## Now Hear This! "Wash All Vehicles Before Entering"

The Chamber of Commerce office frequently receives requests for information, but the following provided many laughs for a number of people. Many persons who are familiar with these signs will be amused also, but at the same time it is easy to understand how puzzling the signs would be to strangers. The letter follows:

Sirs:  
A few months ago we were visiting in your area and of course wanted to see the Caverns of Sonora. On our way to the Caverns... (somewhere between town and the Caverns) on the left side of the highway there was a road turning off into what looked like private property. There was a sign posted at the gateway of this drive which said something like this:

"All vehicles must be washed before entering..." We both thought we had mis-read the sign... so we backed up, and read it again. We then continued our trip out to the Caverns discussing and trying to figure out what this unusual sign had meant. We neither one had ever seen a sign like this before, and could not imagine what it could have possibly meant.

If it was meant to be an attention-getter, it certainly did the job! Countless times since then each or both of us have brought this topic up and tried again (in vain) to decide... what did it mean?  
If you would not have to go to too much trouble, (maybe we are not the first to write and ask this question)... would you please find out and tell us just why "all vehicles must be washed before entering". You're probably thinking we just have highly overactive curiosities... and maybe we do!

This is just one of those little things that you think about off and on but usually never take the trouble to find out about... and I thought I'd be a little adventuresome and see if I couldn't get an answer to this one.

If you could shed any light on this little puzzle of ours... we would certainly appreciate it. And incidentally, we enjoyed our visit to the Caverns very much!

Sincerely, Norma Langford, Odessa, Texas  
(Editor's note: We are happy to report the CoC did answer Mrs. Langford's letter, and for the benefit of those who might wonder what she is referring to... ranchmen require this of pipeline companies before traveling on the roads within their property... this is to prevent the spread of bitterweed seed.)

## San Angelo Center Program Presented To Woman's Club

At the Thursday meeting of Sonora Woman's Club members, Mrs. Mary Kennemer of San Angelo presented information on the San Angelo Center to club members, following the noon luncheon.

The Center is located at Carlsbad, and was formerly McKnight State Tuberculosis Hospital. The prime function of the hospital was changed from tuberculosis patient care to residential care for the mentally retarded adults, and renamed San Angelo Center. The Center provides up to 24 beds in the hospital for short term tuberculosis patient care. It is administered by the Texas State Department of Mental Health and Mental Retardation.

Hostesses for the luncheon were Mrs. Ben Cusenbary, Mrs. Frank Bond, Mrs. Mary Barrow, Mrs. John Cauthorn and Mrs. Durwood Neville. Twenty-five persons attended the luncheon and program at the November 2 meeting.

THE BRONCOS ROLLED OVER the Junction Eagles by a score of 26-0 last Friday. The two power teams in the State Class A football meet each this week as Mason hosts the Broncos.

The Eagles took the kickoff and carried to the Sonora 25 but the drive was stopped when Wesley Richardson intercepted a pass in the end zone. The Junction defense held and Sonora was forced to kick. Junction fumbled and Sonora recovered on the Eagle 40. The Broncos moved downfield and Bruce Kerbow scored the second Bronco TD from the three. The PAT failed giving Sonora a 13-0 lead with three minutes of play left in the half.

After an exchange of fumbles Sonora had the ball on the Junction 40-yard line. Mark Rousselot passed to Paul Browne for a 40-yard TD and a 19-0 lead as the first half ended.

SECOND HALF  
During the third quarter neither team could mount a drive but late in the fourth quarter, Junction drove down to the Sonora 3-yard line. The Bronco defense held and took over on downs. The Broncos moved downfield and Steve Street scored the final TD with three minutes left in the game. Mata's kick was good making the final score 26-0.

## Local Telephone Rates To Be Increased

J. B. Goss, Division Manager of General Telephone Company of the Southwest, and other telephone company officials met with members of the City Commission Monday to submit a proposal for increasing the local rates.

The new proposed rate levels include business one party rates to be raised from \$12 to \$15.80; residence one party from \$5.75 to \$6.45; residence two party from \$5 to \$5.35, and rural business multiparty from \$10 to \$13.55. The proposed new rate for rural residence multiparty will have the smallest raise from \$5.25 to \$5.35. The semi-public telephone rate will be raised from \$12 to \$15.80.

