SAMMY PEREZ CARRIES THE BALL with the Robert Lee Steers coming in to make the stop. Other Broncos easily identifiable are Scott Shurley, 76; Scott Jacoby, 41, and Arnold Samaniego 40. The Friday night game at Bronco Stadium gave the Broncos a 5-0 standing to win district play. For the fifth consecutive year, Sonora advances to bi-district play. They will meet the

10-A champions, Goldthwaite, in San Angelo, at Bobcat Stadium at 7:30 p.m. Friday. Credit goes to the Broncos for their fine football playing, to the coaches, the townspeople, and all who have supported the team. Recognition goes to Scott Campbell, staff photographer, for his fine coverage of Bronco play and to Kay Kerbow for her accounts of the games.

Broncos Begin Playoffs 5th Consecutive Year

by KAY KERBOW
The Sonora Broncos concluded regular season play with a 31-8 trouncing of the Robert Lee Steers giving the Broncos a perfect 5-0 record in district action. The Broncos have not lost a district game in five years allowing them to advance to the play-offs five consecutive years.

The Sonora team controlled the game from the beginning with Mike Taylor, Eddie Sutton, Scott Jacoby and Milton Noel leading the Broncos offensively. Scott Shurley, Kerry Joy, Willie Gutierrez, Sammy Perez, Arnold Samaniego and Rick Street deserve mention defensively.

The home team Broncos scored twice in the first quarter giving them a comfortable lead. Sonora scored on their first possession on a 31 yard pass from Sutton to Taylor and Taylor's kick was perfect giving the Big Reds a 7-0 lead. The second score came on a three yard plunge by Jacoby to climax a Bronco drive. Again Taylor's kick was good and

St. Ann's Sets Masses For Hunters

St. Ann's Catholic Church has scheduled Masses for hunters for every Saturday at 7 p.m., and for Sunday, November 29, at 5 a.m., according to the Rev. Michael Fernandez, who will conduct the Masses at the church.

The Broncos went ahead 14-0. The fired up Robert Lee Steers came thundering back with a score of their own late in the second quarter. Ernest Herford caught a 31-yard scoring strike from quarterback Mike Munford and the same combination put up the 2-point conversion, and the Bronco's gap was narrowed to 14-8.

Just prior to the halftime intermission the Broncos roared back as Noel crashed over from the one yard line and also made good the two pointer before the half ended. The Broncos took a 22-8 lead to the locker room.

Band Enters Marching Contest

The Sonora Bronco marching band will participate in a marching contest in Brady Saturday, according to band director John Butterfield. This contest is University Interscholastic League competition in which Sonora took third division honors last year.

Buses will leave the high school at 7:30 a.m., with the contest to be held at 11:05 a.m., Butterfield stated. The group plans to return around 4 p.m. Saturday.

Eight girls will also participate in the individual twirling contest. They are Kathy Hardegree, Selma Nell Stubblefield, Cindy Cavaness, Molly Morriss, Melissa Gibbs, Laura Gibbs, Vicki Jo Turner and Glenna Chadwick.

Second half play was all Sonora as they put nine more points on the scoreboard and held Robert Lee to no more scoring.

Taylor kicked a 26-yard field goal and Jacoby pushed his way over from the two to climax a Bronco drive and put the cap on the scoring for the evening. The final score showed the Broncos walking away with a 31-8 victory.

Score by quarters:
Robert Lee: 0 8 0 0 - 8
Sonora: 14 8 0 9 - 31

Statistics:	Robert Lee	Sonora
First downs	14	22
Yds. rushing	126	272
Yds. passing	70	57
Total yds.	196	329
Passes	4-13	2-16
Intercepted by	1	2
Fumbles lost	2	2

The Broncos averaged 39.2 points per game during the district season and the heralded defense allowed only 3.2 points an outing. This team is considered by many to be the best team fielded by Sonora High School and Coach Jerry Hopkins.

The Broncos will advance in the playoffs when they take on the Goldthwaite Eagles in San Angelo stadium Friday night at 7:30 in the bi-district contest. The Broncos beat Coahoma in 1968, the last time the Sonora team played in San Angelo.

W. B. Dillard Earns Safe Driving Award

W. B. Dillard, local combinationman for General Telephone Company, has been presented an award for safe driving. Dillard was presented a Socketool kit for completing ten driving-years without a chargeable accident, according to J. B. Goss, San Angelo division manager.

