Broncos To Meet Rankin Friday After Losing Close Game To Ozona

by KAY KERBOW
The Sonora Broncos lost a hard fought battle to the Ozona Lions Friday night before a packed stadium. The Lion's 14-12 victory over the Sonora unit was the first since 1965, when the Lions managed a 21-17 win.

The Broncos could do no right having three pass interceptions and losing a fumble while the Ozona team did no wrong and turned Bronco miscues into scores and thus became the winners.

The Broncos won the toss and chose to receive but the Lion defense forced the home team to punt, as did the Broncos' when the Lions offensive attack fizzled.

Sonora Broncos drew first blood spear-heading an 80-yard drive with a touchdown plunge by Milton Noel from a

few yards out. Mike Taylor's PAT was low and wide giving the Sonora team a 6-0 edge. Quarterback Eddie Sutton kept the drive alive by making several key yardage situations successful.

The second quarter was all Ozona's as they thwarted numerous Bronco offensive drives while scoring a six-pointer in the process. The Lions put together a 65-yard drive and

B Team Victorious Over Eldorado

by Randy Hill & Larry Cade
Steve Street and the B-team offense romped over the Eldorado Eagles by a score of 20-6 Thursday night. Street exploded late in the second quarter on a 5-yard plunge. He then scored the only extra point of the game and the half ended with Sonora 8, Eldorado-0.

The second half had an exciting opening when Street returned an Eagle punt 65 yards for his second score of the game. The PAT failed, Eldorado struck back with a dazzling show of offense driving 60 yards for their only score.

At the end of the third quarter, the Broncos led 14-6. Early in the fourth quarter, Henry Mata recovered an Eagle fumble on Sonora's thirty yard line, to set up an 80-yard

Pete Perez scored from a short distance out. Jim Montgomery made good his conversion try to give the Lions a lead they were never to lose. The half ended with no more successful scoring attempts for either side.

The second half was completely controlled by Ozona and the frustrated Broncos could not gain any notable momentum except for one touchdown drive.

Auxiliary Plans Meeting

The Hudspeth Hospital Auxiliary plans to meet at the Woman's Club House Monday, October 12 at 3 p.m. Anyone interested in the work of the Auxiliary is invited to attend, according to Mrs. C. M. Epps, secretary for the group. The Rev. Clifton Hancock will be the speaker.

Mr. Vernor Griffin Final Rites Held

Mr. Vernor Griffin, 65, died at 7 a.m. September 30, 1970, at the George E. Allison ranch. Peace Justice Mat Adams ruled death due to natural causes. Mr. Griffin was born August 15, 1905, in Mills County, Texas. He had been employed on the Allison ranch since 1955, and had lived here for the past thirty years. He was married to Imogene Ledbetter in Goldthwaite, in October, 1931. She died March 19, 1969.

Survivors include a son, Wilbur Griffin of San Angelo; two brothers, Clyde Griffin of Odesa and Jack Griffin of Tulare, California; three sisters, Ruth Denman of Tulare, California, Edith Miller and Ora Mae Hanks both of Goldthwaite. Services were held at the First Baptist Church at 2 p.m., Thursday with the Rev. Clifton Hancock, pastor of the church, officiating. Burial was in Sonora Cemetery directed by Ratliff-Kerbow Funeral Home.

Palbearers were Jim Hugh Richardson, Erwin Willman, C. W. Taylor, Charles West, Lester Archer and Melvin Heam.

Fling Ding Club Elects Officers

Officers elected at the annual membership meeting of the Fling Ding Club include Bob Teaff, president; Lawrence Finklea, vice president, and re-elected secretary-treasurer, Mrs. Lea Roy Aldwell.

Five new directors were elected to replace the five that are retiring this year. New directors are Fred Campbell, Dick Black, Lea Roy Aldwell, Mrs. Joseph Vander Stucken and Mrs. J. W. Neville.

Holdover directors are Mrs. C. F. Browne, Mrs. Lee Fawcett, Lea Allison, Edwin Sawyer, Tommy Thorp, Ervin Willman, Andy Moore, Mrs. L. P. Bloodworth, Mrs. Jack Sharp and Bill Tittle.

The tentative date for the annual Fling Ding dance has been set for the first week in February.

Ozona's Tom Davidson intercepted a Sutton pass to set up their final score of the contest. Halfback Ruben Tambunga scored to give the Lions a 13-6 lead, and Montgomery again made his conversion split the uprights and upping the count to 14-6.

The Broncos managed to sustain a 69-yard drive capped by quarterback Sutton who carried the ball over the stripe himself from four yards out in the only Bronco highlight of the second half. The score then stood 14-12, so the Broncos gambled and went for a two point conversion, but the Lions having victory in their eyes, permitted no such possibility and the attempt failed.

Sonora Broncos had three more attempts to put it away but just couldn't connect on key passes and had two interceptions dampen their hopes. The Broncos found themselves on their own 25-yard line in possession of the ball with a minute left in the game, and a spark in their offense. But Lion David Pagan leaped high into the air to grab a Sutton pass. Ozona then calmly ran out the clock to give the Broncos their first loss of the season.

