FORTIETH WEEK

Odds And Ends

Sonora's newest business, Sonora Bakery, is proving something we've long thought to be true—folks do love good old home-made bread, and still-warm doughnuts and most specially the smell of those good things cooking. Virgil Farris, owner and baker, is staying very busy trying to meet the demands on his breads, rolls, cakes, pies, cookies and all the other baked goods he offers.

Our personal favorites are the daily-baked French loaf and the rye which comes fresh out of the oven twice a week.

-oae-

And our next-door neighbors, the W. C. Walters, have joined the ranks of Sonora boosters. Mrs. Walters attended an antique show in Cleveland, Texas last week and lost no time in telling everyone about their new hometown. In a radio interview over KVLB she sales-pitched for Sonora, her antique shop and the antique-est sight around, the Caverns.

A recent letter from George Wright, former SHS footballer and present coach in Lubbock, includes a copy of an article of Wright's which has appeared in the Lubbock Avalanche Journal, Pampa Daily News and Dallas Morning News. The article takes some (we think) well-deserved swipes at the Interscholastic League's athletic governing body. Purpose, George says, is "to stimulate thinking about a subject which has been controversial for over a decade now." We plan to re-print this article as soon as space permits.

-oae-

We weren't there but we heard about: A recent "beatnik" dance at which one of the more authentically dressed beatniks (guitar and all) took a rather nasty fall and in being assisted to his feet warned, "Careful! I broke a guitar string."

Guests present were Rev. Allen Roe, Walter B. Satterfield, and Billy Shurley and son Michael of Marfa.

Lions Club programs scheduled for the month of July include a talk by State Representative James E. Nugent on July 2; Walter B. Satterfield, Presbyterian seminary student, on July 9; and interviews with foreign students on July 16.

AT METHODIST CAMP

Five youngsters from the First Methodist Church are attending camp at Mount Wesley Methodist Encampment at Kerrville this week. They are Evelyn Jane Lowe, Kathy Morgan, Jane Sawyer, Charlotte Redman and Jim Elliott.

ATTEND CHURCH SUNDAY

Community Wide Church School At Methodist Church Next Week

The annual Vacation Church School will be held at the First Methodist Church Monday, June 24 through Friday, June 28, from 8:30 until eleven o'clock each morning, according to the Rev. Allen G. Roe, pastor.

Mrs. A. E. Lowe is superintendent of the School with Mrs. George Wallace as assistant superintendent.

