

WITH ONLY 15 SECONDS LEFT in the Bronco-Hawk game Friday night Mark Rousselot hit Paul Browne for the final score of the game. The game ended 29-6, chalking up a district

game win for the Broncos. Sonora will meet Junction Friday at 7:30 in the Junction Stadium.

# Broncos Ramble Past Wall Hawks

The Sonora Broncos scored 13 points each in the second and fourth quarters after a field goal in the first to defeat the highly rated Wall Hawks 29-6 Friday night in Bronco Stadium.

Captains for the evening, Bruce Kerbow and Wesley Richardson, won the toss and gave the Broncos the ball to get the game underway.

On their first two possessions the Broncos were unable to move the ball, but a sound kicking game kept the Hawks deep in their own end of the field. Wade Richardson jumped on a Wall fumble and set up Henry Mata's field goal and the first points of the game.

Early in the second quarter Tryon Fields intercepted a Hawk pass. The Broncos drove down to the Wall 23-yard line. On fourth down with six yards to go Mata kicked a field goal. Wall was offside and the Broncos

chose to pass up the three points and go for the first down on fourth and one. On the next play Kerbow slanted right and went 18 yards for the TD. The PAT was no good, but four minutes into the second quarter the Broncos led 9-0.

On the first play of their next possession Mark Rousselot threw

a nice pass to Steve Street who made a great run resulting in a 64-yard TD effort. Mata kicked true and the Broncos carried a 16-0 lead into halftime.

**SECOND HALF**

During the fourth quarter the Hawks could not move the ball and though the Broncos rolled up six first downs and a lot of yardage, they could mount no serious threat.

Just into the last quarter the Broncos took over on their own 14-yard line and drove up to the 42 where Fields broke up the middle for 58 yards, and the score. Mata kicked the PAT and with four minutes left in the game, the Broncos led 23-0.

After the kickoff Wall mounted their only drive of the night. Taking over on their own 22 they drove deep into Bronco territory where Leslie Flagens scored from ten yards out. The PAT effort failed leaving the score 23-6.

Two more pass interceptions by the Broncos, one by Bill Mitchell and another by Fields helped them to control the ball the rest of the game.

With 15 seconds left to play Rousselot hit Paul Browne for 30 yards and the final six points of the night, and the final score of 29-6.

On the last play of the game

Fields made his third interception of the night.

# Proper Voting Procedures

## Mr. C. Paredes Final Rites Held At Saint Ann's

A 32-year resident, Mr. Candelario Paredes, 73, died at Schleicher County Medical Center in Eldorado, October 29, 1972, at 11:45 p. m.

He was born February 2, 1899 in Mexico. He was married to Maria Gonzales in Del Rio.

Final rites were held November 1, 1972, at St. Ann's Catholic Church. The Rev. Fr. Michael Fernandez, officiated. Burial was in Sonora Cemetery and was directed by Ratliff-Kerbow Funeral Home.

His survivors include his wife; three daughters, Mrs. Oralia Cervantes, Mrs. Esperanza Samaniego, and Mrs. Dora Arreola; three sons, Candelario Paredes, Jr., Manuel Paredes and Mauro Paredes of Arvin, California. He is also survived by 30 grandchildren and 10 great-grandchildren.

As a matter of public interest in regards to voting in the coming Tuesday election an attempt is being made here to answer some of the questions regarding proper voting procedures for the November 7 ballot.

If an individual voted in the spring primary of one of the major parties, he can still vote for the candidates of any other party in the November election.

Voters who wish to split tickets and vote for individual candidates rather than along party lines should mark individual candidates only. For example, a ballot is considered "mutilated" and will not be counted if a voter marks the Democratic, Republican or Raza Unida box at the top of the column and then marks individual candidates under another party column.

In the case of write-ins, voters are advised that a column is provided on the ballot for this purpose. As long as the voters intent is apparent, the mere misspelling of a person's name would probably not disqualify the ballot, and it would be counted. Tally clerks are furnished a handbook for guidance, and the final decision rests with them.

Voters are reminded that it is not necessary to place an X by the name of a write-in candidate.

Illiterate and non-English speaking voters are advised that under new State laws, they can ask for and receive

assistance in marking their ballot. Tally clerks and election judges are at the polls to assist those persons who might need assistance.

