Lions Observe 35th Charter Anniversary; Stokes Given Honorary Life Membership

H. V. (Buzzie) Stokes, charter member of the local Lions Club, former Lions District Governor and Lions International Councillor, was awarded a Life Membership in the Sonora Lions Club at its 35th anniversary celebration here Tuesday night. Presentation of the honorary membership and other awards was made by District Governor David M. (Doc) Ellis of Midland.

Monarch Awards were presented to ten-year, 15-year, 20-year and 25-year members. Those receiving ten-year awards were George Brockman, Frank Potmesil, Carl J. Cahill, J. W. Elliott, Herman E. Moore, Wm. M. Elliott, Herbert Fields, Henry Crechil, L. E. Johnson, Jr., Dr. Charles F. Browne, Leon Neely, Cleveland Nance, Thomas B. Thorp, Doyle W. Morton and Leo B. Merrill.

Fifteen-year certificates went to Lions R. M. McCarver, Harold Scherz, Wesley Sawyer and Robert Kelley, Jr.

Receiving 20-year certificates were Lea Allison, Fred T. Barwood, L. E. Johnson, Sr., John A. Martin, Jr., Ben F. Meckel, Auther Simmons, O. C. Ogden, John Bunnell, Rip Ward, Cashes W. Taylor, A. E. Prugel, Lee Patrick, Boyd W. Lovelace, E. B. Keng, W. L. (Tom) Davis, and George E. Allison.

Certificates for 25 year memberships went to Louie Trainer, A. B. Hightower, Andy Moore, George A. Barrow and Dr. J. F. Howell.

Thirty-year awards were presented R. A. Halbert, George D. Chalk, G. H. Davis and S.H. Allison.

Thirty-five year charter awards

Dr. Charles W. Jarvis of San Marcos was principal speaker, using as his topic "Prescription for the Happy Life". His highly amusing and entertaining talk pointed up the importance of living one day at a time and devoting oneself to making others happy by forgetting oneself.

Good Rains Cover Sutton County With Weekend Cool Front

A mild cool front set off showers in this area of West Texas, leaving good moisture in three separate rains Friday, Saturday and Sunday, May 17, 18 and 19. Rainfall reports indicate that rains covered the Sutton County area generally but varied from around two inches to more than five.

The Friday evening rain left some damage along the Llano River where a barn was unroofed at the Elba Adams place and rather heavy damage was reported to pecan trees. Damage in town was limited to trees and shrubs and was light.

Representative reports from the county show the following amounts recorded for the three-day period:

W. R. Cusenbary 3.10; Stanley Mayfield (Lower Ranch) 3.50; Shurley Brothers 3.20; Jackson-

Mrs. Allison, Fred E. Fields To Get UT Degrees

Mrs. Pascal Allison and Fred E. Fields will be among those receiving bachelor's degrees from the University of Texas Saturday, June 1.

Mrs. Allison, the former Miss Linda Ann White of Hutchinson, Kansas, will receive the degree of Bachelor of Arts, according to Dean J. Alton Burdine of the College of Arts and Sciences.

Fields, son of Mrs. W. J. Fields of Sonora, will be awarded the degree of Bachelor of Business Administration, according to an announcement by Dean John Arch White of the College of Business Administration.

Cecilia Young Named Recipient Of Eighth Annual Lambert Award

Cecilia Lily Young, daughter of Wesley C. Young and Mrs. Lois W. Young, has been named the eighth recipient of the annual Lambert Award. The award is presented annually by Jeff Lambert in memory of the late Mrs. Jo Ethel Lambert.

Cissy's selection was based on character, leadership, service, patriotism, scholarship and sportsmanship. She was selected from students nominated by members of the faculty of Sonora High School.

Cecilia Young

She was an honor graduate and secretary of her senior class.

She also was elected Halloween Queen in 1962 and Miss SHS in 1961. She was active in speech work and Girls' Athletic Association, having been a cheerleader two years. She was a member of the National Honor Society and the National Thespian Society.

Other recipients of the award have been Sam Gonzales, Frank Joe Potmesil, Anna Lou Morris (now Mrs. W. H. Hill), Douglas Clark, Herman Moore, Jr., Barbara Gatlin and Margaret Sanchez.

Another Case Of Screwworms Found In Sutton County

Still another case of screwworms, this on the Sears Sontell ranch, has been confirmed within Sutton County. The confirmation came Saturday, May 18, and release of sterile flies was expected to be made as soon as weather permitted, according to Clifton Clark of the Southwestern Animal Health Foundation.

