Broncos 49-6 Win Pulls Stingers Out of Menard's Yellowjackets

Friday was a long, hard night for the Menard Yellowjackets and Ed Lee Renfro and a host of other Broncos did nothing to make it easier or shorter for the opposition.

During the first quarter of play, Menard had the ball for only six downs, one of which was a fourth down punt and another resulted in a lost fumble.

Sonora made their first score within the first minute of play after a 37-yard run by Renfro, carrying to the Menard 25-yard line, and a J. V. Cook to Richard Perez aerial, carrying to the Menard five. Fullback Mike Gosney moved the ball to the one and Cook kept the

ball for the touchdown. The extra point kick by Renfro failed.

The second score of the first quarter took a little longer but was just as final. Menard punted to the Sonora 29-yard line. After runs by Renfro and Gosney, moving to midfield, Renfro broke loose and went all the way to the Menard 15. Richard Perez broke up the opposition at the Menard 42 with a key block. From the Menard 15, Renfro out-sprinted his defenders and ended up in the end zone untouched with three minutes still left in the first quarter.

Thanks to guard Manuel Sanchez, the Broncos were not through pulling the Yellowjacket's stingers.

Sanchez recovered a Menard fumble on their first play after the following kickoff at the Menard 18-yard line.

Gosney and Renfro moved to the four-yard line and from there Gosney drove in for the score. Renfro's extra point was good to give the Broncos a 20-0 lead with .35 still left in the first quarter.

Sonora's first unsuccessful drive came in the early minutes of the second quarter but not without some excitement.

It looked like the Broncos would do it again when defensive back Erasmo Lumberas charged in to recover another Menard fumble at the Yellowjacket 30-yard line.

A Cook to Renfro pass moved the Broncos to the Menard 15-yard line. The Yellowjacket defense tightened up and the ball went over on downs.

A serious Menard scoring threat started at their own 15, when a Bill Lehne to end Harry Miller aerial brought them long yardage to the midfield stripe. Their drive failed and they got off a good punt to the Sonora four-yard line. The following Bronco offensive was marked with disaster. Sonora finally moved the ball to their own 40-yard line after one setback by the tackle and guard combination of Bennie and Stanley Kothmann and another when Randy McDonald recovered

Gosney's fumble at the Sonora 47, to set up a Menard score.

On a well-executed screen pass, the entire Menard team moved the ball to Sonora one-yard line. The same play picked up considerable yardage for the Yellowjackets last year against the Broncos.

From the one, quarterback Bill Lehne dove in for the only Menard score. Their conversion attempt failed.

With two minutes left in the first half, the Broncos came right back with another score, courtesy of Gosney, Barrera and Renfro. The three backs moved the ball from the Menard 37 to the 15 in four plays and Renfro carried the need-

ed 15 yards for the score. Renfro's extra point was good.

Sonora got on the scoreboard quickly after Gosney intercepted a stray Menard aerial at the Menard 42 and ran it back to the four-yard line. Gosney then carried for the touchdown with only .45 left in the half.

Early in the second half Menard tried for the long bomb in order to get back into the game. Several passes were broken up by Richard Perez and Manuel Sanchez before Perez finally intercepted one at the Menard 47. Barrera was the big gun on the following Bronco offensive, moving to the Menard five on three plays. He

scored on a dive through the middle of the Menard line with six minutes left in the third quarter. Renfro converted successfully.

The remainder of the third quarter and fourth quarter was a seesaw battle with the Broncos scoring once and the Yellowjackets coming within five yards of a score.

The "almost" Menard score came on a kickoff return by Yellowjacket back Charles Martinez. He wove his way through the Bronco defenses to the Sonora five until he was pulled down by the fleet Bronco end Dennis Schmidt. After Manuel Sanchez threw the Menard quarterback for a loss their

drive failed and Sonora took over at the five.

The last Sonora score came on another interception by Richard Perez at the Menard 40-yard line. Perez ran the interception back to the Yellowjacket 25.

Runs by Robert Ramos, Robert Mata and Lumberas brought the ball to the three-yard line of Menard. Lumberas drove in for the score.

The snap from the center on the extra point try gave kicker Dennis Schmidt a chance for two points. Schmidt took the high snap and ran around right end for a two-point conversion making the final score 49-6.

District Supervisors Ask For Study Center

The four-man board of the Edwards Plateau Soil Conservation District composed of Joe B. Ross, Vestel Askew, Edwin Sawyer and

W. B. McMillan attended the state association meeting in Ft. Worth last week. E. B. Keng, soil conservation service technician, accompanied the group.

CINDERS

by Jim Barnett

Here are a few comments which come from the publication, "The Open Door," printed by the Texas Sash and Door Company of Fort Worth on our favorite subject... Texas.

Texas occupies all of North America except that portion set aside for Canada, Mexico and the United States.

