

WELCOME FUTURITY FANS

LIONS ROAR

Lions District Governor "Doc" Ellis of Midland was guest speaker at the Tuesday luncheon meeting of the Sonora Lions Club at the First Methodist Church this week. Ellis, who has been responsible for 131 new members during his long affiliation with Lions International, reminded local Lions of the District Convention to be held in Midland May 4 and 5.

Lions President Jack Kerbow announced that the local club will observe its 35th anniversary with a dinner on May 21.

Guests present included Dale Blake of Sonora; Joe Pond and Anthony Hunt of Big Spring; Dick Bierce, John Stigner and Charles Hawn of Eldorado; and John Liggett of Fort Worth.

G. H. Hall has returned from Denton where he visited his son-in-law and daughter, Mr. and Mrs. James D. Sloan.

Winner of the \$15,000 1962 West Texas Quarter Horse Futurity was Miss Pay Bracket, owned by F. A. Richardson of Baytown. This year 102 colts are eligible to run in the \$20,000 Futurity. Additional stall space has been constructed to accommodate entries in the fastest growing race meet in Texas.

L. E. Clement, Sonoran's Father, Buried In Arkansas

Funeral services for Lemuel Edgar Clement, former Sonora resident, were held Saturday, April 20, at Luginbuel Chapel in Prairie Grove, Arkansas with the Rev. Harold Bartholomew officiating. Clement died in a Dallas hospital Thursday, April 18, after a short illness.

Clement was an employee at Humble Station B here for several years until his retirement.

Survivors include his wife; two sons, and three daughters including Mrs. Lucille Smith of Sonora.

Kris Stengel To Preach Sunday At First Baptist

Kris Stengel, senior student at Howard Payne College, Brownwood, will be guest pastor at the First Baptist Church here Sunday, April 28. Stengel will preach the Sunday morning sermon during the absence of the Rev. Bob Brackney, pastor, who is conducting a revival in the First Southern Baptist Church in Colorado Springs, Colorado.

Kris Stengel

A native of Mason, Stengel is a senior history and religion major. He was president of his freshman class, a Senator in the Student Senate, conference record-holder in pole vault, and a member of the Baptist Student Union executive Council. He has been selected for "Who's Who in American Colleges and Universities", 1962 president of Jackets for Jesus, 1962 summer Youth Director, and is currently a member of the Howard Payne Youth-Led Revival Team.

Mrs. L. Y. Harrell, Sonoran's Mother, Buried Wednesday

Funeral services for Mrs. L. Y. Harrell, 75, of San Angelo were held Wednesday afternoon, April 24, at Johnson's Funeral Chapel with the Reverends W. E. Chandler, retired, and Lloyd Thompson, pastor of Lake View Christian Church, officiating. Mrs. Harrell died at Baptist Memorial Hospital Tuesday, April 23, after an illness of several months.

Born April 18, 1888 in Llano County she was the former Miss Georgie Lee McDonald. Her father was an early day stone mason working on many public buildings erected in the late 1800's and including the Sutton County Courthouse. She and her husband were married in Runnels County in August 1909. They observed their 50th wedding anniversary in 1959.

She is survived by her hus-

Cancer Crusade Success Indicated As Contributions Are \$680 Of \$900 Goal

As the April Crusade of the American Cancer Society nears its close in Sutton County, indications are that it will be a successful one.

With final reports still to come in and be counted, Mrs. W. B. McMillan, Crusade Chairman said "it looks like another good year in the Society's fight against cancer."

Local contributions as of Tuesday had reached \$680.00 with volunteer leaders still turning in reports on contributions received in the Crusade.

Mrs. McMillan said she hoped that those who have not made their contributions will do so

within the next few days since the local unit hopes to close the Crusade May 1, meeting the local quota of \$900.00 and even reaching the Honor Goal of \$1,000.00.

REV. SCOTT ADDRESSES FORT WORTH DAR

The Rev. Billy Scott of Fort Worth recently was speaker at the James Blair chapter of the Daughters of the American Revolution. The Rev. Scott, son of Mr. and Mrs. M. C. Scott of Sonora, spoke on "The World Council of Churches—What Faith Does It Espouse?"

Pushing hard to get the Little League season off to a good start are these Leaguers who get into the swing by manning a lawnmower to shape up the League park. Pre-season practice is underway and the opens are set for early in May.

Golf Tournament Slated Saturday For Sonora Boys

School age Sonora boys will participate Saturday in a partnership golf tournament at the local course. Qualifying rounds must be played and score cards turned in before tournament play begins.

The tournament will get underway promptly at 8:30 Saturday morning and score cards should be turned in, with the \$1.00 entry fee, to Jimmy Trainer prior to that time.