Sterile fly drops are now being made twice weekly over each infested area and the Sontell ranch, along with all other ranches south of U. S. Highway 290 found to house screwworms, will receive 25,000 sterile flies at each drop. Release will continue for a two-week period and ranchers are asked to maintain the lined marker for that period so that pilots can spot the target.

North of the 290 marker, release will be 100,000 flies twice weekly for a period of a month.

Ranchmen are asked to instruct their ranchhands to watch for fly boxes and if any are found which failed to open, to leave them as they are. Please do not open the box since the foundation is trying to discover the reason for failure in the opening mechanism of some boxes. These boxes may be left

Forty-seven members of the Senior Class of Sonora High School will receive diplomas in commencement exercises to be held on the school lawn at eight o'clock Monday evening, May 27. Ray D. Lancaster, class president, will preside over the exercises.

Candace Cauthorn Valedictorian

Processional and recessional marches will be played by Mrs. James Wilson, pianist, and a

Final Polio Inoculation Set For This Coming Sunday

Joseph's Closing, Nevilles To Open Own Store Here

Change of hands of a downtown Sonora business was announced Wednesday of this week. Louis Joseph of Dallas announced that he is closing his department store here and liquidating his entire inventory.

Mr. and Mrs. J. W. Neville will open their own store in the Joseph's location as soon as liquidation is complete. Name of the new business and its opening date will be announced in the near future, according to Neville.

read the Scripture and Candace will offer special prayers.

They will be assisted by Dick McMillan who will serve as Lay Reader for the service.

The young people of the church will be treated to a wiener roast in the church yard at five o'clock Sunday afternoon.

The third and final of a series of polio immunization Sunday is slated Sunday, May 26. The oral Sabin vaccine will be administered from 12:30 until 2:30 Sunday afternoon at Central Elementary School.

The turnout for the two previous serum dosages has been excellent and was described as above the maximum expected, with more than 1,800 persons having received the Type I and Type III vaccine given on Sunday, March 3, and Sunday, April 14.

The final dosage will be Type II and those who have had the two previous types still need to receive this type to insure complete immunization. This dosage may be taken even if one or both of the previous doses have not been received. Complete, life-long immunization is assured when the series of three serums has been taken, since each type works against a different type of polio virus.

It is urgently hoped that all those who have not yet received the Type II vaccine will be present to Sunday to take it, as an assurance of a polio-free community.

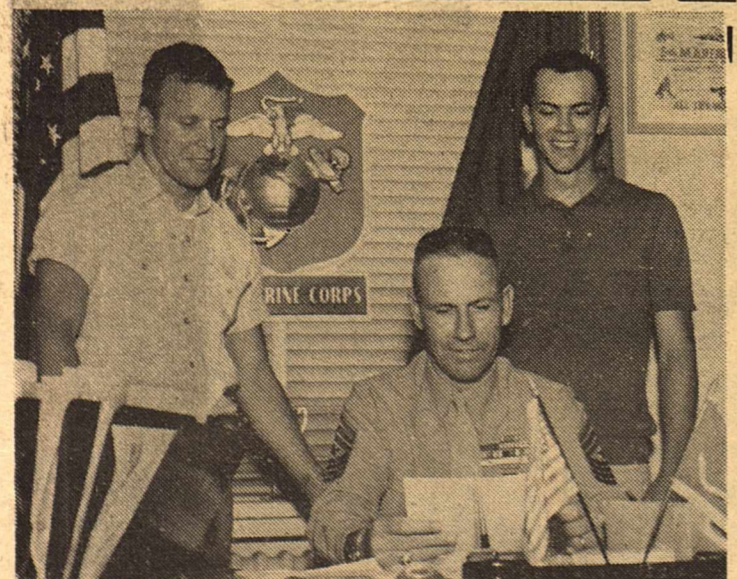

Colts Win Again 5-1 Over St. Joseph

The Sonora Colts continued their winning streak, defeating St. Joseph's five to one here at Allison Field Sunday afternoon, May 19. Manuel Mata was on the mound all the way for Sonora and St. Joseph's Turner was the losing pitcher.

Gene West led the Colts' scoring with two runs. Mata, Nelson Guajardo and Jaime Flores had one each. Nixon had St. Joseph's only run.

Lineup for Sonora was Mata, pitcher; Ram Castillo, catcher; Alvin Hernandez, 1st base; Nelson Guajardo, second base; Gene West, short stop; Abby, third base; Cheo Cardona, left field; Marciano Hernandez and Jumbo Benson, center field; and Jaime Flores and Dimitrio Castro, right field.

