

Sonora Industrial Foundation To Aid Garment Factory Operation

Incorporation proceedings of the Sonora Industrial Foundation took place Friday, September 2.

The purpose of the non-profit organization is to further existing industrial ventures, and to promote and encourage industrial expansion and development of new industry in Sonora and Sutton County.

One of the first ventures of the Foundation was the attraction of the soon-to-open Garment Division of El Dorado Woolen Mills in Sonora. The Foundation bid with the

El Dorado Mills for the location of a branch in Sonora. Within the terms of the agreement, El Dorado Woolen Mills decided to accept the bid of the Sonora location of their new garment division if the guarantee of a building, facilities, ample personnel and machinery could be met.

These stipulations were met by the Foundation and the Garment Division will be housed in a newly renovated building on Main Street,

formerly the Sonora Gas Company. The garment factory is now accepting applications and operations are due to begin as soon as personnel are trained.

A line of men's and women's clothing will be assembled in the factory. The lines will include ski-type clothing, campus wear, clothing suitable for ranch use and some high fashion attire, according to Tom Wallace, president of El Dorado Woolen Mills.

In the Friday incorporation meeting nine initial directors were named. They are R. S. Teaff, Stanton Bundy, Edwin Sawyer, Vestal Askew, John T. King, J. W. Elliott, Tommy Thorp, George H. Neill and James Hunt. Officers of the board of directors are Askew, president; Teaff, vice-president; and Elliott, secretary-treasurer.

At the present time there is need for \$7,500 for the operations of the Foundation. Of this figure,

the organization has raised \$4,500. This balance is from the sale of stock. The remainder of the necessary immediate funds will come from a loan from the First National Bank of Sonora.

Investors in the Foundation to date include Dr. Tom White, Joe Hull, Buster Shroyer, Henry Greenhill, George Barrow, Foxworth-Galbraith Lumber Company, Edwin Sawyer, Neville's Department Store, Mrs. E. D. Shurley, Sonora

TV Service Company and the First National Bank of Sonora.

Other stockholders are Jack Neill, Vestal Askew, Jack Kerbow, Marion Elliott, Westerman Drugs, Lea Rey Aldwell, Carl Cahill, Mary Barrow, Bob Vicars, Joe B. Ross, Thorp's Laun-Dry, Devil's River News, Mrs. Ed C. Mayfield, Dr. J. F. Howell, Hilman Brown, Pig-gly Wiggly, S. H. Allison, Freeman Mears, Ralph Mayer, Lin W. Hicks, Stockmen's Feed Company,

Frank French, Stanton Bundy, Web Elliott, W. B. McMillan, Bill Tittle, Armer Earwood, Mr. and Mrs. Stanley Mayfield and Herbert Fields.

Costs of the machinery and renovation for the garment factory now stands at \$6,574. The machines that were bought for the use of the factory by the Foundation will be leased back to the El Dorado Woolen Mills with the lease fee to be applied to the purchase of the equipment.

Broncos Face Ballinger In Season Opener Friday

The new lights at Bronco Stadium will be used for the first time in regular play Friday night at 8 p.m. when the Sonora Broncos will kick off the 1966 football season with a contest against the Ballinger Bearcats.

The Broncos, who are picked to come out on top in District 8-A and reach quarterfinal competition in the playoffs, will face stiff opposition in a Class AA favorite, Ballinger.

Ballinger is the current District 8-AA champ and is expected to repeat that title this year. Their last year's season record was 10-1. The Bearcats have 10 returning lettermen with their main strength being in their big line. Along with their line comes a winning tradition which may be even more difficult to overcome.

The Broncos have looked good in two pre-season scrimmages and the long injury list has grown somewhat shorter with most of the squad back ready for action.

Sonora swept past the Class AAA Del Rio Wildcats by a two touchdown margin in the most recent of the scrimmages played here last Thursday night.

The Wildcats were held scoreless by the tough Bronco defense which was heralded last year as excellent. Del Rio managed only one scoring threat which came on their first series of downs and ended with a pass interception by Noe Chavez.

The Broncos first score came when sophomore, Ed Lee Renfro, broke away from a would-be tack-

ler and raced 22 yards to paydirt. The scoring play was set up after quarterback, Laney Cook, fired an 18-yard third down pass to Chavez to give the Broncos a first down.

Neither team could mount up much of a threat until late in the scrimmage when Cook again used his passing ability to set up the Broncos near the Del Rio goal. The score came on a freakish play in

which Cook threw a pass to Richard Perez. The pass bounced off his hands and into the arms of Nino Perez who then took the ball over for the score.

The scrimmage ended the Broncos' pre-season competition, and Sonora will have to begin proving itself worthy of its high rating Friday night.

THE 1966 SONORA BRONCOS are pictured here as the new football season gets under way Friday when the Broncos meet Ballinger in a non-district game in Bronco Stadium. Team members are (left to right, front row) David Wuest, Johnny Ramos, Manuel Sanchez, Brent Johnson, Billy Wayne Smith, Noe Chavez, Ernest Barrera, and Richard Perez; (second row)

Bert Bloodworth, Alex Castro, Jim Fish, Bill Green, Wade Stokes, Mike Gosney, Erasmo Lumberras, Tim Thorp, and Ed Lee Renfro; (back row) Royce Mears, Al Letsinger, Tom Trainer, Nino Perez, Mitch Trainer, Laney Cook, Louis Wardlaw, Steven Whitworth, Monte Dillard, and J. V. Cook.

Sonoran Is Injured In Highway Accident

A Sonora rancher, Louis Wardlaw, was injured in a two-car collision west of Junction on U.S. Highway 290 early Sunday. Wardlaw was taken to Shannon Hospital in San Angelo where he was listed in fair condition.

The driver of the other car involved in the head-on collision, Joe Maciel, 16, of California was killed in the accident. His brother, Richard Maciel, 15, was injured and reported in satisfactory condition in another San Angelo hospital.

The accident apparently occurred as the two cars approached a bridge. They collided in the center of the bridge.

