## CINDERS

By John T. King

I think people the world over could sit back and take lessons in "NICE" from the Bundys and the people of Sonora. No one could do more to make a business transition more painless than "Mac" and Stanton have.

Our special thanks to Boyd Lovelace, Buzze Stokes, and the many others who were right on hand to roll out Sonora's red carpet when Della and I arrived.

Even in Hondo we heard compliments about this friendly city. Without exception those people of Hondo who knew of Sonora also spoke of its friendliness.

We are happy to become a part of this community and its wonderful tradition. We feel very proud to join the "Devil" as it approaches its 74th year of service to Sutton County.

## -Howdy-

By Della King

It is a genuine pleasure for us to be here in Sonora and say "Howdy" to you. We are looking forward to meeting each of you personally. Sonora is already making us feel right at home.

We arrived Friday after the usual hectic days of packing to find that we were all in good spirits except Alfred. Alfred is a cantankerous old tomcat that adopted us several years ago in Austin. Now he generously allows us to live in his home.

He has the feline ability to adjust to any calamity in his well-ordered world with a mere flick of his tail or a washing swipe of his paw across his face. Any calamity, that is, except moving. When the rascally puppy dog joined the family, Alfred soon taught him a few manners and then regally tolerated him.

But moving is a different matter entirely. For Alfred, moving is a psychological disaster. It is a destruction of all safety, all rightness in the world. So for some days now, Alfred will lurk in closets and will creep behind the furniture.

Instead of strolling the house like a monarch, he will be a ball of gray fur hiding behind the door. We will have to pull him out of cabinets and push him outdoors. The we will hear a scratching racket, and there will be Alfred spread-eagled high on

## Yanks And Tigers Go Into Tie With Wednesday Playoff Necessary

The First National Bank Yankees, second half Little League champs, took the first of a two-out-of-three playoff series over the first half champs, the J & S Motors Giants 9-2 Monday night. But the Giants rallied Tuesday night to get a 9-5 win off the Yanks and tie up the series so that a series clincher was due Wednesday night.

In the Monday night game the Yanks racked up nine points on six hits while the Giants managed to count only two of their four hits. Mike Watson, Richard Perez and Thurston McCutchen scored two runs each while Jim Elliott, Erasmo Lumberas and Sammy Martinez had one apiece. Martinez also had two hits with Watson, Perez, Lumberas and McCutchen getting one hit each.

The Giants' runs were by Richard Cox and Mitch Trainer. Rick Street, Willie Gutierrez, Cox and Trainer had singles for the Giants.

Tuesday night saw the Giants tally nine of their 12 hits and the Yanks counted five of their seven. Richard Cox was the winning pitcher, striking out six and allowing three walks. Sammy Martinez was credited with the loss with four strike-outs and

three walks. The Giants' hits were by Martinez and Bloodworth with one double each, and singles by Cox (3), Street (2), Trainer, Steve Thorp and Bobby Wayne Granger. Runs were credited to Street and Trainer with two apiece and Thorp, Cox, Billy Wayne Smith, Gutierrez and Bloodworth.

Richard Perez, Erasmo Lumberas, Thurston McCutchen (2) and Ruben Chavez. Mike Watson and Lumberas doubled for the losers and singles were chalked up for McCutchen, Lumberas, Chavez (2) and Perez.

## Former Resident's Sister Killed In Mexico Crash

Funeral services were pending in Kerrville Wednesday for Miss Ayleen Ayden Auld, 39, who died in a one-car accident Sunday morning, July 28, near Guadalajara, Mexico. Dr. Olivia Perez of Guadalajara, a passenger in the car also was killed in the crash. Her husband, Ruben Perez, another passenger, received minor injuries.

She had made her home in Gualajajara for two years.

Survivors include her father, Dan Auld of Kerrville; two sisters, Mrs. Harold C. Saunders, Jr., of Kerrville and Mrs. Milroy Powell of Eden; one brother, Jack Auld of Kerrville, and her grandfather, A. P. Brown of Kerrville.

## Pedro Cortez, Crash Victim, Buried Tuesday

Funeral services for Pedro Cano Cortez, Jr. 21, were held Tuesday morning, June 30, in Eden Catholic Church. Cortez was dead on arrival at Hudspeth Memorial Hospital here Sunday afternoon, July 28, following an automobile accident about 26 miles south of town.

He is survived by his parents, Mr. and Mrs. Pedro Cortez, Sr. of Eden; four sisters, Mrs. Beatriz Maldonado and Mrs. Dorothea Garcia, both of Hobbs, New Mexico, Mrs. Lidia Martinez of Mason and Marta Cortez of Eden; and two brothers, Frank Cortez of Lovington, New Mexico, and Richard Cortez of Hobbs.

