# New Business Prospects With Sale Of City Land

The prospects for the opening of new businesses here were intensified with the acceptance of offer, the commission felt that offerings on two tracts of cityowned land by the city commission at a meeting Thursday at the City Hall.

An offering of \$28,500 by Dr. Joe David Ross on previously designated Tract I was approved, as well as the offering of \$18,500 by Ken Braden of Braden Motor Company on Tract JI. Both sites extend towards the golf course.

Dr. Ross and other associates plan to build a 40-unit motel and restaurant on the site that he purchased, and Braden's plans call for a showroom and garage for Ken Braden Motor

## **4-H Achievement Program Set For** Tues., October 17

The annual 4-H Achievement Program honoring outstanding 4-H members, 4-H leaders, parents and friends of 4-H will be held at the Sutton County 4-H Center Tuesday, October 17 at 6:30 p.m.

Featured awards will be the County 4-H Gold Star Awards which will be presented to the outstanding boy and girl in 4-H work in Sutton County for the 1971-1972 year.

The Fred Earwood Memorial Award will be presented to a member who has outstanding achievements in 4-H work, and who has encouraged other boys and girls to participate in the work. The Billy Gillitt Memorial Award will be presented to the outstanding junior member of the 4-H club. Other awards will include the outstanding father, the outstanding mother and the outstanding contributor to 4-H in Sutton County.

The 4-H beau and sweetheart will be presented jackets after the announcement for the 1972

Medals and certificates will be presented to members who have participated in and completed judging activities and projects.

Mr. and Mrs. John Tedford and Mr. and Mrs. Walter Pope, III are in charge of the foods committee and Mrs. Charles Howard and Mrs. J.D. Cook are in charge of the decorating committee.

Bill Finklea, president of the Sutton County 4-H Club, will be master of ceremonies, and will be assisted by the other senior officers and members in conducting the program. All boys and girls who are

currently members of the 4-H club here, or who have participated in the work during the past year are urged to be present said County Agricultural Agent D.C. Langford. Each member may bring a guest, and all 4-H parents are also invited to attend the program.

# Revenue Sharing Bill

The City of Sonora will receive \$17,435 as their share of the recently passed revenue sharing bill. The announcement came from the Texas Municipal League.

The Senate Finance Committee completed hearings June cities, and towns would divide 27 on the State and Local Fiscal Assistance Act, and following floor action in the Senate the bill passed.

The House, under closed rule, passed the bill June 22, to The apportionment of funds

five years to state and local governments. Under the House bill, the 50 states will share \$1.8 billion a year, with increments, to use as they see fit, and the 38,700 counties, \$3.8 billion for predefined high-priority expenditures: public safety, environment al protection, and public transportation.

# Student Council Presents Plan To School **Board To Promote Better Attendance**

a plan to members of the Board | choose. of Trustees of Sonora Independent School District Monday, hoping to provide an incentive for better attendance by the student body.

The board approved the plan of the council which provides for a better attendance without encouraging the really ill person to be in school.

With this in mind, the council recommends that a student be exempt from the terminal examination in a class if:

1. he has an average between 70 and 75 and he has no absences in that class, or 2. he has an average between 76 and 85 and he has one or no absences in that class, or

3. he has an average between 86 and 95 and he has two or less absences in that class, or 4. he has an average of 96 or higher.

An absence is to be defined as one illness, death in family, etc., where the student misses consecutive days. (Three days missed in sequence would be one absence, but a student who misses Monday, Wednesday and Friday would have three absences.)

If a student has an unexcused absence in any class, he shall forfeit his exemption in all classes.

Seniors will continue to be exempt under the old plan, but

The Student Council presented may use this plan if they so

All exemptions are subject to the approval of the teacher of the class subject to such conditions as good behavior, etc. OTHER BUSINESS

In other business before the board, bills payable in the amount of \$15, 575. 29 were approved for payment.

Reports of the tax office by Carroll King and that of superintendent, Ken McAllister, were approved by the board. McAllister reported that an estimated attendance at the Ozona-Sonora game was 2551, one of the largest paid attendances to a football game here in recent years. This figure does not include players, band

### **Lack Of Interest Hinders Cub Scout Program Locally**

Poor attendance at the Cub Scout Pack 19 roundup meeting October 4, created the necessity of holding another meeting October 18, according to an announcement by the Rev. Mr. Ray Nations, Rector of St. John's Episcopal Church.

