THE HILL THAT MOST SONORANS HAVE been looking at for a long time is fast changing its face as work progresses on this section of Interstate 10. Bridges are under construction and with the mild winter in this area, work on the interchange has proceeded without interruption. With two road crews and the pipeline construction crew all working here presently, the cafes and other businesses have enjoyed an unusually busy winter and early spring.

Salvation Army Drive Set Here

The Salvation Army Drive here is getting underway this week, according to announcement by Mr. Carlos Storm, drive chairman. The workers will be giving of their time voluntarily. Each citizen in the community is urged to be aware and ready when a worker comes by.

The Salvation Army helps many thousands of people throughout the State of Texas each year. It helps those in extreme need of clothing, food, medicine, and in all other types of suffering and distress that come to people everywhere. The help and concern of everyone will be greatly appreciated, said Mr. Storm.

Norman Rousselot Seeks Reelection

Norman W. Rousselot, who has served as Mayor of the City of Sonora, since his appointment in 1969, then elected to the office in 1970 for a two-year term, has announced his candidacy for the office.

Rousselot, a Sutton County ranchman, and his wife, the former Doris Mayer, are parents of three children, Mark, Michelle, and Renee.

In seeking the office of Mayor, Rousselot submitted the following statement:

"In announcing my candidacy for Mayor of Sonora, I would like to thank the citizens of our good town for their cooperation and support in these last four years. I would also like to give my special thanks to the employees of the city for their cooperation and dedication to their duties through some rather difficult times in the past few months. We have a wonderful staff, and I am proud of all of them.

It is my opinion that the city is improving their services and will continue to do so in the future.

School Trustee Election Set

In a special called meeting Monday, members of the Sonora Independent School District Board of Trustees approved the order for an election of two members to the Board Saturday,

April 1. Drawing for placing names on the ballot was held with candidates for Place One in the following order: 1, J. D. Cook; 2, Dr. Lonnie Pollard and 3, Bill Savell. In Place

Two the ballots will appear. 1, Lin Hicks; 2, James T. Hunt. Two members will be elected, one from each of place one and two.

Jerry Johnson was named as election judge to be assisted by clerks Mrs. Hub Hale, Mrs. Joe Hull and Mrs. Ernest McClelland. Absentee voting begins Monday at the County Clerk's office, and balloting April 1 will be held at the courthouse.

In other action, new personnel approved included Bill Harle, as assistant coach, as well as Mrs. Bill Harle and Mrs. J. T. Hill, subject to assignment.

The board approved purchase of ten uniforms for use by band members.

Superintendent Ken McAllister held some discussion with board members on the importance of students attending classes regularly, reporting that absenteeism has remained somewhat high. He stressed that students should not be absent except for illness or other emergency. He also stressed the importance of all parents notifying the school in regards to a pupil's immunization record before June 1.

Absentee Voting Begins Monday

Absentee balloting in the school trustee election and the city election begins Monday, March 13, and continues through March 28. Persons wishing to vote absentee in the school election may do so at the County Clerk's office in the courthouse. City absentee balloting will be conducted at the City Hall with the City Secretary in charge.

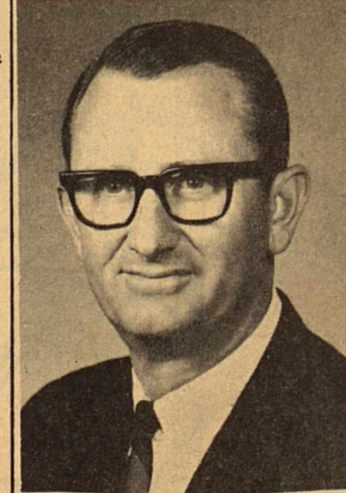

Voters are being reminded that the election is being held the day before Easter Sunday and many persons might possibly be out of town as schools will dismiss March 24 for the spring holidays. Classes resume April 3; therefore, it is expected that absentee balloting may be unusually heavy because of this long holiday period.

The First Baptist Church Schedules Spring Revival Services March 12-19

The First Baptist Church has scheduled a spring revival during the week of March 12-19. Services will be held each weekday morning at 7 to 7:30 with refreshments served after the services. Services at night have been set for 7:30. Sunday ser-

VICES will be held at the regular time of 10:50 a.m. and 7 p.m. The Rev. Clifton Hancock, pastor of the church,

Rev. T. O. Upshaw

announced the revival and time schedule.

Speaker during the revival services will be the Rev. Therman O. Upshaw, who in 1970 became Area Missionary for the Baptist Double Mountain Area. This area is comprised of five counties just north of the Abilene, Sweetwater geographical area.