Sonora To Be Threshold To Amistad Lake

Sonora will become a "jumping-off place for tourists" going to Amistad Reservoir near Del Rio, according to Coleman C. Newman

of the National Park Service. Newman, who spoke to the Downtown Lions Club last week, is the superintendent of the Amistad Recreation

area. The now-under-construction Amistad Reservoir will be the largest body of impounded water in Texas

upon its completion in 1968. At the normal elevation of the lake, the impounded water will extend up the Rio Grande river more than 70 miles. Water will back up into the Rio Grande for 13 miles and up the Pecos river for five or six miles. By this prediction, Sonorans will be about 75 miles from the upper reaches of the lake.

Of the 67,000 acres of land the lake is expected to cover, 43,250 will be in the U.S. with the remainder in Mexico. The acreage covered by the lake will increase to 88,200 when at flood stage. The shoreline, when the lake is at its normal level will be 547 miles long.

The proposed recreation areas will be administered by the National Park Service. As the facilities at the lake grow, the staff will include a park naturalist, park rangers and the necessary maintenance personnel. The initial planning for recreational developments indicated an expenditure of several

Frank Edmiston Dies On Eldorado Ranch

Frank Allyn (Bill) Edmiston died on his ranch east of Eldorado August 30 of an apparent heart attack. He is the father of Delbert Edmiston of the Sutton County ASCS in Sonora.

Burial took place in the Eldorado cemetery last Thursday.

Joint Meeting Set For September 27

The annual joint meeting of the Downtown Lions Club and the Sonora P-TA is scheduled for 7 p.m., September 27 in the school cafeteria.

Bill Gipson, a minister of the Church of Christ in Ballinger, will be the guest speaker. He is an active leader in Lions Club activities in the district.

A feature of the event will be a supper and introduction of the new teachers in the Sonora school system.

WHOA THERE—Ed Lee Renfro (carrying the ball) literally gave the shirt off his back in making a touchdown in a scrimmage played here against Del Rio last week. Renfro, with the help of dark-shirted blockers, was able to elude all defenders and finally "tear" away for the score. The Broncos won the scrimmage 2 to 0.

State Seeking Bids On Interstate 10 In Sutton County

Bids on a major construction job on Interstate Highway 10 in Sutton County from the Crockett County line to about 7.5 miles west of Sonora are being taken until Oct. 13 or 14 by the Texas Highway Department.

The job, to be supervised by Joe Lane, resident engineer, will include grading, structures, base and asphaltic concrete pavement and signing. Work is to be completed in 450 working days and should start in early October. Slightly more than 12 miles of the road will be under construction.

Rites For Mrs. Gary Held In Kerrville

Funeral services were held at the Plummer Funeral Home in Kerrville August 24 for Mrs. M. C. Gary of Ingram.

She was the grandmother of Leroy Whitworth of Sonora. Burial was in Nichols cemetery at Ingram.