It has been said that Texas has more trees and less timber, more rivers and less water, more resources and less cash, more preachers and less religion, more cows and less milk, and you can see farther and see less than in any other place in the world.

On one of the highways entering Texas is a large sign "Welcome to Texas," but on a pasture fence just beyond is another sign "Beware Of The Bull."

Texas has a wide variety of weather and it varies widely. Some of the rivers are so dry they have to be irrigated, and when it does rain the fish drown because they never learned to swim.

The Rio Grande River between Texas and Mexico is said to be the only river in the world navigable to pedestrians, being wet on both sides and dry in the middle.

They sponsored a resolution requesting the Texas A&M system to locate an extension and research center in the Edwards Plateau area to deal with the problems unique to this locale.

At the present time some 12 centers of this type are being established throughout the state. While some have been designated for various areas, some sites have not yet been chosen.

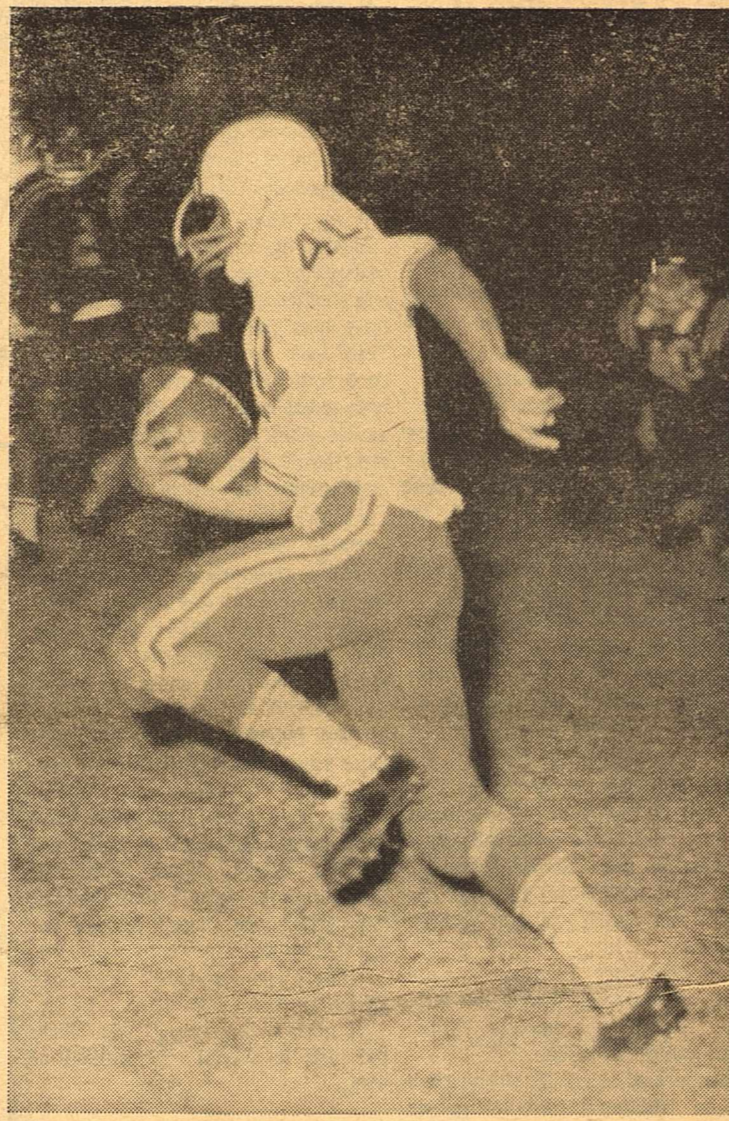

Keng said that normally 12-20 scientists are permanently assigned to these research centers. He added the resolution was made by the supervisors in hopes of increasing sheep, goat and range management research in this area of the state.

Youths Collect \$137 for CROP

Sonora young people collected \$137.13 Sunday afternoon for C.R.O.P.

CROP is the Community Food Appeal of Church World Service and collects food, fibre and cash in communities throughout the United States for the world relief programs of the churches. The funds are used for needy people aboard.

CROP is sponsored locally by the Ministerial Alliance and the young people of the community are in charge of the collection of funds.

THERE HE GOES AGAIN! Halfback Ed Lee Renfro breaks away from the Menard defense on one of his long runs Friday. He was finally pulled down by linebacker Charles Martinez five yards short of the score. Richard Perez threw a key block at the Menard 42 to break Renfro loose.

Seventh Pre-Season Hunting Party Slated for Tuesday, November 7

Local hunters will receive some comfort from the annual hunting fever epidemic now reaching its peak in Sutton County with the seventh annual pre-season hunting party planned next week.

The annual affair, sponsored jointly by the Lions Club and the chamber of Commerce, will be held Tuesday, November 7, at the 4-H Center. The event will begin

at 6:30 p.m., with a barbeque dinner.