Persons voting in Precinct 1 will vote at the courthouse and Jerry Johnson is serving as

## Sgt. T. G. Hogan Cited For Rescue Recovery Work

Sergeant Tommie G. Hogan, son of Mrs. Hazel I. Sans, and his unit at Ellsworth AFB, South Dakota, have been honored for rescue and recovery work during and after the flash flood that devastated nearly 90 percent of nearby Rapid City, June 9-10.

Sergeant Hogan is a nuclear weapons specialist with the Strategic Air Command's 28th Bomb Wing, which received the U. S. Air Force Outstanding Unit Award for exceptionally meritorious achievement from June 9 to July 10.

The flood, triggered just before midnight June 9 when heavy rainfall in the surrounding hills caused the Lake Dam to break, took at least 216 lives and sent property damage estimates beyond the \$100-million mark. Ellsworth personnel assisted in initial emergency relief efforts and for the next month helped the city clean up and return to normal.

Sergeant Hogan will wear a distinctive service ribbon to mark his affiliation with the unit.

Sergeant Hogan's father, Tommie F. Hogan, resides in Cueno.

## 14 Constitutional Amendments Listed On Ballot For Voters Tuesday, Nov. 7

- The Legislature in 1971 submitted 18 amendments to the Constitution. Four were voted on in May of '71 (of which one was adopted, authorizing issuance of \$100 million in bonds for water quality improvement). The remaining 14 will be on the General Election ballot.
- Most of these are of limited significance or familiar in content or both, but one would lead to a rewriting or revision of the Constitution.
- This proposition would authorize three steps: (1) Provide for a constitutional revision commission to rewrite or revise the present 96-year-old document and submit it to (2) the 63rd Legislature meeting in January 1974, which would decide (3) what to submit to the voters. (The submission vote would have to be by two-thirds).
- This procedure is different from previous suggestions and somewhat confusing to the general run of voters. The proposed amendment is criticized because it seems to give the legislative branch an undue advantage over the executive and judicial branches, although probably no more so than in the present amendatory process. On the other hand, many citizens think the Constitution should be updated in some manner on specific or general principles. It may be a case of buy now or wait for a better offer (which might or might not be worth waiting for).
- The 14 Amendments on the General Election Ballot (in order of appearance)
- To increase salaries of Texas legislators from \$4, -800 to \$8,400 a year. (Most unbiased observers think a little increase would be in order)
- To abolish the Lamar County Hospital District. (Seems there's no other way to handle this routine business legally)
- To require all justices of the peace to be paid on a salary basis. (Smaller counties may want to keep fee system of compensation. The justice of peace here is paid on salary basis)
- To direct the new Legislature to set up a commission to revise the state constitution, meet in January 1974 to consider the revision and decide what proposals should be submitted to the electorate.
- (There seems to be some misunderstanding about the effect of this proposition.)
- To allow certain tax exemptions for disabled veterans, dependents and survivors. (Could be more trouble than it's worth.)
- To permit local governments to exempt not less than \$3,000 of the value of residence homesteads of persons 65 or older from local property taxes. (Optional feature could cause confusion and inequities.)
- Women's rights verified by constitutional provision. (May not be necessary; on the other hand, can't hurt much.)
- To provide four-year terms of office for governor, etc. (Already the law and practice in 39 states.)
- To exempt directors of soil and water conservation districts from constitutional prohibition against holding more than one office. (No serious objection has been raised.)
- To allow submission of constitutional amendments at Special Sessions. (With present rules, legislature has proposed about 335 amendments.)
- To provide a salary of \$22,500 each for Lieutenant governor and speaker of the House. (These officials now draw only a legislator's \$400 a month.)
- To permit state employees to serve on governing boards of school districts, cities, other local districts. (Same comment as for No. 9)
- To raise to 6% weighted average a year the interest rate on bonds authorized by the constitution. (They'd better do it if they count on selling them.)
- To enable counties to reduce their permanent school funds and distribute the money to independent and common school districts on a per scholastic basis. (The State will have to make up for those that do it.)

It's time again to make up your mind as to your choice of another president, along with many other national, state and local officers. Only two commissioners have terms expiring this year—Estes Adams and Preston Love. Most interest locally has been the recent campaign to elect a sheriff by write-in votes.

But whoever your choice, go to the polls and vote for the candidate of your choice. It's the American way.

REMEMBER — IT'S YOUR RESPONSIBILITY TO VOTE!

