a drivers license."

Classes will be held from seven until ten o'clock beginning Monday, March 25, and continuing through Thursday, March 28. Both oral and written examinations will be conducted in English and Spanish.

The school of instruction is free and the only expense involved will be the cost of the license. Similar courses will be held in cooperation with the Sheriff's departments of Crockett, Edwards and Schleicher counties.

the ones over which the Legislature has direct control.

Connally trimmed fat out of some agencies to provide new money for others. His stress came on higher education. Here he suggested \$14,000,000 worth of salary increases for faculty members and more research and library facilities, as a means of holding good professors and attracting new ones.

To finance his program, Connally suggested that the "temporary" corporation franchise surtax, which has been extended twice before, be retained. It would provide about \$11,000,000 a year.

He also suggested that the 1961 sales tax law be revised to begin taxing clothing under \$10, farm implements and all sales of food by restaurants, and to raise the sales tax on cars and trucks from 1.5 to 2 per cent.

Clothing tax proposal would bring in \$10,000,000 a year. Motor vehicle tax increase would provide \$2,500,000. Farm implements tax would run \$1,000,000.

Fire quickly developed from rural legislators over the proposed farm implements tax.

Both Connally and the House Appropriations Committee proposed expenditures totaling about \$3,100,000,000 during the coming two years.

Before Connally laid out his

proposals to the Legislature, he invited Texas newspaper editors to Austin to show them how the state's complicated fiscal structure works. His "illustrated lecture" revealed that the Legislature has actual control over only 15 per cent of the \$3,100,000,000. Rest already is earmarked by constitutional and statutory provisions.

STRONG SUPPORT FOR SCREWORM BILL-Rep. Jack Crain of Nocona had 50 co-signers lined up when he introduced a bill to provide \$2,840,837 as the State's matching share of the \$12,000,000 federal-state-private screwworm eradication program.

Since it is backed by Governor Connally's strong recommendation the bill should be off to a good start.

But the House Appropriations Committee didn't include a provision for screwworm eradication in its 300-plus page appropriations bill.

Crain said Legislators would seek a separate appropriation to cover the proposed state contribution.

CARS FOR COMMISSIONERS-When county commissioners stopped asking the Legislature to authorize horses and wagons and won the right to drive pickup trucks on their appointed rounds, they thought they were thoroughly mechanized.

As their operations became

more streamlined and pickups no longer were necessary, some switched to automobiles. But a pickup is not an automobile, Attorney General Waggoner Carr ruled. So Williamson, Cochran, Hockley, Terry and Yoakum counties are asking authority from the 58th Legislature to buy cars for their commissioners.

Harris, Tarrant and some Panhandle counties discovered the difference for themselves some time ago. They already have authority to decide whether pickups or autos would be best for commissioners' transportation.

BLANKET HOSPITAL BILL-Last November, Texas voters decided to let the Legislature authorize the creation of hospital districts. Already many bills have been filed to create individual districts.

Now Rep. H.G. Wells of Tulia proposes legislation to give every county the right to create a hospital district within its own boundaries.

LICENSE PLATE PRICE HIKE ASKED-Sen Criss Cole of Houston proposes to increase the annual motor vehicle registration fee by \$1 with the income going to our state parks.

If the Legislature approves Cole's license plate cost increase, the question will be submitted to voters at the general election of November, 1964.

A message from the Treasury of a free people

How to help give a new birth to freedom

Sometimes it's not easy to recognize a message of freedom.

In September, 1787, the framers of the U. S. Constitution released it to the States for ratification. Two States ok'd the document in a few weeks.

But it took until May, 1790—three years later—before the new nation was in accord on its basic law.

One of the strongest documents for freedom available to you today is a United States Savings Bond.