The Rev. Mr. Nations emphasized that attendance at the October 18 meeting will have direct bearing on the future of the Cub Scout program here. He says there are a large number of boys who wish to participate in the Cub Scout program, but if it is to continue to function there is a need for adult leadership.

"There is a place to meet, adequate sponsorship, and lots of boys, but without Den Mothers, assistants and other leaders the Cub Scout Program cannot operate," he added. Anyone who can help is urged to attend the October 18 meeting at 7 p.m. at St. John's Episcopal Church Parish

# Press Freedom, A Public Freedom

By Albert Blank--Philadelphia who first referred to them as Evening and Sunday Bulletin

The week of October 8 to 14 is being observed as Newspaper Week in communities throughout the nation. Anyone who reflects on the role of modern newspapers in today's society is reminded anew how wise were those men who wrote into the First Amendment to the U.S. Constitution the guarantee of a free press.

Thomas Jefferson once said he would prefer to live in a country with newspapers but without a government rather than a country with a government but no newspapers.

"No experiment can be more interesting than what we are now trying," he wrote on another occasion, "and which we trust will end in establishing the fact that man may be governed by reason and truth. Our first object, therefore, should be to leave open to him all the avenues of truth.

"How do you go about giving the citizen a clear shot down the avenue of truth?

The most effectual (method) hitherto found," said Tefferson, "is freedom of the press." It still is.

Newspapermen throughout the English-speaking world are well aware of Edmund Burke,

the Fourth Estate, 200 years ago in the British House of Commons.

"In this Parliament," said Edmund Burke, "are three estates: The Lords Spiritual, the Lords Temporal and the Commons. But, in the Reporter's Gallery, yonder sits a Fourth Estate, more important by far than all.

"What then remains?," he asked Parliament. "Only the liberty of the Press, which no influence, no power, no minis ter, no government, which nothing but the depravity or corruption of a jury can ever destroy. It will be the nation's most awful moment, it will be the first grasp of tyranny, and how pregnant is the example. What remains if the public press is extinguished, the people enslaved, and the prince undone?"

"As an advocate of society, of peace and of liberty, I conjure you to guard the liberty of the press, the great sentinel of the state, the grand detector of public imposture. Guard it and cherish it, because whenever it ceases to flourish, there will die with it the liberty of the people and the secur-

ity of the Crown." To benefit from a good press the public should zealously defend press freedom even when it hurts.

Freedom of the press is not a press freedom but a public freedom, a public possession and right, and in many ways the public's stoutest weapon. To deserve its freedom, the press should strive to be full, fair and factual, But a free

people does not leave it to

the government to decide what is full, fair and factual. The greatest strength of a free press is not points of similarity, but in the points of difference. In the production of news every step involves the conscious intervention of some news-gatherer, and two accounts of the same event will

never be the same. The threat to the liberties of the individual is always possible. External vigilance on the part of the public is essential, and that is why once a year Newspaper Week seeks to focus attention on Freedom of Expression—a priceless heritage bought with blood and tears over many years.

#### A Bishop Looks at Life Can You Take Crificism?

By Everett H. Jones, Retired Bishop of the Episcopal Church

One of my favorite stories about Abraham Lincoln concerns his ability to accept Nobody relived the Civil War

President more than Edwin M. Stanton who constantly referred to him as "the original gorilla". Fully aware of this bitter stream of criticism, Lincoln nevertheless appointed him Secretary of War, explaining that Stanton was the best man for the job and that maybe he was right about many of the President's alleged de-

I know some parents who recognize how important it is for their children to learn the art of giving and receiving criticism. They arrange times when time a tribute. For example, members of the family to listen to their criticisms patiently and calmly. Sometimes the charges are unfounded and can be shown to be so; at other times there is frank facing of how the criticism can be met. Then the parents have their turn. And the father and mother do the same thing periodically with each other.

The parents in this family said their great hope was that the children would acquire a lifetime habit of self-criticism. How helpful meetings of this sort might be in various units of government, in a business organization, in a school or college, in churches!

Because all of us are subject to various kinds of criticism, we shall do well to remember a few basic rules:

When we hear a criticism that has been made of us, the first question to face is: Is it true? If it is, or if there are some elements of truth in it, we can be grateful for it and profit by it. (Sometimes the criticism may be true and at the same they can sit down with younger | it was said of Jesus: "He is the friend of sinners.")

