Spring Clean-Up

Spring Clean-Up Begins in Sonora

Sonora is observing "Clean-up, Fix-up, Paint-up Month" during June with the objective of making Sonora a more beautiful place in which to live or visit. While the campaign is aimed at creating a favorable impression on tourists who will be spending time and money in Sonora, the Chamber of Commerce points out that the beautifying benefits should make Sonorans proud of their town's appearance.

Carl Teaff Plans To Play Football For Angelo State

Carl Teaff, All-District, All-West Texas, and All-State guard this past year, will be playing football for Angelo State College next fall. Teaff was one of the big factors in getting Sonora to the Class A regional finals and played a tremendous game in the losing effort against Coahoma in the regional contest. Teaff, who stands 6 feet 1 inch and weighs 180 pounds, was an outstanding performer for Sonora all year in football and into the basketball season. He will give the ASC Rams an added boost in the line and on defense.

Residents of Sonora are urged to begin cleaning up their yards and vacant lots and placing the trash on the edge of the street as the city will provide a pick-up service for the trash the first two weeks of June.

The clean-up campaign has become a yearly affair in Sonora and the Chamber of Commerce points out that one of its most striking accomplishments is the lovely Sunken Garden next to Sonora Men's Store.

"A little extra effort by the citizens and Sonora could be beautified to compliment the beauty and splendor of the Caverns of Sonora," says Bob Johnson, manager.

CRISIS IN THE COUNTRYSIDE

(Editor's Note: Additional emphasis on the importance of soil stewardship is reflected in the following article by Don Williams, administrator of the Soil Conservation Service.)

Today, there is indeed a 'crisis in the countryside'—or rather, two crises. One is the continued wastage of the land through erosion and improper use. The other is the result of man's partial success. This is the crisis of complacency about conservation.

Why this complacency? Perhaps it is because the need for increased conservation measures does not immediately strike the eye. The supermarkets are full—today. The dust may not be blowing—today. And so we concern ourselves with the big headlines—wars, space, missiles, murders!

These are serious matters indeed. But, we lose more of our land every year to silent erosion than we ever have lost, or shall ever lose, to a foreign foe. Where is the battle cry for this?

What happens to the eroding lands in Missouri and Montana affects us more directly than our landing on the moon. Where are the pleaders for this? And—no matter what weapons of the future we develop—the most modern army in the world still travels on its stomach, still depends on the bountiful earth we take for granted.

Do not misunderstand me. Our activities around the world, and out of it, are very necessary. But I will firmly believe to the end of my life that there is no work more important, now or for the future, than conserving and enriching our land, the basis for our life, our living, our national wealth.

Yet, we lose each year, thru erosion and other

forms of preventable damage, about 500,000 acres of formerly productive land. The bulldozer and the builder take another one and one third million acres of the best land every 365 days for highways, factories, housing and so on. Our rivers continue to flood and destroy homes and hopes. Our water supply runs short, becomes polluted, erodes the land. And, as much of our land disappears, our population and that of the world increases.

Yes, our supermarkets are still full. Our time has not run out. But, quite literally, the sins of our forefathers are being visited upon us. We cannot afford to be as wasteful in the future, if we desire our children's children to inherit an affluent America. We must plan more intensively, farm more wisely, care more urgently. And we must make sure the city man understands that what happens in rural America affects him immediately and profoundly.

We call our land "God's country," and it is. Let us clearly acknowledge it is our job to keep it that way. Farmers and ranchmen, as the chief soil stewards, have the heaviest responsibility. They, of all people, know the conservation job is far from done. Thirty percent of our land is being properly treated. What about the 70 percent.

As we acknowledge Soil Stewardship Week, let us indeed thank God for this country, and for the thousands of dedicated people working to keep it rich and bountiful—especially the officials and cooperators of our 3,000 soil and water conservation districts. And then—let us get off our knees and go back to work.

He Wants Program Of Pick-Up Care, Etc.

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River apparently has pick-up trouble, his letter this week indicates.

Dear editor:
I was out of newspapers yesterday and nothing to read and nothing else to do so decided to have a look at my ranch in my pick-up.