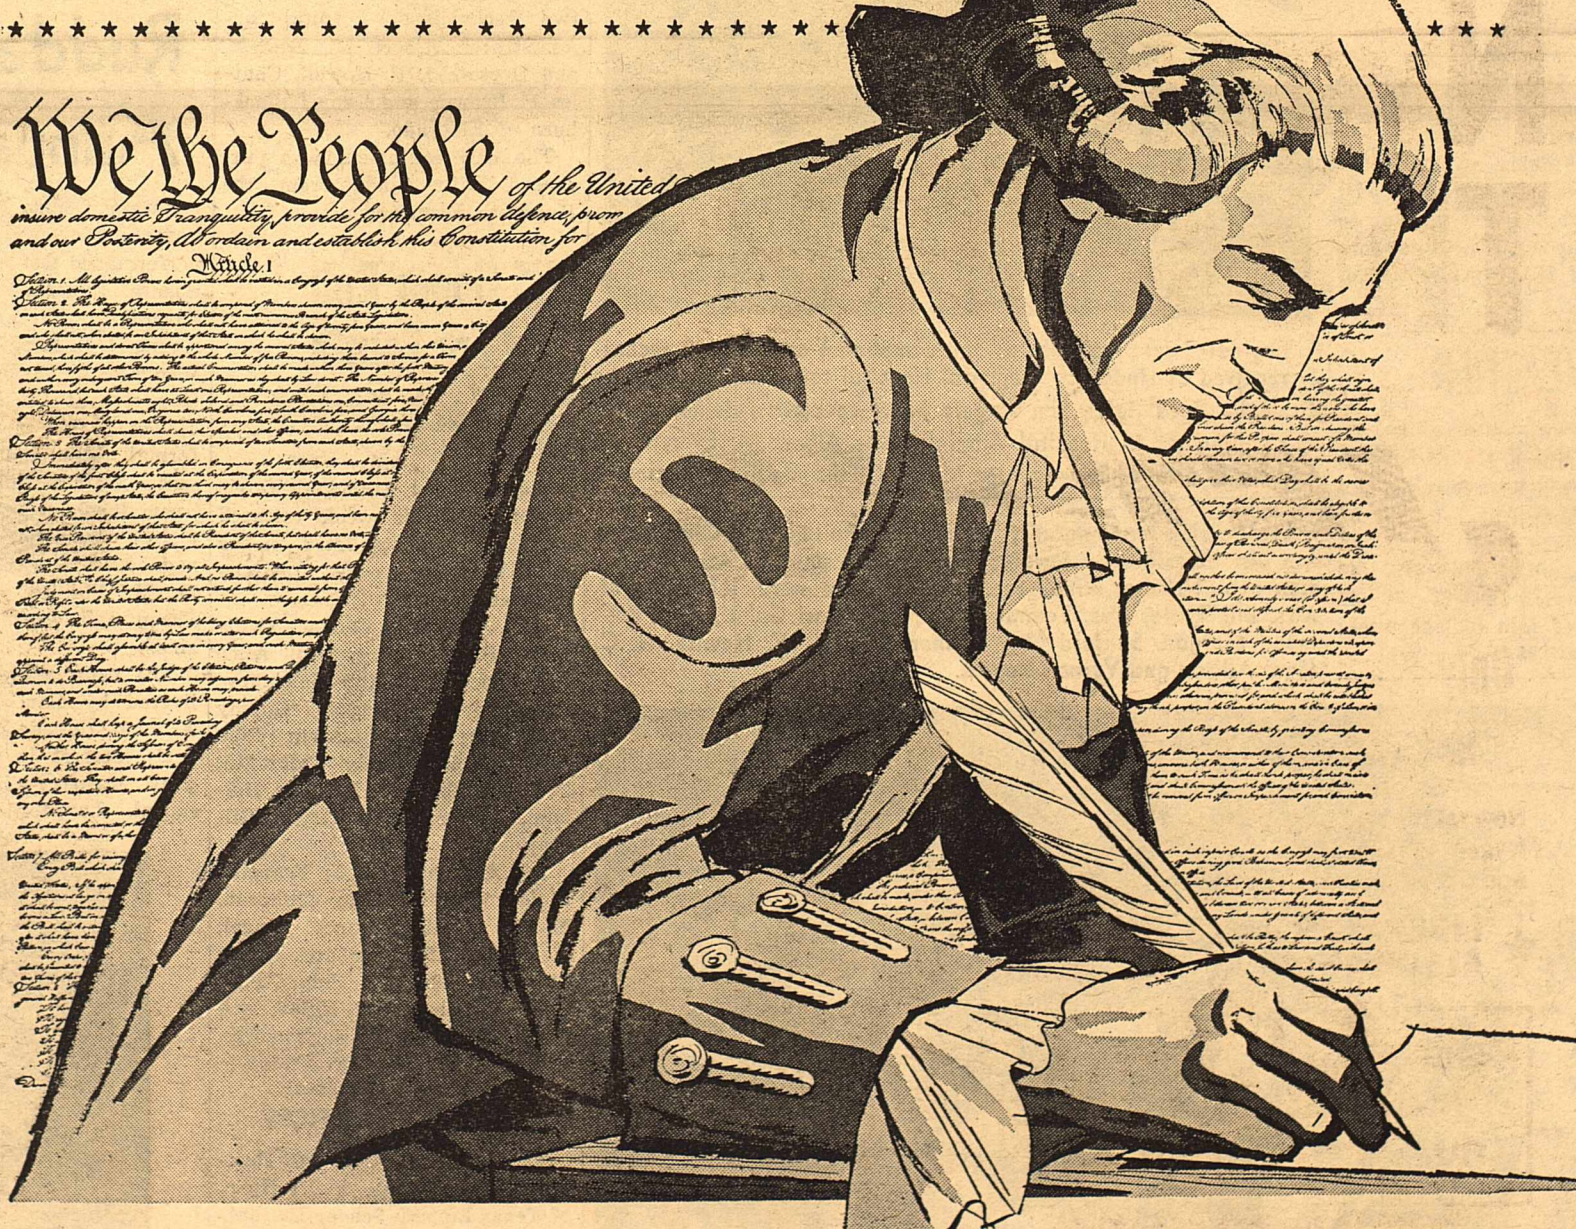

By buying Savings Bonds you help build peace-keeping machinery. You help keep the wheels of our

government turning smoothly. You help carry the message of freedom to hopeful people all over the world.

At the same time, your Bond money grows fast to increase your living standard and personal security—a goal that free people seem to have a knack for reaching.

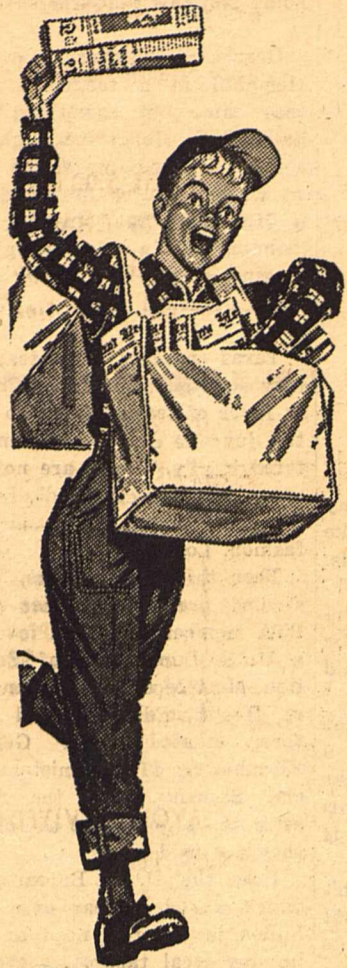

All of which points pretty strongly to buying Savings Bonds today—at your bank or on the payroll savings plan where you work.

(Of course the decision is wholly up to you... another nice thing about being free.)

Keep freedom in your future with
U.S. SAVINGS BONDS

County Continues Fatality Free Through February

Sutton County still maintained a three-year record of no highway traffic fatalities by continuing its clean slate through the month of February. According to figures released this week by the San Angelo Sub-district of the Texas Department of Public Safety, four persons were injured in the county in two accidents during February. Property damage was estimated at \$1,200.00. For the first two months of 1963 Sutton County has had six

persons injured as compared to four for the same period in 1962. Property damage so far this year is estimated at \$1,978.00, an increase of some \$500 over the 1962 figure of \$1,490.00 for the same period.