Bob Johnson, chamber of commerce manager, said that this year's program would differ slightly from those in the past. "At other times the sponsoring organizations had guest speakers involved in wildlife and conservation. This year the program will feature a 45-minute film produced by the Parks and Wildlife Department," he said.

The title of the film is "The Death of Silence" and depicts the changes that have come about for wildlife since the beginning of human habitation on the continent.

Johnson added that a representative of the Parks and Wildlife Department will make a short report on "wildlife population trends." Door prizes, donated by Sonora

merchants, will be given away during the party. George Brockman will serve as master of ceremonies.

On the serving committee for the barbeque are Leon Neely, Tom Davis, Preston Love, John Mittel, Gene Wallace, Bill Wade, G. H. Davis, Corky Schwiening, L. P. Bloodworth, Pete Thompson, Sam Jones, E. B. Keng and George Barrow.

Decoration committee members include Mrs. Lawrence Finkler, Mrs. Bill Stewart, Mrs. Robert Johnson Jr., and Bob Johnson Jr. Serving on the registration committee are Bill Stewart, Mrs. D. C. Langford, Mrs. Nolan Johnson, Mrs. Robert Johnson Sr., and Mrs. Norman Rousselot. Bob Johnson said that the original idea of the hunting party stems from the Edwards Plateau Game

and Wildlife Association, which was formed over 30 years ago. Johnson said the organization is still functioning and membership costs \$1. Membership dues go to finance any wildlife problems that may arise in this area.

Lamb Demonstration Slated for 4-Hers

A lamb trimming demonstration for all first-year 4-H Club lamb feeders will be staged at the Sutton County 4-H Center Saturday, November 4, beginning at 8:30 a.m.

County agent D. C. Langford said that each first-year feeder in the club is urged to bring one lamb for the demonstration. He added that all of the 4-H fathers are urged to be present to assist with the demonstration.

Langford also said that finewool lambs for the Odessa Livestock Show will be selected during the December 16 4-H meeting. J. E. "Speed" Tatum, Rocksprings vocational agriculture teacher, will make the selection.

A. S. Welch Rites Held October 26

Funeral services were held Thursday, October 26, for A. S. Welch, 78, at First Methodist Church with the Rev. Ross T. Welch officiating. Burial was in a San Antonio mausoleum.

Mr. Welch died Wednesday, October 25, in Hudsph Memorial Hospital after a long illness. He was born in Sturgess, Kentucky, in 1888 and had lived in Sonora for the past two years.

Survivors include his wife; two sons, A. S. Welch Jr., of Simi, California, and Russell Welch of Redwood City, California; a stepson, John Thomas of Washington, Illinois; a brother, Dr. W. C. Welch of Port Arthur and six grandchildren.

HONORARY PALLBEARERS

Honorary pallbearers in the funeral of Joe Gayle Willman Sunday, October 22, included the members of the Sonora Volunteer Fire Department and the following:

Bill McClelland, Corky Fields, Tim Thorp, D. M. Tyler, Chappo Samaniego, Jack Cargill, Wallace Wartenbach, Darel Moody, Mitch Trainer, Lawrence Holland II, Bill Karnes, Royce Miears, Bob Nevill and Jimmy Wilson.

Browne to Speak At Elliott P-TA

Dr. Charles F. Browne will be the guest speaker for the L. W. Elliott School P-TA meeting Tuesday, November 7, at 7 p.m., according to P-TA president Mrs. Pete Gomez.

He will speak on health education.

A play entitled, "Emergency Operation," will be put on by some of the high school students, as part of the health education program.

Mrs. Gomez said that everyone is urged to attend.

Bronco B-Team Gridders Complete Season Defeating Ozona 14-12

Sonora's B-team ended their regular season with four wins, one tie and one loss, Thursday, October 26.

Coach Ivan Greenhaw said that the toughest games were against Junction. Junction defeated Sonora 20-14 in the first tilt and tied 0-0 in the second.

Sonora defeated Ozona and El-

dorado in two games each. Greenhaw said the B-team would probably provide some very good prospects for the varsity next year. Jim Elliott and Jesso Cook were moved to the varsity team earlier in the season.

Greenhaw said, "The B-team is a small but tough team, and have maintained a 'stay-tough attitude' through the season."

The coach felt that the B-team was slightly stronger offensively than they were defensively with Thurston McCutchen, Sammy Perez, Scott Jacoby and Kerry Joy leading the offensive backfield. All but McCutchen are freshmen.

Greenhaw named Lupe Espinosa, Isael Sanchez, Ted Fish, Herman Perez, Dick Bundy, Willie Gutierrez and Scott Shurley as the top

B-team linemen. Shurley, Gutierrez, and Espinosa are freshmen.

"All of the B-team players made a valuable contribution to the season, even the ones that didn't play too much. They all worked hard and expressed a winning attitude."