The two teams meet for a return engagement in San Angelo Sunday afternoon, May 26.

Smiling enthusiastically, Danny Rutherford, left and Johnny Glasscock, right, receive an over-the-shoulder "lowdown" on what the Marine Corps holds for them. Sergeant Major F. H. Gann, San Antonio's enlisted "Top Kick", considered these two Sonora Leathernecks as "outstanding Marine material" and took time out during a busy schedule to answer their questions concerning the Marine Corps.

Danny, son of Mr. and Mrs. Lewis Rutherford formerly of Sonora, and Johnny, who makes his home with his grandmother Mrs. Dollye Glasscock, enlisted under the Corps' 120-Day Delay Program April 25 and are scheduled to leave for recruit training at San Diego, California during the latter part of July.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Fishing The Plastic Eel
If you haven't fished for black bass with the plastic eel or the artificial worm, you oughta try it. It's about the best method of landing the big ones.

Here's how to bait up:
Run the hook through large end of plastic eel just like you would "worm on" a live worm. Keep forcing the hook through the eel until the front end of the eel covers the hood, shank and eye of the hook. Let the point of the hook be exposed about a fourth of an inch.

When properly "wormed on," the tail of the eel will dangle at approximately a 45-degree angle.

Some anglers add a split-shot to the line a foot or so

above the hook to give it casting weight for greater distance. Others run the line through a small sliding sinker that not only adds the necessary weight for distance casting but also enables the fish to run with the bait without feeling the extra weight.

Anglers who use the floating worm prefer to use a split-shot two or three feet above the hook. Since the weight lays on the bottom, this method of rigging the lure allows the worm to float, life-like, a foot or so off the bottom.

Important thing to remember in this type of fishing is patience. Work the worm very, very slowly. When you feel a tug on the line, DON'T set the hook. Wait until the fish stops running with the bait.

He will take off for five or ten feet, maybe fifteen; then stop and turn the worm over in his mouth preparatory to swallowing it. That's when you set the hook—and set it hard.

If you set the hook too soon you stand a good chance of jerking it right out of his mouth. And nothing is more disappointing to any fisherman than losing a lunker.

In Texas it seems that the fishermen who use the artificial worm, or the jig and eel, are the anglers who pull the big bass off the bottom.

You really oughta try it!
Hook Size Important

A lure manufacturer says that his experiments have convinced him that the size of the hook used on an artificial lure has a great deal to do with the size and quantity of bass caught.

He contends that a No. 6 hook will catch more bass while a No. 4 hook will catch larger fish.

Another lure maker argues against changing the hooks. He maintains that the hook that comes with the lure, as installed by the factory, is the right hook for that lure. It is chosen because it gives that particular lure proper action and balance.

Keeping Nylon Knots Tied
One of the biggest disappointments a fisherman can experience is to lose a big bass because a knot came untied.

You can help prevent this, if you use nylon line, by burning the end of the line with a match or cigarette lighter.

The burning nylon line will form a small ball on its tip. When this ball cools it hardens firmly. Then if the knot is tied too loosely the ball on the end will prevent the line from slipping through the knot.

One of the new disposable Butane Lighters, now on the market for cigarette smokers, makes a handy addition to the tackle box for this purpose. It fits neatly in a tackle box tray. Big advantage is its very small flame which concentrates on a small area despite blowing winds. However, its "life" is not very long, although it is supposed to light 1,000 times.

Nylon Line Nippers
Nylon line can be cut faster with fingernail clippers than with a knife.

Keep a pair of nail clippers in your tackle box. They take up very little space and sure do come in handy.

Devil's River Philosopher Aghast At Suggestion He Run For Office And Throws Cold Water On Idea

Editor's Note: The Devil's River Philosopher on his bitterweeded ranch on Devil's River discusses politics this week, his letter indicates.

Dear editor:

I don't know what he has against me, but a neighbor stopped me the other day, well he didn't actually stop me, I was already stopped, sitting in the shade under a tree near the road, and he stopped his pickup and got out and came over and sat down and since it was in the middle of the morning he was a little ill at ease and acted sort of like he was violating the law, as his theory is you're not supposed to stop working till it gets too dark to see.

"Say," he said, "I've been reading your letters in The Devil and I think you ought to run for office."

"Run for office?" I gasped. I don't like the word run anyway. Walk is all right, if you take it slow and rest often.

"Yeah, run for office. They could use some of your ideas in Washington."

