Sheriff Moore Declines To Run For Reelection

With the expiration of terms for two of the four county commissioners and that of the county sheriff speculation has run high whether present officeholders would seek reelection. Monday answers were given to the ques-

"3.76 in '76 Program In Sutton County"

Cash income to farmers and ranchers in Sutton County should be more than \$6,500,000 by the end of 1976, according to D. C. Langford, County Agricultural Agent.

This will be an increase of more than one-million from 1968-69 figures, with beef cattle contributing a large part of the gain.

The projections are based on studies of the Texas Agricultural Extension Service and are part of the "3.76 in '76" program, a statewide project to increase Texas agricultural cash receipts by more than one-billion.

Total cash receipts from all agricultural enterprises in Sutton County are presently about \$5,363,000, says Langford. The most important ones are cattle, sheep and Angora goats. They are expected to account for about 86 percent of the projected 1976 totals.

"The county will be aided in its efforts by Texas A&M University Extension specialists who will hold conferences in the Edwards Plateau area during the year to discuss improved production and marketing practices of livestock and wildlife.

"These projections are based on estimates from the county program building committee after separate predictions were made by Extension economists. The figures were published for each county, Extension district and economic area in Texas.

"Sutton County producers will have access to production information and techniques that can help spell success for the Texas goal of \$3.76 billion in 1976," says Langford.

tions being asked and hats were being thrown into the ring. COUNTY SHERIFF Herman E. Moore who has served as sheriff of Sutton County for the past 11 years, an-

PRYCE TAYLOR

nounced Monday that he would not seek reelection. His announcement was presented to the news office as follows:

"To the Citizens of Sutton County: I wish to announce that I will not be a candidate for Sheriff and Tax Collector this term. I would like to express my thanks for the support and cooperation shown me and my staff during the years I have served. If I can be of any service, please let me know".

Following quickly on the heels of this announcement, deputy sheriff Pryce Taylor announced Monday that he would be a candidate for the office of sheriff.

Taylor who served for two years as a deputy sheriff in Ozona, was city marshal here 1965 and 1966. He has served as deputy here for four years and has been a law enforcement officer for the past eight years.

He and his wife, Dorothy, have five children, all married. COMMISSIONER PRECINCT 1 Taylor Love, who has served as commissioner of precinct one for the past eight years stated he will seek the office again this year. Love and his wife, Alma, have been residents of Sutton County for a number of years and are parents of two

sons, both married and a daughter. In announcing his candidacy for reelection, Love said he has enjoyed serving the people in his precinct and asks for their help in his campaign.

Love serves that part of the county which includes the western and northern areas. COMMISSIONER PRECINCT 3 Estes Adams who is seeking another term as commissioner of Precinct three, announced his candidacy Monday also.

Adams said he has appreciated the opportunity of serving his

constituents and is seeking their support in the May 6 election. A lifetime resident of this county, he and his wife, Carmen, ranch in the eastern part of the county.

COUNTY ATTORNEY Subject to the May Democratic Primary, Waymon Giles DuBose, Jr., will be a candidate for the office of county attorney. DuBose, a former San Angeloan, has been serving by appointment, following the death of Jerry N. Shurley and the resignation of George Wynn.

DuRay Smith And John David Cook Top 4-H On-Foot Lamb Carcass Show

DuRay Smith and John David Cook were first place winners in the live placing of carcass lambs. Smith's lamb was judged first in the finewool class and Cook's first place winner was in the crossbred class. Mayer & Rousselot were breeders of the crossbred lamb and Eddie

Smith was breeder of the finewool lamb.

These and other lambs in the top ten will be slaughtered for the carcass lamb show to be held at the 25th annual 4-H show and sale this weekend. The on-foot placings do not always coincide with the carcass judging, County Agent D. C. Langford noted.

Sutton County Employees Granted Pay Raise

All Sutton County employees were granted a 5% pay raise at the meeting of the county commission Monday.

In other county business a grievance committee was approved by the commission. This committee was made mandatory by the last legislature and became effective as of January 1, 1972. The grievance committee consists of the county judge, county sheriff, county treasurer, county clerk, county attorney, Lester Shroyer, Mrs. Walter L. Pope, III, Robert Allison and Joe Sanchez. The last four named persons were drawn from the 1971 Grand Jury Commission.

Purpose of the committee is to hear complaints in regards to salaries and/or other expenses which pertain to elected officials only, according to County Judge J. W. Elliott. Commissioners Robert L. Hardgrave, Estes Adams, Preston Love and Collier Shurley also voted to approve the appointment of Dr. Charles F. Browne as county health officer.

Leopoldo Arredondo Dies Jan. 7, 1972

Services were held Monday for Mr. Leopoldo Arredondo who died January 7, 1972 apparently of a heart attack.

Mr. Arredondo was employed at French's Big Tree Restaurant, and he had lived here for the past 50 years.

He was born in Piedras Negras, Mexico, and moved here as a small child. His survivors include two sisters, Mrs. Tomasa Badillo and Mrs. Maria Sanchez.

Services were held at St. Ann's Catholic Church and burial was in Sonora Cemetery with Ratliff-Kerbow Funeral Home directing.

Fling Ding Club Asks For Guests Invitation Lists

President of the Fling Ding club, Lawrence Finklea, advised members that guest invitation lists must be sent to Mrs. Fred T. Earwood, Box 755, on or before January 31.

The annual dance by the club is being held this year February 19 with Blue Baron Orchestra engaged to play for the dance.

Finklea emphasized that members will be contacted by the co-chairman, Mrs. Lawrence Finklea of the decorations committee, to help with decorating. Other members will be called upon to help with various things necessary in connection with the dance, and Finklea is asking the cooperation of those called.

25th Annual 4-H Show, Sale Set Friday, Saturday

The 25th annual Sutton County 4-H Livestock Show and Sale opens Friday with the market lamb show set for 1 p.m. The big day is Saturday with the breeding sheep show set for 8:30 a.m. The show schedule follows:

- 9 a.m. - Angora Goat Show
- 11:30 a.m. - Display Lamb Carcasses and results of carcass show
- 12 noon - free barbecue
- 12:30 p.m. - Auction sale of lambs
- 1:30 p.m. - presentation of awards and drawing for hand-made boots.
- Colonel Pat Cooper of College Station will serve as auctioneer at the lamb sale.

