

Two Weekends Of Racing To Start Saturday

Everything is in readiness for a hoped for successful two-weekends of racing at the Sonora Race Tract with races scheduled to begin at 1:30 p. m. Saturday. The top attraction, the West Texas Futurity Trials, 330 yards, with an estimated purse of \$25,000 will be run May 2.

Walter L. (Bud) Whitehead, president of the association, has been busy the past several weeks getting the grounds in shape and seeing that general repairs have been made in or-

der to have the usual successful meet.

Committees have been working for sometime on the details for the event and Whitehead says most of the work has been completed. In charge of entries, one of the more difficult jobs, are the three Wallace men, George D., R. W. (Dub) and Gene. Mrs. Aubrey Stokes of San Angelo has assisted them with clerical work involved in keeping track of the many inquires and entry blanks.

Elmer Crumbley and R. M. McCarver are in charge of the stalls and head starter is Louis Powers. Helping him with the work will be Jimmy Powers, Buck and Bert Bloodworth and Bill Fish.

Providing music for a western dance April 25, will be Jack Rich and his orchestra and Terry Yarbrough will play for the dance May 2. Both dances begin at 8 p. m. and end at 12 a. m. and will be held in the 4-H Center Building. Jerry Don Balch is chairman of the

dance committee assisted by Bill Stewart and Lee Patrick.

Charles West, Mrs. Sue Miller and Jimmy H. Harris are heading the committee in charge of advertising and box seats.

Pony riders for the races will include John Fields, S. M. Loeffler, Bud Halbert and "Greasy" Sweatt of Eldorado. Lin Hicks and James D. Trainor are in charge of the jockey room, and advisors are James Hunt and McCarver.

In charge of ticket sales are

Doyle Morgan, Harris, W. J. Thompson and Hutt Moore. Dr. Wayne Herrmann is track veterinarian.

Taking charge of paddocks and horse papers are Bill Savell and Billy Galbreath, and Beto Duran will be in charge of the chairs at the meet.

Following the custom for the past several years, Boy Scouts have charge of the concession stand and working with them will be Jimmy Cahill and Pete Thompson.

Other officers serving with

Whitehead include Andrew Moore, first vice president; Fields, second vice president and Dr. Joe David Ross, secretary-treasurer. Dub Wallace is the head steward with Mickey Powers and Gerald Nicks of San Angelo, assisting. Moore is head judge and Clay Cade will be the announcer for both weekends of racing.

All races during the meet are sponsored by the Sonora Park Association with the exception of the West Texas Quarter Horse Futurity and the West

Texas Quarter Horse Derby which are sponsored by the Quarter Horse Association of West Texas, whose office is in Odessa.

Stalls are assigned as the applications are received, and there are 140 stalls available before any assignments are made.

The racing schedule calls for mainly the West Texas Futurity Trails of 330 yards, to be

run Saturday. A series of various Quarter Horse races are planned for Sunday afternoon, April 26.

The second weekend of racing begins May 2, which is the big day in the meet with the Sonora Quarter Horse championship race of 440 yards to be run; Derby for 3-year-olds, and the Futurity plus other races.

Racing events for both Quarter Horses and Thoroughbreds are scheduled May 3.

Birl Davis, adult leader, and other 4-H parents and leaders will be present to assist in the training session.

A break-away roping will be an added performance class for the Sonora Junior Horse Show. There will be three age groups and points won in this event may count toward the high point horse trophy.

Golf Teams Take First And Second In District 8-A

Though the wind was cold and uncomfortable, Sonora's Golf teams were capturing another District 8-A Championship in a warm and satisfactory manner April 6 on the Sonora Municipal Golf course.