Bonus Dollar Drawings Slated Every Saturday

The Sonora Chamber of Commerce's retail trade and promotion committee voted at their Monday night meeting to continue the Sonora Bonus Dollar Program.

Drawings will be held each Saturday afternoon at three o'clock in front of the First National Bank with \$50.00 in cash as the prizes.

Twenty-one Sonora merchants are participating in the Bonus Dollar program.

Ranchers Urged To Be Alert After Screwworms Identified Near Here

With the continuation of warm weather, incidence of positive identification of screwworms is increasing. Latest positive identification was made on the John Cauthorn ranch in Val Verde County some three or four miles from the Sutton County line. Sterile screwworm flies are being dropped in that area at the present time by the southwest Animal Health Foundation.

To date there have been no positive identifications of screwworms in Sutton County itself although cases have been found in Kimble, Irion, Edwards, Val Verde and Presidio Counties. Suspected cases in Sutton County have so far been identified as blow fly larvae but ranchers are urged to keep a close check on stock for worm cases.

\$20,000 Purse At Stake In Futurity New Stalls And Starting Gates Ready

Sonora's annual spring race meet will open here at two o'clock Saturday afternoon, April 27, with a full slate of seven races scheduled daily. The event which runs for three successive weekends will include the fifth annual West Texas Quarter Horse Futurity for a purse of \$20,000.00. Finals in the event are scheduled for Saturday, May 4.

RECORD ENTRIES

More than 100 promising young race horses are entered in the Quarter Horse Futurity. The Sonora Park and Horse Show Association which sponsors the event, will award a blanket to the Futurity winner.

Winner in last year's Futurity was Miss Pay Bracket owned by F. A. Richardson of Baytown. Most of the Futurity eligibles have already arrived as have many other horses expected to run in other races.

Sonoran's Brother Buried Wednesday In New York

Funeral services were held in Syracuse, New York Wednesday for Winston Tirrell, brother of Mrs. Armer F. Earwood of Sonora. Tirrell drowned in a boating accident Saturday, April 20.

Survivors include his wife; two sons; two daughters; his father, Irving J. Tirrell of Weymouth, Massachusetts; 2 brothers, John Tirrell of Mount Pleasant, Illinois, and the Rev. David Tirrell of Fort Lauderdale, Florida; three sisters, Mrs. Nathan W. Bates of Cohasset, Massachusetts, Mr. Ed Winnett of Whitman, Massachusetts and Mrs. Earwood.

DERBIES

The Ruidoso Downs Sprint will be run during the meet with a blanket to be awarded the winner. Also scheduled are the Sonora Thoroughbred Futurity for two-year-old Thoroughbreds. This running is slated for Sunday, May 12 as is the Sutton County Derby.

\$150.00 has been added for the Thoroughbred Futurity and \$200.00 for the Sutton County Derby. Regular races will have \$100.00 in added purses.

DANCES

Dances are to be held at the 4-H Club building Saturday nights April 27, May 4 and May 11. Admission will be \$1.50 per person and dances will start at nine o'clock. Music will be furnished by Lloyd Mitchell's Rocksprings Playboys, the Adolph Hofner band and the Lone Star Wranglers.

Bill Stewart is chairman of the association's dance committee.

TRACK CONDITION GOOD

The track is reported to be in top condition following recent work. All indications point to a very fast track which would offer fans really top racing.

New improvements added for this year's meet include a ten-horse starting gate, a four-horse starting gate for practice and match races, and the addition of a new barn of stalls.

Bill Morris is president of the sponsoring organization. Wesley C. Young and Stanley B. Mayfield are track improvements chairman and Young is head steward.

LOCAL ENTRIES

Three Sonora Quarter Horses will be among those making their bids for the \$20,000.00 purse. Andrew Moore's Cinda Bee, Gene Shurley's stallion Epic Trust, and R. W. Wallace's unnamed filly by Bar Joe out of Jodie Dandy are entered in the Futurity.

Don't you read before you buy?

Most people do. They count on advertising in print to give them the information they want on products that interest them—information on features . . . designs . . . and prices, for example. People not only read about products and services, they show ads to their family and friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping.

When you add it all up, print advertising—the kind you read in the pages of this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales. Most people read—and then buy. Don't you?

Colts Take Eagles 13-3 Here Sunday

The Sonora Colt .45's blasted the Eldorado Eagles 13-3 here Sunday afternoon at Allison Field. Gene West was on the mound all the way for the Colts. The Eagles got two hits in the second to open scoring but in the third the Colts tied it up and were never seriously threatened after that.

Seeing service for the Colts were Ram Castillo, catcher; Alvin Hernandez and Theo Cardona, first base; Marciano Hernandez, Jr., second base; Nelson Guajardo, short stop; Primo Gonzales, third base; Jaime Flores, left field; Dimitrio Castro, center field, and Tino Noriega, right field.