BILLIE ANN STEWART, 4-H SWEETHEART presents awards to the top ten winners in the live placing of finewool carcass lambs at the 4-H Center Monday. Dr. Frank Orts and James A. Gray judged the lambs. These lambs and the top ten crossbred lambs

carcasses will be displayed at 11:30 a.m. at the 4-H Center Saturday. The First National Bank sponsors the lamb carcass show. A free barbecue lunch will be served at the 4-H Center Saturday with the auction sale of lambs to follow.

Board Extends Contract Of School Superintendent

School Board trustees extended the contract of superintendent of schools, Ken McAllister for three years in the Monday meeting. McAllister's new contract is effective until July 1, 1975.

In other personnel matters while the meeting closed in executive session, the board members closed applications for the position of athletic director and head coach for the schools.

McAllister said a total of 53 applications have been received and Monday the trustees narrowed the number of acceptable applicants to 14. Plans are that one of the 14 persons will be

chosen as director and coach by the first week in February, McAllister asserted. The resignation of former head coach Bill Scoggins, was accepted at an earlier board meeting after Scoggins took a coaching job with Baylor University.

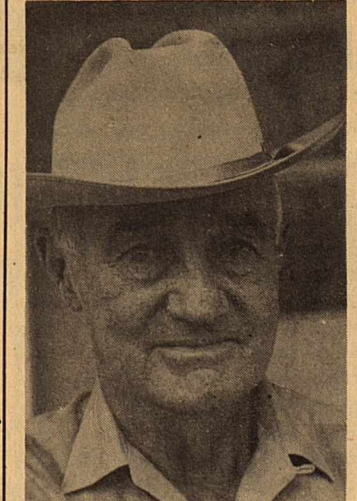

In other board action the annual speech tournament which is normally held the third week in February was rescheduled for the weekend of February 11-12. This action was taken in order to avoid conflict with the annual Fling Ding dance which is to be held February 19. Bills payable in the amount

of \$7,380.03 were approved for payment. Additional bids are being called for on work to be done on the tract at the high school stadium.

The resignation of Mrs. W.H. (Ruby) Dameron was approved effective June 1, 1972. In submitting her resignation, Mrs. Dameron stated that she had enjoyed her work in the local schools where she has taught for the past 20 years.

Carroll King, business manager, reported to the board that over 50% of the 1971 taxes have been paid, amounting to \$250,839.38.

A plot of lots available in the vicinity of the former L. W. Elliott school was approved by the board. Details on the cost of the lots to be offered for sale and other pertinent information will be discussed after approval of the plat by the city commission, the board members agreed.

Local Ranchman Harry B. Kiser Dies After Illness

Graveside services for Harry B. Kiser, 67, were held Friday, January 7, at 2 p.m. at the Sonora Cemetery and directed by Ratliff-Kerbow Funeral Home.

Mr. Kiser died January 5, 1972, in the Hudspeth Memorial Hospital following an extended illness.

He was born October 24, 1904 in Mason County and moved to this county about 50 years ago. He was a rancher and was married to Nora B. Hill June 2, 1938 in Del Rio. He was a member of the First United Methodist Church. The Rev. John M. Weston, pastor of the church, officiated at the services.

Survivors include his wife; a daughter, Mrs. Vernon West of Del Rio; a son, Larry Kiser of Midland; his mother, Mrs. J. L. Kiser; four brothers, Hugh Kiser of Arkansas City, Kansas, Charlie Kiser of Big Spring, Ernest Kiser of Ozona, and H. C. Kiser; two sisters, Mrs. Ruth Cox of Odessa and Mrs. Emma Bradshaw of Eldorado; four grandchildren and a great-grandchild.

Pallbearers were Luther Chalk, Theo Cahill, Lee Roy Valliant, Louie Trainer, Dennis Fisher and Jim Wilson.