"Washington? I thought you were talking about a local office. You're worse off than I thought. Ought to rest oftener."

But since I discovered he was actually serious, I set him straight at once. I've got pro-

blems enough right here on this bitterweeded ranch without tackling more any place else, and if I'm going to run up against problems that are too big for me, I'd rather lose to them at home where I can be comfortable.

I don't mean to say somebody shouldn't be in Washington, whether he's equipped to handle the problems there or not. For example, you set up a rule that no Congressman can vote on farm legislation until he has successfully ranched, and you'd have very few votes and no legislation. In fact, you'd have trouble finding a Secretary of Agriculture. Somebody has to be there but it's not me.

Also, I wouldn't make a good candidate because I'd have trouble classifying myself. All candidates have to be tagged with a political philosophy. Some candidates, you know, say they're to the right, some say they're to the left, and some say they are in the middle of the road.

Me, I don't even know where the road is.

Yours faithfully,
J. A.

YOUR MINISTER SAYS

By Rev. Doyle W. Morton
Pastor, First Methodist Church

Jesus called his disciples in a number of ways. To those who were fishermen he said, "Follow me, and I will make you fishers of men." Immediately they left their nets and followed him. And going on from there he saw two other brothers, James the son of Zebedee and John his brother, in the boat with Zebedee their father, mending their nets, and he called them. Immediately they left the boat and their father, and followed him." Matthew 4:19-22.

To Matthew, the tax collector, he said, "Follow me." And he rose and followed him." Mark 2:14.

In simple, but meaningful language he called his disciples to follow him. In simple, but

forceful ways, Christ call us to follow him. He needs followers today, who dare to let him lead them in every day experiences. He calls us to noble living, even when those around us do not live that way. He does not ask us to follow our neighbor, but to follow Christ. He asks us to be true, even when we are lone.

We should live, as well as sing, the hymn, "I Would Be True" which was written in 1917 by Howard Arnold Walter.

I would be true, for there are those who trust me;

I would be pure, for there are those who care;

I would be strong, for there is much to suffer;

I would be brave, for there is much to dare.

I would be brave, for there is much to dare.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media

Don't you read before you buy?

Most people do. They count on advertising in print to give them the information they want on products that interest them—information on features . . . designs . . . and prices, for example. People not only read about products and services, they show ads to their family and friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping.

When you add it all up, print advertising—the kind you read in the pages of this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales. Most people read—and then buy. Don't you?

OFFICE SUPPLIES AT THE NEWS OFFICE

-GREEN NEWS-

By Betty Jones

The surprise element in GN is, Will It Get Turned In On Time? Just have to tell this—on the back of GN scribbled reporting I always have a note: "Mac, sorry this is late—and corrections, please!"

Honest, though, Mac and I work well together. Know she is reminded of school teaching days when she starts on my corrections so she really needs and enjoys GN. She was understanding about tardiness. Quote, "Betty's car drives slow", unquote.

Putting Green Sunday afternoon, a contest. Contestants, Bert and Lee Bloodworth, Mark

Jacoby and Mitch Trainer. Results, ran overtime and tie called Overheard Bert Bloodworth after a couple of wild swings, "My, but this golf ball is certainly active!"

Dr. Howell at putting green Monday. Saw some long accurate putts made.

We had golfers here 20 and 30 years ago. Here are a few listed and it is "HEREDITY VS ENVIRONMENT":

Then, Hub Hale. And Now grandsons Steven and David Whitworth.

Then, George Barrow. Now wife Mary and son George Allen. Then, Web Elliott, No, son John Webster.

Then, Nan Karnes. Now niece and nephews Raymond and Lu-

netta Morgan, Steve and Tim Thorp.

The Rev. Joe Eldridge. Now, grandson Rex Martin Lowe (a very interested golf watcher and golf club supporter.)

Then, Roy Aldwell (one of our town's first golfers who helped organize the first course.) Now, his son Rev. Lea Roy Aldwell.

Then, G. W. Archer, Now, son and grandson Francis and David Archer.

Then Sam Allison, Now, daughter and granddaughter, Sammy Jean and Gail Espy.

The, John McClelland (played golf in home town Big Lake but played this course when he was in Sonora. Really, he didn't come here just to get in a round of golf. Faye lived here.) Now, son and daughter Johnny and Jan.

Then, M. A. "Bronc" Wilson, Editor of the Devil. Now, Stanton Bundy.

Then, Bud Smith. Now, son Eddie.