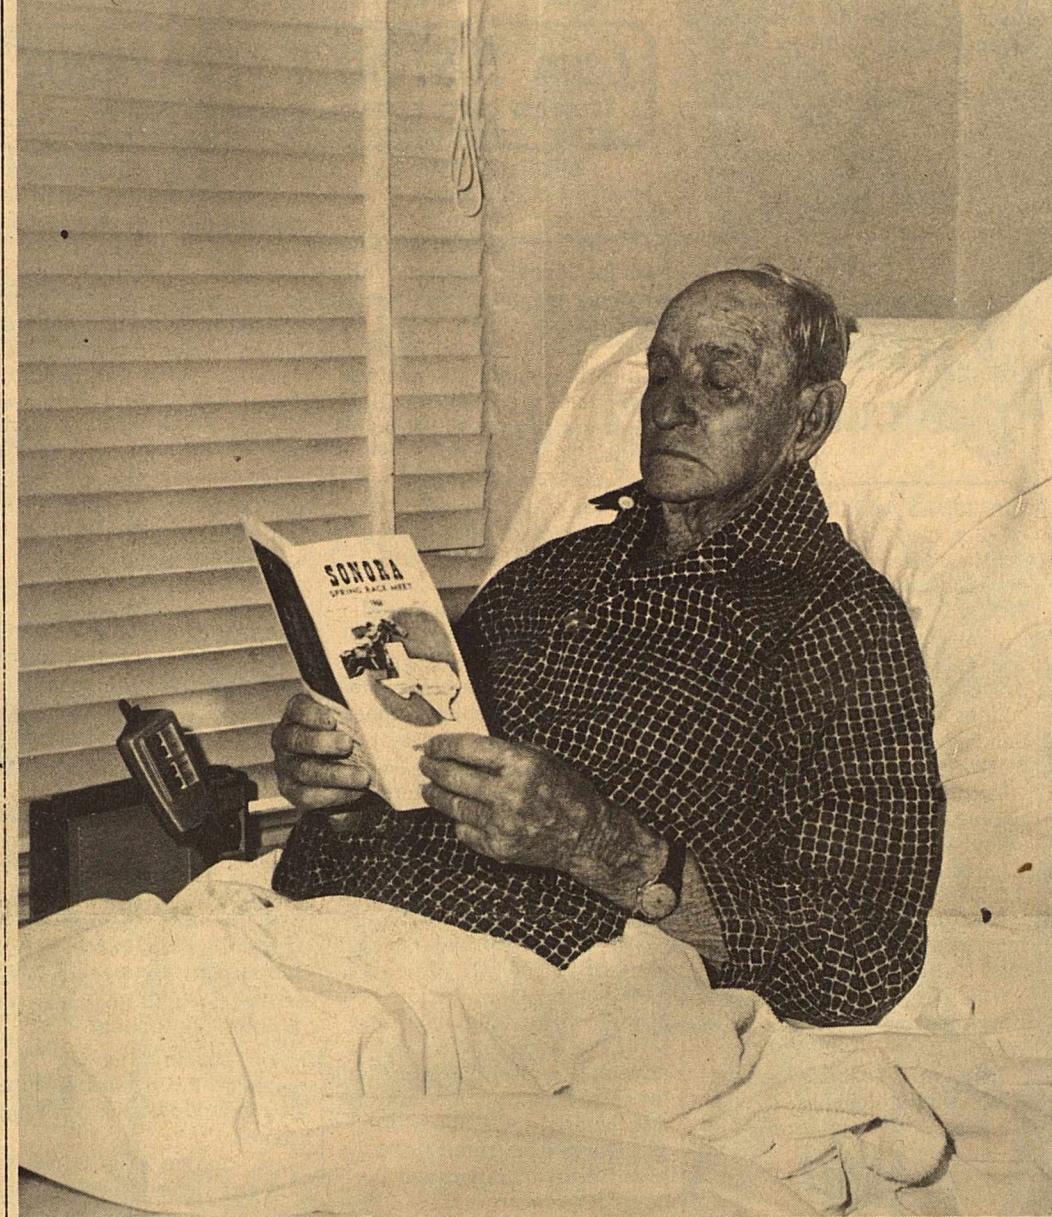

Sonora High School Number One team fired a sizzling team score of 309 with the following scores:

Jesso Cook, 74; David Wuest, 76; Mark Rousselot, 78; Tony Renfro, 81 and Steve Thorp, 86. As is the custom, the best four scores are selected to make up the team score.