Goss made the presentation during a meeting of all employees in the Eldorado plant area November 12. Present for the presentation were employees from Big Lake, Eldorado, Junction, Menard, Ozona and Sonora.

A safe-driving award is presented by General Telephone Company to all non-management employees who drive 75 percent of a year when ten years are completed without a chargeable accident. After the initial ten-year period, similar recognition is given employees who complete additional five-year periods of accident-free driving.

Local School Suit Settled

Members of the Board of Trustees for Sonora Independent School District met Tuesday with attorney J. W. Elliott, who presented a Supplemental Order signed by Joe E. Estes, United States District Judge for the Northern District of Texas, San Angelo Division. The suit styled Israel Perez, et al, and the United States of America, Plaintiffs, vs Sonora Independent School District, et al, Defendants, has been settled at this time with both parties agreeing to the plan submitted, to be carried out, and reading in part as follows:

The District Judge ordered the Defendants to submit a final plan November 16, in compliance with the Pretrial Order set forth June 16. The Supplemental Order reads in part:

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED by the Court as follows:

(a) The plan submitted to the Court by Defendants on July 31, 1970, as supplemented by supplemental plan filed November 5, 1970, is hereby approved and incorporated as a part of this order and the Sonora Independent School District is hereby ordered to implement such plan as supplemented no later than the beginning of the 1971-72 school year.

(b) The Sonora Independent School District will continue actively to recruit for their professional staff personnel of Mexican-American descent.

(c) The Sonora Independent School District will make a report to the Court in writing, with copies to all parties, on or before May 1, 1971 and on or before September 15, 1971 and June 1, 1972, such reports to contain:

- (1) The details and results of recruiting program for staff personnel of Mexican-American descent.
- (2) The details of the professional staff employed since the date of this order including number of teachers who have been hired, who have resigned and who remain.
- (3) The details and results of the in-service training program including names of experts consulted.
- (4) The names of the members of the Mexican-American committee appointed to consult with the School Board.
- (5) The United States of America has filed suggested guidelines for such reports which may be considered by the District in preparing and filing such reports.

(d) All relief for monetary damages prayed for herein by the Plaintiffs is denied.

Sutton County's Petroleum Industry Enhances Annual Economic Returns

Sutton County's petroleum industry produces 592,065 barrels of crude oil valued at \$1,900,082 and 6,126,535 thousand cubic feet of natural gas valued at \$839,335 for an annual economic value of \$2,739,417.

These figures, just released by the Texas Mid-Continent Oil & Gas Association, show the county ranked 144 among state counties in oil and gas production during 1969.

Texas production which has registered an increase over each previous year during the past decade hit another all-time high in 1969 with 1,151,775,000 barrels, according to U. S. Bureau of Mines statistics. This is a production increase of 24.2% since 1960.

"Production from Sutton County helped meet this record demand," says Kenneth E. Montague, association president. "We are now calling on it and the rest of Texas to meet an even greater demand as events in the Middle East have again forced us to dip into our declining reserves. Unfortunately, the price for Texas oil is inadequate to stimulate enough exploratory drilling to replace reserves."

on the new buildings recently completed at the school.

—The audit report submitted by the firm of Jones, Freeze and Hay for the fiscal year ending August 31, was adopted.

—Considerable discussion was had in regards to the national free school lunch program with some of the board members expressing the opinion that the

program might prove to be too costly for the local school. It appears that a large number of present-day students would be eligible for free meals under the program as presented, with the school to bear the burden of expense in carrying out the program.

School trustees requested superintendent McAllister to investigate the possibility of the board's refusal to participate in the free lunch program. If this is not feasible, some discussion was had in regards to dispensing with the cafeteria. No board action was taken until all angles are probed.

—The Board gave its approval for McAllister to approve textbooks and to accept his recommendations.

Wildlife Group Names Officers

Officers for the Edwards Plateau Game & Wildlife Association were elected at the pre-season hunting party held November 10.

L. P. Bloodworth was elected president; Bill Whitehead, vice president; Clint Langford, secretary and Turney Friess, treasurer.

Two hundred forty persons attended the party sponsored by the Wildlife association, Sonora Lions Club and Chamber of Commerce. Winners of the door prizes were Nolan Johnson, who won a \$25 bond from First National Bank; Mrs. Jerry Johnson, winner of the 4X scope given by Sonora Lions Club; "Chick" Ekman of San Angelo, binoculars from Sonora Chamber of Commerce and a .243 rifle was won by Roger Spencer. The rifle was donated by the Wildlife Association.

