Broncs Romp Past Menard For East Zone Championship

by Gary McGilvray
The Sonora Broncos won the east zone championship of District 8-A here Tuesday as they defeated Menard, 82-27. Sonora was never behind and

had no trouble in overcoming the out-classed Menard team for the second time this year.

The Broncos played the reserves throughout most of the second quarter and all of the second half. Still they were able to average 20 points a quarter.

Almost all of the Sonora squad got into the scoring with Laney Cook leading at 20 points. Then came Mike Wuest and Noe Chavez with 16 points each. Po Ellis had 14 for Menard.

This win brings the Bronco season record to 16-9 and their district record to 5-0.

Score by Quarters 1 2 3 4 T
Sonora 23 19 20 20 82
Menard 9 7 4 7 27

The "B" team also won their game which preceded the varsity contest. The final score was 64 to 47.

Bud Smith led the "B" teamers with 17 points. He was followed closely by Mike Gosney and Mitch Trainer with 15 and 14 points respectively.

This win brings the "B" team record to 11-7.

CLUB SETS BAKE SALE

The Golf Auxiliary has set a bake sale for February 16, 9 a.m., in the old Sonora Gas Building.

Members suggest that Sonorans might be able to stock up on "goodies" for Fling Ding guests.

Broncs Cinch Tie On Eldorado Loss

by Gary McGilvray
The Sonora Broncos cinched a tie for the east zone championship of District 8-A basketball last Friday night when they downed the Eldorado Eagles for the second time this year by a score of 48 to 43.

The Broncos controlled the tip and got on the scoreboard before the green and white had a chance at the ball. Their efforts to score failed time after time in the early part of the first quarter, however, and Sonora built up an 11-0 lead half-way through the period.

Eldorado fought back and the score at the end of the first quarter was Sonora 17, and Eldorado 13. The game tightened up even more in the second period of play and the half ended with only a two point deficit.

Fouls were numerous throughout the game and each team got its share of shots from the free throw line.

The second half of play opened with the Eagles taking the lead after several quick baskets. Then the score stayed about the same until the last minute of play in the third quarter. The score stood 36-34 with the Eagles on top. Laney Cook sank one of his three field goals from about ten feet out to fans then came alive and with only seconds remaining Mike Wuest dropped in two more points to put the Broncos ahead to stay.

The final period was not quite as wild as the other three as Sonora went to a stall that finished out the game.

Sonora shot 29 percent from the field but made up some on their free throws. The biggest portion of the Broncos' 43 points came from Wuest. He had 28 points with a 65 percent average from the field. Cook ended up with 10 points to come in second.

For Eldorado, Jesse Bosman had 13 and Donald Rogers had 12.

Score By Quarters:
Sonora 17 13 8 10 48
Eldorado 13 13 10 7 43

The "B" team game which preceded the varsity contest was more of a scoring duel than a basketball game. The final outcome was Sonora 90, Eldorado 41.

This was the tenth "B" team

victory against 7 losses.

Five players were able to score in the double-figures in the lopsided victory. Mitch Trainer led the pack with 17, then came Mike Gosney with 15, Richard Perez with 13, Thurston McCutchen with 12, and Gary Hardgrave with 11.

Both the Broncos and the "B" team will play Junction here Friday night in the final contest in the zone competition.

The game will begin at 6 p. m. and will be immediately followed by the varsity contest.

In the west zone, comprised of Big Lake, Ozona, Irran, Sanderson, and Rankin, Big Lake and Ozona are currently in a tie for first place each having lost only one game. If the zone competition ends this way the two teams will meet next Tuesday night at a yet to be determined spot.

FEATURED VOCALIST of the Glenn Miller Orchestra, Miss John Shepherd will appear with the band, February 17, at the annual Fling Ding at the Sonora Wool and Mohair House.

Long-Time Resident Sebero Chavez Dies Jim Fish's Essay Wins First Place

Funeral services for Sebero Chavez, 75 years a resident of Sonora, were held Monday morning at the First Latin American Baptist Church. The Rev. Porfirio Perez officiated. Burial was in Sonora Cemetery.

Chavez died at Hudspeth Memorial Hospital February 5.

Born in Eagle Pass, February 15, 1893, Chavez worked for the late Don Cooper 25 years and later Pat Cooper after moving to Sonora. He was married to Margarita Rodriguez Chavez in 1906 in Sonora.

Survivors include his wife; seven daughters, Rosario Garza of Lubbock, Herminia Esquivel of Bakersfield, Calif., Suzy Bermea of San Jose, Calif., Lydia Trevino of Bakersfield, Calif., Olga Gomez of Idalou, and Anita Urias; four sons, Gilbert Chavez of San Angelo, Sebero Chavez Jr. of Los Angeles, Calif., Mike Chavez of San Angelo, and Torivio Chavez; 78 grandchildren; and 64 great grandchildren.

by E. B. Keng

Soil Conservation Service A conservation essay written by Jim Fish won first place in the high school division of the annual essay contest sponsored by the Edwards Plateau soil conservation district. Other winners in the high school division, in order, were Gary McGilvray, Eddie Sawyer, Margaret Bundy, Susan Allison, Sharon Johns, and Grady Roe.

The junior high and elementary division was won by Scott Jacoby, Lucy Bundy, Scott Shurley, Joe Nance, Dick Bundy and Janet Pope.

This year 260 essays were submitted.

Local prizes are furnished by the First National Bank. Seven cash prizes are given the high school group including \$10, \$7.50, \$5, \$4, \$3, \$2, and \$1. Six prizes are awarded the junior group: \$6, \$5, \$4, \$3, \$2,

and \$1. All of the better essays will be entered in a state-wide contest sponsored by the Fort Worth Press, and the state winner will receive \$200. Some 50 other winners will receive trophies or medals. This is the largest participation we have had in the annual contest. See Jim Fish, Page 8

30 Sonora 4-Her's To Have Entries In Stock Exhibit

Thirty members of the Sutton County 4-H Club will exhibit a total of 33 wool fleeces, 18 Delaine sheep, 12 Angora goats, 1 Hereford steer, 1 quality beef Hereford in the senior division, 1 Angus steer, 68 lambs and 22 quality lambs at the Antonio Livestock Exposition Feb. 11-20.