Frustration was an apt word to describe the Bronco feelings throughout the game, while determination was the Ozona password.

The Broncos end pre-district competition in Rankin next week as they take on the Red Devils. Kick off is scheduled for 8 p.m. The first district game will be against Menard October 16 in Bronco stadium.

EDDIE SUTTON, WEARING THE NUMBER TEN, carries the ball in for a Sonora touchdown. The Broncos lost the hard-fought battle to the Ozona Lions last Friday night by a score of 14-12. In losing to the Class AA Lions, the Broncos suffered their first

loss of the season. The varsity travels to Rankin Friday night to meet the Rankin Red Devils, and the encounter will close out non-district play. District play opens with Menard, October 16.

Firemen Answer 42 Alarms For Year

At a meeting of the city commission Monday, Fire Marshal Darcy Carroll presented the report of the fire department for the year beginning October 1, 1969 and ending September 30, 1970.

The fire department equipment consists of eight vehicles which includes pumpers, boosters and command car. According to Carroll, the department answered 42 alarms last year. Twenty-five were in the city; nine in the county, one assisting Schleicher county and seven false alarms. The department was called to four grass fires, with a total approximate loss in acreage estimated to be 790 acres, in comparison to 11,022 acres lost the year before.

1970 Draft Calls May Necessitate Higher Number

Local Draft Board No. 110 announced today that random selection number 163 is the highest lottery selection number reached in 1970. However, it may be necessary to go to a higher random selection number than the previous high number in order to satisfy the remaining 1970 calls.

In compliance with the White House Executive Order announced recently, all registrants of Local Board No. 110 who hold the highest reached number or numbers below the highest reached number and who have not been issued orders for induction due to any circumstances, will be considered for carryover into the extended priority selection group if they are classified I-A as of December 31, 1970, according to Frances W. Grobe, executive secretary of the local board.

Such young men will have their liability for induction extended for the first three months of 1971. Registrants who held numbers above the highest reached number of Local Board No. 110 and are classified I-A on December 31, 1970, will be placed in a lower draft priority group January 1, 1971, she added. This release was issued by the direction of the local board members, Mrs. Grobe advised.

covered by insurance, included the Joe Noriega house with \$280 loss and the Gene Wallace house with \$446 loss. Glasscock Shell Service Station was the only business reporting a loss. Insurance coverage was \$840.

OTHER CITY BUSINESS

The commission approved sending City Manager Jimmy H. Harris and plant superintendent, Sam Odum, to a school sponsored by Fairbanks Morse. The school of a week duration

Lions Net \$4,542.50

Cullen Luttrell, president of the Downtown Lions Club announced that the overall total sales of the 33rd annual Lions Auction Sale netted \$4,542.50, Tuesday night.

Lem Iones, auctioneer, was in charge of the auctioning of the 146 items donated to the sale by local merchants, citizens and ranchmen. A needlepoint bag brought the highest bid from Mrs. R. A. Halbert for \$150.

The "mystery package" went to R. A. Halbert for \$140. The package has brought \$2,490.50 since it was first donated in 1945.

will be held near Chicago, Illinois, and will be held October 19-23. Commission approved expenditures of \$600, to cover expenses of the trip for the two men.

Harris reported that approximately 13% of the city delinquent taxes were collected last year.

Tax roll was approved by the commission. Total city valuation of property was set at \$4,586,496.00, based on 45% of the evaluation of city property. Total tax due the city is estimated to be \$57,331.20.

The commission approved the purchase of a winch truck from the Wesley C. Young Estate in the amount of \$2200. The truck will be purchased out of the Electric Fund.

The commission, in an effort to discourage non-payment of utility accounts, raised the amount required on deposits from \$5 for water and \$10 for electricity, to \$10 and \$20, respectively.

In attendance at the meeting were Mayor Norman Rousselot, Commissioners W. B. McMillan and Walter Pope, III.

National Wool Act

Both the House and Senate have passed the Farm Bill for 1971-73. Wool and mohair were left very much the same as they were except the support prices for wool will be increased to 72¢, which will be static for three years, and the mohair price support will be escalated to 80.2¢.

This should give both the wool and mohair producers a pretty good return on a product that is moving pretty slow at this time. There will be a \$55,000 limit on payments, but it only applies to the wheat, feed grain and cotton programs. Wool and mohair are not affected by this.

G. Kisselburg Proud Of Cemetery Work

To many of us when we were young, a cemetery was a place to avoid except on Halloween night when we pretended the witches and goblins were out, and we were searching for all the perilous places to visit. To George Kisselburg it has been a place to spend thirty years of his life in preparing and beautifying the hallowed burial grounds of Sutton Countians.

Mr. and Mrs. Kisselburg first came here in 1911. They have five children, four daughters and one son, who lives in Brownwood. Two of the daughters, Mary Delrie and Georgia Middleton, live here. Mr. Kisselburg worked for the county road department for several years, and was working there when the need arose for a caretaker of the cemetery. He applied for the job and was accepted some thirty years ago.