112th District Grand Jury Impaneled, Warren Hemphill Named Jury Foreman

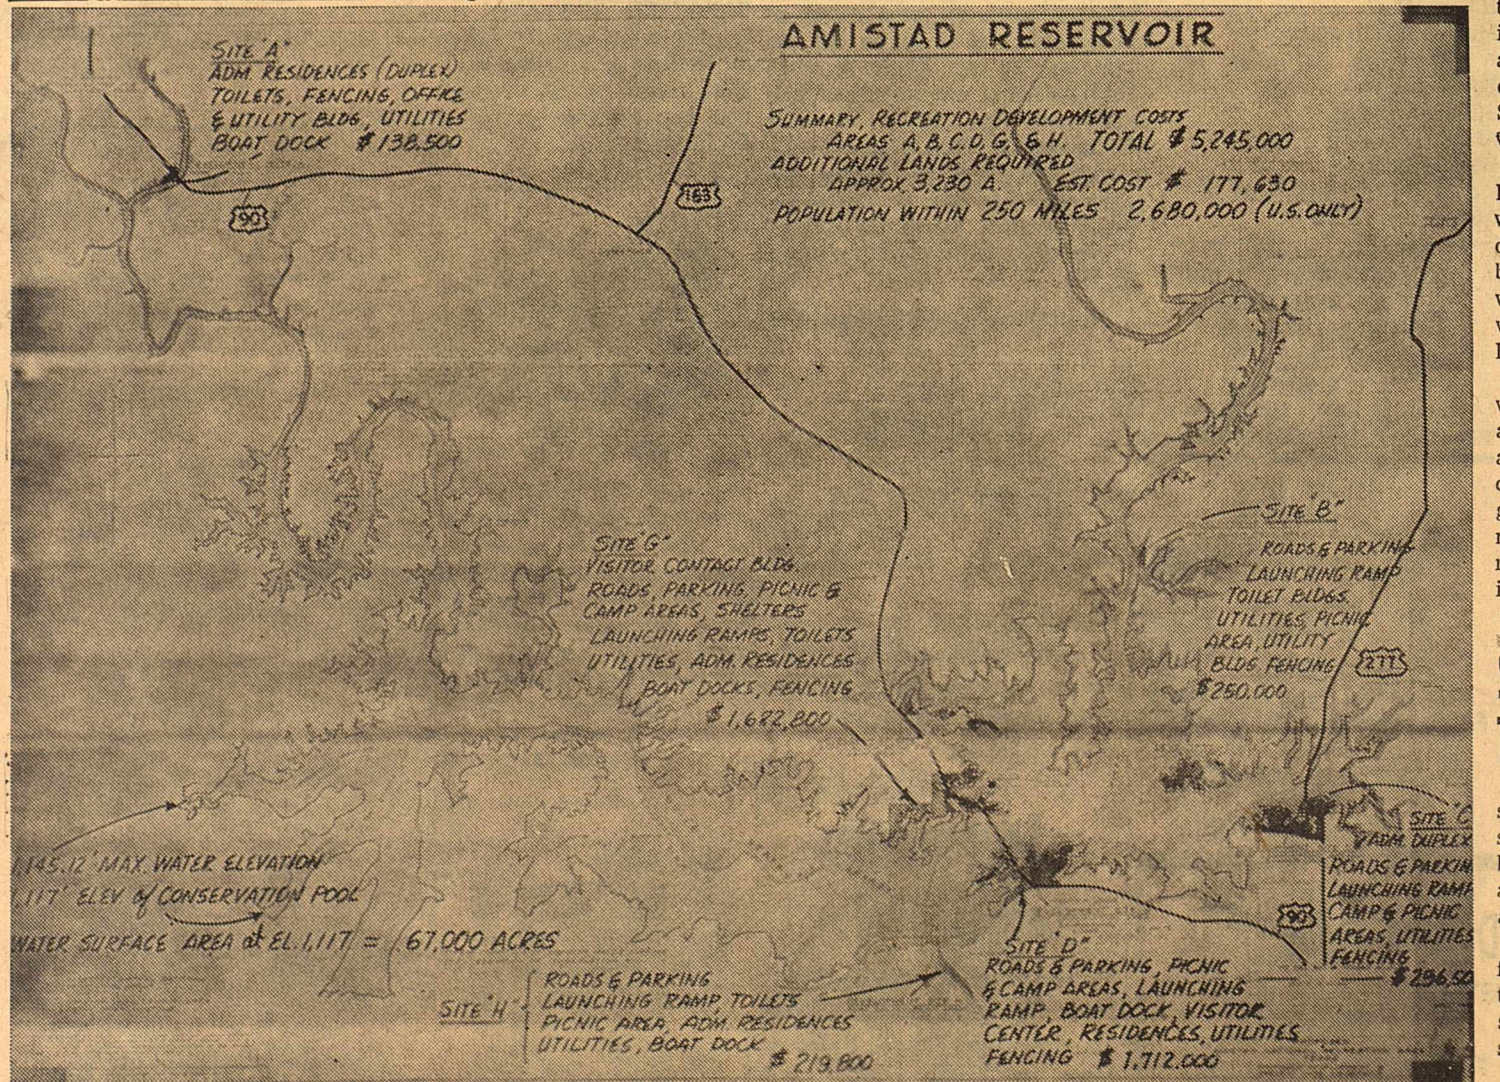

Impanelment of the Grand Jury for the 112th Judicial District took place in the Sutton County courthouse Tuesday, September 3.

The 12 new members of the grand jury to serve a six-month term are Harold Friess, T. E. Glasscock, Joe Hardgrave, Mrs. W. H. Hill, Warren Hemphill, Elmer Wilson, Pedro Galindo Sr., Mrs. George Brockman, George E. "Bud" Smith, Mrs. Gene Shurley, Louis Perez and Mrs. Hilman Brown.

District Judge Charles Sherrill of Fort Stockton impaneled the jury and appointed Warren Hemphill as the jury foreman.

Their first duty in their new positions was to return indictments in several cases. True bills were returned in five criminal cases.

Alberto M. Luna was indicted for murder in the stabbing death of Simon Hernandez on April 25. Charles Whitehead was indicted

THIS MAP depicts the approach roads, location of recreational areas and facilities, and the predicted outline of Amistad Reservoir now under construction near Del Rio. Costs shown for the recreational areas were estimated by the National

Park Service. The new reservoir is expected to back up into the Devil's River for a distance of 13 miles. The lake, to be completed in 1968, will cover an estimated 67,000 acres of land.

"Albert is learning to grow old gracefully."

THE FAMILY LAWYER

"I Recognized His Voice"
It is a case of mistaken identity," protested the defendant, accused of breaking into a woman's home at night and assaulting her. "She herself admits the house was pitch dark."
But the woman countered: "Even though I could not see him, I recognized his voice. I have known him for years, and I am certain he was the man."
May an accused person be convicted solely by the sound of his voice? In this case the jury believed the woman's story, and the

court upheld its verdict of guilty. True, a criminal is ordinarily identified by sight, not by sound. But his voice, even when not conclusive evidence by itself, may still play a key role in identification. The law recognizes that, in some circumstances, what a victim hears may reveal a lot more than what he sees.
Thus, identification-by-voice has been allowed not only in crimes committed in the dark but also in crimes committed by a masked man—or even committed over the telephone. A man who made obscene calls to a woman was convicted largely on the basis of her identification of his voice on the telephone.
But what if the criminal's voice is one that the victim has never heard prior to the crime? Even then, it may be distinctive enough to be recognized later with reasonable certainty.
In one case, a holdup victim noticed that the robber had a peculiar accent. This was held valid evidence in court that the defendant, who had a similar accent, was the guilty man.
In addition to a criminal's voice, other sounds he makes may also help to pinpoint his identity. The sound of a man's footsteps and the sound of a car's exhaust—both distinctive—have been held admissible in the courtroom.
Even the sound of a dog's barking has been held sufficient to identify him as the nocturnal slayer of a farmer's sheep.
Of course this kind of evidence, like any other, may be rejected if it is just too flimsy.
For example, in a homicide case, a witness was notably hesitant in tagging the voice of the defendant as the voice of the killer. The court held that such evidence was not convincing enough to send a man to prison for murder.
"Conjecture," observed one judge, "is not proof."
A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

OUTDOOR FUN REQUIRES FITNESS

Outdoor activities can contribute greatly to making a person physically fit; but on the other hand, a person must be conditioned to a certain degree before he participates in many outdoor activities. A lack of pre-season conditioning fells many hunters each year, yet getting in shape for the physical strain of hunting can be a very enjoyable experience.
Great concern is voiced each year by many organizations and groups that more care be taken by hunters when handling weapons. This is a justifiable concern due to the large number of hunting fatalities and the small amount of care required to prevent them. Adequate identification of a target is a simple rule that would eliminate many such casualties.
By far the greatest spoiler of hunting trips—just as it is of vacations and fishing outings—

is an inability of the human body to adjust to strenuous activity after a year or so of our soft-living, modern civilization. Not only does a sudden strain push the heart beyond the level of endurance, it also causes sprains, pulled muscles, pinched nerves, and twisted ligaments.
To avoid the discomforts of overworking an under-worked torso, a simple nightly walk around a few city blocks is a logical beginning. Then, progress to some weekend hikes in the nearby countryside, and go one step further to toting some superfluous equipment, carrying a rifle, and wearing your hunting boots.
Through simple preparation of the hunter as well as his equipment, the end result will be a much safer outing and a more enjoyable and pain-free hunting trip.