The members include Chris Berger, John Martin Beckham, Jim Fish, Ted Fish, Rick Street, Steve Street, Ray Glasscock, Micheal Boatright, Randal Boatright, Lee Bloodworth, Tryon Fields, Bill Green, Tom Green, Lindsey Paul Hicks, Mark Jacoby, Kerry Joy, Roger Langford, Evelyn Jane Lowe, Cleveland Nance, Janice Sue Nance, Joe David Nance, Ed Lee Renfro, Jerry Shurley, Bill Thompson, Gene Thompson, Tim Thorp, Mitch Trainer, David Wallace, Joe Wallace, Libb M. Wallace, and Ruth Ella Wallace.

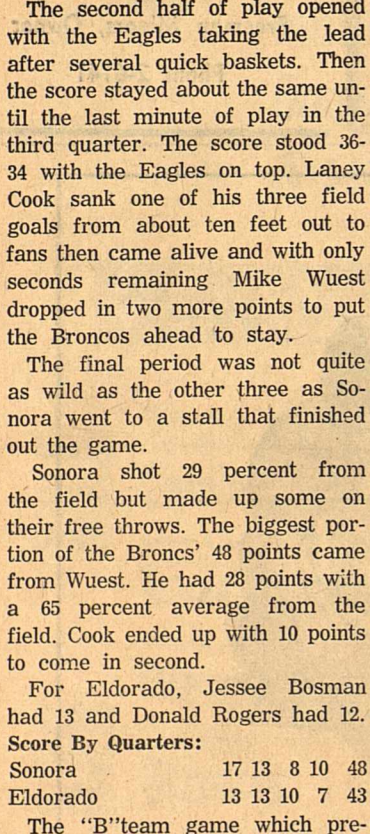

Others who will have entries include W. L. Davis, 12 wool fleeces and 5 mohair fleeces; Rodney Davis, 2 wool fleeces; George E. Smith, 9 wool fleeces; and Alan Harris, 2 market lambs.

Masked Marvel Set To Appear Thursday At Booster Game

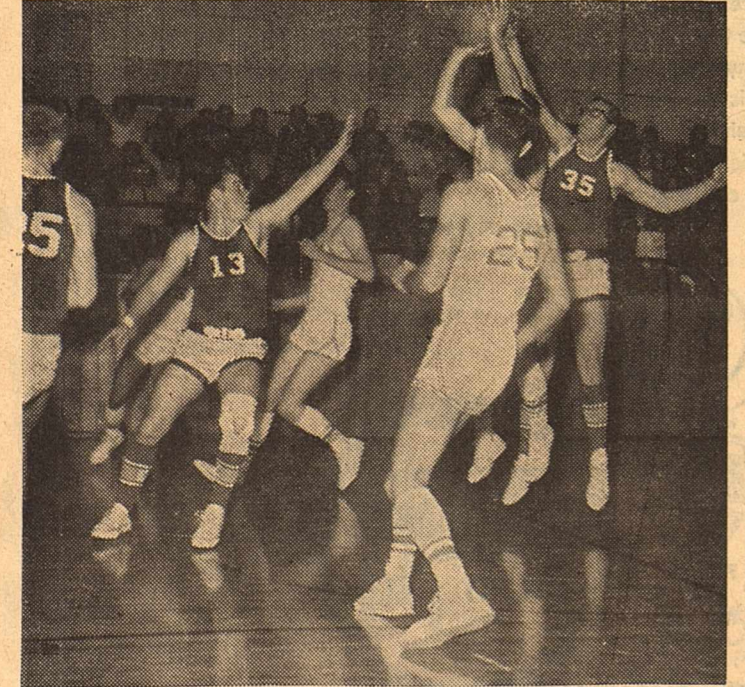

The masked marvel was promised to be present at the Booster intra-squad basketball game Thursday night, according to Norman Rousselot, club president.

Thursday night's events will also include boxing-gloves basketball and other features, says Rousselot, as well as the scheduled game between the "Fatbellies" and the "Flatbellies." The activity is scheduled to get underway at 7:30 p.m.

Tickets will be sold at the door.

SOME OF THE SONORA FANS watch the action in the Sonora-Eldorado game last Friday night. The scoreboard shows that the Eagles are ahead but the final score ended with Sonora on top 48 to 43. This win gave the Broncos a sure tie for the east zone championship of District 8-A. The Broncos clinched the championship Tuesday by defeating Menard 82-27.

ACTION IN THE SONORA-Eldorado basketball game played here last Friday night was fast and furious. An unidentified Bronco goes high in the air for a shot as other Broncos, Ben Perez (25), Noe Chavez (15), and Grady Roe look on. Sonora won the game by a score of 48-43.

Judgers Take Fourth

The Sutton County 4-H all-girl grass judging team placed fourth in competition with 45 other teams at the Fort Worth Fat Stock Show judging contest February 5.

The team is composed of Kaye Ellis, Susan Allison, and Cee Wee Johnson.

Ray Glasscock placed third in individual scoring with a score of 390 out of a possible 400. Miss Allison placed sixth and Miss Ellis placed eighth in individual scores, both with 380 out of a possible 400.

Edgar Glasscock, coach, accompanied the judges to the Fort Worth show.

The team is scheduled to judge at the Houston show March 4.

Methodists to Hear Rev. Gibbons Sunday

The Rev. Kermit Gibbons, San Angelo district superintendent of the Methodist Church, will be guest preacher in the First Methodist Church Sunday, February 13.

The Rev. Mr. Gibbons, a graduate of Southwestern University at Georgetown and the School of Theology of Duke University, Durham, North Carolina, is serving in his first year as district superintendent.

He will preach at the morning worship service, at 10:50 a.m. Special music at the service will be a vocal solo "Fill My Cup, Lord", sung by Mrs. Dennie Hays.

The Rev. Allen G. Roe, pastor, reminds members and officials that an attendance emphasis is now in progress.

Commissioners Set City Election Date

Members of the commissioners' court Monday set a city officer election for April 5. The election will be held at City Hall and will elect the mayor and two commissioners.

The commission also read and passed the telephone rate change ordinance.

Mike Boatright Wins First At Fort Worth

Micheal Boatright, son of Mr. foot. Ray Glasscock, Sutton County and Mrs. Mike Boatright, brought home a championship ribbon from the Fort Worth Fat Stock Show recently.