After his graduation from Southwestern Baptist Theological Seminary at Fort Worth, he became pastor of the First Baptist Church of Lefors, where he served for eight years. He was then pastor of the Central Baptist Church of Pampa, ministering there for approximately ten years. He and his wife, the former Georgia Gruben of Rottan, have one son and two daughters.

Mr. David Norvell, a native of Fort Worth, will be in charge of the music during the revival services. He has served as Minister of Music and Youth at Wilshire Park, Midland, and also Immanuel Baptist of San Angelo. He has been Minister of Music and Education at College Avenue, Big Spring since May of 1970.

The Rev. Mr. Hancock said the public is cordially invited to attend the services.

City Officers' Election Set Saturday, April 1st

At the Monday meeting of the city commission, city officers' election was called for April 1 and John Eaton was appointed election judge. Assisting Eaton as clerks will be Mrs. Santos Lopez and Mrs. P. J. Taylor. All persons seeking places on the commission are running unopposed with Norman Rousselot, mayor, Walter C. Pope, III and Mrs. T. K. Nevill, as commissioners. W. B. McMill-

lan, incumbent, declined to be a candidate for reelection as city commissioner this term. In other city business a policy pertaining to 220 volt wiring was approved by the commission. A complete copy of the resolution is on file at the City Manager's office, but the resolution reads in part... "On normal residential installations of ranges, dryers, water heaters, space heaters, window air con-

ditioner, etc., the electrician will supply all labor, tools and transportation necessary at a cost of \$7.50 per each appliance outlet...."

This installation applies to electric wiring to 220 volt appliances owned by city electric customers.

The city received \$1,288.88 from Lone Star Gas Company paid on the 2% basis of total receipts of \$64,444.17 to Lone Star in domestic and commercial accounts here.

Sheep And Goat Field Day Set

Ram test results and discussions of the wool and mohair market situation, the predator problem, nutrition of range animals and reports of current research will highlight the annual Sheep and Goat Field Day at the Texas Agricultural Experiment Station March 16.

The program will open with an inspection of rams and discussion of performance test results from 9 to 11 a.m. at the station.

At 11 a.m., Dr. Leo B. Merrill, associate professor in charge of the Sonora Research Station, will welcome field day visitors. Doyle L. Moore, District Agricultural Agent for Extension District 13 at Uvalde, will be master of ceremonies.

Jack L. Groff, sheep and goat specialist with the Extension Service at Kerrville, will discuss the wool and mohair market situation. Robert Kensing, Extension area economist in management, will make income comparisons by livestock and game species in the Edwards Plateau.

Activities of the Texas Sheep and Goat Raisers Association and information about the predator control referendum will be

discussed by M. L. Mertz, vice president of the association at the afternoon session. Dr. Maurice Shelton of the Texas Agricultural Experiment Station at San Angelo, will discuss research contributions to the predator problem. J. E. Huston, research associate with the Texas Agricultural Experiment Station, College Station, will speak on "Value of Biuret in the Nutrition of Range Animals"

Dr. Carl Menzies, resident director of research at the Texas A&M Agricultural Research and Extension Center, San Angelo, will discuss progress and plans for the new San Angelo Center. Announcement of ram test results and awarding of merit certificates will be conducted by Joe Stewart of the Experiment Station and Gerald Porter, president, American Rambouillet Sheep Breeders Association, Fort Stockton. Dr. James W. Bassett, associate professor in the A&M Animal Science Department, will discuss current research results relating to sheep and goats.

The program will end promptly at 3 p.m. All interested producers are invited.

James Bunyard of San Angelo met with the city commission as a representative of a firm interested in locating a truck stop adjacent to the IH10 and US277 highways. The firm proposes to buy three acres of land and made an offer to the city. The commission asked for 30 days to accept or reject the offer of \$15,000.

Vacation and annual leave pay as proposed by city manager Alex Binford was adopted by the commission. Briefly the vacation plan covers a proposal whereby full-time city employees will be given two weeks paid vacation, based on an employment record of one to 10 years; 10 to 20 years, 3 weeks and 20 years and over, four weeks. Each employee is allowed sick or personal leave, subject to limitations, of 10 days per annum. Specific rules and regulations are set out in the resolution, which is on file with the City Secretary, in regards to limitations and conditions applying to the vacation and/or sick or personal leave.

Horse Owners Urged To Get Jump On VEE

Horse owners throughout Texas are urged to "get the jump" on VEE, Venezuelan equine encephalomyelitis, that deadly sleeping sickness of horses. All horses that were not vaccinated last year should be vaccinated as soon as possible.

It was less than a year ago that the disease swept into the state from Mexico, killing hundreds of horses in its path.