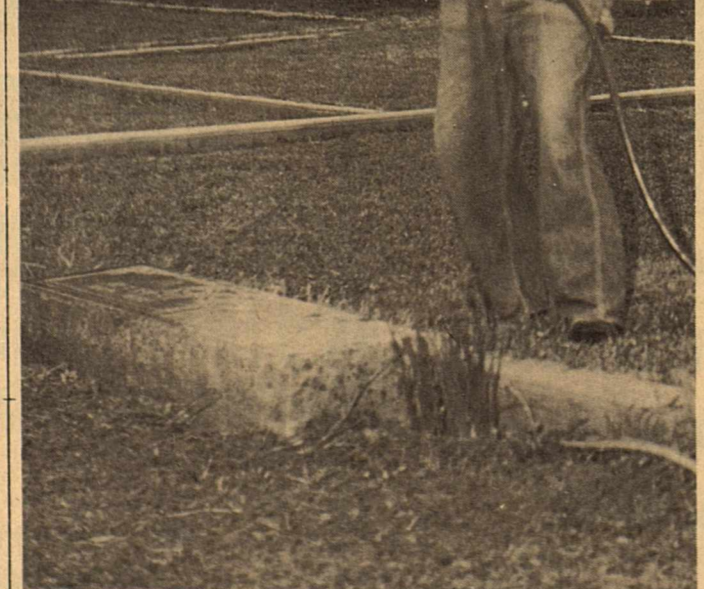

Mr. Kisselburg, 81, assisted by his wife, has spent those years in transforming the cemetery from a needle and bunch grass, rocky plot of ground to a beautiful spot of well-kept lawns and stately trees. The tranquil spot is a haven for many birds, wild turkeys and some small animals.

Most of the plots have been planted with numerous varieties of shrubs and flowering plants by interested persons, and the Kisselburgs have kept these plants alive and healthy with constant care and watering.

Always early risers in the breath of morning, both he and Mrs. Kisselburg came to the cemetery in the hot summertime and worked sometimes into the twilight—moving the endless hoses and sprinklers, trimming, mowing and fertilizing the grasses and shrubs.

number as well as an alphabetical list of all known graves of persons buried there. Mr. Kisselburg was able to help identify many of the graves and assisted Lane and Keng in this important work.

Ill health has plagued him somewhat the past five years. He has had surgery in Houston, and wears a pacemaker. Two years ago he also had gall bladder surgery, but he still goes to the cemetery daily, although Cleofas Quiroz now takes care of the major part of the mow-

GEORGE KISSELBURG strikes a familiar pose doing the work he has done for the past thirty years in the local cemetery. Several years ago he started some cobblestone work, but the job became too time consuming with his other duties, so the late Mr. Ray Baker finished the unique work and it remains one of the outstanding features of the cemetery, contributing much to its beauty.

EVEN THE YOUNG SET in Sonora, enjoyed the art show sponsored by the Woman's Club last week. The young lady views the sculptor of a cowboy with evident delight, while the little fellows expressions remain stoic. The exhibit was displayed on the Courthouse lawn.

The most effective single force in building a good community is a good newspaper.

Facts And Opinions

Last year, Chief Economist Charl H. Madden of the U. S. Chamber of Commerce revealed, 11 of the country's largest corporations paid out half of their sales dollar for wages, salaries, taxes and depreciation. Most of the remaining half-dollar went for products and services bought from other companies. This left eight cents of profit, and five cents of this was paid out in dividends—leaving only three cents for reinvestment in the company.

Oil is where you find it, but so far it has only been found in 32 of our 50 states, announced Humble Oil & Refining Company. The other 18 states remain disappointingly "dry". Does this mean there's no oil to be found in such states as Vermont, Oregon or South Carolina. Not necessarily. Just that none has been found up to now. But, it does suggest that petroleum (if it is there) may be more cunningly hidden than in Texas, California, or Louisiana and even in these states only one out of 50 wildcat wells discovers an oil deposit large enough to be worth developing.

An interesting point to ponder is something we found in "The Meter" published by the Oklahoma Gas & Electric Company: "Perhaps the most important observation to be made about technology is that it is in fact neutral—it is the

cause of nothing and is responsible for nothing. Technology is a tool of man, and man alone is responsible for its results, useful or harmful. The anti-technology folk songs of today, sung to the accompaniment of an electronic guitar, attack the wrong thing. Where there are evils, they are those of man, not of technology.

"Did you know?", asks Commerce magazine, that "While pharmaceutical firms often spend up to \$5 million and 10 years in product development, demands on the staff of the Food and Drug Administration have slowed up product reviews to where a three-year wait is not unusual."

The Oregon Voter magazine reported that: "A recent survey of 5,000 college students at 30 campuses turned up the information that 20 percent of those surveyed were thinking of leaving the U. S. The taxpayers could get a real bargain by offering to buy one-way tickets to Russia, North Korea, Cuba, or Red China for these anti-Americans. As for us, we wish them a hearty bon voyage!"