Sonora's second team took second place honors in the District Tournament with a team score of 353. These team members are Bruce Baldwin, Roger Langford, Chuck Browne, Eddie Alexander and Ben Snodgrass.

Winning third in district play was Eldorado, followed by Menard with fourth and Mason, fifth.

Coach Bob Snodgrass said he was pleased with the showing of both teams and is looking forward to taking the Broncos to the Class A Regional Golf Tournament in Lubbock, Thursday and Friday, April 24 and 25.

"UNCLE ELMER" CRUMBLEY, Sonora resident since 1941, wistfully scans a racing program while resting in his bed at Hudspeth Hospital. "Uncle Elmer", 83, has never missed the opening day at the races since he first came here. Although he suffered severe burns to both legs in a recent fire at his home, he just may make it out of the hospital in time to be on hand this weekend for the "call to the post".

Prior to his accident, he had begun work at the park as he has in the past, to help with the stall preparations and during the meet he had charge of keeping the rest rooms clean. His sister, Mrs. Laura Burt of Austin, who is visiting him and his doctor will probably have a hard time convincing this racing enthusiast that it might be best to forego the races this year.

Time Change Effective Sunday

Despite the grumbling of most West Texans and the efforts of state representative, Hilary B. Doran, it's that time of the year again. Daylight Savings Time comes around Sunday morning.

Sonorans, like most other Americans, will set their clocks ahead one hour Saturday night. This will give outdoor Americans an extra hour of daylight in the afternoon.

Angela Korte and Carol Weston went to Menard earlier in the month to participate in the ready writing contest. The girls placed first and second respectively.

Facts And Opinions

The National Association of Manufacturers report that many people are talking about what can be done about drug abuse, particularly young people. One of the top television personalities, Art Linkletter, has outlined five steps for action. 1. Parents must make themselves more knowledgeable so they can discuss the drug problem with their children. 2. Educators must be made more aware of their responsibility. 3. Federal and state laws must be modernized. 4. Youngsters must be made to feel that drugs are "out" and not "in". 5. Parents must practice what they preach, for too often they are very poor examples. The time to start is now—for tomorrow may be too late!

"Like some ravenous, unclean being, man is devouring his environment and dirtying the earth, air, and water with the waste," so states U. S. Senator Joseph D. Tydings of Maryland. "Unless we check ourselves, we will poison our life-giving elements and turn this great nation of ours, if not the entire planet, into a wasteland."

The American Petroleum Institute reported that the average American can buy more than three times as much gasoline with one hour's wages now than he could four decades ago. What's more, the quality of today's motor fuel is vastly superior. The motor fuel that was used

in the 1920's could not even start today's high-compression automobile engines.

U. S. Representative Clarence J. Brown from Ohio revealed that, "Making government work better is one of our most pressing problems, for until we solve the crisis of government, we cannot solve the crisis with which government must deal. There are signs that government is not so much strong as big, not so much effective as expensive, and rapidly losing the respect and confidence of the people it should serve."

Mr. Paul J. Tierney, Interstate Commerce Commissioner has commented, "There can be little disagreement that the railroads are experiencing a rate of return which is lower than most industries and that they are a cyclically-sensitive industry, being among the first to suffer a loss of income during a business recession."

Former United States Postmaster General Lawrence F. O'Brien remarked, "Each effort to intensively study the problem of improving the quality of postal service has led to virtually the same conclusion; namely, that meaningful permanent change can come only by effectively removing the postal service from its present political environment."

We did succeed in getting a bill approved in the House. It was watered down, but would have helped. The senate, however, did not consider the measure.

As it is, answers are required to all questions—and penalties are applicable for failure to respond. There are relatively few of the long questions. Four out of five questionnaires will contain 23 questions. While many of us feel that most of the queries have nothing to do with legitimate census purposes, the Census Bureau says they are strictly confidential.

