FORTY-FOURTH WEEK

## Odds And Ends

This will be by way of introducing you to your new editors, John and Della King, young, enthusiastic and with journalistic know-how.

When we finally reached a decision to sell "The Devil", it was with the firm idea in mind of making sure that Sonora and "The Devil" had a new editor who would know West Texas, who would like this Edwards Plateau country, and who would have our same faith in the future of Sutton County and Sonora.

Now we proudly present the Kings. Both are West Texans by birth and are returning here by choice. John grew up in Anson, started his newspaper career quite by accident. His brother and he went to work one summer in high school, John for a drug store and his brother for the "Western Observer". After a week they switched jobs and John has been at the printing game ever since. His work and training at the University added more technical knowledge to his background and a year's tutelage under Bill Berger of the Hondo "Anvil-Herald" added experience in "front office" work.

And Della is practically by way of being a Sonoran by birth. She is a granddaughter of Mrs. N. W. Graham of Ozona and a niece of both Mrs. Hugh Childress and Mrs. Evert White, wife of the "Stockman" publisher, also Ozonans. She promises no divided loyalties, though, when it comes football and basketball time!

We like this young couple and know Sonora will like them.

Meanwhile, we'll be at the ranch, still a part of this town which we are convinced is the best one anywhere. If you don't believe it, just ask us!

## Sonoran's Brother Buried Tuesday

Funeral services for Jess Cunningham, 71, of Henrietta were held Tuesday afternoon, July 16, in the First Methodist Church of Henrietta. Cunningham, long-time jewelry store owner in Henrietta, died suddenly Sunday afternoon, July 14.

He is survived by his wife; one daughter, Mrs. Johnny Hoffman of Roswell, New Mexico; one brother, John Cunningham of Henrietta; and one sister, Mrs. W. D. Kerbow of Sonora.

Mrs. Kerbow and Mrs. Jack Kerbow attended the services.

## Worst Stomach Worm Infestation In Years Forecast For This Area

The next three weeks promise to be the most critical in years for local ranchmen in terms of stomach worm danger to livestock. Dr. Gary D. Boring of College Station, research chief for Merck and Co's Thibenzole project, said this week that all conditions, both of livestock and rangeland, point to the likelihood of a record stomach worm infestation.

Samples taken from a flock of lambs on the John Fields ranch showed what Dr. Boring termed "the largest count of stomach

## Five International Students Guests Of Presbyterians Here This Weekend

Five international students from the University of Texas will be guests of the congregation of the Church of the Good Shepherd, Presbyterian, U.S., from Friday, July 19, through Sunday, July 21.

A weekend of visiting in homes of members of the congregation, entertainment and becoming acquainted with West Texas life has been planned for the group which will be accompanied by Jack Prince, Presbyterian missionary to Korea.

Making up the group will be Shogo Iguchi of Kokurashi, Japan; Miss Aleya Rouchdy of Cairo, Egypt; Jambu Nathan of Trichinopoly, India; Ismail Saadi of Damascus, Syria, and Georges Vernez of Lausanne, Switzerland.

The weekend will begin for the students, most of whom are in graduate school, with a barbecue at the Stanton Bundy ranch Friday evening. Saturday morning will be spent in visiting points of interest in Sonora followed by lunch at the Cleve Jones ranch and an afternoon of observing ranch life and operations. They will attend the Junior Rodeo Saturday evening and the dance at the 4-H Center.

## Services For Mrs. W. H. Barker Held Wednesday

Funeral services were held Wednesday morning, July 17, for Mrs. W. H. Barker. Mr. Clifford Fehl, minister of the Sonora Church of Christ, officiated at the services which were held at the First Methodist Church.

Mrs. Barker, 55, died Tuesday morning, July 16, at Hudspeth Memorial Hospital here where she had been a patient for eight days. She was born Gertrude Edna Thiers March 10, 1908 in Sonora, the daughter of the late Herman Thiers and Mrs. Thiers. She was married to W. H. Barker February 27, 1927 in Junction and they had made their home here and around Sutton County since that time.

She was a member of the Church of Christ. Her survivors include her husband; one son, Hayden Barker of San Angelo; her mother, Mrs. Herman Thiers of Roosevelt; one brother, T. C. Thiers of Roosevelt, and one sister, Mrs. Alvin Hollmig of Roosevelt. Pallbearers were Roy Williams of Luling, Mack Cauthorn, W. L. Miers, H. T. Espy, Andrew Moore, B. E. Cartwright, B. M. Halbert, Jr., and Duke Wilson.

Interment was in Sonora Cemetery with all arrangements by Ratliff-Kerbow Funeral Home.

## ATTEND BAND CLINIC

Two Sonora High School students are attending band and twirling school at McMurry College in Abilene for two weeks.