The Colts next game is scheduled for Sunday, April 28, in Ozona.

Statistics Show Infants Need More Auto Protection

Babies under the age of one year were killed more frequently last year in automobile accidents than almost any other age of passengers, it was revealed today by an analysis of 1962 statistics by the Department of Public Safety.

The only age to exceed the infants in number of deaths resulting from automobile accidents were 19-year-old passengers.

In 1962, a total of 44 babies under the age of one year were killed in car crashes, as compared to 48 19-year-old non-driving passengers. These two categories make up over ten percent of the total number of persons killed as passengers, with the infants accounting for almost five percent of the overall total.

The study also revealed that 109 or 12½ percent of the total number of passengers killed during 1962 were of pre-school age.

Col. Homer Garrison, Jr., DPS director, said: "These statistics should be brought to the attention of every mother and father, since they point up a most tragic aspect of the frightening toll of human life on our streets and highways which has not heretofore been noticed. The need for extra precautions to protect little children in automobiles is obvious."

The analysis of the 1962 traffic situation by DPS Statistical Services brought to light these additional facts:

The 2,421 motorcides were 107 or five percent more than in 1961.

Motor vehicles traveled 94,908 miles each minute during the year, for a total of almost 50 billion miles.

The death rate increased from

were Ram Castillo, catcher; Alvin Hernandez and Theo Cardona, first base; Marciano Hernandez, Jr., second base; Nelson Guajardo, short stop; Primo Gonzales, third base; Jaime Flores, left field; Dimitrio Castro, center field, and Tino Noriega, right field.

The Colts next game is scheduled for Sunday, April 28, in Ozona.

4.8 deaths per hundred million miles in 1962—the lowest in history—to 4.9 in 1962.

June was the deadliest month since November 1956. There were 258 motorcides in each of those months. Friday, June 1, took the greatest toll of any single day in the year with 22 fatalities.

Tuesday, October 16, was the only day during the year in which there were no fatal accidents.

During 1962 there were five accidents that killed seven persons each and three accidents that killed six each. In these eight accidents, there were 53

deaths. On an average in Texas traffic during 1962, a person was killed every three hours and 37 minutes, a person was injured every three and one-half minutes and an accident occurred every 87 seconds.

The economic loss from traffic accidents in Texas is estimated to be \$738 per minute.

It is significant that in every single fatal accident in which more than one vehicle was involved there were one or more

violations of Texas traffic laws. In the one-car accidents there were only ten percent of the total accidents in which no traffic violation occurred. Driving too fast for conditions led the list of violations contributing to accidents, being listed as a causative factor in 51 percent of the fatal accidents. Driving while drinking figured in 37 percent of the fatal crashes, while being on the wrong side of the road was present in 17 percent

YOUR MINISTER SAYS

By Rev. Jake Billingsley, Rector, St. John's Episcopal Church

Among the very first words which our Lord spoke to his Disciples after he was raised from the dead were these: "As my Father hath sent me, even so send I you."

Where? For what? One way of talking about where we are sent, and for what, is in the language of "frontiers": frontiers on this side of which God in Christ is known and served as king, and on the other side of which something else is king. We are sent to these frontiers and across them to let it be known that our God is the true God, and to tell what it means to us that he is God. It's as simple as that!

Where are these frontiers?

Payroll

When the Bonham Cotton Mill announced it would close its doors finally in early 1962, that North Texas city stood to lose a 61-year old industry with a \$14,000 weekly payroll.

Bonham's vigorous enterprise in the face of crisis is another reason we say big things are happening in General Telephone towns.

Aggressive citizens of the 7357 population community arose to the emergency. Today, little more than a year later, Red River Textile Mill, Inc., is not only continuing the operation of its predecessor, but is talking plans for an eventual major expansion.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Finally, there is the frontier which lies within each of us, there not being one of us who doesn't have a large area of heathen land within himself. That heathenism within each of us is constantly, all our lives, thrusting, pushing, probing from its side of this frontier, trying to overcome that which is Christian within us.

These are the frontiers: even as the Father sent Him, so He sends us!

Eliane Huart

Engagement Announced

The engagement and approaching marriage of Miss Eliane Huart is being announced by her mother, Mrs. Arthuria Huart of Paturages, Belgium, and her "Poster" parents, Mr. and Mrs. A. C. Elliott of Sonora.

Miss Huart will become the bride of Michael Dethaye, son of Mr. and Mrs. Vitale Dethaye, also

of Paturages. The wedding is scheduled for eight o'clock Saturday evening, July 13, at the Protestant Evangelical Church in Paturages. Traditional Belgian civil ceremonies will precede the church rites.