One Screwworm Case Reported Here Last Week

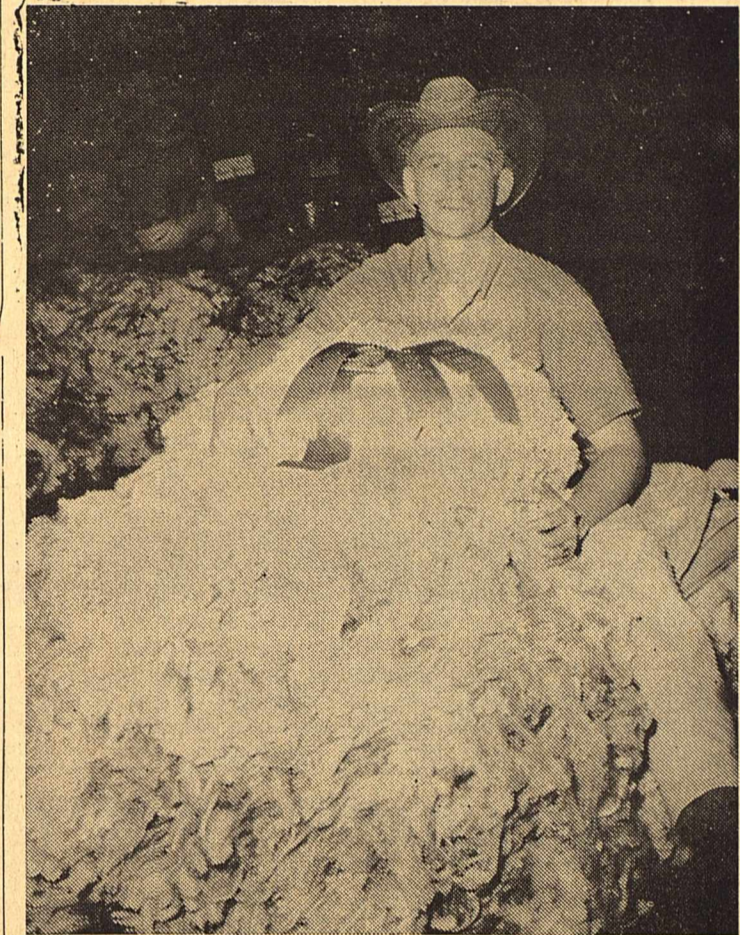

Another case of screwworms was identified in Sutton County during the past week according to D. C. Bruce of the Southwest Animal Health Foundation. Bruce reported Tuesday that a suspected case on the W. B. McMillan ranch had been confirmed by the Foundation's Kerrville laboratory.

Three cases were confirmed last week on the R. A. Halbert, Hensel Mathews and T Half-Circle ranches.

Ranchers are again reminded that larvae specimens should be left with Bruce or Pat Clifton at the Twin Oaks Motel. Specimen vials left there are taken to Kerrville the same day for examination and results of findings reported the following day.

Screwworm reports in adjoining counties for the past week include Edwards County, one; Schleicher County, one; Kimble and Crockett Counties, none.

26th Annual Wool And Mohair Show Closes With Lions Awards Luncheon

A double winner was John Paul Friess, son of Mr. and Mrs. Harold Friess. Shown here with the Junior Grand Champion Bag of Wool of the 26th annual show, John Paul was also named the second recipient of the Joe Berger Memorial Award as premier exhibitor of the show.

John Paul Friess, 17-year-old son of Mr. and Mrs. Harold Friess, was second winner of the Joe Berger Memorial Trophy presented by Mrs. Joe Berger and Mr. and Mrs. W. F. Berger to the premier exhibitor of the Sonora Wool and Mohair Show in memory of the late Joe Berger, Sutton County rancher and civic leader. Dick McMillan was the 1962 recipient.

A senior at Sonora High School, John Paul was named recipient of the award as the result of winning ten places in the show. He exhibited the Junior Grand Champion Bag of Wool, the first place bag of 12 months aged ewe wool, first and fifth place best put-up bags of wool, and the second place bag of 12 months yearling ewe wool. In the range fine wool fleece division, John Paul showed the third place aged ram fleece, third and seventh place yearling ewe fleeces and the fifth and sixth place aged ewe fleeces.

Colts Drop Second To Del Rio Team

The Sonora Colts took their second spill of the season with a 9-6 defeat at the hands of the Del Rio Exes here Sunday afternoon, June 16.

Gene West and Jumbo Benson were pitchers for the day. Ram Castillo was back at the catcher's spot after a recent illness. Alvin Hernandez was at first, Nelson Gualardo at second and Benson and West at third. Marciano Hernandez, Jr. started at short stop and was replaced by Primo Gonzales after sustaining a broken ankle. Dimitrio Castro was in left field, Jaime Flores in center field and Juan Robledo in right field.

The Colts next game is slated at two o'clock in Ballinger.

Area Heart Funds Lagging Behind Minimum Needed

Mrs. Marie K. Ellis, secretary and treasurer of the local Heart Committee, has been notified that the San Angelo Heart Association of which the local unit is a subsidiary, is some \$4,000 short of their 1963 pledge of \$25,000. The goal represents the minimum amount necessary for the San Angelo association to retain chapter status.

The 15 counties comprising the San Angelo chapter are served by the heart clinic in San Angelo, maintained by Heart Fund contributions.

Mrs. Ellis and other heart fund workers request that any donations toward meeting the chapter goal be made to her at the ASCS office.

Swimming Classes Set For Ladies Beginning Monday

Bob Painter, manager of the municipal Swimming pool, announced Wednesday morning that he will offer a special series of swimming lessons for ladies of the community. Instruction will be held in conjunction with the regular Monday Ladies' Night with Jan Keng as instructor.

The first course in beginners' and intermediates' swimming will be completed Saturday, Painter said. Some 33 beginners and 11 intermediate swimmers have been receiving instruction from Painter and Doyle V. Morgan.

Further information on the swimming lessons for women may be obtained from Jan Keng at the sheriff's office or from Painter.

Three of the Grand Champions in last week's 26th annual Sonora Wool and Mohair Show remain in Sutton County with the remaining three going to exhibitors from Schleicher and Bandera Counties.

