SEVEN RACE MEET
Futurity To Open April 12

Polio Inoculation Program Draws
1,862 For Second Oral Dose

Devil's River News-Sonoran, Texas, Thursday, April 18, 1963

THIRTY-FIRST WEEK

Odd Ends

And while we're on the subject of the new crop of high school students, we'd be remiss if we didn't mention the fabulous fashion of the cap and gown. These outfits have been carefully designed and made to fit the students perfectly. The caps are in a variety of colors, and the gowns come in a range of styles, so there's something for everyone. And the best part is, they're all made right here in Sonora! It's a real sense of pride to see our students wearing these beautiful outfits.

Sonora Track Team Champions

In First Class AA Competition

SEVEN RACE MEET NOW AVAILABLE

With the arrival of spring and warmer weather, Sonora's track meets may be expected to increase. The weather is perfect for outdoor activities, and the students are eager to get outside and compete. The meet will feature a variety of events, including sprints, hurdles, and jumps. So mark your calendars and get ready for some exciting action.

Polio Inoculation Program Draws

1,862 For Second Oral Dose

Under the supervision of Dr. J. W. Chisolm and Dr. Charles P. Brown, the Sonora school will begin its second round of polio inoculations. More than 1,800 students will receive the oral polio vaccine at a clinic on Tuesday, April 16, at Central Elementary School. The inoculations will be given between 12:30 and 2:00.

The first (Type B) vaccine dose was given earlier this year at Central Elementary School, and the second dose will be administered now. The second dose is necessary to provide long-term immunity against the disease.

Mrs. J. W. Martin, Sonoran's Mother,
Dies In Del Rio

Last rites for Mrs. Eliza Ann Martin, 72-year-old mother of Mrs. M. W. Martin, were held Saturday, April 13, in Devon Chapel, Del Rio. The Rosary, conducted by Rev. W. N. Nickle, of St. John's Episcopal Church, officiated, and burial was in Westview Cemetery.

In addition to Mrs. Martin, who was a native of Sonora and had lived in Del Rio since 1940, her other survivors include four daughters, Mrs. Nancy Short, Del Rio; Mrs. Dorothy Taylor, San Antonio; Mrs. Mary E. Nelson, El Paso; and Mrs. Mildred Brown, Austin; and two sons, Mr. and Mrs. R. W. Brown, Crane.

Mrs. R. W. Brown, Mrs. Dorothy Taylor, Mrs. Mary E. Nelson, and Mrs. Mildred Brown were present at the funeral, and a graveside service was conducted by Rev. G. W. Brown, U.S. Army chaplain.

The family expresses appreciation to Dr. J. W. Chisolm and Dr. Charles P. Brown for their help and cooperation in the polio program.

Polio Inoculation Program Draws

1,862 For Second Oral Dose

On Tuesday, April 16, 1963, with 1,860 reaching the first day early in March, the continuing interest in local people has been maintained throughout.

Some 20 auditory sections of fish were used the result of a recent fishing trip off the coast of Florida made by Mr. and Mrs. George B. Brown, who have been fishing for the past several years. The fish were haddock, herring, anchovies, squid, herring, and fish jell, white crappie, black croaker, and tiger shark.

OIL DRUM FOLLOW

The oil drum was spotted by Mrs. N. J. Martin and Rev. G. W. Brown, who were at the school at the time of the sighting.
Devil's River Philosopher Says
He'd Rather Have Federal Help in the Country Than the City

Rider's Note: Devil's River Philosopher on his lettered scale, means that his heart and soul have been in this pasture for the past ten years. Naturally, we feel proud that we have our share of the best citizenship in Texas and that others will find Sonora's praises. We do not wonder how it can be in Texas, since we are a law-abiding state. It is our provincial status in the public mind that we would plead guilty. No, no, to profanity! It has nothing to do with it. The reason is that we have no experience in this matter. We would have approved if the waggon he had blown up against the law were as bad as he says. In this, I am just as guilty as he is, but I have had experience in the matter, and I have seen this paper before. Everybody in the boyhood marries by the NEWS reads every line in it. It never misses a single paper as close as to the paste as the DEVIL'S RIVER NEWS. For all hands are at work to keep the news clean. People are enlightened in the same way if they fail to receive a copy of the NEWS they want another. That's when we will be able to maintain this interest in the NEWS and think for our past favors and a preservation of the news.

