## Old, Obsolete, Worn Out, Sonora's County Fire Fighting Equipment Needs Replacing

Three of the fire trucks used by Sonora's Volunteer Fire Department in fighting range fires are getting in sad shape. Two are worn out. "They don't have many miles on them," said L. P. Bloodworth, "but the miles they've been driven were rough ones—over mountain tops and through brush and draws."

These are not the two trucks used in the protection of Sonora, but the ones taken to the country to fight grass and range fires. Two of the old trucks are Dodge 4-wheel drives and one is a Chevrolet two-wheel drive.

Bloodworth expressed concern that the county would wake up soon to find that it had no trucks

capable of making a run to the ranches to put out grass fires. That day has almost arrived. Last week the three trucks headed out to extinguish a fire on the Hunt ranch. Only one truck made it back to town. The other two had trouble. One had to be towed in for repairs, although Jimmy Simmons, county mechanic, usually

makes repairs on the spot. But the problem remains. The trucks are old, slow, obsolete, hard to find parts for—they break down often.

Bloodworth and Stanley Mayfield helped raise the money for the first Dodge truck which was bought new in 1951. A second truck was bought in 1960 under

the same system—private solicitation. Both Dodges—the worn-out ones—have the 4-wheel drive that is so necessary when fighting fires on rough country. The third truck, a Chevrolet with 2-wheel drive, is still operating satisfactorily.

Heavy spring rains which brought on an abundant growth

of grass and an excessively dry summer have placed an extra strain on the old trucks and underscored the problem with the trucks.

Bloodworth said he was open to suggestions, but felt that something must be done to raise money for new fire-fighting equipment. He voiced the possibility

of approaching the county commissioners for help.

He said that it was too late to order and receive a fully equipped truck for fighting range fires this year, but that something should be done now so that next summer there wouldn't be such a problem with the trucks.

"In the '40's we had only one truck that could be taken to the country. To remedy this situation we raised money through voluntary contributions and purchased the first Dodge. The community has always been generous in the past and we need to call on them again," said Bloodworth.

### Mrs. James Barrows Funeral Held

Funeral services were held at 10 a.m. Tuesday for Mrs. James E. Barrows, 82. She died at 3:40 p.m. Sunday, August 24, 1969, at Shannon Hospital in San Angelo. Services were in Johnson's Funeral Home Chapel with burial in Fairmount Cemetery.

Mrs. Barrows was born July 25, 1887, in Junction. She was married to James E. Barrows June 10, 1910 in Del Rio. She had lived most of her life in Sonora before moving to San Angelo in 1955. She and Mr. Barrows were married 59 years June 10 of this year. She was a Methodist.

Survivors include her husband; five daughters, Miss Lillie Barrows, Mrs. Josie Ramsdell and Mrs. Mary Cavaness, all of San Angelo, Mrs. Thelma Garza of San Antonio and Mrs. Viola Maples of Hobbs, N. M.; a son, John Barrows of San Angelo; a sister, Mrs. Donna Collins of Barnhart; two brothers, Tom Wall of Sonora and Henry Wall of New Mexico; 21 grandchildren and 16 great-grandchildren.

### Hershel Davenport New Manager at Foodway

Hershel Davenport is the new manager of Foodway. He replaces Dale Brown, manager of the store since March, who is moving to Midland.

Davenport and his wife, Jeanne, have three children; a son who attends Texas Tech in Lubbock, a married daughter who resides in Amarillo, and a 14 year old son, Matt, who will attend Sonora High School.

The Davenports moved here from Amarillo and are members of the Methodist Church.

### Bible School Begins Wednesday

A weekday Bible school for children of all faiths will begin Wednesday, September 3. The Rev. Homer Akers, pastor of the Church of the Good Shepherd, and the Rev. Norman Griffith, rector of St. John's Episcopal Church, will be in charge of the study.

Children from pre-school through kindergarten will meet at 11:30 a.m. at the Church of the Good Shepherd, and children in first and second grades will meet there at 3 p.m.

Meetings for children in grades three through six will be held at the St. John's Parish Hall at 3:30 p.m.

Children of any denomination are welcome. Refreshments and transportation will be provided by the sponsoring churches.

**NO BOOSTER MEETING**  
The Bronco Booster Club will not meet Labor Day Monday, but will meet September 3, when members of the Varsity team will be introduced.

ONE OF THE OLD FIRE TRUCKS that has put in more than its share of time fighting Sutton County ranch fires is this 1951 Dodge 4-wheel drive truck. Though it doesn't have a great many miles on it, the truck has covered some of Sutton County's roughest

country. Frequent breakdowns now make it questionable whether the truck is still suited to be a part of the brigade that heads for the country when a ranch grass fire is reported. Cullen Luttrell, fire chief, and Darcy Carroll, fire marshal, inspect the motor.

## County Livestock Show and Sale Scheduled for January 17, 1970

The annual Sutton County 4-H Livestock Show and Sale has been set for Saturday, January 17, 1970 at the 4-H Center.

Classes will be provided for Angora goats; breeding sheep; fine wool commercial, carcass and club lambs; crossbred commercial, carcass and club lambs; breeding heifers and showmanship.

New classes in the angora goat division will include yearling doe, aged doe and yearling buck classes. Classes for commercial angora goats may be provided if there is enough interest.

**NEW CLASSES**  
New classes in the lamb division

will include commercial lamb classes to be held in conjunction with the carcass lamb show. 4-H members may exhibit 4 fine wool and 4 crossbred lambs in the commercial classes. The carcass judges will select the top ten lambs from each exhibitor's commercial lamb entries to compete for the top 10 carcass lamb awards. The top 10 lambs will then be slaughtered and awards will be presented based on their carcass evaluation.

All commercial lambs will be weighed, sheared and ear tagged on Saturday, November 1, 1969, at the 4-H Center. On Monday, January 12, 1970, all of the com-

mercial lambs will be weighed again at the 4-H Center and awards will be presented to the five high gaining fine wool and five high gaining crossbred commercial lambs. The carcass lamb judges will select the top ten lambs of each type to be slaughtered from the commercial lambs after weighing is completed. No trimming of commercial lambs behind the head will be permitted after November 1.

Commercial lambs which are not slaughtered will compete in special commercial fine wool and crossbred lamb classes at the regular county livestock show on Saturday, January 17.

4-H members will be limited to the showing of 4 fine wool and 4 crossbred lambs in the county show whether they be commercial lambs, club lambs or a combination of the two.

All new boys and girls interested in participating in 4-H Club work during the 1969-70 year should contact D. C. Langford, County Agent.