My intentions were good but the pick-up wouldn't start, and I got to thinking. That pick-up I'll admit is 17 years old but it's still got some good years ahead, I know a neighbor who has a 28-year-old model and it runs all right. Probably what it needs is a cleaner carburetor, new spark plugs, new points, a new battery, a new generator, and possibly the valves need grinding and to tell the truth probably a complete overhaul would help.

But that runs into a lot of money. Then I got to thinking some more. Why should a pick-up, just because it's old, have to be mortgaged to the future to stay off the junk heap? What's the matter with Congress? Why not a Pick-up-Care Program? To shorten it, you could call it Picka-Care, and any pick-up, on

reaching the age of say 10, would be eligible.

If the program works, the next step, and this will prove far more popular, would be Auto-Care. Most people spend more buying a car and keeping it going than they do on their health, and the job is getting more burdensome every year. Takes \$40 or \$50 to take one dent out of one fender, and if you do something serious, like throwing a rod, you've got your future mortgaged.

The way things stand now, the automobile manufactures take care of breakdowns for the first 25,000 miles, in some cases longer, but it's what happens after that that I'm talking about. That's when the government ought to step in.

After we get Picka-Care and Auto-Care going, with maybe Lega-Care thrown in to take care of damage suits if you run into somebody, other areas may offer possibilities. I noticed last night my television set was flickering, one of the tubes must be getting weak. You reckon something could n't be worked out on T.V.—Care? Yours faithfully,
J. A.

Keep your chin up and your eyes on the stars — they're always shining somewhere.

FAMILY POT LUCK

Sorcery with Leftovers
Cream sauce, thinned celery or mushroom soup may be used with leftover vegetables for reheating them and letting them come to the table in a different form. Serve garnished with toast points.

What do you do with leftover roast? Buy a bottled barbecue sauce or use your own. Heat with sliced roast meat and serve on French bread buns or onion rolls.

Pound cake or angel food? Soften peppermint ice cream and use as a sauce. Custard sauce might also be used if you want to make your own or thinned pudding mix might be cooked.

Green beans leftover from dinner might join kidney beans in a salad with a hot bacon dressing — the kind usually used for potato salad.

Leftover broiled fish? Bone and chill well then serve with a cucumber sauce made by mixing chopped vegetable with mayonnaise and whipped cream and a dash of dill weed. Orange or grapefruit sections? Let them sit with a bit of mint greens for salad.

Helen's Favorite:
Crab Louis (4 servings)
2 cans (7½ ounces each) crabmeat
4 cups bite-sized salad greens
1 cup pickled beets, cut julienne-style
3 tomatoes, sliced
4 hard-cooked eggs, quartered
Ripe and green olives
Dressing
Chill ingredients, then arrange on greens as desired. Serve with a dressing made by blending ¾ cup chili sauce, 1/2 cup mayonnaise, 1 teaspoon minced onion, 1/2 teaspoon sugar, salt and 1/4 teaspoon worcestershire sauce.

GIFTS TO REMEMBER

The best gift usually is one which makes a lasting impression on the recipient, and will be remembered and enjoyed for many years.

In this category, trees and shrubs as gifts strike a happy note, because they offer not only enjoyment, but changeability from one season to the next.

What gift would be more enjoyable to an aged person or a new homeowner than the gift of shade in hot summer weather?

Or a gift of rose bushes whose incomparable blooms for years will adorn the person of a beloved woman, whether mother or sweetheart?

For children there are gifts of young trees to watch grow from season to season, maturing as the child matures, a tree to climb up and climb down; a tree to enjoy for a whole lifetime.

An industrialist once planted a tree for each of his five children and it seemed the children always remained with him though one had died in war and

another from sickness. At considerable expense he moved the trees when they were mature because they had grown so precious to him.

Gifts of memorial trees by local clubs can beautify Sonora for hundreds of years. Flowering beauty as well as shade adds dignity as well as beauty.

Members of golf clubs often give trees not only to beautify the course, but to make it more challenging.

Industrial firms and other businesses donate trees to beautify communities. Retail businesses give trees to dress up drab trading areas. Newspapers run campaigns for street tree plantings.

In planting a tree or shrub, every home owner adds to the beautification of his home, his community and his country. Whether planting for pleasure, for a gift, or planting for memory, the results are the same — a more beautiful America, a more beautiful Sonora.