Matt Davenport V. F. W. District Contest Winner

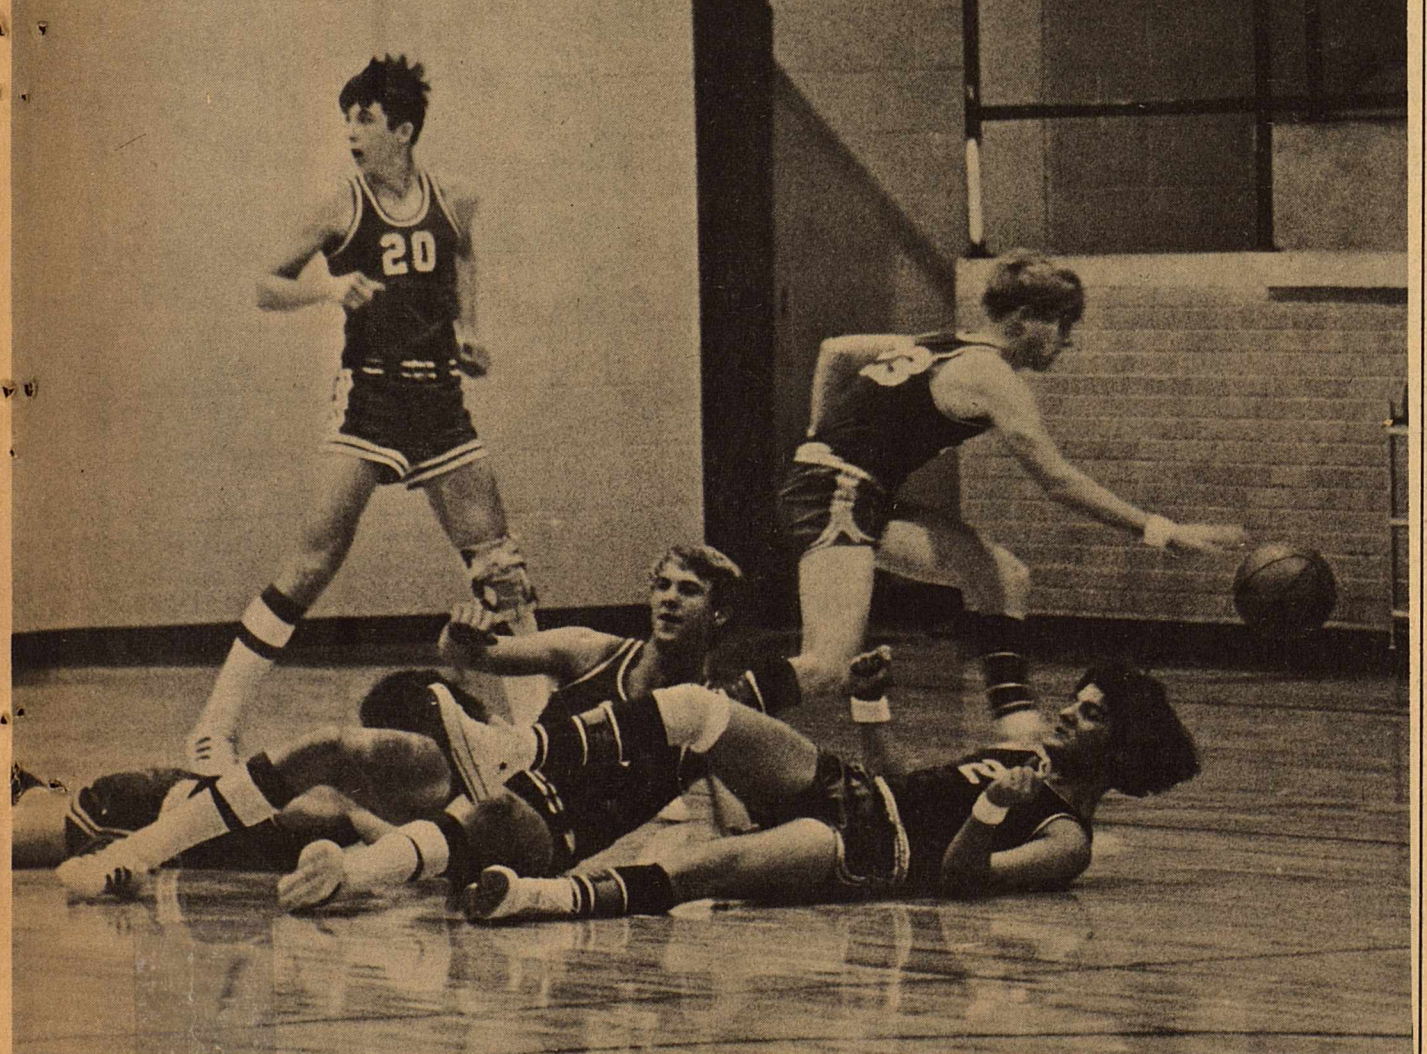

Matt Davenport, high school senior and winner of the local V. F. W. "Voice of Democracy" contest, went on to win the V. F. W. District 22 competition. The contest was held in Ballinger, January 6, at radio station KRUN.

In the district contest, Davenport competed against high school competitors in San Angelo, Ballinger, Eden, Rowena and Wall.

The next competition will be for the state championship. A. W. Saunders, commander of the local V. F. W. post, said the state winner will receive a \$1,000 scholarship and an all-expense paid trip to an awards banquet in San Antonio next month. The winner will also win a six-day paid trip to Washington to compete in the national contest. Winner of the national competition will receive a \$10,000 scholarship, Saunders added.

Local Persons Named To ASU Dean's Honor Roll

Three local students are listed on the Dean's Honor Roll for the fall semester at Angelo State University in San Angelo. John Roy Tedford, Jr. is listed on the 3.50 to 4.00 honor roll. The others are listed on the 3.00 to 3.49 list. They are Delma Leticia Galindo and Betty Lois Hearn.

BRUCE KERBOW and a BANGS DRAGON hit the floor in last Friday's play. Randy Hill is the other identifiable Bronco player. The Broncos won the game by a score of 68 to 49. Mark Rousselet was high point man for the Broncos with 26 points. Paul

Browne was second with 13 points. Coach Jerry Phillips varsity team got off to a slow start after the long football season that didn't end until mid-December. Both boys and girls teams will meet Eldorado here Friday night in the local gymnasium.

Editorials-Features-Columns

The most effective single force in building a good community is a good newspaper.

Good Job By 4-H

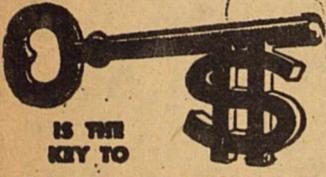

Nowhere has the common interest of business and agriculture been more evident than in the field of youth. Some time ago, a leading businessman, Mr. B. J. Yarrington, president of the American Oil Company and also president of the National 4-H Service Committee, touched on the substantial contributions of business over the past 50 years to the strengthening of 4-H activities. He comments that since the late 50's, the entire 4-H movement has had to cope with the many changes brought about by

expanding technology. "More and more", he says, "the thrust of 4-H training of young people has had to be oriented toward science... the change involved the whole science of agriculture and how the developing technology could be applied to provide food for people here and abroad."

Mr. Yarrington urges that the patterns of learning used in 4-H work be applied to public education generally. "Learning by doing--learning not just facts but how to use facts--learning to work and live in productive cooperation--all these things 4-H young people have been doing for years," he declares.

The work of 4-H'ers and their wholesome attitude toward life, home and country emphasize the fact that strength of character, intelligence and ambition are still in ample supply among the young people of this nation. As always, full development of these qualities depends on proper guidance and encouragement.

He Claims Woman Senator's Work Idea Could Set A Dangerous Precedent

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on Dry Devil's River probably is unnecessarily disturbed over something he read, his letter this week indicates.
Dear editor:
According to an article I read during one of the half-times last weekend, when Congress gets back into session shortly the only woman in the United States Senate is going to propose a Constitutional amendment requiring members of Congress to be on hand oftener. Absenteeism, she said, is the Senate's greatest disgrace and she is going to introduce a Constitutional amendment providing for the automatic expulsion of any Senator or House member not present for at least 60 percent of the roll call votes in any session.
This is dangerous legislation and I hope the absent Senators and Congressmen will show up long enough to vote against it. You require a Senator or a Congressman to work 60 percent of the time and first thing you know some Washington bureaucrat will get the notion the rule ought to apply to everybody.

I don't want anybody coming out here to my place telling me if I don't work 60 percent of the time I'll be expelled. I can't imagine Congress declaring it's unconstitutional to loaf.
Personally I always work more than 60 percent of the time, but I work under my definition of the word, not some woman Senator's.

Snips, Quips & Lifts

by LOTTIE LEE BAKER
—Generally we study too much and think too little.
—It's nice when I can make both ends meet and beat inflation's rap, but, golly, wouldn't it be nice to have an over-lap?
Professor, rapping on desk: "Order, please!"
Sleepy voice from back row: "I'll take a hamburger with onions."
—When you start forgetting you're forgetful, that is the time to start worrying.
—An egotist is always blowing his knows.
—In the old days big spenders spent their own money, not the people's.
—The toughest part of a diet isn't watching what you eat; it's watching what your friends eat.
—The most complicated task today is finding a way to live a simple life.
—The most dangerous wheel of chance is the steering wheel.
—The way the legislators spend our money makes you think they are.
—The first thing to remember in money matters—is that it does.
—Every self-made man requires working parts.
—Cooperation is doing with a smile what you have to do anyway.
—Beware of a loose tongue. It may lead to loose teeth.
—A politician is one who never met a tax he didn't hike.
Pinkerton—the famous detective agency—had as their early trademark, an engraving of a wide-awake eye, with the slogan, "We Never Sleep", which led to the term "private eye".
A LIFT FOR THE WEEK
The farther backward you can look, the farther forward you are likely to see.