In the sub-district, three persons were killed and an additional 38 injured in 71 accidents in February. For the first two months of this year, the sub-district has recorded seven deaths, the same as for 1962. Injuries also are the same for the compared periods with 66 reported. The number of accidents has increased with 141 reported for 1963 and only 116 for 1962. However damages suffered this year are estimated at \$80,318 as compared to \$88,687 for the same period of 1962.

Letter To Editor

Dear Editor:

The U. S. Treasury Department has recommended changes in the Federal Income Tax Law which would take away the right to deduct the following expenses from your net income for tax purposes: (1) interest payments on home mortgages, (2) real property taxes, (3) interest charges on consumer installment purchases and personal loans, (4) church and charity contributions and (5) other state and local taxes.

All five items are presently fully deductible. Any attempt to alter this kills man's natural incentive to own his home or any other private property. Once enacted, such legislation would be here to stay as has been proven time and again both at the state and federal levels. This change should be prevented now while it is before the House Ways and Means Committee.

Encourage the following Texas Congressmen, by wire or letter to them, to protest the Treasury Department's proposals: Rep. O. C. Fisher, Rep. Ed Foreman, Rep. Omar Burleson and Rep. George Mahon. The address of all four is House Office Building, Washington 25, D. C.

This nation is a nation of 60 percent homeowners. Let's keep it that way!

Signed: Sutton County Home Owner.

P. S. This same legislation would lessen the working capital of churches and private charities. The same property owners, who had once been able to make sizeable contributions under present law, might conceivably be further taxed to support welfare cases that would have to be taken care of through some government agency. Boy's Ranch is a case in point.

La Diabla

By Lindy Groda

A little art can go a long way and then some. You may not like sculptured people with pinheads. You may not like dripping pocket watches relaxing all over the place. I wouldn't blame you, for time and its instruments should be exact. A dripping watch might indicate fuzzy thinking. On the other hand it might delight a lawyer or judge who would like to sorta mentally thumb his nose at time to which he is somewhat of a slave.

I know all the things I don't like in art, but so do I know what I like. I like bare trees, orange streaks and scenes with believability. Oh, and lined old faces full of character. And I like Maxine Browne's Dresden-like portrait of her pretty little daughter.

Mrs. Dan McWhorter of Eldorado does scenes with water, trees, fences and she has some whispering old ladies in bonnets that are good. I asked her husband the other day if they knew Mrs. Jack Elder, thinking the two painters might have studied together since their work is similar. He smiled. Guess they did do a little studying together. Mrs. Elder is Mrs. McWhorter's mother!

Boyd Lovelace recently took his bride of four decades (on June 23) back to their first apartment in Lamesa, where long ago the groom ate 120 biscuits

cut out with a wedding ring. No biscuit cutter in the new home. Did he carry her over the threshold? Not this time, he says.

Overheard and overlooked: Bob Hemphill in a tongue twister that came out something like Sabin Polio Margarine. Right on the air. Reminds me of the time we wrote a church story and had a Mr. John Doe directing the "sinning." Slip of the "g" in singing, of course. And we don't mean a musical note.

Texas parents and teachers may soon go on record as being in favor of federal funds to control juvenile conduct, if administered locally. If you are not for something, you can hardly be for its being administered in any fashion. Loaded?

Then the sample ballot, being studied, pre-supposes that every PTA member will be in favor of a U. S. Department of Education. Most of us aren't even sold on Health, Education and Welfare, created under General Eisenhower. IT administers Social Security. And the funds seem to be going out as fast as they are paid in.

Does the U. S. Bureaucracy, which was last year over four billion in the red, need to pick up any local tabs... even if the money is locally administered? If we could afford to have our money go to school by way of Washington would we want it? Look at Wickard vs Filburn, when as far back as 1942 a federal court stated: "It is hardly lack of due process for the federal government to control that which it subsidizes."