Then, H.V. Stokes (and he remarks that, yes, he did play golf then but his game was and is an indication he shouldn't have). Now, daughter Nanette is taking golf at school in order to really enjoy the home town course.

Know there are a number of names not listed but we'll add them from time to time.

MEMBERS—a Request: Some of our teenage golf set called and wanted to know if the club would like to help them toward finding full time or part time summer jobs. They suggest-

ed: names of teenagers and the work they can do be listed on a bulletin board in the club house. Adults interested could leave name on the bulletin board and a daily checker follow through. Their idea is wonderful. They say our golfers could get in extra golf or entertain unexpected guests. A few of the jobs they say they can do are: baby-sitting, planning and preparing dinner, typing, clerking in a store, washing windows, waxing floors, writing overdue letters to your friends, and running errands down town. Tommy Dock Raye, Jan McClelland and Gil Alison will pass the word if it's okay with the club. Let them know. Almost forgot. They even said they would "dog-sit" for me.

Trading stamps for patio furniture and clubhouse bridge tables have been given by Marilyn Bloodworth, Phillis Bond, Wanda Cahill, Sammy Jean Espy, Bobbie Fawcett, Ora Granger, Mary Jeanne Hamilton, Marjorie Hardgrave, Louise Howell, Jackie Hopkins, Phoebe Kelley, Joyce Kemper, Lunetta Morgan, Betty Jones, Christine Morris, Jo Neville, Dorothy Rattliff, Norma Potter, Marie Ellis, Lena Belle Ross, Billie Smith, Betty Stewart, Florence Davis, Annie Lou Harris, Martha Wallace and Lila D. Cook.

Wonderful isn't it? Oh, yes! Some of these have been given by members and some by golf-interested citizens. Just hope we got this list up-to-date. If not, call me. Or better yet, call our chairman, Mary Jeanne Hamil-

on, and by then you might have a few more stamps to add.

SEPTEMBER 1962 WE HAD: 72 club members.

MAY 1963 WE HAVE: 137 club members.

This Month: In fact, this weekend, May 25 and 26, there is a membership men's golf tournament. It is to be 18 holes, four-man team, point system. Entry fee is \$2.00 per golfer and entries are to be in by 9:00 Saturday morning. Entries are to be turned in to Clayton Hamilton, J. W. Neville or Jerry Hopkins.

Members Note: The Auxiliary is having a free barbecue at 6:30 Saturday night.

Next Month: June 1, Ladies' Invitational Golf Tournament.

Edwards Plateau

Soil Conservation District News

By E. B. Keng

Soil Conservation Service

The occurrence of widespread rains over the Edwards Plateau Soil Conservation District may well make conditions favorable for spraying mesquite in early June.

Rains of May 5, and particularly the heavier rains of May 17, 18 and 20 will produce a new growth surge in mesquite, and conditions should be favorable for spraying about June 1.

Cecil H. Meadors, former Spur Experiment Station research employee, is scheduled to be in the Sonora area next week to check growth conditions. Where mesquite has put on heavy foliage and worm defoliation damage is

not serious aerial control with 2-4-5T will probably be indicated.

"Mesquite is rapidly becoming a serious pest over thousands of acres of local rangeland", said E. B. Keng, SCS technician. "Ranchmen are interested in controlling mesquite and aerial spray is the most satisfactory method available-within economic reach. In order to get a good top kill it is necessary to have optimum growing conditions when the chemical is applied."

Ranchmen will be advised about June 1 as to local recommendations for spraying.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Last week a strong and vigorous 50-year-old Central Texas dairyman suddenly crumpled unconscious to the floor of his dairy barn while going about his routine chores. The doctor's diagnosis was quick and sure: Stroke. That's one of the most ominous words in the language today. What does it really mean?

The medical term is "cerebral vascular accident," because it is caused by a cerebral vascular disease. The cerebral vascular system is the brain's network of blood vessels. Thus, cerebral vascular disease refers to diseases of blood vessels in the brain.

Brain cells require a good blood supply in order to work properly—more so than most other body cells. When something happens to that blood supply, the brain itself is impaired.

That something could be the result of a hemorrhage, thrombus, embolus, compression, or a spasm. Each one of those key words is a major cause of paralysis.

A hemorrhage (bleeding) is the result of a break in a brain artery which allows blood to escape and damage surrounding brain tissue. Apoplexy or stroke is this type of a hemorrhage.

A thrombus is caused by a

clot of blood forming in a brain artery, stopping the flow of blood to the part of the brain it supplies. When a clot is formed in a diseased heart or elsewhere in the body and pumped to the brain to plug up an artery, it is called an embolus.