I don't know what Senators and Congressmen do while they're gone 40 percent of the time, outside of running for President, but they've been on hand often enough now to pass more laws than most of us can obey.
Work is something I don't want anybody coming around to tell me what it is, and you can straighten out the grammar if you want to. Mayor Lindsay of New York knows what I'm talking about. While in Florida last week announcing he's running for President and will campaign all around the country, and when asked what about his job as mayor, he said "I'm mayor of New York 24 hours a day, seven days a week."
Those are my sentiments exactly. I run this place 24 hours a day, seven days a week and it'd scare me to death to have come woman Senator come out here and fine-tooth comb. I admire Senator Margaret Chase Smith of Maine but this time she's gone too far.
Yours faithfully,
J. A.

January Wedding Plans Told For Miss Edna Gandar

The engagement and approaching marriage of Miss Edna Gandar to Fernando Aguirre of San Angelo, has been announced by her parents. The couple plan to marry January 29, at St. Ann's Catholic Church with the Rev. Fr. Michael Fernandez officiating.

Parents of the couple are Mr. and Mrs. Celestino Gandar and Mr. and Mrs. Benjamin Aguirre of San Angelo.

Miss Gandar graduated from Sonora High School in 1968 and attended San Angelo Business College. She is an employee of General Telephone in San Angelo. The prospective bridegroom attended San Angelo

school and served two years in the U.S. Marine Corps. He is employed in San Angelo.

Second Armadillo Develops Leprosy

(Editor's note: This article was given to us by Will Smith of Will's Museum. He received it from some New Orleans, Louisiana visitors to his museum. Since armadillos are common to this area, Mr. Smith felt the article might be of interest to our readers.)

Two Louisiana scientists report that they have developed leprosy in a second armadillo in an effort to combat the baffling disease.

The announcement came less than four months after another experimental armadillo developed leprosy. That even was hailed as a milestone in research of leprosy, also known as Hansen's Disease.

Principal researchers in the two-year-old project are Dr. Eleanor E. Storms, director of biochemistry for Gulf South Research Institute at New Iberia and Dr. Waldemar Kirchheimer, chief of the Laboratory Research Branch of the U.S. Public Health Service Hospital at Carville.

The two researchers said the development of leprosy in the second armadillo assures that the initially infected animal was not genetic fluke.

Dr. Storms and Kirchheimer said this increases substantially the hope of establishing the armadillo as a model for the study of leprosy which affects an estimated 15 million persons around the world, including several thousand in United States.

Dr. Kirchheimer, an internationally recognized authority on leprosy said absence of a naturally susceptible animal model has prevented researchers from probing deeper in the mysteries of leprosy.

GSRI and the Carville scientists have inoculated a number of other armadillos with leprosy bacilli and are observing them carefully.

Armadillo used are the nine-banded variety, a foot-ball sized animal commonly found in much of the Southern U.S. The animals are kept in a controlled environment at the GSRI laboratories in New Iberia, Louisiana.

GOVERNOR PRESTON SMITH signs a proclamation designating the week of January 17-23 as "3.76 in '76 Week" in Texas as Dr. John E. Hutchison, Director of the Texas Agricultural Extension Service discusses the progress of the 3.76 in '76 program in Texas with him.

PRAYERS FOR 1972

By Everett H. Jones, Retired Bishop of the Episcopal Church

There are times when it is hard to put our own prayers into words. A recent collection, "Prayers for Modern Man" (Forward Movement Publications, Cincinnati, Ohio, 45202) does much to meet our need. For example:

"Show us how to love people in trouble. It is so easy for us to shrink from their pain, or to promise more than we have, or to abandon them when the help is costly. It is easy for us to make things worse. Give us love, courage, insight and common sense."

"Lord, what does all the turmoil in your Church mean? Is it part of the turmoil in the world at large? Is it a sign that your Spirit is troubling the waters of our ancient complacency? Is it both? Help us, we pray, to identify what is essential, and to participate in this, knowing that it may involve agony and joy."

"People are hungry in many parts of the world. Few of them want to live on scraps from our affluence. They need food. They need acknowledgment of their human dignity. Show us how to help with sensitivity and generosity of both goods and spirit."

"Many of us are hung up on

what it means to be persons, and what it means to be men and women. Help us, dear Lord, to value ourselves and each other instead of categories."

"Lord we pray for clarity, for understanding. Yet, when in a moment, we catch a glimpse of the glory of your love, often thru someone who isn't conscious of this happening, we find that the clarity for which we longed is almost more than we can bear. We run from the mountain top and immerse ourselves in complexities again. Yet we can never see them quite as we did before. And we thank You."

Green News

Thirty-four players tuned out for Sundays mixed tournament. Mickey Powers, Wayne Herrmann, Robert Taylor, "Chicken" McMillan and Peggy Stewart were on the winning team.

"Patch" Cochran, Pete Thompson, Joe Stewart and Peggy Elliott came in second. There was a three-way playoff for third place. This was won by Batts Friend, Buddy Brown, Charlie Preston, Ben Cooper and Mary Barrow.

Coaches Wuest and Snodgrass were seen on the practice tee this week. It's good to see them out after their long, hard winter.

Terri Wilderspin of Midland was here visiting Wanda Cahill and came out to play a round. There was also a group of six out from San Angelo Sunday. They played 27 holes and complimented the club on the condition of our greens.