First reading of the proposed rate ordinance was held by the commission, with two additional readings required before the new rates are given final approval.

In other business before the commission with Mayor Norman Rousselot presiding, the commission approved both Thursday and Friday as

Thanksgiving holidays for city employees, giving employees a four-day weekend. The City Hall will be closed November 23, 24, 25 and 26, with business as usual Monday, November 27.

Approval was given for Gene West and James McLaughlin to attend the water school in Lubbock, Tuesday and Wednesday.

Some discussion was held in regards to proposed sewer line extension for the property in

the vicinity of IH 10. Bids from a San Angelo firm for topping of city streets was approved.

## B. D. Drennan Transferred To New York Office

Billie D. Drennan has assumed duties as supply operations manager with GTE Service Corporation in New York, according to announcement by E. Edward Wilson, service director for the Service Corporation.

Drennan is the son of Mrs. Bill Drennan.

Prior to assuming his new post, Drennan had been serving as service office manager in the General Office service department of General Telephone of the Southwest in San Angelo.

In his new position he will assist with the formulation of GTE system policy matters relating to supply. He will be responsible for the standardization of practices, and the use and types of vehicles. He will also assist operating companies with any problems relating to supply.

Drennan joined the Southwest Company as an exchange repairman here. He served with the U.S. Army from 1951 to 1953, returning here in 1953 to serve as lineman and plantman before being named division sales engineer in Texarkana in 1955. He later served as district commercial manager in Jacksonville and Baytown, and division commercial superintendent in Texarkana.

## Primera Baptist Receives Church Of The Year Award

Primera Baptist Church has been named the Texas Baptist Church of the Year during the annual Texas Baptist Convention in Abilene. The award was presented to the Rev. Ray Garnett October 31, at Abilene. The Rev. Mr. Garnett was presented a certificate at a breakfast Tuesday, then later was recognized with a plaque by James Hatley, mission consultant for rural areas for the Texas Baptist Missions Support Section, during the Tuesday evening session of the convention.

Led by a new Anglo pastor, the Rev. Mr. Garnett, the predominantly Latin-American congregation became self-supporting, previously having received a portion of the pastor's salary from convention funds.

There had been no baptisms since 1968 at the church until three in 1971. Last year the church recorded 22 baptisms and nine additions by letter.

In December 1970, the 61-member church invited Garnett, then a Texas state highway patrolman, to supply. He decided to keep him on an interim basis until a pastor could be found.

In June 1971, Garnett was ordained and officially became pastor. In September 1971, he resigned as patrolman to serve the church full-time.

"We started out together," Garnett explained, "the church with their first 'Gingo' pastor, and their pastor with his first church."

When Garnett arrived, the church had been without a pastor for about two months. Average attendance was low. The building had not been painted in over 12 years and was in need of repairs.

"The people felt their church was dead, beyond repair, and that they would never see any new members," Garnett said.

"There had been no Sunday School or Church Training rec-

ords kept in several years, and no up-to-date member files. Teachers and officers operated in a haphazard fashion with very little organization, no training and no future planning."

Among 60 projects, members worked together to repair and repaint the church inside and out, began a new adult English class and sponsored four clothing drives to aid mission work in Mexico.

They also organized a church council, held a Vacation Bible School, created a training program for church members and began a church library and a youth choir.

In January the church returned an application for salary supplement to the Language Missions Department, explaining they wanted to try to make it on their own.

The young people in the church, which make up about three-fourths of the membership, encouraged the older members to accept the responsibility of self-support.

Using the theme "Adelante con Cristo" ("Forward with Christ") Primera church has moved from a pessimistic attitude to an optimistic world outlook.

"Until this year, Sonora did

not even know our church was here," Garnett remarked. "Now we have become more involved in community affairs and have come to be recognized as a comfortable place of worship."

On hand to congratulate their pastor at the presentation were Trevino Mendez, Mrs. Jesucita Esquivel, Mrs. Dolores Salinas and Mrs. Junior Esquivel of Eldorado.