Sandlin Spotted On Welk Program

Editor's Note: The following is a copy of a letter written by Buzzy Stokes to Mr. and Mrs. Joe Sandlin of Blackwell, Texas.

Dear Dan and Joe,
We were in Bracy at the Red Floyd home Saturday evening when the Lawrence Welk program came on. Soon I noticed a couple dancing in a group and I had the thought that at last there is a couple on this program that can really dance. I thought then the guy looked quite familiar. Then the couple danced by again and I screamed to Nan, "Honey, here is Dan and Joe Sandlin." She and Ollen came in just in time to see you go off the screen but in time to hear Lawrence announce you. I was never so surprised, and by golly you can dance.

I imagine you have had a wonderful time. That guy Welk has gone places since he used to play around in West Texas. The only time I remember hearing him then was at McCamey, way back yonder.

I am sure you have had good rains at the ranch, and we need another. Right here we would like to wait a while as this is harvest time for spring vegetables. Onions are making a fortune and we are right in the middle of the harvest. Carrots are high, cabbage too. My farmer plowed up 30 acres of beautiful lettuce today, too cheap to harvest. Our cucumber and cantaloupe season is near. They are harvesting spuds now, too.

The Sheep & Goat Raisers are meeting here June 10-11. Hope you are back home by then and can come down. Would like to hear about your gallivanting around.

We are fine, all settled down and just farming away our lives. I am in the vegetable growing business. I have two pepper vines, three tomato vines and about a dozen hills of snap beans. I have been signing up customers for the summer. We plan to go to New Jersey in June for we must spoil those boys again. Nanette lives in Hous-

Wildlife Hearing Scheduled Tuesday

A hearing by the Texas Parks and Wildlife Commission to gather information on proposed hunting, fishing, and trapping regulations for Sutton County will be held Tuesday, June 3, at the Courthouse at 10 a.m.

Nolan Johnson, game warden, said that all interested persons were urged to attend and comment on proposed regulations on the seasons, bag limits, and means and methods of taking certain game, fish and fur bearing animals in Sutton County.

ton so we take a plane there and see both girls on one trip, however we do go to Houston often.

Good luck to both of you and we do hope to visit with you some of these days.

Sincerely,
Nan and Buz

GREEN NEWS

Well it is another one of those days. Need more be said.

School is out and the golf course has taken on a new look with all the young golfers out. A threesome was Chuck and Paul Browne and Mark Rousselot. Welcome.

A note to owners of gasoline carts. The carts do have to have gasoline before they will run.

GN

Sonorans playing in the Brady invitational over the weekend were Clayton Hamilton, Doyle Morgan, and Wallace Renfro.

GN

The John Bells have returned from their vacation. John only played golf one time. He brought back some tees to be used in the

rough and is passing a few out only to the ones that play in the rough more than the fairway.

Playing in Midland's four day tournament were Wilfred Berger and Allie Lock of Ozona.

GN

The Bill Tittle family will be gone a month visiting in Washington, D. C. and New York. The Bloodworths are spending their vacation in New Mexico. They plan to spend a few days in Ruidoso and play a game or two.

GN

John McClelland has been placed in the "A" golfers rank by some of his foes. John recently shot a 38 and 39.

GN

We will soon be seeing a new southpaw golfer on the course. Howard Minaryard has purchased some clubs and is very interested in golf.

GN

Dr. and Mrs. Howell were out Monday. Dr. Howell was playing.

GN

Golfing is a family affair. The Bob Snodgrass family was out Monday. Some golfed and some rode. Others out were Norman Rousselot and daughter, Kyle and Elaine Donaldson and Cullen Luttrell made a threesome Monday. Elaine came in second best to Kyle and tied her father.

'66 WestTex Doves Test Downy Wings

The first crop of mourning doves already is fanning the fresh breezes hereabouts, according to federal game agent Charles Heumier.

He reported to the Texas Parks and Wildlife Department the catching of a number of two-week old mourning doves in bait traps used to capture adult mourning doves for banding studies.

He estimated the doves hatched the middle of April.