William F. Edmiston of Schleicher County exhibited the Grand Champion Wool Fleece to receive the rosette and trophy cup presented by Sonora Feed and Supply. Gayle Akin of Bandera was awarded the rosette and trophy cup presented by Wm. Cameron and Co. for the Grand Champion Mohair Fleece. John Friess of Sonora exhibited the Grand Champion Bag of Wool to win a rosette and trophy cup from Stockmen's Feed Co. All these were in the show's Junior Division.

Melinda Earwood, six-year-old daughter of Mr. and Mrs. Armer Earwood, received the rotating trophy awarded by the First National Bank to the adult exhibiting the Grand Champion Wool Fleece. The Sonora Wool and Mohair Co. rotating trophy for the Grand Champion Fleece went to Hicks and Pember of Bandera, and Armer Earwood received the Sonora Wool and Mohair Co. rosette and trophy for his Grand Champion Bag of Wool.

Champion entries were exhibited by: Elsie Earwood, range wool fleece; William F. Edmiston, Schleicher County, junior registered wool fleece; Frank Craddock, Bandera, junior range mohair fleece; Gayle Akin, Bandera, junior registered mohair fleece; Melinda Earwood, adult range wool fleece; Chris Haines, Edwards County, adult registered wool fleece; Ann Craddock, Bandera, adult range mohair fleece; Hicks and Pember, Bandera, adult registered mohair fleece.

GENERAL TELEPHONE TOWNS ON THE MOVE

How Community Spirit Built Perryton

Population figures more than double . . . 30 new industries added . . . all since 1950! That is the miraculous record of Perryton in the Texas Panhandle wheat growing area.

When oil was discovered in the early 50's, an aggressive, long-range program was launched by the Chamber of Commerce. An 84-acre industrial tract was secured and plotted; its streets were paved and a railroad spur was built.

So successful was this community development that today a second industrial tract has been acquired and plot-

ted. Perryton, former population 4417, is now known as The Oil Center of the Anardarko Basin, with 9400 citizens. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

STRONG MEDICINE FOR DRY WEATHER

Now is the time to practically eliminate worms from your flocks with

THIBENZOLE®
(thiabendazole)

Now, while the dry spell sends the Indian into his rain dance, the parasite loads in your sheep and goats are not too heavy. A dose of THIBENZOLE now will practically eliminate the bankrupt worm and the barber pole worm as well as six other economically important roundworms.

This highly effective wormer not only gets rid of more than 90% of these parasites, it reduces the chances of reinfestation by knocking out many immature forms as well. That is why it is important to worm your animals even during dry weather. THIBENZOLE will help break the life cycle of the worms because it is the only wormer that is effective against many of the immature worms.

By treating your animals at this time, you will eliminate the strain of even a moderate parasite load. This will give kids and lambs a better chance to make maximum growth and weight gains.

You'll find THIBENZOLE extremely easy to administer as a drench with any standard dose syringe. Better drench your flock now!

NOTE: Not for use in goats producing milk since this will result in contamination of the milk. Meat from animals slaughtered within 30 days after the latest treatment must not be used for food.

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford
Texas Press Association
 On July 1 every article of outer clothing that costs less than \$10 will go up two per cent. That is the date the extended state sales tax law goes into effect. All outer clothing now exempt will become taxable. Smart shoppers will take advantage of the last days of June to stock up on clothing for the family. Buying of school togs may take place earlier than ever before. Legislature made many

changes in the sales tax law. Most changes affect reporting procedures of merchants. An important one, however, raises the state sales tax on automobiles from 1½ to 2 per cent. As of July 1, if you buy a new car costing \$3,000, for example, you will pay a state tax of \$60. If you trade in an old car the salesman will deduct the trade-in amount from the total, then figure your tax on the difference. In other words, if your trade-in came to \$1,000 toward a \$3,000 car, you would pay two

