by JIM BARNETT

There is something about a type-writer that begs people to demonstrate their literary creativeness.

We noticed that people would type on the demonstration type-writers in the office so we put up a small sign inviting the creative talents of our potential type-writer customers.

One of our more prolific writers wrote, "I wonder who is reading this very personal note I am writing?" The writer then left a space, probably trying to elicit a reply to his leading question.

After a few days we noticed that someone had been tempted by the question. The reply read, "Now is the time to be embarrassed to read someone else's mail".

After a period of time the only creativeness was the usual type-writer stuff such as, "Now is the time for all good men to come to the aid of their country." After a page of repetition, the creative customer finally returned.

His, or her, new report was, "Now is the time to be creative... spring is here."

Creativeness would not be complete without some kind of public announcement. The most recent read, "Now is the time for all good men to come to the aid of Debbie Galbreath, Kari Eustace, Gail Espy and Ceevee Johnson: Sutton County 4-H Club, Senior Horse Judging Team".

At least they found the key to free advertising.

Gene Shurley, even though hospitalized due to a recent heart attack is continuing to help coach the 4-H Club Horse Judging Team and the youth Horse Club.

While still in the hospital, Gene still was able to give pointers to the team members when they visited him. It all goes to prove that you can't keep a good man down.

Juno Ranch Co., recently sold two Aberdeen-Angus bulls to L. L. Watson, Eldorado; and an Aberdeen Angus bull each to Lee Hyde, Rock-springs; and to Batts Friend, Ozona.

MISS MARY GUTIERREZ

Mary Gutierrez Named Delegate To Convention

Mary Gutierrez 1964 Sonora High graduate and Shannon School of Nursing student, has been selected by the student body as delegate to the National Student Nurses May 3-8.

She entered the nursing school in July, 1966, after two years at San Angelo College and has served as president of her nursing class and as co-chairman of the social committee.

Pat Walker, another student nurse will also attend the convention. Both will have expenses paid by the school.

GAIL ESPY on her gelding, Dixie Star Bert, rounds the last marker in pole bending contest at the Sonora Junior Quarter Horse Show Saturday, April 15. Gail went on to place second in the event.

Sonora Junior Horse Show Hosts 60 Entries Saturday

Over 60 4-H Club members from 14 cities competed in the annual Sonora Junior Quarter Horse Show sponsored by the 4-H Club, Saturday April 15.

Grand champion winners in the halter classes were Buffalo Babe, owned by Mollie Netherly of Junction; Ace King Five, stallion owned by Doug Wittie of Odessa; and Ojo Showdown, gelding owned by Maggie Galbreath.

Reserve champions were mare Savage Bar Lilly, owned by Louise Pernert of Ozona; stallion Eagle Play, owned by Debbie Galbreath; and gelding Cody Scooter, owned by Diana Lavender of Midland.

Seventy Horses to Run In Sonora Race Meet

More than 70 entries are expected to run Saturday, April 29, in the start of the Sonora Park Association's annual meet.

Meets will be held Saturday and Sunday, April 29-30, and the following weekend, May 6-7. Total purse for the events will be approximately \$15,000.

The Sonora Park Association's track has been recently reconditioned and has been approved by the American Quarter Horse Association. The association is also a member of the Racing Board of Texas.

While most horse racing events in Texas are operated by individuals for a profit, the Sonora Park Association is a non-profit organization, composed of members that race for sport only, according to Joe B. Ross, treasurer. Profits from the races are used for track improvements and reconditioning.

The Sonora Race meet was the first race in the state of Texas to

be recognized by the American Quarter Horse Association.

According to Ross, about seventy horses have been entered to date. Stall space is available for about 160 horses.

Tickets for the meet will be available at the gate and will be \$1.50 for adults and \$0.50 for children. Box seats are \$10 a chair.

Three events divided into three age classifications were featured in the performance division.

Winners in the western pleasure were Pop Corn, owned by Nonie Casselman of Midland, 9-12; Omolene, owned by Lee Bloodworth, 13-15; and Cody Scooter, owned by Diane Lavender of Midland, 16-19.

In the pole bending event Dotty's Flash owned by Patsy Dusek of Van Court won the 9-12 bracket; Petrechocha owned by Lesa Whitehead, 13-15; and Cody Scooter owned by Diana Lavender, 16-19.

92 Youngsters Warming Up for Start Of Little League Season on May 2

Ninety-four youngsters will participate in the little league baseball program when it gets underway Tuesday, May 2, at 6:15 p.m. with the Colts vs. Indians and Dodgers vs. the Cardinals. Practice started Monday.

In a meeting last Thursday Clay Cade, Norman Rousselot, Jimmy Samaniego, Dr. Charles Browne, Lawrence Finklea, John Bell, John

I. King, Roy Coker, and George Stewart were elected directors with Browne serving as president, and Rousselot secretary-treasurer. About 80 adults and youngsters attended the meeting. Principles of little league were explained and new team members were named.

A meeting will be held Tuesday at the school shop to schedule umpires for the season. Directors, umpires, and others interested in working in the program are welcome to attend.

Carla Whitworth Named to Office

Carla Lee Whitworth of Sonora has been elected secretary of Pi Kappa Delta, national forensic society at North Texas State University.

Miss Whitworth, daughter of Mr. and Mrs. Colon L. Whitworth, is a sophomore government major.

A 1965 graduate of Sonora High School, she is a member of Debate Club; United Students of North Texas, student body government organization; Alpha Lambda Delta national honor society for women; Junior Mary Alden, literary and social organization for women; and Angel Flight, women's auxiliary of the Air Force ROTC.