Keeping A Few Farmers On Earth Necessary To Ecological Balance

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River has found out about this new term, ecology, his letter this week indicates.

Dear editor:

I know that talking about the farm problem these days in the midst of city problems, world problems and planetary pollution is about like trying to get a specialist on in-grown toenails on the same program with a panel of heart transplant specialists, but according to some articles I've been reading lately in every newspaper that tums up out here on this bitterweed ranch somebody ought to be paying attention to it.

It's on account of the balance of nature.

As all these articles have been pointing out, it is necessary to keep an ecological balance on this earth if we want to keep it tued up and running right. Every species has its part to play in the total balance of nature.

Well now as everybody knows, farmers, who used to constitute 70 percent of the population, have now dwindled to around 8 percent and the figure is still going down. This ought to concern people, but in the cry to protect nature's balance have you heard one word said about preserving farmers?

You mean to say it isn't as important to keep farmers on earth as it is mountain lions, bald eagles and whooping cranes?

The ecologists are right, we've got to keep nature in balance, no telling the horror otherwise, but some of them ought to get concerned about the disappearing farmer.

As you well know, man fooled around and got careless years and years ago and let the dinosaurs become extinct, and everybody knows the world has never been the same since.

I'm warning you, people may think it doesn't make any difference, may even find it impossible to name a single farmer the world couldn't get along without, may claim that losing him is no more important to ecology than throwing one beer can out your car window is to pollution, but you let them all disappear, let this become a farmer-less world, and eventually you'll notice the difference.

If nature didn't have some purpose for farmers, why were they created? You can ask the same question about editors.

Yours faithfully,
J. A.

Coffee Break

by Shirley Hill

Attention to all Tom Jones fans: The dynamic Mr. Jones will appear in the Dallas Memorial Auditorium May 22. You can get in for only \$12 or \$15 if you want to get a little closer to the stage. The ad reads "Over Half Sold", so if anyone would spend that much money to see Tom Jones, besides a certain member of the Monday night bridge club, you'd better hurry.

—SKH—
Wonder how many will be late for church Sunday morning because of Daylight Saving Time? Be sure and set your clock back Saturday night. Guess that is the worst night of the year for people like myself who would rather have that hour of sleep than an extra hour to drink coffee in the afternoons.

—SKH—
Mrs. Kathryn Dillon of Marlin, was here last weekend visiting her daughter and family, Mr. and Mrs. Lester Byer, Lee Ann and Keith.

Mr. and Mrs. Curry Brooks of San Angelo and Mr. and Mrs. S. H. Brooks of Mineral Wells, were in Sonora last week looking for information relating to deceased relatives graves in the Sonora Cemetery.

The Brooks brothers were born on the ranch now owned by the Mittels. At that time, it belonged to their father, I. N. Brooks. Curry Brooks was born in 1891, the year the courthouse was built.

With the aid of cemetery maps prepared last summer by Joe Lane and the Sutton County Commissioners court, the graves of two brothers, Marvin Brooks and Marion O. Brooks, were quickly located.

—SKH—
Mrs. Curry Brooks has relatives in Sonora, including a cousin, Nelson Stubblefield.

Mr. and Mrs. D. P. Womack and Bobbie Glasscock of Kingsville, were here over the weekend visiting their grandparents, Mr. and Mrs. George Phillips and Mrs. Sim Glasscock.

A new sophomore student at Sonora High School is Glenn Alan Harris, who will make his home with his parents, Mr. and Mrs. Jimmy R. Harris.

Mrs. John Bell brought her son, John Michael, by the office Monday. He is a fine looking young man, and I'm sure John and Jean are very proud parents. He was sporting a watch, larger than his arm, given to him by his father.

Mrs. Dick Hearn is a new employee at Hudspeth Memorial

Hospital in the office. If anyone missed the weather news on the front page last week, it was because our official weatherman, Pat Brown, was in a San Angelo hospital, having eye surgery.