The two, both of whom will be sophomores at Sonora High School next fall, are Mickey Hardegree, daughter of Mr. and Mrs. Max G. Hardegree, and Janie Letsinger, daughter of Mr. and Mrs. J. A. Letsinger.

lowed by lunch at the Cleve Jones ranch and an afternoon of observing ranch life and operations. They will attend the Junior Rodeo Saturday evening and the dance at the 4-H Center.

Sunday morning the students will attend services at the host church at which Rev. Prince will officiate, assisted by Walter B. Satterfield, summer supply. A trip to the Caverns of Sonora will conclude the Sonora weekend.

## Alvis Johnson Member Of Bar For Fifty Years

Alvis Johnson, Sutton County ranchman, attorney and former Sutton County Judge, was recognized for his 50 years as a member of the State Bar of Texas at the association's annual meeting in Dallas last weekend. Johnson received a certificate commending him for his half century of service.

A member of the 1913 law class of Cumberland University, Johnson also attended a class reunion breakfast at the Adolphus Hotel Saturday, July 13.

While in Dallas, Johnson visited with his son and daughter-in-law, Dr. and Mrs. Alvis Johnson, Jr.

Mrs. C. E. Stites has as her guests this week Mrs. Herman Gusinger of Dallas and Mrs. Jim Bob McDermott and Mary Kay McDermott of New Orleans, Louisiana.

Jan Keng spent last weekend in Austin visiting friends.

## Giants Second Half LL Champions, Will Meet Yankees For League Title

The Giants emerged champions of the second half of Sonora Little League at the completion of scheduled play. The Giants will now meet the first half champions, the Yankees, for League championship in the best two of three games to be set up after the Monday night All-Star game.

A complete rundown on the League's financial standing will be carried in next week's paper. Meanwhile, League Director Oliver Wuest reports a deficit in League funds and League officials are hopeful fans will "bring their piggy banks" to the remaining games.

The county handbook has been supplemented to include steel tanks with concrete bottom as well as concrete storage tanks for livestock water supply. Also added in the handbook is sprigging with coastal or midland bermuda where it is to be irrigated. Further details may be obtained at the office.

Dr. W. T. Hardy, superintendent of Sub-Station 14 near here, cautions ranchman that it is of vital importance that they treat immediately not only sheep, but goats and cattle as well.

## Joe David Ross Named "Wagon Boss" For Boys' Ranch Roundup This Year

Joe David Ross, D.V.M., has been named a "wagon boss" for the fourth annual West Texas Boys Ranch Roundup July 22 to August 3. This means he is to be busy from now through the Roundup, contacting local stockmen to donate livestock which can be sold for the Ranch.

A number of West Texas auction and commission firms are donating their sales services for the Ranch's benefit. A stockman may take donated animals to any one of these firms. There it will be sold without sale fee and all proceeds remitted to the famous boys home near Tankersley.

The Ranch currently has 80 boys in its care, 64 of them in actual residence on the Ranch and 16 placed in foster homes and work homes under its supervision. The Ranch has become famous in this area as a home for "hard luck" boys, most of them from broken homes, or no homes at all.

The Ranch is financed entirely by free-will offerings of West Texans. It receives no tax support. The annual Roundup has been of tremendous importance in financing the operation. Economic pressure is critical as the Ranch tries to answer a constantly growing number of calls to help West Texas "hard luck" boys. Previous Roundups have been a lifesaver for the Ranch, furnishing as much as one-sixth of the Ranch's total annual budget. This means the stockmen's donations of unwanted animals have supported more than 60 boys for two months.

Participating livestock firms are: Producers Livestock Auction Co. and West Texas Livestock Auction Co., both in San Angelo; Ballinger Auction and Commission Co., Big Spring Livestock Auction Co., Heart O' Texas Commission Co., in Brady, Brownwood Cattle Auction, Llano Livestock Auction Co., Mason Livestock Commission Co., Menard County Commission Co., Kothmann Commission Co. in Menard, Lampasas Commission

Co., Ranchers Commission Co. in Junction, Junction Stockyards, Tate Brothers Livestock Auction Co., in Colorado City and James, Ranchers and Farmers Auction Co. in Midland, Tri-County Livestock Auction in Sweetwater, Mills County Commission Co., in Goldthwaite, Coleman Livestock Auction Commission Co., Eads and Cole of Brownwood, Southwest Auction Co. in Uvalde and El Paso Livestock Auction Co.

Some 175 or 180 contestants will be on hand for the fourth annual Sutton County Junior Rodeo scheduled to open here Thursday, July 18. Entries are also coming in for the opening day parade slated to start at the Sutton County courthouse at 4 o'clock this afternoon. Cash prizes will be awarded most original, most comical and best-all-round entries by the Sonora Park and Horse Show Association. Louis Powers, rodeo chairman for the sponsoring organization, said Wednesday morning that he anticipates at least 175 youngsters will be entered, with each entry participating in an average of three contests. The first performance will begin at the rodeo arena of the

Sonora Park at eight o'clock. Contestants will compete in three age groups, those under 12, those aged 13 to 16, and those aged 16 19. Events scheduled include barrel racing, pole bending, ribbon roping, bull riding, steer riding, tie-down calf roping and calf roping. Dances are planned at the 4-H Center Friday and Saturday nights following the rodeo. Loyd Mitchell's Rocksprings Playboys will furnish music Friday night and Adolph Hoffer's Wranglers Saturday night. The three-day event is held under the approval of and according to the rules and regulations of the American Junior Rodeo Association.