The 1972 campaign against VEE calls for vaccination of all equidae (horses, mules and donkeys) not vaccinated last year. In addition to Texas the vaccination campaign will include the Gulf Coast states and states adjoining Mexico. All these states have been designated "high risk" states by the U.S. Department of Agriculture.

Officials of the USDA's Animal and Plant Health Service believe that VEE will break out again even though the disease was confined to 25 Texas counties in 1971. So, it's important to vaccinate now before mosquitoes which transmit the disease emerge in the warm months ahead.

This year the vaccination program will be conducted at the horse owner's expense. Commercial vaccine is available and must be administered by a veterinarian.

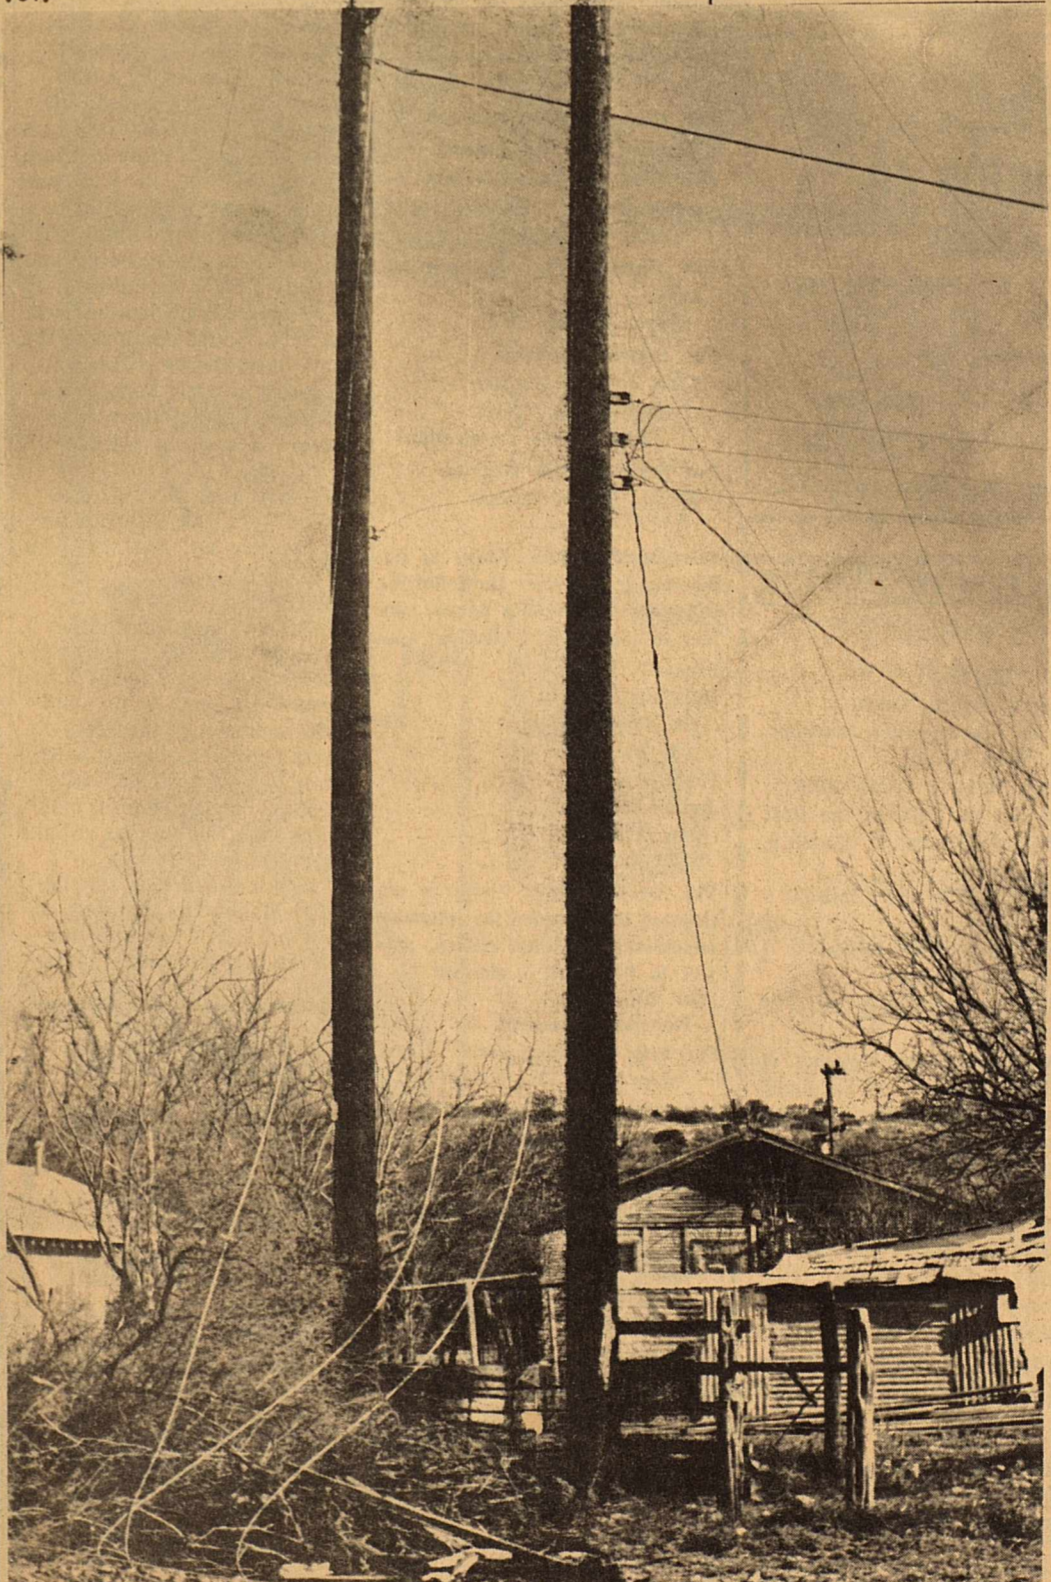

Texas is still under federal quarantine for VEE. Thus horses must have been vaccinated for VEE at least 14 days before being allowed to leave.

All Sports Banquet Hosted Friday

Members of the Bronco Booster Club are sponsoring an all-sports banquet at the 4-H Center Friday at 6:30 p.m. Tickets are \$4.

Dick Street, president of the Boosters announced that the speaker for the banquet is head football coach Grant Teaff of Baylor University.

Honor guests at the banquet will be coaches and all students who are participants of the local sports.

A LOT OF FOLKS WERE WITHOUT ELECTRICITY recently when a dragline operator on the IH 10 utility poles. Many townspeople lost current to their homes for several minutes, as well as some businesses, including the hospital.

CRIMES AGAINST YOUTH

Girl Scout Week, to be commemorated March 12-18, marks the 60th Anniversary of Girl Scouts of the U.S.A. The purpose of the Girl Scouts' organization remains unchanged from the day it was founded by Juliette Gordon Low in 1912. It seeks to inspire girls with the highest ideals of character, conduct, patriotism and service so that they may become happy and resourceful citizens.

Membership is open to all girls from 7 through 17 years of age who accept the Girl Scout Promise and Laws.