### Labor Day Holiday Ends Summer's Fun

Sonora schools and most downtown businesses will join in closing Monday in observance of Labor Day, September 1. One person who will be working and keeping his "business" open will be Bob McMinn, operator of Sonora's Municipal Swimming Pool. Monday will be the last day of the swimming season, then the pool will be closed for the winter.

Routine fall schedules of work will be well established in the 13 weeks before the next holiday, Thanksgiving, gives students and adults a break beginning Thursday, November 27.

## Opening Of Dove Season Heralds New Hunting Year

Sutton County hunters may have to labor on labor day, Monday, September 1, if they bag their limit on doves. The season officially opens at noon labor day and lasts to October 30. Shooting hours are from noon to sunset.

Nolan Johnson, Sutton County game management officer, said that the majority of doves would not arrive in this area until the weather cooled. He said most doves are now to the north in the Abilene-Winters area in the feed belt or green belt. A few are down in this area at the present time, and more will come when cooler weather arrives.

Croton weed or dove weed is plentiful and should supply enough feed to keep the birds in the area.

The game department does no survey on dove, but Johnson said they did trap and band doves to find their migration pattern. This is a statewide project.

He said there are few if any white wing dove in the area, but they are protected. Most are found in Val Verde County along the Rio Grande. A few are in Edwards County.

Doves are still nesting, and will continue until the season gets cooler, so hunters will find many of their kill to be young birds.

Although shooting hours are from noon to sunset, hunters will have their best luck late in the evening around watering places. Wet weather and standing water makes for rough hunting, as the birds find water plentiful and will stay scattered.

By October 30 the harvest will be complete and those birds left will take care of the next year's nesting season.

**DEER SEASON**  
About a week later deer season opens. This year's hunting season on deer will run from the second Saturday in November — the eighth, through January 1, 1970.

Johnson said excessive heat and dry weather had caused some loss of deer, but there was no cause for alarm. The die-off is a normal occurrence each year, he said.

Johnson and Calvin Van Hoozer, assistant biologist, will begin their count on deer in September and expect completion by October 5. This information will be analyzed and the number of antlerless deer permits per section established for Sutton County.

Last year deer in Sutton County were estimated to number 118,000 and one antlerless permit was issued for each 50 acres of rangeland. There are close to a million acres in Sutton. Estimates of the deer kill in Sutton last year were 10,000.

### Sonorans To Aid Camille Victims

Victims of hurricane Camille will receive aid from Sonora through the local Red Cross Chapter. Mrs. Nelson Stubblefield, secretary of the local chapter and employee at First National Bank, said that she would collect voluntary donations from Sonorans and forward them on to the Red Cross so that they might aid victims of the hurricane.

### TURKEYS

Turkey raised this year indicate a fairly good crop—about two per young hen. This does not, however, compare to last year when conditions were ideal for record turkey hatches.

A change in this year's law will allow two turkeys of either sex to be killed. Game officials feel there are too many hens per gobbler and are striving to correct this. Last year hunters could take two turkeys—either gobblers or bearded hens.

Some landowners differ with the game department and restrict the killing of hens, but this year there will be no law to help the landowner. Such understandings will be "gentlemen's agreements" between the hunter and landowner, and the killing of turkey hens will not be a violation of state game laws, said Johnson.

Johnson said he and the Chamber of Commerce were getting inquiries about hunting leases in the county. Information is scarce on the availability of leases, as ranchers prefer to wait until later in the season. Johnson said that some hunters are reluctant to come without making arrangements in advance for their party,

### Deer Husbandry Seminar in Junction Reveals Little-Known Game Facts

BY E. B. Keng, ses

A deer husbandry seminar recently held in Kimble County brought out a number of interesting but little known facts about deer and hunting.

Charles Ramsey, extension wildlife specialist, pointed out that 95 percent of the deer herd is five years old or under. Only 15 percent of the herd is over three years of age, wildlife studies show.

Ramsey also stated that under good management the greatest number of fawns is provided by one and two year old does. Under

poor range conditions the three and four year age class does contribute the greatest number of fawns.

Body growth demands of young deer take priority in nutritional availability over reproduction or antler growth. When deer food is scarce reproduction and antler growth is penalized. The summer season is the most critical for deer because of lactation and antler production. It is during this season that most heavy die-offs occur.

In discussing harvesting of the deer, it was pointed out that only 10 percent of the deer herd in Kerr County is harvested. Game specialists believe that at least 25 percent of the herd can be safely harvested. Texas landowners receive an estimated \$19,000,000 for hunting leases each year—so hunting is big business.

Dr. Leo Merrill talked to the seminar on the effect of different grazing systems on deer. On the Range Experiment Station near Sonora deer are seldom found in the pastures that are heavily grazed with sheep or with sheep and goats. Sheep offer direct competition with deer for palatable forbs.

Merrill, Albert Ward and E. B. Keng attended the seminar from Sonora.

### Services Held For Leroy Oliver

Mr. Leroy Oliver, step-father of Jerry Hopkins, Sonora High School football coach, died in Austin August 13, 1969, of an apparent heart attack. He is also survived by his wife.

Services were held August 15 in Austin with burial in Clifton Cemetery.

HERB FASELER  
... new band director

MARCHING UNDER THE DIRECTION of a new leader are members of the Sonora High School Band. The new director, Herb Faseler, recently arrived here from Edgewood High School in San Antonio and started working with the band August 15.

Faseler will be leading the high school and junior high bands, and he will be instructing beginners and a fifth grade music class at Elliott Elementary School.

## CINDERS

By John T. King

What part of the paper do you read first—the sports, the funnies or the front page? "Men are old if they read the obituaries before they turn to the sports page, or if they check the menu, and then the waitresses," Health Insurance News says.

An Iowa physician giving advice on staying youthful said: "Stay neat, skinny and cantankerous."

"—Keep a youthful mind and thoughts."  
"—Listen to the new generation."  
"—Exercise within the limits of your capability."  
"—Do something."

He also said you are old if you are complacent, if you think you're too old to do something or that the future holds no promise for you.

Pretty good advice—How old are you? Really!

## OUR NEIGHBORS THINK . . .

**Williamsburg, Va., Gazette:**  
"Amid all the noise made on college campuses these days there is an awful lot of shouting about the necessity of more remedial courses for underprivileged students. What the academic world really needs is more remedial courses for administrators. A kind of boot camp for college presidents might fill the bill nicely. We heard a rumor just the other day that before next fall college presidents will strike—for combat pay—Campuses today need a new breed of man. The experts claim he must be a man who can plumb the depths of human relations, withstand the stress of mass criticism and manage the pressures of group confrontation without the loss of academic serenity. What they mean is that he should have a soft heart, a tough hide and know how to run a fort."