Greenhill - Paterniti Wed In Home Ceremonies April 4

Miss Mary Lena Greenhill became the bride of Richard Anthony Paterniti in ceremonies held in the home of the bride's parents, April 4. She is the daughter of Mr. and Mrs. Henry Greenhill, and granddaughter of the late Mr. and Mrs. Jessie T. Penick.

Mrs. Richard Anthony Paterniti

The bridegroom, a member of the armed forces, is the son of Mr. and Mrs. Anthony Paterniti of Jamestown, New York. The Rev. George E. Archer of San Angelo, officiated at the double ring ceremony.

The bride, given in marriage by her father, wore a Jonathon Logan white knit suit. She carried an old fashioned nosegay of white daisies and roses. For something old, the bride wore a dinner ring, belonging to her late grandmother.

The living room was decorated with candelabras, baskets of white stock, carnations and blue irises.

Miss Jodie Balkam of San Angelo served as maid of honor. She wore a pale blue knit dress and carried a bouquet of white roses and blue irises.

Attending the bridegroom as best man was Airman Jeff Stephenson of San Angelo.

The bride's mother wore a blue linen dress accented by a white orchid corsage.

Guests at the wedding included Miss Sue Greenhill, sister of the bride, of San Antonio, Mrs. Louis Davis, Miss Linda Hill, Miss Norma Radie, Mrs. Donald Kines and Mr. and Mrs. James Cambell.

Attending from San Angelo were Mrs. Anne Roberson, Mrs. Anthony Bir, Bill Houghs, John Valley, Milton Dana and Douglas Smith, and from San Antonio, Dave Gremelin.

Following the ceremony, a reception was held in the family room. The table was centered with an arrangement of white stock, carnations and blue irises. Wedding cake, nuts mints and champagne punch were served to guests.

After a wedding trip to San Antonio, the couple will be at home at 2205 Glenwood in San Angelo.

A Bishop Looks at Life LEAVE OR STAY!

By Everett H. Jones, Retired Bishop of the Episcopal Church

On an unprecedented scale there is an exodus of ordained priests and ministers (and nuns) from both the Roman Catholic and Protestant branches of the Church.

In a recent study of the Roman Catholic situation Time Magazine concluded that the chief reason was not the desire to be married. It said: "The vast majority are in honest rebellion against what they feel is an authoritarian, outmoded church organization that unfairly limits their freedoms and responsibilities and frustrates their desire to serve God by serving man."

Whatever the reasons for the exodus may be, there is need for less condemnation and more understanding on the part of all church people. We need to recognize that some men (and women) find that they are not where God wants them to be, and they are honest enough to admit it. Some do not feel up to the tensions and pressures of the ministry today. Some feel there are other avenues of Christian service in which they can be more useful. Very few

are leaving because they have lost their faith. In a sense we must applaud those who have the courage to act on deep inner convictions. Surely there is no work in life where it is so important to be completely happy and dedicated in one's vocation.

We need also to remember the thousands who have faced the alternatives and decided to stay. Typical of these is Dr. John M. Krumm, an Episcopal rector in New York City, who says: "The Spirit is taking the things of Christ—his life, his teaching, his death and resurrection—and showing us what it all means in a new and very different day and situation.

That is one of the reasons I would not think of leaving the church at this exciting moment in its life and history... As I see it, the Church is in an up-ramp and a revolution, and I want to be where the action is, and to help experiment and evaluate, and be part of the shaping of the church of the future."

youth- by the drawerful

In a nation as big as ours there is always a tendency to overlook the individual and to think only of groups. Youth gets the brunt of this generalizing.

Many of our boys and girls are delinquent. But some folks would have us believe that every child is a potential delinquent.

Time we realized that children aren't chicks! They don't grow up by the drawerful to have the same characteristics and habits.

Children respond to love, parental example, religious guidance. They possess an ever-increasing aptitude for responsibility, trust, and faith.

Most of our boys and girls will grow up to assume their rightful place in an orderly, Christian society. Some will populate our jails. But the destiny of the individual youth is not a matter of chance and percentage...