Boatright's entry was named the champion Red Angus carcass steer and qualified by being third on

A. Earwood Selected To Judge at Show

Armer Earwood, Sutton County rancher, will be among the judges at the Houston Livestock Show February 23-March 6. Earwood will judge the open class of Angora goats.

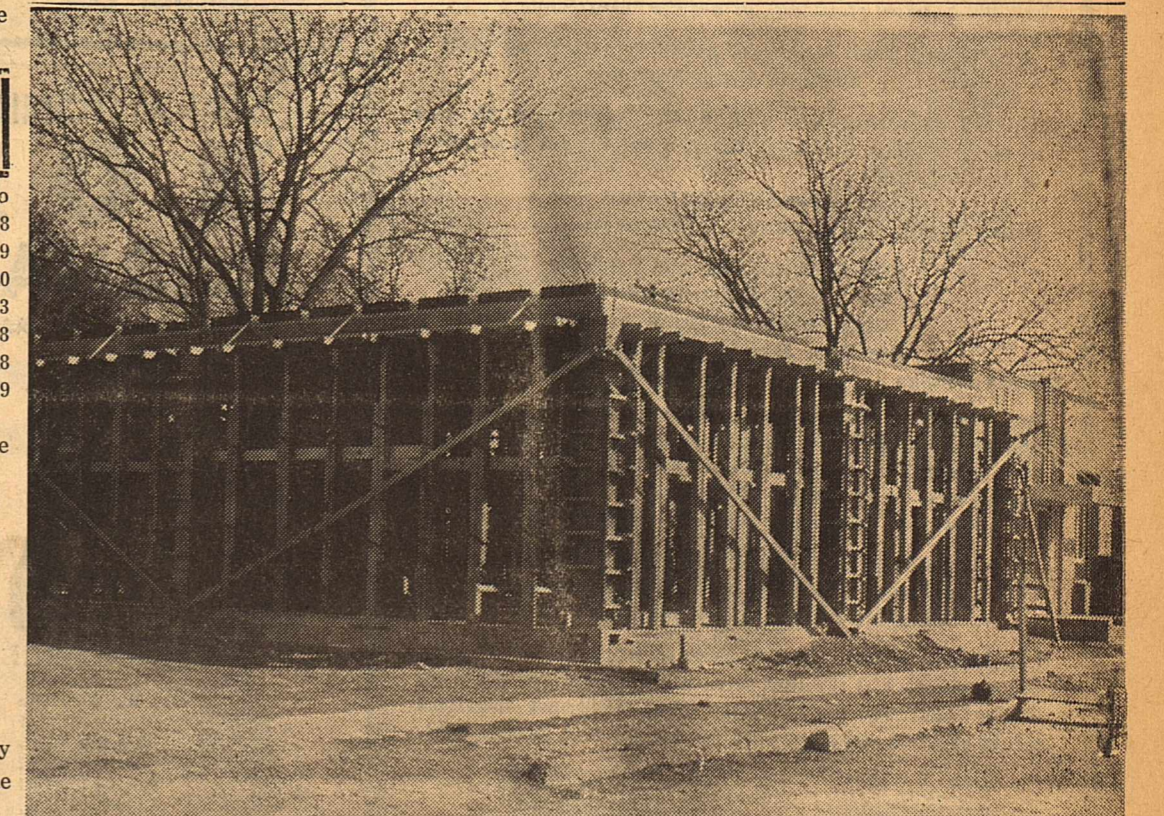

The 34th annual Houston show, will be the largest livestock show in the world to be held under one roof.

The new exposition building which is adjacent to the famed Astrodome, has 500,000 square feet and covers approximately 12 acres.

The Sutton County 4-H all-girl judging team will be among 125 teams competing for cash awards, medals, and trophies. This team is composed of Kaye Ellis, Susan Allison, and Cee Wee Johnson.

DEAN'S HONOR ROLL

Larry Bob Moore, son of Mr. and Mrs. Herman Moore, has made the dean's honor roll at Abilene Christian College.

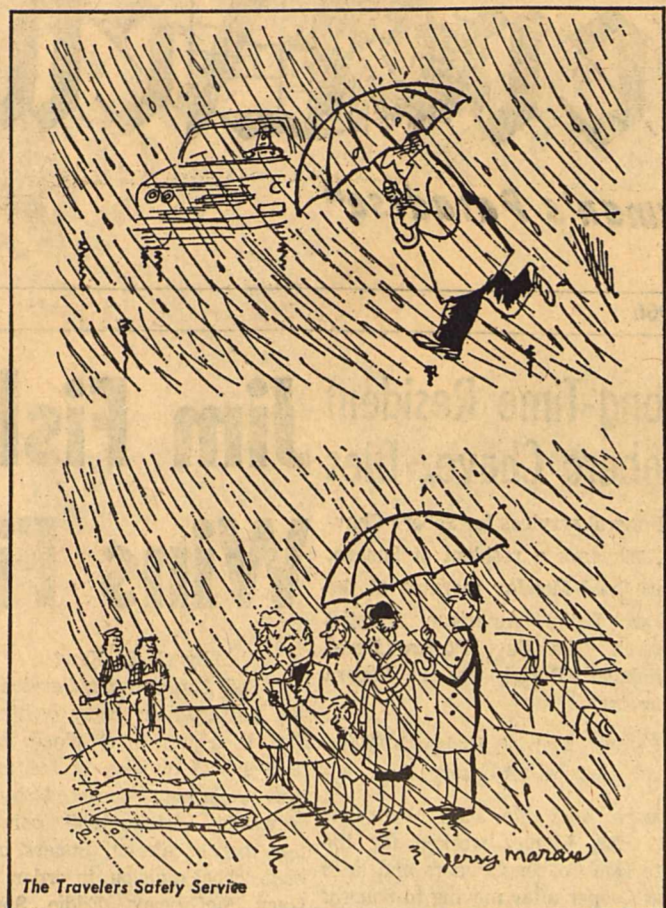

WHEN THE LEAVES RETURN to these trees, this unfinished central office equipment building will be completed, according to R. R. McCullough, district manager for General Telephone Company of the Southwest. McCullough says construction on the new building should be completed by spring.

Philosopher Comments On President's Budget

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River reviews the national budget this week, more or less.