Total membership is now nearly four million. This includes 3,250,000 girls and 870,000 adults. Since 1912, there have been almost 32 million members (25 million girls and 7 million adults). The adult members serve as leaders, program consultants or as members of boards of directors, finance committees, camp committees, troop committees or in other positions of voluntary leadership.

During Girl Scout Week the public has an opportunity to become better acquainted with its Girl Scouts and their leaders. It will be reminded that here is a group of nearly four million citizens embodying the highest qualities of character and idealism. They represent the homemaker and community leaders that will have much to do with shaping tomorrow's America.

Serving the Girl Scouts in our community is Mrs. Mickey Powers, field advisor; Mrs. Patrick Reardon, neighborhood chairman; Mrs. Robert McGee, Mrs. Robert Mooney, Mrs. Bill Fish, Mrs. Phil Stinson, Mrs. Jack David Wardlaw and Miss Mary Alice Herrera, all who serve as Girl Scout leaders.

Those who serve on the board of directors at the El Camino Scout Council are Mrs. A. E. Prugel and Mrs. Jerry Don Balch. Edwin Sawyer is a member of the trust committee and Mrs. Joseph Vander Stucken is third vice president of the council.

Congratulations to those who serve in the various capacities and congratulations and best wishes to Girl Scouts of the United States of America on their 60th birthday.

PHILOSOPHER SEZ...

He Sees Some Difficulties Ahead For China-U.S Cultural Exchange

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on Dry Devil's River examines a small part of the new U. S. - China relationship in his letter this week.

Dear editor:

As I understand the news from China, although at first all the news we could get was the newspapers over there had, on the second day, discovered that President Nixon was there, at any rate, as I understand it, a new cultural relationship now exists between China and the United States.

Naturally, a cultural relationship is based on one nation's respecting the other's cultural

practices, and there's one point that has me worried.

I understand President and Mrs. Nixon practiced several weeks and—I saw it on television—managed to handle the sticks fairly successfully. But that was with Chinese food.