Hospital News

Patients receiving treatment at the Hudspeth Memorial Hospital during the period from Tuesday, January 4, to Monday, January 10, include the following:

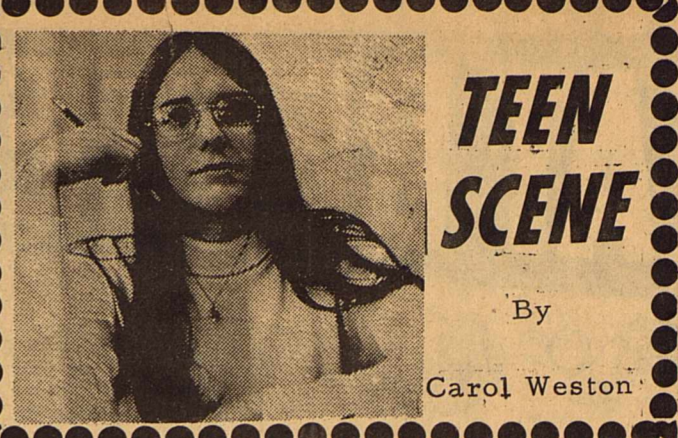

Katie Kiser
W.O. Alexander, Eldorado *
Nell Holman
Virginia Moore, Eldorado *
Lottie Turney
Harley Skinner
Mary Bruton, Eldorado *
Elizabeth Pharris
Susan Gunnels, Ozona *
Della Kisseburg *
Mamie Awalt *
Arturo Flores, Rocksprings *
Addah Cauthom *
Elmer Crumbley *
Jessie Drago, Ozona
Tricia McBride *
Louis Hipolito, Eldorado *
Daniel Brooker
Molly Hite
Frank Mayhew *
Helen Johnson
Ophelia Torres
James E. Evans, Ozona
Pedro Oroso, Ozona
Brigida Ramirez, Ozona

*Patients released during the same period.

V. F. W. Sponsors Light Bulb Sale

Tom Davis Memorial V. F. W. Post will conduct their semi-annual light bulb sale Saturday and Sunday.

Alan Saunders, commander of the post, said members will call at places of business and homes with bags of bulbs. Those who are interested may purchase the bulbs at that time.

TEEN SCENE

By Carol Weston

Maura Hernandez and Bobby Duran have been elected Mr. and Miss Personality for 1971-'72.

Matt Davenport won the district Veterans of Foreign Wars speaking contest, and a tape of his speech will be sent off and judged for State honors.

The boys' Junior Varsity basketball team defeated Sanderston last Thursday evening in the McCamey Tournament and fell in the second round to Fort Stockton.

The boys' Varsity lost both rounds in the Big Lake Tournament.

The Broncos began district basketball play against the Bangs Dragons last Friday evening. The varsity girls won their game by a score of 55 to 33 and

the boys won theirs 68 to 49. High pointers for the girls were Michelle Rousselot with 14 points and Billie Ann Stewart with 12 points.

Mark Rousselot was high pointer for the boys with 26 points, and Paul Browne was second high with 13 points.

The boys' varsity and the girls' varsity and junior varsity teams will play Eldorado here this Friday evening.

Next Tuesday, January 18, the boys varsity and junior varsity and the girls varsity will play Mason there.

This Thursday evening the

7th and 8th grade boys teams will play Big Lake there. The 7th and 8th boys and the 8th grade girls teams will play in Junction next Monday evening, January 17.

Congratulations to the following Broncos for making the All-State teams in the Texas Sports Writers Class A All-State team — Milton Noel, Steve Street, Bruce Kerbow, Gene Trainer and Tryon Fields achieved this great honor. Also congratulations to John Beckham, Milton Noel and Rick Street for making the Fort Worth Star Telegram All-State squad.

Several students of the advanced speech class spoke for the Lions Club Tuesday. Matt Davenport, Michelle Rousselot and Molly Sawyer presented their speeches on "My Responsibility to Freedom" which won them honors in the local V. F. W. competition. David Wallace presented his oration on wild life conservation with which he placed in the finals at the Odessa Speech Tournament earlier in the year.

Gas Drying

Electric Drying

Either we're four times cheaper, or they're four times more expensive.

Gas drying is not only easier on your pocketbook, it also makes life a whole lot easier.

For one thing, gas drying practically eliminates the need for ironing. The new gas dryers are so gentle that clothes come

out almost wrinkle-free. Clothes are tumbled dry, then cooled, and gently fluffed. Automatically. Pleats stay pleated. Creases stay creased.