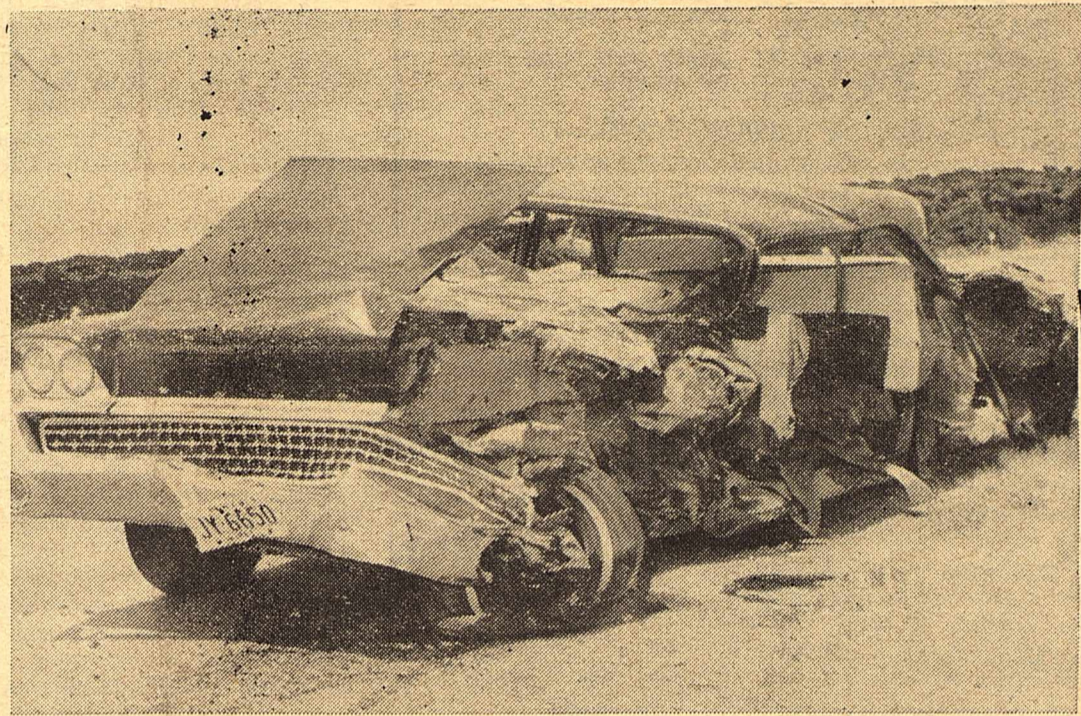

## Ronnie L. Watson Completes Basic Naval Training

Ronnie L. Watson, son of Mr. and Mrs. Odie M. Watson of Sonora, recently completed nine weeks basic training at the Naval Training Center at San Diego, California, graduating at the weekly Recruit Brigade Review in which some 3,000 men participated.

The intensive training includes naval orientation and history, customs and etiquette, military law, sentry duty and military drill, ordnance and gunnery, basic shipboard routine and seamanship, damage control, physical fitness, swimming, first aid and survival.

During their training period recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical instruction or to ships or shore stations for on-the-job training in a specialized Navy rating.

# Three Dead, Six Injured In Sunday Traffic Crashes

Three persons are dead and six additional persons injured as a result of three automobile accidents in the Sonora area Sunday, July 28.

Two Eden men were dead on arrival at Hudspeth Memorial Hospital Sunday afternoon of injuries received in a car-truck crash about 26 miles south of Sonora. Dead were Simon R. Salazar, 19, driver of the car and Pedro Cane Cortez, 21, a passenger in the car. Paul Lopez, 21, also of Eden was in critical condition at Hudspeth Hospital. Louis Sercy, 46, of Bentonville, Arkansas, driver of the truck, escaped injury.

The accident occurred about 11:50 a.m. when the north-bound 1959 Ford Tudor driven by Salazar, sideswiped the south-bound trailer truck on a curve on U. S. Highway 277. Damage to the truck was estimated at \$3,000 and the car a total loss, according to Highway Patrolmen Les Strawn and Joe Willie, investigating officers.

Shortly before five o'clock Sunday afternoon, two Sonora teenagers, Diana Cahill and Jan McClelland, were injured when the pickup in which they were riding overturned on a ranch road about three miles from the Wesley Sawyer ranch house. The two girls, both of whom will be seniors at Sonora High School this fall, were returning to town after attending a swimming party at the Sawyer ranch. In attempting to avoid a calf which crossed the road in front of the pickup, the pickup overturned, landing on its top. Diana, daughter of Mr. and Mrs. Carl J. Cahill and driver of the truck, received shoulder bruises. Jan, daughter of Mr. and Mrs. John R. McClelland, sustained cuts on the left ear and forehead.

The third traffic victim was Mrs. Joe Patterson of Menard whose death resulted from injuries suffered in a two-car collision at the intersection of U.S. Highway 290 and FM 864 four miles east of town about 6:45 Sunday evening. Mrs. Patterson was a passenger in the car driven by her husband. They were en route to their home in Menard after visiting here with Mrs. Nora Wood. Patterson was injured in the accident as were Mrs. Nelson Stubblefield and her daughter, Selma Nelle, both of Sonora.

Mrs. Stubblefield and her daughter were returning home when the accident occurred.

Mrs. Patterson died about midnight at Hudspeth Memorial Hospital where she was taken for treatment. Her husband also was treated for injuries. Mrs. Stubblefield was treated for facial cuts and bruises and Selma Nelle for a lacerated knee.

## Mrs. Crawford Has Winning Ticket At Bonus Drawing

Mrs. Doyle Crawford was holder of the lucky ticket which won for her \$50.00 in Sonora Bonus Dollars at the weekly drawing held in front of the First National Bank at three o'clock Saturday afternoon, July 27.

Another \$50.00 will be given away at the same time next Saturday afternoon, August 3.

The weekly drawing is held under the auspices of the Retail Sales and Promotion Committee of the Sonora Chamber of Commerce.

Only stipulation of the drawing is that the person whose ticket is drawn must be present to win.