# 'Devil' To Have New Owner With Sale Effective August 1

## Sonoran's Kin Buried At Junction

Funeral services were held in Trinity Episcopal Church in Junction Sunday afternoon, July 14, for Mr. and Mrs. R. R. King, residents of Kimble County for more than 60 years. Mr. King, 84, died about five o'clock Saturday afternoon, July 13, in a Fredericksburg hospital where he had been a patient for about three weeks. His wife, 86, died at nine o'clock Saturday night, July 13, in Kimble County Hospital where she had been a patient for a week.

They are survived by two sons, Jack King of Junction and Gordon King of Dallas; two daughters, Mrs. Louise Braley and Mrs. Coke R. Stevenson, both of Junction; four grandchildren and one great-grandchild. Mr. King is also survived by a sister, Mrs. Alma Owen of Los Altos, California. Mrs. King's other survivors include a sister, Mrs. John R. Martin of Junction; a brother, Henry McMillan of Phoenix, Arizona; and several nephews and

Announcement is being made this week of the sale of the Devil's River News. Stanton Bundy, owner and publisher since June 1955, announced Thursday the sale of the 73-year-old weekly to John T. King of Hondo effective August 1. King will then become the ninth owner of the paper, the oldest business in continuous operation in the county. The weekly was established October 18, 1890 by Mike Murphy, an Irish immigrant. Following Murphy's death, his brother, Steve, most colorful of the paper's editors, assumed the editorship which he maintained until his death in 1925.

Third owner of the "Devil", as it is known to longtime subscribers, was M. A. Wilson who ran it until 1932 when he sold to George Baker, now owner of the Fort Stockton "Pioneer". Baker sold to Robert W. Jacobs, now of Paul's Valley, Oklahoma. In 1938 Jacobs sold the busi-

nesses including Mrs. Sterling Baker and Mrs. Harold Schwiencing, both of Sonora.

Mrs. A. C. Elliott has as her guest this week her niece, Beth Murphy of Tulsa, Oklahoma.

ness to G. H. Hall who in 1940 sold to Clay T. Puckett, now rector of St. John's Episcopal Church in McAllen.

The new 28-year-old editor is a native West Texan, born and raised in Anson where he began his newspaper career with the Anson "Western Observer" while still in high school. He is a graduate of Anson schools and holds a Bachelor of Journalism degree from the University of Texas. While attending the University he worked for the Austin "American-Statesman" the "Daily Texan" and for an Austin printing firm. At present he is advertising manager for the Hondo "Anvil-Herald". He is an officer in the Hondo Lions Club and treasurer of the South Texas Press Association.

His wife is the former Della Glover. She was born in San Angelo, attended Ballinger schools and is a graduate of Abilene schools. She holds a Bachelor of Business Administration degree in accounting from the University of Texas and is a Certified Public Accountant with offices in Sonora.

The Kings expect to arrive here July 26 and will be at home in the Herb McKee residence on Allen Drive.

## Little League All-Stars To Meet Ozona Here Next Monday Night

## Students To Meet With Loan Board Tuesday, July 23

The Advisory Board of the Sutton County Educational Trust will hold its semi-annual meeting in the basement of the First Methodist Church at two o'clock Tuesday afternoon, July 23, according to Doyle V. Morgan, board chairman. The board will at that time consider applications for educational loans for the fall semester.

All students who have applied for loans must be present at that time to confer with the Board on their loan requirements and scholastic records.

Producers who have completed a conservation practice are urged to turn in their performance form before the expiration date on the approval, so that performance may be completed.

Sonora's Little League All-Stars will meet their Ozona counterparts here at Little League Park at eight o'clock Monday night, July 22. This will be the first post season game of the 1963 Little League year.

Named to the local All-Star team which is being managed by Jimmy Hugh Harris and Bobby Joe Granger, were 14 boys. They include Israel Sanchez, Bill Green, Sammy Bermea, Dick Hamilton, Jess David Cook, Howard Minyard, Thurston McCutchen, David Wuest, Erasmo Lumbreras, Mike Matson, Jessie Martinez, Mitch Trainer, Richard Cox and Ricardo Perez, Jr.

Replacements will be selected from a list of five boys who are Robert Mata, Al Elliott, Barry Black, Sandy Ingram and Billy Wayne Smith.