This ballot is not about federal aid to education. The ballot is about federal funds for many worthwhile objectives, all to be administered locally, of course.

And you have to be against the whole thing, or else you have put the Texas PTA on record as being for more and more U. S. money for more and more that should be handled in the Texas Legislature.

A message from the Treasury of a free people

How to help give a new birth to freedom

Sometimes it's not easy to recognize a message of freedom.

In September, 1787, the framers of the U. S. Constitution released it to the States for ratification. Two States ok'd the document in a few weeks.

But it took until May, 1790—three years later—before the new nation was in accord on its basic law.

One of the strongest documents is freedom available to you today is a United States Savings Bond.

By buying Savings Bonds you help build peace-keeping machinery.

You help keep the wheels of our government turning smoothly. You help carry the message of freedom to hopeful people all over the world.

At the same time, your Bond money grows fast to increase your living standard and personal security—a goal that free people seem to have a knack for reaching.

All of which points pretty strongly to buying Savings Bonds today—at your bank or on the payroll savings plan where you work.

(Of course the decision is wholly up to you . . . another nice thing about being free.)

Medical Care Begins With You

In time of sickness you want—and demand—the best of care. But do you know that much of this care must come from yourself?

Too many people consider that a doctor's advice is something to be taken or ignored—depending on how they feel at the moment. These people do not receive the fullest benefit from their physician's attention.

Care begins when you conserve your strength and follow your doctor's orders. Keep him accurately informed about your condition; take your medicines according to directions; and follow his instructions carefully. By so doing, you become a good patient, one who gets the greatest possible benefit from the care he receives.

Bring your doctor's prescriptions to our Pharmacy to be filled by our highly-skilled personnel.

-GREEN NEWS-

By Betty Jones

The moving of the Club House to the golf course created quite a bit of excitement Monday morning. A real parade—one man saw the clubhouse and caravan of cars going down the street in front of his house. This reminded him that he hadn't joined the golf club, so he ran out, stopped the "parade" to find out if it was too late for him to be a member. It wasn't. So we welcome a new member—Jess Penick.

Question posed by Pee Wee golfers concerning clubhouse "extras". "Where is the chinning bar for us and Jo-Neville gonna be?"

Up and down Main Street, instead of the usual "hello" you are greeted with "Have you been out to see the clubhouse?"

The view is beautiful from the clubhouse. To the right you can see the golf greens. The re-

creation park and many shady oak trees are next to the large side entrance. Really, it's hard to describe, you just must drive out and see all of it.

Inside the clubhouse this morning (Tuesday) Harrison was busily getting the tacks off the floor. Others engaged in the same work or sweeping were Lunetta Morgan, Wanda Cahill, Jerry Tittle, Billie Smith, Jo Neville and Wanda Allison. Others busy working inside and outside were Francis Archer, Milton Cavaness, Max Hardegree, Bo and Reggie Trainer, Bob Vicars, John McClelland, Son Allison and Vernon Rogers. Oh, yes! Rog's crew were working on clearing and cleaning the draw. What with the noise their equipment was making, they never knew that I kept telling them to "drive closer" and Roy Cooper would take their picture.

Monday afternoon at the clubhouse we saw Bud Smith, Betty Stewart, Dr. Howell, Nell Holman, Margie Hardgrave and Gary, "Coon" and Ethelda Hol-

land and Lawrence, Tina Whitehead, Mary and Irene Davis, Buddy Brown and Stanton Bundy. There were many more at the course Monday and Tuesday but I just didn't get all their names.

More new members: we welcome the Shelly Lowes, Ed Grobe and John Bells.

Buddy Brown broke his Number Five iron on Number Nine green, gave away his Number Three wood on Number Six and decided to start working on the clubhouse on Number One green. Did I get this all straight, Buddy?

Glad to see you, Charlie Howell. Sorry we didn't get the clubhouse moved before you left.