Long Delayed Rain Falls, County Pelted With Hail

Long delayed rains struck the Sonora area Monday afternoon, leaving an erratic rainfall pattern which varied from .2 to about 3.00 inches.

Hail accompanied the moisture in many areas, with hail stones varying from small to larger than hen eggs. Large hail stones on the R. A. Halbert ranch knocked out a windshield, and stunned several sheep.

Heaviest rains reported occurred south of Sonora on the Gene Shurley ranch where 3.00 inches fell. The rain fell rapidly and considerable moisture was lost through the runoff.

Rainfall reports collected by E. B. Keng, SCS technician included Aldwell Bros., .5 - 1.00; Bill Savell, .5; L. P. Bloodworth, 1.65; Mrs. Paul Turney, 1.20; Experiment Station, 1.12; Ben Cusenbary, .65; Bud Halbert, 1.60; Harold Friess, .2 - .5; W. B. McMillan (Ridley), 1.60; Jack Mann Hdq., 1.00; W. L. Davis, .60; Joe B. Ross, .50; Vestel Askeew, .90 - 2.00; R. A. Halbert, .70; Jerry Shurley, 1.50; Gene Shur-

ley, 3.00; Annela Stites, .85; Mayer Ranch, .70 - 1.50.

Also Edwin Sawyer, 1.50; Alice Jones Hdq., 1.30; Howard Kirby, 1.80; Sawyer Eagle Well, 1.20; Jo Hardgrave, .6 - 1.40; Bob Hardgrave, .50; Terry Baker, .90; Mrs. W. J. Fields, 2.00; Lea Allison, .5 - .70; Ruth Espy, .85; James

Hunt Thompson, .50 Edwards County, .50; Joe Logan, 1.20 - 1.80; Bryan Hunt Hdq., 2.00; Frank Bond, 1.00 - 1.30; Alvis Johnson, 1.5 - 2.00; George Brockman, .60; Bill Wade, .30; and Bill Stewart, 1.15.

The Texas Parks and Wildlife Department said widespread rains, apparently the best in the last six

months, were exceptionally timely for both fish and game resources.

Officials emphasized that the rains were fairly general with the amounts varying greatly. The precipitation ranged from light showers on up to seven inches at Seymour west of Wichita Falls in north Texas. Blum in Central Texas reported an unofficial five inches. Several readings of up to four inches were registered.

A spokesman for the United States weather bureau in Austin said the wet spell could have been the most general in the last six months. Austin, which last week ended the driest six months in thirty years, got more than two inches. Taylor, just to the east, had more than four inches in one downpour.

Waco, another central Texas dry spot, measured almost four inches over a two-day period.

Officials said the benefits would be spread throughout the Animal Kingdom, significantly helping curb the food pinch on the overpopulated deer ranges. The moisture also arrived as an indispensable asset to ground nesting game birds, such as a quail and wild turkey, they said.

Mohair Council Sets Meeting In Junction

The annual meeting and election of directors for the Mohair Council of America will be held in the Junction High School auditorium, April 2, at 10 a.m.

Purpose of the meeting will be to elect directors of each district and to organize the Mohair Council in accordance to the recent agreement with the Secretary of Agriculture of the United States. Sutton County will be joined with

Kimble County to form District Six. Four directors have been allocated for the district. Texas will be broken down into 20 districts.

Mohair producers are advised by C. A. Dishman, chairman of the planning committee, that each district should be represented at the meeting in that directors will be elected from the representatives present.

A barbecue lunch will be served at noon by the Junction Warehouse Company.

Local Ministers "Swap" Churches

Three local churches are having a "clergy swap" Sunday, April 23.

The Rev. Ross Welch will preach at the Church of the Good Shepherd, Presbyterian, U. S., The Rev. George Stewart, at St. John's Episcopal Church, and The Rev. Rollin Polk, at The First Methodist Church.

This practice is being followed according to a recommendation by the Consultation on Church Union (COCU) currently being carried on by national representatives of churches.

As outlined by the local ministers, the purpose of this interchange of pulpits is to better acquaint clergy with other congregations as they participate in their regular Sunday worship, and of other denominations.

There will be no changes in the times of regular Sunday services.

Woman's Tourney Set

The women of the Sonora Golf Club will sponsor their annual partnership tournament Saturday, April 22.

According to Mrs. W. H. Hill, tournament chairman, entry blanks have been mailed to teams in Del Rio, Ozona, Ballinger, Kerrville, Brady, San Angelo, Llano, Big

Sonora is in the midst of her annual spring clean-up campaign.

The yearly campaign began April 17, and will continue until April 23. The city of Sonora is providing pick-up service and is having the city trash trucks cruise the streets picking up discarded trash.

Persons desiring to have trash picked up may call the city hall at 387-2881, and request truck pickup. They will haul away anything

except large rocks and scrap metal.

Chamber of Commerce manager, Bob Johnson, has urged all citizens to utilize this program during their regular spring clean-up. He said, "this program will give property owners a good chance to remove old, unsightly out-buildings and other ugly structures."

The annual spring clean-up is part of a program of the West Texas Chamber of Commerce to beautify the towns of West Texas in order to draw more tourists.

Johnson has said that Texas will have a great deal of tourist traffic in the next few years due to national and international events in this region.

Events scheduled in the region include the Olympic Games in Mexico City in 1968, Hemisfair in San Antonio and the meetings of Lions Club International in Dallas and Rotary International in Mexico City.

Johnson concluded, "Tourists are more likely to stop in a place that presents a neat, clean atmosphere."

Sonorans Win Two Events in Winters

Sonora's track team took two first places in the annual Winters Regional Qualifiers Meet, Saturday April 15.