If the criticism is not true, the best course in most cases is to forget all about it, remembering that in the long run truth lives and falsehood dies. At times, however, the matter is so important we do well to face the critic and correct his false impression of informa-

When one feels a strong obligation to offer criticism (and this can be a mark of loyal friendship) it is all-important that it be done in the right spirit. If the correction is to be effective, it must be given without anger, arrogance, or self-righteousness; it must represent the overflow of sincere and loving concern for the other person.

HERE'S WHAT NIXON IS DOING TO **RURAL AMERICA** 

WHEAT SCANDAL - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

TAXES - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-

FARM ISSUES - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

CONGLOMERATE SCANDALS - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, 'The Republicans admire our government so much they want to buy it.'

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

HERE'S WHAT McGOVERN IS DOING FOR **RURAL AMERICA** 

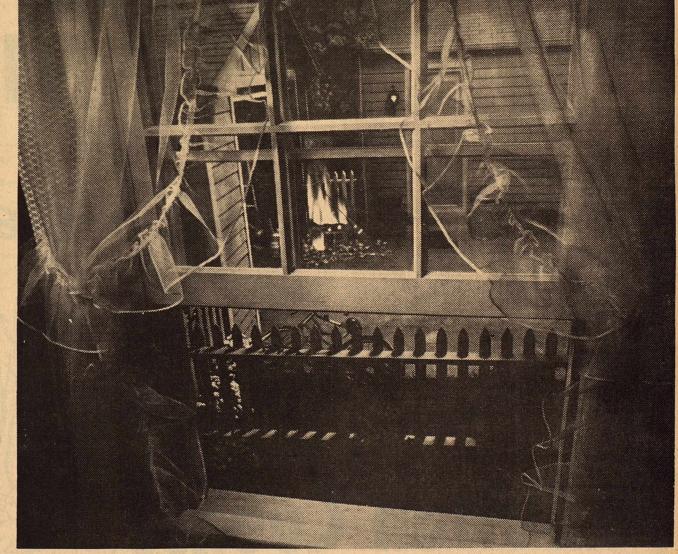

HIS STANDING - George McGovern has been elected time and again as a Democrat from a Republican farm state . . . because they know where he stands.

TAXES - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

FARM ISSUES - He sponsored and cosponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

HIS BELIEFS - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern . . . and George McGovern

# If your six year old saw something like this, would he know how to phone for help?

It's too important a question to leave to chance.

That's why we're running this ad.

If there are any six- or seven-year-olds around your house, teach them how to report emergencies. Tell them to dial "O", give their name and tell our operator where they are and what's wrong.

With older children, train them to dial emergency numbers direct, since that's the fastest way to call for help. But don't stop there. Copy down the emergency

numbers listed on the inside front cover or first page of your telephone directory. Add your family doctor's number. And the number of the nearest hospital. Next, tack up the list near your phone.

Then get your kids to memorize it, in case it gets lost. By the time they're through memorizing those numbers, they're going to have every grownup in the

house knowing them, too. Which is also why we're running this ad.

**Voluntary Role** 

Project FIND, a nationwide campaign to identify and enroll older Americans eligible for Federal Food Assistance Programs, continues to move with the American Red Cross responsible for helping those who qualify to obtain certification for food stamps or commodities.

The Capital Area Division of

G. I. Forum Accepts

the Red Cross in Austin announced that Pete Gomez will serve as volunteer supervisor of the Project FIND follow-up program, in which local GI Forum members as trained volunteer workers, recruited by Gomez, will assist candidates in this area to apply for food assistance. Project FIND was conceived by Dr. Arthur Flemming, chairman of the White House Conference on Aging. It began August 3 with the mailing of Social Security checks to more than 27 million men an d women, most of whom are over 60. Each person received an explanatory brochure and a franked postcard which they could return if they were interested and thought they needed help in receiving Federal

Food Assistance.
Eligibility for Federal Food Assistance is contingent upon income, assests and family

Here in Sutton County Gomez said, volunteers hope to complete the follow-up canvass of all applicants by November 15. By December 15, the American National Red Cross expects to make a consolidated report which will include all those enrolled in 3, 100 counties across the nation.