Ninety-five percent of All Failures in business are from the ranks of non-advertisers. Only five percent of those who fail are advertisers. —Dun & Bradstreet.

SS FIELD REPRESENTATIVE SETS OCTOBER VISIT

Jules Gipson, field representative for the San Angelo Social Security office, has scheduled his October visit to Sonora. He will be at the County Courthouse Thursday, October 22 from 9 to 11 a.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

City of New York was incorporated in 1665.

STATEMENT OF POLICY

Non-Discrimination
"Southwest Texas Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of

beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.
"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, the Rural Electrification Administration or this organization, or all, a written complaint. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations." ADV.

Letter TO THE Editor

(Editor's note: The following is a letter from the Rev. Arno H. Melz, former pastor of Hope Lutheran Church. The Melz family live in Waterloo, Iowa.)
Dear Mr. Morgan,
We had forgotten to send our money for the paper and didn't want to miss any coverage of the football team. The paper helps us keep in touch with our many friends in Sonora.

I guess it's only fitting that we live in Waterloo, as East High has been the State champions for four years in a row and just won their 41st straight game. The winning teams at Sonora spoiled us, and we like to see our teams win.
Sincerely,
Rev. Arno H. Melz

Sonora's Broncos took their fifth consecutive win of the season here Friday night by defeating the Alpine Bucks 19 to 6 in a hard-fought game.

He Gets His Mind Off The Middle East By Reading About The U. S. Congress

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River tries to get his mind off the Middle East this week, more or less.

Dear editor:
I've noticed that in the last few weeks there has been a widespread tendency in this country to drop everything and worry about the Middle East, but I learned long ago if you want to get any work done during your stay on earth you'd better go ahead and not wait because the Middle East has been a powder keg ever since the keg was invented. Take the fuse out of one keg and you find the other end leads to five or six others.

THE FAMILY LAWYER

Slander, Unlimited

In the heat of political debate, Lawmaker A calls Lawmaker B a crook. B is not a crook. Could he make A pay damages for slander?

No, because the law grants a special immunity to all legislators, both state and federal. No matter what slanders they utter, within the legislative chamber, they cannot be held liable in court.

This may seem to be rank favoritism. But the rule is meant for the benefit of the public at large, not for the benefit of the legislators themselves. It frees

NOTHING HELD BACK!

IT APPEARS THAT MILTON NOEL is in for a nose-tweaking on the way to being stopped by an Ozona Lion in last Friday's game. Noel drew first pay dirt and the Broncos led by a score of 6-0, but the game ended with the score 14-12 in favor of Ozona, giving the Broncos their first loss of the season.

ALL-BREED BULL SALE SET

The 8th annual Southwest Texas Registered Beef Breeders Association all-breed bull sale is scheduled for November 3 at 1 p. m. The sale is being held at the Southwest Livestock Exchange auction ring in Uvalde. Walter Britten, auctioneer, will sell the 100 bulls consigned by members of the association from a nine-county area. Seven breeds offered include Hereford, Polled Hereford, Simmental-Angus, Angus, Charolais, Brangus and Brahman bulls.

Prussic Acid Poses Threat Under Some Grazing Conditions

Hybrid sorghum-sudan pastures, fast growing and excellent forage, can also be deadly, especially during the late summer and fall.

The breakdown of the sorghum plant material by its own enzymes results in prussic acid poisoning for the animals which eat the plant material, Dr. John C. Reagor, toxicologist for the Texas Veterinary Medical Diagnostic Laboratory, says. The actual agent causing death is hydrogen cyanide, the same chemical used in state gas chambers for executions, he adds.

"There are two times during which poisoning occurs," Dr. Reagor explained. "After frost, where there is damage to the plants, high levels of hydrogen cyanide are very common in the plants."

"The second case is when plants perk up and begin fast growth after a very drouthy period during which the plants have been burned up."

The hydrogen cyanide is very volatile and therefore stays in the plants for only a very short time, but while it is present, animals must be kept off the pasture, he said.

"Usually, if a severe outbreak occurs, cows exhibiting symptoms when the veterinarian is called, will be dead before he arrives," Dr. Reagor said. He will probably be able to save only those which are still breathing after he arrives. "If that is improperly cured, also present prussic acid poisoning problems for a short time," Dr. Reagor noted adding that the blood of poisoned animals will be cherry red.

Dr. Reagor also urged farmers to be on the lookout for nitrate poisoning that may occur during late fall on winter pastures where there is a lot of cloudy weather.

"The ants, instead of growing and changing nitrates into protein, just accumulate the nitrates," Dr. Reagor said. "Animals must also be taken off these stures until the plants have had a chance to grow and convert the nitrates to protein."

Dr. Reagor noted that the blood of animals that have died from nitrate poisoning will be chocolate brown, just the opposite from the dying from prussic acid poisoning.