Thanks, John David Fields, for the many afternoons you spent

Results Of Local Exhibitors At San Angelo Stock Show

Sixteen members of the Sutton County 4-H Club were among place-winners in the San Angelo Livestock Show last week.

In the Quarter Horse Show, Debbie Galbreath, daughter of Mr. and Mrs. Billy Galbreath, exhibited the Reserve Champion Stallion and Reserve Champion Mare. Placing in the show were: 1961 Mares, second place,

Jerry Tittle and Tommy Smith. Jerry beat Bill and Tommy.

Golf threesome: Lee and Bobby Fawcett and Bob Vicars. Bobby beat Lee and Bob.

Feel sure there is more Green News for you but from my house I can see over 20 cars at the clubhouse—I might miss something—so I'll see you there.

Monday was Ladies' Day for Jerry Tittle and Bobby Fawcett. One golf group: Billy and

Glamor Play shown by Cindy Galbreath; 1962 Mares, second place, Little Dandy Bee, shown by Debbie, and fourth, Miss May Play, Cindy; 1962 Stallions, first, Ojo Showdown, Debbie, and second, Peppy Aledo, Ed Lee Renfro.

YOUR MINISTER SAYS

By Rev. Arno H. Melz, Pastor Hope Lutheran Church

This week we will again meditate on a mountain top experience which will help us prepare our hearts for the Easter Message. Last week we learned of the Ten Commandments which were given to the Children of Israel. Today as we hear Jesus giving His Sermon on The Mount, we learn the Ten Commandments are still to be obeyed. In Matthew 5:17, Jesus said, "Think not that I am come to

to destroy the law, or the prophets; I am not come to destroy, but to fulfill."

In His sermon Jesus further explains the law saying, "You have heard that it was said by them of old time, Thou shalt not kill; and whosoever shall kill shall be in danger of the judgment. But I say unto you, that whosoever is angry with his brother without a cause shall be in danger of the judgment". (Matt. 5:21) He also warned, that whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart." (Matt. 5:28) Jesus encourages us to love our enemies, bless them that hate us, and pray for them which despitefully use you and persecute you. Perhaps a good summary of the sermon would be Matt: 5:48, "Be ye therefore perfect, even as your Father which is in heaven is perfect."

The true way to be prepared for the Easter Message is to have a humble heart, and turn to Jesus in repentance. This is not always done for we are proud people. It is difficult for us to admit we are sinful. We would rather make excuses or rationalize about our sin. For example, we say, God will be satisfied if we do our best, or we say, the few sins I commit are so small in comparison to what my neighbors do, surely God will overlook them.

Listen to the words spoken by Jesus as He sat on that mountain side and preached as one having authority. These words remind us that in God's sight we are sinners. How can we be proud knowing how often we transgress God's Law, and deserve His punishment? Isn't the news that Jesus died for our sins a wonderful message? Accept this free gift of salvation by turning to Jesus, repent of your sins, and ask His forgiveness. Receive the Easter Message with a humble and thankful heart. Amen!

Junior GI Forum Meets In Ozona

By Nelson Guajardo

The second district Junior GI Forum meeting in two months was held in Ozona in the junior high school cafeteria with representatives of San Angelo, Sonora and Ozona forums present. Ed Idar spoke to the juniors of Ozona on what the American GI Forum is. In the business meeting seven or eight motions were made and all passed and Idar remarked that "This is the first meeting I have seen where motions had no trouble passing."

A district picnic is planned after the convention to be held in San Angelo in April.

The Sonora Juniors made the trip to Ozona by bus borrowed from Bob Teaff, and with Pedro Virgen as driver. We thank Bob Teaff for the use of his bus.

Broncs Fourth At Ozona Relays

Sonora High School's track and field team totaled 68 points to win fourth place in the 11th annual Ozona Invitational Track and Field Meet held there last weekend.

Bobby Castillo took fourth place in the 100-yard dash and John David Fields was sixth in the 220. Danny Rutherford was second in the 440-yard dash. Primo Gonzales won the 880-yard run with a time of 2:05.3. Teammate Tino Noriega was second.