New Loan Program Brightens Hopes Of College Students

Texas, thanks to the last session of the state legislature, will soon be operating one of the finest college student loan programs in the nation—and virtually every student in the state is eligible to participate.

The program is the Texas Opportunity Plan (TOP). It goes into effect this fall. The Texas Coordinating Board of Texas Colleges and Universities, which will administer the big program, expects to lend between \$5 million and \$10 million the first year.

Provisions of TOP include the following:

—Loans of a maximum of \$1,000 per year for undergraduate students with a maximum total amount of \$5,000; for graduate students loans may be as much as \$1,500 per year with a maximum total amount of \$7,500.

—Interest rate is set at six percent. TOP officials expect the U.S. Commissioner of Education to soon put a new federal law in effect that would pay one half of the interest rate of the loan, leaving borrowers to pay only three percent.

—No payments on principal or interest need be made while the borrower is still in school. Repayment begins four months after the student graduates or leaves school. He is given five years to repay what he borrowed and, under certain circumstances, the five-year period may be extended.

—The student's financial condition, not his family's, will determine eligibility for a loan. If the student's personal financial resource are less than his expected reasonable college expenses he is likely to qualify for a loan.

—Loans will be applied for at the college the borrower attends.

The program will be financed by revenue bonds the Coordinating Board will issue, probably in July. It is expected that \$20 millions worth of bonds will be sold then. The Coordinating Board is the state agency created to oversee all public institutions of higher education. But a student at any college, public or private, may apply for a loan.

Cattle Running, Standing in Water May Indicate Heel Flies Are Busy

Cattle running across the field with their tails held high in the air or standing in water are pretty good indications that heel flies are busy, says Clint Langford, county agent. The animals try to protect themselves in these ways from the egg-laying flies.

Heel flies, the adult stage of cattle grubs, neither sting nor bite. Instead, they merely attach their eggs to the hairs on the legs and lower body parts of cattle. As the eggs hatch, the small maggots bore through the skin at the base of the hair, enter and migrate through the leg muscles, through the abdominal and chest cavities to the esophagus and neural canal for further maturation.

During the late summer and early fall, the larva move to the animal's back and each forms a pouch under the skin. After a few weeks, it cuts a breathing and emergence hole through the skin. A month or two later, the full grown grub emerges through the breathing hole and falls to the ground. It develops into a heel fly within a few weeks.

Heel flies can be effectively controlled only while they are in the animal's body. A number of meth-

ods and formulas are available to control them, including sprays, systemic dips, and powders.

"Since heel flies travel only a short distance, the controlling of cattle grubs at home will keep the parasites to a minimum," says Langford.

For details on the control of heel flies, ask your county agricultural agent for Texas Agricultural Extension Publication MP-691, Texas Guide for Controlling External Parasites of Livestock and Poultry.

Crawford Martin Endorsed by Senators

Endorsement of Crawford Martin for Attorney General by a committee of state senators was announced Saturday.

Formation of the group, Senators for Crawford Martin, was revealed by Senator Grady Hazelwood of Amarillo, who has been named its chairman. Membership of the committee is composed of elected members of the state senate, and includes several former colleagues of Martin, who served with him in the upper chamber.

Members of the committee, in addition to Hazelwood, include Senator Tom Creighton of Mineral Wells, Senator Dorsey Hardeman of San Angelo, Senator Galloway Calhoun of Tyler, Senator Bruce Reagan of Corpus Christi, Senator Louis Crump of San Saba, Senator David Ratiiff of Stamford, Senator Bill Moore of Bryan, Senator J. P. Word of Meridian, Senator Jack Hightower of Vernon, Senator George

Parkhouse of Dallas, and Senator H. J. 'Doc' Blanchard of Lubbock.

In announcing the group and its endorsement of Martin, Hazelwood released this statement:

"Those of us who have served with Crawford Martin in the Senate have a deep respect and admiration for him. We have seen him exercise great courage and statesmanship in the best interest of Texas. Few men in public service possess his broad background and depth of governmental experience. We are proud to recommend him to the people of Texas as an outstanding Attorney General."

Martin was elected to the Senate in 1948, following in the footsteps of his father, Will M. Martin, who served in the body eight years. Martin was a key leader in the Senate for 14 years, and was three times re-elected without opposition in his home district.