**Turlock, Calif., Journal:**  
"At last, the American office is getting a new look. It was long in coming, and it is welcome—Why should this revolutionary new concept be called the 'action office'? Because it dawned on someone that around 34 million Americans spend one-third of their lives in the office. Business executives and designers have concluded that the turmoil, the drabness, the monotony of the modern office inhibit creativity and ingenuity. It sound reasonable—"

**Dickinson, N. D., Press:**  
"President Nixon certainly knew that he was initiating a long and potentially bruising legislative struggle in asking Congress for legislation converting the postal service from a politics-ridden cabinet department to a semi-autonomous government corporation. The immediate reaction, as expected, was cool in the power centers on Capitol Hill—Con-

gress has a very deep and practical vested interest in the Post Office as is, perhaps the fastest and most politically productive reservoir of patronage in the government—But the least we have a right to expect from our stamp and subsidy dollars is efficient, dependable service, and that is the promise reorganization holds out."

**La Porte, Ind., Herald-Argus:**  
"Take it from a veteran reporter who believes a long, hard struggle is ahead in the student revolt. He contends the two sides have not listened to each other, the two sides being the students and the American public. If they

have learned nothing and settled nothing, there is not much of a chance of immediate realistic understanding. That, indeed, is a pessimistic outlook on a social revolution that is not apt to fade quietly away."

**Lockney, Texas, Beacon:**  
"The one thing which the Reds respect is force. The Free World can maintain its position only by retaining a weaponry stockpile superior, or at least equal, to that of the Russians. While the enemy continues to advance at a rapid pace, can Uncle Sam afford to do less?"

**St. John, Kans., News:**  
"Members of the Congress have been in turmoil—over the matter of extending the surtax. Closing tax loopholes, seeking out new sources of taxes, and trying to decide which taxes can be increased with the least ensuing squealing seems to occupy most of the time of many members of the federal governing body. Odd, isn't it, that nobody in Washington seems to be concerned with 'making do' with the available tax revenues, with setting an absolute limit on taxes, on reducing taxes, and, for goodness sake, trying to ease the awful burden which the unhappy taxpayer bears today?"

**Council Bluffs, Iowa, Press:**  
"Usually the things which are always with us take for granted and fail to appreciate until we lose them. Good health and good government are prime examples."

## THE DEVIL'S RIVER PHILOSOPHER SEZ "The Dullest Job" of Picking Grapes Won't hold a Candle to Space Voyages

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River reflects on various dull jobs this week, mostly from a theoretical viewpoint.

Dear editor:  
I was reading a three-week-old copy of The Standard Times yesterday, when a man is confronted with the job of fixing a fence in the middle of August he'll read anything he can get his hands on, and ran into an article that said that "picking grapes in the blazing sun is one of the dullest jobs a man can have."

I have never picked grapes, unless you count pulling off one or two bunches in the grocery store just to sample, and don't intend to, just as I don't intend to do a lot of things around this bitterweed ranch, on the theory that a public-spirited man, recognizing that everybody is entitled to a job, will leave some work for the next generation.

But I got to thinking. What is the dullest job a person can have, in or out of the blazing sun? Even if it is out of the weather, I've never been able to imagine a monotonously duller job than acting two afternoons and six nights a week in the same Broadway play for three years on end.

I know people who'd choose a grape-picking job every time over proof-reading, especially editorials, and proof-reading over playing golf, and playing golf over selling insurance.

As much as I manage to avoid it, I'd take going up one row and down another on a tractor to following a candidate for three months and listening to the same speech three times a day.

Crawling under a low - slung house to fix a leaky pipe is so dull I've let one go for months without doing anything about it.

I've heard returned soldiers say grape-picking would be delightful compared with the monotony of army life. Some bachelors say the same about married life and some married people say the same about bachelorhood.

But I believe I'd nominate for first place the job the space scientists are planning for some astronauts. They say that by mid-August of 1981 they'll have a man leaving for Mars, arriving there after twelve months, of sailing through nothing, and spending three months on the planet, swinging past Venus in 1982 and returning to Earth in 1983.

I'm afraid spending two years in a capsule millions of miles out in space with a computer for a companion is going to make grape-picking sound exciting.

Yours faithfully,  
J. A.

### Summertime Treat Goes Modern

Convenience foods are increasing in popularity and family favorites are often adapted to use modern time-saving tasty products. In this recipe S'Mores Waffle-Style use frozen waffles for a quick variation of the traditional camping treat. Milk chocolate candy and a marshmallow quickly soften on a hot waffle. Topped with another crispy hot waffle and gently squeezed together the chocolate and marshmallow ooze out to make a quick-to-prepare yummy summertime refreshment. Kids (of all ages) will love S'Mores Waffle-Style for patio desserts or as they come in from outdoor activities for quick-to-fix snacks.

#### S'MORES WAFFLE-STYLE

Makes 6 sandwiches

- One 9-oz. pkg. frozen waffles
- Three 1 1/2 oz. milk chocolate candy bars
- 6 large marshmallows

Heat oven to hot (400°F.). Place waffles on cookie sheet and heat 5 minutes. Remove from oven and place 4 squares of chocolate on each of 6 waffles; top with a marshmallow. Return to oven and heat 2 additional minutes.

To serve, top the 6 marshmallow-chocolate topped waffles with the remaining 6 waffles, sandwich style and press together.

## Hey Look!! Explodes Sight, Sound

Hey Look! There's a whole new explosion of entertainment to listen to and look at in "Hey Look!" during the 1969 State Fair of Texas, Oct. 4-19 at State Fair Park in Dallas.

It's a near-indescribable outburst of sight and sound, action live and projected in multiple images on a triple screen, "black light," psychedelic colors, original music, dancers bursting out of or merging into their own filmed images.

There are beach acrobatics, spectacular outdoor scenes, adagio dancers, sequences that bring the newsreel back to life, a Western hoodlum, a wild chase on freeways and aboard a cable car.

"Hey Look!" fascinates the entire family, fusing elements of everything from the newest psychedelic sound-and-light shows to the immortal antics of the Keystone Kops. Fair goers can choose among several performances daily in the "Hey Look"

Theatre, directly across the street from the Southwestern Historical Wax Museum.

The show's convertible stars are the Rudas Acro-Dancers, who have delighted audiences in Las Vegas, Montreal, Paris and the cities of Denmark, Japan, and Australia. Both ways, live and on film, their dancing is intricate and exciting.

Co-starred with them is the three-paneled Magic Screen, hit of the Folies Bergere in Paris,

by means of which live, three-dimensional performers suddenly become part of a movie—and then reappear out of the screen, live again.

There are also illusions of another kind, live ones performed under "black light" or ultra-violet illumination.

"Hey Look!" was written by Tibor Rudas and Phil Wyly. Lon Norman composed the music; Bill Campbell designed the costumes.