The bride-to-be is a graduate of Paturages schools and teachers' institute.

Woman's Club Barbecue Lunch Nets About \$300

The Sonora Woman's Club held its annual fund-raising barbecue luncheon at noon Sunday, April 21, on the courthouse lawn.

Mrs. Albert Ward, club president, reports a net profit from the luncheon of approximately \$300.00.

Funds will be used to maintain the Woman's Club library and in other organization projects.

MRS. THORP ENTERTAINS THURSDAY BRIDGE CLUB

Mrs. Rose Thorp was hostess to members and guests of the Thursday Bridge Club in her home last week. Arrangements of roses and iris were used in decorating and apple pie was served.

Mrs. J. B. Renfroe held high score for guests and Mrs. C. E. Stites for members. Consolation went to Mrs. Robert Rees.

How \$18.75 a month can grow into something you never expected to own

You may have never given any thought to a really extravagant purchase like, for example, a summer home at the lake. Yet there's an easy way to make it happen, and sooner than you'd think.

All you have to do is enroll in the Payroll Savings Plan for U.S. Savings Bonds where you work, and then go to work every day, as you always have. Your payroll department does the rest.

Each payday they set aside an amount you specify, say \$18.75 a month, and buy a \$25 Bond in your name. It's the world's easiest, surest way to save. You

never see the money, so you can't spend it. Your cache simply keeps growing, and before you know it, you've got the down payment on your summer home, or the price of a sports car, or the financial groundwork for almost any family dream.

What's more, your dollars help your country stand firm against the strongest enemies of freedom the world has ever known.

Join the eight million Americans on Payroll Savings now. There's no telling what your \$18.75 a month will lead to.

Quick facts about U.S. Savings Bonds

- You get \$4 for every \$3 invested, at maturity
- You can get your money anytime
- Your Bonds are replaced free if lost, destroyed or stolen
- You can save automatically on Payroll Savings.

Keep freedom in your future with **U.S. SAVINGS BONDS**

Golden Eagle Bill Target Of Fisher Letter

By Congressman O. C. Fisher
THE RIGHT OF RANCHMEN to protect their livestock against the depredations of the Golden Eagle will be determined by the Secretary of Interior between now and next fall when the Eagles will be returning to the southwest for another winter season. He will decide whether airplanes may be used in defense against this menace.

It will be recalled that the Secretary in January announced he would not allow the use of planes. After our protest, he sent some Specialists to Texas to study the problem. Several public hearings were held, and the evidence was overwhelming to the effect that eagles are a deadly menace and that they can be coped with only by use of airplanes.

Now, for some reason, we are informed that the Secretary has another task force conducting another study of the same thing. In addition, it is reported that the Audubon Society has its own investigation going on, ostensibly to try to counteract or con-

tradict the record that has been made. The Audubon people refused to send an observer out to attend the hearings conducted by the first task force.

The bird lovers and bleeding hearts still insist that a golden eagle could not possibly harm a nice little lamb! They know it's that way because they read it in a book one time.

Incidentally, here's a chance for some enterprising amateur photographer, with enough patience, to make a hundred dollars: Margaret Louise Hill, with Texas Ornithological Society, 4200 Shoal Creek Blvd., Austin, wrote me recently and said "For six years the Texas Ornithological Society has offered a reward of \$100 for photographic proof of these birds in the act of killing domestic livestock and game animals."

In my answer I told Miss Hill she would probably also be safe in offering a reward for a picture of a rattlesnake striking a child! But that would not prove rattlers do not bite children.

I would not be surprised to see some one come up with a picture of the eagle at work. Attacks by the birds on lambs, kids and small game have been observed by literally hundreds of people. In fact that forms their chief source of livelihood in southwest Texas during the winter months.

TEENAGE DANCE CLUB TO BE ORGANIZED

Sonora teenagers are being notified this week of plans for organization of a dance club. Gwen Glimp will act as adult advisor and will also instruct those members who do not dance and will teach new dances as the club desires.

The organizational meeting will be held at the K-Bar at seven o'clock Friday evening, April 26. At that time club rules will be set up, committees appointed and adult sponsors chosen. Regular club dates will be the second and fourth Saturdays of each month.

Garden Club To Meet This Summer

The Sonora Garden Club met Monday afternoon, April 22, in the home of Mrs. Harold Scherz for a program on flower arranging. Members present brought floral arrangements which were discussed.

Mrs. Charles F. Browne, president, presided over a business meeting at which members voted to continue meeting through the summer months. It was also decided for members to alternate in watering the club's two civic projects, the sunken garden and the war memorial plot. It was suggested that the Senior Scouts might help maintain these two projects.