Telephone BUSINESS OFFICE IN SAN ANGELO

GROWTH in San Angelo and the area, plus expanded and improved telephone service, requires your telephone company to make a change. Effective June 6, 1966, the new address of the Business Office in San Angelo is 3010 West Harris.

This move is necessary to make room at 14 West Twohig for additional equipment for improved telephone service through Direct Distance Dialing. The new DDD equipment will be installed in the area occupied by the business and district offices in the West Twohig building. It will permit customers to dial their own person to person calls at a time now scheduled for late 1967.

Payment of bills is to be handled in the same manner as formerly. However, questions concerning new or rearranged service, charges, or other telephone matters concerning your account, can still be handled by telephoning the Business Office. Instructions for calling the new Business Office are shown in your current local directory.

MRS. MICHAEL DUKE ELLIS

Miss Jacqueline Neubauer, Mike Ellis Wed in Double Ring Ceremony Sunday

Miss Jacqueline Marie Neubauer became the bride of Michael Duke Ellis Sunday in a double ring ceremony at the First English Lutheran Church in Austin. The Rev. Dennis A. Anderson officiated.

Mr. and Mrs. J. A. Neubauer of Austin and the Rev. and Mrs. Lea Roy Aldwell are parents of the couple.

The bride was given in marriage by her father. She wore a traditional gown of ivory peau de soie and reemebroidered Alencon lace. The all-lace bodice was styled with scalloped bateau neckline. A wide lace panel flared to the hemline of the skirt, and the back featured a detachable train with multi lace-trimmed streamers draped from a bow at the waist. She wore a satin pill box hat with an illusion veil.

The bride carried a bouquet of carnations and white leather leaf.

Attending the bride as maid of honor was Miss Marianne Ashmore of Texas City. Bridesmaids were Misses Jo Lynn Cunningham of Junction and Kaye Ellis, sister of the bridegroom of Sonora. They wore moonlight blue peau de soie floor length dresses with bows in the back. Similar bows held illusion headpieces.

Michael Evans of San Antonio served as best man, and George Beach of Houston and Roger Neubauer of Settle, Washington, were groomsmen. Ushers were Robert Barkley of Lockhart, Ray Menzel,

and Edward Woodruff, both of Austin.

A reception was held in the fellowship hall of the church after the wedding.

A graduate of William B. Travis High School in Austin, the bride attended the University of Texas and will receive her bachelor of science degree in home economics June 4. She has been a member of the home economics chapter since 1962 and is presently serving as president of the organization.

The bridegroom is a graduate of Sonora High School and will graduate from the University of Texas in August with a bachelor of science degree in pharmacy. He is a member of the American Pharmaceutical Association.

After a wedding trip to Salado the couple will reside in Austin.

MRS. PERRY DON FREE

Miss Elaine Mears, Perry Don Free United in Marriage Here Saturday

St. John's Episcopal Church was the setting for the wedding of Miss Ruth Elaine Mears and Perry Don Free Saturday, May 28. The Rev. Rollin Polk, rector, officiated.

Mrs. Free is the daughter of Mr. and Mrs. Freeman Mears, and the bridegroom is the son of Mr. and Mrs. Virgil Free of Eldorado.

Given in marriage by her father in the double-ring ceremony, the bride wore a formal length gown of white peau de soie with long sleeves and empire waist falling into an A-line skirt. The train was attached to the waist with a bow. The gown had a scooped neckline outlined with pearls in a floral design over lace. The floral design of pearls was repeated down the front of the dress on the hem, and around the train.

The bride wore an elbow-length veil attached to a crown of lace with pearls carrying out the floral design in the dress. Her bouquet was a white orchid with small white mums and stephanotis on a white ribbon.

Soloist at the wedding was Miss Carolyn James of Rankin. Mrs. Bill Rozean of Eldorado was organist.

Maid of honor was Miss Vivian Mears, sister of the bride. The bridesmaids were Misses Janet and Janell Free of Abilene, sisters of the bridegroom.