DPS Leases Space For Office Here

The Department of Public Safety has leased a building on Concho Avenue owned by Sonora Motel. The building at one time was occupied by Martin Plumbing before they moved across the street.

Because of the new requirements for driver license examinations, the DPS needed office space here to administer driving tests. New regulations will require the picture of applicants on the operator's license.

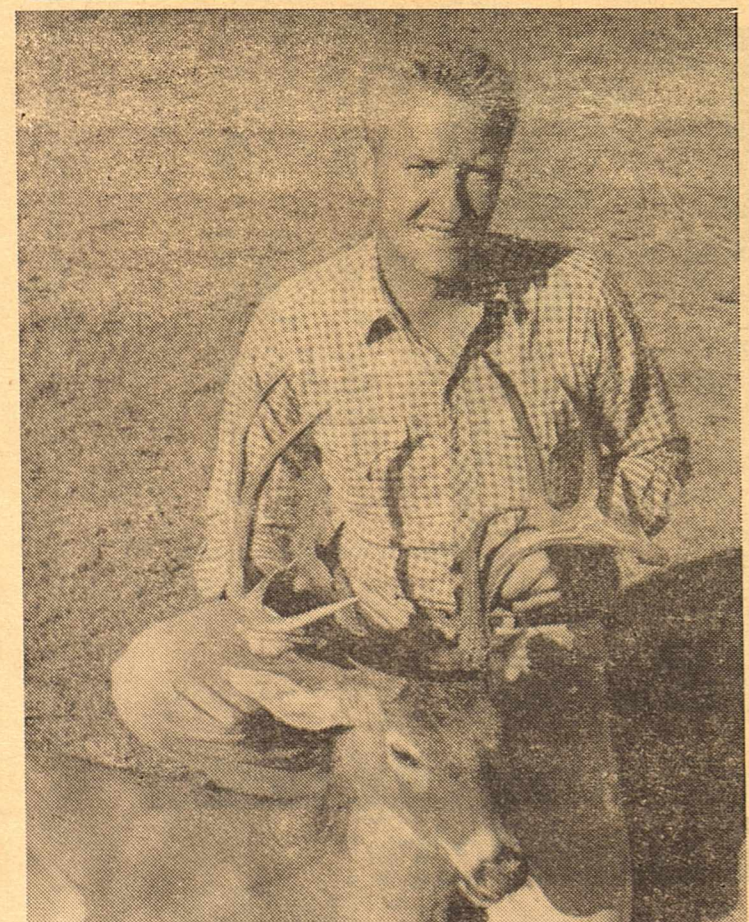

According to Bill Webster, DPS patrolman, a full-time license examiner will be stationed here to administer tests and take necessary pictures of applicants.

The State Board of Control accepted bids in Austin until October 31, at which time the bids were opened and the two and one-half year lease awarded.

Former Sonoran Guest Minister Here

The Rev. Alanson Brown, rector of Church of the Good Shepherd of Wichita Falls and former rector of St. John's Episcopal Church here will be guest preacher Sunday, November 5, at the 9 a.m. Sunday morning service, with infant baptism.

A Parish luncheon will follow the service at 11:30 a.m. The public is invited.

12-POINT TROPHY KILLS, such as this white-tail deer taken last year, will soon be drawing hunters to Sutton County. Charles Ray Shelton, now of Wilmeton, Calif., took this prize specimen on the Harrison Ranch last November. This year's season, which will open November 11, will be preceded by the annual pre-hunt party at the 4-H Center Tuesday, November 7, at 6:30 p.m.

A. W. AWALT MEASURES HIS TALL OKRA growing in his home garden. Awalt said he saw a picture in a San Antonio newspaper showing some of the okra growing in that area. Awalt felt that his Sutton County okra was much taller. He is six-foot-tall and the okra stands about 11 feet tall.

Veterans Day

Throughout recorded history, and no doubt for hundreds of thousands of years before that, it has been a tragic fact that the best of the young men have had to carry the burden of fighting the battles and the wars in which their families, their tribes or their nations have been involved. In the United States today, every person, every family and most especially those with children know well that civilization has not yet progressed far enough to lift this burden from its young people who now fight on an Asian battlefield in defense of

the ideals and principles for which this country stands.

During the November 11 observance of Veterans Day, the nation will pause to honor those veterans, living and dead, who have served in the U.S. armed forces in time of war. It is especially fitting at this time that they be so honored. World War I, as our older citizens will remember, was thought to be the war to end all wars. November 11 was originally set aside by Presidential Proclamation as a time to commemorate the termination of hostilities in that war which came on the morning of November 11, 1918. In 1926, Armistice Day was established as a national holiday.