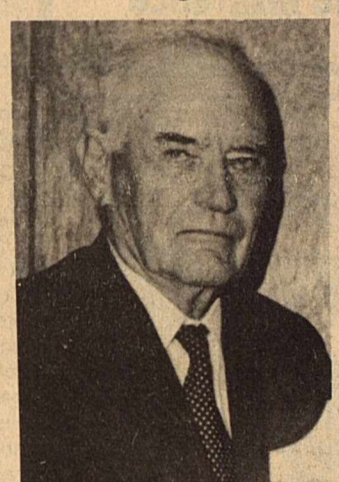

Among his many congratulatory messages, the Rev. Mr. Garnett was especially pleased with a letter from his former employer, Col. Wilson E. Spier of the Department of Public Safety, Austin.

bers about the town of Wentworth. The first settlers of Sutton County pitched their tents at Wentworth then later moved the county seat to Sonora, and Wentworth was abandoned.

Dr. W. T. Hardy, chairman of the placement of markers

was chosen to the office to recommend sites of interest in the county to be marked.

Mrs. Norman Rousselot and Mrs. James Hunt are in charge of the meal, and all persons interested in the museum and historical work in the county are invited to attend. The meal will be served through the courtesy of the historical society.

Miers Home Museum will be open an hour before the supper and will also be open afterwards for those wish to visit, announced Mrs. Ben Cusenbary, president of the society.

## Final Rites Held For Sonoran Mrs. H. P. Allison

Mrs. Allison was the first woman to serve on the Board of Trustees, Sonora Independent School District.

She and her husband moved to San Angelo in 1922, and they maintained their home there for several years. He died in 1960.

Survivors include two sons, Lea Allison and William Allison of Marfa; one brother, Sid Evans of Bronte; six grandchildren and six great-grandchildren; a nephew, Worth Evans of Marfa and a niece, Elma Turner of Rocksprings.

He is shown here kicking a 20-yard field goal against East Texas, one of three for the junior defensive back in that game. Wuest, son of Mr. and Mrs. Oliver Wuest, has hit on 16 of 17 from the extra point tee and 9 of 12 three-pointers. He also holds the school mark for long field goals with a 48-yarder last year against Sul Ross. Since his freshmen year he has hit 61 of 67 PAT attempts and 15 of 26 field goals for 106 points.

### GRASSROOTS OPINIONS

**STAPLES, MINN., WORLD:** "A politician is one who can get money from the rich and votes from the poor, and make each think he is protecting them from the other."

**CLIFTON FORGE, VA., REVIEW:** "The Associated Press reports... that the federal government is having a rough time getting rid of worn-out money. We have a rough time holding on to it. Federal Reserve banks are beginning to grind up cash instead of burning it. The step against air pollution leaves behind a lint-like green material. The Treasury Department is searching for commercial buyers for the lint. They might consider sending some of it back to the taxpayers."

**MOVILLE, IOWA, RECORD:** "Giving help to the enemy used to be called treason. Today it goes under the name of foreign aid."

**OSBERLIN, KANS., HERALD:** "Whenever a judge suspends sentence on a lawbreaker if he promises to get out of town, it is easy to wonder how often this person could repeat the offense in a different town each time and never have to serve a stretch in jail. Serving time does not necessarily convince the lawbreaker he should go straight. But the 'get out of town by sundown' warning is a neat way for a judge to wash his hands of the duty of meting out justice to the guilty... If we want law and order we are going to have to see to it that our courts are doing their job. Sending trouble on to the next town isn't doing the job."

**NORTH VERNON, IND., SUN:** "Next year's income tax form is slated to be so simple that a 'fifth grade student' will be able to make it out, which means probably that a lot of us are going to find out that while we may have gone further in school, our education actually stopped at the fourth grade."

**ALTOON, AP., MIRROR:** "Never before in our history has irresponsibility been so socially acceptable..."

**TOWNSEND, MONT., STAR:** "Everybody gets a share at government expense" is much more appealing than "you have the freedom to make your own share."

**WEST POINT, MISS., TIMES LEADER:** "... somehow or other, many American public school systems miss the boat when it comes to graduating young people with a sound basic skill in use of their native language. With all due acknowledgment of the truism that generalizations are odious, we say that students who get through high school and enter college should be able to write straightforward English without a lot of misspelled words and grammatical mistakes."

**ATLANTA, GA., NORTH SIDE NEWS:** "We frequently hear the comment to the effect that this nation was built by common people. I don't subscribe to that philosophy. I think it was built by uncommon people. Uncommon in the sense of possessing a desire to work, a willingness to sacrifice if need be, to study, to build upon a firm foundation of loyalty and service. Undergirded by this philosophy, uncommon people have pointed a way to a better life for all who follow their example in leadership."