Refreshments of sweet rolls, coffee and tea were served to one guest, Mrs. R. L. Hardgrave, and to members Mrs. Charles F. Browne, Mrs. Vestel Askew, Mrs. B. H. Cusenbary and Miss Annela Stites.

The next meeting will be held at 9:30 Monday morning, May 27, at the home of Mrs. Vestel Askew.

Congratulations To These New Parents

Mr. and Mrs. Eddie F. Smith of Irving have announced the birth of a daughter, Daphney Kay, Wednesday, April 17, in a Dallas hospital. She weighed 7 pounds, 1 ounce at birth.

Grandparents are Mr. and Mrs. George E. (Bud) Smith of Sonora and Mr. and Mrs. L. J. Webster of Irving. Mrs. Fannie Gahagan of Stephenville is a great-grandmother.

Sonora Art Club Game Supper Benefits Club

The Sonora Art Club netted \$70.00 as a result of their dinner and game party held Thursday evening, April 18, at the Sonora Woman's Club building. More than 70 persons attended and enjoyed both bridge and bingo.

Bridge prizes were awarded Mrs. R. C. Vicars and B. H.

-GREEN NEWS-

By Betty Jones
CONGRATULATIONS TO JERRY TITTLE FOR THE BEST SHOT OF THE YEAR—The Ladies' Tournament at San Felipe Country Club in Del Rio awarded Jerry a prize for the spectacular shot she made on Number Two. Details of Jerry's tee shot are unusual. Her drive was beautiful. The distance of the drive and the sloping fairway made it impossible to see the exact drop of the ball. Quite a bit of excitement when the group spotted Jerry's golf ball right beside a dead ground squirrel. We will not ask if Jerry used her golf clubs during deer season.

Jerry's prize at the luncheon was her dead ground squirrel. There was simply not time to rake up a sharp-shooting trophy.

Of course, Jerry thinks her drive might have gone farther if the squirrel hadn't gotten in the way.

Lunetta Morgan and Bobby Fawcett participated in the tournament in Del Rio, too. We were proud to hear that Bobby won the putting trophy.

Lunetta said they had a wonderful time and the course is beautiful and a challenge.

More winners: Lonnie Taylor made it to semi-finals at the San Angelo tournament.

Mabel VanderStucken knows how we all like a "coffee break" so she gave us a 50-cup dripolator for the clubhouse. Many thanks, Mabel.

Advance thanks to Ruth Shurley for donating a prize for the boys' tournament this coming weekend and prizes for the ladies

tournament to be held June 1. There is no doubt about it, Ruth reads the Green News.

We were just reminded to mention Green Stamps in Green News. At our luncheon last week, the vote carried that all members would try to turn in Green or Frontier Stamps or three dollars for furniture for the clubhouse. President Lunetta Morgan has appointed Mary Jeanne Hamilton as chairman of this committee. So don't forget to turn your stamps in to Mary Jeanne and we will have a start on some furniture, real soon. Hope we get it before the ladies' tournament in June.

Betty and Bill Stewart's Mike is about the "littlest" worker we have seen at the clubhouse. He may be lacking in size and age but not in determination and

know-how. He can really swing a wicked broom and mop.

Jimmy Harris, Jerry Hopkins, Dennie Hays, Clyde Greer, Bob Snodgrass, and Bob Painter went "all out" on Number One. There was one birdie, four pars and one bogey.

Call Jimmy Trainer about the boys' tournament this weekend.

Have you seen my new golf charm?

We welcome another new golfing family, the Frank Potmesils.