Winner of the July 22 game will meet the winner of Area I (San Angelo) in San Angelo Thursday, July 25. The victors in this contest will face the champions of Areas III and IV on Friday, July 26.

Other teams in the four-area section are Midkiff, Big Lake, Pecos, Crane and Rankin.

## Swimming Classes, Lifesaving Courses To Begin Monday

A new series of swimming lessons will begin at the municipal pool Monday morning, July 22, according to Bob Painter, pool manager.

Jan Keng will start junior and senior Red Cross Life Saving courses at nine o'clock Monday morning. Junior courses will be offered for those aged 12 to 15 and those over 16 years of age will enroll in Senior Life Saving.

Beginner and intermediate swimmers' classes will be offered with Painter and Jerry Hopkins as instructors. Intermediate classes will meet at ten o'clock each morning and beginners, aged five and over, will receive instruction at eleven o'clock daily.

**Ranchmen Should Be Watchful For New Poisonous Weeds Growing**

Ranchmen in the Edwards Plateau Soil Conservation District should be particularly alert

to any strange and unusual plants. New plants may be valuable, but they will most likely be harmful or poisonous.

**LIONS ROAR**

At their regular Tuesday luncheon meeting at the First Methodist Church this week, members of the Sonora Lions Club heard a report on the recent convention of Lions International in Miami, Florida. President Rex W. Lowe gave an interesting and informative account of the trip made by himself and his wife and immediate past president Jack Kerbow and Mrs. Kerbow.

W. R. Cusenbary also gave a report on the recent meeting of the West Texas Chamber of Commerce meeting he attended. Guests present were Leonard Magruder of San Antonio and Brent Johnson.

Joe David and Jane left last week for a vacation trip to Colorado.

of ranches in the Edwards Plateau SCD. Ranchmen should know this grass, and eradicate it when a trace shows up. It will spread rapidly during dry times, and when once established much time and money will be necessary to eradicate it.

Poisonous plants may be found and eradicated early. Some 10-12 years ago Joe B. Ross noticed a strange plant in the roadway east of Sonora. It was a poisonous plant from the Pecos area, called African Rue. Though the plant has not spread from the original discovery area, it continues to hang on despite efforts to eradicate it.

Last week another poisonous plant common to the Trans Pecos area was found along the roadside in southwest Sutton County. The plant was cudweed paper-flower-sometimes called paper daisy or yellow week. Only a few plants were present, and these were pulled and burned.

Had early ranchmen known the poisonous bitterweed and pulled the first ones to enter the area, millions of dollars would have been saved to ranchmen. Soil Conservation Service personnel will be glad to identify any plants which ranchmen suspect are new and possibly harmful.

A weekly public service feature from the Texas State Department of Health

# Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

If you suffer from "midmorning hunger," better revise your breakfast habits, State Health Department nutritionists advise.

More and more people are falling into the habit of skimping breakfasting. Surveys have shown that two out of every nine children leave for school without breakfast, and four out of ten workers leave for work with nothing to eat.

"Midmorning hunger" is the expression nutritionists use to describe the feeling which comes after an inadequate breakfast. Victims usually feel weak and giddy by midmorning. They may be hungry, yet have no taste for lunch. Or, if they are able to eat a big lunch, they may feel sleepy by early afternoon.

Midmorning hunger therapy, nutritionists say, calls for the "patient" to eat a solid breakfast. The extent of breakfast consumption varies from person to person. Individuals with special problems or modified diets can be guided by their physician.

Many Texas teachers and school nurses place special emphasis on breakfast. One school nurse had a breakfast contest in the elementary grades. Near the end of the school year a mother telephoned to report on the improved breakfast habits and general well being of the whole family. Before the contest, the mother said, none of the family ate breakfast. Her child, invol-

ed in the school breakfast contest, insisted on having a good breakfast. Eventually it caught on and the whole family began eating breakfast and feeling better.

It is a false idea that skipping breakfast is a good way to reduce. If anything, this highly injurious practice adds pounds. It works like this:

Skip breakfast and by noon you have lost your appetite or else are afraid to eat for fear of being groggy all afternoon. Then for supper you eat the food your body has been demanding all day. Now you go to bed and your supper is converted into fat rather than energy as would have been the case had you eaten properly during hours of greatest activity.

An adequate breakfast pattern can be adapted to any age, budget or cultural pattern: fruit or fruit juice, protein-rich food—such as eggs, cheese, meat or beans—bread or cereal and milk. If time is a prohibitive factor, some preparations can be made the night before—setting the table fixing the coffee pot, etc.

Breakfast eating is a part of a pattern of daily life that will pay dividends in a higher level of health and well being.

Guests of Mr. and Mrs. Harold Scherz, Dorr and Drew last week were Scherz's nieces, Gay and Ann Scherz of San Angelo and Barbara Banta of Waco.

## HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford

Texas Press Association

A growing toll of accidents on city streets and freeways, heavier damage claims and an act of the Legislature—all have combined to cause insured motorists in Texas a double-dip premium increase during the next five months.

