WITH HIS TONGUE held in just the right position, Mike Stewart place-kicks a football in the Punt, Pass and Kick contest last Saturday. Larry Berger (bottom picture) gets his tongue in the correct position to toss a football for distance in the passing event.

Seventy-One Compete In Football Contest

Seventy-one boys between the ages of eight and 13 turned out for the annual Punt, Pass and Kick contest at Bronco stadium last Saturday.

The contest, sponsored by the Ford Motor Company and locally by the Sonora Motor Company, tests the boys ability in punting,

passing and place-kicking a football for distance.

Prizes in the contest range from medals to expense paid trips to district competitions and to National Football League professional championship football games.

Winners in the local contest in each category include the following:

Age 8: John David Cook, 124; John Webster Elliott, 123 and Bob by Simmons, 118.
Age 9: Alan Harris, 163; Dan Neill Richardson, 149 and Mike Stewart, 116.
Age 10: Paul Browne, 184; Randy Hill, 175 and Lindsey Hicks, 170.
Age 11: Bruce Kerbow, 216; John Martin Beckham, 199 and Chuck Browne, 196.
Age 12: Wesley Richardson, 227; Tryon Fields, 214 and Tom Green, 208.
Age 13: Tony Renfro, 295; Charles Ray Ross, 231 and Ramiro Gandar, 226.

John Bell acted as the local coordinator of the nation-wide competition. District winners will be announced at a later time.

CINDERS

By Jim Barnett

Change is always expected when you move from one place to another but it is also, always underestimated.

When I made the change from Houston to Sonora I expected some change, but, of course, I underestimated the situation.

The first person I met after arriving here was John Eaton. I knew that smaller towns are usually more informal than the larger ones, but I was still undecided whether or not to call John by his first name or last. When I did address him I knew I had made a drastic mistake in calling him MISTER Eaton. John gave me that certain look of his to let me know I had made a social blunder and I thought with that I was off the hook. Again, I underestimated the situation, because John gave his caustic reply, "What's this MISTER Eaton bit".

From then on I've called most everyone I've met by their first names. I'm sure that this is another bad estimation also; I'm bound to run into someone who insists on the MISTER term.

This just proves the old adage; "You can't please all of the people all of the time".

Trial Scheduled For December 6

The trial of Charles Ray Luxton, 31, of Big Lake has been scheduled at 9 a.m. December 6 in Sonora. 112th Judicial District Judge, Charles Sherrill of Fort Stockton will be the presiding officer of the court.

Luxton is charged with murder with malice in the shooting death of Edgar Walton, the father of his estranged wife. He was indicted by the Reagan County Grand Jury and a change of venue was granted by Judge Sherrill for the trial to be held in Sutton County.

Original plans called for the transfer of Luxton to the Sutton County jail but the jail here was found to be unsuitable for holding a prisoner for any length of time. Judge Sherrill ordered Luxton moved to the Travis County jail in Austin until the time of the trial. Sutton County Sheriff, Herman Moore was designated to move Luxton from Reagan County to Austin.

Luxton will be defended by Sam Houston Clinton, general counsel for the Texas Civil Liberties Union in Austin and Jerry N. Shurley.

Prosecutors are Bill Earney of Marfa and G. Dixon Mahon of Ozona. Earney is the district attorney of the 83rd Judicial District and Mahon is district attorney for the 112th District.

A special venire has been called of 60 Sutton County residents as potential jurors for the trial.

A pre-trial conference will be held at 2 p.m., December 5.

Sonorans Will Attend Conference On Industrial Development Ideas

According to advance registration records, practically every city in the 132 county West Texas area will be represented at the 13th annual Industrial Development Conference in San Angelo October 14th.

The West Texas Chamber of Commerce, sponsors of the event, has arranged a day-long program of subjects of interest to each community interested in industrial growth.

Nine "how to" sessions are scheduled. These workshops will explore in depth the methods of attracting, selling, servicing and maintaining the industrial prospect. Experts in their fields will moderate the separate workshops and will have a panel of other specialists to answer questions and develop ideas.

Industrial committee members, mayors, county judges, chamber of commerce presidents and managers and other leading businessmen of West Texas will attend the conference. All sessions will be in the San Angelo Coliseum and will commence at 9 a.m. October 14th.

Sonorans planning to attend the workshop include Stanton Bundy, Bob Teaff, Hilman Brown, Nolan Johnson, and Bob Johnson. Other persons interested in the workshop are urged to attend.

Firemen's Festival Prizes Copped By Ballinger Team

Fire-fighting teams from a large area of the state and representing the Hill Country Firemen's Association were in Sonora October 8 for their annual convention.