Fling Ding Dues Deadline Nears

All Fling Ding club members are reminded to pay their dues by December 1, which is deadline for paying dues for the 1971 year, according to Mrs. Lea Roy Aldwell, club secretary.

Bob Teaff, president of the club announces that Bob Crosby's Orchestra has been contracted to play for the annual dance which is planned for Saturday night, February 6, 1971.

SUTTON COUNTY WAS A HUNTERS PARADISE for this group of Dallas men hunting on the Alvis Johnson ranch. Teddy Morrow, Mike Disman and his father, C. B. Disman along with a group of four others, had eight deer and nine turkeys Monday. Young Mike also killed a ring-

tail which is barely visible among the profusion of wild game displayed here. Hunters in the area for the opening of the season found ideal hunting weather prevailing with cold, frosty mornings.

The most effective single force in building a good community is a good newspaper.

"Grassroots Opinion"

EDGERTON, MINN., ENTERPRISE: "Do you wonder, sometimes, why, at the end of your working day, you're tired? Have you ever stopped to consider that during one day your heart beats 103,389 times? Have you also considered that your blood travels 168,000,000 miles, that you breathe 23,040 times, and that you inhale 438 cubic feet of air? Do you also know that you speak 4,800 words, move 750 major muscles, and use 7,000,000 brain cells? All this beside what you know you've done. No wonder you're tired."

TOWNSEND, MONT., STAR: "From time to time legislators attempt to insist on a requirement that all newspaper editorials and columns be signed by the person writing them. Actually most are signed but once in awhile this old issue comes back to life. If this is a necessary requirement, then perhaps we should demand to know the name of a politician's speech writer, and even require judges to reveal the law clerks or attorneys who prepare their decisions."

PITTSBURG, TEXAS, GAZETTE: "One of the most likely uses of atomic energy seems to be the cooking of the world's goose."
TOWANDA, PA., REVIEW: "At \$6.75, it is more expensive than the usual run-of-the-mill publications printed by the Government Printing Office, but the 'catalog of federal domestic assistance' could become a best seller in this age of the handout... One of the most interesting pages in the 1,033-page catalog is the index. It shows vividly the many overlapping activities of federal agencies. 'Aid to education', for instance, is cross referenced to 330 programs administered by 26 agencies. Even 'environmental improvement' already has garnered 51 separate programs under six agen-

cies. Federal officials who are realistically interested in streamlining government should make a point of reading this volume. There is enough meat in its pages to keep an army busy pruning, consolidating and eliminating duplication and waste for years."

SULLIVAN, ILL., PROGRESS: "The world has always been full of those people who continually expect to get something for nothing. They do not work, they contribute nothing towards the advancement of the world. They have always been tolerated, but little more. However, just leave it to the United States to come up with something different. Only here has it been suggested that those people should actually have a 'right' to anything for nothing. Only here could the politicians come up with such a thing as a guaranteed annual income for the doing of absolutely nothing."

ELLSWORTH, IOWA, SOUTH HAMILTON NEWS: "Things have come to a sad state in this country when a federal official will come to Congress and ask for more money so that the inmates of federal prisons can be fed more meat per day than the average law-abiding citizen consumes. Yet that's exactly what happened. The officials of the Bureau of Prisons also wanted money from the taxpayers for prison facilities that would cost \$64,000 per inmate. At this point, this member of Congress was ready to admit he had heard just about everything in the way of sheer gall, when I was informed that prison officials also wanted more money to provide law breakers with fresh orange juice instead of the canned variety they have been getting and didn't like."

RUPERT, IDAHO, NEWS: "Give a man a fish and he will eat for a day; teach him to fish and he will eat for a lifetime."

51 YEARS AGO
The first meeting of the Sonora town government was convened February 17, 1917, and members present were W. L. Aldwell, mayor; Theo Savell, Roy E. Aldwell and S. R. Hull, aldermen. Frank Decker was made secretary on motion of Roy Aldwell.

February 1, 1919, Mayor Aldwell's resignation as mayor was accepted and E. S. Long was chosen to serve as mayor pro tem. Fire equipment was ordered and examined with a view to purchase by the city; 50 dog tags were ordered. The tax rate for the fiscal year was fixed at 5 cents on the \$100.