Dear editor:
I don't like to advise the President, there ought to be somebody left in this country who isn't always saying what the President ought to do, or shouldn't do, or should have done or shouldn't have done, not to mention the same for his wife and children, but last night I was reading in a newspaper which I hauled off and bought in town, people think I just sit around out here and wait till a paper shows up but this isn't the first time I've bought one, I did the same thing once year before last, at any rate, according to this paper which I bought and paid for and now own outright, President Johnson has proposed a record-budget for this year of 112.8 billion dollars.

However, he pointed out, this will come within 1.8 billion of being balanced, because while we have to spend more, the country is booming so its income will increase so much that tax revenues will make it come out almost even.

Now this may work for the nation, the President has more economic advisers than I do and they keep in closer touch with the economic index—in fact, I'm out of touch altogether with the economic index, I had one for this bitterweed ranch but I mislaid it, well I didn't really mislay it, I filed it under the E's where it belongs but now I can't remember where I put the

E's—but it never works out that way with me.

Every time I figure I can spend more because I anticipate making more, something happens and I wind up making less and therefore owing more. I don't know about Washington, but with me anticipated income is one of the most unreliable sources of revenue I've ever tried to operate on. A calf born in January ought to be worth around \$100 in September, and it would have been if it hadn't died.

However, this isn't to say Washington can't do it. It's got more calves to depend on.

Yours faithfully, J. A.

Dr. Howell Honored on 70th Birthday After 32 Years Dedicated Service Here

Sonorans turned out en masse Sunday afternoon to congratulate pioneer doctor J. F. Howell on his seventieth birthday. The occasion marked Dr. Howell's thirty-second year of medical practice in Sonora.

A Valentine theme carried out in red and white was used to decorate the First Methodist Church fellowship hall. A bouquet of roses on the serving table accented red roses on the huge white heart-shaped birthday cake, a gift made by Mrs. Chris Haines. Two tiny birds at the top of the cake seemed to be singing "Happy Birthday Dr. Howell."

Wall posters, complete with illustrations, named the following among the doctors accomplishments: 1,000,000 Night Calls; 3,000 Yowling Young 'Uns; 32 Years Faithful Service; 18 Years Without a Hospital; Avid Bronco Booster 32 Years (Ole Miss., Too); Civic Interests: Methodist Church Board of Stewards, Masonic Lodge, Lions, Chamber of Commerce, Boy Scouts, Draft Board, American Cancer Society, County Health Officer; AMA; TMA; Tom Green 8 County Medical Society, Southern Medical Association; and Texas Academy of General Practice.

Wilson, and Mrs. Charles F. Browne provided piano music during the celebration.

Receiving guests with the honoree and family were Dr. Charles F. Browne, Albert M. Everett, Mrs. G. H. Davis, and Mrs. Bryan Hunt.

Registering guests were Mrs. Earl Duncan and Mrs. W. H. Dameron.

Mrs. Everett and Mrs. Edwin Sawyer presided at the punch service and Mrs. Browne and Mrs. W. R. Cusenbary presided at the tea service. Serving cake were Mrs. Robert Pfluger and Mrs. Allen Roe.

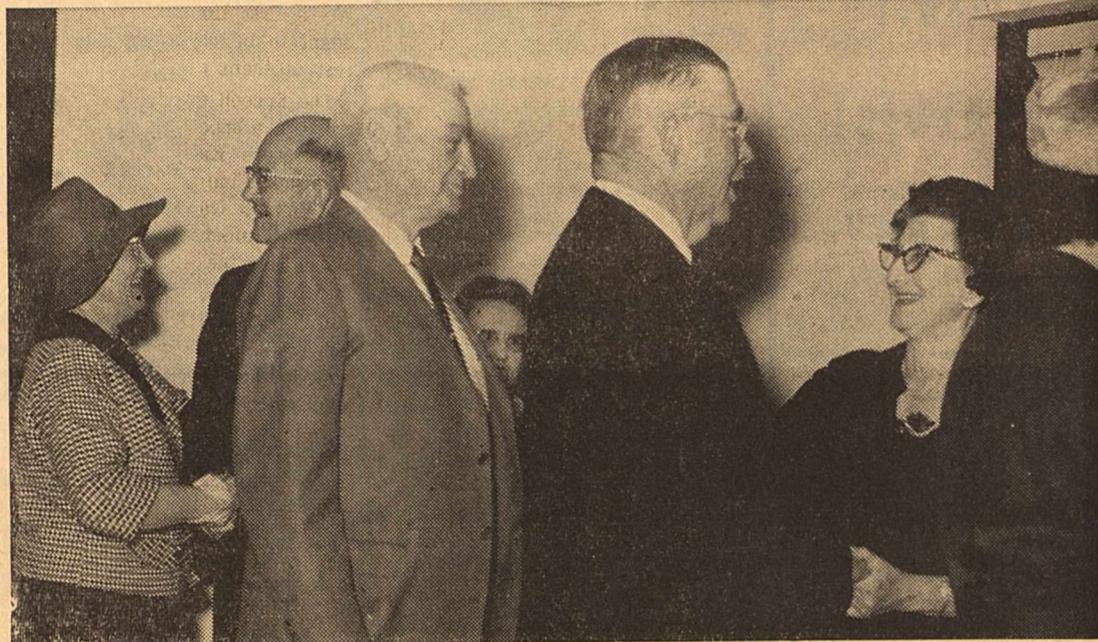

Other members of the houseparty included Mmes. C. M. Epps, R. C. Vickers, R. L. Hardgrave, Cleve T. Jones Jr., J. E. Eldridge, Fred Maxey, Curt Schwiening, and A. W. Awalt.

Throughout the week preceding the reception, Dr. Howell was presented with gifts, flowers, cards, and telegrams of appreciation and congratulations from friends and relatives. Outstanding among the gifts were an engraved silver tray and cuff links presented to Dr. Howell by the hospital personnel and Dr. Browne in appreciation of service to the community from 1934-1966. Dr. Howell was also presented a trophy as the No. 1 Bronco Booster by the Bronco Booster Club.

HONORED ON HIS 70th BIRTHDAY, Dr. J. F. Howell, above, and Mrs. Howell pose next to the birthday confection made by Mrs. Chris Haines for Dr. Howell. A Valentine theme was carried out in the decorations and refreshments at the reception Sunday. Below, Dr. and Mrs. Howell are pictured with their three children from left, Charlie Howell, Dr. J. F. Howell Jr. of Amarillo, the Howells, and Mrs. Jack Allen of Perryton.