The mile relay team of Buck Bloodworth, Primo Gonzales, Pat Brown and Danny Rutherford also took first with a time of 3:36.3; Bill Elliott was third in high jump and fourth in broad jump. Pat Brown was sixth in shot put. Sonora's 440-yard relay team was sixth.

TIPS for OUTDOORSMEN

by Vern Sanford

Frozen Car Locks—

Hunters in the northern sections of Texas sometimes find the door locks on their cars frozen stiff when the car remains outdoors for any great length of time.

This can be remedied by heating the key in the flame of your

lighter or a match for a moment before inserting the key in the lock.

Save Frayed Shells—

Many hunters discard pocket-worn shells when using pump or auto loading shotguns.

This is a wanton waste of shells.

Usually these worn, scuffed shells are good and will perform perfectly if fed directly into the gun chamber, rather than into the magazine.

Don't Distract Your Hound—

Leave your hound alone when he is trying to unravel a trail. If you try to encourage him on to faster efforts, you will only confuse him.

The pup usually knows what he is doing and doesn't need your help.

Don't Change Ammunition—

You may ridicule the idea, but experts tell us that guns are highly sensitive to ammunition change.

For instance: If you have carefully sighted-in your rifle before deer season, using Brand X, then switch to Brand Z is of equal quality, your gun is apt to shoot off-target.

So the best bet is to stick to the same brand of cartridge throughout the season—unless you intend sighting-in the weapon again.

Nail-Trimming The Dog—

You won't need to trim your dog's nails providing you allow him enough normal exercise to keep his nails worn down.

MEN OR WOMEN

If you have a tip you'd like to share with other lovers of the great outdoors, write "TIPS FOR OUTDOORSMEN" in care of this newspaper.

Training A Hunting Pup—

Start training your pup in the spring for fall hunting. First, obedience training in the yard, followed by field experience once cool weather sets in.

Prevent Forest Fires—

One precaution you can take to prevent your campfire from starting a disastrous forest fire is to build the campfire on a double-thick sheet of aluminum foil.

Foil will keep the fire from sinking underground, then flare

up later when you are gone.

Dousing the campfire with water doesn't always extinguish the fire.

Feather For A Gun Barrel—

Maybe your hunting friends will think you are nuts. And they may even laugh at you. But if you will tie a small feather to the end of your shotgun barrel you'll improve your marksmanship.

The feather will record the slightest wind action, which will help you to subconsciously adjust your lead accordingly.

Quick Reload—

Carry a quick reload for that .22 repeating rifle (if the tube type) by using the hollow handle of a plastic fly swatter.

Simply fill the handle with .22's, then when needed, pour the contents into the empty tube of your rifle.

Rabbit-Pointing Bird Dogs—

Bird dogs frequently develop the annoying habit of pointing rabbits.

Don't try to break this habit harshly, or you may confuse the pup. Rather, just keep walking and ignore him, and he will soon catch on. Usually you can tell a rabbit point since the stance is much less tense than when the dog is pointing birds.

Incoming Shots—

For many shotguns the incomer is the toughest shot of all. The trick is to blot out the bird with the gun muzzle as you shoot.

If you can see your target when you press the trigger, you can be sure you are not leading enough.

How To Hold A Shotgun —

Nearly every novice — and many an old-timer — has trouble hitting a target with regularity.

Many misses can be avoided if the shotgun is properly held.

Watch a novice next time he shoots. Does he hold his gun

with his left hand between the slide grip and the magazine (pumps and autos) and with his

left elbow bent? If he does, he's wrong.

The left arm should be extended straight from the shoulder with hand gripping slide (if pump). This gives a firm support and better control of the gun.

Practice this hold until it is done subconsciously and your shooting will vastly improve.