## Traffic Law Changes Effective September 1

A number of changes in the State's traffic laws, some of which are highly significant to Texas motorists, were made by the Texas Legislature during its 61st regular session. The new laws will all be in effect by September 1, and Department of Public Safety patrolmen will begin enforcement on that date.

While the measures range from one establishing new motor vehicle inspection procedures to allowing the owner of a parking lot to remove cars parked on the lot without consent, one of the most important is the new "implied consent" law covering breath testing of drivers.

make it illegal to modify any passenger vehicle so that the lower most portion of the vehicle has less clearance than the lower most portion of any rim of any wheel in contact with the roadway.

Another measure, which does not become effective until January 1, 1970, makes an officer's accident report available to the public upon the payment of a \$2 fee.

## THE FAMILY LAWYER

Defending Your Castle

More than three centuries ago, England's Lord Coke proclaimed that "a man's house is his castle." It still is. Generally speaking, you have a right to repel an unlawful intruder, using as much force as is necessary—including even deadly force. For example:

A home owner, hearing someone pry open his kitchen door in the middle of the night, grabbed a gun and went to investigate. Entering the dark kitchen, he demanded that the intruder identify himself. When the man instead began to move forward menacingly, the home owner fired a fatal shot.

Although brought to trial later, on a homicide charge, he was found not guilty. The court said that, considering the threatening circumstances, he was within his legal rights in defending the sanctity of his "castle."

The doctrine is not meant to protect your home merely as a pile of bricks and mortar, but rather as a personal haven of safety for you and your family. Therefore, it applies just as much to premises you rent as to premises you own.

Furthermore, you may act not only against an intruder but also against a visitor who refuses to leave when you tell him to.

On the other hand, you must not in any event use more force than is reasonably necessary under the circumstances. Take this case:

A man talking politics with a visiting neighbor became incensed and asked him to leave. The neighbor arose to go. But he did not move fast enough for his erstwhile host who speeded him along with a vicious kick. Result: the home owner was held liable for assault and battery. The court said the kick was simply not justified by the circumstances.

Nor may you arbitrarily widen your legitimate circle of defense. In another case a girl's protective father saw, approaching the house, a youth whom he had ordered to stay away. The father opened the front door, stepped outside, and shot the caller in the arm.

Here too the home owner was ordered to pay damages.

"A man's home is his castle," said the court, "but he has no right to go (outside) and attempt to kill a man who has done no act indicating the intention of making forcible entry."

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

MRS. CARL HUGH TEAFF

### Miss Melissa Lewis, Carl Teaff Married

Melissa Jane Lewis and Carl Hugh Teaff were married in the home of his parents, Mr. and Mrs. Bob Teaff, Tuesday, August 19, 1969. The Rev. George Stewart of San Antonio, former pastor of the Church of the Good Shepherd, Presbyterian, officiated.

The bride is the daughter of Mr. and Mrs. Robert T. Lewis Jr., of Gainesville. She was given in marriage by her grandfather, Taylor Lewis. Her wedding gown was of white peau de sole with a lace bodice, chapel train and shoulder length veil.

Matron of honor was Mrs. Robert T. Lewis III of Irving, sister-in-law of the bride. Stanton S. Bundy III of Austin was best man. Mrs. James Wilson provided piano music.

A short wedding trip to Del Rio and Mexico was planned.

The bride is a 1965 graduate of Gainesville High School and Teaff is a Sonora High graduate. Both

attended Cook County Junior College.

Out of town guests attending the wedding included Mr. and Mrs. Taylor Lewis of Gainesville, grandparents of the bride; Mrs. Reagan J. Vestel Jones of Irving; Mr. and Mrs. Robert Lewis III of Irving; Mrs. Peyton B. Sparks of Hurst; Jim Lewis of Gainesville; Mr. and Mrs. Fred Ross of Red Bluff, Calif.; and Miss Zada Bentley of San Antonio.

### Hospital News

Patients receiving treatment at Hudspheth Memorial Hospital during the period from Tuesday, August 19, to Monday, August 25, included the following:

- W. P. McConnell
- Harry Kiser
- Nancy Doran, Eldorado \*
- James R. Caldwell
- Estelle McConnell
- Nora Sofge
- Edwin Gandar
- Essa Hoover, Eldorado
- John Alexander, Eldorado
- Louis Jimenez, Rocksprings
- Tom Nix
- R. C. Vicars
- Pedro Samaniego \*
- Ernestina Ramirez, Rocksprings
- Librada G. Ramirez \*
- Louise Lacy \*
- Jo Ann Martinez \*
- Tibursia Bermea \*
- Gilardo Favila \*

\* Patients released during the same period.

### Saint Ann's Recaps

By Monica Davis

St. Ann's held the first meeting of the CCD group on August 19. Once again it's school time tho' and time to organize Catechism classes.

New officers were elected with Harold Martinez selected president; Paula Velardez, vice president; and Monica Davis, secretary-reporter.

Chairman of teachers is Anavelia Samaniego, chairman of fishers is Maria Chavez and chairman of helpers is Chapa Samaniego.

Kindergarten and first grade teachers are Beatrice Villarreal and Sylvia Gomez. Anavelia Samaniego and Leticia Gomez will teach the 2nd grade. Third grade teachers are Irma Vellardez and Odalia Samaniego. Fourth and fifth grade teachers are Maria Chavez and Paula Valardez. Manuel Prades and Irma Leija will be sixth and seventh grade teachers. Father Michael will take care

of junior high and high school students.

Assistants for the other various groups are Maria Chavez, Pablo Favela, Thomas Favela, Dolores Salinas, Oscar Jimenez, Louis Samaniego, and Frank Morales.

August 3 the holy name society had their monthly mass, communion and meeting. The altar society will have their monthly meeting August 31.

Work on the new church building is coming right along. Maybe in a couple of months, we'll be in the new building.

Just Arrived

Mr. and Mrs. Ray Barlemann are the parents of a daughter, Janet Elaine, born July 2, 1969. She weighed 7 pounds 7 ounces.

Sid Awalt visited his parents, Mr. and Mrs. A. W. Awalt last week.

Harold Garrett was in Temple last week, where he went to get his cousin, who was in Scott and White Hospital.

Mr. and Mrs. Joseph Vanderstucken and Jan were in San Angelo last week on business.

Mr. and Mrs. Glen Swafford, and children were here last week visiting her parents, Mr. and Mrs. Harold Garrett.

John David Fields has returned from Dallas, where he attended the wedding of Teddy Wheelis and Cassie Dean.

Mr. and Mrs. Ernest McClelland visited their daughter and family, Mr. and Mrs. George Thompson, Tracey and Terrell, over the weekend.

Elpedio Torres, a former resident, was in Sonora, visiting last weekend.