Their program was high-lighted with team contests using fire-fighting equipment.

Nearly 20 West and Central Texas towns entered teams in the competition held at the Sonora Fire Station.

Volunteer and regular firemen and members of the ladies auxiliary from Ballinger took three first place prizes in the contests.

They won the ladies water polo, men's water polo and the women's pumper race. Water polo is played with high-pressure water hoses used to push a bucket back-and-forth along a tight wire from which the bucket is suspended.

Other race results were: Six-man Pumper Race—1. Brownwood, 2. Ballinger, 3. Rowena. Ladies Pumper Race—1. Ballinger, 2. Rowena, 3. Eldorado. Three-man Race—1. Ballinger, 2. Brownwood, 3. Del Rio. One-man Race—1. Brownwood, 2. Coleman, 3. Del Rio. Ladies Water Polo—1. Ballinger, 2. Eldorado. Men's Water Polo—1. Ballinger, 2. Brady. Ladies Nozzel Race—1. Bell Harris, Eldorado; 2. Sylvia Griffin, Eldorado; 3. Jean Lee, Ballinger. Man-miles Traveled—Rowena.

Awards were presented to the top teams during the annual supper at the Sonora 4-H Center.

Mayor A. E. Prugel addressed the group at their business meeting Saturday morning and Firemen's Association president, J. C. Luttrell, presided at the meeting. Members decided to hold their next meeting in Coleman next April.

The convention was closed with a dance held at the 4-H Center.

Public Housing Nixed

A resolution was passed to defer a proposal for public housing until evidence of need was presented when the Sonora City Commissioners met October 3.

Commissioner Fred Earwood made the motion that the proposal be deferred on the grounds that no conclusive evidence had been presented.

Their conclusion was based on evidence presented during a public housing hearing August 23, and on the commission's own findings. The motion was seconded by Commissioner W. B. McMillan and the vote was unanimous.

The commissioners studied public housing projects in Del Rio in analyzing the housing proposal in Sonora. They indicated the Del Rio project's success was influenced because of the large number of military personnel utilizing the facilities. Indications were that a similar project here would not be feasible.

The plan called for low-cost government housing offered by the Public Housing Authority of the federal government. It was designed to provide low-cost housing to low-income families with the size of the house to be judged by the size of the family. Normally one-fifth to one-sixth of the family's income would be used as a standard for setting the amount of rent. Most cities have also set a maximum income bracket for people able to utilize the low-cost housing. The City Commissioners felt,

from first hearing the proposal, that the initiative for exploration into public housing should come from outside the city government, and the Chamber of Commerce had requested that the possibilities of the project be explored.

Airman Calvin Sanders

Sanders Completes Technical Training

Naval Airman Apprentice Calvin R. Sanders has completed three courses at the Naval Air Technical Training Command's Maintenance Training Group.

The three courses are Aviation Fundamentals, Corrosion Control and Aviation Armament System Maintenance. In addition to the military courses he completed, Sanders finished his high school education while in the Navy.

He is now stationed at the Naval Air Station at Whidbey Island near Oak Harbor, Washington.

Officers for the student council of Central Elementary School will be elected Friday morning following speeches by the candidates in Central's auditorium.

Candidates for president are Mark Rousselot and Wesley Richardson. Michelle Rousselot, Wade Richardson, Molly Sawyer, and Sarah Allison are candidates for vice-president. Running for secretary are Ruth Wallace, Steve Street, Nancy Smith, Terry Lowe, and David Wallace; and candidates for treasurer are David Mathis, Mark Wilkerson, Karen Hemphill, Alan Harris and Tryon Fields.

Run-off elections will be held Monday, according to Ralph Finklea, principal.

Central Elementary Student Council Election Set Fri.

Broncos Make It Four-In-A-Row, Smashing Junction Eagles 32-13

In a wild-scoring first quarter the Sonora Broncos added another link to their chain of victories under the field guidance of potential All-State quarterback Laney Cook.

The first Bronco score came after a 60-yard drive and within the first

three minutes of play. Laney Cook pushed the ball over from the 15-yard line on a run around end. His extra point kick was good to make the score 7-0.

Minutes later, Laney Cook connected with Noe Chavez on an aerial

play which covered 51 yards for the second Bronco tally. The two-point conversion attempt failed.

Another Bronco score was added to the mounting total on a razzledazzel punt return. Junction punted to the Sonora 45-yard line where the kick was taken by Noe Chavez. As the Eagle defense closed in on Chavez, he handed-off to Laney Cook. Cook turned a desperate situation into a touchdown by wiggling his way 55 yards for another score. Again the two-point conversion attempt failed and the score stood at 19-0.