IN TEXAS

BEER IS A NATURAL

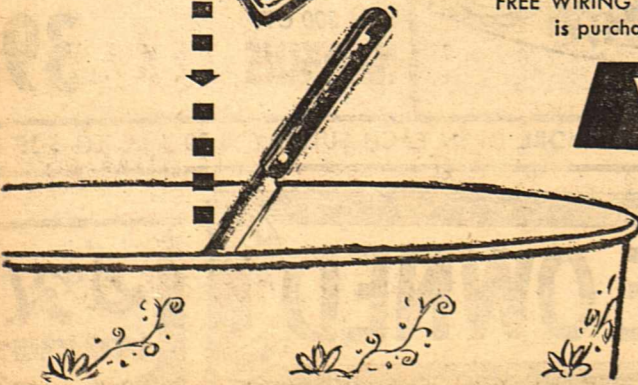

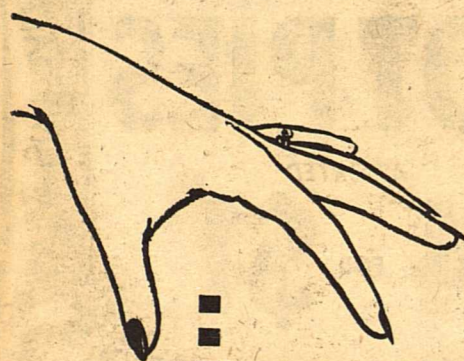

Brewed slowly, by a centuries-old natural process, beer is Texas' traditional beverage of moderation — light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the millions of dollars it contributes to this state's economy through wages, advertising, rentals, insurance, transportation and utilities. Money made in Texas, spent in Texas. In Texas, beer belongs, enjoy it.

You remember Martha... the smart homemaker who put the laundry in her electric freezer to keep it ready for ironing and beat the wet weather with an electric dryer. NOW...

Martha gets rid of cleaning problems...

with her new Flameless Electric Range!

Martha always was a do-it-yourself enthusiast, and she was always handy with cleaning tools for her old-style range, too. But not any more! Now, with her new flameless electric range, cleanliness is a natural part of her kitchen life... with practically no effort. Cooking electrically has many other advantages, too. It's safer — it's cooler and, of course, it's cleaner! Why don't you try Martha's way... and live better electrically. See your electric appliance dealer right away.

Upping Number Of Federal Employees Rapped By Fisher

By Congressman O. C. Fisher

TOP PRIORITY RATING was given to the President's proposed domestic Peace Corps last week when five cabinet officers appeared at the same time before a Senate Committee to plug for this new welfare plan. Referred to by the press as the "five Cabinet Princes", they were reported to have gone through their act without a bobble.

This new \$100 million project is supposed to give government jobs to 60,000 young people. It supplements the President's pending Civilian Conservation Corps, a revival of depression's CCC, which if enacted would give government jobs to an undetermined number of young people. And it supplements still another project to channel up to 50,000 new workers into so-called community service establishments—such as hospital, playground, welfare agencies and migrant labor camps—all to be on the federal payroll.

IT MUST BE REMEMBERED that when one of these welfare programs begin it will get bigger each year after that. The foreign Peace Corps is a case in point. Starting out at an annual cost of \$10 million, the Peace Corps is now asking Congress to appropriate over \$100 million for the next fiscal year.

The President has hand picked a special 20-man commission working for weeks planning these new programs. Headed by Bobby Kennedy's special assistant, David Hackett, the group includes Donovan McClure, a public information officer for the foreign Peace Corps, all engaged in working out new plans designed to alleviate unemployment among young people.

Is it any wonder that we have mounting deficits? While it is conceivable that some sort of good might come about by initiating any or all of these new projects, the simple fact is that they are not needed and we do not have the money. THE WASHINGTON STAR had this comment to make about the revival of CCC:

"For that indeterminate number of youths really looking for a better chance, there has to be a better way than going back to the dark days of WPA and CCC."

CEMETERY FIRE THURSDAY CONTROLLED QUICKLY

Sonora Volunteer Fire Department extinguished a grass fire in Sonora Cemetery at noon on February 28.

Several small lots were burned off, but the Fire Department checked the blaze quickly. Fire Chief Lee Patrick said that it is believed the fire was started accidentally by someone working in the area.