It is determined primarily by the conscientiousness of loving parents, and by the persistency with which his natural religious interests are cultivated.

FHA Members Elect New Officers

Beatrice Villareal was named president when members of Sonora FHA elected officers recently. Maria Guerra will serve as first vice president; Suelma Martinez, second vice president; Frances Escobar, third vice president; Jennie Mata, fourth vice president; Irma Leija, fifth vice president; Toni Duran, secretary; Yolanda Garza, historian, and Elena Luna, parliamentarian.

These officers will be installed at a tea in May, which will also honor graduating seniors who are members of FHA.

A picnic will be held later this month for the FHA members and their guests. FHA week held April 6-10 was celebrated by the local chapter in a number of ways. Members gave red roses to each teacher and baked cookies to put in the teachers' lounge. High school lockers were checked and a litter bug picture placed on the door of each one that needed cleaning. An appeal was also issued to those students to keep the lockers neater.

Barrels were painted red and placed at points around the campus for students to deposit trash in, thus assuring cleaner grounds.

Teen Scene

The hectic schedule at Sonora High continued through this week with only a slight slow down from last week's happenings. District and Regional meets were still being held or prepared for.

The boys track qualifiers went to Fredericksburg for a practice meet before their meet in Lubbock beginning Friday and continuing through Saturday.

Sonora did well in the literary meet held at SHS Saturday. Eldorado led pointwise, but SHS was a close second. Those who qualified for the Regional meet to be held in Lubbock in a week are: Matt Davenport—prose; Rick Street—poetry; Frank Taylor—extemporaneous speaking; Paul Firnhaber—persuasive speaking; Kelly Sentell—prose and Jean Firnhaber—poetry.

Beth Davis received a third in extemporaneous speaking and Kay Kerbow received a fourth in ready writing.

All students got Tuesday off from regular classes to take a test which compares SHS student achievements to all those of students elsewhere. These comprehensive tests include math, word usage, English,

science and social studies. These tests are also to be used as a guideline to show SHS's weaknesses in its curriculum. I think all students agree that school would be much more agreeable without English, history, math, chemistry....!

The band went to Brownwood for their UIL contests in playing and sight reading. They received a 3, average, in playing and a 4 in sightreading. They will be presented in concert in early May.

The girls track team will go to San Angelo to participate in the Bluebonnet Belle Relays. All regional qualifiers are to participate. The 440 and 880 relays will both be run with "Lightening" Hardgrave, Jessie McCutchen and Carol Hardgrave in the events. Burn 'em up, "Lightening"!

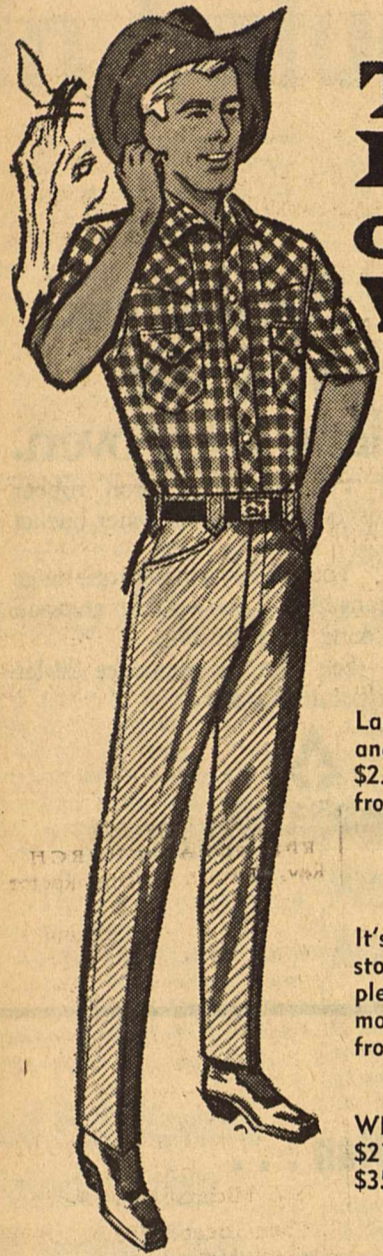

This meet will prepare the girls for their regional meet in Robert Lee. The first three places will be qualified for the state meet in Abilene.