A Bishop Looks at Life Aging Gracefully

By Everett H. Jones, Retired Bishop of the Episcopal Church

A few days ago I received a letter from a college friend with whom I have had little contact in recent years. The letter made me wish I had known him better and that I could have been with him more.

Here is what he had to say about himself: "The world now (for me) is jubilant. Some may think that to be jubilant at this time of life in a world such as ours is proof of continued gullibility, if not of mental disability...."

"Be that as it may, each un-lived day while one is absent from the obituary column is a blessing, an unused gift from the Creator, a little eternity. "We are marching into the sunset. The colors grow richer, the presence of the Invisible more meaningful, the human spirit more encompassed with peace and grace."

It will not surprise you to learn that the remainder of the letter concerned a mutual friend in need of our help.

I found myself inwardly uplifted by the quiet confidence and radiant trustfulness of this letter. I remembered the words of the novelist Fannie Hurst: "I want the serenity of God-sure people."

I thought of all the negative, defeatist expressions we hear today about the condition of the world and the helplessness of man as he faces a tragic future.

I thought of people I know who go into panic at every evidence of advancing age, beginning even in their forties or fifties.

And then I remembered a

morning prayer from the "Book of Common Prayer" suggested for use in families: "Since it is of thy mercy, O Gracious Father, that another day is added to our lives; we here dedicate both our souls and our bodies to thee, and thy service, in a sober, righteous and godly life; in which resolution, do thou, O merciful God, confirm and strengthen us; that as we grow in age, we may grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ."

Local Eastern Star Group Appointed To Grand Office

Mrs. Frederick Herrin of Austin, Worthy Grand Matron of the Order Eastern Star, included four members of Sonora Chapter #575 in Grand appointments. They are Mrs. Joe Hull, visitation committee; Mrs. S. M. Loeffler, music committee; S. M. Loeffler, Masonic ambassador and Mrs. Frank French, time and talent committee.

Mr. and Mrs. Loeffler, Mr. and Mrs. French and Mrs. Hull attended Grand Chapter in Houston this past week. Grand Chapter will be held in Austin, next year.

Victor Jones of Amarillo, is serving as Worthy Grand Patron.

Mrs. Martha Wood of Rankin, was appointed District Deputy Grand Matron of District 5, Section 2, Order Eastern Star.

Stainless—Local and Express

New York City's Transit Authority has ordered 250 new cars of nickel stainless steel for the metropolis' subway system. The majority of the cars are scheduled to be delivered in 1971.

OUTDOORS IN TEXAS
BY VERN SANFORD

Most outdoorsmen have at one time or another suffered from poison ivy... that irritating, itchy skin rash that seems to spread with every scratch.

Here's a simple prescription which will provide much desired relief: Mix 25 Aspirin tablets and two ounces of camphor gum in a pint of rubbing alcohol... and apply to infected part of the body twice daily.

This poisonous ivy plant is an American climbing plant with a somewhat vinelike habit. Actually, it is a species of sumac, with leaves in groups of three. It is poisonous to many persons merely by touch.

A variant name of the poison ivy plant is poison oak or poison sumac.

It can be identified by its trifoliate leaves, greenish flowers, white berries and an irritant oil. It is the oil which renders the herbage poisonous to touch.

"Poison Sumac" differs from "poison ivy" in that the form is a shrub or tree usually six to eight feet tall, and is found in the swamp lands. Its leaf-stalks bear clusters of smoothly greenish yellow seed pods.

The whole plant is poisonous to taste or touch. Give it wide berth!

Attorney General John Mitchell's first report on Justice Department use of wire-tapping reveals that it has been an effective weapon against organized crime.

Altogether, 137 arrests were made from evidence gathered in 31 court-approved wire-taps. In Washington D.C. alone, a wire tap on a narcotics wholesaler picked up 5,594 incriminating calls in 39 days. These resulted in the arrest of 57 people, one of the largest dope-ring roundups on record.

Also in 1969, six wire-taps in Newark collared 55 persons, including many Cosa Nostra leaders. Between 1961 and 1966, the Government's war against organized crime minus wire tapping showed markedly different results: only 185 indictments against Cosa Nostra members during the five-year period.

Despite the hue and cry protests of a misguided few, wire-tapping has not proven to be an "invasion of privacy" for law abiding citizens. I am pleased to see Attorney General Mitchell and President Nixon being scrupulously careful in applying this most powerful anti-crime tool.

The Cheering Squad

Energy and exuberance are trademarks of youth. You can see it clearly when a group of cheerleaders go into action.

Quick reaction is a mark of youth. If the team wins, these girls will be on top of the world. If it loses, they will go home with shoulders slumped. They haven't really learned "to take it". Withstanding both success and failure is a mark of maturity, and finding the strength to go on becomes an act of faith.

Have you grown up? Do you have that kind of faith? If not, the first steps toward finding it might be a walk to the church door.

MUSEUM NEWS

The kitchen at the Miers Home Museum has been lined with pegboard and adjustable shelves are being installed to display items of historical value donated to the museum.

The marker ordered for the museum has arrived and will be installed on the museum building at a later date.