The council canvassed the votes cast at the recent election when it convened April 7. Claude Keene was declared elected mayor; W. L. Aldwell, L. W. Elliott and G. W. Stephenson, aldermen. They qualified and took office.

May 5, Mrs. Cope was again named city secretary-treasurer, tax assessor and collector. The meeting of May 12 discussed the location of the Vander Stucken scales and the placing of traffic signs—concrete pyramids—for the streets.

June 4, the Sonora Board of Aldermen received a bill of \$56.25 contracted by the ladies of the Women's Club of the city as the result and expense of their civic operations on Clean-Up Day. The bill was allowed.

The growing importance of city government was indicated when the bill was allowed by the board of aldermen September 3, 1919, of J. B. Eaton, Sr. for \$200 for water furnished for fire protection. The mayor was asked to see to the enforcement of the city's traffic laws.

March 1, 1920. The bill for \$200 of the Sonora Light & Water Co was allowed, the vote of L. W. Elliott not being cast, because he was a stockholder in the company. The tax for the fiscal year was levied at 12½ cents on the \$100 of assessed valuation.

The secretary's monthly salary was raised from \$8.35 to \$15.
The council canvassed the results of the election of the first Tuesday in April, and declared the results to be the election of W. E. Caldwell and H. V. Stokes as aldermen.

A Bishop Looks at Life A Message In Stone

He Takes A Long Look At The Cost Of Television Political Campaigns

Editor's note: The Dry Devil's Philosopher on his bitterweed ranch on Dry Devil's River reviews the recent elections this week, in his own way. Dear editor:

Now that the elections are over and with a few exceptions everything is about like it was before they started, I laid my newspaper aside last night and began puzzling over a statement I heard a television commentator make the night after the votes were counted.

He said that despite the millions and millions of dollars spent on television commercials in the last three months the elections would have turned out about the same if the candidates hadn't spent a dime for television time.

You'd think a man connected with television would understand the system better. Whatever gave him the idea that television commercials generally sell anything the people don't already want?

I thought they were put on to entertain people. You mean to say when two women are yaking across the back fence about how much whiter one wash is than the other, it's selling one brand of soap over another? Come on, even the housewives know it's just a couple of people hired to put on a skit, and when they go to buy laundry soap they'll look up the price in the grocery ads in the paper and see which store has the best deal that week.

You suppose the television people think that when the telephone company sponsors a symphony orchestra, it's selling telephones? If he can afford it, the only person in this country without a telephone is somebody, already hollering for the company to install one. He's already convinced it works. And it does, except in big cities where people talk too much anyway.

A lot of politicians apparently think if they can round up enough money to hire a smart enough public relations outfit and pay for the television time, they can win. It happens only sometimes.

Most of the time selling a candidate on T. V. is about like coaching college football. It's not the coach who knows the most about football who consistently wins, it's the coach who knows the most about recruiting. Give a college coach or a public relations expert the right horses and he'll generally win. If a candidate wants to spend his money on a million-dollar television campaign, I guess it's all right, especially when most of the time it's not his money anyway. There are some candidates who, the more they get on television, the more votes they lose.

Yours faithfully,
J. A.

CARD OF THANKS

Mrs. Hancock, Pamela and I would like to take this means to express our deep, heartfelt appreciation to all the people of Sonora and Sutton County. Especially are we grateful to the membership of The First Baptist Church, Sonora. Without their help and understanding we could not have made it through these two years of sickness and financial difficulty.

November 18, 1970, we will begin our third year as Sonorans. We are proud to be here and to serve a wonderful Church, and undoubtedly, the most wonderful people in the world. Thank you.

Coffee Break

by Shirley Hill

What better time of the year is there to spend a few minutes of your time for someone else than at this time when giving of thanks is very close to all our hearts.

The American Red Cross is urging people all across the country to send a letter to North Vietnam asking them to obey the Geneva Convention which they signed in 1949. Address all mail to His Excellency, Pham Van Dong, Premier of Democratic Republic of Viet-

nam, Hanoi, Vietnam. It costs only a few minutes of time and a 25¢ airmail stamp.

Simply ask the Premier to release names of American prisoners, permit prisoners to communicate with one another and with their families, allow a neutral agency to inspect prisoner installation, repatriate seriously ill and wounded prisoners as soon as they are able to travel.