Laney Cook was a double winner, taking honors in the 120-yard high hurdles and 330-yard intermediate hurdles. He also won third place in broad jump.

Teammate Ed Lee Renfro finished fourth in the 120-yard hurdles. The Bronco mile-relay team took a third place behind Winters and Ballinger with a time of 3.33.8.

West Side Lions Club Buys School Building

The abandoned Negro school, owned by the Sonora Independent School District has been bought by the West Side Lions Club.

According to vice president Lupe Espinosa, the building will be used for the activities of the cub scout and boy scout organizations sponsored by the club.

Espinosa said that the building will be moved to a location behind the present building owned by the club.

The West Side Lions Club was high bidder on the building with a bid of \$610.

According to Rex Lowe, superintendent of schools, the land where the building was located will be divided into lots and sold for residential purposes.

WELL DRILLERS for Wesley C. Young Company watch as the bit goes deeper in search of water at the golf course. The crew reached water at the depth of 175 feet. Golf club plans call for the water to be used for irrigation purposes. Another well will be drilled soon.

Texas Teachers Speak Out

Texas teachers have voiced overwhelming dissatisfaction with teaching in overcrowded classrooms, having no voice in school policies, no pay for extra duties, no duty-free lunch break, no time to plan lessons, and not enough salary.

That was the upshot of a resounding vote for improved teaching conditions cast by the 1200 teacher delegates to Texas Classroom Teachers Association's state convention in San Antonio March 31-April 1.

The teachers at the largest convention in TCTA's history went on record favoring:

- A pupil-teacher ratio of 23-1;
- Professional consultation agreements between teachers and school boards;
- Extra pay for extra assignments;
- A 45-minute daily conference planning period for each teacher; and
- A 30-minute duty-free lunch period for each teacher.

The delegates also passed a resolution calling for certified physical education teachers, librarians, and registered nurses to be placed in every Texas school.

Reaffirming their stand for a more adequate pay scale for Texas teachers, the delegates passed a legislative resolution calling for teachers' pay to be raised to the national average or above. Texas now ranks 33rd on the national scale, with a starting salary of \$4104. The national average is \$6821.

TCTA is supporting a bill before the Legislature to raise teachers' salaries by \$61 to \$100 a month, on a nine month basis, with larger amounts going to the teachers who received only nominal raises during the last Legislative Session.

The teachers further called for TCTA to initiate action through the National Education Association to gain reciprocal certification of teachers among the various states.

In addition, the delegates voted to initiate a study to develop guidelines and procedures for imposing and lifting sanctions. Sanctions are

Notaries Public Desiring New Term Should File Before May 15 Deadline

Secretary of State John L. Hill announced that all qualified Notaries Public desiring re-appointment for the new term which begins June 1, 1967 and ends June 1, 1969, must pay the required fee and file a new application, oath and bond with the county clerk of his residence between May 1, 1967 and May 15, 1967, inclusive.

Mr. Hill emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the county clerks approve notary bonds and forward copies of the application to the Secretary of State.

Each person applying for a commission as Notary Public must be at least 21 years of age, a citizen of the United States and of Texas and a resident of the county for which he is appointed. The required application forms may be obtained from the county clerk.

Secretary of State Hill further stated that any person not now a Notary Public who desires appointment for the beginning of the new term should apply to his county clerk before May 20, 1967.

An Awesome Argument Against Gun Laws

One of the most awesome arguments against new gun laws and restraints on conventional firearms has been unintentionally issued by the Pennsylvania State Police, Harrisburg, Pa. It is directed "To Pennsylvania Law Enforcement Agencies."

Because of the information it contains, its preamble says in part: "Please do not post it or place it in any manner whereby it could be viewed by youngsters or other persons not associated with the police."

Bear in mind that several of the most deadly weapons shown could be duplicated for less than 50 cents. Remember that the unconventional guns shown are a derivative of man's ingenuity. From the same source will undoubtedly come others of different designs and functions. Alertness may save lives, one of which may be yours."

On the next page is an innocent-looking photograph of a man who appears to be a repairman or worker of some description, wearing coveralls and a cap. He has objects on or about him. Nothing about the man or the objects is calculated to arouse the least suspicion.

Actually according to the bulletin, he is armed with 2 weapons capable of discharging 12-ga. shotgun shells, 6 that will fire cal. .38 revolver cartridges, and 2 capable of discharging cal. .22 bullets.

The bulletin then goes into the details of the manufacture of these weapons. One notation ends, "Total cost-about 40 cents." Several others are conversions of instruments originally intended for different purposes than the discharge of bullets. Still others are of the "secret agent" type of totally disguised weapons.

Because we do not wish to divulge information which would enable youngsters or anyone else to manufacture 40 cent firearms or disguised deadly weapons, we avoid description or detail. It should be sufficient for those who are trying to rule out firearms to know that the "collection" exposed by the Pennsylvania State Police Bulletin does not include a single so-called zip gun or weapon of the type manufactured by juvenile gangs in gang wars. These are different and in some instances "better."

—The American Rifleman

The Devil's River Philosopher sez: People Willing to Wait Four Hours For a Haircut Will Not Start War

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River this week discusses either the international situation or barbering, we can't tell which.

Dear editor:

As I understand the international situation one reason the Viet Nam war is such a delicate matter where we can't do this or that to speed things up is that we might get Russia involved and open the way for World War III, and the Secretary of State is constantly pointing this out.

I understand his position and it's his job to think about these things and keep cautious, but I was just wondering if he noticed a small news item out of Russia which might be an index.