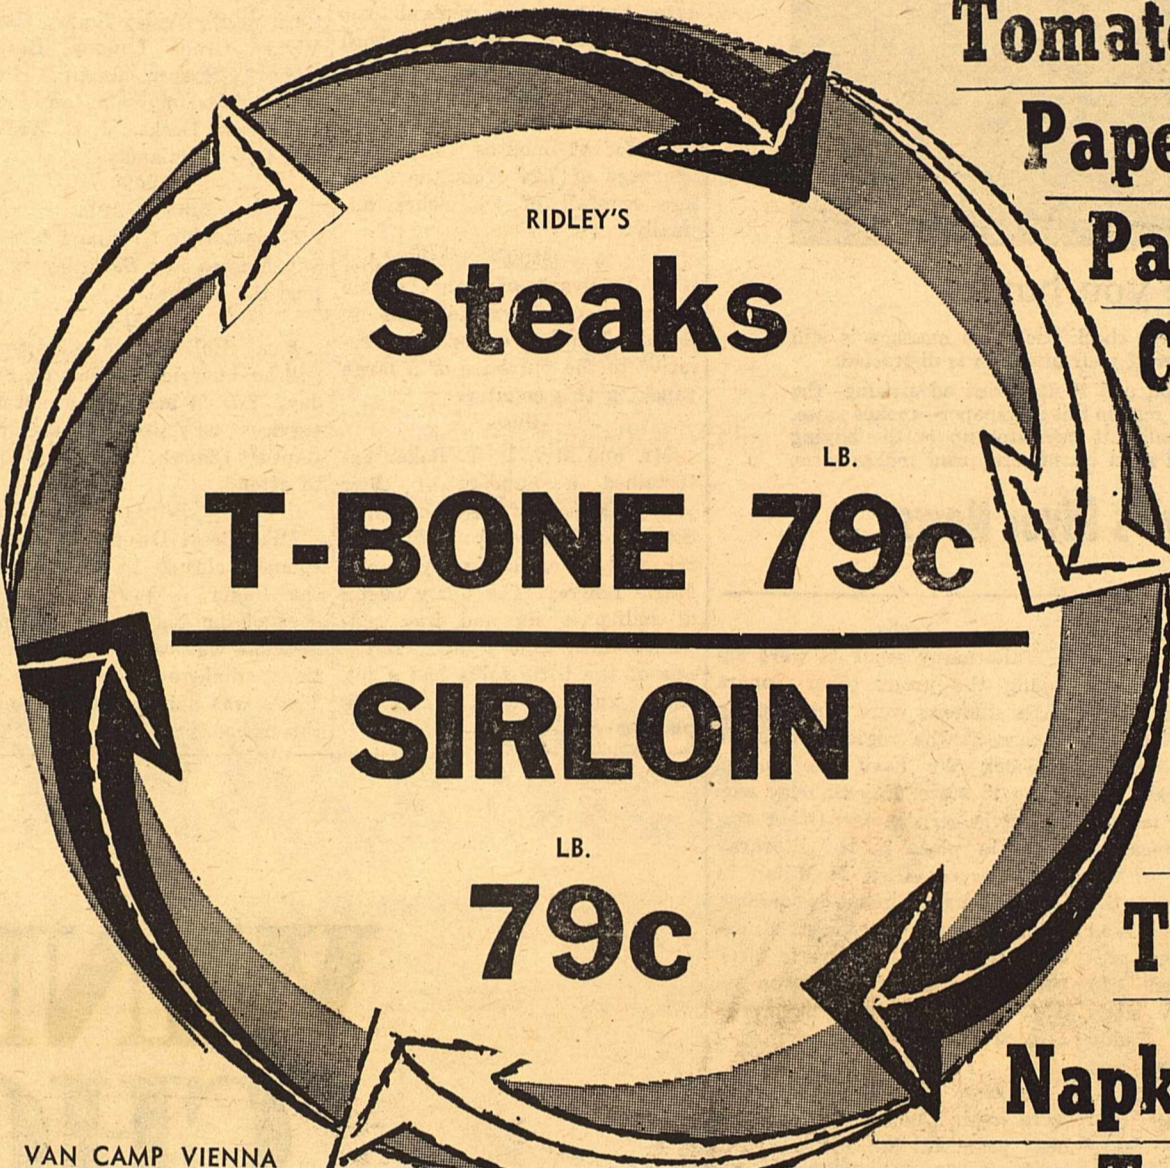

Bright and early on weekends and holidays we have seen Chris Berger and Robert Brown at the course. From the results of the short iron shots we saw these two make, believe we have a couple of real golfers.

Thirty ladies attended the monthly bridge and golf meeting. The luncheon was at the Big Tree with Jackie Hopkins, Ernestine Hext and GN as hostesses. There were three tables of bridge with Norma Potter winning game prize, Lena Belle Ross cut prize, Ora Granger slam prize and Florence Davis high.

There were 16 golfers. Bobby Fawcett won low gross and Pauline Thompson low net. Wanda Cahill, Dorothy Ratliff and Jerry Tittle tied for the putting prize. Wanda won it in the play-off.

The Ladies Auxiliary has received an invitation to a tournament in McCamey May 4. Contact Lunetta Morgan for details.

Tuesday Deadline To Apply For Incentive Payments

Ranchmen are reminded that Tuesday, April 30, is the deadline for filing and signing applications for incentive payments on wool and unshorn lambs sold during the program year from April 1, 1962 through March 31, 1963. All applications must be in by that date in order for the producer to be eligible to receive incentive checks.

April 30 is also the deadline for filing signed applications for a possible incentive payment on mohair. All wool and mohair sales documents are ready for signing at the local ASCS office, according to Mrs. Marie K. Ellis, office manager.

The incentive rate on wool and unshorn lambs will be determined by computation and will be announced some time in June. Checks will be ready for producers after July 1, Mrs. Ellis said.