There were so many ex-Sonora students at the ball game Friday night, I would not have room to mention them all. But it was a treat seeing and visiting with some of them. Although son, Ricky was not here Friday I did see him Sunday for a short visit.

He swore he had had a haircut recently, but if he had, he sure got took. But this excess weight I'm carrying around is all the words I've eaten about my sons not wearing long hair as long as I'm contributing to

their support. And parents, those words are not as bitter as you might think. You have them digested before you even realize it.

Dear Sir:  
Enclosed please find my check for another year's subscription to the "Devil". Please pardon my delinquency, but I have just recently gained my release from the hospital, after having spent most of the summer in that confinement. During my tenure in the hospital like as always but more so, I looked forward to Mondays when the "Devil" came.

Although I have been gone from Sonora almost 30 years it is real refreshing to get the "Devil" and I assure you that I read every printed word in it. It has been over the years my only source of news from that area, although I do have quite a number of relatives still in Sonora.

Thanks again for your patience and keep up the good "news".

Regards to the wonderful people of Sonora!

# VACUUM

Steve doesn't mind. Only a little. He knows Dad has to travel. And some days Mom must work the swing shift.

Steve doesn't mind. Not very much. It's just that food doesn't make a dinner. It's like a vacuum when you're alone. And the evening—what's to do?

Such vacuums can affect adversely the developing personality of a child. They can also test a child's sense of security and self-reliance.

We claim no expertise in child psychology. Our concern, however, is that there be no Sunday morning vacuum. A Steve whose character is being molded by spiritual and moral training, a Steve whose home has the atmosphere of religious conviction and integrity . . . such a Steve is better equipped to meet the tests of loneliness and freedom.

In many families we cannot alter circumstances — but we can foster quality of character to cope with it. The Church is ready to help!

## TO THE VOTERS OF SUTTON COUNTY:

We are faced with one of our most important election decisions next Tuesday when we come to the ballot space for Sheriff.

When our present Sheriff announced that he would not run for re-election, many of our number asked L. H. Purvis to become a candidate because we are interested in the best and fairest law enforcement we can have. Mr. Purvis has been involved in the various levels of law enforcement in our State for over 25 years.

Mr. Purvis explained that while he would like to run, because of State Law, he would have to give up his present position in State law enforcement in order to do so and that he could not afford to be out of work for over a year. Sheriff Moore's deputy was not affected by the same law and was able to keep his job as a county employee and file for a place on the ballot.

Because we continue to be concerned about good law enforcement in Sutton County, we have decided to ask all of our voters to write in the name of L. H. PURVIS in the Write-In portion of their ballot. We don't want to see the quality of our peace officers in Sutton County penalized by this quirk in the applicability of State Laws.

We are also disturbed that anyone would suggest that it is somehow wrong or unfair for you, the voter, to use the Write-In portion of your ballot.

Please help us put good and fair law enforcement to the forefront this Tuesday. Put over 25 years of outstanding experience and good working relationships with law enforcement officers on every level to work for Sutton County.

L. H. PURVIS can't ask you to vote for him. He will just have to keep working at law enforcement just like he'll do if we ELECT HIM. L. H. PURVIS can't ask you to vote for him - but WE CAN and WE DO.

Write-In the name of L. H. PURVIS in the space provided for Write-In's on the Ballot. A Write-In vote for the best qualified man for a job IS NOT WRONG - IT'S YOUR RIGHT !!

LET'S ELECT L. H. PURVIS SHERIFF OF SUTTON COUNTY.

Sincerely Yours,  
The Committee to Elect  
L. H. Purvis, Sheriff

## Why You Should Re-Elect President Richard Nixon Nov. 7

# LET'S LOOK At AGRICULTURE And STOCK RAISING

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses--and we're helping provide jobs on trucks and ships at the same time.

## HERE ARE SOME OF THE REASONS

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

## Hilary B. Doran, Jr. Believes:

1. There is no substitute for honesty and hard work in public service.
2. Experience in Austin provides a strong voice for all the people of the 70th District.
3. State spending has to be brought within reasonable limits, and our priorities on expenditure of the taxpayer's dollar must be totally re-evaluated.
4. There should be no State income tax nor should the sales tax be increased.
5. Every child, regardless of race, color or creed, has a right to equal education opportunities in the school of their choice.
6. Federal intervention into state matters must be stopped. The Government closest to the people governs best.
7. Development of recreational facilities such as Lake Amistad, Big Bend National Park and other points in our district must be pursued to attract the tourist dollar and help our economy.
8. Every responsible citizen of the 70th District has my sincere pledge that I will do everything in my power to represent them to the best of my ability.
9. Crime in our towns and on our streets must be stopped. Law enforcement officials always have had and always will have my total support. Violence and the militant approach have never solved anything.