The angry Eagles came back for a score on the kick-off return following the Bronco score. Junction quarterback, Matt Champion, carried the ball from deep within his own territory into the end zone. Preston Joy's extra point try failed.

The wild, first quarter ended with the score 19-6.

As the second quarter opened and Sonora moved to the Junction two-yard line on a long run by fullback, Mike Gosney, replacement quarterback, J. V. Cook, smashed the ball over for the fourth Bronco score.

The conversion attempt failed and ended the half with a score of 25-6.

In the second half of play both teams settled down into a more determined type of football. Junction's defense tightened into a strong wall. However, after a hard-

fought 60-yard drive, Ed Lee Renfro found the chink in the Junction defensive wall and punched over from the five-yard line. Cook's extra point kick was good to boost the Bronco score to 32.

Play in the fourth quarter belonged to Junction with their team playing well-coordinated football. Their second score of the night came after a 60-yard drive to the Sonora two-yard line. Halfback Randy James pushed the ball over for the final touchdown of the game.

16 Proposed Constitutional Amendments To Be Aired by Snelson at Lions Club

State Senator Pete Snelson of Midland will be guest speaker at the regular meeting of the Sonora Lions Club at noon Tuesday, October 18.

Senator Snelson will present a program on the 16 proposed amendments to the Texas Constitution which will be voted on November 8. He will discuss the background and significance of each.

The 16 amendments constitute the remainder of the record-breaking 27 passed by the 59th Legislature during its regular session in 1965. Eleven were considered at two special elections in 1965, and five of them adopted. The Texas Constitution has been amended 163 times since it was adopted in 1876. Senator Snelson currently repre-

sents the 29th district in the Texas Senate and he will do so until January 10, 1967. He is a native of Ward County and holds a BA degree from Texas Western College and an MS degree from Northwestern University.

Both of their games.

Staring time is 1 p.m., and entrance fee is \$2. Neville urged entrants not to be late.

Handicap Tourney Set for Sunday

A handicap tournament has been set by the Sonora Golf Club for Sunday. J. W. Neville said that handicaps had been figured and would be posted at the club Saturday.

Starting time is 1 p.m., and entrance fee is \$2. Neville urged entrants not to be late.

ONE CONTESTANT in the Men's Pumper Race turns on the water for his team-mates in the annual Hill Country Firemen's Association racing events Saturday. The team from Brownwood won this event.

POTENTIAL ALL-STATE QUARTERBACK, Laney Cook, races down the sideline after taking a hand-off on a punt return from Noe Chavez

for a 55-yard Sonora score. Cook scored two of the Bronco touchdowns, kicked two extra points and passed to Noe Chavez for a third touchdown.

Snips, Quips, and Lifts

By Lottie Lee Baker
—The fellow who thinks he knows it all is especially annoying to those of us who do.
—Rags make paper; paper makes money; money makes banks; banks make loans; loans make poverty; poverty makes rags.
—When alone we have our own thoughts to watch; when in the family, our tempers; when in society, our tongues.
—Simplified Spelling
We're surely in favor of simplified spelling; we've long ben in need of just that. We've worried about the long words al we want to, this kind we can spel quik as

skat. We've longed to nock out the superfluous letters, and save on our ink and our patience as wel; but we have ben boun by a fool custm's fetters, and ben up against it when we've tried to spel.
O simplified spelling will save us much trouble, for we kin rite it with the greatest of eez, and 3 times as fast as we did in the old days by spelling the wurdts just as we doggone pleez.
—Nothing will cook your goose faster than a hot tongue.
—Some people get on the right track and go in the wrong direction.
—There is nothing more expensive than ignorance in action.
—Wonder if a fish goes home and brags about the big bait that almost caught him?
—Nobody appreciates autumn more than the fellow who has no leaves to rake.
—He's the kind of a friend you can depend on—always around when he needs you.
—If you must have enemies—be careful in choosing them.
—An error doesn't become a mistake until you refuse to correct it.
A LIFT FOR THE WEEK
If you would go forward, you must be willing to leave something behind.

DEVIL'S RIVER PHILOSOPHER SEZ:

Farmer's Can't Support The Cities

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River puts the big city problem in a different light in his letter this week.