A slump in the mohair market during 1962 has made it possible that the mohair incentive plan may be put into effect for the first time since its inception. However, sharp rises in the market during early 1963 may raise the price received nationwide above the floor set for mohair.

Screwworm Fund Drive Closes With \$53,900.65 Total

Ralph P. Mayer, chairman of the Sutton County Screwworm Fund Committee, this week announced completion of the drive with Sutton County ranchmen and other interested parties contributing a total of \$53,900.65 toward eradication of the screwworm fly. The grand total was raised in two drives, the first raising \$30,000.00 and the second \$23,900.65, with contributions coming from 155 individuals and companies.

In concluding the drive, Mayer said, "We wish to thank everyone for their fine cooperation in this campaign. We believe that this control program will be of inestimable benefit to Sutton County ranchmen. However, we would like to emphasize the importance of full cooperation with agencies administering the program. The final success of this program will be determined largely by cooperation of individual ranchmen."

Cusenbary for high score, Mrs. J. C. Billingsley and Tommy Smith for slam, and Mrs. Jimmy Hugh Harris and Albert C. Ward for bingo.

Winning 42 prizes were Mrs. Roy Coker and John Mittel for high, Mrs. John Mittel and Louvin Martin for bingo and Mrs. W. J. Thompson and O. G. Babcock for consolation.

Don't you read before you buy?

Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples. When people see an advertisement in print, they can compare designs . . . features . . . and prices of nationally known products and services. (And people do compare before they buy.) Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted. When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

THE TEEN SCENE

By Mary Davis
Friday at noon, three juniors left their classes and went to the cafeteria to instruct the janitors as to where they wanted the tables. At one o'clock, several other juniors left and began decorating the tables. By 1:30, the cafeteria buzzing with juniors. There was the sound of hammering, the clank of silverware on the tables, the buzz of confusion and a record player playing above all the noise. By 4:30, the cafeteria had been changed from a school lunchroom to a picture from the pages of "Arabian Nights". Blue, pink, lavender, gold and turquoise trees with golden fruit and brightly colored beads stood in various corners. Bird cages hung from the ceiling along with curtains of net. Golden treasure chests and birdbaths sat under the trees. A canopy decorated

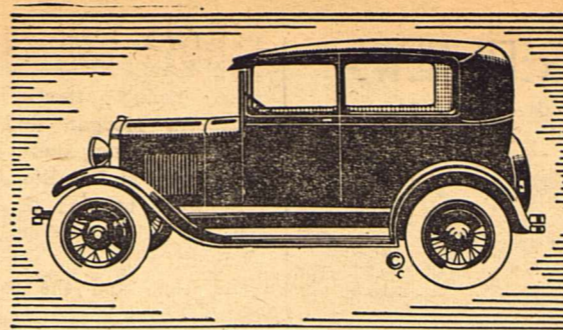

the bandstand. Tables were covered with pink paper and purple Easter grass was placed down the middle. Gold fruits and coins were scattered through the grass. Overlooking the whole scene was a genie hanging on the wall. John Paul Friess was master of ceremonies. Ray D. Lancaster made a speech on behalf of the seniors. Diana Cahill read the prophecy and Nancy Prugel read the will. A skit was then presented by some talented (?) juniors. The skit told the story of Aladdin and Fatima. Teddy Wheelis played Aladdin and Johnny Merck made a beautiful Fatima. A cowboy sang the ballad and told the story. Mary Davis played the part of the cowboy. Corky Fields was Mr. Clean. Karen Davis, Irene Davis and Diana Black were dancing slave girls.

Mr. Ricci of San Angelo played for the dance. His music was very enjoyable. Grownups danced right along with the teenagers.

Devil's River Philosopher Claims Russians Use Lie Detector Test In Reverse To Select Diplomats

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River takes a look at lie detector machines this week.

I've been noticing lately that more and more people are taking lie detector tests.

Football and basketball players take them, coaches take them, the criminals take them, suspects take them, etc. But more than

that, I understand business is now employing the lie detector, and prospective employees are sometimes required to take the tests to indicate whether they can be trusted later on.

Why some people have even suggested that politicians take the tests, but nothing much has come of it. I guess they're waiting till sturdier models of the machines come out.

Another use for the lie de-

tor machine which nobody else seems to have thought of and which I offer free of charge would be in the public schools.

One of the worst chores of teaching, I understand, is grading papers. My system would eliminate this. All you'd have to do is strap each kid in a lie detector machine at examination time. Then instead of asking him if Columbus discovered America in 1492, ask him simply if he knows when Columbus discovered America. If he says yes he knows, the machine will automatically record whether he's telling the truth or not, and an adding machine attached to it would register the grade at the bottom of the test. By using the machines from first grade through college, I figure one billion man-and-woman-hours of labor per month grading papers will be eliminated.