In charge of the museum for the month of September was Mrs. Alvis Johnson, Mrs. Bob Vicars, Mrs. Belle Steen and W. T. Hardy.

Visitors during the month of September were Mrs. Alfred Schwiening, Jr., Mrs. Edwin Sawyer, Mrs. Evelyn Ward, Mrs. Joe Stroube, Mrs. L. L. Stuart of Bryan, Mrs. Joseph Vander Stucken, Mrs. Ed Mayfield, Mrs. Bryan Hunt, John Eaton, Rosa Lozano, Mrs. John Bell and John Michael, Mr. and Mrs. Ben Cusenbary and Mrs. W.R. Cusenbary.

The museum is open from 3-5 p.m. Thursdays for those who are interested in viewing items on display.

Memberships are still subject to sell and articles are still being accepted.

According to Mrs. Ben Cusenbary, a large majority of the families of Sutton County are represented at the museum and more donated objects are still needed. She also added that visitors are welcome any Thursday.

Ann and Wayne won first place in their flight.

—GN—
Every Wednesday, other than luncheon day, ladies will tee off at 1:30.

Just Arrived

Mr. and Mrs. Jay Wray Campbell of Fort Worth are parents of a daughter, Kathryn Ashley, born September 28, 1970, in Fort Worth. She weighed 8 pounds and 12 ounces.

Two brothers, Alfred Wray and Bryan Hugh welcome the new arrival. Grandparents are Mr. and Mrs. J. Wray Campbell and Mr. and Mrs. Alfred Schwiening, Jr. Great-grandparents are Mr. and Mrs. Alfred Schwiening, Sr., and Mrs. Irene Arterberry of Dallas.

Mr. and Mrs. John K. Wilson are parents of a daughter, Heather Lee, born September 29 at Eldorado Hospital. She weighed 6 pounds and 2 ounces.

Maternal grandparents are Mr. and Mrs. B. R. Conaway of Ozone, and Mr. and Mrs. J. P. Sutterfield of Corpus Christi. The paternal grandmother is Mrs. James Wilson.

Great-grandparents are Mrs. Velma Sutterfield of Mathis and Mr. and Mrs. L. L. Leyster of Morgan City, Louisiana, Mrs. J. H. Kavanaugh of Round Rock and Mr. and Mrs. Jim Wilson.

United States mint was established in Philadelphia in 1792.

Mr. and Mrs. Ernest Kruse and Mr. and Mrs. Jack Nix of Mason were recent visitors of Mr. and Mrs. A. W. Awalt and Mr. and Mrs. Seth Prater.

Mrs. Charles Browne recently returned from a week visit with her daughter, Brenda, who is attending Tarrant County Junior College in Fort Worth.

John Allen Ward of Pennsylvania, visited with his parents, Mr. and Mrs. John Ward, last week.

Mrs. Charles Browne is in Austin attending a two-day session of the Texas Hospital Auxiliary Association. She is a member of the State Board of THA.

GLEANERS SUNDAY SCHOOL CLASS
Mrs. Erma Lee Turner and Mrs. E. B. Keng were hostesses to the Gleaners Sunday School class of First Baptist Church in the Eldridge home September 29. Pumpkin pie, coffee and tea were served to class members and secret pal gifts were exchanged.

Those attending were Mmes. Cleveland Nance, Bill Johns, Bobby Kinard, Bob McCarver, Philip Cooper, Bill Morris, Larry Hill, Charles Preston, and John Hill, Eddie Smith, J. W. Sutton, Smith Neal, Rip Ward and Joe Neil Smith.

Class officers were announced at the party. Those to serve are

Germany was the first country to use poison gas in warfare.

ST. JOHN'S CHIMES NOW WORKING

For all who have missed the ringing of the bells at St. John's Episcopal Church in the past months, those persons will be glad to know that the chimes have been repaired, according to the Rev. Mr. Ray Nations, rector of St. John's.

The bells are set to sound on the hour and half hours, and the first bong after the Westminster chimes designates the exact hour or half hour as the case may be, said Mr. Nations.

U.S. Main Nickel User

The United States continues to be the main consumer of the metal nickel. During 1969, the country used some 310 million pounds of a free world total of 820 million pounds in fabricating consumer and industrial products.

National 4-H Club Honors 4-H'ers

"We Care." That's what more than 3 million boys and girls across the nation will be saying during National 4-H Club Week, October 4-10.

Who are they? About 81 live right here in Sutton County and approximately 90,000 are Texans, reports County Agent D. C. Langford.

The 9 to 19 year-old youths do more than just talk about caring. They show their interest and concern by working on community and county projects of many kinds. They take advantage of the opportunities which membership in 4-H provides for them and then do their best in carrying out assigned responsibilities.

4-H Club members have long been engaged in programs aimed at making their homes and communities better places in which to live. The county agent said their projects help them learn-by-doing, including combating poverty, malnutrition and the pollution of our environment.