First boosts for most drivers will come on policies renewed after August 1, when new auto insurance rates set by the State Board of Insurance go into effect.

Many others face a second increase in liability insurance premiums after January 1. This is effective date of a new law requiring financial responsibility of \$10,000 per person and \$20,000 per accident.

Present law requires \$5,000-\$10,000. So those now carrying minimum insurance will pay an average of \$4 more after January 1.

Increasing accident losses, mainly in urban areas forced the Insurance Board to hike liability and collision rates in most sections of the state.

Average premium boosts after August 1 will be 5.2% for bodily injury, 9.7% for property damage and 8.4% for collision. This will cost policyholders a total of \$12,000,000. Drivers in some rural areas, however, escaped the rate increase.

Dr. and Mrs. J. F. Howell have as their guest this week their grandson, Jack Howell of San Antonio.

**AFL-CIO LOSES**—A suit by State AFL-CIO leaders alleging improper lobbying activities by Texas Employment Commission members and four employees was dismissed in 53rd District Court in Austin.

Suit, filed last February, claimed TEC pushed 11 pro-employer bills in the Legislature. Judge Herman Jones said the union failed to prove its case.

Union said it would appeal the decision.

**POLL TAXES**—Folks who are past 60 and living in towns with 10,000 or more population should get their poll tax exemptions on October 1 or as soon as possible thereafter.

Exemptions for those over 60 are free under the old law, which will be in effect at least until November 9. That's the date for the vote on repeal of the poll tax as a voting requirement.

If Texans vote FOR the repeal, those over 60 who live in towns above 10,000 population then will have to pay a 25-cent registration fee. Ditto for all voters under 60.

Those past 60 who live in rural areas or in towns under 10,000 population will not be affected by the changes. They can vote without paying under both the old and the new law.

The attorney general informed tax assessor-collectors that they must accept the \$1.75 poll tax payments, starting on October 1, from those who insist on paying rather than waiting to see if the charge will be cut to 25 cents by the November 9 vote.

**DISTRICT ATTORNEY**—Governor Connally has appointed Calvin (Pete) Burnett of Crane to replace Dan Sullivan as district attorney of Andrews, Crane and Winkler Counties.

Sullivan resigned to head up Sen. Ralph Yarborough's state office in Austin.

**SHORT SNORTS**—Texas railroads, trying to block federal court approval of the \$911,000,000 Trinity River canal project, have asked the State Water Commission to delay its feasibility hearing from July 30 to August 26.

U. S. Bureau of Roads has released \$33,438,644 in federal road funds to Texas to speed up current highway projects, aiding both the interstate highway system and other federal-aid construction projects.

Texas Commission on Higher Education elected Dr. Lester E. Harrell Jr. as its director. Harrell has been acting director since Dr. Ralph Green resigned a year ago.

## Devil's River Philosopher Claims Khrushchev Has Made Fatal Error In Letting Women Sit Under Driers

Editor's Note: The Devil's River Philosopher on his bitterweed ranch on Devil's River has an idea this week which is his, not ours.

Dear editor:

People in Washington are always wondering what's going on behind the Iron Curtain, what the Russians are doing, how they get such heavy loads shot into orbit, is Khrushchev on the way out, etc., but nobody ever knows for sure.

I don't know, either, but I have discovered without even getting off this bitterweed ranch that freedom of speech is about to break out in Russia. I found out this way. I was looking through a copy of the New York Times which I found out here wedged against a fence and which must have fallen out of an airplane, which is the only way I know it could have gotten here unless some New York sociologist was driving by here studying my place as an example of rural blight and it blew out of his car. At any rate, over in the magazine section I found a picture which made me suddenly realize freedom of speech is headed for Russia.

The picture showed a row of Russian women with their hair in curlers sitting under driers in a Russian beauty shop.

I don't know if Mr. Khrushchev knows this, but you can't have a bunch of women sitting under driers all afternoon without developing freedom of speech in all directions. One of the women where Mr. Khrushchev has slipped. It is a violation of human nature to have women sitting in a beauty shop under a drier and not expect to have an uncontrolled flow of conversation develop.

It is a fact of political life that mayors are beaten, school trustees defeated, governors exposed, and presidents tarnished as a result of the free play of words by women under driers, and this doesn't take into con-

under a drier was holding a newspaper, but the others were just sitting there, and right there is sideration what happens to all the individual lesser people who are given an honest going-over when nothing else is at hand to talk about.

Washington may not have found it out yet, but Mr. Khrushchev's whole system of following the leader was imperiled when he allowed women to go to beauty shops.

Yours truly,  
J. A.

JUNCTION—Checks for wool, mohair and lamb incentive payments to Kimble County producers were distributed July 2, according to Mrs. Mildred Snead, ASCS office manager.