Kenneth Free of Tyler, brother of the bridegroom, was best man. Jerry Free of Dallas, a brother, and Royce Mears, brother of the bride, were groomsmen. Ushers were Ronnie Free, a brother, and Marvin McAngus Jr. of Eldorado, Jimmy Goldsmith of Plainview, and Jay Martin of Odessa. Kyle Free of Dallas, nephew of the bridegroom, was ring bearer.

A reception following the cere-

mony was held in the church Parish Hall. Greeting guests were Mr. and Mrs. Freeman Mears, Mr. and Mrs. Virgil Free, the bride and bridegroom, Misses Vivian Mears, and Janet and Janell Free.

Mrs. Bill Rozean presented piano music during the reception, and before the couple left on their honeymoon Miss Carolyn James sang "Climb Every Mountain." For traveling Mrs. Free wore a two-piece suit of pink silk shantung with pink and beige accessories and a white orchid corsage.

Members of the houseparty at the reception included Misses Kay Behrens of San Saba at the guest book, Barbara Jackson of Galena Park and Kathy Matus of Schulenburg serving cake, Sharon Nyquist of Buchanan Dam and Rita Rozean of Eldorado serving coffee and Mmes. J. W. Neville, Rip Ward, and Harold Garrett also assisted. Rice girls were Alissa and Renee Adkins, daughters of Mr. and Mrs. Fred Adkins.

The bride's table was covered with a cut work cloth and had an epergne centerpiece filled with magnolia and yellow mums. The groom's table was covered with a white linen cloth and centered with yellow daisies.

The bride attended Sonora public schools and is a graduate of Southwest Texas State College in San Marcos. She has taught high school English in Rankin.

The bridegroom attended Snyder High School and Odessa College and is now employed with West Texas Utilities Co. in Eldorado.

A wedding trip of one week is planned after which the couple will begin residence in Eldorado.

Langfords Entertain Sat. Night Bridge

Mr. and Mrs. Rex Lowe won the slam prize and high score among club members when Mr. and Mrs. D. C. Langford entertained the Saturday night couples bridge club last week at French's Big Tree Restaurant.

Mr. and Mrs. R. W. Wallace received high score among guests, and prize winners for second high score were Mr. and Mrs. Norman Rousselot. Bingo prizes were awarded to Mr. and Mrs. Ralph Mayer and Mr. and Mrs. John T. King.

Others attending the party included Messrs. and Mmes. Nolan Johnson, James Alexander, George Wallace, John Tedford, and Dickie Street.

The party room was decorated with hydrangeas, and Mr. and Mrs. Langford served strawberry chiffon pie and coffee to their guests.

Going-Away Supper Given for Summers

A going-away barbecue supper was given for Mr. and Mrs. Ray Summers and family by the border patrolmen of Sonora at the home of Mr. and Mrs. Ray Shelton Saturday.

Summers is being transferred to Del Rio where he will be a customs port investigator.

Others attending the supper were Messrs. and Mmes. Jerrold Duncan and family, Sam Dunn, T. C. McCutchen and family, Ronald Schnase, J. C. Hoover, Melvin Hearn and family, James Hough and family, Tommy Smith, and Richard Upchurch and family.

Sat. Bridge Meets At Shelton Home

The Saturday Night Bridge Club met recently in the home of Mr. and Mrs. Ray Shelton, and a barbecue chicken supper was served.

Mr. and Mrs. Tommy Smith won high score, and Mr. and Mrs. W. T. Black won second high. Jerrold Duncan binged.

Others attending were Mrs. Jerrold Duncan, Mr. and Mrs. Milton Cavanese, and Mr. and Mrs. Pat Reardon.

Just Arrived

Mr. and Mrs. Ernest C. Stephen of Cottonwood, Arizona, are announcing the birth of their first child, a daughter, Shelley Ann. She weighed 7 pounds, 6 ounces at birth. Grandparents are Mrs. Joyce King of Flat River, Missouri and Mr. and Mrs. J. C. Stephen.

"WHO'S WHO'S" this week is a tall boy who just graduated. He has blonde hair and blue eyes. Just like the picture, he is still a "cowboy!"