Dear editor:
According to an article I read in a newspaper which drifted onto this bitterweed ranch yesterday, don't know where it came from, the Mayor of New York informed a Senate committee in Washington that New York has reached the limit of its taxing ability, has run out of new sources of revenue, and will need 50 billion dollars from the Federal government in the next ten years to keep the city livable.
Moreover, other cities are getting in the same shape, and one Senator, figuring up their requests, calculated it would take 250 billion dollars in the next ten years to keep them all livable.
I got to thinking this over, and while I don't know exactly how many acres there are in the country's major cities, I estimate they're asking for roughly about \$50,000 per acre per year.
You can see this makes the farmers, who never

got more than 3 or 4 dollars an acre in Federal help, look like pikers.
It makes a person wonder, can we really afford these cities?
I know land is valuable in a city, but if it takes \$50,000 an acre per year in Federal hand-outs to keep it producing, it makes a man scratch his head.
Furthermore, there are other complications. For example, farmers now make up less than 10 percent of the total population in this country, and if the 90 percent now living in cities can't support themselves and are looking outside their boundaries for help, somebody is sure dreaming if he thinks us farmers can carry the load. I wouldn't mind sending New York a dollar now and then, but 10 billion? Just haven't got it.
Somebody ought to tell the cities, where all the brains are supposed to be, that just because farm prices are up a little it doesn't mean we can rake up 25 billion dollars a year just to tide them over.

Yours faithfully,
J. A.

FAMILY POT LUCK

BY HELEN HALE
Little Flavor Tricks
Have you ever tried Chicken a la King with toasted slivered almonds mixed in it? This gives both texture and style.
Relish biscuits will intrigue family or guests. Add to 2 cups of biscuit mix (before the milk) 2 tablespoons shredded raw carrots, 1 tablespoon chopped green pepper and the same amount of chopped parsley. Use the same amount of milk. Bake in a hot (425°F.) about 10 minutes.
Like a good sauce for sliced ham? Combine 1 cup applesauce, 1/2 cup chopped raisins, 1/3 cup brown sugar, 2 tablespoons honey and cinnamon and nutmeg to taste. Spread on ham slices before baking.
Give hot breads a flair by adding 1 cup grated cheese to your usual batch of oatmeal muffins or popovers.
French or mayonnaise dressing may be mixed with crumbled blue cheese for variety. If desired, add also some grated onion, Worcestershire sauce, lemon juice or garlic salt.
Toss day-old bread cubes in garlic seasoned butter, then sprinkle with Parmesan cheese. Toast lightly. Float on soup.

Helen's Favorite: Patrician Potatoes (6 servings)
2 cups creamed cottage cheese
2 cups thick, unseasoned hot mashed potatoes
1 1/2 teaspoons unseasoned salt
1/4 cup butter, melted
1/4 cup chopped, toasted almonds
Blend or whip cottage cheese until smooth. Combine with potatoes, salt and 2 tablespoons butter. Turn into a shallow 1 1/2-quart casserole. Drizzle with remaining butter. Bake in a moderate (350°F.) oven. Sprinkle with almonds 5 minutes before end of 20-minute baking time.

TEACHERS SHORTAGE CRITICAL

What happens when a school suffers a teacher shortage? What happens to the pupils attending the understaffed school? How does it affect their future in college?
These questions loom large with news that Texas is plodding through its worst teacher shortage in 25 years.
The casual observer may fail to see the resulting trouble. Most of today's adults are simply unaware of the vast changes that have occurred recently in curriculum and instruction.
Despite the teacher shortage, no child is likely to be sent home and told to come back next year. For better or worse, the doors of every Texas schoolhouse remain open.
What happens to Johnny, however, is that in an understaffed school he will find himself in unusually large classes. Thus, individualized attention that characterizes the best schools becomes simply impossible.
And when the school principal has to pad out his staff with less than fully certified teachers, or substitutes, the situation is compounded.
A teacher shortage today is far more serious than it was even 10 or 15 years ago.
For example, until recently the mathematics curriculums across the nation were fairly well standardized. But today, with the advent of the new mathematics courses in which children learn more and learn better, there are literally hundreds of mathematics curriculums which school districts have adopted to fit the individual needs of the communities and regions they serve.
In addition to the new math, there are the new sciences, and, just beginning, even new English curriculums. The old standardized curriculums have fallen before an onslaught of progress in education. There is every sign that this progress will continue and that today's new curriculums will give way before even newer ones.
What this means is that the importance of the career teacher has taken on new dimensions. He can no longer be adequately replaced by un-certified teachers or substitute teachers who have not kept up with the dramatic curriculum innovations. His summers are spent in increasing amount

of graduate study and in learning how to translate the new curriculums into educated children.
When a substitute teacher or an un-certified teacher is brought in, no amount of conscientious effort on his part will suffice to fill the gap left by the loss of a trained, up-to-date full-time professional.
To be sure, homework will be assigned and report cards passed out at the end of the semester. Johnny and his parents may never know what he was really missing.
But they find out when Johnny takes his college entrance exams and ends up in the low percentile ranks.
"But," the chagrined parent might complain, "Johnny made a B average in high school. Why can't he get into the college he wants?"
The fact is that the last 10 years of curriculum improvement is meaningless if there is not a qualified teacher available to bring the new learning methods into full flower.
Schools can not prepare today's child for today's and tomorrow's higher college entrance standards if they can not staff their faculties with qualified professionals.
Some way must be found, now, to end the shortage of qualified, professional classroom teachers.