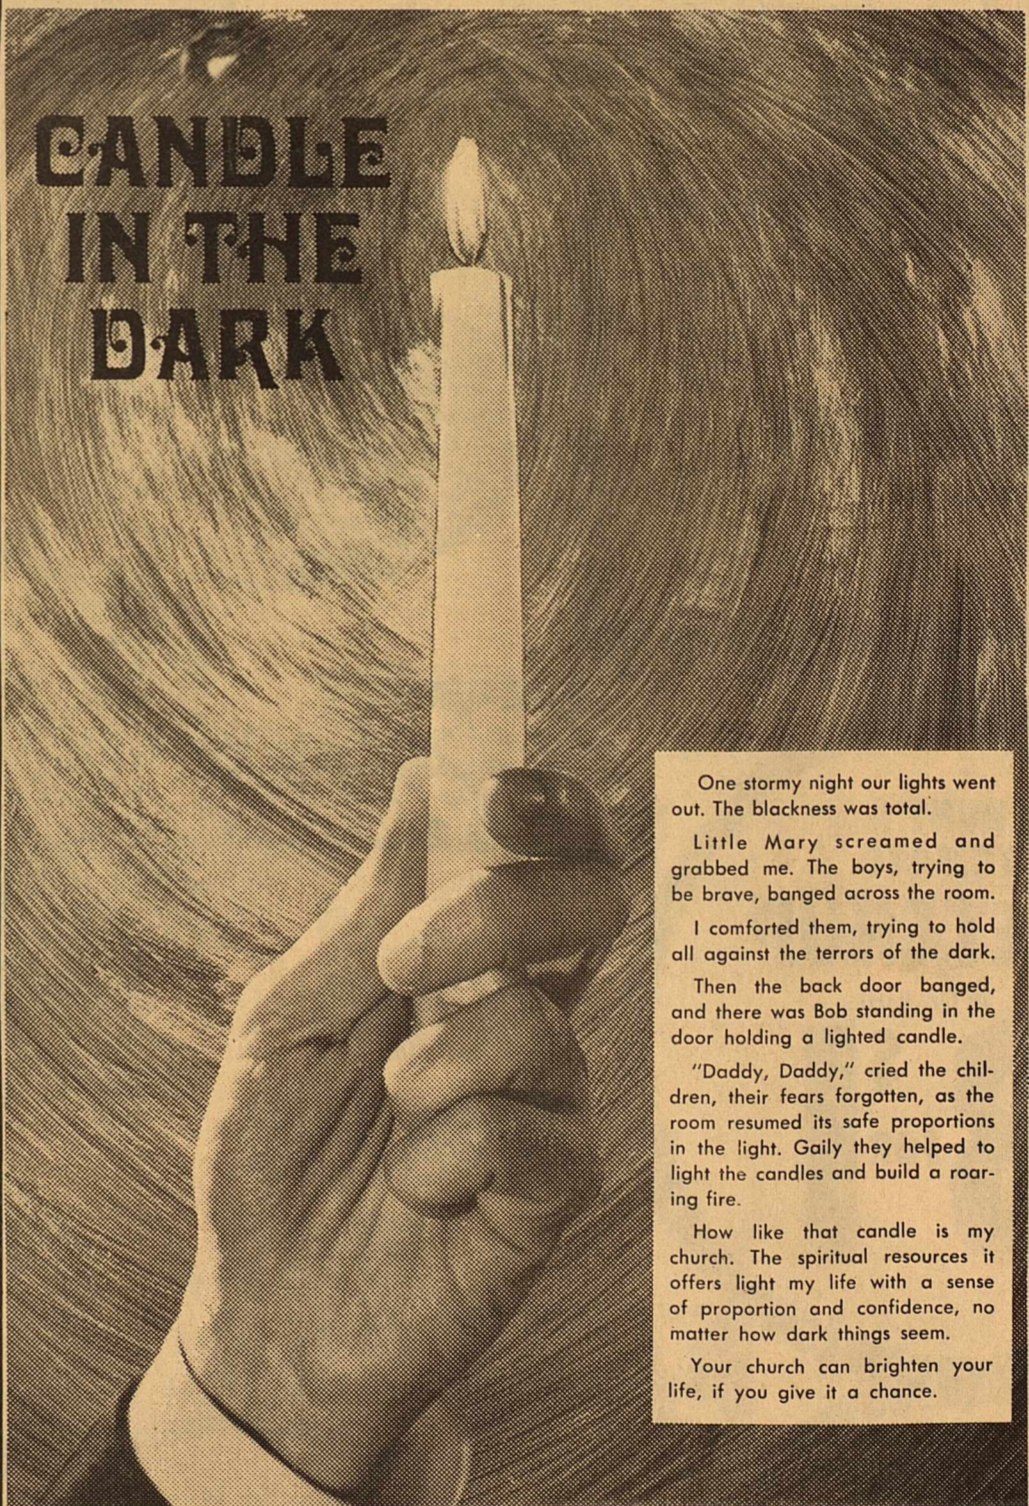

All this for a cost of about a penny a load. (Or \$2.00 a ton.)

Take a look at the new gas dryers at your gas appliance dealer. Then do something nice for yourself.

And your pocketbook.

Lone Star Gas

CANDLE IN THE DARK

One stormy night our lights went out. The blackness was total.

Little Mary screamed and grabbed me. The boys, trying to be brave, banged across the room.

I comforted them, trying to hold all against the terrors of the dark.

Then the back door banged, and there was Bob standing in the door holding a lighted candle.

"Daddy, Daddy," cried the children, their fears forgotten, as the room resumed its safe proportions in the light. Gaily they helped to light the candles and build a roaring fire.

How like that candle is my church. The spiritual resources it offers light my life with a sense of proportion and confidence, no matter how dark things seem.

Your church can brighten your life, if you give it a chance.

Address Reports Required Of Aliens

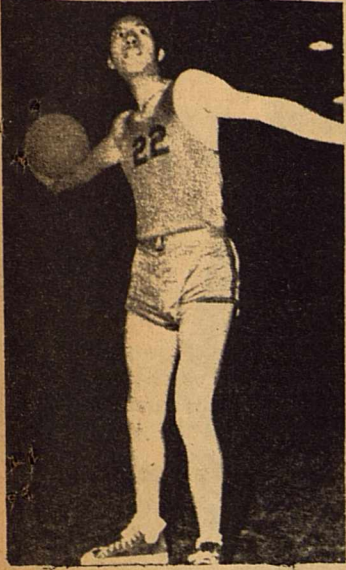

District Director, Albert G. Vaughan of the Immigration and Naturalization Service stated that aliens in the United States will be required to report their addresses to the Attorney General by the end of January.

All aliens, with few exceptions, who are in the United States on January 1 each year must report their addresses by the end of that month. Only the following classes of aliens are excused from this requirement: (1) Accredited Diplomats; and (2) Persons accredi-

ed to certain international organizations. Forms with which to make the report can be obtained from any Post Office or Immigration and Naturalization Service Office during the month of January.

Also, this year the reporting requirement has been broadened to additionally provide for the mailing of completed address reports directly to the nearest office of the Immigration and Naturalization Service.

Mr. Vaughan said that the law provides severe penalties for failure to comply with the reporting requirement.

Guess Who!

Last week who's who was Mrs. Mickey (Alice Claire Jones) Powers. This week's basketball player played for the Broncos in the early '50's.

FORT WORTH STOCK SHOW RODEO

Rail Hearing Info Received By F. Campbell

Fred Campbell received the following letter from the office of Congressman O. C. Fisher in regards to the Atchison, Topeka & Santa Fe Railway Co. abandonment in this area. Dear Congressman Fisher:

Thank you for your letter of December 14, 1971, expressing interest in the above-entitled matter.