According to a newspaper I found on my front gate today-- this is the second time in two weeks I've pulled a paper off that gate and I don't know how much more it can take before it topples--there are now about a million barbers and beauty shop operators in Russia. Many of the barbers are women. One woman barber, the article said is such a favorite at cutting hair in such a stylish manner that men wait as long as four hours for a haircut by her.

I can tell you, any country that's producing men who can wait four hours for a haircut is not about to start a war.

I can understand how Sec. Rusk could over look this, I've seen him on television and he certainly hasn't got enough hair to wait four hours to get it trimmed, but he ought to recognize that any man who can sit that long in a barber shop is a very poor prospect for starting World War III.

Futhermore this particular woman barber the article was talking about said she had rather cut men's hair than women's because "they appreciate the work more than women, and besides they want to be handsome." Also, the article said, Russian men are complaining because the barbers are using "atomizers from grandfather's time and are far behind barbers in other countries."

I may be all wrong but this certainly must be a significant piece of news out of Russia and I hope the Secretary of State takes it under advisement.

When Russian men get interested in hair spray bombs, they may be getting less intrigued with the nuclear types.

Yours faithfully,
 J. A.

Nolan Johnsons Host Wednesday Bridge

An arrangement of spring flowers was used in the decorations when the Wednesday Bridge Club met at the Nolan Johnson home. Mr. and Mrs. Clay Cade won high club. Mr. and Mrs. Bill Gosney won the traveling prize, Mrs. L. E. Johnson Jr. won bingo, and Mr. and Mrs. Francis Archer won high guest. Others attending included Mrs. Bob McMinn, Mr. and Mrs. Wallas Renfro, and Mrs. John T. King. Mrs. E. D. Shurley was a tea guest. Home made ice cream and cookies were served.

David W. Jennings Honored with Party

Mrs. Reed Jennings honored her son, David Wayne, with a party on his sixth birthday, Saturday, April 15.

A "Batman and Robin" theme was carried out on the cake and decorations. "Time Bomb" games were played and colored balls were given as favors.

Cake and punch were served to Paula and Clay Friess, Denise and Eric Neal, Robert and Jana Harris, Gus Ward, Toni Mittel, Jennie Wilson, and Steve and Larry Jennings.

A Parson's Eye View of Sonora

If enthusiastic endorsement could make a program go, our Summer Community Recreation and Athletic Program (SCRAP - for short) would be well on its way to success. Unfortunately, a program of this type cannot succeed without the right kind of leadership.

We have the interest and endorsement. A poll taken recently in the high school showed that 93 boys and 76 girls indicated an interest in one or more aspects of the proposed program.

Only seventeen indicated they were not interested and some of them indicated they would be out of town this summer. If the figures for the senior and junior high schools were combined and the large number of interested students from the upper elementary grades who are interested where no poll has been taken were added it would doubtless reveal between four and five hundred children and youth who are eager to participate in a summer program.

One of the most active groups prompting this entire effort has been the fifth and sixth grade girls who are rightfully a little jealous when they see their brothers receiving the lions share of the community's expenditure of energy and funds for recreation.

Even the adults are interested in a program of adult recreation, more are interested in providing their neighbors' children. In fact the program has not been presented in a single group where it did not receive enthusiastic endorsement. "This is something we surely need," is the consensus of opinion.

We have money to run the program, perhaps not all the money we shall need—but, at least, we got all we asked for. And we understand other funds may be available.

We purposefully asked for conservative amounts this first year, feeling if we could have a successful program for one summer, future financing would present no problem.

More than ever before, perhaps, we need this program because we have additional children living in the community. Some of our neighboring communities are planning similar programs, which would open up the opportunity for inter-town competition where desirable. This would probably appeal particularly to those who play pony league ball.

One thing that may have caused some hesitancy about taking direction of such a program was the matter of personal liability in case of accident. Action of the SCRAP council on Tuesday to incorporate as a non-profit organization removes the personal liability aspect and should make the direction of the program more appealing.

Another action of the council was to invite nine students to participate in the planning. The student council would select three from high school and two from junior high school and the elementary principals would select two each. Girls as well as boys should be represented.

The enlarged council will meet again Monday night, April 24, at 7:15 o'clock.

The only regret expressed by the evangelist who preached at the Methodist Church last week was that there had been very little rainfall during the week. He said he would continue to pray that rains might fall to satisfy the thirst of the dry land.

For a few minutes Monday I was afraid the preacher had forgotten to specify the kind of rain we preferred. But the hail apparently did little damage while the rain did countless good.

We have not run into very many persons who seem very enthusiastic about the upcoming switchover to Daylight Saving Time, scheduled for April 30. On the stock-farm where I grew up we went by a different kind of daylight saving time. We did not fiddle with the clock—we worked from daylight to dark—and sometimes did the chores after dark. The more hours of daylight we had the longer the day.

I cannot see where the vast majority of people in this area are going to be too much affected. But for those who punch time clocks, this will mean some long summer evenings. It will be hard on my spouse.

She thinks she has to be at school at 7:30. I don't know if she can make it by 6:30 C.S.T. or not. She does not go for all those adages about who gets the worm and what makes a man healthy, wealthy and wise.

Electricians, painters and carpenters are working on the interior of the Methodist Church sanctuary. Pews have been removed and will be re-spaced when the carpet is laid. This can only be accomplished after the painting is completed.

New lighting fixtures will be installed. L. L. Sams & Sons of Waco will do the interior decorating.

Can't help wondering how many people will be late for church on Sunday, April 30.

Saturday Supper Club Meets at Smiths

The Saturday Supper Club met at the Tommy Smith home for a fried chicken supper and bingo. Others attending were Mr. and Mrs. W. T. Black, Mr. and Mrs. Pat Reardon, Mrs. Friess, and Mrs. John King. A farewell gift was presented to the Smiths.