Regardless of personal attitudes concerning the war, the Red Cross asks that all Americans think of the families of the prisoners and of the men themselves.

Since "Write Hanoi" began last fall, thousands of letters have flown to North Vietnam's capitol; and as a result, several hundred more names of American prisoners have been released.

So Hanoi DOES get the word and Hanoi DOES listen to public opinion. Write today.

MRS. EVERETT PHILLIPS

Miss Deborah Walker Marries Everett Phillips In St. Louis

Miss Deborah K. Walker, daughter of Mr. and Mrs. J. A. Morris and Everett P. Phillips, son of Mr. and Mrs. H. Marshall of St. Louis, Missouri, were united in marriage October 23, at the North Minister Presbyterian Church in St. Louis. The Rev. W. Hancock officiated at the ceremony.

The bride given in marriage by her father, chose a slipper satin gown with Victorian collar. The empire waist was banded in Alencon lace and the gown had long full sleeves. The gown ended in Cathedral train, which was scattered with daisies.

Mrs. Lorraine Gore of St. Louis, Missouri, furnished traditional wedding music at the organ.

The bride's only attendant, Miss Sue Anne Marshall, sister of the bridegroom, chose a pink chiffon gown and her bouquet was pink and white carnations.

H. Andrew Marshall served his brother as best man. Ushers were Paul A. Marshall and Dennis Fairall, both of St. Louis.

Immediately following the ceremony, a reception was held in the church fellowship hall.

The bride attended Texas School for the Deaf and the Rehabilitation Center at Hot Springs, Arkansas. She is employed at Charles 1st Geriatric Center in St. Louis, where she will continue. The bridegroom is a graduate of Central Institute for the Deaf and also Rehabilitation Center of Hot Springs. He is an Offset Printer in St.

1969 Tax Reform Act Changes Made

With income tax paying time just around the corner, farmers are advised to become familiar with the 1969 Tax Reform Act because of the changes that affect agriculture.

County Agent Langford said changes have been numerous and involve many changes from

filing dates to a long list of other provisions that vitally affect everyone engaged in farming or ranching.

Langford said he has available at his office a fact sheet, L-947, prepared by Extension farm management specialist Jas. I. Mallett, which gives in brief form important changes that will have a strong bearing on tax management opportunities for farmers and ranchers.

The county agent noted that information contained in the fact sheet should also be useful to all taxpayers but that it should be of particular value to agriculturists in planning tax management strategy prior to the end of the current tax year.

Did You Know?

You can slip up on a feeding deer if you watch its tail. It will switch its tail each time before it raises its head. There's no "slip up" when you buy vegetables from SAUNDERS GARDEN, next to the football field.

County Agent Langford said changes have been numerous and involve many changes from filing dates to a long list of other provisions that vitally affect everyone engaged in farming or ranching.

Spencer, a Border Patrolman, won the rifle as one of the door prizes given at the November 10 hunting party at the 4-H Center. The Wildlife Association were donors of the rifle.

Homemakers Nutrition Recipes

This is the ninth of a series of recipes presented by Mrs. A. E. Prugel, homemaking teacher, as an aid to homemakers in preparing low-cost, nutritious meals:

RICE

Enriched rice is a good choice for a thrifty family because there is no waste; every bit can be eaten and it is always ready to use. It is a good energy food and also a good source of the vitamins, niacin and riboflavin. Reminder: do not wash or rinse enriched rice. Here are three suggestions for its use:

RICE DINNER SPECIAL:

- 1 can green beans (1-1lb. can)
- 2 Tablespoons fat
- 1/2 cup flour
- 2 cups milk
- 2 cups cut-up cheese
- 2 1/2 cups cut-up donated canned chopped meat or canned lunch-con meat
- 3 cups cooked rice
- Drain canned green beans. Melt fat in pan; stir in flour. Slowly stir in milk. Heat to boiling; stir to keep from sticking and cook 1 minute over low heat. Remove from heat. Add cheese, green beans, and meat. Cook over low heat 10 minutes or until cheese melts and mixture is hot. Serve over cooked rice. Makes 6 servings.