Mr. and Mrs. Noe Chavez and Noella have returned home to Kingsville, where Noe is in college. They spent the summer in Sonora.

Mrs. John Simpson of Conroe, Miss Blanche Awalt of Brady, Miss Sharon and Dian Dabney of Conroe all visited their brother, and sister-in-law, Mr. and Mrs. A. W. Awalt, this week.

Mr. and Mrs. Willie Mears have returned from a fishing trip to Colorado and Mexico.

One-eighth of the things we eat comes from another land.

MRS. THEODORE FRANKLIN WHEELIS III

### Miss Dean, Theodore Wheelis Married

Miss Cassandra Louise Dean of Dallas, daughter of Mr. and Mrs. Jimmie Dean, and Theodore Franklin Wheelis III, son of Mrs. Harold Wickham of Dallas and Ted Wheelis Jr., of Lubbock were married at 8 p.m., August 23, in Park Forest Baptist Church in Dallas. The Rev. Jim Esely, pastor, officiated at the ceremony.

The bride, given in marriage by her father, wore a gown of ivory silk re-embroidered with seed pearl beaded Alencon lace. Her bouquet, of white roses around a white orchid, was carried on a white Bible.

Sister of the bride, Miss Deborah Dean, served her sister as maid of honor and carried a nosegay of yellow daisies. Bridesmaids were Miss Pam Kelly of Austin, Mrs. Dan Caudle of Lubbock, and Miss Sylvia Spangler of Dallas. Miss Tami Loftis was flower girl and Less Franklin, ring bearer.

Bill McClelland served the bridegroom as best man, and groomsmen were Bill Elliott, John David Fields and Weldon Shelton of Lamesa. Ushers were Glenn Taylor and Harold Wickham Jr., of Dallas. Jimmy Dean Jr., brother of the bride, was candlelighter.

Mrs. Fields teaches Spanish and English in Bryan High School and will be coordinator for the Spanish department this year.

### FIELDS RETURN TO BRYAN AFTER SONORA VISIT

Mr. and Mrs. John Fields of Bryan were visiting his parents, Mr. and Mrs. Herbert Fields.

Fields has just completed his comprehensive tests for two years work and has been accepted for his final year in the School of Veterinary Medicine at Texas A & M University.

Mrs. Fields teaches Spanish and English in Bryan High School and will be coordinator for the Spanish department this year.

### BABY SHOWER GIVEN MRS. CHARLES HOWARD

Mrs. Charles Howard was honored Thursday, August 14, with a pink and blue shower at the T. C. Bassham home.

A salad supper was served to about 20 guests by hostesses Mrs. Raymond Draper, Mrs. Dorothy Baker and Mrs. Bassham.

The Howards have one daughter, Debbie, 11.

### Stocker Cow Sale Set in Llano

The 10th annual special stocker cow sale will be held in Llano Saturday, August 30, at 1 p.m. Cow and calf pairs, springer cows and springer heifers will be offered at this sale as well as Herefords, angus and crossbreeds. This sale, which is held each year at the Llano Livestock Auction Company, attracts both buyers and sellers interested in livestock production and exchange.

## Rural Electric Leaders Challenged To Bring Industries to Rural Areas

"Energize Rural Texas" was the challenge given to more than 750 rural electric leaders and ladies in San Antonio recently when they gathered for the 29th annual membership meeting of Texas Electric Cooperatives, Inc.

Ideas and plans to spur efforts in this direction were outlined during the August 13-15 sessions by a number of speakers headed by Senator Ralph Yarborough. Others included Congressman Henry B. Gonzales of San Antonio; Jerry K. Johnson of Nacogdoches, president of the Texas Association of Rural Water Supply Corporations; and the leaders of the state's youth and young adult organizations; as well as Texas and national rural electric officials.

#### INDUSTRIAL DEVELOPMENT

Suggested areas of accelerated activity ranged from rural water supplies and other community services to industrial development, and included better housing, as

well as expanded rural electric and telephone service.

"Your concern must extend beyond your local co-op," Senator Yarborough told the crowd, "to the whole of rural America to which you have brought electricity and all of the benefits it can provide."

#### MIGRATION TO CITIES

"Since World War II, over 25-million farm and rural people have migrated to the cities. Approximately 30,000 rural communities are without adequate water systems and about 45,000 are without sewer systems. Nearly 50 percent of the nation's substandard homes are to be found in rural America, although it has less than one-third of the population.

"We must reverse this socio-economic deterioration of our rural areas. We must stop this continuing migration of rural people to urban centers. We must develop programs to attract industries and commercial enterprises to rural areas, to provide jobs for unemployed and underemployed, and for our young people who are going out and looking for jobs. Let's create jobs at home so that the young people can live in the open and not be driven into the concrete jungles of the cities."

#### DEVELOP RURAL INDUSTRY

Before the senator spoke, the president of the Young Farmers of Texas, Ben Holcomb of Dimmitt, suggested that "one of the things we all should promote in the next few years is the development of rural industry, both from your point of power sales and from out point of stabilizing the economy, encouraging growth, and keeping youth in rural areas, may be not necessarily employed on the farm, but at least out of congested cities."

The president of the 50,000-member Texas Future Farmers of America organization echoed the plea to keep the youth in rural areas. Murray Edwards of Clyde said, "You are to be commended for your job in the past, but I urge you and challenge you to double, triple, and quadruple your efforts in promoting rural America, in trying to keep rural youth on the farms."

During the annual business session, delegates re-elected W. G. Newton of Lubbock to the National Rural Electric Cooperative Association board of directors.

Elections to determine membership of the TEC board of directors for the next year netted these results: O. B. Bryan of Stanton, president; W. W. Cardwell of Bandera, vice-president; Norman Winter of Merkel, secretary-treasurer; Juan D. Nichols of Quitman; Bobby E. Sullivan of Franklin; Bill R. Collins of Denton; and Lee R. Gandy of Mercedes.

Entertainment feature of the meeting was the annual contest to select Miss Texas Rural Electrification. Winner was Sheila Poulson of Lorenzo, a student at Texas Tech University, Lubbock. Runner-up was Michele Jamison of Coleman, a McMurry College student in Abilene.

#### Sonora Conoco Has New Manager

Mrs. Charlie Taliaferro has taken over management of Sonora Conoco. Mrs. Billie Wright Taylor, former manager, is now employed by the Post Office Department.

Sheila Poulson of Lorenzo was crowned Miss Texas Rural Electrification at the recent statewide meeting of Texas Electric Cooperatives in San Antonio. Miss Poulson is the daughter of Mr. and Mrs. George Poulson. Sheila will take time from her studies at Texas Tech University in Lubbock to represent the association at functions throughout the coming year and compete for the national title at the Las Vegas meeting in February.