Beautify Your Yard With Ferti-lome

Fertilizers

Formulated to suit your needs

West Texas home owners are as proud of a deep green lawn rolling from their front steps to the street as they are of their livestock in a good year. But there is more to having that lawn than trusting to mother nature.

Spring is here and now is the time to fertilize your lawn. Stop by Stockmen's Feed Co. and tell us your needs. We have the fertilizer to fill your requirements.

STOCKMEN'S FEED COMPANY

205 S. W. College Phone 7-2556

ATOM FINDER—Charles McLemore locates harmless tracer atoms in a prepared plastic ball as part of a "This Atomic World" demonstration scheduled at Sonora High School April 28. He manages the program sponsored by Texas A&M University.

Atomic Energy Topic of Lecture Scheduled at High School April 28

Atomic energy and its uses will be demonstrated at Sonora High School, April 28. Using student terms, McLemore will describe structure of atoms, radiation, reactors and fusion. Special equipment will show radiation sources, how nuclear energy is harnessed for electric power, diagnosis and treatment of diseases and life process studies using radioisotopes.

In and Around Sonora

by Hazel McClelland

Mr. and Mrs. Robert Caskey of Sun Valley, Idaho, are visiting Mr. Caskey's grandmother, Mrs. Karen Peterson and his aunt and uncle, Mr. and Mrs. Louie Trainer and Terry. They plan to be here a week.

Robert Wayne Harris, son of Mr. and Mrs. Jimmy Harris celebrated his seventh birthday at his home this week. Thirty-five boys were guests and seven girl scouts helped Mrs. Harris. Cake and punch were served.

Mrs. Raymond Stallings of Pasadena, is visiting her mother, Mrs. Rena Trainer, and to be with her sister, Mrs. Tom Nevill, who is in Hudspheth Hospital after having surgery.

Mrs. Mack Cauthorn, Mr. and Mrs. Nelson Stubbedfeld and Selma Nell were fishing on the Devil's River over the weekend.

Miss Cathryn Emmott and Mrs. Lucy Hendrick of Houston left Wednesday, after a two week visit with Mrs. Frankie Gibson.

Mrs. Robert Kelley broke her foot, and is on crutches, Mrs. Jake Merck broke her arm and is in Hudspheth Hospital. Hope both of you are well soon.

Thursday Night Bridge Club
Mrs. James Morriss entertained the Thursday Night Bridge Club at the Lottie Mae Kelley home, April 13. Cake and coffee was served. Club members present were Mmes. Robert Kelley, Pauline Thompson, Duard Archer, Howard Kirby, Frankie Gibson, Eulah Newell, Ted Letsinger, L. E. Johnson Jr., Bill Fields, Lottie Kelley, and Collier Shurley. Guests were Mmes. Louie Trainer, Cathryn Emmott of Houston, Sterling Baker and Ernest McClelland.

Mrs. Lottie Kelley won high club, Mrs. Louie Trainer won high guest, Mrs. Ted Letsinger won slam, and Mrs. Ernest McClelland bingoed.

Mrs. L.E. Johnson Jr. spent the weekend in San Antonio visiting friends.

Thursday Luncheon Club
Mrs. Frank Bond entertained the Thursday Luncheon Bridge Club at her home April 13. Members present were Mmes. Bill Fields, John Ward, Lea Allison, Vestel Askew, Web Elliott, Bryan Hunt, Harold Schweining, Duke Wilson, Miss Annella Stites, Sears Sentell and Edwin Sawyer. Mrs. Louis Davis was a guest. Mrs. Edw Sawyer won high club, Mrs. Vestel Askew won second high for club, Mrs. John Ward won the traveling prize and Mrs. Lea Allison won bingo. Mrs. Louis Davis won a prize for guest.

Dr. and Mrs. Frank Bond, Randa Ford and Kirk of San Antonio were visiting his parents Mr. and Mrs. Frank Bond last week.

Mrs. Jack Wardlaw was in Christoval and San Angelo last week visiting her grandmother, Mrs. Mrs. Birdie Rutledge.

Mrs. Joe Lambert and Cindy Lambert were in San Angelo Monday.

Mr. and Mrs. Joe Lane and Mr. and Mrs. Joe Neil Smith were touring the Davis Mountains last week.

Mr. and Mrs. Jack Drennan of Coleman were visiting their families over the weekend.

Mr. and Mrs. Joe Neil Smith entertained the 7 at 7 bridge club at their home April 15. Pie and coffee were served. Members present were Mr. and Mrs. Bill Savell, Mr. and Mrs. Jerry Hopkins, Mr. and Mrs. James Alexander, Mr. and Mrs. Joe Lane and Mr. and Mrs. Jamie Parker. Gu-

Final Rites Held for Sonorans Mother

Funeral services were held at 2 p.m. Wednesday, April 12 for Mrs. Blanche Martin, Petersburg pioneer, who died at 9:30 a.m. Tuesday in Hi-Plains Hospital in Hale Center. Mrs. Martin was admitted to the hospital on Tuesday.

Mrs. Martin was 95 years of age and was Petersburg's eldest resident. She was born November 30, 1871 in Lancaster.

Funeral services were held in the East Side Church of Christ of Petersburg of which she was a charter member. The church stands on land which was donated by her family.

Conducting the services were Lynn Fisher, Snyder, former minister of the church and Jim Reynolds, minister of the Main Street Church of Christ in Petersburg. Burial was in the Petersburg Cemetery under the direction of Freeman Funeral Home of Hale Center.