SONORANS TURNED OUT en masse to congratulate Dr. Howell Sunday on his 70th birthday and to express their appreciation for 32 years of service to the community (above and below, 3,000 yowling young'uns and 1,000,000 night calls). At left Dr. and Mrs. Howell receive guests. They are from left, Mrs. Beulah Cook, Dr. W. T. Hardy, Mrs. Ed Mayfield, and Joe B. Ross.

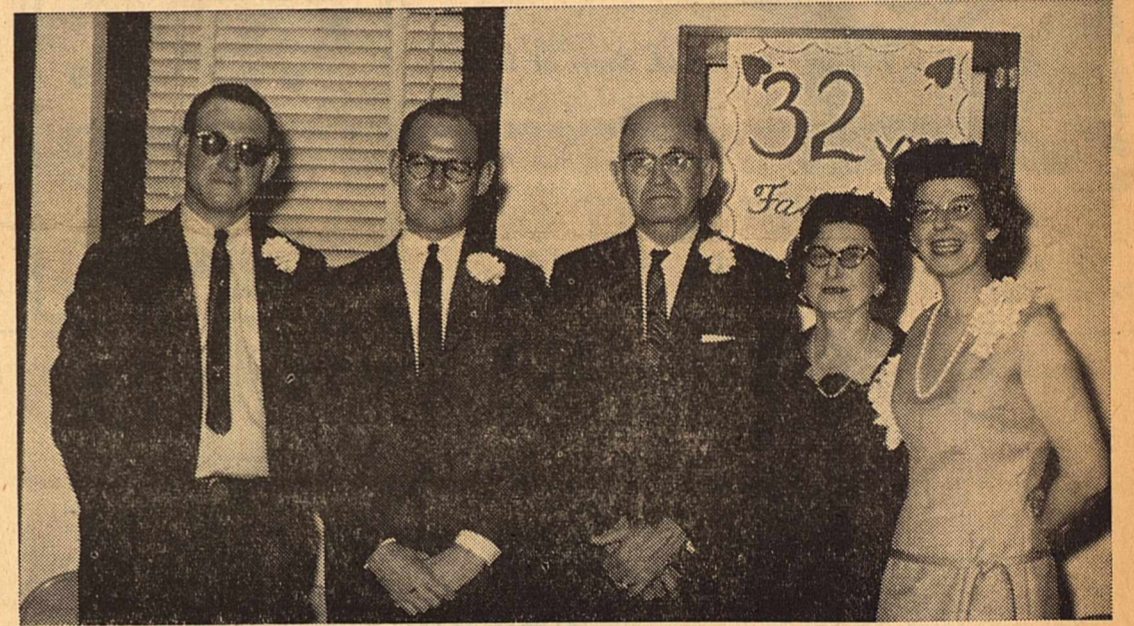

Out-of-town guests included members of the Howell family, Mrs. Jack Allen of Perryton, daughter of Dr. and Mrs. Howell; Dr. J. F. Howell Jr. of Amarillo; and Charlie Howell, a student at Texas Technological College. Mr. and Mrs. J. M. Pirkle of McCamey, sister and brother-in-law to Dr. Howell, were also on hand for the event.

Guests from San Angelo included Dr. and Mrs. A. G. Dietrich and David, Dr. and Mrs. Jerry Byars, Dr. and Mrs. Lacy Smith, Dr. Charles F. Engelking, and Dr. Tom Hunter.

Guests from Eldorado included Mr. and Mrs. Perry Mittel, E. J. Dandford, Mr. and Mrs. Frank Van Horn, Mr. and Mrs. Palmer West, Mr. and Mrs. Tom Ratliff, and Mr. and Mrs. Eldon Calk.

Mrs. Gus Eustace and daughter, Sherrie, of Rocksprings were also present.

Woman's Club Hears Talk About Sweden

What might an American impression of Sweden be? And what was a Swede's first impression of the United States and Texas? And how is Sweden's educational system operated, and how about the churches?

These are some of the things the

members of the Sonora Woman's Club learned when Miss Ingrid Engstrand, an exchange student from Sweden, spoke at the Feb. 3 meeting.

Mrs. U. E. Rogers of San Angelo explained the American Field Service and introduced the guest speaker for the afternoon. Miss Engstrand is living with the Rogers while in America.

The American's Creed was read by Mrs. Jamie Parker at the beginning of the meeting.

The club's annual meeting, when the nominating committee will present their slate of recommended officers for the next club year, will be held Thursday, February 17.

Mrs. C. M. Epps and Mrs. Albert Ward will give reports.

Hostesses for the meeting will include Mrs. J. F. Howell, Mrs. John King, Mrs. Rex Lowe, Mrs. Harold Schwiening Jr., and Mrs. Jamie Parker.

Officers for the Woman's Society of Christian Service were elected at a meeting February 2.

Mrs. Alvis Johnson was named president and Mrs. Cleve T. Jones Jr. was elected vice-president. Secretary for the next club year will be Mrs. Joe Brown Ross and treasurer will be Mrs. C. W. Epps.

Committee chairmen were also elected. They include the following: Mrs. Rex Cusenbary, membership and cultivation; Mrs. Allen Roe, missionary education; Mrs. Frank French, Christian social relations; Mrs. A. W. Awalt, spiritual life; Mrs. J. C. Stevens, program material; Mrs. Herman Smith, supply; Mrs. W. H. Dameron, campus ministry; and Mrs. Buella Cook, church activity.

Mrs. Johnson announced the 25th annual meeting of the WSCS district conference in San Angelo March 16, 17, and 18. She also announced that the sub-district meeting of the MYF would be held here February 13 and that the WSCS would prepare the food for the supper meeting.

Local MYF To Host Area MYF Groups

The Methodist Youth Fellowship of First Methodist Church will be host to the West San Angelo sub-district MYF beginning 2:45 p.m. Sunday.

Youth from McCamey, Rankin, Mertzon, Big Lake, and Ozona are expected to attend.

Eddie Sawyer, local MYF president, will lead worship and Grady Roe will be in charge of recreation. Debra Wardlaw is in charge of registration.

Ladies of the Woman's Society of Christian Service and the Wesleyan Service Guild will serve supper at the close of the meeting at 6 p.m.