# DOUG HARLAN CONGRESS

## THE MAN THE PRESIDENT NEEDS IN CONGRESS

Doug Harlan worked on his family's farm as a boy and has an understanding of the problems which face rural Texans.

"Our country badly needs more effective leadership in Congress.  
 "I believe Doug Harlan can help provide that leadership and become one of the outstanding Congressional leaders in the years ahead.  
 "I need Doug to help build a more responsible Congress."

RICHARD M. NIXON

## WE NEED DOUG HARLAN IN CONGRESS

### LEADERSHIP

"Conservatives need an advocate in Congress, a man who will lead rather than react."

### NATIONAL DEFENSE

"Strong national defense is essential to peace. Those who seek peace by reducing our military strength are inviting disaster. By eliminating waste, we can reduce the national defense budget without endangering our strength."

### WATER

"Rather than looking for far-away sources, we should concentrate on developing our natural resources using and maintaining underground reservoirs; developing additional surface reservoirs; eradicating mesquite initiating water reclamation projects; and expanding research into weather modification and saline conversion."

### GUN CONTROL

"The constitutional right of American Citizens to keep and bear arms must not be infringed. I will fight to protect that right."

### WELFARE

"Our welfare system is wasteful, ineffective and demoralizing. It must be changed. We must provide incentives to work rather than incentives not to work. We must help those who need help, but should not help those who won't help themselves."

### INFLATION

"Government spending is a primary cause of inflation. It is not fair for the government to impose wage and price controls on the people and then refuse to balance the federal budget. We must cut government spending in order to halt inflation. I will work actively for this objective."

## Accent On Health

Humphrey Bogart. Ty Cobb. Erle Stanley Gardner. John Foster Dulles. Walt Disney. Babe Ruth. Oscar Hammerstein II. What did these individuals from widely divergent fields have in common? They are among the hundreds of thousands of individuals who have lost their lives to cancer.

More than 52 million Americans now living will eventually have cancer; one in four persons according to present rates. Cancer will strike over the years in approximately two of three families. In the 70's, there will be an estimated 3.5 million cancer deaths, 6.5 million new cancer cases recorded in this country, and 10 million under medical care for cancer.

There will be about 650,000 new cancer cases (diagnosed for the first time) in 1972. This year about 345,000 will die of the disease; that is about 960 persons a day, more than one every two minutes. Of every six deaths from all causes in the U.S., one is from cancer. This year cancer will take the lives of approximately 4,000 children under the age of 15. Cancer is the second leading cause of death in the United States, second only to heart disease.

Texas has its share of tragedy from cancer, say State Health officials. Some 16,476 Texans died of cancer in 1971.

The disease will claim approximately the same number again this year. It is estimated that over 31,000 new cancer cases will be diagnosed in Texas this year.

State health officials are quick to join their federal counterparts in warning the public against over-optimism in what some reports have

labeled a "potential breakthrough" in the treatment of cancer. Very limited success under very controlled animal tests in the laboratory cannot yet be regarded as the discovery of a complete cure.

But the stepped-up federal battle against cancer is pushing ahead on a variety of fronts. Federal funding for cancer control is to reach \$40 million annually a year from now. Almost completed by the National Cancer Institute is a master plan detailing the strategy for achieving the expanded, intensified and coordinated cancer research program called for in the National Cancer Act of 1971.

Plans include establishing programs for cooperating with state and other health agencies in the prevention, diagnosis and treatment of cancer and rehabilitation of its surviving

victims. Since 1936, the cancer death rate has fallen slowly but steadily in women, a drop of eight percent. In men the rate has increased about 40%.

The rise in cancer mortality in men is mainly due to rapidly increasing cancer of the lung, a largely preventable disease. The decline among women is due chiefly to reduction in mortality from cancer of the uterus, largely due to wider use of the Pap test which uncovers cervical cancer earlier before it has begun to spread.