There were 414 wool checks in the amount of \$161,266.51 mailed. This represents the subsidy payment on 1,180,802 pounds of wool which was sold for a total of \$580,538.52 after marketing deductions. "Junction Eagle".

UVALDE—The Uvalde City Council, in a special called session, voted to set Tuesday, July 30, as the date for the revenue bond issue election. The bond issue proposals—set up in three propositions—for the voters consideration, amounts to a total of \$500,000 for an immediate expansion of the city owned utility system capacities. "Uvalde Leader-News".

ROBERT LEE—The Observer would like to get the names of all those now living who were in Coke County when it was organized in 1889, regardless of where you are living now.

In connection with the coming 75th anniversary of the county's founding, we would like to get together those who still live in the county for a visit and some pictures, as well as your story. "Robert Lee Observer".

KERRVILLE—Members of the Board of Education of the Kerrville Independent School District rejected all bids for the building of two additional rooms at Starkey Elementary School at the meeting held Tuesday evening. The board will meet to make revisions in the plans and bids will be again let on Monday, July 9, and these will be opened on July 25. "Kerrville Mountain Sun".

EDEN—With this issue—Volume Fifty-seven—Number One—The Eden Echo enters the threshold of its fifty-seventh year of serving the people of Eden and Concho County.

The Echo is the oldest business institution in Eden and possibly in the county in years of continuous service, and the Publisher takes this opportunity to thank the advertisers, our printing patrons and others for their patronage that has made its continued publication possible throughout these many years. "Eden Echo".

FORT STOCKTON—Ft. Stockton people are doing a fine job

of accepting voluntary water rationing, it was agreed Wednesday morning by members of the Fort Stockton City Council in a special meeting to discuss the water situation.

It will be another ten days, however, before there can be general relief from the shortage which faces the city, and continued co-operation of the public is necessary to balance usage with the 1,300,000 gallon daily capacity of the 11 city wells now being pumped. "Fort Stockton Pioneer".

MARFA—Travel to Big Bend National Park for the first half of 1963 shows an increase of 24 percent over the similar period last year. Total visitation to the Park for the first six months of 1963 has been 53,390 compared to 42,995 last year.

Campground use of all types is nearly twice as much this year as last year. The number of visitors registered in campgrounds totals 19,724 through the end of June, compared with 10,298 for the first six months of 1962. This represents an increase in camping of over 91 percent. "Big Bend Sentinel".

Mr. and Mrs. Carl Cahill returned last weekend from a vacation trip to Paonia, Colorado.

## It's the Wood that Counts

Rich redwood fibres are combined with white aspen to make the "No-Clog, Sta Fresh" filters the finest in the world. The weather resistant redwood eliminates that dank, "fishy" odor and insures long filter life. "Sta Fresh" filters are constructed with strong coarse mesh outside to keep filter from clogging and provide minimum air resistance while the fine mesh inside eliminates insects and keeps wood fibres from protruding into cooler. "Sta Fresh" filters are exclusive with Paramount Coolers.

THE TEEN SCENE

By Mary Davis

Today is the first day of the Junior Rodeo and everyone is anxious for the activities to begin. The parade this afternoon will be quite a bit more elaborate than the parades of other years. The two dances this weekend will certainly break the long spell of simply no dances at all.

Several rodeo enthusiasts from Sonora went to Ozona last weekend to enjoy their rodeo. The Sonora participants in the rodeo were all experienced riders.

Beverly Johnson is here now and Cee Wee has gone to California. These Johnson girls sure do come and go a lot.

Ronnie Cox was home from the University of Texas between semesters and Betty Jack Cooper and Francine Fields were home from TCU. All of our scholars enthused over their vacation.

Grady Roe just got back from Austin. He swears he is an honest to goodness city slicker now.

Danny Rutherford is back in town for a short visit before going into the service.

Martha Moxley, a May graduate of Sonora High, is attending summer school at Texas Tech.

Alice Lee Duncan has been visiting down on the South Llano with Jo Ann McReynolds, another former student of SHS. Next year, Jo Ann will be going to a dental hygiene school in Dallas since she was one of the 30 students chosen from all applicants.

Carl Teaff has pieced together two Mercuries. He has a car with

EVELYN JANE LOWE OBSERVES 11TH BIRTHDAY

Mrs. A. E. Lowe honored her daughter Evelyn Jane on her eleventh birthday with a swimming and baseball party at the Libb Wallace ranch Friday, July 12.

Attending were Marilyn and BOB septa. He would have had bucket seats but he just couldn't find enough buckets.

The elephant jokes seem to be sweeping the country. They are even being read on such shows as Johnny Carson's "Tonight" show and KOMA has them read over the gossip line. They are a fad just as Little Moron and Knock-Knock jokes used to be. Wonder which ones make the least sense?

Kathy Morgan, Kay Archer, Gail Hamilton, Steve Thorp, David Wuest, Mike Watson, Will, Ruthie and Libb Mills Wallace, and Jo Ann Lowe.