Now you take American food, that's going to be a different story. Show me the man who can eat soup with a set of chop sticks.

Ice cream? At first, when it's still fairly firm, I suppose an expert could dig in all right, but when it starts to melt, and an experienced ice cream eater knows ice cream tastes even better when it starts to melt a little, then you're going to run into real trouble, although I guess an ingenious person could hollow the sticks out when nobody was looking use them as straws.

I won't even imagine what'd happen to a man armed only with chop sticks and confronted with a T-bone steak, not to mention poached eggs or cornflakes.

It seems to me there may be more problems with this cultural exchange than some people anticipated.

Yours faithfully,
J. A.

THE LAND

THE LAND is one of man's most valuable assets—we think it is prime collateral. In the past 54 years the Federal Land Bank of Houston has made almost 200,000 loans on Texas farms and ranches.

In other words, we specialize in making farm and ranch real estate loans—long term loans with prepayment privileges.

don't be a water waster!

You don't wait on hot water when you have a quick-recovery electric water heater. That's right, even on wash days you'll have enough hot water. The answer is a modern, quick-recovery electric water heater.

- The flameless, quick-recovery electric water heater gives you gallons of steaming hot water... heated faster than with older models. Under normal use, it never runs out!
- And because an electric water heater is flameless, it needs no vents... needs no fuel! You can put an electric water heater anywhere. And, this means shorter pipe runs. Less installation cost.
- Don't wait on hot water. Install a new quick-recovery electric water heater and let the water wait on you!

Miss Peggy Lynn Grobe became the bride of Julius Seligmann III, March 4, 1972 in the First Christian Church in Durant, Oklahoma. Mr. Wayne Estus, minister of the church, officiated.

Parents of the bride are Mr. and Mrs. Ed Grobe, and the bridegroom's parents are Mrs. Jack W. Millis of Toledo, Ohio, and Julius Seligmann, Jr. of San Antonio.
The bride is a graduate of the

University of Texas at Austin and the bridegroom attended Texas Tech University, and is employed as credit supervisor of Master Charge at Houston National Bank in Houston. Following a wedding trip to Cloudcroft, New Mexico the couple will be at home in Houston.

A Bishop Looks At Life CRIMES AGAINST YOUTH

By Everett H. Jones
Retired Bishop of the
EPISCOPAL CHURCH

In the motion picture "Toklat" there is a memorable scene when the mother grizzly bear, having nurtured and guided her child in the ways of survival, vigorously—almost viciously—compels him to leave the warmth of her side and go out into the world on his own.

The same deep-seated animal instinct leads the mother bird at the appropriate time to push her young out of the nest, thus forcing them to learn to fly.