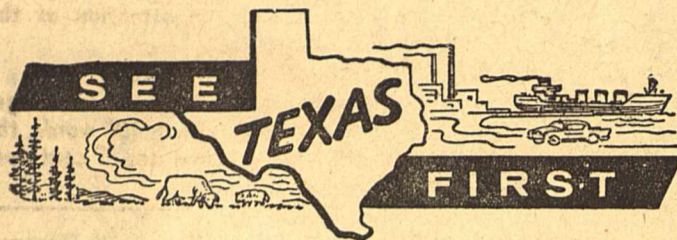

per cent—or \$40—on the difference. **"LAYAWAY PLAN"**—At the 10-minute Gov. John Connally signed the \$3,000,000,000 state budget bill. He criticized the bill for emphasizing "bricks rather than brains." But he knocked out \$2,400,000 worth of "bricks"—i.e. construction items—before he affixed his signature. Connally said he would guard the \$12,400,000 as a "layaway plan" for higher education. Hopes that his decision on the 1964-65 appropriations bill would decide the special session question fell through. He said he does not want to call a special session, but will not hesitate to do so if he becomes convinced that excellence in higher education is threatened by a shortage of research and libraries. **VETOES**—When the govern-

nor's deadline for signing bills arrived, he inked into law most of the 554 measures passed by the Legislature. But he vetoed a few, including: Senate Bill 270, revising the antiquated 1856 Code of Criminal Procedure. Connally nixed the controversial code revision, after learning that the copy sent him for signature was not the one passed by the Legislature. House Bill 769, exempting from jury service "all owners or operators of milk-producing farms where this operation is the exclusive means of earning a living." Connally said, "I believe that dairy farmers occupy an important role in our society and can serve a valuable function as jurors." House Bill 1053, providing for election of directors of the Upper Guadalupe River Authority,

rather than appointment by the governor. Connally said he vetoed this since there was a technical conflict in its legal language which might jeopardize the district. House Bill 975, repealing the requirement that the Angleton Drainage District get approval from the Texas Water Commission before spending bond money for improvements. He said Water Commission approval would assure uniformity of improvements in all water districts. **MURRAY FILE**—Income tax reports made by William J. Murray from 1946 to 1962 have been studied by Atty. Gen. Waggoner Carr. Murray resigned in April as a member of the Railroad Commission, following a conflict-of-interest charge. After noting that Murray's taxable income from oil, gas and allied operations during those 17

years exceeded \$1,700,000, Carr stated, "This report does raise a serious question of conflict-of-interest between the official duties of Mr. Murray and his private interests." Carr recommended a Legislative Council study for an improved Code of Ethics for State officials. Such a code, co-authored by Reps. Jim Nugent of Kerrville, Bob Eckhardt of Houston and Travis Peeler of Corpus Christi, passed the House during the legislative session but was killed in the Senate. Study of Murray's finances made for a Travis County Grand Jury, which will attempt to determine whether Murray violated any laws. **SCREW WORM PROGRESS PROVEN**—Up to now, estimates of state and federal animal health authorities that the 1½

year old screwworm eradication program has resulted in anywhere from a 75 to 95 per cent decline in the disease have been pure guess work. But the joint report of the Texas Animal Health Commission and the U. S. Department of Agriculture for the five-week period ending June 1 confirmed a 93 per cent decline as compared to the same weeks in 1962. The clear comparison picture was the result of reporting cooperation on the part of livestock producers. Animal health report showed that during the period April 28 to June 1, 1963, research workers confirmed 480 samples as screwworm infestations, and 1,281 as non-screwworm. In the same period in 1962 there were 7,013 screwworm cases confirmed, and 597 termed non-screwworm.

Unlimited Facilities For Fun
 Tourist information on Burnet, one of Central Texas' finest vacation cities, lists many fine features. Fact of the matter is, there are so many fine features in this wonderland of lakes and hills that it's hard to relate all of them.

Perhaps Burnet's best and most accurate claim is that it has "unlimited facilities for fun". To list a few features: Burnet is located among five lakes with a total of 76,000 surface areas of water; nearby Buchanan Dam is the largest multiple arch dam in the world; Inks State Park, located on the shores of Inks Lake, covers 2,000 acres; nearby Longhorn Caverns is the third largest in the world and is dramatically lighted throughout its two-mile expanse.

There are other recreational facilities such as parks and a golf course, but there also are historical sights to see. In addition to a fine museum, nearby Packsaddle Mountain was the site of the last Indian battle in Texas.

Kit Carson's Last Fight
 "Kit" Carson famous frontier fighter, had his last encounter with hostile Indians at the Battle of Adobe Walls.