Bob Clark, son of former deputy sheriff Earl Clark, is on leave from the Navy. He has been visiting here with his wife and son and they are visiting in Coleman with his parents. The Clarks will make their home in San Diego when he reports back to the Navy.

Mrs. Harold C. Saunders, Sr. and Mrs. John Bell attended the state florists' convention in Fort Worth last week. They also attended the organization's design school held in conjunction with the convention.

IN THE COMING MONTHS, actor Tony Bill will be seen across the nation as Frank Sinatra's younger brother in "Come Blow Your Horn." How Tony achieved this position is quite a story.

Just a year ago, he was an English major at the University of Notre Dame. One day, the dean asked him what he wanted to do more than anything in the world. Tony casually replied, "... acting in the movies." The dean wrote to a movie director friend and Tony was on his way. After a couple of months and a lucky break, he got his wish. "I didn't know what to expect about making a movie," Tony remarks, "so there was nothing that didn't turn out the way I anticipated. I found Sinatra a very considerate person to work with. He's so much more important than I am that I wouldn't even venture an opinion about him." "I'm very lucky," he sighs. "I just hope I'm not using my luck up in great big hunks."

LOOKING FOR A JOB? You'll have plenty of company this month. Millions of teens are out searching for work and it need not be as complicated as it seems.

The June SEVENTEEN has helpful hints on job-hunting... The National Science Foundation has a project this summer for thousands of teens. Professors and graduate students will observe high school scientists at work in college labs to learn their reactions to research work... Through the efforts of the student body, parents and a local newspaper, twenty seniors at a Quincy, Mass., high school were able to visit with prominent politicians and statesmen in foreign countries. Said the instructor who inspired the course and trip: "I think students should know more about the leaders who will determine the fate of their world."

Arthur J. Goldberg... education and you

"WHOEVER GENUINELY desires an education can get one." This remark by Arthur J. Goldberg, the recent Secretary of Labor, discussing the future of teens in tomorrow's adult society. "Some seven and one half million students are expected to leave school before graduation in this decade alone." Mr. Goldberg goes on to state: "The abundance of educational opportunity contributes to the increase in productivity, which, in turn, advances living and working standards." Commenting on the woman's place in society, "The woman who understands the world in which she and her children must live, who develops an interest and a competence in a field of work, also has the qualities of education and understanding that make her a good mother and homemaker."

**-GREEN NEWS-**

By Monica Davis

I understand that Doyle Morgan's playmates are just a wee bit upset with him. It seems Doyle holed a ball from about 50 yards out to make him winner in the group. Nice shooting, I'd say. (W. J. Thompson, John McClelland and Clayton Hamilton call it luck.)

One of the cutest things we've seen in some time was Robert Brown and Chris Berger with their go-cart on the course Sunday. They had worked hard all week getting their cart in shape for this game—and lo, before they even got to Number One green it went ka-put! Better luck next time, boys.

Know what happened to John McClelland's ball? Coming up on Number Four a ground squirrel got it—and a brand new ball, too.

We've seen Ora Granger practicing on the driving range. She wants to beat Bobby. But, Ora, Jerry Tittle has a simpler method. She gets a big wad of bubble gum and blows and pops. It has sure spoiled some shots for Bill.

Incidentally, Robert and Chris weren't the only ones having transportation troubles Sunday. The Lee Fawcetts, cart had a big fuzzy flat.

The greens are in sad shape these days but the situation is being remedied. Grub worms seem to be the culprits, and now all greens have been sprayed. Jimmy Harris worked Sunday afternoon and was out again at 5:30 Monday morning. Sure hope the spraying does the job.

Sunday was the hottest day ever!!! But that didn't stop the real golf nuts—some even played 18 holes in 102 degree temperature. They'd come in, get a coke make a comment on it being a "bit on the hot side", and go out for more.

You know, we've been telling you how nice the park area is—well, "Whiskey" Hill had to see for himself. He teed off Number Nine tee box and landed in the park. I think he and his comrades just wanted to rest in that cool, cool shade.

Oh, yes! Ora and Jerry, if practicing doesn't work and bubble-gum chewing isn't getting the desired effects, just use Herman Moore's tactics—he out-talks his opponents.

The Sonora Golf Course is really becoming quite the popular spot. Not just us nutty golfers are enjoying it, but a big bunch of wild turkeys, some deer, road-runners, and of all things, a buzzard was cooling off in the sprinklers on Number Five green. Pauline Thompson was telling Frances Grobe about the "big old buzzard" on the green and Frances quite innocently asked her: "Who was it?"

The junior set enjoyed the course a lot this week. Some seen were Dorr Scherz, Gary Hardgrave, Gary McGilvray, Stan Bundy, Ed Lee Renfro, Mike Wuest, Dick McMillan and guest Kenny Nunnley of Rock-springs.