But, the armistice did not last. Since that time many millions of American servicemen have fought this nation's battles on every continent of the earth. In recognition of this fact, the meaning of Armistice Day was broadened in May of 1954 when Congress decreed that this November Day should be known as Veterans Day with a broader significance recognizing all those who have served this country in time of need. The nation will remember them and carry the hope that time will bring the day when the world will see the signing of the final armistice so young men may give their energies rather than their lives for the building of a better future.

- 7 p.m., Women's Society of Christian Service meeting

Lasting Wisdom

The Daily Times Leader of West Point, Mississippi, has some things to say about the roots of political liberty that each of us should keep foremost in our minds every day of our lives: "We continue to marvel at the lasting wisdom of the Constitution. The blending of colonies into states and states into a nation was not an easy task. . . . Don't take the Constitution for granted. Like freedom, it is a priceless possession which must be reearned by each succeeding generation. You breathe the life into it by exercising all the duties of citizenship and voting in every election is at the top of that list. You supply the lifeblood by staying informed, and letting your elected officials know how you feel. . . . So long as our Constitution is upheld, protected, and kept strong, it will provide the basis for a stable and responsible government. It will allow you a voice in the government through the officials whom you help to elect. It guarantees you life, liberty, and the pursuit of happiness. It defends your rights even against the government itself."

Just remember that upon it has been built the greatest nation on the face of the earth. You have every right to be proud of your American citizenship. Protect it . . . by protecting the Constitution."

The Devil's River Philosopher sez: If Your Think Earth's Problems Big, You Should Consider Those on Mars

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River declines to worry about a new problem, his letter this week reveals.

Dear editor:

Some people never can seem to get enough things to worry about.

For instance, I read in a newspaper I found wrapped around a fresh batch of tin cans somebody threw in the ditch alongside the road by my house yesterday that space scientists are now worried about contaminating other planets. They said "an earthly space probe sent to a planet such as Mars could contain within it enough biological organisms to contaminate an entire world," and consequently they are studying ways to sterilize all their spacecraft.

I have thought this over and while it beats worrying over Viet Nam and next month's bills, I can't get steamed up over it, although I can see how it could lead to some weighty problems.

For example, say we're going to colonize the moon. Who would decide which insects and which germs we ought to haul up there? If we decided none should be brought in, how long would you have to boil an astronaut before you could call him germ-free?

By the time Congress got through debating what would be a fair proportion of white to red corpuscles we ought to put on the moon, not to mention good insects like ladybugs, Russia would already have the moon settled and owe as much money as the rest of us.

Come to think of it, and while this might not be very scientific, I can get a certain amount of fun out of the idea of shipping say a batch of mosquitoes to the moon and imagining them flying around in circles on that barren wasteland trying to find somebody to bite. Or gnats, or flies, or chiggers, or a bad cold virus. You can figure out your own list during the half at Sunday's football game.

On the other hand, I understand the Russian probe of Venus has discovered that the temperature there is over 500 degrees, hot enough to melt metal. That's the place to colonize. Wouldn't have to sterilize anything, although you might have trouble eating, what with your fork melting in your hand every time you lifted a bite.

Yours faithfully,
J. A.

DATES AND EVENTS FROM YESTERYEARS

November 7, 1957
The Sutton County community welfare council's clothing sale held Friday and Saturday netted about \$60. Proceeds will be used to purchase children's clothing.

A contract for the construction of grading, structures, base and surfacing on Ranch Road 1691 in Sutton County was awarded in Austin this week, according to district engineer J. A. Snell.

Slow drizzle and light rain covered the Sonora area Saturday through Wednesday, with rainfall varying from .40 to over 3.00 inches. The heaviest rainfall occurred south and west of town.

Remembering what happened

November 5, 1947
Joseph VanderStucken, Frank Bond, Ray Shaver and Wallace Dameron were named officers of the Edwards Plateau Game and Wildlife Association Monday.

Mrs. Edwin Sawyer was hostess to the Just Us Club Monday with a luncheon and bridge party.

The Thursday Afternoon Bridge Club met in the home of Mrs. O. L. Carpenter. Mrs. H. V. Morris was high member and Mrs. J. H. Brasher was high guest.

November 5, 1937
Although only .17 of an inch of rain fell at the Ranch Experiment Station this week, several other ranches in that section received very good rains, with some reporting as much as two inches or more.

Complimenting members and guests of the Just Us Club, Mrs. J. F. Howell was hostess Friday to six tables of bridge.

Members of the Jolly Joker Club and an additional table of guests were entertained Tuesday by Mrs. John Fields at a bridge luncheon.

65 YEARS AGO
W. A. Holland reports a good rain on his turnip patch last week.

Rufe Thomas sold his fine driving team and buggy to Brown and Mimms for \$300.

Henry and Berry Baker were in town from the ranch last week celebrating.

A PARSON'S EYE-VIEW OF SONORA

BY THE REV. ROSS T. WELCH

The long haul to Sanderson Friday night will be a test of loyalty for many a Bronco fan. If anyone anticipated a really hard fought battle, it would be a different ball game.