## Houston Astros Set 12 Critical Games At Home Field Between Aug. 29-Sept. 11

The longest (and without the shadow of a doubt, the most critical) 1969 home stand for the Houston Astros will find them playing a dozen games against five clubs in the Astrodome between August 29 and September 11.

Opposition lines up this way:

—The Pittsburgh Pirates, night games on Aug. 29-30, plus a day game on August 31.

—The St. Louis Cardinals, night games on September 1-2.

—The San Francisco Giants, night games on September 5-6, plus a day game on September 7.

—The San Diego Padres, night games on September 8-9.

—And the Los Angeles Dodgers, night games on September 10-11.

The annual "Oldtimers Game" on Labor Day (Monday, September 1) at 5:30 p.m., will reunite the great 1952 National League All-Star Team, and will bring to the Astrodome such all-time greats as Stan Musial, Enos Slaughter, Robin Roberts, Roy Campanella, Curt Simmons, and Bobby Thompson.

The Astros of course, hope that the home stand goes a long way toward solidifying their dreams of a possible National League Western Division pennant.

With Houston currently playing the best late-season ball it has ever played and with the Astros enjoying such outstanding home success (43-20), there is reason for optimism.

It won't be an easy home stand by any means. All five clubs coming in for the 12 games have been playing good ball against Houston this season. But the Astros have been improving constantly, and expect to make September pay off big—especially when they resume playing against the Western Division clubs in the series against the Giants.

The Astros will have two Sep-

tember home stands. The second one, a short six-gamer, will bring Cincinnati and Atlanta to the Astrodome between Sept. 19 and 24.

## Windbreak Trees and Shrubs Available For Conservation, Animal Protection

Soil and water losses to fields by fast, drying winds can be reduced by properly planned and maintained windbreaks or shelter-breaks of trees and shrubs. They can reduce soil erosion by wind, protect homesteads and livestock, and reduce soil moisture losses from evaporation.

Three species suited for windbreak plantings available this year from the state nursery near Alto will include Oriental arbutovitea, catalpa, cottonwood cutting, eucalyptus, honeylocust, (black and thornless), mulberry, Osage orange, pine (austrian, loblolly, ponderosa, shortleaf, and slash), redcedar, sweetgum, sycamore, and black walnut stratified seed.

Windbreak seedlings are sold in multiples of 50 trees but the minimum acceptable order is 100 trees. The price is \$2.50 per hundred plus sales tax, includes shipping costs. No trees are available for resale or for ornamental use.

Shipments of windbreak tree species will begin about mid-January and continue through the first week in March 1970. Orders will be handled on a first-come-first-served basis.

Applications for windbreak seedlings may be obtained from county agricultural agents, Soil Conservation District offices and the Texas Forest Service, College Station, Texas 77843.

## Firemen's Corner

By Yvonne Carroll

The firemen's auxiliary was called to order in the Irvin William home August 19, by Mrs. C. W. Cockrell.

The only new business was the election of a nominating committee to recommend a slate of officers for 1969. Those nominated were Mrs. E. L. Harrell, Mrs. Gene West, and Mrs. Lester Byer.

The meeting was adjourned for 42 and a hamburger supper. Winners in 42 were Mrs. Louis Olenick, high; Mrs. Gene West, 84; Mrs. Kyle Donaldson, low; and Mrs. Jack Hite, consolation. 387-2424

Where was the fire? Monday, August 25, there was a fire at the Pioneer self-service station.

R. A. Halbert, of Sonora, recently completed the sale of registered Polled Herefords to George N. Cox of Canyon and George Brockman, Harold Friess and Edwin Sawyer. Polled Herefords are naturally hornless and are the only major breed of livestock to originate in the U. S., starting with 11 head in 1901. Some 3-million Polled Herefords have been registered in the U. S. since 1901; one-third of the total in the past 5 years.

Phone 387-2222

DISPLAYING HIS NEWEST EXHIBIT is Will Smith, proprietor of Will's Museum. The exhibit was donated by two NASA officials who toured the museum earlier this year and includes a piece of the charred heat shield from the capsule of Apollo 8. According to Smith, the display is the only one of its kind in any museum at this time.

## Museum Acquires Apollo Exhibit

Will Smith has acquired a new exhibit for his museum that may be of interest in the light of the recent landing on the moon by Apollo astronauts. The display includes a piece of the charred heat shield of the Apollo 8 capsule which circled the moon eight times not long ago and a miniature of the Apollo 8 capsule.

This exhibit was a gift from Terry Spence, chief of assurance programs for NASA, and his chief assistant Mr. Rayheiskala, who had toured the museum earlier and thought it so interesting that they donated the exhibit. According to Smith, it is the only one of its kind in any museum at this time.

Smith adds that over 8,000 people have toured his museum since its opening fifteen months ago, but only a small number of these have been Sonorans. He says he hopes that more local people will

come and take a look at his exhibits. A recent addition near the museum is a playground equipped with hobby horses, swings, and a slide, and a picnic area for guests of Twin Oaks Motel.

### Happy Birthday Calendar

Mrs. W. B. Dillard  
Iris Elizabeth Aldwell  
Johnny Franks  
Amalia Lumberreras

**Friday, August 29**  
Laurie Dee Hollmig  
C. A. Luckett  
Frutoso Chavarria

**Saturday, August 30**  
Mrs. G. W. Archer  
Joy Lee Lewis  
Alissa Ann Adkins  
Larry Cade  
Norberto Perez Jr.

**Sunday, August 31**  
Mrs. B. H. Cusenbary  
George D. Chalk Jr.  
Ernest Kiser  
Mrs. Ed Grobe  
Cody Savell  
Scott Alley  
Greg Everett  
Neria Galindo  
Abelino Sanchez

**Monday, September 1**  
Mrs. B. R. Cauthorn  
Mrs. James R. Cusenbary  
Mrs. Joe Hull  
Mollie Morriss  
Smith Neal  
Michelle Fields  
Herman Smith  
Mrs. David Shurley  
Mary Virgen  
Walter Espy Whitehead

**Tuesday, September 2**  
Nancy Mayer  
J. T. Evans III  
Susan Valliant  
Mrs. Charles Shelton

**Wednesday, September 3**  
Tyree Hardy  
Mrs. Perry Mittel  
Mrs. J. F. Howell  
Henry Greenhill  
L. E. Holland  
Chapa Samaniego

## Snips, Quips, And Lifts

By Lottie Lee Baker

Now I get me up to work,  
I pray the Lord I will not shirk;  
If I should die before the night,  
I pray the Lord my work's done right.

—How much greater our country would be if everyone was as concerned with national interest as with self-interest.