Site of this battle is marked just 30 miles northeast of Stinnett, Texas, in the northern Panhandle area. Under the protective cover of the adobe walls in Hutchinson County, Colonel Christopher "Kit" Carson, commanding a few companies of U. S. Troops, bravely battled a band of Kiowa and Comanche Indians, killing over 60 braves.

Though only a highway marker remains at the site, such battles and bravery have left a greater mark in the minds of all Americans.

Texas Has The Original
 An American treasure is preserved by means of a picture held in the Library of Congress.

You too can have such a picture. In fact you can take it yourself, because Texas has the original subject. It is the San Ygnacio Ranch, on the Rio Grande between Laredo and Zapata, Texas.

This little river settlement was founded in 1790 and the Spanish language is still the most prevalent.

On the ranch is a long series of buildings. All are one story structures but one. It is two stories tall with an overhanging balcony.

Ceiling beams in this stone building have the builder's name and the date of construction inscribed thereon.

You also will find nearby the old Fort San Ygnacio that was built in 1835.

Too Shifty To Trust
 Many a sailor and ship place their trust in a lighthouse. But when the Aransas Pass Lighthouse was built in 1865, you can bet no one counted on the Pass moving.

However, shifting sands now have moved the Pass a mile south of the old lighthouse.

Though this old beacon has been closed since 1962, others still are in use on our Texas Gulf Coast. Some of our Texas lighthouses have been designated as museums or parks and now are used only by sightseers.

Beauty Not Skin Deep
 It took three Dallas spelunkers to prove that Texas' beauty wasn't just skin deep.

These cave explorers dared to cross a dangerous chasm in a well-known spelunker hole and thus opened up a beautiful new world beneath West Texas soil.

They were the real discoverers of the Caverns of Sonora.

These caverns are located 14 miles west of Sonora, Texas, in Sutton County. Already world-renowned, they were opened officially for sightseers only in the summer of 1960.

Tourist traffic steadily has increased as more and more leave to tell of the three miles of fantasy explored to date.

Experts have praised the Caverns of Sonora as possessing more variety of formations and color than any other known cave. Though thousands of years old, this cavern is a "live" cave and still is growing.

Buried At The Battleground
 No silent grave for him—a battleground is where he is laid to rest.

They called him Reveille. He saw many a battle where his remains now lay. And great battles still are waged on this battleground.

The site is Kyle Field at College Station, Texas. It is the stadium for A and M College, in Central Texas' Brazos County.

A "T" emblem in granite forms the marker for Reveille, who is buried beneath in a child's casket.

Reveille was the canine mascot of the Aggies. He died in 1944.

LAST WEEKS LL

By Mike Wuest
The Thursday and Friday night games which were the rained out games of May 17 and May 23, decided the Yankees to be the first half champs. Prior to these games, the Yanks and Giants were tied for first. On Thursday the Yanks defeated the Giants by a 3-0 margin. David Wuest was the winning pitcher, getting seven strikeouts and allowing only one hit. Mitch Trainer was the loser, although he allowed three hits and three runs.

In the second game the Cubs defeated the Tigers in a grueling battle. The final score was 3-2. All the pitchers displayed excellent control and had good "stuff". In the sixth inning the Tigers started a rally, but it ended when a Tiger was called out when he stepped out of the batter's box when he hit a ball. Dale Selzer went two for three for the Cubs and Papo Sanchez had two hits for the Tigers.

So after Thursday's games the Yanks led by a game over the Cubs and the Giants and by two games over the Tigers. In Friday's opener the Tigers

TSGRA Directors To Meet June 21-22

Mohair and mohair promotion will get considerable attention of directors of the Texas Sheep and Goat Raisers' Association at their summer quarterly meeting in Odessa Friday and Saturday, June 21 and 22. Headquarters will be at the Lincoln Hotel.

Much of the discussion on mohair will be the promotion program being handled by a New York City fashion agency. James L. Powell of Fort Mc-Kavett, association president, and Tom Wallace, executive secretary, are scheduled to make reports on legislative activities. The two spent several days in Washington last month and also considerable time in Austin while the Legislature was in session.

"This should be an important meeting from a business standpoint," Powell says, "as it pertains to our livestock industry. Reports will be given on screw-worm eradication, predatory animal problems, including the golden eagle problem, marketing problems and tax matters."

This is the first time directors have met in Odessa and arrangements have been made for a most interesting entertainment program.