I don't know whether this is true or not, but I've heard a rumor, which I made up myself, that the Russians are years ahead of us in the use of the lie detector machine.

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford
Texas Press Association

A complete overhaul of the election code is due. Senate already has passed a bill correcting scores of errors in the old law, which was overhauled in

For example, say the Russian bosses need a few more diplomats. They pick out a large group of prospects and give them detailed lie detector tests. The men who make the lowest score are graduated at the top of the class. The last thing the Russians would want in their diplomatic service would be a man who had the unstable trait of telling the truth. I don't know what brand of machine the Russians use, but obviously they're years ahead of us.

Yours faithfully,
J. A.

1951.

House members amended the bill to eliminate the "agent form" of paying poll taxes. Instead, prospective voters would have to go to the court house or get a deputy tax collector to certify qualification to vote.

House also refused to require county tax assessors to name civic workers as deputies.

Progress is slow on the proposals to abolish the poll tax as a prerequisite to voting.

Senators passed a proposed constitutional amendment to let the people say whether they want to keep the poll tax. But after some delay, a House committee put it in subcommittee.

Meanwhile, the national constitutional amendment to outlaw the poll tax in election of President, Vice-President, Senators and Congressman has been ratified by 30 states. When eight more ratify it, use of the poll tax in Texas would be out the window.

Sen. Abraham Kazen, Jr. of Laredo envisions the possibility that the 1964 election could be held with state officers elected by poll tax holders, federal officials by everybody.

SHORTEST SESSION?—A modern-day record for short legislative sessions may be set if Lt. Gov. Preston Smith and Speaker Byron Tunnell can get

legislators to wind up their business by May 7.

A May 7 adjournment has been filed. But the Constitution would allow them to work until May 27 if they can't finish by the 7th.

Both houses have been making fast progress on "local and uncontested bill" days.

BIG BILLS PENDING—Length of the legislative session hinges on the three biggest issues yet unsettled.

One is the House-passed tax bill to provide \$32,000,000 to finance Gov. John B. Connally's higher education, tourist and industry-catching programs.

Then there's the appropriations bill, which is being worked out in conference committee headed by Sen. Grady Hazlewood of Amarillo and Rep. Bill Heatly of Paducah. It allocates the funds to each agency for spending during the next two years.

And there is the loan regulation bill, which Speaker Tunnell and Governor Connally consider a "must." It may be in trouble since the Senate bill, which mustered a bare majority, was charged considerably by a House subcommittee.

DROP-OUTS DEADLY—Some startling facts about the high school drop-out problem have been revealed by the Texas State Teachers Association. They stated that "Drop-outs face a dead end in a world where edu-

cation and its skills in the employment field are becoming a necessity."

Victor Sumner of the Texas Education Agency predicted that in the next five years about a third of a million young Texans will leave high school between ninth grade and graduation.

He estimated this fatal step would cost these youngsters nearly \$75,000,000,000 in lifetime income.

"People in the employment field tell me that the hard core of unemployment now is composed of drop-outs from 20 to 30 years ago," Sumner stated.

MURRAY SUCCESSOR SPECULATION—Big guessing games these days is "Who will Connally appoint to fill Murray's place on the Railroad Commission?" Eugene Locke, Wally Scott, Jr. and Claude Brown—all three members of the State Democratic Executive Committee—have been mentioned. Also discussed have been U. S. Rep. Joe Kilgore and Secretary of State Crawford Martin.

Scott has withdrawn his name. Others who have oil or gas interests which would have to be divested before they could accept an appointment are expected to do the same.

Murray's empty chair—which also is perched on top of the slant-hole oil well investigations—is a hot seat.

SECURITIES REGISTRATION UP—State Securities Board granted investment permits in Texas totaling \$25,000,000 last month. February total ran only \$17,000,000.

Thirteen of the 42 companies granted the right to sell stocks in Texas were Texas firms.

TCU Ranch Training Group Here Last Week For Area Field Trip

Nineteen members of Texas Christian University's ranch program with their instructor, John Merrill, paid a three-day visit to the Sonora area last week. While here they visited the Jess Ray and Henry Moore ranches in Schleicher County Monday. Tuesday they were visitors at Sonora Wool and Mohair Company with manager Fred T. Earwood, met with County Agent D. C. Langford, watched sheep shearing at the E. S. Mayer

ranch and visited the Bryan Hunt ranch. On Wednesday they conferred with Dr. Joe David Ross, Soil Conservation Technician E. B. Keng and visited the Experiment Station with Dr. W. T. Hardy. The 19 students hail from Texas, Mexico, Oklahoma, Colorado, Montana, Iowa, Costa Rica, Missouri and Arizona. They were selected from some 150 applicants interviewed by the faculty last fall. The special training