The youth group of Eldorado and Sonora, now called "Brushy Top", met in Eldorado Sunday afternoon to practice their songs. A fun filled, inspirational summer is planned by the group. All youths are invited to join the group. It matters not which denomination one is a member of.

The golf team goes to Lubbock for their regional match. They face a real challenge as they must win first place in order to advance to the state tournament. Second place won't cut it!

This year is almost over with only five more weeks left in school. The remainder of school will be concerned with the seniors, who will be given parties, go on a senior trip and get ready for their day—May 22. The freshmen will have to be wary because with only five weeks left, freshmen day is in the near future!!

Law Week USA Observance Scheduled

Texas will open the observance of Law Week USA, beginning April 26 in about 150 cities and communities, the State Bar of Texas reported last week. Gov. Preston Smith designated the special week for all Texans "to acknowledge and recognize (their) duty to obey the law, to support the agencies of law enforcement and the courts, and to join in efforts to utilize the resources of law to improve the quality of life for all Americans."

The 1970 theme is: "Law—Bridge to Justice."

The State Bar, Law Week sponsor, joined Gov. Smith in calling on all Texans to take part in the observance through appropriate ceremonies.

Second Place Ready Writing Essay

(Editor's note: Earlier this month, Carol Weston went to Menard to compete in the ready writing contest held in connection with the University Interscholastic League competition of literary events. She won second place for her entry in the contest.)

MY PASTOR
by Carol Weston

Your pastor can be the greatest person in the world, if you really get to know him. Behind the formal handshake and smile of a minister greeting his members, and the serious face behind the pulpit is someone who can think and feel just as much and as deeply as anyone in his congregation.

Our pastor is really great. He's always helping someone, not just as a pastor would one of his members, but as a friend would help another friend in need. He is gentle and kind, and has feelings other than those about the church, which is quite contrary to what quite a few people believe. Too many people think of a pastor as someone whose duty is to preach about God, and to bring people to Christ; only as a man of God.

Often, a pastor is thought of as a person who works only on Sunday mornings, and spends the rest of the week with his wife and children on the beach or something. But this is not true, for his family hardly ever sees him during the day, and sometimes not in the evening. He is twice as busy as any other working man, for he has not certain hours of work, and often must work on weekends and holidays.

He gets out of bed and begins to eat his breakfast, when the telephone rings. It is a church member. Mrs. so-and-so is in the hospital and will undergo surgery in half an hour. He gulps down the remainder of his coffee, slips into his suit, and prepares to leave for the hospital. He spends the morning at the hospital, visiting with various persons whom he knows.

He stops off at the local cafe for a quick bite of lunch, calls home, then leaves for a nearby town where he will perform a wedding later that afternoon. The couple is happily married and the pastor comes home very tired and prepared for a quiet evening of watching television with his family. Just as he is beginning to get comfortable, a young couple calls, wishing to talk to him about getting married. The family

Band News

by Eddy Smith

Sonora High School band students attended the UIL Region VII concert and sightreading contest in Brownwood April 17 and 18. It was held in the senior high auditorium with 34 junior and senior high bands registered for the two-day events. Senior High Schools Class A, AA and AAA; Junior High Class B, C and CCC were entered. Twelve Class A schools entered with only one making sweepstakes.

Ranger, under the direction of Dick Helcamp, made I in concert and sightreading. Eldorado, under the direction of Wayne McDonald, was I in concert, II in sightreading, disqualifying them for the first time in several years from sweepstakes.

Sonora placed III and IV. Rules are strict for these contests. Conduct and appearance were added this year. I wish every student could have heard the speech in Austin, on UIL rules and qualifications.

Greg Berry, director of band at Howard Payne College was master of ceremonies. Clive McClelland, director of Brownwood Senior High, and his students assisted.