## Little Leaguers Say Thank You For Donations

With the Little League season ending officially Wednesday night, League Director Oliver Wuest expressed the boys' thanks to special sponsors who footed the bill for the Pecos Sectional Playoff. These included: J. W. Neville, Cecil Westerman, First National Bank, Jeff Lambert, Harold Scherz, John McClelland, Frank Bond, Gabriel Mata, Sr., Foxworth-Galbraith, E. G. Beng, Joe Lambert, R. S. Teaff.

Herbert Fields, Sonora Feed and Supply, Tommy Thorp, Billy Green, Bryan Hunt, Tom Davis, Bill Turney, Ratliff Store, Joe Friess, Patsy Schwiening, Elliott Chevrolet, Dock Scott, Manila Trainer, Velma Berger, West Side Lions Club, Raymond Morgan and James Morris.

Wuest also requested that team managers gather up their team uniforms and equipment and turn it in to him as quickly as possible so that inventory may be taken, all items stored, and plans made for next season.

## CEDAR HILL STUDENTS HAVE ANNUAL REUNION

Cedar Hill School ex-students held their annual barbecue and dance at Camp Allison Saturday, July 20. Approximately 200 former students, their families and friends registered.

G. T. Rode was chairman of this year's reunion and H. O. Joy of Roosevelt was named chairman for the 1964 reunion.

Recent guests of Mr. and Mrs. Clifford Fehl were Mrs. June Hastings and daughter Kathy of Chico.

## JAMES HUNT HORSES IN RUIDOSO DOWNS SALE

James Hunt of Sonora will offer four horses for sale in the second annual All-American Futurity sale to be held at Ruidoso Downs, New Mexico in early September.

Some 88 yearlings, all eligible to next year's running of the \$250,000 estimated All-American Futurity, will go under the hammer.

Offered for sale by Hunt will be Mr. Raffles Bar, a sorrel colt by Two Bar out of Miss Raffles Bar; Tuberoso, sorrel filly by Two Bar out of Rose Petal; Salty Leonita, chestnut filly by Salty Leo out of Challa Butter (TB); and Patriotic Win, a brown colt by Direct Win (TB) out of Spicy Star.

## Simon Salazar, Traffic Fatality, Buried In Eden

Funeral services for Simon Rodriguez Salazar, 19, who died in an auto accident in Edwards County Sunday, July 28, were held at the First Baptist Church of Eden Tuesday morning, July 30.

Salazar is survived by his parents, Mr. and Mrs. Santiago Salazar of Eden; four sisters, Mrs. Elvira Maldonado of Eden, Mrs. Flora Espinosa of Eden, Mrs. Bernardo Saldina of Houston, and Mrs. Felix Martinez of Brady; and two brothers, Paulo and Efrain Salazar, both of Eden.

## Sutton County Still Free From Screwworm Cases

Sutton County remains free of screwworm cases this week, according to Pat Clifton of the Southwest Animal Health Research Foundation. Clifton said Tuesday that no cases have been reported in the county since June 14.

One case of screwworms was reported in the area during July, that at Carta Valley.

Clifton again reminded ranchmen that goat shearing is underway and that positive control of the screwworm will depend in large measure on careful treating of all shearing wounds with an approved medicant.

Any suspected cases should be reported to Clifton or to D. C. Bruce at once.

City Fire Marshal John A. Martin, Jr., has returned from Texas A. and M. College, where he attended Fire Marshall's School for several days last week.

## Local All-Stars Bi-Area Champs But Miss Sectional Title Friday

Sonora's Little League All-Stars took Bi-Area championship honors over San Angelo's West Side Thursday, July 25 only to miss the sectional title after a loss at the hands of the Pecos All-Stars there Friday night.

In the San Angelo game, David Wuest was the winning pitcher and the loss was credited to West Side's Bystrom. The local team scored five runs to their opponents' four.

Racking up hits for the Sonora team were Mike Watson with a double, and Jess David Cook, Erasmo Lumberas, David Wuest and Thurston McCutchen

with one single each. Runs were scored by Lumberas (two) and one each by Watson, Richard Cox and Papo Sanchez.

Seeing service for the local All-Stars were Wuest and Cox as pitchers, Cook and Wuest as catchers, Watson at first, Dick Hamilton at second, Sanchez at third, Cox and Cook at short stop, Lumberas in left field, Richard Perez in center field and McCutchen in right field.

Meeting the Pecos team, champions of Areas III and IV, the Sonora Boys got three runs for six hits while Pecos managed

10 of 12. Richard Cox had two singles for Sonora while Jess David Cook, Erasmo Lumberas, David Wuest, Bill Green and Mike Watson had one each. Scores were by Wuest, Green and Watson.

Starters for Sonora were Jess David Cook on the pitcher's mound, David Wuest catching, Watson at first, Hamilton at second, Sanchez at third, Cox at short stop, Lumberas in left field, Richard Perez in center field and Mitch Trainer in right field. Every member of the All-Star team played during the game.

The new Miss Wool of Texas, Peggy McNair of Wichita Falls, left, was a recent visitor to the Cavens of Sonora. Accompanying Miss Wool were Tom Wallace, center, executive secretary of the Texas Sheep and Goat Raisers' Association, and Mrs. Barbara Klindworth of the public relations firm of Fashion Features, Inc., Dallas, official chaperone for Miss Wool.

## It's The Law In Texas

### JURY DUTY

Jury duty is an experience everybody ought to have.

In a criminal case twelve jurors have a duty to do justice as each one sees it, and yet be unanimous. In most trials both sides have much to say, and the evidence is conflicting. The twelve jurors vary in their ability, temperament, character, education, and their experience in the world, and in the question at stake.