Philosopher Questions Economists

Editor's note: The Devil's River Philosopher on his bittered ranch on Dry Devil's River reports on high prices this week.

Dear editor:
This is the first time it ever happened, but a neighbor came over to my place yesterday and handed me a newspaper, just like that, and said "Here, see what you think of this?" He pointed to a headline on the front page which said, "Farmers Cleared Of Blame For Bread Price Hike."
I sat back down and looked it over. According to it, a Congressional committee, investigating the high price of bread, said it had found conclusively that the wheat farmer wasn't to blame. This sure seems like going to a lot of trouble and expense to prove something every farmer has known for years.
While I don't raise any wheat, it didn't take a Congressional Committee to tell me that when the price of bread goes up, the extra money never trickles back down to the wheat farmer's pocket. I have never understood the mechanics of it, but there is some sort of economic shut-off valve that never lets the flow reverse itself. The committee found out that for the amount of wheat

in a loaf of bread, the farmer gets about 3 cents, which is about the same he got ten or fifteen years ago.
I don't know if the committee is going to check up on other items or not, but it can save money if it'll just take my word for it that the farmer had practically nothing to do with the price of anything on any shelf in any store, and it's a shame, too.
What I mean is, farming and ranching will never come into their own until they get to the point where a Congressional committee investigates them and comes out with the announcement that they've been charging too much for what they sell.
"It's those gouging farmers that're running the price of food up"—that's what the committee ought to find. There ought to be a headline in the paper reading: "Farmers Grin When Told They're Charging Too Much."
I could go on but I've got to get into town to find out what they're going to pay me this year for wool.
Yours faithfully,
J. A.

FAMILY POT LUCK
BY HELEN HALE
Taste for a Sandwich
Serve this one open-face: place sliced turkey or chicken on top of lettuce on rye bread. Top with sliced tomatoes and serve with thousand island dressing.
French bread rolls split and hollowed out make good containers for shrimp or crabmeat salad to give you "shrimp boats."
Toasted Vienna bread is delicious when topped with bacon and tomato, then a slice of processed American cheese to be placed in the broiler until cheese melts and browns slightly.
Try a Kaiser roll with a slice of corned beef topped with crisp cole slaw and Swiss cheese.
Chopped hard-cooked eggs can be a favorite when they're mixed with sandwich spread and served on toasted white bread.
Leftover pieces of charcoal grilled steak? Try them in a toasted bun with a topping of mayonnaise mixed with blue cheese. If desired add a slice of raw onion and tomato to the sandwich.
Helen's Favorite:
Ham-Cheese Souffle (4 servings)
1 can (10½ ounces) of cream of mushroom soup
1 cup shredded sharp cheese
¼ teaspoon chervil
½ cup finely chopped cooked ham
2 tablespoons chopped parsley
6 eggs, separated
In saucepan, combine soup, cheese and chervil. Heat slowly until cheese melts. Remove from heat; add ham and parsley. Beat egg yolks until thick and lemon-colored; stir in soup mixture. Beat whites until stiff. Fold into soup mixture. Pour into an ungreased 2-quart casserole. Bake in a slow (300 F.) oven 1 to 1¼ hours or until golden brown.

A Parson's Eye View of Sonora

by Rev. Ross T. Welch
In the early days when times were hard and dangers numerous and when news did not spread with the speed it does today, the Methodist preachers (mostly circuit riders) would see each other only once a year, at annual conference.

As they traveled toward the place of meeting, they would ask themselves, "I wonder how many will make it this year?" In keeping with that spirit, the first hymn on the conference program would usually be one by Charles Wesley, "And are we yet alive, and see each other's face?"

It has reached the point that we come through every weekend holiday with something of the same feeling. This is especially true if we have to be on the highways.

Louis Wardlaw Sr. was in surgery when we went to call on him, but his family seemed to think he was going to make it fine if they got a good set on his broken leg. His accident happened on a bridge. There are certain places where you simply cannot dodge.

We talked at Hudspeth Memorial Hospital with Major Norman E. Wilks who with his wife and four children was returning from duty in South Africa to San Antonio when his wreck occurred.

"I drove for four years in Africa over terrible roads without an accident. When we returned to the States, I bought a brand new station wagon, and was trying to be so careful with it. We all breathed a sigh of relief when we crossed the Texas border and remembered the splendid Texas Highway system."

"We spent the night in Sonora, had a leisurely breakfast and had only been on the road a short time when we suddenly found ourselves in trouble."

Major Wilks did not blame the driver of the other car involved.

"If we had to have an accident, I am so glad it was near Sonora. If it had happened in some parts of Africa, the natives would have set upon us with clubs while we were still in a dazed condition and beaten us to death for what we had in the car."

"The car was demolished, but it was covered by insurance. My wife was hurt the worst, but she is going to be all right. Two of my children (a boy and a girl) are in the hospital. Dr. Browne took two of my boys home with him. You just can't beat that kind of hospitality."

We certainly could not hope that any other family ever have to suffer as this family has to test the hospitality of Sonora; but we would hope that every visitor could carry away as grateful a spirit as the Wilks family will have. "I was a stranger, and ye took me in."

There is a new feel in the air these mornings. Summer releases her grasp on Texas somewhat reluctantly, but the feel of autumn is in the air. Everyone, everyone that is who does not have an allergy—ought to feel a little better.

They say of such places as the South Pacific, "The climate is ideal—the same the year around." But for most of us that would not be ideal. Most of us relish changes. We welcome each new season, but tire of it before it is gone.

And autumn means football. The Broncos bust the lid off the 1966 season tomorrow night against Balinger. There has been some sickness on the squad, but we hope everyone is back to normal now.

When word got out that Louis Wardlaw had suffered a broken leg in a car wreck, some persons asked with grave concern, "It wasn't Louis Jr., was it?"

Mrs. Bertha Cook is scratching her head this week, trying to figure

how many Methodists will come for the family night dinner Sunday evening when the district superintendent will be here to preach, conduct a brief quarterly conference and give his advice to a church conference, called to consider future building plans for the church.

With each family furnishing its share of the food, everything usually works out pretty well. But the church has agreed to furnish the meat and Mrs. Cook has to wonder, "How many?"

