### A MESSAGE TO GRADUATES

Never in the history of mankind has youth been so vocal. We must try to understand the youth of today but they need desperately to try to understand the generations before them. Eric A. Walker, president of Pennsylvania University recently gave a remarkable address to the graduating class of that institution. It was so timely and pertinent and presented such refreshing view that we think it deserves repeating.

"Ladies and gentlemen of the graduating class, no one has more pride in your accomplishment than the elder generation. But I am not going to tell that older generation how bright you are. Nor am I going to say we have made a mess of things and that you are the hope of mankind.

I would like to reverse the process. For if you will look over into the bleachers, I will reintroduce you to some of the most remarkable people ever to walk the earth; people you might want to thank on this graduation day—your parents and grandparents.

Let me tell you about them.

These—your parents and grandparents—are the people who within just five decades have by their work increased your life expectancy by approximately 50 percent and who, while cutting the working day by a third, have more than doubled per capita output.

These are the people who have given you a healthier world than they found. And because of this you no longer have to fear epidemics of flu, typhus, diphtheria, smallpox, scarlet fever, measles or mumps that they knew in their youth. And the dreaded polio is no longer a medical factor, while tuberculosis is almost unheard of.

Let me remind you that these remarkable people lived through history's greatest depression. Many of these people know what it is to be really poor, what it is to be hungry and cold. And because of this, they were determined it would not happen to you, that you would have a better life, you would have food to eat, milk to drink, vitamins to nourish you, a warm home, better schools and greater opportunities to succeed than they had.

Because they gave you the best, you are the tallest, healthiest, brightest, and probably the best looking generation to inhabit the land.

And because of them, you will work fewer hours, learn more, have more leisure time, travel to more distant places, and have more

of a chance to follow your life's ambition. These also are the people who fought man's grisliest war. They are the people who defeated the tyranny of Hitler, and who when it was all over had the compassion to spend billions of dollars to help their former enemies rebuild their homelands. And these are the people who had the sense to begin the United Nations.

It was representative of these two generations, who through the highest court of the land, fought racial discrimination at every turn to begin a new era in civil rights.

They built thousands of high schools, trained and hired tens of thousands of better teachers, and at the same time made higher education a very real possibility for millions of youngsters—where once it was only the dream of a wealthy few.

And they made a start—although a late one—in healing the scars of the earth and in fighting pollution and the destruction of our natural environment. They set in motion new laws giving conservation new meaning, and setting aside land for you and your children to enjoy for generations to come.

While they have done all of these things, they have had some failures. They have not yet found an alternative for war, nor for racial hate. Perhaps you, the members of this graduating class, will perfect the social mechanism by which all men may follow their ambitions without the threat of force—so that the earth will no longer need police to enforce the laws, nor armies to prevent some men from trespassing against others.

But they—these older generations—made more progress by the sweat of their brows than in any previous era, and don't you forget it. If your generation can make as much progress in as many areas as these two generations have, you should be able to solve a good many of the world's remaining ills.

It is my hope, and I know the hope of these two generations, that you find the answer to many of these problems that plague mankind. But it won't be easy. And you won't do it by negative thoughts, nor by tearing down or belittling.

You may and can do it by hard work, humility, hope and faith in mankind.

Try it."

### He Has Come Out With A New Idea For Postal Service Faster Than Airmail

Editor's note: The Dry Devil's Philosopher on his bitterweed ranch on Dry Devil's River comes up with a new idea, not ours, for faster mail service. Dear editor:

According to an article I read in a newspaper last night which was three days old but still better than the re-run on television, the Post Office Department in Washington has worked out a speeded-up mail delivery system whereby it'll guarantee an air-mail letter will get to its destination in 24 hours within an area not more than 600 miles away. Further away, it'll take 2 days.

To pay for this speed, the post office's word, not mine, the cost of an air-mail stamp will be increased.

I have been thinking this over and have begun to wonder why the Post Office Department, if it's convinced there are enough people within 600 miles of Sonora who have to have their mail within 24 hours, doesn't come into the modern age.

Why doesn't it issue a special Pickup Truck Stamp?

With the country now interlaced with good roads, any pickup truck can get to any point within 600 miles of here in far less than 24 hours. That'll beat airplanes all hollow.