With the season records what they are, it does not promise to be a very serious challenge. Every booster who makes that trip, who has a choice, deserves double credit.

Now the game the following week would be a different story, no matter where it was being played. I know this is very poor psychology—we should take each game as it comes. So—On to Sanderson!

Some thirty-five or forty persons, including the Youth Choir, came from Del Rio Methodist Church Sunday night to put on an unusual setting for the sacrament of the Lord's Supper.

The choir director made public confession that he had made some 'boo-boo's' in the service. After the service this preacher was congratulating himself on not having made a serious blunder when his wife informed him that he had served only one of the elements to one of the tables.

Perhaps the visitors thought they were at a Catholic church.

I had almost forgotten how a tomato should taste until Gus Redman shared some of his home grown ones with us. Delicious!

Most everyone considers one football game enough excitement for one weekend but the Glen Richardson are gluttons for excitement. They saw two Southwest Conference matches last weekend. Since both A&M and U. of T. won their games, they will probably want to see the Turkey-day game to see which team is really best.

These cold fronts, with strong winds behind them, bring down the pecans—and the leaves. There seems to be something a little unjust about this situation however. Even if you have no pecan trees, the wind blows generous portions of your neighbor's leaves over into your yard, but seldom ever a nut.

Two little friends of mine back in Devine went into a cafe and ordered drinks. When they had finished their drinks, they handed the cashier the money to pay for the drinks and started to walk out.

"How about the tax?" they lady asked.

"I didn't buy any," the little red-head answered and walked away.

I think someone sits up nights to devise new ways to get taxes. I see where the larger cities are going in for sales taxes now. The poor merchants will go crazy. They have been muttering, "So much for Lyndon, so much for Connally"; now they will have to add the may-or to their list.

I always look for a good garden

am seldom disappointed.

If you have a weak heart, pay no attention to the characters who emerge from public rest rooms. You may get the shock of your life. You may assume—I suppose—that THEY know the difference.

On an 'out-of-town, out-of-change' Sunday afternoon the young people collected only \$137.13 for C.R.O.P.—as compared to \$217.00 last year.

Trying to get ahead of the hunting season, the Methodists will carry out their Every Member Visitation beginning next Sunday. They are hopeful that most of the members will be in church Sunday morning and stay for lunch. That way they can be 'visited'—en masse.

They—in turn—will go to visit those who did not or could not come.

I poured nearly an inch of rain water out of my gauge Monday morning.

Who can answer this question: How many Sutton County men are in Viet Nam? I could not begin to answer, could you?

The chief disadvantage to writing a column is that your friends who are aware of the situation talk in very guarded phrases, 'lest they be quoted.'

Royce Mears says he will be ready to go against Iran. They may be Braves, but not many high school boys are going to run over Royce.

Remembering what happened

last fall, I think the preachers would agree, it would be mighty fine if we could schedule the play-off games on Friday night. Admitted, this is taking something for granted, and that we generally do. Trying to operate a church program in competition with the hunting season and football games played on Saturday nights in distant places is an uphill business.

You can cook a 3-minute egg faster with gas than with electricity.

Here's why. With a modern gas range there's no slow warm-up period. You turn the burner on and get the desired amount of heat—*instantly!* Burner with a Brain holds that precise temperature until cooking is done. No waiting, no watching, no wondering with flame fast gas. You can see the flame go to work the instant you turn the burner on.

(Of course, faster cooking means less gas used and more economy for you!) Only modern gas cooking gives you this much control, flexibility and speed. See the wide variety of modern gas ranges at your local gas appliance dealer or LONE STAR GAS.

2 come to the fall gas range fair

How To Become A Christian

How to become a Christian; Part Number 3

As Cornelius believed and was baptised, so did Lydia, Acts 16:14-15, "and a certain woman named Lydia, a seller of purple, of the city of Thyatira, one that worshiped God heard us: whose heart the Lord opened, that she attended unto the things which were spoken of by Paul. And when she was baptized, and her household, she besought us, saying, 'if ye have judged me to be faithful to the Lord, come into my house, and abide there', and she constrained us."

Lydia heard the gospel by Paul, and believed it, and was baptized, having her sins forgiven, and became a Christian. It is evident that she turned from her sins and confessed Christ from such passages as Act 17:30 and Rom. 10:10.

Acts 16:30-34 the jailer "brought them out, and said sirs, what must I do to be saved? And they said, believe on the Lord Jesus Christ, and thou shalt be saved, and thy house. And they spake unto him the words of the Lord, and to all that were in his house. And he took them the same hour of the night, and washed their stripes; and was baptized, he and all his, straightway. And when he had brought them into his house, he set meat before them, and rejoiced, believing in God with all his house."