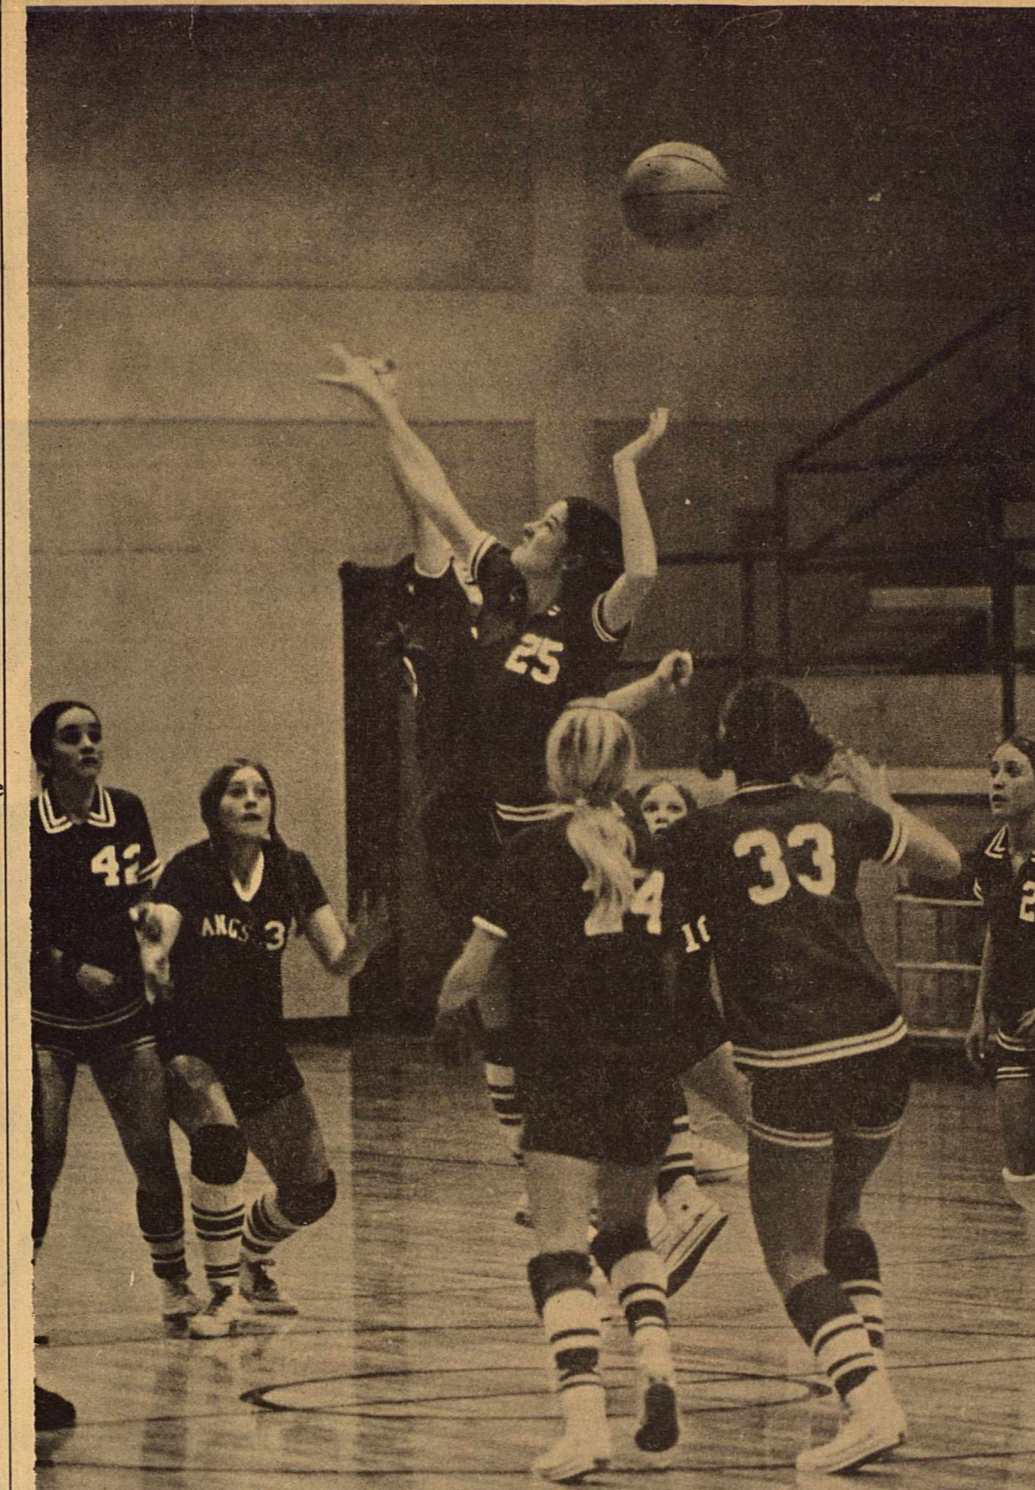

This application was heard by a hearing examiner of this Commission at San Angelo, Texas, on October 18, 1971, and briefs of the parties were received December 2, 1971. The matter is now awaiting a report and recommended order by the hearing officer and his decision will be reviewed by the Commission in the event any parties file exceptions thereto.

You may be assured that in this case, as in all cases, the Commission will give careful and thorough consideration to the evidence and the needs for transportation service.

Sincerely yours,
/s/ George M. Stafford,
chairman

SS Representative Sets Visit

Johnny Grammer, field representative for the San Angelo Social Security Office, has scheduled his January visit to Sonora. He will be at the County Courthouse Thursday, January 20, from 9 to 1 a.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

THE VARSITY GIRLS WON THIS GAME against Bangs by a score of 55 to 33 in last Friday night's game. Michelle Rousselot (21) was high point player with 14 points and Billie Ann Stewart was second with 12 points. Other local girls shown here include Janet Pope (25), Jessie McCutchen (42) and Cora Pope (33). Ray Mason is the coach for the girls basketball teams.

Coffee Break

1972 is getting well on its way. Guess you have your New Year's resolutions all made and most of them broken by now. Whatever the old year meant to you, it's in the past and should well be kept there, with only thoughts of making this a better year for yourself and those around you. It's that time when all those who transgressed against you in '71 should be forgiven, and a kind thought given to those not so kindly thought of a year ago. Make this new year a happy home year. What mother couldn't be a little brighter of disposition? These are a few of my resolutions and if I can only half keep them I will have accomplished more than I did in the past year.

—SKH—
WHAT'S A FRIEND?
When things don't come out right, she comes right in... When none of your dreams come true, she is... She never looks for your money except where you've lost it.

She never gets in your way except to clear it for you. Nothing is more important to her than making you important... She is in your corner when you're cornered... She turns up when you get turned down. All she wants in return for her helping hand is your handshake. She never insists on seeing you except when nobody else wants to... She raps your critics when they're wrong and takes the rap for you when you're right. The only way she sponges off you is to absorb some of your troubles so you can have strength to fight... When you're taking bows, she bows out... You can do anything you want to with her friendship except buy it or sell it.

Visiting Mrs. Pauline Rees at the Nursing Home December 30 were Mrs. James Caldwell of San Angelo and Mr. and Mrs. Glen Parkston of San Marcos. Mrs. Parkston is the former Ann Caldwell, and she and her husband will leave for France March 15. Also visiting Mrs. Rees as New Year's visitors were Mr. and Mrs. Chet Hershfield of San Diego, California. Mr. and Mrs. Jack Trainer and Gene left for Houston Tuesday, where Jack will be admitted to the Methodist Hospital for possible surgery. Get well soon, Jack.

CONGRATULATIONS. You just saved \$5 by doing your own income tax. And all it cost you was three long, sleepless nights. And a slight case of heartburn.

If you had gone to H & R Block, on the other hand, you could have relaxed while someone else figured out your return. Quickly and confidentially. Probably unlike any way you've ever done it before. And, when you figure your own, you may be entitled to deductions you're not taking and taking deductions you're not entitled to. For instance, do you know all about deductions for child care or casualty losses? Or, that if your income increased over the last few years, you may save tax dollars by "income averaging"? And even if you did, would you know how to go about "income averaging" to begin with? Probably not. And there's no reason why you should. After all, they'll sit you down over a free cup of coffee and show you some things about your income tax that you might never have known existed.