Membership is not limited to rural boys and girls. In fact, noted Langford, a sizeable percentage of the nation's total enrollment is made up of boys and girls who live in urban areas, many from the heart of our major cities. New project programs are being constantly added in order to interest youth who do not have the space nor facilities to carry out farm related projects.

Full details on what 4-H is all about and its training programs are available from the county Extension office, Langford said. 4-H CLUB WORK TEAM WORK 4-H Club work is a team or-

ganization, and one of its most important members, according to County Agent Langford, is the local volunteer leaders who render yeoman service in the local clubs.

In Sutton County a number of men and women are now active in the 4-H program. They serve in many capacities, some are subject-matter leaders, others coach or assist with the coaching of judging and demonstration teams but regardless of their assignment have one thing in common—they have an abiding faith in today's young people. 4-H leaders coached two State Champion 4-H judging teams in Sutton County during the past year and more than 30 boys and girls received judging training.

Any adult interested in joining the 4-H team can get full details on what is involved in volunteer leadership work at the county Extension Service office. The office is located in the Courthouse on the second floor, and we'd be happy to see you, Langford said.

Snips, Quips, And Lifts

by LOTTIE LEE BAKER

—Patriotism should be a heart stimulant—not a mouthwash.

—A fanatic is a fellow with such a large chip on his shoulder it makes him lose his balance.

—Behind every successful man there's a lot of unsuccessful years.

—The tongue is a deadly weapon, whether it be blunt or sharp.

—There's nothing wrong with teenagers that trying to reason with them won't aggravate.

—Gossip: Something that goes in one ear and over the back fence.

—We can say man reached the moon—but look what the old cow did.

—What you hear never sounds as important as what you overhear.

—He who keeps himself in a stew soon goes to pot.

—Nobody can appreciate Autumn more than the fellow who has no leaves to rake.

—We've never had it so good, nor taken away from us so fast.

—It takes a child two years to learn to talk, and a man fifty years to learn to keep his mouth shut.

—The typewriter makes it easier to write, but it's just as hard to think as ever.

—Let's cross electric blankets with electric toasters so we can pop people out of bed.

—One big trouble with doing nothing is you can't stop and rest.

—Did you hear about the ghost who was so shy he couldn't spook for himself?

A LIFT FOR THE WEEK
It takes a life of kindly thoughts to make a sweet old age.

Life's Transitions

Many human breakdowns occur during a period of transition. It may be transition from adolescence to adulthood, or from the freedom of bachelorhood to the responsibilities of marriage and children, or from the excitement of work and action to the leisure of retirement. It may be transition from one job to another, or from one place of living to another. It may be transition from bodily vigor to acceptance of a chronic illness or physical limitation.

It is a scientific fact that men as well as women go through a "change of life". In a real sense, however, there are continual changes of life that have physical, emotional and spiritual aspects.

We are not prepared for life until we are prepared for these transitional periods. In our concern for education of the young we dare not forget the need for direction and guidance at every stage of life. Especially do we need to know the spiritual resources available before, during and after these transition experiences.

One of the purposes of the recently established Ecumenical Center for Religion in Health, based at the new South Texas Medical Center, is to coordinate the efforts of doctors, minister, nurses and all those in the healing professions as they minister to people facing transition.

The Swiss psychoanalyst, Carl Jung, has described the transition from the first half of life to the second as a movement from a biological to a cultural attitude, or from the extensive to the intensive. He writes: "A man in the first half of life with its biological orientation can usually, thanks to the youthfulness of his whole organism, afford to expand his life and make something out of it. But the man in the second half of life is oriented towards culture, the diminishing powers of his organism allowing him to subordinate his instincts to cultural goals. . . . There is an almost total lack of guidance for this extraordinarily important transition from the biological to the cultural attitude."

Big Mining Operations

More than 100,000 wet short tons of nickel ore per day are hoisted from the 12 producing mines of The International Nickel Company of Canada, Limited in Ontario and Manitoba.

SONORA vs RANKIN

BRONCOS RED DEVILS

FRIDAY, OCTOBER 9
8:00 P.M.
RANKIN STADIUM

BACK THE BRONCOS
ATTEND ALL THE GAMES

STEVE STREET carries the ball as the B-team romped over the Eldorado Eagles by a score of 20-6 in the game played here last Thursday night. At the half the score ended 8-0 in favor of Sonora. The second half opened excitingly when Street returned an Eagle punt 65 yards for his second score of the game. The B team meets Ozona here tonight at 6:30 p.m. at the Bronco Stadium. The varsity travels to Rankin Friday to meet the Red Devils at 8 p.m. in the Rankin Stadium.

Fickle Nickel

Nickel can give the metals it is alloyed with seemingly contradictory characteristics. One nickel alloy can stand heat that would melt most metals, while another can endure sub zero cold. Nickel is used in the most powerful magnets. In some combinations it is no more magnetic than wood. Some nickel alloys make thermostats work because they expand with heat and shrink with cold. However, other nickel alloys hardly change at all under fluctuating temperatures.