The Methodist preachers of the San Angelo District have a picnic Saturday at Christoval.

We have never heard the Sonora Lions roar, but we can say this much—they sing the first verse of "America" better than any other

club we have attended in a long time.

Went out to the Auction last Thursday. I was careful to sit in the spectators section. Could not understand all that the auctioneer was saying, but some one was reading him, I guess, he was selling lots of livestock.

Had a good lunch, thanks to Bill Whitehead. Some Kansans dropped in and got their first taste of goat meat.

Not calling any names, but nearly everywhere I go, people introduce themselves and then tell me they are members of the Sonora Methodist Church.

We've often wondered how one goes 'out into the highways and hedges and compels them to come in.

YOUR MINISTER SAYS

by the Rev. Arno Melz
Pastor, Hope Lutheran Church

"Jesus said unto him. Thou shalt love the Lord Thy God with all thy heart, and with all thy soul and with all thy mind. This is the first and great commandment. Matthew 22:37-38.

The above text is given to all people to love God above all things. This command applies to the church member and non-church member, the high society as well as the common man, the rich and the poor, the respectable and unrespectable. It applies to all people, for all are God's creatures; He has given to each the breath of life and living soul. We are to give Him love in return.

There are many ways we can show this love. We show it by giving thanks for the blessings we have received, by doing God's will, by helping our fellow man, by reading God's word and by going to church. Today I would like to ask the church member to examine himself to see why he goes to church. Is it habit, hobby or from the heart?

Some people go to church out of habit. This is truly a fine habit to develop, but it has a danger. A habit is something we do without thinking; this is not the way to go to church.

To other people church is a hobby. This is bad because a hobby is something you do in your spare time. If you have no spare time it is neglected. Again this is not the relationship to have with God's House.

The last is the ideal, to go to the Lord's House on Sunday because we feel a need in our heart. We find that our presence in God's House and the hearing of His Word give us a closeness to God which we need. It gives us a feeling of peace and comfort to carry us through the coming week.

Don't allow your relationship with God to be a hobby or a habit. Rather let it be a heart-felt relationship. Love God with all your

New Bride Honored At Club Luncheon

Before her marriage to James Garland Bunyard, Miss Francine Fields was honored at a luncheon at the Country Club in San Angelo.

Mrs. W. B. McMillan, Mrs. George E. Allison of San Angelo and Mrs. W. S. Wood of Fort Stockton acted as hostesses for the event. Twenty guests were present.

TEEN SCENE

by Margaret Bundy

School opened Thursday amid much confusion. We all walked into a building and saw a new ceiling being put into place! The first day was an experience, but most of the confusion is gone now. The new lockers are really a luxury. Several kids returned from summer trips at the last possible minute. Ceewee Johnson returned from her summer travels Wednesday night. Wayne Bryant got back from a quick trip to Coleman Wednesday.

The seniors let out a sigh of relief Monday when they were finally notified that the senior rings had arrived. I thought we were going to have to start school without them!

It was certainly odd to just go to school for two days, and then have a holiday. Susan Prugel took advantage of the long weekend to attend a wedding in Austin. She was gone Saturday and Sunday. Other kids made use of the time by having visitors in Sonora. Debbie Brooks from Abilene was here visiting Gail Espy. Judy Ann Allison was down from San Angelo. Sandra and Carol Adamson had their cousin, Larry Newsom, from Midland visiting them. Also visiting Carol was Phil Samuels from St. Louis, Missouri. Donny Paternostro, Mike Clement, and Allan Catiff, all of Dallas, were visiting Sarah, Beverly, and Ceewee Johnson.

Even the lucky ones who aren't bothered with school hours entertained visitors this week. Les Seiler from Lake Jackson was here visiting Irene Davis. Teddy Wheelis was here seeing old friends. He is living in Lubbock now. Linda Briscoe, from Krum (yes, there is such a place!), is here visiting Janie Letsinger.

Some people sure know how to start the school year off right! Charlie Joe Taliaferro had an attack of appendicitis on the very first day. He had his appendix removed Thursday afternoon. Hope you get to feelin' better pretty soon, Charlie Joe.

We have several new students in high school this year. I haven't been able to get all the names yet. Austin Stockton is a sophomore this year. He moved here from San Angelo. James and Beth Blackmon are two of the other new students. You couldn't exactly call Cari Eustace new here, but she transferred to Sonora from Rocksprings.

Ach! What are we going to do? Some of the kids are already leaving for college! Dick Hearn left Tuesday for Uvalde. Carl Teaff and Eddie Howell have already begun football practice. Eddie is at San Marcos this year. Carl left last week for San Angelo where he will attend ASC. He was home again Sunday. Irene Davis and John Da-

WHO'S WHO this week is a short junior with brownish red hair.

vid Fields left Tuesday. Stan Bundy left for Sherman Monday. Eddie Sawyer has set a new record for a break between semesters. He came home Friday and left again Sunday for SMU. Susan Allison and Betty Jack Cooper left Sunday for TCU. The town will be empty again before long.

Sarah and Beverly Johnson ended their summer visit Sunday when they returned to Dallas.

SPOTLIGHT! Bert Bloodworth has started writing his own songs to play on the guitar and sing. Irene Davis says that he is really good!

Kaye Ellis has a new car. She is driving a Volkswagen to school now.

Ceewee Johnson, John David Fields, Irene Davis, and Les Seiler went flying in an airplane Sunday! Charlie Hopf is coming home Thursday for a ten day leave from the Navy.

Thursday, the Broncos scrimmaged with Del Rio. Naturally, Sonora won with a score (even though no official score was kept) of 12 to 0. Al Letsinger was "all bandaged up" Friday morning with a cup on his nose. Laney Cook came down with the flu after the game. Speaking of flu, Mitch Trainer, J. V. Cook, and Mike Gosney were all out of the game recovering from the "stuff".

The first scheduled football game will be this Friday night with Balinger. Won't the new lights and concession stand be nice then?

MRS. JAMES GARLAND BUNYARD

Francine Fields, James Bunyard Wed In Episcopal Services September 3

Miss Francine Fields and James Garland Bunyard were married Monday in St. John's Episcopal Church Saturday, September 3.