Litterbugs are an expensive item on the family budget. Keep America Beautiful, Inc., estimates that \$10 of the state and local tax money paid yearly by the average American family is used to pick up litter from streets, highways, beaches and parks.

Mr. H. C. Diefenbach, advertising counselor, Dayton, Ohio, says: "There must be something wrong with the thinking of young folks when, seeking employment, they are more concerned over 'security' than over opportunity. In OUR book, the principle of private enterprise is our greatest security. The businessman who pays wages year after year gives us our greatest security. If we eliminate him, no government bureau or vote-hungry politician is going to give it to us."

Operation Sparkle Program Presented At Sonora Woman's Club Thursday

Operation Sparkle was the theme of the Sonora Woman's Club program Thursday, October 6. Jack Smart of Crane explained the project and its objectives.

The sparkle theme is a West Texas Chamber of Commerce project aimed at upgrading West Texas towns for the influx of tourists expected for HemisFair and the Lions convention in Mexico in 1968. Smart narrated a slide presentation that showed the good and bad side of a town from a tourist's viewpoint. He showed improvements towns had made to change eyesores into community assets.

The Rev. Rollin Polk followed the Sparkle presentation with slides of places in Sonora needing

improvement. Many of the spots, he pointed out, had already been cleaned and beautified, while others still needed a caring hand. A group discussion of Sonora's improvement needs followed.

Smart is manager of Texas Electric Service Co. in Crane, a director of WTCC, and chairman of Operation Sparkle in West Texas. He was accompanied by A. V. Patterson. Also visiting the club were Rex Cusenbary, Bob Johnson, and John T. King.

Program hostesses were Mrs. G. H. Davis, Mrs. C. M. Epps, Mrs. Louie Trainer, Mrs. Vestel Askew, Mrs. Bob Johnson, and Mrs. Robert Kelley Jr.

Radio station KCKG will carry guest sermons each Sunday by the Rt. Rev. John E. Hines, presiding bishop of the Episcopal Church in the United States, at 10:45 a.m.

The programs will run until November 27.

Early Application Necessary For SS Medical Insurance

"Each month 120,000 Americans reach age 65", according to Ted F. Moellering, district manager of the San Angelo Social Security Office. "If these people wish to have medical insurance beginning with the month they reach age 65, they must apply for it during the three-month period before the month in which they become 65."

A person who will be 65 in January, 1967, should apply during October, November, or December. If he waits until January, the medical insurance will be effective in February, 1967.

His application filed in February, March, or April, 1967, would make the insurance effective April, June, or July of that year. After April, 1967, he cannot have medical insurance until July, 1968.

MISS JESSIE LEM JOHNSON

Sonorans Announce Wedding Plans

Mrs. Lem Eriel Johnson has announced the engagement of her daughter, Jessie Lem Johnson, to Jack David Wardlaw.

He is the son of Mrs. Jack David Wardlaw and the late Mr. Wardlaw.

The wedding has been set for November 5, at the home of Mrs. Johnson.

Miss Johnson had attended Colorado State University and Jack David Wardlaw attended Texas Technological College.

Both are students at Angelo State College. Miss Johnson is a 1963 graduate of Sonora High School and Wardlaw was graduated in 1964.

Deer, Cow Subjects Of Range Studies

Studies now getting underway at the Gus Engeling Wildlife Management Area, located near Palestine, are aimed at finding the answer. A deer and cow are being used in the test and every bite they eat will be recorded as will the kind of plant supplying the food. Findings, says County Agent W. T. LaRue, should be valuable to stockmen in determining stocking rates for pastures grazed by both cattle and deer.

Fiesta de Amistad Plans Tournament

Registrations are open for the Fiesta de Amistad golf tournament to be held in Del Rio October 22 at 2:30 p.m. Deadline for registration is 6 p.m., October 21.

Tournament director, Bob Henderson, expects about 200 golfers to compete in the contest. The play will be on two different courses; Laughlin Air Force Base and the San Felipe golf course.

Over \$1,400 in prizes will be awarded in five flights of competition. For additional information contact Henderson at Del Rio, 775-2443 or 775-7296.