Blanche White was married to Albert S. J. Martin July 27, 1892. They were a big part in the founding of the city and operated a photograph studio next door to her parents general store, starting the studio in a tent. Mr. Martin died in 1929.

During her lifetime Mrs. Martin was active in many community affairs and maintained her own home until the time of her death. Survivors are seven sons, Estus of Farwell, Clyde and Charlie of Petersburg, Virgil, Hale Center; up with the Joneses."

MRS. BLANCHE MARTIN

Albert, Sonora; Oran, Medford, Oregon; Marvin, Wellington and one daughter, Mrs. J. W. Sykes of Sonora.

She is also survived by 27 grandchildren, 63 great grandchildren and 8 great great grandchildren.

Flower Show Set

The Menard council of garden clubs will hold their 14th annual spring flower show April 25 from 2-7 p.m., at the Menard Country Club.

Theme of the show is "Keeping up with the Joneses."

Journalism Scholarship Applications Accepted Until May 13 by WTPA

The Devil's River News and the West Texas Press Association are looking for another winner in their \$800 newspaper scholarship contest. Applicants in the 1967 contest will be received from high school seniors until May 13.

Application should be sent to Bill Turner, Lamb County Leader News, Littlefield, Texas. 79339 Announcement of the winner will be made by June 1.

West Texas Press Association, who started the newspaper scholarship in 1956, has four students in college this year. One will graduate this spring.

Rules for the scholarship contest have been mailed to high school principals and to newspaper editors or publishers of West Texas Press Association area towns, who will be glad to help with the necessary application details.

Interested students should talk with their principal or editor and

start immediately to prepare the application. All applicants must be in the upper 25 per cent of the class, must have demonstrated ability in newspaper journalism and a desire for a newspaper career.

The winner will receive \$200 per year (\$100 per semester) for each of the four years of college providing satisfactory academic requirements are met.

Nine West Texas colleges and universities have been designated for scholarship winners by WTPA. These are Abilene Christian College, Angelo State College, Hardin Simmons University, Midwestern University, Sul Ross College, Texas Tech, Wayland Baptist College, West Texas State University and Texas Western College.

Mrs. Robert Kelley of Fort McKavett is visiting in the home of Mrs. Lottie Kelley while recuperating from a broken foot.

MRS. TONY CARL FRERICH

Nancy Anthony and Tony Frerich Wed In Sacred Heart Cathedral April 15

Miss Nancy Jane Anthony, daughter of Mrs. Walter Anthony, became the bride of Tony Carl Frerich of Brackettville, Saturday, April 15, in the Sacred Heart Cathedral of San Angelo. Bishop Thomas Tschoepe officiated.

Parents of the bridegroom are Mr. and Mrs. Orville Frerich of Brackettville.

Bridesmaids were Miss Ila Young and Mrs. Charles Hoelsher of San Angelo. Flower girls were Judy and Janet Anthony of Ft. Stockton and Susan Anthony of Lake Charles, La., nieces of the bride.

Mark Anthony of Lake Charles nephew of the bride, served as ring bearer.

Joe Frerich served his brother as best man. Groomsmen were Wallace Anthony, brother of the bride, of Ft. Stockton; and Jackie Frerich, cousin of the bridegroom, of Brackettville. Ushers were Floyd Frerich and Charles Holsher of San Angelo and George Bayers of Brackettville.

Given in marriage by her brother, Orville Anthony, the bride wore a floor length gown of saki cloth designed with a sweetheart neckline, elbow length sleeves and an A-line skirt. Venise lace trimmed the empire line and the removable panel on the back of the skirt.

A reception was held in the Ramada Inn hosted by Mr. and

Mrs. Orville Frerich. A rehearsal dinner given by the bride's mother was held in the home of Miss Ila Young.

The bride is a graduate of Sonora High School and San Angelo Business College. She is presently employed by General Telephone Co. The bridegroom, now serving in the U. S. Army, is a graduate of Brackettville High School, a 4-H Club member and a Gold Star recipient.

The couple went to Tacoma, Washington, for a wedding trip and will make their home there.

Snips, Quips, and Lifts

by Lottie Lee Baker
—All of us are tempted by the ways of wickedness now and then. Who among us has never felt the urge to fold, spindle, or mutilate?
—We can't figure out how the West ever won. In those days, a man had to pay cash for any vehicle and there wasn't a used covered wagon lot in the whole country.
—The person who usually does what he pleases is seldom pleased with what he does.
—Success is the ability to get along with some people, and ahead of others.
—An egotist is one who thinks if he hadn't been born, people would wonder why.
—Many Americans believe that living within their income is a fate worse than debt.
—The Internal Revenue Bureau must love poor folks—it sure makes a lot of them.
—Every day is pay day for the man who enjoys his job.
—A refrigerator is where you put dabs of food on dishes you don't want to wash.
—Drive carefully and don't insist on your RITES.
The Optimistic man gives hope; The Pessimistic, warning.
The Optimistic says, "Good Morning, Lord".
The Pessimist, "Good Lord, Morning!"

Singers Reunion Scheduled in Brady

The annual Heart O' Texas Singers reunion will be held in the Brady High School auditorium, Saturday, April 22 at 8 p.m., and Sunday, April 23, at 9:30 a.m.

The Saturday night concert will feature visiting quartets and local talent. Sunday's all-day singing event will feature quartets and class singing until 4 p.m.

Lunch will be served in the school cafeteria at noon Sunday. Mrs. A. C. Stewart of Brady is the president of the organization and has invited all interested in gospel singing.

SUNDAY'S SERMON

HOPE

It may not be completely true that it is always darkest just before dawn, but one can always find a reason to hope.

We must have faith. In faith one finds the strength to endure, to persevere and, once the decision is made to stand fast, misfortune and trouble are more easily recognized as something less than permanent.