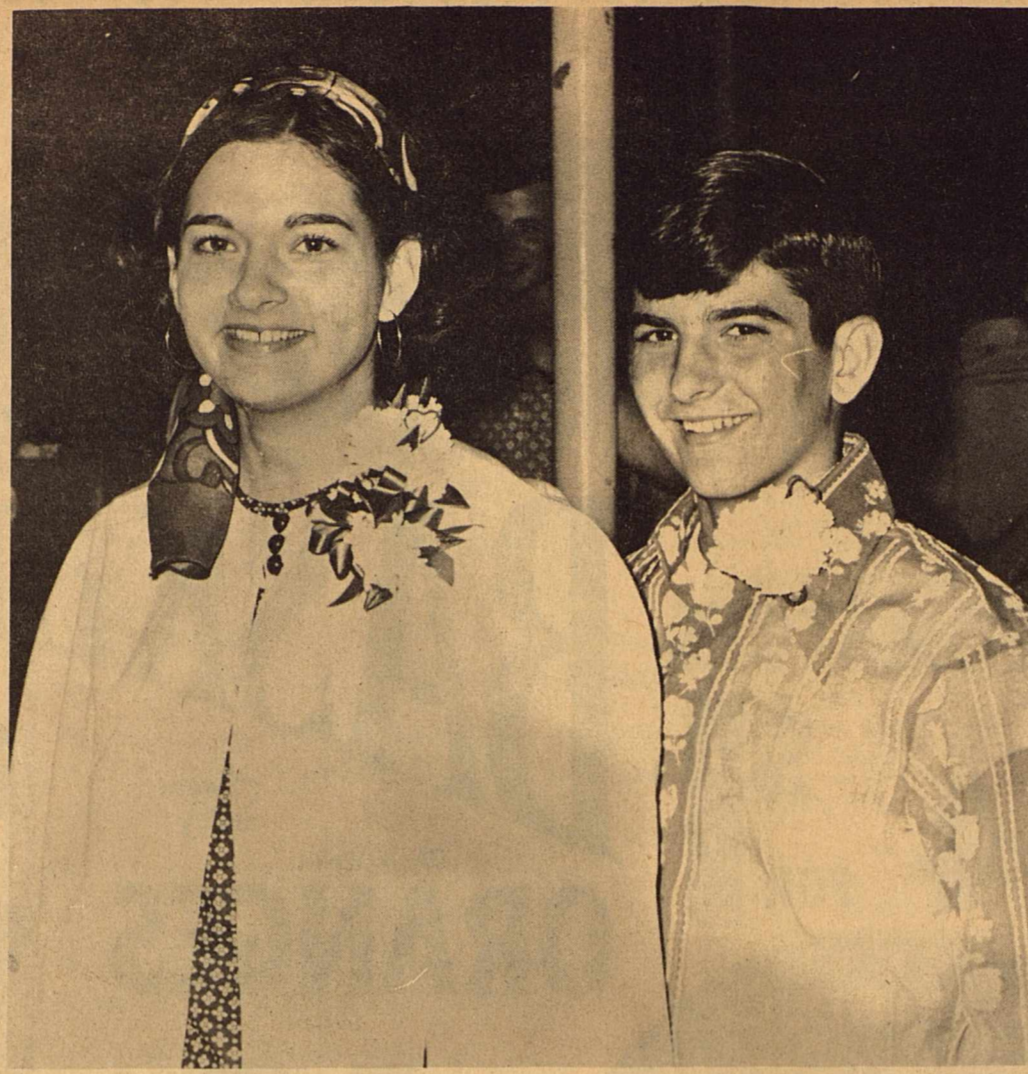

A father recently told me that his son's behaviour became so unacceptable that he was forced to take strong disciplinary measures. He feared this action might strain their relationship, perhaps even to the breaking point. He found to his surprise that the opposite happened and the boy showed greater affection than before. The son commented: "You made me see that you really cared."

Much of the confusion in home life today comes from mistaken ideas as to what a good family should do for those it is preparing for a life of their own. Sometimes the chief goal is to make them socially attractive and popular. Sometimes the chief goal is to equip them for financial success, possibly to carry on a family business. Sometimes it is to insure that they will reflect the traditions, customs and attitudes (prejudices?) of their parents.

Actually the greatest achievement of a good family is to put into the world a fully developed human being, capable of independent choices and decisions in the light of his own God-given uniqueness and aware of resources within himself equal to the tests life will bring.

Here is a timely prayer by Helen Redett Harrison: "Dear Lord, is not the crime against youth today in robbing them of their heritage of discipline? Do not blind, indulgent parents send their permissive children into the world maimed, as far as their spirits are concerned? Children are not stupid, Lord. They know when status is more important than character—when the proper hairdo or social success is the ultimate thing to acquire. Dear Lord, should not the family be a harbor from which the ship is prepared to sail to sea, not a dock where it ties up and rots? Amen."

Election time is drawing near and those who plan to be out of town on election day for any election—school, city or county, should plan to vote absentee. Notice of elections will be run for each. Time, place and date for voting along with instructions for those desiring to vote absentee can be found in these notices.

A contest in Precinct three for County Commissioner is the only contested county office. If you are not in precinct three of course this will not effect your ballot.
The school board election is quite another thing. Three are vying for the number one spot along with two for place number two. All those running I feel, would make fine board members, but all of us having our favorites should make it a very interesting race indeed.

Do you feel you shouldn't bother to vote in the City election because of no contested races? The place of Mayor and both City Commissioners with none having opponents makes most people feel pretty self confident that these will be our next mayor and commissioners. Not so. If for no other reason these three people need to know they have the support of the city voters behind them. But a very important reason—write-in votes. If these are your choices to fill the seats of city fathers, go out and vote on election day. Write-in votes from a group of interested, public-minded citizens can defeat the candidate of your choice unless you are at the polls giving them your support.

We all have at times, and often most of the time, criticized our local, state and government officials. We feel they are not doing the job they are paid to do and of course in some cases as our local officials, not paid to do. If we do not exercise our right to vote—do we have this right?

UNDERWAY

There she goes . . . UNDERWAY at last! You can almost feel her confidence when she hits the water. But who knows what adventures await her on the Seven Seas? How many crucial tests must the captain face before she finally rests at a harbor of safety?
We're the captains of our own ships in the voyage through life. We begin with determined optimism. We have health and strength. But as we get "underway," we soon find ourselves faced with sudden trials and obstacles. It is in these moments of crisis that our faith and courage are challenged.