Advice to the 'Woe-Be-Gones'

by Agatha Crump

Dear Agatha,
No one believes me, but the plain truth is that the doctor tells me that I'm pregnant . . . and I just "can't" be (you understand what I mean). Joey and I have been going steady for several months; but nothing "out-of-line" ever happened. Now my parents are most upset at me and my little brother keeps getting black eyes because

he keeps fighting to defend my honor.

I feel that nothing short of suicide will save me!

Signed,
IN A MESS

Dear Mess,
Forget about suicide and buy a strong telescope instead . . . just as I'm going to do. The last time this happened, a star rose in the East!!! I surely don't want to miss it this time.

Excitedly,
Agatha Crump

Dorsey Hardeman Says 'Thank You'

State Senator Dorsey B. Hardeman of San Angelo, whose far-flung 25th District of Texas reaches from Uvalde to Loving County on the New Mexico line and from Presidio to Midland, today issued a "thank you" statement following concession of the election by his May 7 primary opponent, Pete Snelson of Midland.

Said Hardeman, "Now that the results of the Primary are settled, it is with deep humility that I express my abiding gratitude for the support given me in my bid for re-election to the State Senate. I owe so much to so many.

"It shall be my earnest endeavor to continue to represent our district and West Texas to the very best of my ability. I hold no ill will toward those who may have voted against me. I want and need the help and advice of all the good people of our area. I will be available at all times to discuss our common problems."

Survey Cards To Be Placed in Boxes

Postmaster James D. Trainer reminds rural patrons of the Sonora Post Office to be on the lookout for June livestock survey cards. Survey cards will be placed in a sample of boxes belonging to farmers and ranchmen.

USDA bases livestock and poultry estimates on replies to this survey," Trainer explains. "It is important for everyone who gets a card to fill it out and return it to the letter-drop. This way, USDA gets a true sample of the area's livestock and poultry holdings."

Survey cards will be forwarded to Cary D. Palmer, state agricultural statistician in Austin. After adding and analyzing these cards, USDA statisticians are able to estimate the State's milk production, calf and pig crops, lamb and wool crops, and the number of hens and pullets.

Information from this survey will guide livestock and poultry producers in making important business decisions.

The locusts of the plagues are also called thorn grasshoppers.

German beehives are painted bright colors to guide the bees to their own hives.

Mr. Farmer— Mr. Rancher:

Too many short-term debts can cripple your total credit program, tie up operating capital and cause you to miss opportunities that require immediate funds. Make STRONG COMMUNITIES

Compassion

"I will have mercy on whom I will have mercy, and I will have compassion on whom I will have compassion."
—Exodus 33:19

When we are faced with a difficult decision, do we sometimes rely too much on God's mercy? Is there a real guarantee that God will forgive us, merely for the asking? Temptation surrounds us. It must be met and faced with determination and single purpose. Let us not rely on sure forgiveness. Instead, we should seek strength to do right, to be right, and not have to live so often with the hope for forgiveness.

A famous American described his impression of American citizenship like this:

"Were I to have a vision of a full-fledged American it would be something like this: A man who, with sufficient knowledge of the past, would walk fairly constantly with the thought that he was blood-brother... of Washington and Lincoln; of Jefferson and Lee, and of all men like them. Who would walk, because of this, carefully and proudly, and also humbly, lest he fail them. And with a keen sense of the present and the future, would say to himself: 'I am an American and therefore what I do, however small, is of importance.' Your vote is important June 4!"

Polk, Fields Receive Second Class Badges

Peer Pulk and Tryon Fields were presented with second class badges at a court of honor held at the noon meeting of the Downtown Lions Club Tuesday. Charles West, scoutmaster, explained the requirements for earning the badges and Herbert Fields, president of the club, presented the metals.

Jim Harris earlier presented the club with a plaque for sponsoring the El Camino Girl Scout Council. He received the award on behalf of the Lions Saturday night in San Angelo at an awards banquet at the River Club.

Foreign Students Set to Visit Sonora

The International Student Week-end will be on June 17-19 when 15 students from several foreign countries will visit here and stay in Sonora homes.

Purpose of this visit sponsored by several Sonora churches is to

develop friendship between the people of Sonora and West Texas and the people of other nations. To acquaint the students with the life and industry of Sonora is one of the principal objectives of the visit, according to the Rev. George Stewart, Presbyterian minister.