Yet a jury made up of both sexes, with wide age and educational differences, jobs and origins must all come up with the same verdict. Upon their verdict much depends—the life or liberty of others, and the public good. So it may take them days of talking among themselves, all to agree.

Jury duty calls for insight, common sense, courage, tact, fair-mindedness, patience, (especially toward the jurors who disagree with you), good humor, tolerance, balance, willingness to hear others out and change one's mind, readiness to go over and over the facts to find something to bring agreement. In short, jury duty demands a "decent respect for the opinions" of others.

More and more women share civic duties, especially as jurors. Time was in Texas when women could not serve on juries. They still cannot in four states.

A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law—the legislature does; and the judge "charges" or instructs the jury concerning the

law applicable to the particular case it is considering.

The judge will tell you not to find the accused guilty until he is proved so under strict rules of evidence. If you have any "reasonable doubt,"—not imaginary or far-fetched—acquit the accused.

Civil cases do not demand a moral certainty, merely the "preponderance" of what you regard as reliable and believable evidence.

## HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

By Vern Sanford  
Texas Press Association

Texas Legislative Council, research agency for the Legislature, is in the curious position of being asked to take a close look at the ethical standards of its own boss.

Council, meeting in Austin, agreed on a proposed study of conflict of interest questions affecting State officials and employees. Gov. John Connally and Atty. Gen. Waggoner Carr suggested the study as a result of investigations into the private business affairs of former Railroad Commissioner W. J. Murray, Jr.

A Travis County grand jury found Murray innocent of any violation of criminal laws during his terms of office. Carr observed in a later report that the Murray case raised "a serious question of a conflict of interest" between official duties and private interests.

Carr's report said Murray grossed \$1,700,000 during his 16 years on the Commission—most of it from oil and gas ventures. Attorney general recommended "adequate laws" to control "any deviation from (ethical) standards."

Council will be responsible for conducting research and investigation of possible conflict of interest cases among all State officials—including the lawmakers themselves—with a view toward "improving our present code of ethics."

**MORE REPUBLICANS?**—Another action by the Legislative Council had interesting "two-party" implications.

Last week Linda Sue Smith spent several days in Ozona visiting her grandparents.

Rep. Bob Johnson of Dallas was named executive director of the Council, succeeding Read Granberry who died last year. Johnson has resigned his Dallas legislative post to accept the \$15,500-a-year assignment-creating still another vacancy in the eight-man Dallas delegation to the House of Representatives.

This leaves only one Democrat, Rep. Ben Atwell, lined up against the six incumbent Republicans. Dallas Republicans surprised themselves and stunned Democrats last year by winning all the legislative races they entered. Speculation then was that the three remaining Democrats on the Dallas House delegation—Reps. Bob Hughes, Johnson and Atwell—would be in for a rough 1964 general election should Dallas Republicans oppose them, and an even rougher time if it Barry Goldwater were chose to head the GOP ticket as presidential nominee.

Hughes recently resigned his legislative post to accept appointment to a judgeship. This caused more speculation about a possible 1964 election sweep by the Dallas Republican organization.

Johnson's resignation has intensified the "Republican sweep" fears.

**RAPID ERADICATING**—Few eradication programs have produced such prompt and effective results as the U. S. Department of Agriculture's screwworm eradication plan.

A year ago scientists and field workers started the "saturation" release of sterilized flies to conquer screwworm population explosion.

Texas Animal Health Commission reported only 28 screwworm cases confirmed in a 5-day period—as opposed to nearly 3,000 cases recorded during a comparable period in 1962.

As further encouragement, the Commission noted that of last week's 28 reported cases, only five were in areas where the program's "controls" were in full effect.

**PROSPERITY, OR WHAT?**—EVER IT IS—Texas merchants continue to operate at a high level of retail sales volume.

Total retail sale show no dramatic increases. But the level for the first six months of this year is about two per cent over the 1962 January to June period.

According to the UT Bureau of Business Research Fort Worth and Austin are in the lead with increases of six per cent. Dallas is next with three per cent improvement, followed by San Antonio with plus one per cent.

Cities recording disappointing half-year sales were El Paso, minus one per cent, and Houston, with no change from the 1962 averages.

ROBERT LEE - Saturday, August 17, has been designated the date for holding a special election when residents of Precincts No. 1 and No. 3 will decide the matter of organizing a Vest Coke County Hospital District.

The election was ordered by the Commissioners Court after a petition with 75 names requesting the election was filed July 10. Additional information pertaining to the election, selecting of polling places, etc. will be discussed at a special meeting of the commissioners July 17 at 10 a.m. "Robert Lee Observer".

FORT STOCKTON - City officials and firemen were jubilant Saturday when the new water supply from Belding was turned into city mains after being flowed through a fire department five-inch suction hose with good results. Natural pressure shot water an estimated 50 feet into the air. Several spectators, including the project engineer, Jack Silliman, celebrated by driving cars into the deluge for a quick wash job. The new Belding supply provides ample water for Fort Stockton's municipal system. "Fort Stockton Pioneer".

MCCAMEY - Last Thursday evening the McCamey Board of Education promoted Bill Young from Junior High Coach to head basketball coach of McCamey High School. He replaced Jack Worthington who resigned recently to accept a similar position with the Belton, Texas schools. Worthington had held the position for the past two years after coming here from Taylor, Texas school system.

Young, 28 years of age, is married. Both he and his wife taught during the past year in the McCamey schools. Mrs. Young does not plan to teach this year. "McCamey News".

UVALDE - A jury call has been sent out to prospective jurors for Monday, July 22, at which time the Uvalde County Court will be called into session, according to Judge Leo Darley.