—The straight and narrow way has the lowest accident rate.

—Lives are like money; most people spend them; wise people invest them.

—Men are like steel, when they lose their temper they are both worthless.

—It is not difficult to meet expenses these days. In fact, you meet them every time you turn around.

—August is the month, throughout the nation, when we go places on vacation. September's the month, home again, nobody listens to where we've been!

—You may give without loving, but you can't love without giving.

—Gossip always travels faster over grapevines than are slightly sour.

—A man never becomes so confused in his thinking that he can not see the other fellow's duty.

—The budding author sent a poem to an editor and wrote: "Please let me know at once if you can use it for I have other irons in the fire." The editor

wrote back: "Remove the irons and insert poem."

—I shot a golf ball into the air. It fell to earth I knew not where. I only knew, with woe immense, that I had lost my fifty cents!

—Sign outside a gas station: "To keep from having so many complaints about our free service, there will be no free service."

—Foolishness is not always wicked; but wickedness is always foolish.

—The reason that worry kills more people than work is because more people worry than work.

**A LIFT FOR THE WEEK**  
Your output affects your intake.

### Legal Notice

Notice is hereby given that the Budget for 1970 will be considered by the Commissioners Court at the Court House on September 8, 1969, at 9:00 o'clock A.M.

J. W. Elliott  
County Judge

2c50

To make threading a needle easier provide a white background for its eye. It's convenient to keep a white piece of paper in your sewing basket for this purpose. Also, you can buy small mechanical threaders for needles and machine needles that will do the job for you.

## Letter TO THE Editor

Dear John,

Due to the recent death of my mother, I will be in Beaumont six months or more, settling up the estate, etc., and would like for you to send me the Devil's River News to this address.

Mrs. Robert Kelley, Jr.  
1941 Harrison  
Beaumont, Texas 77701

Bob has sent me several copies and it is wonderful to read all about my friends when I am so far from home.

It is really dry here and that is bad for Beaumont when it used to rain every day here. We are getting some wind and a little rain, as a result of Camille.

Tell everyone hello for me.

Thank you,

Phoebe

### SS Representative Sets Visit

Jules Gipson, field representative of the San Angelo social security office, has scheduled his September visit to Sonora. He will be at the county courthouse on Friday, September 12 from 8:30 to 10:00 a.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may do so at this time.

Mr. and Mrs. Flavio Duran of Fort Worth have been visiting Mr. and Mrs. Candido Duran and Mr. and Mrs. Frank Gandar. Duran is assistant manager of Buddy's Supermarket in Fort Worth. He was with the Sonora Foodway until about 3 years ago.

## HAPPY ANNIVERSARY

September 1	Mr. and Mrs. Buddy Jo Brown	September 23	Mr. and Mrs. Henry Greenhill
September 5	Mr. and Mrs. Harold Friess	September 25	Mr. and Mrs. James Whiddon
September 7	Mr. and Mrs. Mickey Powers	September 28	Mr. and Mrs. Louis Olenick
September 11	Mr. and Mrs. Hillman Brown	September 29	Mr. and Mrs. Laurence Holland
September 12	Dr. and Mrs. Joe B. Logan		
September 17	Mr. and Mrs. Howard Kirby		
September 18	Mr. and Mrs. Bill Wade

Would you like to live in a house like this? It might be fun for awhile, but chances are that the novelty would soon wear off. When it comes to daily living, Americans are comfort-lovers. We want the latest car, deep freeze, stove or vacuum cleaner.

Because we pride ourselves on being modern, sometimes we are apt to think of going to church every Sunday as old-fashioned and out of gear with the present-day world. But the Church, in case you haven't noticed, is keeping up with the times far better than a lot of us. And isn't it true that certain basic truths, traditions and ideals cannot be gauged as modern or old-fashioned? The Church is ready to face tomorrow. Why not go next Sunday and see for yourself?

## Dates Selected For Lions Club Coming Events

Tentative dates for coming Downtown Lions Club events were set when the board of directors met Tuesday.

The Lions-PTA annual banquet night was set for Tuesday, September 9.

Because of the length of previous banquets which featured speakers and because of two of the school administrators are new to Sonora, it was decided not to have a guest speaker this year. By eliminating a speaker more time will be allowed the superintendent and principals to introduce their staff and go over operation of the school system.

The Lions Club annual auction sale will be held the night of October 7, and the Lions Club-Chamber of Commerce pre-hunt party will be held Tuesday night, November 4.

**SPENDING SUMMER'S LAST WEEKS** at Camp Rio Vista is William Carroll shown here with Bill Stacy, owner and director. William is a Pioneer II spending his second year at the camp, and he is a member of the golden arrow tribe. Last year at camp he was selected to become a member of the flaming arrows, an honorary position awarded about 10 campers each year on the basis of citizenship. Mr. and Mrs. Darcy Carroll, parents, attended the awards night programs Tuesday and Wednesday nights.

## Mrs. Howell Hosts Idle Hour Club

The Idle Hour Bridge Club met in the home of Mrs. J. F. Howell Tuesday, August 27.

Those present were members, Mmes. Sterling Baker, Rex Cusenbary, Frankie Gibson, R. A. Halbert, Bob Vicars, Belle Steen, and Mmes. Cecil Elliott and Ed Mayfield were guests. Mrs. P. J. Taylor was also a tea guest.

High club was won by Mrs. Baker, 2nd high, Mrs. Halbert, guest high, Mrs. Mayfield, and bingo, Mrs. Gibson.

## Showers Hop and Skip Across County Ranches

By E. B. Keng, SCS  
Scattered heavy showers covered wide areas of the Edwards Plateau soil and water conservation district early this week, but much of the area was missed.

Rain clouds made up over Sonora where about .5 inch was recorded, and heavier rains were recorded on the east half of the county.

Rainfall reports collected by the Soil Conservation Service included Phillip Jacoby 2.2, Henry Wyatt 4.0, Mrs. Paul Turney 2.0, Jamie Parker 3.2, Ruth Espy 3.5, Thomas Morris 2.0, and Harold Friess 1.6 to 2.5.

Dick Street measured 2.4 to 3.2—the largest rain he has received in over a year. W. B. McMillan reported 3.5 on his Edwards County ranch and 1.2 near

Fort McKavett. Bobbie Fawcett received 1.7 inches west of Sonora. The rainfall pattern was very spotted, and many ranchmen received only a trace, or light shower. Gene Wallace received .5 and Bill Stewart reported .7.

Other reports were W. L. Davis .6, Jo Hardgrave 1.2, Herbert Fields .39, James Hunt 1.0, and Ralph Mayer (Edwards County) 2.5.

## Parents, Members Of 4-H To Meet

A joint meeting of 4-H members and parents will be held at the 4-H Center Tuesday, September 2, at 7:30 p.m.