Home folks who have been gone for a while and who were seen on the greens this weekend were the L. E. Holland family, G. W. Archer and Edward Archer. Nice seeing you all again.

Out of town guests included W. T. Smith of Odessa, Marvin Ky-rish of Austin, and Mr. and Mrs. Al Babinski from Bay City, Michigan.

Hello, Eldorado! Surely it is nice seeing you all on the greens. Wasn't it hot Sunday, though?

Carl Meyer and Jim Rooker are new-comers to Sonora and have been using our course. They are with Continental Oil Company—Hello, there!

There weren't too many gals playing Tuesday (that's Ladies' Day) but those of us there got an early start. That early morning golfing is the best.

How many of you have watched Oliver Wuest hit a tee shot? The ball is in the air for what seems like forever. However, if you watch the ball you are missing one of the finest Polkas you ever saw. Oliver, who hits the ball a country mile, dances over approximately half an acre while watching its flight—and trying to body-English it into the fairway. It's a sight to behold!

**Fisher Writes On Harlem's Powell, Peace Corps Cost**

By Congressman O. C. Fisher

A LIVELY TUSSLE has developed, behind the scenes, between the Kennedys and Harlem's notorious Adam Clayton Powell, over the President's Civil Rights message to Congress. A few days after the message was sent to Capitol Hill, Adam made a speech in Long Beach in which he boasted: "I rewrote half of his speech for him the night before it was delivered before Congress."

The White House, with eyes cast longingly on the Negro vote bloc, showed embarrassment over the "leak" by Powell, and tried to play down the Harlem Congressman's role in its preparation. Ten days before Adam's Long Beach speech he was in Paris where he was quoted as saying that "Negroes now have whites on the run and this is the time to keep them running." In this background, some of the White House strategists showed fear that Powell's boast about authoring half of the Kennedy proposals might cause some members of Congress to take a second look at what is being advocated.

HOW MUCH DOES THE PEACE CORPS COST? Questions about the cost of this facet of foreign aid, which duplicates another facet—Point 4, are being asked after two years of Peace Corps operations. On May 31, 4,439 Peace Corpsmen were overseas in 45 nations, while 385

**Still No Reports Of Screwworms In Sutton County**

Sutton County remains free of screwworm cases, according to Pat Clifton of the Southwest Animal Health Research Foundation. The county has now been clear of screwworm infestation since June 14, Clifton said, with a total of only seven cases reported during 1963 to date.

However, Foundation representatives continue to warn ranchmen of the importance of remaining aware of the ever-present possibility of incidence of screwworms and of being alert in watching stock.

Any suspected infestations should be treated at once with an effective medicant, wounds kept clear of worms, and larva specimens turned in immediately to Clifton or to D. C. Bruce at Twin Oaks Motel.

**Sutton Producers Receive \$325,900 In Incentives On Wool, Lambs, Mohair**

Sutton County producers of shorn wool, unshorn lambs, and mohair received incentive payments totaling \$325,900.67 for the 1962 marketing year, according to Mrs. Marie K. Ellis, manager of the local ASCS office which handles incentive payments and records. The payments were made on a total of 504 applications and show Sutton County to rank fifth in Texas in production of wool.

Shorn wool payments totaling \$237,137.66 were made to 192 producers who produced 1,596,831 pounds of wool. Producers paid a promotion deduction of one cent per pound or \$15,884.95.

Unshorn lambs payments to 122 producers totaled \$25,046.81 or 4,817,680 pounds of unshorn lambs. Promotion deductions of five cents per hundredweight

were in training—a total of 4,824. There are now 1,051 Peace Corps employees administering the program—a ratio of about one employee for every 5 in the field carrying out the mission. It takes a little more than \$10,000 per year to maintain each of the Peace Corpsmen overseas.

MOHAIR IS GETTING quite a boost in Texas with the opening of the Brady Combing Company, where vast amounts of mohair is to be scoured and processed. The first of its kind in Texas, this plant was moved from New England because of lower labor costs, lower taxes, and a wider public support. I recently had the privilege of going through the plant. Texas mohair growers can take much pride in this project. Its potential as a stimulant to this great industry is important and re-assuring.

totalled \$2,408.34. Mohair payments totaling \$63,716.20 were made to 190 producers who made applications on 2,247,536 pounds of mohair. There is no promotion deduction for mohair.

Mrs. Ellis reminds ranchmen that the 1963 marketing year will be only a nine-month period, beginning April 1, 1963 and ending December 31, 1963. The marketing year will run on a calendar basis thereafter.

Producers will have until January 31, 1964 to turn in sales invoices and sign applications for incentive payments.

All sales should be turned in to the ASCS office as soon as they are completed. Information needed on shorn wool invoices are number of head, month of shearing, and any freight or trucking expenses to the warehouses. These marketing deductions must be deducted from gross sales as a cost of marketing wool.