A total of 14 cases are scheduled to be heard including: five driving while intoxicated cases; two driving while license suspended cases; one case of driving while intoxicated and carrying a pistol; two worthless check cases; two cases of speeding, on appeal; one case of non-support of a wife; and a combined case of hunting deer out of season, shooting on a public highway and possession of an untaxed deer. "Uvalde Leader-News".

MENARD - If you are puzzled over the water shortage now plaguing the City of Menard, or the dry, brown appearance of the countryside, take a look at the rainfall table.

The rainfall received in Menard this year is scarcely more than half the average amount for the first seven months of the year.

Only 6.41 inches has been measured during 1963. Average for the first seven months - if averages means anything - is 12.02. "Menard News".

KERRVILLE - Second Lieutenant Douglas Duncan Heyhoe, 23, was the fifth traffic fatality in Kerr County this year, when he was fatally injured last Friday evening in a one-car accident near Ingram.

The officer, who was stationed at Webb Air Force Base in Laredo, was traveling south toward Kerrville when his car apparently went off the right side of the road, hit the shoulder, and went into a broad skid across the highway. The new convertible struck a high embankment, about a half mile above Ingram, and turned over several times, throwing Heyhoe from the car. "Kerrville Mountain Sun".

STERLING CITY - Somebody got weiners, cut them in about thirds, split them and dusted poison in them and tied them back up with string and threw them over town - in the streets, yards and bar ditches last week. A number of dogs and cats were dead of the poison - and some were saved by owners. "Sterling City News-Record".

Devil's River Philosopher Wants To Reward The Clerk Who Lost 24 Million Bushels Of Grain

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River has an answer to the farm problem this week, however odd.

Dear editor: The trouble with some people in Washington is that they don't know a good thing when they see it. They're so bogged down in solving problems they don't recognize a solution when it comes along.

As I understand it, this country recently lost 24 million bushels of surplus grain. We shipped it to Austria and it never did get there, or if it did nobody over there, or if it did nobody over there remembers receiving it. It just disappeared.

All right. Now what happens? Why a bunch of Senators are trying to appropriate \$100,000 to investigate the matter.

Here we've found the perfect system of getting rid of an embarrassing, tax-eating surplus, just put it in ships and let it disappear, eliminating all the storage charges etc., and somebody wants to spend \$100,000 to get it back.

I don't understand this. What those Senators ought to be doing is erecting a monument to the Unknown Clerk who lost 24 million bushels of surplus grain. The last thing they want to do is investigate and find out who did it. When you get a situation like that, leave it alone and hope more and more grain will disappear until the warehouses are empty and demand gets within arm's length of supply.

Of all the ideas I've heard for getting rid of the surplus, none can equal the brilliant work of the clerk who lost the 24 million bushels. I say leave him alone, turn him loose, give him a

map of all the warehouses throughout the nation and open up a hot line between him and whoever it was in Austria he sent the stuff to, and let the Senate recess till the farm problem is solved.

After all, there's a new crop of grain coming in this year and if we don't get those warehouses empty, where're we going to store it? Yours faithfully, J. A.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 26 proposing an amendment to Article XVI, Section 1, of the Constitution of Texas, by adding thereto a new subsection authorizing all political subdivisions of Jefferson County, Texas, to provide retirement disability and death benefits for all appointive officers and employees of all political subdivisions within Jefferson County; providing for the necessary election, form of ballot, proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 62 of Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new subsection (c), reading as follows:

"(c) Each political subdivision within Jefferson County, Texas, shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for all appointed officers and employees of all political subdivisions within Jefferson County, Texas, by a majority vote of the qualified voters of such political subdivision and after such election has been advertised by being published in at least one (1) newspaper of general circulation in such county once each week for four (4) consecutive weeks; provided that the amount contributed by the said political subdivision to such Fund shall not exceed the amount of the income of each such person and shall not exceed at any rate seven and one-half per centum (7 1/2%) of the compensation paid to each such person by the political subdivision.

"All funds provided for the compensation of each such person, or by the political subdivision of Jefferson County, Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the political subdivision and the interest thereon, together with the expenses hereof, shall be deposited in a separate fund to be known as the Retirement, Disability and Death Compensation Fund of such political subdivision. Such fund shall be subject to the same rules and regulations as are now or may hereafter be provided by law for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale of any of the moneys attributable to such additional bonds, such expenditure to be made by the said Board; and for the purpose of paying the expenses of meeting the interest on such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitution Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such

principal and the interest thereon, together with the expenses hereof, authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board, and no such use of any such moneys contrary to the rights of any holder of principal or interest in any such bonds shall be subject to any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands owned by the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, or by the use of the said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund shall be subject to taxation to the same extent and in the same manner as are purchasers of lands delineated in the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, and in conformity with the rules and regulations as are now or may hereafter be provided by law for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale of any of the moneys attributable to such additional bonds, such expenditure to be made by the said Board; and for the purpose of paying the expenses of meeting the interest on such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitution Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making the payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offered to vote shall be deemed a qualified elector; provided that any member of the Armed Forces of the United States, or any member of the military branches thereof, or in the military service of the United States, may vote only in the election in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that one offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on December 1, 1963.

"Section 4. In all elections by the people the vote shall be secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may provide by law for the registration of voters, should the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of voters."