All Methodist youths are urged to be present.

New Elks Auxiliary Officers Installed

Officers of the newly organized Elks Auxiliary were installed by the exalted ruler, John A. Martin Jr., at a January 27 ceremony at the lodge.

These officers include Mrs. Jimmy R. Harris, president; Mrs. Raymond Morgan, vice-president; Mrs. Jimmy Doyle of Eldorado, secretary; Mrs. John A. Martin Jr., treasurer; and Mrs. Billy J. Jolly, historian and reporter.

The group meets twice monthly and is pledged to assist the Elks

Safety First

The following poem on safety was written by E. B. Keng, Soil Conservation District technician.

S is for SAFETY — at work or at play,
It demands top priority both night and day.
On-the-job safety can get you a scroll —
But you need TOTAL SAFETY to escape Peter's roll!

A is for ACCIDENT — the result of a cause,
Quite often related to a wink at the laws.
One can also result from a lapse of the mind,
The next three accidents reflect this kind!

F is for FEET with blisters that bark
When a tenderfoot hunter goes off on a lark.
One-night-a-week bowling — or similar play
Won't get your feet ready for 20 miles in a day!

E is for ELBOWS that get a bad thump
When a buck-hunting jeep goes bumpity-bump!
In the heat of the chase the pain you can stand,
But when you meet friends — extend the left hand!

T is for THUMBS that you cut in a trice
Slicing meat toward you — 6 stitches the price!
Fingers in a mower can also leave nubs,
We could relate more of our accidental flubs!

Y is for YOU — the man at the wheel
With safety alertness — YOU call the deal.
Road conditions and hazards must stick in your mind,
And that the fellow you're meeting may be blind!

F is for FROLIC — which is fine in its place,
But drinking with driving often quickens the pace.
Can release inhibitions and carelessness good,
Be sure to make coffee your "one for the road!"

I is for ICE — that may hamper your vision,
Adjust for its dangers to avoid a collision.
In a car or on foot it can put you in bed,
With a broken back or a bump on the head!

R is for RUSH — a demon of the age
For many an accident it oft sets the stage.
"Take time to be careful"—old, but still true,
And the guy that you save could be YOU.

S is for STOVES that are left on at night,
With the windows closed in a house that is tight.
If the oxygen vanishes while you are abed,
The coroner may find you DEAD! DEAD! DEAD!

T is for THINKING—the key to good health
Which, basically speaking, is the greatest of wealth.
If SAFETY FIRST is a constant desire,
The chances are good you will live to retire!

Chevrolet Impala Sport Sedan with Body by Fisher

JET-SMOOTHER THE CHEVROLET WAY

We added new bushings and softened body-to-frame mounts to smooth Chevrolet's ride. We put in soft-acting shock absorbers and soft-working coil springs at every wheel. By soft, though, we don't mean mushy. Chevrolet's Way makes for a smooth, solid ride. Very steady on curves. A bump jumps from the Wide-Stance wheels to the supple springs and shocks—and pfff! It all but disappears.

Soft contoured new Strato-bucket front seats come standard in Super Sports for relaxing comfort on every trip.

All kinds of cars, all in one place... at your Chevrolet dealer's: Chevrolet · Chevelle · Chevy II · Corvair · Corvette

Snips, Quips, And Lifts

by Mrs. Lottie Lee Baker

This is the month of "Hearts and Flowers", St. Valentine's Day is just ahead, There's chocolates, and jewelry, and "gadgets", galore, Sentimental cards—all done up in red.

Why doesn't the department of Internal Revenue offer us our money back if we're not satisfied?

Nothing is opened by mistake more often than the mouth.

Perhaps the income tax should have been named the out-go tax.

A bargain is something you can't use at a price you can't resist.

Be careful with your tongue—remember it's in a wet place and it might slip.

Hush, little snowflake, don't you cry, You'll be a dewdrop next July!

The best way to forget all your other troubles is to wear tight shoes.

Many of us would be delighted to pay as we go, if we could only catch up from paying as we've gone.

If you are too fat, don't eat—fast; If you are too thin, don't eat fast.

A LIFT FOR THE WEEK
A smile is a curve that can set a lot of things straight.

Miss Miers Earns Degree From SWTSC

Miss Ruth Miers, daughter of Freeman Miers, is among over 150 Southwest Texas State College students who completed their degree requirements this month.

Miss Miers will receive a certificate from the San Marcos college now, and will participate in the May commencement ceremonies. Beginning this year, Southwest Texas has no formal January graduation services.

She received a bachelor of science degree from the school of Applied Arts at Southwest Texas. She is a home economics major and a 1962 graduate of Sonora High School.

While attending Southwest Texas, Miss Miers was a member of Texas Student Education Association and Kappa Lambda Kappa, honorary home economics fraternity.

Bitten by her neighbor's Angora cat, a woman filed suit for damages. She based her claim on two points: 1) that the neighbor owned the cat, and 2) that the cat had been trespassing in her back yard.

But the court held that neither ground was enough to support the woman's claim. The court said ownership alone does not mean liability for a cat's mischief, since it so seldom commits any. As for the trespassing, the court said cats are given freedom to roam—and to cross boundary lines—by common consent of mankind.

As a rule, a cat's victim can collect damages only by showing some previous vicious conduct by the cat. Such conduct puts the owner on notice that his pet is dangerous.

For example—a shopper, accompanied by her dog, entered a market. The proprietor's cat, which had recently had kittens, promptly tore into the dog. When the woman tried to protect her dog, she herself was mauled by the cat.

In this case the woman did collect. The court pointed out that a cat with kittens is likely to attack a dog, that customers often brought dogs to the market, and that another customer had been attacked earlier in the same manner. Under these circumstances, the court decided the cat was indeed dangerous and should have been restrained.

However, a minor show of temper will not put the owner on notice that he has a feline menace on his hands. Thus another woman, bitten by a cat, was denied damages because the only prior misconduct she could prove was that the cat had once shown his teeth and snagged a girl's stocking.

In short, in view of the generally good record of the species, the law is tolerant of a cat's natural tendencies. And, in that same spirit, the law looks with favor on efforts to be kind to cats.

One woman left money in her will to establish a "cattery" for homeless cats. Although the bequest was challenged as useless to the community, a court upheld it as a valid charitable trust. In the words of one judge:

"A gift for the benefit of animals tends to encourage kindness toward them, promote feelings of humanity and morality generally, repress brutality, and thus elevate the human race."