A tumor, swollen brain tissue, or a large clot in another vessel may press upon a brain vessel to stop the flow of blood. This is called compression. A spasm is caused when a brain artery temporarily constricts or tightens up, reducing the flow of blood to a particular brain area.

With present medical knowledge it is not possible to prevent the majority of cerebral accidents, except—high blood pressure, for example—can often be helped by modern treatment.

Too, several conditions associated with blood clot formation responds to anti-clotting drugs, and blood vessel defects which some children are born can sometimes be corrected by surgery, thereby eliminating some types of paralysis.

Rehabilitating a stroke victim involves a special team of physician, nurses, physical and occupational therapists and a cooperative patient and family.

neighborhood, residents are warned to keep a close watch for symptoms. "Uvalde Leader-News".

FORT STOCKTON—Approximately 350 area firemen and their wives attended the spring convention of the Permian Basin District Firemen's Association in Fort Stockton, which was highlighted by a business session, pumper races, a barbecue and a dance. "Fort Stockton Pioneer".

ROBERT LEE—County Judge W. W. Thetford received a letter this week from Ed Carpenter, state representative, that the bill to permit forming a hospital district in the two western precincts of Coke County has passed the Senate and is on the Governor's desk for his signature.

If approved by the governor, this bill will still have to be approved by a majority vote in Precincts 1 and 3. "Robert Lee Observer".

BRADY—The dam at Brady Lake got its final inspection Tuesday morning and was officially accepted by the City of Brady, the Soil Conservation Service, and the Farmers Home Administration.

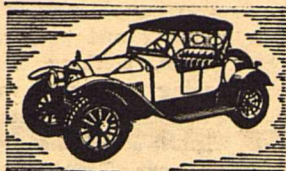

It was an historic occasion. It marked completion of the dam, and as far as anyone can see into the future, it marked the end of the flood threat to Brady. "Brady Herald".

A CALL—Fredericksburg, June 30

The annual Reunion of the Mountain Remnant Brigade will be held at Ballinger, Wednesday, Thursday and Friday, August 2, 3, and 4, 1911.

Rations of bread, beef and coffee will be furnished all old soldiers, their wives and unmarried children. So come and make this the banner reunion of the Brigade.

Done by order of the general commanding. B. W. Palmer, Brigadier Gen. Commanding.

F. C. Striegler, Adjutant General.

HOUSE MINORITY LEADER—In the waning days of the session, House Republicans ceremoniously announced their 8-member delegation leader, Rep. Horace B. Houston of Dallas.

Houston has some sort of seniority since he previously served a term when he ran as a Democrat.

Speaker Byron Tunnell quipped, "From now on, when you folks have complaints about your bills, you can take your troubles to the House minority leader."

Houston then cast his first vote as G.O.P. leader in favor of

WIND UP—Regular session of the 58th Legislature ends Friday. That's three days earlier than the constitutional requirement.

Hundreds of the 1,500 proposed new laws submitted by the 181 legislators. Other hundreds will become law when Gov. John Connally signs them. Rush of business at the session's end is pouring them into his office by the score.

All legislative proposals are important to someone. In a few cases, it is a single person.

One proposal would allow a newspaper editor to practice law. It was killed on the floor.

Another would permit practice of architecture, by a qualified person who failed to apply for a license before the deadline arrived. It died in committee.

But the major issues of the session appear to be fairly well settled.

COURTS—An exception is judicial redistricting.

Rep. Henry Stollenwerck, a Republican from Dallas, vainly tried to move some rural district courts to the cities. This to follow the people who have moved into the population centers.

Stollenwerck presented statistics showing that some courts are handling only 150 cases a year, while others in major cities have towering caseloads even after disposing of five times that many cases a year. Bill was killed in committee.

Rep. Bob Johnson of Dallas persuaded the House to pass a bill under which a judicial redistricting board, made up of the Lieutenant Governor, House Speaker and Attorney General, would reapportion district courts if the Legislature did not. Bill died in the Senate.

HOUSE MINORITY LEADER—In the waning days of the session, House Republicans ceremoniously announced their 8-member delegation leader, Rep. Horace B. Houston of Dallas.

Houston has some sort of seniority since he previously served a term when he ran as a Democrat.

Speaker Byron Tunnell quipped, "From now on, when you folks have complaints about your bills, you can take your troubles to the House minority leader."

Houston then cast his first vote as G.O.P. leader in favor of

extending the Veterans Land Program, while his followers cast votes against it.