Participants will also have an opportunity to take part in many of the Fiesta events other than the golf tournament. Some of these will be a parade, a dance in one of Laughlin Air Force base's huge hangars and an aerial demonstration by the U.S. Air Force Thunderbirds.

120 New Books Added to Shelves Of Sonora Woman's Club Library

The Sonora Woman's Club library has added over 120 books to its shelves since the beginning of the year. Of this number are 12 books dealing with Texas history and western lore.

Listed are books that have been bought, donated and given as memorials. The list includes:

- Fiction**
- School House In the Clouds — Sir Edmund Hillary

'Issues and Responsibilities' Panel Talks to P-TA on Sonora School System

A panel discussion led by Mrs. Autrey Bridges, with Rex Lowe, Mrs. W. T. Hardy, Armer Earwood and the Rev. Ross Welch as panelists, dealt with "Issues and Responsibilities in Our Local School System" at the October 4 meeting of the Parent-Teacher Association.

MELINDA EARWOOD'S soap box racer is the product of a book she read in school entitled "Red Racer". She built the machine with the help of her father, Armer Earwood.

Melinda Earwood Builds Derby Racer

After reading a book in school entitled "Red Racer", Melinda Earwood, daughter of Mr. and Mrs. Armer Earwood, built and drives a soap-box derby racer. Her pride is in the braking system which was her own idea.

Melinda did much of the work on the racer with her dad lending a helping hand. She said that she had always wanted to build one, but the book was what finally stimulated her to begin work on her racer.

Mrs. Elizabeth Goodwin of Hobbs, N.M., attended the Firemen's Convention Saturday. She is visiting with her two daughters and their families during October.

Teen Scene

by Margaret Bundy

Say! Did you all know that Jimmy Trainer was "married"? You didn't? Neither did he, but he got a letter Friday that was addressed to "Mr. and Mrs. Jimmy Trainer". Okay, Jimmy tell us the truth. Who is the "Mrs."?

Sonorans Attend State Convention

Dr. Charles F. Browne and Rev. Arno Melz have returned from Houston where they attended the Twenty-first Annual Meeting of the American Cancer Society, Texas Division, October 5-6, 1966.

The Annual Meeting marked the Twentieth Anniversary of the ACS in Texas—two decades of volunteer activities in cancer control that have seen statewide expansion of the ACS program: thousands of dressings are made annually for free use by cancer patients; over two million was received in the last fiscal year in Texas ACS funds; millions of adults and students have viewed or read ASC educational messages through films, pamphlets, newspapers, and broadcasts.

Representatives of Sutton County, Unit of the ACS participated in afternoon committee meetings that emphasized accomplishments at the community level. Objectives for the coming year were discussed in Service, Public Education, and Campaign, and an informal "ask the experts" round-table completed each session.

A Parson's Eye View of Sonora

By Rev. Ross T. Welch
Confusion reigned in the Methodist Youth Fellowship and there were whispered suggestions of lynching when it was discovered in the football score guessing game that someone had predicted Rankin would win.

It turned out to be only a mistake and peace was restored. There were some pretty close guesses in the Junction-Sonora contest. In fact three persons tied for best guess. No two of them guessed the same outcome, but all three were within eight points of guessing both team scores correctly.

The three best predictions were given by Charlotte Redman, 33-6; John Schnase, 36-9; and Tim Cole, 28-17.

Laney Cook guessed the total number of points exactly, but did not give any points to the opposition.

If the predictions on this week's game are anywhere near correct, it will be a real ball game.

One thing for sure, Rankin is really fired up for this game. We had visitors from Rankin Saturday afternoon. They think they can't lose. This may well be the game of the season for whoever wins it. Both teams are undefeated to this point.

Perhaps we haven't checked every score, but it appears the teams we have defeated so far this season are doing well in other competition—even 2A teams.

One of the highest compliments that has been paid this preacher since he came to Sonora is the great number of land owners who have invited me to hunt—both doves and deer—on their land.

This is a privilege most men pay for rather dearly, and are delighted to get the privilege—even so. I understand some of my predecessors in this office have been rather avid hunters. And here I am, never having owned a gun—and never having handled very many.

The only time I ever went hunting for deer (on a ranch near Roosevelt) the rancher had to give me

a goat, so I could have fresh meat to take home with me.

Everyone who shivered in the stands at Ozona, felt that winter was really here; but these delightful Indian summer days are a pleasant prelude to what some folk predict will be a hard winter.

The pretty weather seems to encourage church attendance also. When people sit on the front pews, you can be sure the church is fairly well filled.

The Vestal Askews and Bob Halberts fished last week on the Devil's River and reported good success.