REPRINTS AVAILABLE

Permanent prints of photographs that have appeared in recent editions of the "Devil" are available in 5x7 or 8x10 sizes. Order in "Devil" office during business hours Monday through Friday (8:00 a.m. to 5 p.m.)

LETTER TO THE EDITOR

(Editor's note: The following letter appeared in the San Angelo Standard-Times and was brought to our attention by Mrs. J. C. Stephens, who felt that many might have missed the letter and would be interested in it.)

Editor, The Standard-Times: I appreciated your timely articles on prisoners of war, in your morning and afternoon editions of Sept 15-18, in which people were encouraged to write to Hanoi and other personages who might persuade Hanoi to accord humane treatment. Two types of messages are in general use: (1) Petition type with multiple signatures, and (2) personal letter. The National League of Families of American Prisoners in Southeast Asia suggests writing to several personages and particularly to: His Excellency, The President, Democratic Republic of Viet-

nam, Hanoi, North Vietnam. (Airmail postage 25 cents), (aerogram letter 13 cents).

Minister Xuan Thuy, Delegation of the Democratic Republic of Vietnam, Paris, France. (Airmail postage 20 cents.)

One of the league's sample letters suggests simplicity, as follows:

"I am deeply concerned about the inhuman treatment of American prisoners of war being held in North Vietnam, South Vietnam and Laos. The best interests of peace can best be served by according these men the protection of the Geneva Convention."

Seven more addresses (available from Reprint Editor, Reader's Digest, Pleasantville, N. Y. 10570) appear to be those which might have much influence in persuading Hanoi to accord humane treatment. More are available from other organizations, such as the Citizens Assistance Program (P. O. Box 100, 000, Ft. Walton Beach, Fla. 32548) which lists some 80 addresses.

Local known active sponsors at this time are the JCs, VFW, Officers Wives Club, and the Air Force Association. For further information contact these or almost any civic or local organization. Nothing less than public outcry, worldwide, is likely to bring a halt to the gross cruelty our men are receiving in prison camps. If by thousands or millions, of letters is the only thing we can do, let's do it!

Al Chapin, 308 Glenmore Drive, San Angelo.

Band News

Hershel Davenport, president of the band boosters club said thanks to all the parents who donated food and worked in the concession stand last Friday night. It helps the band know how grateful all of us are to them and John Butterfield for the many hours they work to entertain us, he added.

The stand will be open Thursday for the B game with Ozona. Band students work in the stand for the Thursday games, and their help is greatly appreciated. Band boosters donating sandwiches for this game are the George Smiths, Nelson Stubblefields and John Westons.

The varsity plays Rankin Friday in Rankin.

TEEN SCENE

By KAY KERBOW

-SHS-

With six weeks tests over, a more relaxed attitude prevails—until report cards come out anyway! Some of the students' homes will be the scene of heated debates and in some extreme cases, a wrestling match!

-SHS-

Class meetings were held Tuesday to nominate Halloween candidates. One candidate was elected from each class and from these four representatives, a queen will be elected in a school wide election to reign over the Halloween parade and carnival. At this writing, the results were not known.

A student council meeting was held Tuesday morning to organize for the Halloween carnival. Many preparations are necessary to make the carnival a success—many more than meets the eye. The carnival will be held Saturday, October 31.

All organizations are urged to begin preparations in order to make things run smoothly as it has in the past. The speech club has already

Public Hunt Applications To Be Accepted By Texas Parks Department

Hunters who wish to participate in public deer and quail hunts on Texas Parks and Wildlife Department Game management areas have until 5 p.m. October 19 to apply.

A drawing will be held in the Department's Austin headquarters at 2 p.m. October 22. The lucky hunters whose names are drawn will be notified by mail. Applications forms are avail-

able from the department at its offices in the John H. Reagan Building, Austin 78701, or from regional and district offices.

Applicants must list their name, social security number and the area desired. If an area is not specified, the incomplete application card will be returned to the sender.

Last year, 3,304 permits were issued to hunt deer, 1,841 for quail, 1,637 for squirrels and 1,140 for ducks.

France's "Legion of Honor" was instituted in 1802.

LOOKING BACK...

... BY SONORA MOTOR CO.

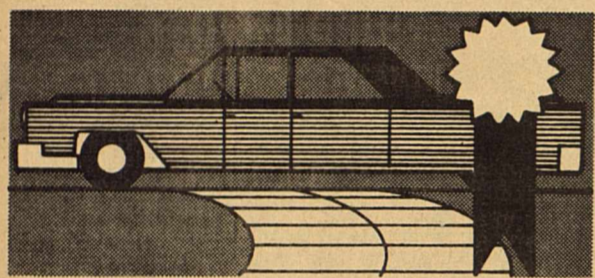

IN THE EARLY DAYS OF SONORA, supplies for merchants arrived in wagons. A shipment had just arrived when this picture was made back in the early 1800's. Following the arrival of new merchandise, operators of the merchantile stores were

swamped with women hunting the new styles. Joe Hull of Sonora Motor Company has all the new styles now, so all you women go by and look at the latest fashions in cars and pickups.