RICE PUDDING:

- 2 cups water

- 1/2 cup uncooked rice
- 1/2 teaspoon salt
- 1/2 cup raisins
- 1 tablespoon oleo
- 1 cup donated nonfat dry milk or 2 cups instant nonfat dry milk
- 1/2 cup sugar
- 1 cup warm water
- 1 teaspoon vanilla

Heat 2 cups water to boiling. Add rice, salt, raisins and fat. Lower heat, until water is just bubbling, cover and cook gently for 30 minutes. Remove from heat.

Mix dry milk and sugar. Stir into 1 cup water until mixed. Add vanilla. Stir into rice. Stir over low heat until heated through. Cool to thicken. Makes 6 servings.

BAKED RICE AND CHEESE:

- 3 cups cooked rice
- 2 cups shredded cheese
- 2 tablespoons finely chopped green pepper or pimento
- 2 eggs, beaten
- 1 1/2 cups milk (reconstituted)
- 1 teaspoon salt
- cayenne pepper, to taste
- 1/2 cup bread cubes or coarse crumbs
- 1 tablespoon melted butter or oleo

Arrange alternate layers of rice, cheese and green pepper or pimento in a greased baking dish. Combine beaten eggs, milk,

salt and pepper. Pour over rice and cheese mixture.

Toss bread cubes in melted butter or oleo and sprinkle over top.

Bake at 350 degrees (moderate oven) about 45 minutes or until mixture is set and top is lightly browned.

Remember: 1 cup uncooked rice makes about 3 cups cooked, enough for 6 servings. Boil rice gently—keep the heat low. Rapid boiling may break the grains and also may make the rice boil over. Cover the pan tightly. Do not rinse after cooking.

Fred Campbell Attends Meeting

Fred Campbell, director of District Five of the American Rambouillet Sheep Breeders Association was in San Angelo recently attending a directors meeting at the association office.

Because of a large membership and better representation throughout the United States the directors are in the process of dividing the states into twelve districts instead of the original six. A director will be elected to serve each district.

THE FAMILY LAWYER

Radar Vs. Motorist

Citizen Haines, given a ticket for speeding, determined to fight his case in court. At the hearing, officers relied on radar evidence to prove the charge against him. According to radar, Haines had indeed been travelling well over the speed limit.

But the police overlooked one thing. They failed to produce evidence that their radar equipment was in good working order on the day Haines was arrested. Result: he won an acquittal.

This case illustrates how the law, while accepting the benefits of technical progress, is also concerned with fair play for the individual. Almost everywhere, in

traffic cases, courts will insist on evidence that the radar equipment was working properly when it was put to use.

Today it is standard practice for such equipment to be checked regularly. Usually this is done by tuning forks or by clocked road tests. Even so, some motorists, still not convinced, have challenged the entire principle of radar, calling it too experimental to be trusted in the courtroom.

In an earlier day, the law too was skeptical about radar as a scientific principle. But now that skepticism has largely disappeared. As one judge put it:

"X-rays, electrocardiograms, time by watches, identity by fingerprinting, and ballistic evidence are freely accepted in our courts for their general reliability, without the necessity of expert testimony as to the scientific principles underlying them. The use of radar for speed detection may now be said to fall in this category."

In one case an arrested motorist, flagged down by radar, tried a different tack. He claimed he was the victim of an illegal "speed trap." But the evidence showed:

- 1) that the vehicle containing the radar equipment was plainly marked as a police car; and
- 2) that the officers manning it were dressed in their regular uniforms.

Unable to see any "trap" in this situation, the court ordered the motorist to pay his fine. The judge felt that a speeder could not complain merely because the police had found a new and better way to catch him.

European Mohair Market Survey Report Planned In San Angelo Dec. 3

A special report on the findings of a European Mohair Market Survey just completed by representatives of the Mohair Council of America and the Texas Wool and Mohair Warehouse Association will be presented December 3 in San Angelo.

Noel Fry of Del Rio, Mohair Council president, announced the meeting will be held at 9:30 a. m., Thursday, December 3, in the Cotillion Room of Town House Motor Hotel.

The survey, covering the use of American produced mohair in England, Ireland and Western Europe, was conducted by a four-man team. James T. Hunt, Mohair Council secretary-treasurer, was team leader. Others in the group were Murph Compton of Menard, special representative of the Texas Wool and Mohair Warehouse Association; Ross McSwain of San Angelo, information director for the council; and Larry L. Panasuk, marketing specialist with the Foreign Agriculture Service, U.S. Department of Agriculture, Washington.