1100

Miss Sophie Vanderbildt in the host of Mr. and Mrs. W. C. Alwedle this week.

October 14, 1909

SOUTH YANK:

The NEWS is getting old and we are getting used to it. We are used to some domain and that is why we are so far away. The first issue of the NEWS was published in the University of Texas on March, 20 1879 and from that time to the present day the management of the NEWS has been in the hands of the University of Texas, and no change has been made in the same. Now, the time has come when we are used to nothing but the highest ex

An adequate supply of energy is essential to progress. In the 11 fast-growing western states served by El Paso Natural Gas Company, demand for energy has risen astoundingly— as population has soared and the pace of the economy quickened. Since 1950, these 11 states have grown 3½ times as rapidly as the rest of the nation. California today is the nation's leading energy consumer. The population of both Nevada and Arizona have more than doubled. This growth is accelerating year by year.

Widespread energy needs are needed to meet the mounting demands of these millions of new citizens. And El Paso Natural Gas Company has played a growing role in providing these energy needs. Back in 1950, El Paso Natural marketed 285-million cubic feet of natural gas per day. By 1962, we were marketing 1,381-billion cubic feet of gas per day, 5 times as much as in 1950. That's approximately 10 times more energy than is produced at Winfield Mills. And this year, we will provide all of the federally financed electric power generators, including the giant Benson Power Administration, and Hoover Dam, in these 11 states.

As you can see by these three examples, Savings Bonds don't necessarily stay growing when they mature. They go right on building in value as you hold them.

This means that those Bonds you tucked away and forgot about are still earning for you at a good clip. (Every $1 Bond purchased and not cashed is still earning for its owner.)

Of course, your Savings Bonds work hand in hand in another important way. As you build your own financial strength—you build the nation's too.

Millions of American families think this is a pretty good assignment for their money... so much so that they've made U.S. Savings Bonds the most widely held security in the world. Start buying U.S. Savings Bonds now where you bank or work, thank The Advertising Council and this newspaper for their patriotic support.

Applications For 
Mohair Incentive Ready For Signing

Applications for incentive payments on mohair are being taken at the Office of the Secretary of Agriculture in Austin. Mrs. E. K. Holt, sweet of the ABC-TV ABC-AFFIL. station, will tell all about the plan which covers mohair sold from April 17, 1963 through March 31, 1964.

All settler's and sales slips from境内 and Micah Company and Micah Company are to be in the ABC-TX office and all applications must be signed by producers by April 30. Patches for changes or nearly backed from point of origin to the warehouse will be needed in project completion. It is important to determine if there will be an incentive payment, date and amount from applications will submitted to arrive at the national average settling price. If it falls below the support level of 70 cents per pound, an incentive payment will be called for.

**Big Battles Ahead For This Session, Fisher Indicates**

- By Congressman C. C. Fisher, The WEEK preceding the Easter recess the Con- gress was faced with a number of issues, including the defense of the United States, the economy, and international relations. The Congress was also working on several other important issues such as civil rights and health care.

- The Congress also approved the use of federal funds to aid in the construction of new schools and roads. The approved bill included funding for schools and roads in several states, including Texas.

- The bill was greeted with mixed reactions. Some saw it as a step forward in making education more accessible to all Americans, while others criticized the amount of money being spent on education at the expense of other important areas such as infrastructure and public services.

**Tips for OUTDOORSMEN**

- **How to Keep Your Shotgun Clean:**
  - Always keep your shotgun clean and well lubricated. Use a good quality cleaning kit and follow the instructions carefully. Regular cleaning helps maintain the performance of your shotgun.
  - Clean your shotgun after each use, especially after shooting in wet or dusty environments. This helps prevent rust and other damage to the gun.

- **How to Keep Your Shotgun in Good Condition:**
  - Store your shotgun in a dry, clean place when not in use. Use a gun sock or case to protect it from dust and moisture.
  - Never point a clean shotgun at yourself or others. Keep the gun unloaded until you are ready to shoot.