BILLS SIGNED—In recent days Governor Connally has signed into law bills that make San Angelo and Pan American colleges state-supported, senior colleges; authorize commissioners courts to appropriate monies for historical markers and monuments; provide for annexation by municipalities; authorize a 70-mile speed limit; and allow weekly newspapers to miss two issues a year and still retain their legality.

Also, change the name of A. and M. College to Texas A. and M. University; authorize counties to issue bonds to establish homes for the needy; and provide for emergency succession to state offices in the event of an attack or a disaster.

ROAD RACE—Texas and Oklahoma are running a friendly race to close the gap between Wichita Falls and Oklahoma City. Texas highway builders are aiming for an early-June, 1964, completion date on the Red River Valley Expressway between Wichita Falls and the Red River. Oklahoma has set the same target for completion of a Southwestern Turnpike project between Oklahoma City and the terminal point of the Texas expressway.

TEXAS LEADS—This state has led all others in road-building progress since 1956.

Highway engineers from other states and 19 Latin American countries who want to know how it has been done heard State Highway Department Engineer D. C. Greer speak on the subject in Washington, D. C.

A pay-as-you-go plan has been one secret of success, Greer says, in building a highway network of 65,000 miles. Some other states run into road delays because of bond elections and sales.

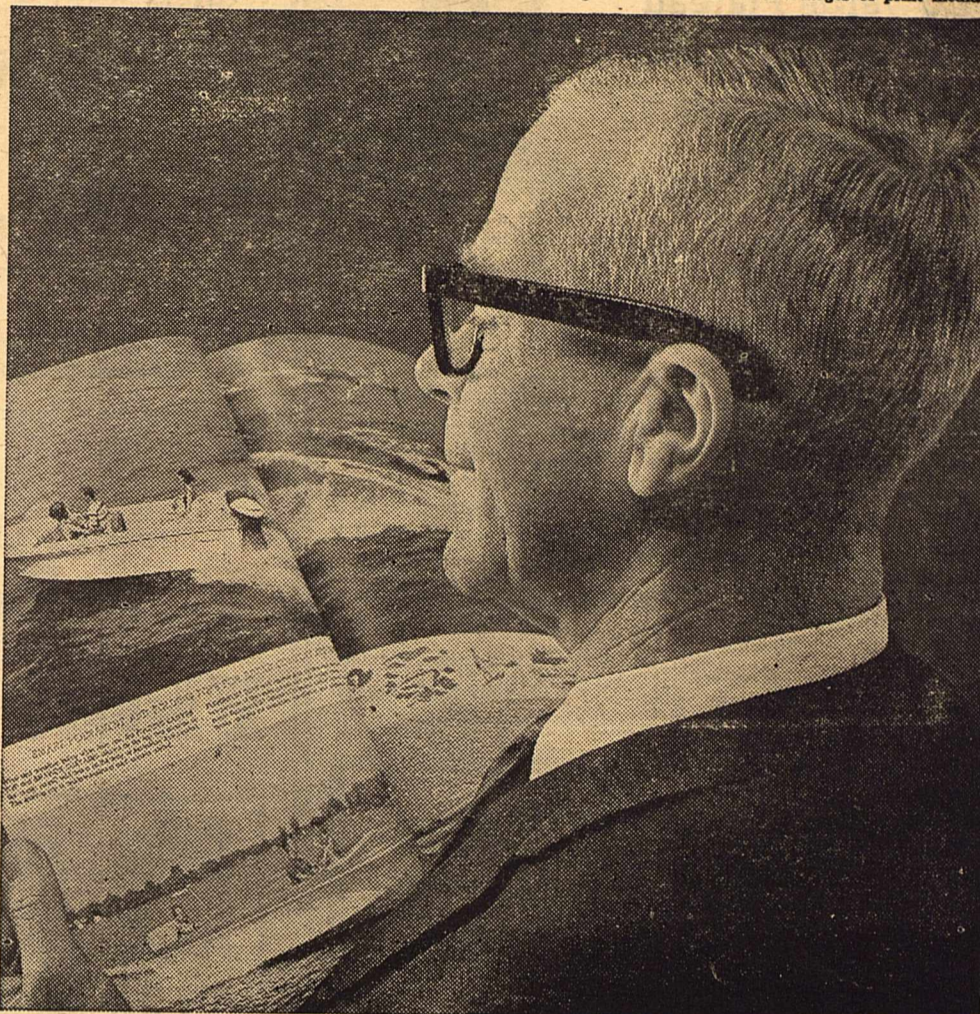

Greer said his department's motto is "Total road service to all the people."