Hope lies in God's promise of forgiveness, in the realization that God is with us always. Troubles that appear impossible to the weak are not necessarily easy for the strong. But the strong, because they have the faith to endure, can live a life of purpose and find some measure of victory in what otherwise would be hopeless defeat.

By Vern Sanford
Clean water seems to be high on the agenda for 1967.

At the top level it is a problem of national legislation. Recently enacted were two historic bills ordering a clean-up of polluted water. First was the water control act which requires that each state develop water quality criteria, establish standards for intrastate and coastal waters and adopt a program to implement and enforce the criteria and standards.

All the major conservation organizations of the United States are behind the program. The Issac Walton League of America has made available a citizens guide to ACTION FOR CLEAN WATER. It's a 32-page booklet telling how citizens can participate in this water program.

This book points out that states have the initial and primary responsibility to assure clean water for citizens. Actually, however, the problem is much closer to the grassroots. It is as close as our own personal responsibilities are concerned.

We dump sewage into our rivers. Oil and polluted water from

the petroleum and manufacturing industry are flushed into the creeks and rivers. Even an abundance of detergent is damaging to the purity of the water.

These are problems mostly at the city and state level.

However, many of these problems rest with the individual. At the upper reaches of most of our Texas rivers, when there is no flow of water during the dry seasons, river beds become a dumping ground for debris, garbage and trash. A friend of mine who notices those things made a number of pictures last summer showing old tires, refrigerators, washing machines and other debris in the upper Colorado at various crossing points between Bronte and Lake J. B. Thomas.

In the city of Austin, within the very shadow of the state capital, there is a small dry creek that receives its share of discarded objects that add to the health menace. In Houston there is a filthy bayou not too far from the public market place.

On many of our newly built lakes there are houseboats without proper sanitary facilities. Every roadside is cluttered with beverage cans which collect filth that washes into streams with the rains. There are places on the Gulf Coast that sometime have so much scum on the water that bathers are prohibited from using it.

In other places in the great industrial complex between Houston and Galveston part of the Trinity Bay is so polluted that seafood taken from the area is not edible.

What can we do? The guide book says:

"Specifically the citizen can insist publicly that the waters of specific stretches of a stream be cleaned up and kept clean enough to swim in, water ski on, to produce desirable aquatic life and game fishes and to meet aesthetic requirements. He can insist on high standards which will satisfy multiple uses which high-quality water will permit. He can oppose lower standards which would limit or prevent such use.

"It is not only right but an obligation of citizens to stand up and be counted on the side of water quality standards which will meet public needs and protect the public welfare.

"It is not imperative that the citizen be a technical expert on water quality criteria and standards to testify at a hearing. He should understand that water quality criteria are the mandatory specifications for water to be suitable for some specific use. Scientists and technicians can spell out such specifications for any desired use."

Citizens have an individual responsibility to refrain from dumping their refuse where it will cause water pollution, either at the time or a later date. They insist that their local government take whatever steps necessary to stop local pollution. This moves on up the line to the state and national level.

For sportsmen, pollution is one of the greatest hazards facing them today. One polluted stream can destroy more fish and birds and animal life in a few days than could legally be harvested in a lifetime.

LEE ANN BYER, daughter of Mr. and Mrs. Lester Byer, and William Carroll, son of Mr. and Mrs. Darcy Carroll, were chosen as sweetheart and mascot of the Hill Country Firemen's Association at their recent convention in Coleman.

Texas Begins Peak Tornado Months

Texas is entering the period of the year when Tornadoes are most common.

Homer Garrison, director of the Texas Department of Public Safety said "Tornadoes can occur any time of year but April, May and June are peak months."

Garrison emphasizes that schools, churches, hospitals, and homeowners should establish an emergency plan. He said, "A plan may make the difference between life and death."

Sonora's warning for an approaching tornado is three long blasts of the siren. An "all clear" signal is four long blasts. When a tornado is sighted a signal of several short siren blasts will be given.

The Department of Public Safety advises that underground structures or reinforced buildings make the best shelter.

El Paso Natural Gas Company Reports:

We're setting new records serving a growing west

Last year, El Paso Natural Gas Company delivered a record 1.51 trillion cubic feet of gas to 11 fast-growing western states.

That's the energy equivalent of more than 250 million barrels of crude oil.

And major new expansion projects, now pending before the Federal Power Commission, will increase our certificated deliveries to customers by another 186 billion cubic feet per year—or about 12 per cent.

To keep these vast supplies of low-cost energy flowing in ample quantity, we are continually

adding to our gas reserves—which stood at an all-time high of 40.4 trillion cubic feet at year's end.

Among other highlights in our 1966 Annual Report:

- Sales and profits at record levels in 1966. Operating revenues reached \$572,827,000, with net earnings of \$43,256,000.

- Continued expansion into diversified fields of service, including petrochemicals, agricultural chemicals, plastics, textiles, mining, and oil and gas production. Contributions of non-regulated activities were at new highs in 1966.

More details about our natural gas operations in 11 western states, our other diversified operations, and our plans for the future are contained in the 1966 Annual Report. We'd like to send you a copy.

For a copy of El Paso's 1966 Annual Report write: El Paso Natural Gas Company, El Paso, Texas 79999

4-H Club Grass Judging Team Takes First and Second Places at Angelo

Sutton County 4-H Club members took both first and second places in grass judging at the annual Angelo State College range judging contest held Saturday, April 15, at the college farm.

The first place team of Cora Pope, Janet Pope, June Alexander and Patti Richardson won in competition with teams from seven county 4-H Clubs and eight FFA chapters. They scored 940 out of 1,000 points.