The Rev. Alanson Brown, minister of the Church of the Good Shepherd in Wichita Falls and formerly of Sonora and the rector of the church, the Rev. Rollin Polk, officiated in the ceremony. The bride was given in marriage by her brother, Fred E. Fields.

The bride is the daughter of Mrs. W. J. Fields and the late Mr. Fields. Mrs. Roy English of San Antonio and J. G. Bunyard of San Angelo are the parents of the bridegroom.

Miss Fields wore an empire gown of silk peau de soie in light ivory with a French net coat train attached at the sleeve. The train was edged with pearl and sequin trimmed Alencon. She carried a bouquet of gardenias to complete her attire.

Attending the bride were Mrs. Penn D. Baggett of Austin and Miss Mary John Espy as the bride's honor attendants. Bridesmaids were Miss Betty Jack Cooper, Miss Susan Allison, Miss Judy Ann Allison of San Angelo, Mrs. James H. Stephens of Houston and Mrs. Freddy Christian of Lubbock.

The father of the bridegroom, J. G. Bunyard, served as best man. Groomsman included Bobby Bunyard, Jerry Bunyard, Ben McCulloch, Joe Pilmer and Bill Gray, all of San Angelo, and Ronald Cosper of Greenville. Ushers were Johnny West of San Angelo, Bill Wilson of Austin, Richard McMillan, John Springer Stephens Jr. of O'Donnell and Bill Holland of Houston.

Flower girl and ring bearer were Michelle Fields of Amarillo and John Webster Elliott.

After a wedding trip to Acapulco and Mexico City the couple will live in Lubbock where the bride is a student at Texas Technological

College. The bridegroom is enrolled in the graduate school at Texas Technological College.

The bride, who has attended Texas Christian University, is a member of Kappa Kappa Gamma social sorority and has been named to the Dean's Honor List. The bridegroom attended Angelo State College and was graduated from Texas Technological College where he was a member of the Aggie Club and the American Society of Range Management and was named to the Dean's Honor List.

Mr. and Mrs. J. G. Bunyard, the bridegroom's parents, hosted the rehearsal dinner, September 2, at the River Club.

HOSPITAL NOTES

Patients receiving treatment at Hudspeth Memorial Hospital during the period from Tuesday, August 30 through Monday, September 5, included the following:

- Mildred Cauthorn*
 - Jim Cauthorn
 - Felma Gorman*

 - Essa Hoover, Eldorado
 - Armando Garcia, Eldorado
 - Mary Semmler
 - Hilda Logan
- *Patients dismissed during the same period.

In Some Ways We're Still A Little Bit

OLD-FASHIONED

Even though the gifts and jewelry we sell reflect current trends . . . the ethics and principles that have guided us from our starting remain unchanged.

*We believe that to deal fairly with our customers is an obligation which we should never forget.

*We do not believe in pricing some merchandise high enough to permit us to make deals on other merchandise.

*Our employees are not commissioned and are free to make suggestions which, based on their experience, might help you.

*We believe that when a customer buys from us he should be able to do so without any misgivings.

*The confidence of old customers is one of our most valued assets.

The Ruth Shurley Jewelry

Miss Fields Feted At Luncheon Party

A luncheon for the bridesmaid's button-top pink shoes filled with roses adorned the bride's table. About 30 guests were present for the celebration.

Out of town guests included Mrs. Roy English of San Antonio, the mother of the bridegroom, Mrs. James Stephens of Houston, Mrs. Freddy Christian of Lubbock and Miss Judy Ann Allison of San Angelo.

The luncheon tables were decorated with azalea pink wedding shoes filled with roses. Two high,

WORKMEN were in the process of clearing away some old posts and wood near the railroad tracks recently. The workmen removed the old wooden boards which ran next to the tracks near the station with the aid of a winch and truck.

In and Around Sonora

by Hazel McClelland

Mr. and Mrs. Edwin Sawyer, Molly and Jane have returned from a month vacation in Maine. Mr. and Mrs. James Stephens of Houston were here for the wedding too. Mrs. Stephens is the former Nanette Stokes. They met the Stokes here and also James' parents, Mr. and Mrs. Stephens of Big Springs.

Susan Allison left Sunday for Ft. Worth where she will attend TCU this fall. She went for rush week. Betty Jack Cooper left for Ft. Worth Sunday too. She is going to TCU and had to go early for rush week.

Eddie Sawyer left Sunday for Dallas where he will attend SMU. Mr. and Mrs. Don Cooper have returned from their honeymoon. They are visiting Don's mother, Mrs. Harva Cooper and his sister, Betty Jack. They are going to College Station where they will be in A&M this fall.

Mr. and Mrs. Johnny Fields were here for the wedding of Francine Fields and James Bunyard Saturday. They will visit with Johnny's parents, Mr. and Mrs. Herbert Fields before they go on to A&M to school this fall.

Mr. and Mrs. Jack Graves of Austin, Mrs. Graves the former Jo Addah Johnson, have returned from a trip to Monterrey Mexico.

Mr. and Mrs. Joe Friess have been visiting their parents, Mr. and Mrs. Harold Friess and Mrs. Ed Hawkins. Joe and Edwina are living in Laredo now.

Mrs. Jack Wardlaw and Mrs. Miers Savell visited in Christoval the past week.

42 FUN CLUB

The 42 Fun Club had a covered dish supper Thursday night at the home of Mr. and Mrs. Pete Thompson. High score for club was won by Mr. and Mrs. Louin Martin. High guest was won by Mr. and Mrs. J. B. Wright. Mrs. Jack Kerbow won the 84 prize. Bingo was won by W. O. Crites for men and Mrs. Ervin Willman for ladies.

Other members present were Mr. and Mrs. A. W. Awalt, Mrs. W. O. Crites, Mr. and Mrs. Leon Neely. Other guests were Ervin Willman and Jack Kerbow. Mr. and Mrs.

Willman are new members of the club.

Mr. and Mrs. Ernest McClelland and Bill spent Labor Day in Sweetwater with their daughter and her family, Mr. and Mrs. George Thompson and Tracey and Mc.