Furthermore, if your return is audited, we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative. This means that H & R Block is ready to offer you year 'round tax service for just one low fee a year, with no extra charge for audits and estimates. H & R Block's charges start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year. Which is somewhat less than what you paid.

Not to mention the fact that aggravation isn't tax deductible. And we are. DON'T LET AN AMATEUR DO H&R BLOCK'S JOB. H&R Block. The income tax people.

Looking Back . . .

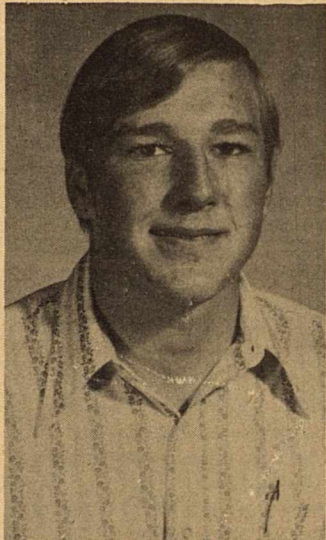

SUTTON COUNTY COURTHOUSE has been the scene over the years not only of trials and other official business of the county but also of dances, commencement exercises, and other public gatherings. It even

MILTON NOEL and **BRUCE KERBOW** along with Bronco teammates Gene Trainer, Tryon Fields and Steve Street were named to the Class A All-State football team as released by the Texas Sports Writers Association. Noel polled the most offensive back votes to pace the selection. He was the only Bronco placed on the first team, while the others won second team placings.

School Trustees Adopt Rental Policy

Trustees of Sonora Independent School Board adopted a policy on school rental property at the January 10 meeting. The policy reads:
 . . . The school district will pay for the general upkeep and repair of the rental property.
 . . . A refrigerator and stove will be provided for each apartment. No other furniture will be furnished. Window coverings will be the roller type shades.
 . . . The refrigerator and stove are not to be removed from the apartment without prior approval from the school district.
 . . . Property is now rented as unfurnished. Teachers living in school housing will be permitted to use school furniture without charge, but it will not be replaced when worn or broken. Teachers who have school furniture will be expected to return it to the school, or under some circumstances, the teacher may purchase the furniture.

BRONCOS CONTINUE TO RECEIVE honor as John Martin Beckham was named to the Fort Worth Star-Telegram's 1971 Class 1-A all-state football team. Beckham, grandson of Mr. and Mrs. Harold Schwiening, was named to the first team defense, although he was unable to participate in the playoffs due to injuries. The newspaper named Bruce Kerbow, Milton Noel and Rick Street to the second teams.

. . . The school district will pay for repair of property damaged under normal usage. The teacher will be expected to pay for any repairs that are not considered normal wear and tear.
 . . . Furniture and equipment will not be removed from individual teacherages without permission.
 . . . Summer rent will remain the same.
 . . . The board may request a deposit for the property. This amount will be reimbursed when a teacher moves out of the teacherage.
 . . . Rent will be deducted from the teacher's salary.
 . . . Minor emergency repairs, the occupant may call the electrician, plumber, etc. Max Hardegree may also be called.
 . . . Major repairs or renovations—contact the superintendent.
 . . . Teacher occupants are expected to take reasonable care of the school property.
 . . . Utilities are not furnished. Outside water is furnished for the apartments.
 . . . A lawn mower has been purchased for the apartments and is not to be removed from the area. Occupants in the houses will not be furnished a lawn mower.
 . . . Occupants are requested not to drive across the lawns.
 . . . Inside painting—the paint will be furnished by the school district.
 . . . Outside painting—paint and labor will be furnished by the school district.
 . . . The T. V. cable to the apartment has been paid for by the district. Occupants will pay the monthly fee.
 . . . School property will not be used for private use without permission.
 . . . Supplies and equipment purchased by the school remains the property of the school.
 . . . Occupants will be expected to pay utilities when due.
 . . . Please return all school equipment promptly.
 Presently the school has a total of ten apartments and houses rented to teachers.

Accent on Health

The collection and disposal of used materials today constitutes a large problem that simply can no longer be ignored.

"Perhaps the most awesome task facing mankind today is the disposal of the wastes he produces," said C. K. Foster, director of Sanitary Engineering Division of the Texas State Department of Health. "Much attention has been focused on air and water pollution, but only recently has land pollution, or solid wastes, been a topic of equal concern."

of sanitary landfills, for operation of incinerators and compost plants, standards for collection systems, and rules for handling and disposing of hazardous and industrial wastes.

A survey by the State Health Department a few years ago in each of the 254 counties of the state revealed only 40 of

875 land disposal sites as being sanitary landfill operations. The sanitary landfill is the most common and generally the most economical method in Texas of disposing of solid wastes. Unlike the dump, the sanitary landfill employs the compaction and cover of refuse at the end of each day's operation.

Only two large incinerator plants are located in Texas. Amarillo has a 300 ton per day plant and Houston a 700

ton per day incinerator. Houston has the State's only successful composting plant, which recycles and recycles all the materials it handles. The need for action now, and continued planning to solve the solid waste problem, is evident in Texas' continued population growth. By 1986, the population will be approximately 16 million people producing some 8 pounds of solid waste per person per day, or 48 billion pounds of garbage each year.

In Texas, studies have shown an average of nearly one ton—2,000 pounds—of refuse per person is thrown away each year. This is about five cubic yards of compacted solid waste. Or 5.5 pounds of solid wastes per individual per day. Collection of solid wastes represents 80 percent of the cost; disposal accounts for the remaining 20 percent.

Solid waste is a health problem. National concern has brought forth federal and state recognition of that problem. The Texas Legislature gave the State its first comprehensive solid waste legislation in 1969.

"Actually, the State Health Department has had an active solid wastes program since 1944 when one man in the central office headquarters was assigned to devote full time to the problem," said Foster. "Now the State has a comprehensive solid wastes control plan, with rules instituted by the State Health Department for site selection, design and operation

Wouldn't you know secretaries would buy products designed by a secretary?

Put the secretary's favorite correction fluid in a graceful new dispenser and what have you got? An instant success called Liquid Paper slipstick™. Secretaries love it for its speed and precision in correcting the tiniest typing error. They love it for the same reason they've always loved Liquid Paper in the bottle: perfect corrections.

SLIPSTICK _____ \$1.25
 BOTTLE _____ \$1.10
 THINNER _____ 45¢