"AGAINST the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election of this Amendment, to be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 21 proposing an Amendment to the Constitution of the State of Texas, amending Sections 61-a and 51-b-1 of Article III so that the same shall consist of one section, to be known as Section 61-a; providing that the Legislature shall have the power to provide assistance to and provide for the assistance of:

(1) citizens of Texas who are needy aged persons over the age of sixty-five (65) years and who are under the age of eighty (80) years and who are at least eighteen (18) years of age and less than sixty-five (65) years of age and who are permanently and totally disabled; (2) needy blind persons over the age of twenty-one (21) years; and (3) needy children under the age of sixteen (16) years; authorizing the Legislature to set up residence requirements for eligibility for such assistance; providing that the Constitutional limit on the amount paid out of state funds to individual recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled; providing that the amounts for such assistance hereinafter mentioned shall be paid out of state funds for such purposes; providing that the amounts expended out of state funds for such purposes shall not exceed Sixty Million Dollars (\$60,000,000); providing for the acceptance of financial aid from the Government of the United States; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Sections 51-a and 51-b-1 of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereafter consist of one section to be known as Section 61-a of Article III, which shall read as follows:

"Section 61-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations hereinafter mentioned, contained, and such other limitations, restrictions and regulations as may be provided by law, to provide for the payment of assistance to:

(1) Needy aged persons who are citizens of the United States and who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and for whom no other assistance is available for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; providing further, that no individual shall receive assistance under this program for the permanent and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

(2) Needy individuals, who are citizens of the United States and who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and for whom no other assistance is available for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; providing further, that no individual shall receive assistance under this program for the permanent and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

(3) Needy blind persons who are actual bona fide citizens of Texas, and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the maximum amount paid out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for such purposes as such Government may offer not inconsistent with the restrictions herein set forth; provided, however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount matchable out of federal funds; and provided further, that the total amount of money to be expended per year out of state funds for such assistance shall never exceed Sixty Million Dollars (\$60,000,000)."

"The Legislature may enact appropriate laws to make lists of the names of such persons available for inspection, under such limitations and restrictions as may be deemed appropriate by the Legislature."

**Engagement Announced**

Mr. and Mrs. Lee Patrick of Sonora announce the engagement and approaching marriage of their daughter, Betty Ann, to William Robert Touchstone, son of Mrs. Alice Touchstone and the late G. P. Touchstone of Ozona.

The wedding will be held in the First Baptist Church of Sonora on August 17.

**-GREEN NEWS-**

By Monica Davis

So much fun was had in our last mixed tourney, another will be held Sunday afternoon, August 4 at 4:30 p.m. So be sure and register at the club before 2 p.m. August 4. All you ladies that swing a club come on out. We were a little short on the fair sex before and some of the men were unhappy. Enry Fee only \$1.00. Prizes for the two lowest scores.

One of our junior golfers had a real thrill while at the PGA tournament in Dallas. Bo Winninger threw his ball to Gary Hardgrave.

Jerry Hopkins is a champ. Last Monday he came up with a 32—four under par for the course. It is also the lowest score to be shot at the course so far. W. J. Thompson, Oliver and Mike Wuest went along for the ride.

Have you all noticed the greens lately? The grass is coming back again. What with the insecticide spray and watering, they should be in fine shape in a couple of weeks.

That mixed Scotch tournament I talked about last week made us some money. We cleared close to \$60.00. How about that? And all the fun we had besides.

Louis Davis and Patch Cochran really had a contest going on the putting green Sunday morning. Louis was quite proud 'cause he lost just a dime to Patch. Then came that evening! Ask Dr. Browne how much Louis lost—Louis won't tell!

Shelly Lowe really was lucky Saturday (I think it was Saturday); anyway, he lost two new balls in the draw on his way up Number Three. Later he went back to find them—he did; plus five more balls that were in good shape.

Some time back I told you about seeing Ora Granger on the

**Wedding Plans Revealed**

Mr. and Mrs. Francis Edward Davis of El Paso have announced the engagement and forthcoming carriage of their daughter, Carol Jean, to Tommy Eugene Love, son of Mr. and

Mrs. Preston F. Love of Sonora. The wedding is planned for Saturday afternoon, August 31, in Mountainview Methodist Church in El Paso.

Miss Davis is a graduate of Irvin High School, El Paso, where she was a member of the National Honor Society, secretary of the Future Business Leaders of America, a member of the Tennis Club, in Who's Who in Irvin, and lettered in tennis two years. She is a junior at Sul Ross State College, Alpine.

The future bridegroom is a graduate of Sonora High School, where he was president of the senior class and All-School Favorite. He lettered in track and football. He is a senior at Sul Ross and president of Clip and Brand Club.

**MRS. REES ENTERTAINS PASTIME CLUB LAST WEEK**

Mrs. Robert Rees served ice cream, fresh peaches and cake to the members of the Pastime Forty-Two Club on Thursday afternoon in her home. Cut flowers were used as decoration.

Mrs. J. A. Cauthorn held high score for members and Mrs. Karen Peterson for guests. Attending were Mmes. Rose Thorp, Lee Labenske, C. E. Stites, J. A. Cauthorn, Paul Turney, Robert Kelley, Sr., Karen Peterson, and Juliet Driskell.

**City Fire Marshal Urges Citizens To Clean Premises**

City Fire Marshall John A. Martin, Jr., warns that Sonorans need to be especially careful during dry summer months to prevent fires. Brush and tall weeds should be cleared by cutting, not by burning. Cut brush will be removed by the city. A city ordinance prevents trash burning other than at the city dump.

Clearing dry brush and weeds not only reduces fire hazards, but also combats insects and improves the property's appearance.