Mr. and Mrs. A. W. Awalt spent Sunday in Kerrville visiting an aunt of Mrs. Awalt, who is in the hospital.

Mr. and Mrs. Preston Neely were here over the weekend visiting their parents, Mr. and Mrs. Edwin Sawyer and Mr. and Mrs. Leon Neely. Sarah and Preston will be in College Station this year, where Preston is a senior at A&M.

Johnny Morris was home for the weekend visiting his parents, Mr. and Mrs. James Morris. Johnny has been in San Angelo working for six weeks, after attending summer school at A&M the first part of the summer. He returns to A&M for the fall semester.

Miss Jan McClelland left Tuesday for school in San Marcos. She is a Strutter, with the precision Strutters at San Marcos.

Miss Janie Letsinger leaves this week for North Texas State University. Janie is playing with the NTSU band this year.

DPS To Start Five-day Work Week For State Highway Patrolmen Soon

The Texas Department of Public Safety announced today that all of its uniformed patrol personnel are going on a five-day week, effective immediately, in an effort to attract and retain adequate personnel, thus providing better law enforcement coverage and service over the state.

Col. Homer Garrison Jr., Director, announced at the same time that there are some 125 vacancies in the patrol services, including Highway Patrol, License and Weight, Motor Vehicle Inspection and Driver Licensing.

"Applications for these career positions are now being accepted, with an October 17 deadline for the next statewide examination on October 22," Garrison said. "The

next training school will begin January 3.

"The five-day week will apply during the training period also, and the training period has been extended from 16 to 18 weeks to cover the shorter school week."

Garrison said cadets at the DPS Law Enforcement Academy in Austin will receive \$400 per month while in training, and will be off Saturdays and Sundays. Upon graduation, they will be assigned to the field with salaries ranging from \$468 to \$484, depending on branch of service.

Garrison said implementation of the five-day week was imperative because of the manpower shortage in the patrol ranks. He said it is believed that the six-day week, inconsistent with work periods in almost all competitive businesses and industries, was a major deterrent to young men, particularly those with families, who would otherwise apply for jobs in the uniformed services.

"Men of good character who are physically fit and between 21 and 35 are invited to obtain additional information if they are interested in becoming a DPS patrolman," Garrison said.

NEW TEACHER in the second grade at Elliott Elementary School will be Mrs. Ralph Finklea. The wife of the principal of Central Elementary, Mrs. Finklea has a bachelor of arts degree from East Texas State and a master of education degree from the University of Texas. She has taught in Bryan, Longview, Austin, and Virginia Beach, Va. schools and has taught in Sonora. The Finkleas, 11-year residents of Sonora, are Presbyterians and have two children, Peter, 5; and April, 2.

Failure To Claim For Disabilities Costs County Residents Thousands

Many Sutton county residents are losing thousands of dollars monthly because of their failure to take advantage of the 1965 disability amendments, Franklin Upp, field representative of the San Angelo Social Security office announced Thursday.

Under these new amendments, he said, disability payments are no longer limited to persons with "permanent" disabilities. Previously, one could receive benefits only if the mental or physical impairment was expected to continue for a long and indefinite time, or to result in death.

Today a person may qualify for benefits if his disability has lasted, or is expected to last, twelve months or longer. He added that many people in this capacity are not filing for these disability benefits.

Mr. Upp stated that the potentiality of disability hovers over all of us. While only one out of every hundred workers may become disabled, it definitely affects a family's financial security.

Two kinds of disability protection are provided under the social security program, he explained. First, disabled workers under 65 and their dependents may be paid monthly benefits; and second, disabled children, who became disabled before age 18, may qualify for benefits on a retired, disabled, or deceased parent's account.

The important thing, he emphasized, is for any disabled person to contact his social security office immediately, as potential benefits are only retroactive for one year from date of filing.

Social Security benefit payments may be made to disabled workers with only a temporary disability. If your disability is expected to last twelve months or longer, you may qualify. Contact your social security office for further details.

The 1965 Amendments to the Social Security Act allow people with a disability which has lasted or is expected to last twelve months or longer, to qualify for disability benefits.

If you meet this requirement, contact your nearest social security office as you may be losing benefits. The social security office in San Angelo is located at 3000 West Harris, and their phone number is 949-4608.

Scouts Get Awards

Howard Minyard was advanced to Eagle Scout and seven other Sonora Boy Scouts were advanced in rank at a Court of Honor held Aug. 30 at the regular meeting of the Downtown Lions Club. J. B. Morris of San Angelo explained the requirements of becoming an Eagle Scout, and Mrs. Frank Pomesil presented her son with the award.

Advanced to second class scout at the meeting were David Mathis, Joe Ray Wilson, Gene Thompson, and Sam Thompson. Bobby Humphreys was advanced to first class, and Bill Thompson and Jim Elliott were advanced to star. Charles West, scoutmaster, presented these awards.

Several Sonora Scouts also earned merit badges at Camp Sol Mayer recently. They included Bob Brockman in canoeing, wildlife management, and first aid; Al Elliott in rowing, camping, soil and water, and scout lifeguard; Jim Elliott in canoeing, camping, first aid, and scout lifeguard; and Tryon Fields in swimming and archery.

Also, Bobby Humphreys in canoeing and lifesaving; Horace Humphreys in wildlife management; Taylor Jones in lifesaving, canoeing, and wildlife management; David Mathis in pioneering; Peter Polk in wildlife management; and Bill Thompson in canoeing, first aid, and scout lifeguard.

Also, Gene Thompson in swimming and wildlife management; Sam Thompson in pioneering and lifesaving; Ted Turner in first aid; Joe Wallace in pioneering and wildlife management; Bude Lee Whiddon in pioneering, swimming, and wildlife management; and Joe Ray Wilson in swimming and archery.

Snips, Quips, And Lifts

by Mrs. Lottie Lee Baker

—In Wales whenever the through trains stop at Llanfechpwllgerych, the conductor simply calls out: "If anybody's getting off here, this is it."

—When parents can't control children in the home, it is difficult for the government to control them on the street.

—Life's evening will take its character from the day that preceded it.

—If you take the "I" and the "me" out of "time", there still is left "T"—a cross which symbolizes eternity.