Joe Logan, who has about as much to recommend him as anyone I know, is always running himself down. He said it just would not rain out at his ranch until he went to San Angelo—to be with his wife who was in Shannon Hospital—then it stopped raining in San Angelo.

Children who eat at the school cafeteria in Sonora are downright lucky. We have eaten at a good many school cafeterias, and not many serve as good food as this one.

One of the favorite features of the cafeteria menu is fresh baked rolls every day. And seconds are permitted on the rolls.

Here is a question we have often heard discussed, with no good answer given to date: "Why are gasoline prices in Sonora higher than in other towns nearby?"

Tourists would be far more apt to make a habit of stopping in Sonora if this were known as a town where gasoline prices were reasonable.

The local people are certainly good gasoline customers for distance seems to be a negligible factor. One lady drove fifty extra miles so her husband could take his siesta on his own bed. Ben, I am afraid Dorothy has spoiled you.

I suppose this World Series established more records, not all enviable, than any in history since the first one. It was pretty much a young man's series.

We are glad Willie Davis got a chance to redeem himself somewhat. After making three costly errors in about two minutes early in the series, he made one of the most sensational catches in history. Leaping high in the air beside a seven foot wall, he literally reached outside the ball park to save a home run. The Orioles did not make many scores, but they really made them count.

We had company over the week-

end and missed all the excitement of the PP&K football contest for the mighty mites and the friendly competition among the firemen of the Hill country.

Representatives of four churches have been invited to meet Sunday afternoon at the Good Shepherd Presbyterian Church to consider the possibility of combining their youth meetings on Sunday evenings.

Pastor George Stewart has distributed some suggestions to be considered in the meeting.

All the young people of the community are invited to participate in the Halloween appeal for the Christian Rural Overseas Program, a church-related agency that distributes food to persons in dire need through church agencies overseas, Sunday afternoon, Oct. 30.

Mrs. Eulah Newell and Mrs. Frankie Gibson have returned from a two-week visit in Houston.

Johnny Morris and Bobby Kelley were home over the weekend from Texas A&M.

Mrs. Mack Cauthorn, Mrs. Jack Wardlaw and Mrs. L. E. Johnson Jr. were in San Angelo Wednesday. Mrs. Winnie Saunders and Mrs.

John Bell were in San Angelo Thursday.

Mrs. Miers Savell and Mrs. Ernest McClelland were visiting in San Angelo Thursday. They went to see Mrs. McClelland's sister, Mrs. Mora Netherton who has been in the hospital after a heart attack.

Miss Jessie Lem Johnson and David Wardlaw were visiting their families over the weekend. Both are students at ASC.

Have you noticed Main Street in Sonora lately. A few months ago, there were six vacant buildings. Now there are just two. It sure does help the looks of our town.

College kids home last weekend were Miss Randee Lawcett from ASC, Carla Whitworth from North Texas State University and Betty Jack Cooper from TCU. Libb Mills Wallace and Johnny Merck from West Texas State, Andy Moore from ASC and Mrs. Penn Baggett from Texas University were also at home.

Mrs. Jerry Don Balch of Lubbock visited her parents, Mr. and Mrs. Duke Wilson over the weekend.

Cleve T. Jones was home over the weekend from Ft. Worth, visiting his mother, Mrs. Alice Jones, and his grandparents, Mr. and Mrs. Cleve Jones Sr. Mr. Jones is in the hospital, and is doing better. We sure are glad you are so much better, Mr. Jones.

Birthday Party Honors Brothers

A birthday party was held at the Church of the Good Shepherd October 5 by Mr. and Mrs. Bob Snodgrass for Robin Snodgrass on his seventh birthday and for his brother, Chase, who will be six, November 10.

Refreshments for the party were angel food cakes with orange icing and orange juice. Favors were Halloween gum whistles. Gus Ward won the boy's prize in pin-the-tail-on-the-donkey and Susan Schwiening won the girl's prize.

Guests were Jim Howell, Tim Turner, Darren Fisher, Zack Turney, Mitchell Johnson, Trudy Draper, Mark Van Hoozer, Jennie Lu Wilson, Drew McMinn, Bruce Hough, Tommy Hough, Ree Dine Hill, Tobin Joy and Kathy Stewart.

Also Dennis Brown, Jeff Cockrell, Jane Wallace, John W. Norman, Richie Upchurch, Jerri Dunn, Donny Vaughn, Linda Hamilton, Gus Ward, Kelly Ward, Susan Schwiening, Edward Earwood, Brenda Bartz, Pamela Powers and Gregg Tedford.

Assisting Mrs. Snodgrass as hostesses were Mrs. Billy Frank Turney, Mrs. Jill Fisher, Mrs. C. W. Cockrell and Mrs. Dorothy Upchurch.