Walter B. Satterfield reported to the Downtown Lions Club Tuesday that the foreign students visiting Sutton County recently would soon be in influential posts throughout the world.

Satterfield stressed that only by exchanging cultural as well as educational ideas could the people of the United States help to leave a favorable impression in the minds of these leaders of tomorrow.

The students, representing six nationalities, returned to Austin after a brief tour of Sutton County last week. All are graduate students at the University of Texas.

Congratulation to the Little League for making it to San Angelo and winning and then going on to Pecos. We sure are proud of them. Seems like they brought someone back from Pecos with them when they returned. Hope you enjoy your stay in Sonora, Kirby Babb.

Nice to See J. T. Evans in town. He seems just as jolly and full of life as ever and he seems to be getting just pretty good looking, too.

Speaking of people that are jolly and full of life and also good looking, Jodye Moreland has been visiting here in town, too. Nice to have both of you here again.

Saw Ronnie Cox home for the weekend. Hope that he will be here again before the next semester starts.

Patty Smart and Sandy Glasscock went to Utopia for the Junior Rodeo there this weekend. They returned very tired, but also happy.

Mike St. Clair had a birthday party last Saturday night. The theme was a western one and Junior Schwenning played the records. Quite a few kids were there to enjoy the dancing and just good old gossiping about summer experiences.

We hope Diana Cahil and Jan McClelland are feeling less shaky after their weekend experience. Two boys from Springfield, Missouri were quite impressed with the Caverns, Sonora and the "Western twang" of their Davis cousins. Mike and John Humes came up for a day's visit from Eagle Pass where they are spending part of the summer with their grandfather.

Enjoy the rest of the summer to the best of your ability because in just a few weeks school will be started agan. Oh Woe!!

**Jones-Powers Garden Ceremony Set**

A garden wedding is planned by Alice Claire Jones and Milford D. (Mickey) Powers. The ceremony will take place September 7 at the home of the future bride's mother, Mrs. Cleveland T.

Jones, Jr. Miss Jones is the granddaughter of Mrs. F. E. Sawyer and Mr. and Mrs. Cleve Jones, Sr., all of Sonora. Powers is the son of Mr. and Mrs. Louis Powers of Sonora and the grandson of F. M. Powers of Ballinger and Mr. and Mrs. F. M. Williams of Trent.

**CUSENBARYS HOSTS TO PICNIC SUPPER**

Mr. and Mrs. W. R. Cusenbary were hosts to a back yard picnic at their home here Wednesday evening, July 24.

Out of town guests present included Mrs. J. H. Mims and Miss Eula Wickham of Cleburne, Miss Pauline Robertson of Prescott, Arizona, Mr. and Mrs. Ben R. Epps of Alpine and Kelly and Susan Cusenbary of Hondo.

Others attending were Dr. and Mrs. J. F. Howell, Dr. and Mrs. W. T. Hardy, Rev. and Mrs. J. C. Billingsley, Mrs. C. M. Epps, and Messrs. and Mmes. Joe B. Ross, Frank P. Bond, Bryan Hunt, B. H. Cusenbary and James Hunt.

The Wesleyan Service Guild weekend at Mount Wesley in Kerrville will open this Friday. Mrs. J. Wray Campbell and Mrs. Zilpha Wheelis are delegates from the Sonora Methodist Church.

## Pvt. Richard McCoy Completes School At Fort Polk, La. Funds Available For ASCS Practices

Army Pvt. James Richard McCoy, son of Mr. and Mrs. W. A. McCoy of Sonora, completed 8 weeks of advanced infantry training at Fort Polk, Louisiana July 12. McCoy received instruction in combat techniques and in firing the M-14 rifle and M-60 machinegun, two of the Army's newest infantry weapons. The 18-year-old soldier entered the Army in February of this year and completed basic training at Fort Polk. He attended Sonora High School.

Mr. and Mrs. Phillip Cooper spent the weekend visiting relatives in Uvalde.

Mr. and Mrs. Gene Lightfoot of Junction was a Sonora visitor Sunday.

A small amount of funds remain in the ASCS county allocation for assistance to producers interested in carrying out a conservation practice. Mrs. Marie K. Ellis, ASCS office manager, announced this week.

The county handbook has been supplemented to include steel tanks with concrete bottom as well as concrete storage tanks for livestock water supply. Also added in the handbook is sprigging with coastal or midland Bermuda where it is to be irrigated. Further details may be obtained at the office.

Producers who have completed a conservation practice are urged to turn in their performance form before the expiration date on the approval, so that performance may be completed.

## Whitewing Dove Season To Close For Year 1963

Texas will not have a white-winged dove season this year. And for very logical reason, according to the Game and Fish Commission. They same reasons resulted in closing the pronghorn antelope season many years back. For the same reason, hunters couldn't take red-heads and canvasback ducks last year.

It is the responsibility of the department to look after the game in Texas and when wildlife scientists conclude through research, observations, experience and concern that species has been reduced to the danger point, it is the department's duty to protect the species, even if it means closing a season.

This is not the first time the whitewing hunt has been shut down. Back in the 50's the season remained closed for three years to give the birds a chance to build up their populations. Closing the season worked, and since 1956 hunters have enjoyed the thrills of trying their hunting skills against the daring, dodging doves with the white slashed wings. It is hoped that a drop of the season this year will mean open seasons for the next several years. A hunt this year could force the dropping of the hunts for the next several years. The people of Texas realize this, including those in the Valley, and very few are complaining. Texans know that guessing was not, and is not, one of the techniques the commission uses for determining a season. Facts revealed through constant study resulted in the decision to withdraw the open season this year.