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Caldwell Receives Army Promotion

Jerry G. Caldwell, son of Mr. and Mrs. James R. Caldwell, received an early promotion to Army pay grade private E-2 following successful completion of basic combat training at Fort Polk, La., Jan. 22.

Caldwell was awarded the promotion two months earlier than is customary because of his proficiency in firing the M-14 rifle, his high score on the physical combat proficiency test and his military bearing and leadership capabilities.

The early promotion program is the result of a new department of the Army policy to recognize and provide incentive to outstanding trainees.

Caldwell graduated from Sonora High School in 1963.

STRONG CHURCHES Make STRONG COMMUNITIES

One Man Looks At The World ...
... and it makes him sick!
Another looks at the world and his heart stirs with hope.
The first has seen only the world itself... full of evil, injustice, ugliness, pain.
The second has seen more than the world. He has seen God... Who is not content with the world as it is... Who offers men the spiritual tools with which to change their earthly environment... Who promises divine help and lasting reward.
For the man who is tired of scowling at life the Church has a message... and a mission.

Langford Stresses Importance of Grass

Grass is our basic heritage, says county extension agent D. C. Langford. Good, palatable grass is the cheapest feed that can be grown.

It affords protection from floods, guards our cities' water supplies, furnishes our cereal crops and provides forage for livestock and wildlife.

"Knowing which grasses grow on your range can be the key to successful range management. Certain pasture grasses are indicators, like signs on a highway. They show whether the range is going up-hill or down, or if the way ahead will be crooked or straight," Langford points out.

The ranchman should know the kinds of plants growing on his

range. He should know their forage value, how to use them properly with the right kind of livestock and at the proper season.

He should know the drought resistance and livability of grasses, how and when to control noxious plants, how to properly distribute livestock for uniform use of forage and how to develop a grazing system to keep livestock numbers and forage in balance.

You should learn the adapted and native grasses on your range so you can practice good management, concludes Langford. Bulletin 182, "Know Your Grasses," available at the county agent's office, contains illustrations and descriptions

of most Texas grasses—ask him for it.

Annual Beef Cattle Field Day Slated

The annual Beef Cattle Field Day will be held March 3 at Texas A&M University's Livestock and Forage Research Center, McGregor, reminds D. C. Langford, county agent.

Cattlemen will have an opportunity to see and hear for themselves the latest research results on beef cattle, said Henry O. Hill, superintendent of the McGregor Station. The A&M field station is located three miles south of McGregor on state highway 317.

Activities will get underway at 9:30 a.m. with tours of cattle pens. Local ranchers and county agents will be tour guides, said Hill.

After a barbeque lunch, the afternoon program features Charlie Scruggs, editor of Progressive Farmer magazine, as master of ceremonies.

A. A. Melton, associate animal husbandman, McGregor, will talk on feed cost of beef cow's annual production. Melton has initiated a "cow size study" which relates body size of cow and breed to efficiency of beef production.

Dr. G. F. Ellis, of Texas Technological College, will discuss the potentials of selective breeding.

Walter Kruse, assistant animal husbandman, McGregor, will speak on weaning weights related to breeding.

The program will wind up as Dr. O. D. Butler, head of the department of animal science at A&M, summarizes the beef cattle research program at A&M.

The field day should conclude about 3 p.m., says Langford.

Visiting in the home of Mrs. Rena Trainer and Mr. and Mrs. T. K. Nevill last weekend were Mr. and Mrs. Joe Trainer and Mrs. R. D. Stalling of Pasadena, children of Mrs. Trainer's.

Mr. and Mrs. Glen Kallman and Jeffery of Austin visited in the home of Mr. and Mrs. Charles F. West last weekend. Mrs. Kallman and Mrs. West are sisters.

Balanced Diet Essential for Health, Vigor, Advises Nutrition Foundation

Experts say everyone should eat a "balanced diet". Why is a balanced diet so important? What do you have to eat to balance your diet? How can you plan balanced family meals?

Scientific studies have established that the body needs about fifty different food factors—called nutrients—to function in best vigor and health, the Nutrition Foundation reports. The Foundation, whose board of trustees is made up of leading university, food company, and allied industry representatives, is a non-profit organization supporting research and education in nutrition.

The nutrients include vitamins, minerals, and common foods such as proteins, carbohydrates, and fats. About fifty essential nutrients are known now and scientists predict that it is probable new ones

will be discovered in the future.

Only a trace of some of these nutrients are needed, while others are required in large amounts. Some nutrients must be eaten daily. Foods consist of a mixture of nutrients, but no single food provides all the nutrients in the amounts needed. The trick in balancing a diet is to select the mixture of foods which will provide you with all the needed nutrients.

Fortunately, you need not keep track of fifty different nutrients when planning a meal—that would kill all the pleasure of eating. A balanced diet is assured simply by day and others can be stored by four groups which have been set up by scientists to simplify food planning and provide insurance that your body gets the nutrients it needs.

The MEAT GROUP includes beef, veal, lamb, pork, organ meats (liver, kidney, heart), poultry, eggs, fish, and shellfish. Alternates are dry beans, dry peas, nuts or peanut butter. Two or more servings are needed every day. A serving consists of three ounces of lean cooked meat, poultry or fish without bones, or two eggs, or a cup of cooked dry beans or peas, or four tablespoons of peanut butter. This group contributes protein needed for growth and repair of body tissue as well as vitamins and minerals.

The MILK GROUP includes milk in every form: fluid, dry, whole, skim, and canned, as well as cheese, cream, and ice cream. Children and teenagers need three or four or more glasses a day, and adults should have the equivalent of two glasses of milk for calcium, high quality protein, and many other food factors.

The VEGETABLE - FRUIT GROUP contributes essential vitamins and minerals not found in the meat group. At least four servings a day should be eaten by everyone. Vitamin C is especially required each day since the body does not store this essential need. Citrus fruits, cantaloupe, strawberries, broccoli, and green pepper are high in vitamin C; melons, vegetables, potatoes, and sweet potatoes cooked in the jacket have some of this vitamin. A dark-green or deep-yellow vegetable should be selected at least every other day for vitamin A.