The second place team, scoring 928 points, was composed of Rodger Langford, Rick Street, Mark Rousset and Steve Street. High individual scorers in the

contest were Rodger Langford, 337 points; Rick Street, 330; Janet Pope 319; Patti Richardson, 311½; and June Alexander, 310.

In the range utilization contest, Sutton Countians scored a four-way tie with 93 points each. They were Cora Pope, Rodger Langford, Rick Street and Mark Rousset.

Mike Street placed third in the 4-H Range placing division. Edgar Glasscock is the team coach.

Lone Star State timberlands grow wood for 1800 mills and factories that make a large variety of products.

Teen Scene

by Margaret Bundy

Well! It finally rained. It really looked like the sky was falling Monday afternoon.

The cheerleading try-outs were to be held Wednesday afternoon. I wonder who won.

Gail Espy finally has her own belt buckle. She won first in the barrel racing at the horse show last weekend. Susan Stewart, Lisa Whitehead and Lee Bloodworth also won belt buckles.

The 4-H Ball was held Saturday. Even though the music was different (to say the least) quite a few kids enjoyed it. A new dance was introduced to Sonora—the Alligator.

Several members of the track team went to a tournament in Winters Saturday. Laney Cook won first in the high hurdles, first in the intermediate hurdles, and third in the broad jump. Ed Lee Renfro won fourth in the high hurdles, sixth in the intermediate hurdles,

and fifth in the broad jump. The Junior Horse Judging Team is going to a contest in Odessa Friday. Good Luck!

Ross Johnson from Brady was in Sonora for the horse show. He was visiting Mike Boatright. Carl Martin was here visiting Cindy Lambert. Patsy Rainwater was in town visiting her cousin, Nedra Raye.

Jerry Bryant seems to have all the luck. He won the "Jack-Pot" playing Party Saturday night at the show.

Susan Prugel is planning to go to San Antonio this weekend. The Regional U.T.L. meet will be held in Lubbock Friday and Saturday. About fifteen students will be going up. Wish them luck.

Last weeks "Who's Who" was Jimmy Morris. Sorry, but I'm all out of pictures again. Does anybody have anymore?

GREEN NEWS

Eight teams turned out Sunday afternoon for the mixed foursome. We had about 34 golfers in all and that's a pretty good crowd.

The winning team, made up of Jerry Tittle, Jerry Hopkins, Earl Johnson, Bill Tittle, and Bill Savell, came in with a 63.

Three teams came in with a 64 to tie for second place. They were Lucille McMillan, Doyle Morgan, Buddy Brown and Pete Thompson; Marilyn Bloodworth, Bob Snodgrass, Francis Archer, Dennie Hays and Bill Stewart; and Peggy Sharp, Bobbie Fawcett, John Bell, James Trainer and Lea Roy Aldwell.

A pitch and putt contest was held on number nine to break the tie and the winners turned

out to be Lucille, Buddy, Doyle and Pete. According to Chicken, it was her miraculous putting that saved the day and won the second place title for her team.

A boobie prize was awarded to Pauline Thompson, Ed Grobe, John McClelland, and Cleveland Nance for coming in last. All they could manage to scrape up was a 70. Oh well, better luck next time.

Looks like we're going to have water on our new course after all. They were just busy as bees last week getting the well drilled. Those of you that haven't been keeping track of the progress being made on the new course ought to run out and take a look. Things are coming along real nice. GN

The women drew for secret partners last Wednesday and Dorothy Ratliff and Jerry Tittle won everything. With a handicap like Jerry's she's going to be hard to beat for awhile but just wait until it gets back down where it belongs. GN

We're sure going to miss Chicken McMillan. Her plans are to join the pro tour immediately. Her picture was to be in the Standard Times but guess it got lost in the mail as I never did see it.

The ladies partnership tournament will be this Saturday. We've invited ten towns and are expecting about sixty golfers. We have about twenty entries from Sonora so maybe some of the prizes will get to stay home.

Four-Leaf Clover Character Symbol

The four-leaf clover is the symbol of good luck to many people. But to the 4-H Club members in Sutton County, it has a different meaning.

The four-leaf clover with an "H" on each leaf is the well known symbol of 4-H, the youth program of the Texas Agricultural Extension Service and other State Extension Services throughout the nation.

Since it's beginning, 4-H has served one out of every five adults in the United States. These 23 million alumni and the more than 2 million boys and girls now enrolled provide evidence of the pleasures and values of being a 4-H member.

For boys and girls between the ages of 9 and 19, 4-H offers opportunities for the development of good character and leadership.

Learning to work together and accept responsibilities along with exploring career opportunities and learning skills are all a part of 4-H Club work. 4-H'ers grow strong together, learning to be responsible citizens and competent leaders.

4-H is directed in the counties by the county Extension agents with valuable assistance from adult and junior volunteer 4-H leaders. Statewide, the 4-H program is guided by Texas A&M University, the state's land-grant university. Nationally, the U. S. Department of Agriculture administers the program as the youth phase of the Cooperative Extension Service.

HEADED FOR SUCCESS

MANY YOUNG PEOPLE ARE BORROWING FROM US FOR COLLEGE OR TO START A BUSINESS

LOW COST LOANS TO QUALIFIED GRADUATES

We like to help young people get a good start in life. You'll find that the personnel of our bank are most sympathetic to your problems, and will do all they can to help you get the cash you need . . . to start a business or to go to college. Come in and see!

A bank loan is your best loan . . . our rates are generally the lowest available; terms are suited to your needs. A good credit standing with a bank loan opens more doors to future credit. Our personnel will help through no-charge business counseling too.