God's Purpose

"We know that in everything God works for good with those who love him, who are called according to his purpose." — Romans 8:28

Faith in God will lead us to see things as they are, not as we would like them to be. There is strength in faith to meet the challenges of life, to accept that which we cannot change and to understand that it is not God's purpose to seek our admiration or approval through the exercise of miracles.

We know, through faith, that God shall not forsake us. We know that in a life of Christian purpose there is an ultimate reward.

Forfeited Land Sale Scheduled By State

Land Commissioner Jerry Sadler announced that a Veterans' Land Board Forfeited Land Sale would be held on November 15, 1966, in the General Land Office. He pointed out that the Program has exceeded all expectations in its success and value to the people of Texas.

Sadler said that the delinquencies on veteran contract payments are lower today than at any time in the history of the program. Land prices are higher and the Program is making a \$2-1/2 million profit per year for the taxpayers of Texas, in addition to helping veterans own a tract of land that they fought to preserve.

Injured Hand Doesn't Stop Gonzales

Sonoran Primo Gonzalez, quarterback for the Angelo State College Rams, injured his hand in the Ram-Howard Payne conflict two weeks ago and it was doubtful that he would be able to play in

Card of Thanks

Jim and Ada Cauthorn, Rip and Mae Ward wish to thank the Doctors, Nurses and other staff members of Hudspheth Hospital for their kindness during Jim's stay in the hospital.

We are truly grateful for the many cards, letters, flowers, visits, and inquiries since Hulda has been in the hospital. Our deeds and thoughts were appreciated.

Hulda and Joe Logan

New District Head Elected October 3

Vestel Askew was elected to a five-year term as supervisor of Zone 3 of the Edwards Plateau soil and water conservation district Tuesday. Zone 3 includes northeast Sutton county—or all land north of highway 290 and east of 277.

Askew replaced Frank Bond, who served since the district was organized in 1948—and declined to accept reelection. Other supervisors include Fred Earwood, Joe B. Ross, W. B. McMillan and Edwin Sawyer.

The five landowner supervisors administer the soil and water conservation program for the district and furnish local leadership. Through this district, technical assistance is furnished to local landowners and operators. The district also sponsored the flood prevention program on Dry Devil's River and Lowrey Draw.

State Officials Concerned With Screwworm Spread

Screwworm officials are very much concerned with the tremendous upswing in the number of confirmed cases. The practice of "hot spotting" the areas where cases have been confirmed continues, but this is making a drain on the number of sterile flies available from the Mission fly rearing plant. Most flies being reared in this plant have been used in the routine fly drop areas in Mexico, creating a barrier zone which is helping to prevent a large increase of the screwworm fly into this country.

Some livestock producers have possibly been lax in looking for possible screwworm infestations, and all producers are urged to give some attention to this matter in the immediate future. Recent weather conditions have been a contributing factor to the increase of screwworm cases. What is needed now is for all livestock producers to increase their vigilance in inspecting their livestock for possible screwworm cases. Collection of specimens from all wounds should be sent to the Mission Laboratory for identification. This will help the eradication officials to better determine where the real screwworm cases are occurring so that they will be in a better position to take the necessary action immediately.

Vials for sending in the specimens may be obtained from Sonora Wool & Mohair Co., Stockmen's Feed Co., Sonora Feed & Supply, Taylor & Moore, Sonora Veterinarian Clinic and from county Agent D. C. Langford.

City Marshal Taylor Resigns October 1

Sonora City Marshal, Andrew Price Taylor, has resigned from his position effective October 1 according to Mrs. P. J. Taylor, city secretary. He had served as marshal since April 1, 1965.

The needs of the job are being studied by the city commissioners to determine if the position should be retained in the future. If they find that it is necessary to have a city marshal, applications will be accepted from qualified persons.

Manager of City Utilities, R. M. McCarver, said that he had received a letter from the Texas Department of Public Health commending the city of Sonora on the water department. The letter stated that the plant "presented an attractive appearance and met all of the requirements set by the state".

The City Commissioners approved the paving of the west end of Main Street to the Del Rio highway. Construction will not begin until next spring due to construction difficulties that are prevalent during cold weather.

The Sutton County 4-H Achievement program has been set for 6:30 p.m., Saturday, October 22, at the 4-H Center.

COW POKES

Don't Be Haunted

Wondering "Witch" bill is paid!

It's no trick to stop at the First National Bank and treat yourself to the luxury of a checking account. Then you will have an accurate record of each bill you've paid. While we are on the subject, drive carefully Halloween. Masks and costumes make it hard for youngsters to see. They're pretty excited, too.