Just as the ship has its modern equipment and its lighthouses, so we too have a tower of direction and strength found in the Church. In the Church of Jesus Christ we find a lasting faith, guiding us into the calm harbor of ETERNAL life.

Sutton County Gets Gas Opener

A Sutton County field gained a pay opener and two extenders and location was staked for a wildcat. Also a Crockett field gained a confirmer.

The Sawyer field gained a second pay, Wolfcamp gas, and a 4-3/4 mile southeast extension to Canyon gas production with dual completion of HNG Oil Co., Midland, No. 1-8 Friess, 14 miles southeast, 3/4 mile southeast of the 4,625-foot Canyon opener, but separated by the depleted 5,400-foot Canyon gas opener, of the initial portion of the Espy field, and three miles east of HNG Oil's No. 1-41 Espy, recent Canyon gas strike.

From the Wolfcamp, it was finalized for a calculated, absolute open flow of 1.5 million cubic feet of dry gas per day through perforations at 2,858-868 feet, which had been acidized with 1,000 gallons.

From the Canyon, it was finalized for a calculated, absolute open flow of 2.28 million cubic feet of gas daily, with gas-liquid ratio of 667,000-1. Gravity of the liquid was 59 degrees.

Production was through perforations at 5,322-325 feet, which had been fractured with 8,000 gallons and 6,000 pounds of sand.

The following tops were picked on ground elevation of 2,192 feet; Permian, 880 feet; Wolfcamp, 2,690 feet; Pennsylvanian, 3,545 feet; and Canyon, 4,003 feet.

Drilled to 5,460 feet, on a 6,000-foot contract, operator set 4½-inch casing at 5,457 feet and plugged back to 5,421 feet.

Location is 1,320 feet from the north and west lines of 8-C-HE&WT.

EXTENDER GAUGED Amoco Production Co., Odessa, No. 1 Randee Fawcett Trust, ½ mile south of recent 3-3/8 mile west-northwest extension to the Sawyer (Canyon) field, nine miles west, was finalized in the same field for a calculated, absolute open flow of 530,000 cubic feet of dry gas per day.

Production was through perforations at 7,071-519 feet, which had been acidized with 1,000 gallons and fractured with 40,000 gallons and 57,500 pounds of sand.

Location is 1,320 feet from the north and east lines of 42-D-GG&SF.

WILDCAT SET

Del Mar Petroleum Inc., Houston, will drill the No. 1-B Shurley, a 7,000-foot wildcat in Sutton County, 12 miles south-southwest, 3-3/8 miles west and the same distance southwest of Canyon gas production in the Sawyer field and 3/4 mile south of its No. 1-A Shurley, which is testing for completion.

Location is 1,320 feet from the north and west lines of 8-TTRR, Abst. 517. Ground elevation is 2,026 feet.

Del Mar Petroleum acidized with 2,000 gallons through perforations at 5,591-6,964 feet and was preparing to fracture at the No. 1-A Shurley, in 164-C-HE&WT.

Sonora High School principal James Pollard has released names of students making the honor roll for the fourth six week period of school. The students include—Seniors, June Alexander, Jessie McCutchen, Marilyn Morgan, Joe David Nance and Rick Street. Juniors, James Benson, Cathy Boyd, Glenna Chadwick, Donna Cooper and Karen Hamrell. Sophomores, Debra Hard, Carmen San Miguel, David Wallace and Carol Weston. Freshmen, Blaine Crawford, Margaret Galbreath, Claire Langford, Carol McAllister, Jim Pollard, Margarita San Miguel and Kathy Ward.

- LETTER TO THE EDITOR -

Mrs. Tom Nevill, Editor
The Devil's River News
Sonora, Texas

Dear Mrs. Nevill:
I want to thank you for the editorial on education in the March 2, 1972 issue of "The Devil". Your kind and timely remarks about the institution of education, the educational profession, and about a professional educator are appreciated by me, and I am sure they are also appreciated by other educators.

I was so glad that you recognize Coach Phillips' contributions to other phases of the educational program of Sonora High School besides just his contributions as a basketball coach. I am not trying to offer apologies for his contributions as a basketball coach, for I believe he has done an outstanding job there, but this is only one job that he does, and does well. I get a little provoked with some people who judge a coach of any extra-curricular activity and do not even consider his contributions in the classroom. It would be unfortunate, indeed, if I were judged only on my contributions as a coach of students of Ready Writing. I can enter only one contestant each year in the District Meet. I believe I am equally responsible to the other one hundred and ten students that I meet daily in my

English classes; therefore, I do not neglect them so that I might coach a winner in the District Ready Writing Contest.