The jailer was not saved, because he asked what must he do to be saved. He asked before he was told the word of the Lord, "because Faith comes by hearing the word. Rom.10:17. Hence he was a disbeliever when he asked the question, what must he do to be saved? He was told to believe; but he could not believe on Jesus except he heard about him, so "they spake

unto him the word of the Lord, and to all that were in his house." Verse 32.

It stands, to believe the word of the Lord, is to believe you must also repent, confess and be baptized, (Luke 13:5; Matt. 10:32)

Mark 16:16 and Jesus said, "he that believeth and is baptized shall be saved." So the jailer believed, confessed, and was baptized, for the forgiveness of his sins, in order to be saved. Acts 2:38.

Paul preached the gospel in Corinth; Acts 18:8 and Crispus, the chief ruler of the synagogue, believed on the Lord with all his house; and many of the Corinthians hearing, "believed, and were baptized." They were thereby washed, sanctified, justified and saved. 1 Cor. 6:11; 15:2. He preached the death of Christ for our sins, his burial, and resurrection. 1 Cor. 15:1-4

Saul was told by Christ to go into Damascus; "and there it shall be told thee of all things which are appointed for thee to do," and Ananias, was sent by Christ to Saul, saying, "and now why tarriest thou? Arise, and be baptized, and wash away thy sins, calling on the name of the Lord." Acts 22:16. Note, his sins were not forgiven until he arose and was baptized.

Friends, why not be like Paul and the other Christians, arise and be baptized, in the name of Jesus Christ for the forgiveness of your sins, and receive the gift of the Holy Spirit, and become a Christian. Be a member of his church, the church of Christ calling on the name of the Lord Jesus.

World's Fare

by Wick Fowler

There's a political rhubarb over state senators voting themselves \$1,000 a month expense money when not in session. This is chicken feed compared to what it costs the taxpayers when they are in session.

There are reports that a special legislative session will be held so the members can find out what they did during the recent regular session. Happy hunting!

Most people rate a legislative session by the large number of laws it passes. When it's too late, they find out what the laws mean. There's talk again of doubling tuition at state colleges. If only they would first double the campus parking space.

RICHARD TAYLOR McMILLAN, only grandson among the surviving members of the descendants of William Walter Taylor, unveils the graveside markers dedicated Sunday, October 15, in the Junction Cemetery. He is the son of Mr. and Mrs. W. B. McMillan and is a senior at the University of Texas in Austin.

Tourist Praises "Oasis in a Desert"

Mrs. Myrtle Sellman received a letter in regard to the "sunken garden" she and Mrs. A. W. Awalt helped to establish and maintain in the spring before Sonora's diamond jubilee celebration. The garden has been maintained by funds from civic-minded citizens and organizations to help defray the costs of labor and upkeep. Mrs. Sellman has been active in keeping the project going and for her and those who have contributed time and money such a letter must make them feel as though their efforts have been worthwhile.

Dear Mrs. Sellman: You are obviously a truly public-spirited person and just as obviously must be a very fine lady.

Last Thursday I was in Sonora and came across the landscaped area on the corner of Main and Water. The sunken garden stood out like an oasis of beauty on a hot and dusty morning. I went to some length to find out who was responsible for providing your town with a public improvement which is a sight for sore eye and a balm for the sore spirit.

I thought therefore that you might be happy to know that you gave unexpected happiness to a stranger. And this stranger, although he will probably never meet you, has, therefore, a very great respect for Myrtle Sellman.

Yours respectfully,
 The Terence Spring Company

CORRESPONDENCE STUDY

More than five million students were enrolled in home study courses last year, according to the National Home Study Council. A directory of accredited private study schools listing 95 accredited schools with quality courses may be obtained without charge by writing the council at 1601 Eighteenth Street N.W., Washington, D.C. 20009.

Snips, Quips And Lifts

by Lottie Lee Baker
 —Don't be so busy sawing wood that you haven't time to sharpen the saw.
 —If you want a place in the sun you must expect to get blistered occasionally.
 —Work is the yeast that raises the dough.
 —It's a never-ending uphill grind. Just when you struggle up even with the Joneses, they re-finance.
 —About 4,500 youngsters between the ages 12 and 17 are taking up the smoking habit every day.
 —There is a queer trait of human kind. We willingly pay twice as much for luxury as we grudgingly pay for necessities.
 —A Cincinnati pitcher, Joe Nuxhall, was the youngest major league player on record. He began his career in 1944 at the age of fifteen.
 —If you don't have time to do it right, when will you have time to do it over?
 —You don't need references to borrow trouble.
 —Never kick up more dust than you can settle.
 —Mixed greens are good for you, especially fives, tens and twenties.
 —An economist is one who plans what to do with someone else's money.
 —A government bureau is where the taxpayer's shirt is kept.
 —Loafing is the poorest paying job in the world.
 —You can preserve anything in alcohol except your health, your secrets and your job.
 —We have found there are a lot worse things in life than being "old-fashioned."
 —The difficulties of life are intended to make us better not bitter.
 —It wouldn't hurt any if the colleges would work their way through some of the students.
A LIFT FOR THE WEEK
 Talk happiness; the world is sad enough.