Plans will be made for the 4-H achievement program in October, junior 4-H officers will be elected and changes in the county livestock show to be held January 17 will be discussed.

The outstanding 4-H mother for 1969, the outstanding father for 1969, the outstanding contributor to 4-H for 1969 and the 4-H sweetheart for the 1969-70 year will be selected.

### ENROLLMENT FIGURES

Enrollment figures Tuesday showed 823 students in grades 1-12 with 198 in Elliott, 208 in Central, 182 in junior high and 235 in high school.

## TEEN SCENE

By KAY KERBOW

It seems as though the summer has just begun but Monday's early bell put a damper in the wistful dreams and added a touch of reality to the 1969-70 opening of Sonora High School. It's hard to believe Sonora Broncos have donned pads to condition themselves for the upcoming football season. Only yesterday the Broncos were in the state playoffs for the fourth time in as many years. However, it is, indeed, time for school books and the painfully slow process of the school year's teachings to be reckoned with.

— SHS —

As in years past, many new teachers have come while others left. Miss Dolan, the speech and English I teacher, is now with the El Paso School District and will be replaced by Miss Jan Brown, a recent A.S.C. graduate.

Mrs. Evans, junior high teacher, will also teach English I.

Mrs. Ross Welch went to Mathis, where her husband is pastor at the Methodist Church. Grosse Mohler, formerly an Ozona High teacher, will teach algebra I and II, geometry, and basic math. He is also assistant coach. Sam Bean, who taught business law and economics, is now with the Robert Lee system.

Kenneth Mitchell also resigned to go to Robert Lee as the school band director. Mitchell's replacement is Herb Faselier formerly with San Antonio Edgewood High School. His band made several records and had superior ratings in both marching and playing contests. Faselier plans to include a stage band in the program this year.

The band will march to a much faster tempo and will test some military tactics Faselier learned when he was with a military squad. He, his wife, and their five children will occupy the Tom Nevill home on the Angelo highway. John Partin is also new in the Sonora system this year. Partin will assist in the junior high football program, coach the girl's basketball team, and teach social studies.

Bob McMinn, junior high principal will take on the responsibility of Sonora High girl's basketball team.

Ken McAllister, his wife and his daughter, Carol, moved here from Sanderson. McAllister has taken over as superintendent of schools. James Pollard succeeds David Williams as the principal of SHS. Cuero was the former residence of the Pollards. Williams is now a member of Cisco High's faculty.

The annual red and white scrimmage was held Friday night in Bronco stadium. The "B" team, coached by Jerry Phillips, participated in an intrasquad bout at 5 p.m. to test players skills and weaknesses under the pressure of game-like conditions. To a Bronco fan, very few weaknesses showed up in the mock game. The varsity followed the "B" teamers with a scrimmage to determine who had the honor of a first team position. The boys deftly handled the ball and the defense was well introduced. The Broncos should be ready to defend their state title this year when the season opens September 12, against Winters. Take out your ear muffs because I think fans are going to be attending five extra games again this year!

— SHS —

It looks as though everything is shaping up and this school year should be a successful one both athletically and scholastically. We have fine teachers in the system and a pretty good bunch of students this year so this year should be a fun time. (Who am I trying to kid?)

**AIDING STUDENTS** in registration for the new school year are (l to r) Becca Keath, Mrs. Wanda Cook and Missy Brown. Classes started Monday after a general assembly.

## Friday Deadline

Holdings of season tickets to Bronco home games have only until Friday to claim their usual seats. After that date the reserved seats will be available on a first come basis. Fans are allowed to obtain the same seats they occupied last year if they come by the office and claim the tickets before the deadline. Price is \$7.50 for the 5-game packet.

**STOPPING IN SONORA** to capture the flavor of a small West Texas town was the purpose of a visit by Adeline Van Blerk Saturday. A graduate student and teaching assistant at University of Iowa, Miss Van Blerk is a native of Cape Town, South Africa. She is spending this summer touring the United States by bus, and had come to Sonora from Carlsbad, N. M. She planned to visit the Caverns of Sonora and buy her friend a pair of cowboy boots while here. Miss Blerk will complete her studies in June of 1970 and plans to go back to teaching in South Africa, where her father is co-editor of an African dictionary there and her mother is a physical education teacher.

## Sonora Broncos Warm Up for Scrimmage Against McCamey's Badgers Friday

The Sonora red team defeated the white team 2 touchdowns to 1 in the annual red and white scrimmage played August 15 at the football field. The reds were led to victory by quarterback David Wuest who scored both their touchdowns. Eddie Sutton piloted the white team whose only score was on a touchdown by Sammy Perez.

Earlier in the evening, the B-team scrimmage ended in a 2-2

tie. Jimmy Cade scored twice for the whites and Mark Rousselot and Tryon Fields each scored for the reds.

The Broncos will face the McCamey Badgers in another scrimmage this Friday night in Sonora. Most anticipated cuts have been made from the varsity squad, and Sonora will be seeing almost the same squad that will be playing during the coming season.

The squad will be anchored by quarterbacks Eddie Sutton and David Wuest, with Kerry Joy, James Noel, Erasmo Lumbrebras and Scott Jacoby filling out the backfield at fullback and the half-back positions. With Jim Elliott out with an injury, the center spot will probably be filled by Israel Sanchez or David Kniffen.

The strong line will be anchored by experienced players such as Barry Black at tackle, Ted Fish also a tackle and Marty Martinez and Charley Goodson at guard and by some newcomers to the varsity squad.

The B-team scrimmage will begin at 6:30 p.m. and will be followed by the varsity game.

## Golfers Plan Weekend Tourney

The annual Sonora Men's Club Tournament will be held at the Sonora Golf Club Sunday and Labor Day Monday. Qualifying rounds will be played through Saturday.

Sonora ladies will play Sunday morning and Labor Day morning, with tee off time at 9 a.m. Fried chicken will be served Monday night.

With trophies in each flight sponsored by local merchants, the tournament highlights a summer season of golf at Sonora's course, one of the finest in West Texas.

Those participating sponsors include First National Bank, Davis Insurance, Neville's Department Store, Devil's River News, Home Hardware, Morgan and Hunt Insurance, Elliott Chevrolet, Raliff Department Store, Westerman Drug, Teaff Oil Co., Web Elliott Agency, French's Big Tree Restaurant, Twin Oaks Motel, Foxworth Galbraith Lumber, Buster's Liquor Store, Barrow Jewelry, Texaco, Inc., and Bronco-LaVista.

## Card Of Thanks

Our thanks to the many friends and neighbors who were so kind with cards, flowers and visits during the recovery period after my fall. Your acts of kindness will long be remembered.