Cancer of the lung has been increasing steadily in women as well as men. Cancer of the breast is the leading cause of death among women 40 to 44 years of age. Cancer of the colon and rectum has seen slight—if any—progress in the last several years. Incidence of cancer of the pancreas, a highly fatal form, is up 65% in the past generation and up 200% in the past 40 years, for no known reason. The sur-

vival rate of men from cancer of the larynx improved until the 1960's, but has now leveled off. The same is true with cancer of the bladder, lip-tongue-mouth, kidney and brain.

Most cancer education programs emphasize three ways for individuals to protect themselves against cancer: (1) adopt preventive habits; avoid cigarette smoking, overexposure to sunlight and other known causes of cancer; (2) have a medical checkup annually, no matter how well they feel; and (3) learn cancer's warning signals and go to their doctor immediately if one should occur.

Cancer's warning signals include: a change in bowel or bladder habits; a sore that does not heal; unusual bleeding or discharge; thickening or lump in the breast or elsewhere; indigestion or difficulty in swallowing; an obvious change in a wart or mole; and a nagging cough or hoarseness.

**TEEN SCENE**

by CAROL WESTON

The mighty Broncos have once again confirmed the convictions of all Sonorans and dispelled the doubts of others by crushing the Wall Hawks and adding another victory to the Broncos boundless list, by a score of 29 to 6.

Our offense made a total of 450 yards while Walls made only 186 yards, and intercepted four passes, a high for this year. Both the offense and the defense did a really outstanding job.

Throughout their performance which proved to be their best so far this year, they exhibited a fantastic amount of effort and enthusiasm in overcoming the Hawks. This should prove to be an indication of what is held in store for the Broncos. If they continue to show such enthusiasm and spirit, no team in the state will be able to come even close to halting the Broncos' climb to fame.

This Friday they will play the Eagles in Junction, beginning at 7:30. They will welcome your presence and support as they chalk up another district victory against the "Cedar Choppers".

The seventh grade Colts defeated the Big Lake Owls last Thursday evening by a score of 46 to 20 for their last game of the season. They ended their season with a record of 7 victories and only 1 loss. --Congratulations Colts!!

The eighth grade Colts were defeated and the junior varsity suffered defeat also by a score of 25 to 14. The junior varsity has an open date this

Thursday.

—SHS—  
 The Spirit Stick was awarded to the junior class at last weeks pep rally.

—SHS—  
 Outstanding Bronco Band members of the week are Robbie Hard and Johnny Gonzales.

Glenna Chadwick was crowned Bronco Band Sweetheart for 1972-73 last Friday night. Runners-up were Bonnie Perez and Cindy Cavaness.

**An Open Letter to the Voters of the 70th District From:**

**Hilary B. Doran, Jr.**

Dear Friends:

As most of you know, the fourth called Session of the 62nd Legislature has been underway during most of September and October. Because of my duties as your Representative I have been in Austin on the job and have not had an opportunity to visit with you personally as I would have desired.

Therefore, I am taking this means to tell each and every one of you how much of an honor it has been to serve you during the past six years.

I am a candidate for re-election to a fourth term in the Texas House, and you have a right to know how I stand, what I have done and to know that I again renew my pledge to serve with honesty, integrity and to represent all the people just as I have always tried to do in the past.

By virtue of experience and seniority, made possible by you voters, in the coming session of the Legislature I will be in increased positions of responsibility. I recently was appointed Vice-Chairman of the House Appropriations Committee, the really key Committee in the Texas House of Representatives.

As a strict fiscal conservative, this position has given me an opportunity to keep a close watch on the taxpayer's dollar and to make sure spending is kept under tight rein.

Also, I now serve as Vice-Chairman of the House Rules Committee, another powerful spot which allows me to defeat bad legislation, and just as important, has put me in a position to help draft badly needed legislative reforms.

I also serve on the Congressional and Legislative Redistricting Committee, the Elections Committee and the Livestock Committee, all of which are of significance to our district.

In addition to these standing House Committees, I have been appointed to a second term on the 17-Member Legislative Council which is charged with directing operations of a full time professional staff of legal and research personnel who draft most of the worthwhile and beneficial legislation enacted by the Legislature.

I want each of you to know how deeply I appreciate your past support and friendship, and I pledge to you that I will continue to conduct myself in such a way to merit that support and friendship.