Registration gets underway Friday at ten o'clock. Committee meetings are scheduled for 2:30, a reception is to be held at the hotel beginning at six o'clock and barbecue by the hotel pool at seven. Dancing is scheduled in the ballroom from nine until one that evening.

The Women's Auxiliary business session and style show, featuring Miss Wool and Miss Mohair, is to be held from 9:30 to noon Saturday at the Odessa County Club.

THE WOMEN'S PAGE

Engagement Announced

Mr. and Mrs. G. H. Abbott of Strawn have announced the forthcoming marriage of their daughter Terry June to Willis Dean Minnick, son of Mr. and Mrs. Gomer Minnick of Strawn, formerly of Sonora.

The wedding will take place Saturday, July 6 in the First Methodist Church of Strawn.

Miss Abbott will be a senior at Strawn High School in the fall. Her fiance, a graduate of Sonora High School, is now employed by Minnick Funeral Home in Strawn.

Miss Linthicum, Charles Palmer Wed May 29

Mr. and Mrs. Charles Palmer are at home in Morton following a wedding trip after their marriage in San Angelo Wednesday, May 29.

Parents of the couple are Mr. and Mrs. C. W. Palmer of Morton, Mrs. Edwin Davis of Brownwood and Horace Linthicum of Eldorado.

Mrs. Palmer, the former Miss Priscilla Claire Linthicum, is a 1962 graduate of Sonora High School and has been attending an airline hostess school in Fort Worth. Her husband is a 1962 graduate of Morton High School and attended Fort Worth College. He is at present engaged in farming with his father.

The single ring ceremony was held in the chapel of the First Methodist Church of San Angelo with the Rev. Doctor John Donoho officiating.

Miss Suzy Linthicum attended her sister and Kenny Palmer was his brother's best man.

The bride, given in marriage by her father, wore a white silk-trimmed suit with white accessories. Her short veil was attached to a circular head piece. She carried an arm bouquet of tiny white rosebuds interspersed with pearls and iridescents.

Janis Sykes is spending the summer in Elko, Nevada, a guest of Miss Phyllis Buttram.

JUST US CLUB MEETS AT WALLACE HOME

Pink carnations were featured in decorating Monday afternoon when Mrs. Libb Wallace was hostess to members and guests of the Just Us Club.

High score prizes were awarded Mrs. Mae B. Sawyer for club members and Mrs. T. W. Sandherr for guests. Bingo prizes went to Mrs. Louie Trainer for guests and Mrs. J. F. Howell for members. Consolation went to Mrs. R. G. Nance.

Refreshments of strawberry delight, coffee and tea were served those named and Mmes. R. A. Halbert, Ed C. Mayfield, G. A. Wynn, G. H. Davis, Lin Hicks, B. H. Cusenbary and Glen Richardson.

THE TEEN SCENE

By Mary Davis

The monotony of the summer has been broken by a party. Nancy Prugel had a party at her house Thursday night. Nancy literally invited everyone in town.

The 4-H Club had a dance and just party party at the 4-H Center Wednesday night. Tables were set up and there were all kinds of games to play. Kids of all ages really enjoyed themselves.

Elbie Earwood went to Camp Capers for a while. Saw John Davis in town the other day. He surely has changed since his childhood.

Becki Babb was in town over the weekend. She never seemed to run out of conversation. The usual exclamation upon seeing her is, "Why, Rebecca Babb! What are you doing here?"

Charity Arms is visiting her cousin, Jan McClelland. She's from Big Lake.

Donna Dunn and Janice were in town last weekend. They have different views on Dallas. Donna likes the big city and Janice misses small town life.

Any marvelous plans for the summer? Quite a few kids are working. Others are visiting friends and relatives. Then there are those who have nothing to do. These are the ones who most need some idea on what to do. As we say. . . "Any marvelous plans for the summer, anyone?"

Carla Whitworth has gone to a speech workshop at Baylor for a few weeks.

Dick Hardgrave has been at church camp.

Quite a few kids are working, part time or full time. Tommy Dock Raye is working as are Elaine Mears, Jerry Potmesil, Mary Ceil Hawkins, Bill McClelland, Preston Neely, Douglas Wood, Frank Neely, Calvin Berry, Johnny Merck and Dick McMillan.

TWICE AS MUCH COOLING

With the patented features of Paramount Coolers

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

— Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.

— Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.

— Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.

— Added feature— Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.