The BREAD-CEREAL GROUP includes rice and macaroni products. We should select foods that are whole grain, enriched or restored to get worthwhile amounts of protein, iron, and several of the B vitamins and food energy. At least four servings should be eaten each day. A slice of bread is a serving, as is ½ to ¾ of a cup of cooked cereal, macaroni, noodles, rice, or spaghetti.

Other foods, including butter, salad oils, and sugars, round out the diet and contribute flavor, appetite appeal, and energy.

Peace Corps Test Offered Saturday

Sutton County area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 9 a.m. on Saturday, February 12 in Room 324, Federal Building, San Angelo.

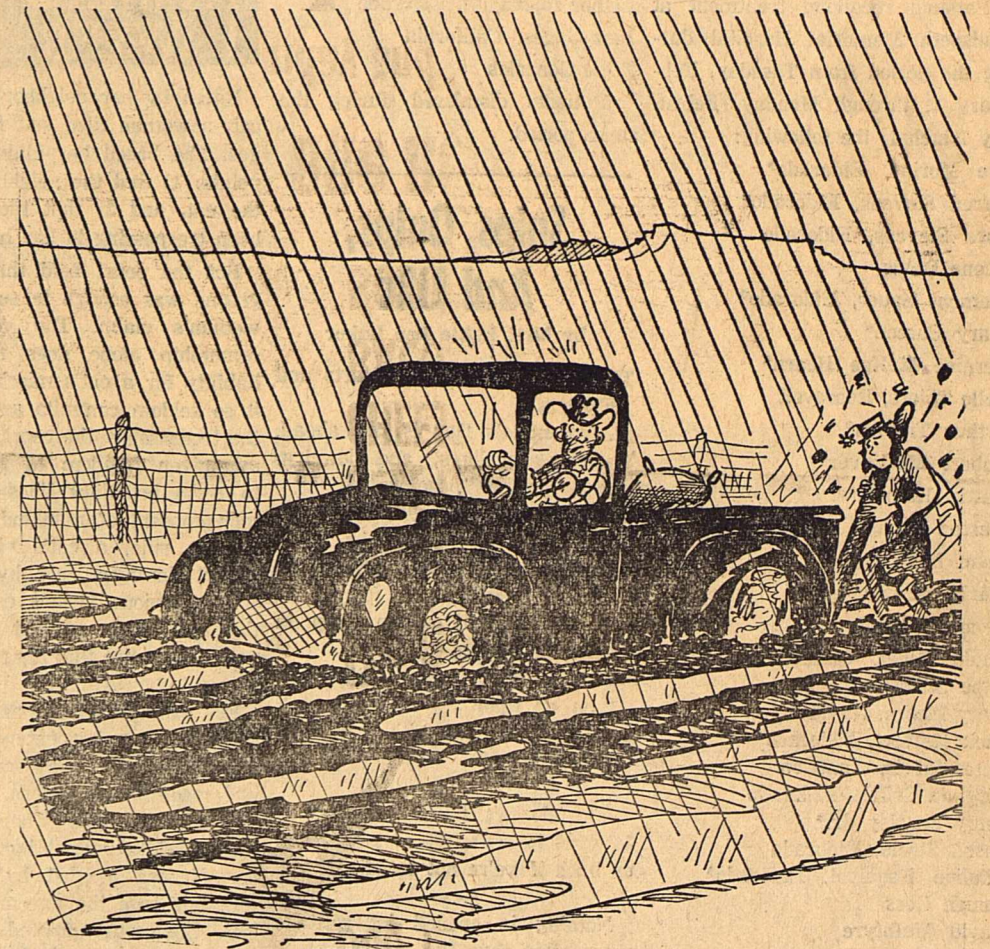

The Peace Corps uses the placement test to determine how an applicant can be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The placement test requires no preparation and is non-competitive—an applicant can neither pass nor fail.

The application form, not the placement test, is the most important factor in the selection of volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.

The placement test takes about an hour and a half. An optional achievement test for applicants who have studied French or Spanish requires another hour.

WHO, ME?
'Little Shaver'?
You Must Mean
'Little SAVER' . . .

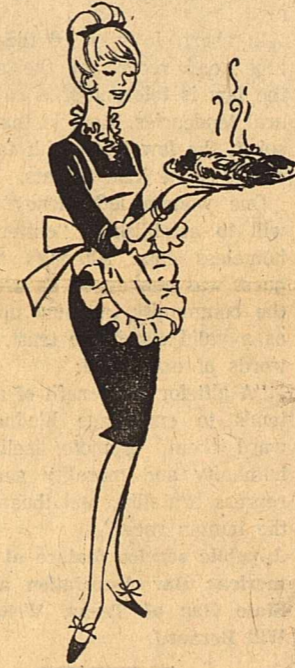

I'VE EVEN GOT MY OWN ACCOUNT . . .

My folks are pretty smart, even if I do say so myself. They opened a savings account in my name and have trained themselves to put a little something (sometimes a lot!) into it every pay-day. And day by day it earns 4 percent interest! This way, when I'm ready for college, or need something special, I'll have a 'bundle.' . . . Lucky me!

Jim Fish . . . from Page 1

Some 154 high school, 83 junior high, and 23 elementary school essays were prepared. Most of the papers reflected that both thought and research was given the subject: Conservation—The Key to Plenty. Supervisors of the Edwards Plateau soil conservation district especially thank all students who participated, as well as Smith Neal and the high school English department, Bob McMinn of junior high, and Ralph Finklea of Central Elementary.

Dr. Leo Merrill and Pat Reardon of the Experiment Station and Keng served as judges. "Placing the top 20 essays was very difficult", the committee stated. Emphasis was placed on originality and evidence of understanding of the subject.

Honorable mention in the high school group was given to Monte Dillard, Anita Bassham, Libb M. Wallace, Janice Caveness, Mike Richardson, Johnny Ramos, Louis Wardlaw, Eddie Howell, Cecilia Johnson, Cathy Moffitt, Tony Martinez, Rhonda Crawford, Shelly Morriss, Keith Nolan, Ray Glasscock, Mark Jacoby, Jane Sawyer, Mickey Hardegree, Stan Bundy, Gary Hardgrave, and Cindy Lambert.

Honorable mention in the junior group included Patti Richardson, Barry Black, Tim Allison, Jim Elliott, Glenn Pettiet, and Trouba Teaff.