—One way to keep people from jumping down your throat is to keep your mouth shut.

—What you don't owe won't hurt you.

—In this electric age, all a woman has to do to run a home is to keep plugging.

—Most of the trouble folks get into is through their mouths—either eating, drinking or talking.

—If Communism is as wonderful as they claim it is, looks like they would take down their iron curtain and put in a picture window.

—The cookbook is a volume that is brimful of stirring passages.

—The reason worry kills more people than work is because more people worry than work.

—It seems that the hardest thing to give is in.

A LIFT FOR THE WEEK
The diamond cannot be polished without friction, nor the man perfected without trials.

Learning God

"... And they shall be all taught of God." — Isaiah 54:13

How much do you know about God? How often do you think about God? Is your entire life guided by awareness of the fact that God is an ever-present reality? Or, do you perhaps, believe in a part-time God? Do you turn to God only with a prayer for help, never with a word of thanks? Become more aware of God. Seek for yourself a new and greater purpose in life. The more you learn about God, the more you bring God into every facet of your daily life, the brighter your world will become.

The Devil's River News

GREEN NEWS

The men had a good turn out of golfers and duffers for their Championship Tournament and it was a lot of fun for everyone. The chicken supper Monday night was exceptionally good. L. P. Bloodworth was the cook. I'm not real sure who all the "cutter-uppers" were but Milton Cavaness was wearing a very attractive apron.

GN
George Johnson won Medalist and flight winners were as follows:

Championship flight, George Johnson, winner; J. W. Neville, runner-up; Oliver Wuest, consolation; Patch Cochran, consolation runner-up.

First flight, Mickey Powers, winner; Dub Black, runner-up; Bob Snodgrass, consolation; Jack Hext, consolation runner-up.

Second flight, Jerry Duncan, winner; Francis Archer, runner-up; Clayton Hamilton, consolation; Lea Roy Aldwell, consolation runner-up.

Third flight, Earl Johnson, winner; Jackie Sharp, runner-up; Hut Moore, consolation; W. H. Hill, consolation runner-up.

Fourth flight, Web Elliott, winner; Pete Thompson, runner up; Stanley Mayfield, consolation; Bill Tittle, consolation runner-up.

Losers flight, Mike Wuest, first flight; Raymond Morgan, second flight; Lee Fawcett, third flight.

A special award was presented to Shelley Lowe and E. L. Harrell for being co-losers of the losers flight. We're going to have to all go out and watch them putt with the half golf ball they won.

GN
After the tournament play was over Monday afternoon a big putting contest got under way. There

Browns Are Guests At Aldwell Home

Weekend guests in the home of the Rev. and Mrs. Lea Roy Aldwell were the Rev. and Mrs. Alanson Brown of Wichita Falls. Rev. Brown officiated with the Rev. Rollin Polk in the Saturday wedding of Miss Francine Fields and James Garland Bunyard.

TROPHY WINNERS of the annual Labor Day golf tournament at the Sonora Golf Club proudly display their hard-earned merchandise. They are (left to right, seated) Jack Hext, Lea Roy Aldwell, W. H. Hill, and Bill Tittle; (second row) Oliver Wuest, Bob Snodgrass, and Hut Moore; (third row) J. W. Neville, Dub Black, Francis Archer, Jackie Sharp, and Pete Thompson; (fourth row) George Johnson, Mickey Powers, Jerry Duncan, Earl Johnson, and Web Elliott.

Projects To Bring Awards To 4-Hers

Sheep projects are one more area of livestock programs set up on a statewide and national scale for 4-H Club members. The state sponsorship was assumed this year by Wilson & Co., Inc., which previously had offered scholarships only on a national selection basis.

Announcement of the new state award for highest ranking sheep project member is an engraved wrist watch. The cooperative Extension Service, which sets up guidelines for the 4-H program, selects both state and national award winners.

The 4-H'er, in the course of working on the project, not only learns the responsibility of animal care, feeding and health, but also learns to appreciate the importance of lamb as a food and sheep products

Livestock Profits Lost By Damages

Losses from handling are stealing profits from the Texas livestock industry, according to County Agent D. C. Langford.

These losses include killed, crippled, and bruised animals, transit shrinkage and loss of bloom.

A conservative estimate places the per head loss for beef animals at 60 cents, or \$50 million annually in the United States. The national loss for hogs is about \$7 million annually.

Reduction of shipping handling losses can be achieved by outlawing clubs, whips, and other bruise-causing persuaders. Use canvas slappers, and use them sparingly. Eliminate protruding nails, bolts and broken boards in trucks, pens, and chutes. Remove stumps, posts, and machinery that will cause bruises in feed-lots and in corral areas.

Livestockmen should bed the truck properly. Also, have trucking equipment in good order. Loading should be done slowly and carefully as rough handling is an expensive way to speed up loading and unloading.

Protecting animals from bad weather, providing proper ventilation and frequent checking of the load are all good practices that may help reduce losses.

By keeping these suggestions in mind, shippers can reduce their handling losses and this will, in turn, insure an increase in livestock profits, concludes Langford.

Amistad ...
... from Page 1

million dollars, Newman said. Most of the operation of certain facilities will be handled by concessioners rather than the government, Newman added.

"Through experience in similar projects, the National Park Service has found that the control of access to a lake is the key factor in planning, management and the protection of facilities", Newman emphasized. For this reason, private pier and boat docking privileges will not be granted to property owners. In the interest of the public, the National Park Service must protect the shoreline against unsightly construction, accumulated trash and water pollution hazards. To meet this problem, all construction on Federal lands will be done by the government or a concessioner for public use. This same practice is followed on all other lands administered by the National Park Service, according to Newman.

The new lake and recreation area is expected to have a significant amount of economic impact on the region. Newman presented some tourist data compiled by the Tourist Council as a guide to the importance of tourist trade to the state as a whole. According to this data some 17 million tourists from out-of-state visited Texas. During this time they spent \$906,340,000 for an average of nine dollars per person each day. The average length of stay was six days. A high percentage of this money was spent on gasoline products and automotive services, food and lodgings.

Newman further stated that, "the proximity of Sonora to the new lake should have significant impact on the economy".