 Hear the Lutheran Hour 10:00 a.m. Sunday on KCKG. See THIS IS THE LIFE 8:00 a.m. Sunday on KCTV.

Parallel lines always converge at the same point on the horizon. If we stand in the center of a highway, and look straight ahead, we discover that the lanes seem to disappear at one central point. The artist must deal with this curious fact when he paints a canvas. We call it perspective. It is the way our eyes see the picture. If we stand at a different position, the scene changes, and the vanishing point is moved to a new place on the horizon. By changing our position we change our perspective.

This is true of life. How we look at our afflictions and our troubles is very largely determined by our inner attitude. In a very real way our ideas about God will determine our perspective.

The Church can help you to place all areas of life in balance. Many people today are confused and disturbed because they see things in the wrong perspective. Visit your church this Sunday and see if the world doesn't look better next week!

Teen Scene

by Georganne Schwiening

Several high school students made it on the honor roll last six weeks.

In the senior class with all A's were Mike Gosney, Mike Richardson and Mary Skains. With one B were Sondra Crawford, Debbie Galbreath, Linda McBride and Georganne Schwiening.

The following juniors had all A's and one B. They are Al Elliott, Mark Jacoby, Shelly Morriss, Jare

Sawyer and Austin Stockton.

The sophomores having all A's were Carolyn Benson, Dick Bundy, Ted Fish, Yvonne Harges, Kathy Morgan and Julia Stewart. With one B were Jesso Cook, Larry Johns and John K. Wilson.

In the freshman class, Beth Davis made all A's. Kay Kerbow, Patti Richardson and Trouba Teaff made all A's and a B.

Most of the students were getting ready for the Halloween carnival this week. High school was dismissed early Tuesday so everyone could get their booths ready.

Linda Ann McBride and Mike Gosney were chosen as the Most Likely to Succeed. The teachers selected them and also the best groomed out of each class.

Bill Green has a new car. It is a red Tempest Pontiac.

Mike Gosney went to College Station this past weekend. He got to see the football game between A & M and Baylor.

Arcelia Sanchez and Ernest Barera were chosen as the best groomed in the senior class.

Sonora beat Menard 49-6 Friday night and will play Sanderson this Friday. After the game there was a dance at the parish hall.

School will be dismissed at 1:30 p.m. on Friday so everyone can go to the game. Beat Sanderson!!

A confirmed screwworm case was found on the Cardwell Ranch in the southeast corner of Sutton County, according to county agent D. C. Langford.

He urges all livestock producers to be watchful during this outbreak brought about by windblown screwworm flies moved by Hurricane Beulah.

Firemen's Corner

At the Wednesday meeting, October 25, two new men were voted into the fire department. They were Ray Mathis and Clarence Cockrell.

387-2424

Mrs. Darcy Carroll hosted the firemen's auxiliary October 30 at the fire hall. Bridge and 42 were played. The 42 winners were: high, Mrs. Clarence Cockrell; low, Mrs. Louis Olenick; and 34, Mrs. Cullen Luttrell. The winners in bridge were: high, Mrs. Roy Gilmore; low, Mrs. Leon Neely; and slam, Mrs. Buddy Brown.

"Johnny Knows It", salad, cookies, coffee, and tea were served to thirteen members and seven guests. The guests were Mmes. Lano Thompson, Doyle Crawford, A. H. Adkins, Ivan Greenhaw, Roy Gilmore, Wayne Herrmann and Miss Vivian Mears.

387-2424

There are five major causes of home fires; careless smoking, improper use of electricity and appliances, accumulation of rubbish, improper use and storage of flam-

mable liquids and faulty heating and cooking equipment.

Many home fires start at the kitchen stove. The kitchen should be arranged so that curtains, towel racks, paper towel dispensers and waste paper containers are a safe distance from the stove.

Around the stove, be especially careful of fats and oils, they can cause fires which are very hard to put out. Never use water to extinguish this kind of a fire. If a fire extinguisher is not on hand, use baking soda to smother the flames. If the fire is in a cooking vessel, use the lid to smother the fire.

Card of Thanks

We want to thank the parents of the Seniors for their help in getting ready for the Halloween Carnival and for their help during the Carnival.

Members of the Senior Class 1c8

Card of Thanks

WE ARE GRATEFUL to those good friends and neighbors who did so much for us during my stay in the hospital in Houston. We offer our thanks for your kind thoughts.

Henry Greenhill and family 1c

Mr and Mrs. O. L. Richardson Sr and Mrs O L Richardson, Jr and children attended the A&M game last week