The basketball coach, likewise, has a similar choice; and I, for one, am glad that Coach Phillips takes his classroom assignments as seriously as he does his coaching. I believe Coach Phillips does an outstanding job when one stops to consider that his opponents have played half a season before the Sonora coach and his players are finished with their football season.

Another fallacy that some make in their arguments about a high school contest of any kind is that they forget this is an educational undertaking. It is not a group of professionals who are paid, not to learn, but to win.

A few years ago, some well-meaning person who had closed his eyes and shifted his brain into neutral suggested that we should cease the basketball program here at Sonora "because it does not pay for itself". In the first place, I do not know of any high school program that is self supporting, even football; and if we are to use that as a criterion to determine whether any program should be continued, then we had better cut out English, and math, and history, and science; for they certainly do not pay for themselves.

Again, thanks for your kind words about the place of education and educators in our lives today.

Sincerely, Smith Neal

If you really want to know where you don't measure up, ask your family.

Last Thursday an assembly was given by the Cisco Junior College stage band and five members of the Wrangler Bells drill team. Between numbers Cathy Boyd was given two award-winning yearbooks from the college and Terry Mitchell and Ruthie Wallace, Miss Louise Stevens and Travis Harkins were given albums by 'Yesterdays' Children', a singing group from the college. James Buchanan, Wayne Shaw, Steve Street, Ladd Turner, Gene Trainer, Matt Davenport and Mark Rousselot were given dancing lessons by the Wrangler Bells and offered future positions as the first male members of the drill team.

The assembly turned out to be an enjoyable experience for both students and faculty.

Our tennis teams were host to Eldorado last Tuesday afternoon and Carol McAllister and Laura Gibbs, Debbie Howard and Beverly McDonald, Melissa Gibbs and Debra Tittle, Mike Hicks and John David Cook won their matches in the doubles.

They travelled to Ozona Saturday and did very well in competition there also. Carol McAllister won the girls' singles and several also got into the semi-finals but didn't make the finals. These were Scott Campbell and Laura Gibbs in singles; Debra Tittle and Melissa Gibbs, Michelle Rousselot and Cora Pope in doubles.

The boys' track team also did well in Ozona, placing third in the overall meet. Wade Richardson won first place in the pole vault, Steve Street, first place 100-yard dash; John Weston, second in broad jump and Bruce Kerbow second in high jump, first in both hurdles setting a meet record in the intermediate hurdles.

The 440 and 880-yard relay teams made up of Wade and Wesley Richardson, John and Steve, placed first. The mile relay team—Wesley, Bruce, John, Tryon Fields—placed second.

The boys will be competing in Ballinger this Saturday, and the girls will take part in a meet in Robert Lee.

The golf team will be travel-

ling to Brady Saturday for their first competition this season.

The classroom phase of Drivers' Education begins this Thursday evening in the high school auditorium. Sessions will be held every Monday, Tuesday and Thursday evenings from 7 to 9.

Green News

The Sonora High golf team has been practicing hard the last few weeks getting ready for meets around the country. Five boys play on a team. We will enter two teams in the district meet on April 13-14. Prior to that, we will enter these tournaments—Brady, March 11; Robert Lee, March 17 and Iraan, April 6.

Returning lettermen, all juniors, are Mark Rousselot, two letters; Eddie Alexander and Chuck Browne, with one letter each.

Other boys out for gold this year include, Seniors, Gene Thompson and Gene Trainer; freshmen, Paul Browne, Alan Harris, Mark Milliken, Mark Parker and Randy Wuest.

Our Sonora team was runner-up at regional tournament last year to Nocona, who went on to win the state championship. We were beaten on the total strokes of four boys over 36 holes by only two strokes.

The golf club is proud of all our young golfers, and we hope the non-golfers in our community will come out and watch them play and encourage them.

Lonnie Taylor has asked that all golf club members please sign in before playing. This is a small courtesy that helps Lonnie know who is on the course in case of emergencies, phone calls, etc.

Norm Rousselot made a hole-in-one on #2. Congratulations, Norm, hope you have many more. Unfortunately, he was not among the Hole-in-One club members. Since then a sign has been posted with all names of members on it.

Many hole-in-one plays have been made on our course, but only J. W. Neville and Sammie Epsy have collected the cash. Everyone check the list and if your name is not on it, give Lonnie a dollar and you are in. Remember, you have to have witnesses, just in case you make one and have to be playing a full round of golf.

On Sunday, April 12 a mixed play is scheduled. Please sign up before 12 noon. Play will begin at 1 p.m.

Guess Who!

She attended high school here for at least two years and is still around... of course, you have to remember that time does change us all! Did you guess last week... Jo and J. Neville.

SS REPRESENTATIVE TO VISIT