"The highway administrator must not be guilty of favoritism for one region over another," he stated.

BACK IN THE GAME—Former sport writer Wilbur Evans, one-time information director of the Southwest Conference, is going back into athletics after six months of quarterbacking for Governor Connally.

Evans served as press liaison man for the governor's office. He will return to his field on June 1 as press agent for the Dallas Cowboys.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples. When people see an advertisement in print, they can compare designs... features... and prices of nationally known products and services. (And people do compare before they buy.) Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted. When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

Something new in FRIGIDAIRE refrigerators?

YOU BET!

Think back over recent developments in flameless electric refrigerators. Freezing compartments have grown steadily larger reducing the refrigerated area. At the same time home freezers have gone into countless homes. Result? Lack of adequate refrigerated food storage space. Well... here's the answer... Frigidaire's new "Mini-Freeze" refrigerator! It's designed strictly for the housewife with a home freezer, for it has 96% refrigerator space and only 4% freezer space for ice cubes and the like. This new innovation can be yours for a small down payment and sensible monthly terms — even less with trade-in. Call West Texas Utilities today — or better still, go by and see the sensational new Frigidaire "Mini-Freeze" refrigerator.

Giants Take 2 Wins Cubs, Yanks 1 Each In Little League

By Larry Bob Moore

In last week's action the Cubs defeated the Yanks by a 5-3 margin, and the Giants knocked off the Tigers 7-6. The hitting star for the Yanks was Erasmo Lumberas who had two hits in three trips to the plate including the first homer of the Little League season. Dick Hamilton paced the Cubs, who had only two hits, with one hit, a double, in three tries.

In the second game the Giants held off a desperate Tiger rally in the last inning to win by a 7-6 count. The Giants were paced by Mitch Trainer's three for three while Papo Sanchez led the Tigers with two hits four at-bats.

In Monday night's games the Giants made a dramatic comeback in the last inning to defeat

Yankees, sponsored by the First National Bank; Managers, Jimmy Hugh Harris and Gene West:

Richard Perez, Thurston McCutchen, Erasmo Lumberas, Sonny Martinez, Al Elliott, Mike Watson, Ramiro Martinez, David Wuest, Ramiro Chavez, Bill Thompson, Ruben Chavez, Jim Elliott, Ruben Mancias, Carlos Gomez, Ramiro Perez, Cleveland Nance, Fernando Mancias, Henry Perez, Robert Duran, Joe Nance, Alberto Ramirez, Clark Blake.

Mrs. El Mayfield has been in San Antonio several days this week.

Mr. and Mrs. Billy Bob Ellington of Minot, North Dakota, and Mrs. J. S. Whittemore of Newton, Kansas and Mary Whittemore of Wichita, Kansas arrived Wednesday for a visit with relatives.

The Cubs 7-5. In the first game the Yanks beat the Tigers 5-2.

The Giants' win came by virtue of Mitch Trainer's grand-slam homer with two outs in the last of the sixth. Trainer with two hits and four rbi's was the outstanding player. Dale Selzer led the Cub assault with three hits in three trips to the plate.

The first game was highlighted by the fine pitching job of Erasmo Lumberas. Lumberas, along with Al Elliott, led the hitting attack with two hits apiece. Barry Black carried the big bat for the Tigers with a long double to left field in the second inning.

Thursday's games put the Cubs against the Yanks, while the Tigers will be trying to stop the rampaging Giants. Then next Monday the Tigers square off against the Cubs while the Giants take on the Yanks.

Swimming Pool To Open Next Tuesday With Bob Painter Managing, Teaching

The Sonora Municipal Swimming Pool will open at 1:30 Tuesday afternoon, May 28, according to Bob Painter, pool manager. The pool will be open from 1:30 until 6:30 seven days a week this summer, Painter said.

Each Monday night will be Ladies' Night with the pool open from seven until nine o'clock for ladies and girls only.

Lifeguard this season will be Johnny Merck who holds a Red Cross Senior Lifesaving Certificate and is ably qualified for the job.

Classes in swimming for beginners and intermediates will begin June 10 and will be held each morning with Painter and Doyle V. Morgan as instructors. The pool has been put in good condition for the opening, having been repainted and the

grounds cleared of week and un-sightly undergrowth. Painter has made extensive plans for intensifying sanitary measures in an effort to make the pool hygienically safe.

Private parties will be welcome on a reservation basis and any further details may be obtained by contacting Painter at 28171.