The Devil's River News promises:  
"Once you've typed on an *electric* portable, you'll never type on a manual typewriter again!"

- 5 repeat actions
- Fastest typing
- No pounding
- Even typing
- 10 clear carbons

Electricity lets you underline a full row of words just by holding down the key, rat-tat-a-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a speed champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness... your typing looks perfect.

You adjust a dial and can make up to ten carbon copies. More important, the tenth is just about as clear and readable as the first.

SMITH-CORONA CORONET—Crisp, modern styling. Four decorator colors. Full office keyboard. Choice of many type styles. Lightweight all-steel carrying case. **ONLY \$10 DOWN.**

# Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

With daytime temperatures consistently reaching into the high nineties over most of Texas, and with the prospect of even hotter temperatures during the weeks immediately ahead, there is every reason to anticipate a growing number of deaths from heat prostration or sunstroke.

The number of such deaths in Texas usually totals some 15 or 20 in any given year. Several heat connected deaths have already been registered this summer from various areas of the State.

Heat exhaustion is caused by an inadequacy of the heat dissipating mechanism of the body. It occurs as a result of exposure to a hot, humid atmosphere such as is common over most of Texas during summer months.

Sunstroke is a form of heat stroke, complicated by an absorption of radiant energy from the sun which causes a temperature rise in local body areas, such as the brain.

How do you avoid heat stroke? By doing what you can to keep heat loss and heat production in balance.

The wearing of loose, airy clothing is known by physiologists to be among the best means of maintaining the balance.

Elevations of body temperature will develop inevitably when tight clothing is worn because it prevents loss of body heat through conduction, radiation and evaporation of sweat. And this much is physiologically true: the body thermostat is so constructed that a fall in temperature is much harder to produce than is a rise.

Diet plays a part in maintaining a heat production-heat loss balance. Heavy meals are difficult to digest in hot weather.

High protein foods should be de-emphasized and fruits and vegetables should be accented, unless a physician prescribes otherwise.

The body also loses salt through perspiration, so if work or exercise causes profuse sweating, salt tablets are called for to replace that lost. Salted nuts or crackers might be used for the same purpose. Rest is important during hot weather.

It is smart to exercise moderately all year around. But it can easily be overdone in the summer. Common sense dictates that hard yard work or active sports should be confined to cooler parts of the day.

**Russians' Integrity Is Key For Test Ban Success**

A PROPOSED ATOMIC TEST BAN, and a move to scrap our restrictions on admission of immigrants, topped the news in Washington last week.

The test ban treaty, which must be ratified by the U. S. Senate to be effective, would commit us, Britain, and the Soviet Union not to set off atmospheric tests. It does not apply to underground testing.

While the objectives are laudable, the value of this agreement must, in the final analysis, depend upon the extent of good faith on the part of the Russians. For they can continue atmospheric tests, without fear of detection, if such tests stay below one kiloton capacity. Our detection techniques simply will not reveal the light-weight tests fired in the atmosphere. That is the view of Dr. Edward Teller, the father of the H-bomb and a highly respected authority.

"Such small tests," Teller wrote me recently, "could be decisive in developing missile defense, a field of utmost importance in which the Russians may already have a considerable lead."

Senate debate on ratification will be extensive, and every facet of the problem will be developed. Above everything, we must not lose sight of the fact that the Russians are still communists and are hell-bent on world domination. And up to this time they have never been known to keep faith with an international agreement, unless that course happens to suit their strategy.

President Kennedy proposed last week to scrap our quota system which restricts the admission of immigrants to this country. This system, which has been in effect for more than 40 years, limits the number of new immigrants from European countries and assigns to each country an annual quota based upon the proportionate number of Americans from those various nations, as of 1920.

Minority group pressures have been built up, calling for the scrapping of this quota protection. Certain racial groups from countries entitled to relatively small quotas, want the quota restrictions removed. Only in that way, they figure, can they hope to see more of their own racial groups admitted. Hence, taking note of this pressure, and the

**Edwards Plateau Soil Conservation District News**

By E. B. Keng  
Soil Conservation Service

Hot, dry weather continued through July, paralleling the torrid summer of 1962. A Soil Conservation Service rain gauge on the Herbert Fields ranch shows a total of 8.65 inches of rainfall for 1963, with 5.43 inches or 62 per cent falling in May. Based on Experiment Station rainfall records since 1919, the average rainfall for January through July is 13.06 inches, which makes us 34 per cent behind for 1963.

May rains varied from 4 to 6 inches over the Edwards Plateau soil conservation district, and practically all of the moisture soaked into the soil. A remarkable growth of grasses and weeds resulted. Bitterweed infested land produced the heaviest crop of the poisonous plant than in many years.

The heavy weed cover, coupled with only .90 inch of rain in June and .60 for July, has rapidly drained the soil moisture to a low ebb. Grass production has ceased, but will be revived if substantial fall rains are received.

With limited rainfall and grass production in 1960, 1961 and 1962, many good range plants are having to struggle for survival. This is particularly true where

grazing pressures have been heavy for a year or more. Lack of good range cover will result in more water losses and less production from the next rains.

With the fall season approaching, ranchmen should carefully analyze their range conditions and livestock number. Every effort should be made to lighten the livestock load sufficiently to let vegetation start a definite upward trend.

Before the last major drought was over in 1957 most ranchmen said "Never again will I be caught with too many livestock and not enough grass." It is only by making current adjustments that ranchmen can keep livestock and grass in balance.