Why haul mail say in New York City out to some distant airport, load it on a plane, fly it to Boston, land after waiting for air traffic to clear, and haul it in to the post office, when you can back a pickup up to the first post office, load the mail on, and take off for the next city and be half-way there before an airplane can make up its mind to take off?

Under this new service, people in no hurry about their mail could stamp their letters AIR

MAIL and those in a hurry could stamp their PICKUP TRUCK. It would be the prestigious thing to do.

If you think this is a good idea, write the Postmaster General a letter now so he'll have plenty of time to get it before mid-summer.

Yours faithfully,  
J. A.

## Green News

**CONFUSED!** Well, I guess Muriel Brown was just that last week. Mary Barrow asked her to play in the Brownwood Tournament and so 'Miss Everywhere' said "yes". Mary said we'll go to the Country Club and Muriel said yes again—the only thing wrong with the whole thing was that Muriel thinks Country is Angelo, and Brownwood is Brownwood. It wasn't until just before she

### TEEN SCENE

by Kay Kerbow

The seniors survived the trip to New Braunfels with flying colors. Most of them looked bright and awake Monday morning even if their eyes were bloodshot and swollen.

The park offered miniature golf, paddle boats, row boats, bicycles, train, two swimming areas, and a gift shop for all to enjoy. Most of the seniors seemed to enjoy the day, especially since they journeyed to Seguin that evening and watched Coach Hopkins and Coach Hays first intra-squad scrimmage.

Coach Phillips and Mr. Pollard disappeared as soon as the bus stopped and failed to return until the bus left for supper. Both being avid golfers and there being a golf course in the park, naturally one can guess where they were all day.

It wasn't a very profitable day for them, however, as they lost eight golf balls to the lake alone. The seniors didn't have a chance to introduce the men to the water so maybe the golf course was a safe place for them to be!

The seniors of '71 did make sure that Mrs. Wilson and Mrs. Powers got plenty of water and sun! The swimming area was a spring-fed river converted to a swimming pool, so it was just a little cold but since it was so hot, no one, including the teachers, minded the coolness of the water.

They were treated to T-bone steaks or whatever they desired at Rector's Restaurant after a tiring day at the park. Coach Phillips livened things up with several impromptu awards. Not to be outdone, Roger Langford presented him a bottle of Champagne bubble bath to wash out his mouth. After the supper, the Broncos went to Seguin.

Carol Hardgrave and Karen Hemphill, accompanied by Beth Davis, man ( ), went to Abilene to participate in the state track meet. Hardgrave ran the 220 and Hemphill the 880 to represent SHS. Although neither placed, they both enjoyed themselves immensely.

Baccalaureate services will be Sunday night at 8 in the high school auditorium. Rev. John Weston will deliver the message while Rev. Clifton Hancock will deliver the benediction.

Trouba Teaff and Scott Jacoby seniors, will read the scriptures. A baccalaureate practice will be carried out Friday during fifth period. Seniors, be sure and bring your caps and gowns so that a senior picture can be made for the paper at that time.

The choir presented its final concert Tuesday morning for the student body in the auditorium. The choir is even better than last year so it was an enjoyable time for all those who listened.

An awards assembly was held Thursday to recognize each student who excels in a certain area. The assembly was marked by light-heartedness and relaxation. All the trophies won this year were lining the stage creating an impressive sight.

**—SHS—**

The test schedule is as follows: 6th period Monday afternoon, 1, 2, 3 Tuesday with 1, 2 in the morning and 3 in the afternoon; 4, 5, 7 Wednesday, 4 and 5 in the morning and 7 in the afternoon.

Graduation will be May 27 at 8 on the campus lawn with a senior graduation supper at 5:30 before graduation exercises.

left for 'Angelo', she found she was going to Brownwood!

**—GN—**

And speaking of Brownwood, ten of our ladies participated in that tournament. They included Bobbie Fawcett, Sammy Espy, Jo Neville, Lucille McMillan, Muriel Brown, Mary Barrow, Ernestine Hext, Wanda Cahill, Rose Doyle and Mary Robbins. Ernestine and Mary Robbins and Rose won theirs—our confused friend and Mary were runners-up in their Flight.

Don't forget the Club's Partnership Tournament May 29-30. Those wishing to enter, must play a nine hole qualifying round between now and the 28th. There will be a Hamburger Supper for members and their families after the Tournament. A putting contest is also being planned in connection with the tournament.