The general meeting is expected to draw more than 200 persons, including mohair producers, warehousemen, buyers and other interested persons. Fry urges all mohair producers to attend this important meeting.

The four men compiled a vast amount of information on how American mohair is being utilized in the English and European markets. During the 30-day, 14,000 mile tour of seven countries the men had interviews with 97 persons involved in all phases of the mohair market, including greasy mo-

hair dealers, scourers and carbonizers, combers and topmakers, spinners, weavers, product and market development personnel, exporters, cloth merchants, clothing and carpet manufacturing leaders and promotion, advertising and publicity people.

Starting November 18, tee-off time for ladies Wednesdays will be 1 p.m.

—GN—
Last Wednesday, there were nine ladies playing golf. Betty Stewart had the best score of the group. (We think Lee Spencer gave her some Special Lessons). All golfers are trying hard to remember and do as Lee instructed during her two days here. We have all agreed we want her to come and stay a week with us so we can take lessons.

put on "long handles" and played golf for a turkey.

The winning team, with 9 under, was Jodie Finklea, Mickey Powers, Jerry Don Balch and James Trainor.

Second—with 8 under—Rose Doyle, Peggy Elliott, Jack Hext and Francis Archer.

Third—with 5 under—Lunetta Morgan, Barbara Snodgrass, Tommy Thorp, Patch Cochran and Lin Hicks. (This team tied Marilyn Bloodworth, Milton Cavaness, Wayne Herrmann and Buddy Brown, and won the flip.)

BAND NEWS

Last Friday night concluded the Band concession stand work during football games for the parents and students.

This season has been great for everyone. The parents are to be commended for their willingness to work. The students showed us their enthusiasm as they were there every Thursday game. We thank each and all for their support. They made this season successful.

This Saturday, after the game in San Angelo Friday night, the Band goes to Brady for marching contest. All of you who have seen them perform this year on Friday nights, have already rated them number one.

The dedication of John Butterfield and the great spirit of the Band make them truly a winner.

Sonora is grateful to the hard work of the athletic and music departments of its fine school. Their many and long hours of work are a credit to them as students now and stable adults of tomorrow. "Sonora" must stand for—"Students, Others Never Overlook Real Ability".

"Speaking for the Boosters, thanks to everyone," said band president Hershel Davenport.

TEEN SCENE

The Broncos have done it again! For the fifth consecutive year, the Big Reds have won the right to represent the district in playoffs. The bi-district game will find the Broncos pitted against the Goldthwaite Eagles, 10-A champs, Friday at Bobcat Stadium in San Angelo in a contest beginning at 7:30 p.m. Goldthwaite won the 10-A championship by defeating highly regarded DeLeon 28-27.

The last time the Broncos played in Bobcat Stadium was the 1968 State championship year against the Coahoma Bulldogs in the "slush bowl". The Big Reds won that game despite cold, snowy conditions making playing extremely difficult and footing treacherous.

One reason, besides ability and desire, that the Broncos do so well, is because of the great amount of support from both the student body and the townsfolk. SHS wishes to express our thanks for the great amount of support that they've given the Broncos so far and hope that they continue to do so. It feels great to look into the stands and see it filled to capacity, especially to one of the team members about to step onto the field as a representative of SHS and Sonora.

Now that six weeks tests are over everyone has relaxed a little, well until yesterday anyway. Report cards came out—an occurrence which makes everyone a little nervous. Oh, the problems of high school life!

—SHS—
The band goes to contest Saturday to try to do what hasn't been done in a long time—make a "one" in marching. They have the personnel and the director to get the job done so best wishes to the band. Maybe this year we'll have a #1 band to go with our #1 football team!

Mr. Buchanon has announced that tryouts are open to the entire school for the speech club production of their Christmas show. Tryouts for solo song and dance are open as are ones for reading parts. Any interested person is to contact Mr. Buchanon for a try out time.

—SHS—
Don't forget to order annuals before November 19. Hey, that's today—you're too late if you haven't ordered them yet!

—SHS—
A Veterans' Day program was held November 10 in honor of all of the fighting men of all wars participated in by the United States.

Bruce Kerbow, David Wallace and Molly Sawyer gave speeches for the occasion. Mayor Norm Rousselot was the featured speaker.

Speeches can't do anything about the wars, but they can make us aware of the feelings of those who have participated in wars. If the U.S. is lacking tremendously in any one thing at the present, it's patriotism!