**NEW YORK, N. Y., EDITOR & PUBLISHER:** "The Arizona legislature has before it a bill which would impose a 4¢ per copy tax on newspapers printed by a publisher not having a paper recycling program. It is discriminatory, of course... Why not tax the automobile manufacturer for not picking up those abandoned cars he produced?"

### A MAN OF COURAGE

Ray Garnett... In our community we have enjoyed many "firsts"—football teams with players who strive to do their best year after year -- our highway foreman who worked to give us a first in highway beautification, plus many honors brought to Sonora by our talented musicians and thespians. Now, we have another "first" to add to this long list.

Through his efforts, the church has grown and is becoming self-supporting. The work he is doing is one that few of us might feel called to do; nevertheless, he has set an example for each of us to follow. With his courage and perseverance as an example, we can each attempt to go forward and seek God's guidance for our youth, our town and our citizens.

Each one of us can be proud of Ray Garnett who has brought fame to his little church by having been named "Church of the Year" by the Baptist Mission Board.

Ray, a former highway patrolman resigned from the Department of Public Safety to take charge of the Little Mexican-American church by faith alone.

Many who know Ray and his wife, "Snookie" intimately are very much aware of the tremendous effort and long hours of hard work that preceded this honor. Both have dedicated time, energy and prayer to the building of this church.

Through his efforts, the church has grown and is becoming self-supporting. The work he is doing is one that few of us might feel called to do; nevertheless, he has set an example for each of us to follow. With his courage and perseverance as an example, we can each attempt to go forward and seek God's guidance for our youth, our town and our citizens.

Garrett Bean came in Wednesday and deposited with the county clerk a panther scalp. The brute was killed near the Huffman ranch in the western portion of the county and from the size of the scalp it must have been a large one. He was treed by the dogs and shot, and thus ends the career of another wild western marauder.

The ice cream supper party at Mrs. W. A. Stewart's netted the church building fund about \$25.

### He Comes Up With A Plan To Cut Down On The High Costs Of Campaigning

Editor's note: The Dry Devils Philosopher on his bitterweed ranch on Dry Devils River offers his views on high campaigning costs this week.

Dear editor:

I was sifting through a batch of campaign literature that tumbled up in my mail box, each piece of which claimed the country is headed for ruin if its candidate is not elected, makes no difference what he's running for, and among all this I found a non-partisan leaflet which reported that there are some 500,000 elective offices to be filled on November 7.

After figuring up what it cost those 500,000 people to run, using detailed cost analyses on radio and television time, newspaper ads, barnstorming, air travel, telephones, printing, postage, bugging devices and other routine campaign outlays and guessing at what was shelled out in unaccounted-for cash, the leaflet estimated it cost 400 million dollars to fill those 500,000 offices.

Now a lot of people are saying the cost is too high, but they're forgetting that of all the people running, only half will get elected. Some argue that's money well-spent.

Nonetheless, the cost is high, particularly when you remember that 400 million dollars is just the cost of getting them in, the real expense comes in keeping them there afterwards, and I have been giving the matter some thought.

The thing to do is to set aside one night a week during say the last two months of the campaign when all television and radio stations, on penalty of forfeiting their licenses, are required to turn all their air time over to the candidates free of charge, allotting time on a democratically worked-out schedule, 5 minutes to Justices of Peace, 8 minutes to County Judges, 10 minutes to State Representative, 15 minutes to Governors, 20 minutes to Congressmen, 25 minutes to Senators, an hour to Presidential candidates, or some such arrangement. Do this every Tuesday night, say, from 6 o'clock to midnight. Show nothing else on television, cancel all the programs that one night a week and turn the candidates loose.

I don't know whether this would result in a more informed electorate or not, but it sure would cause Tuesday night business to pick up at the movie houses.

Come to think of it, you could put a special Tuesday night tax on movies, use the money to reimburse the radio and television stations for the free time, and everything comes out even.

Yours faithfully,  
J. A.

The Broncos scored another district victory last Friday as they defeated the Junction Eagles 26 to 0. The boys did not play as well as they might have and received a number of penalties throughout the game.

This Friday the Broncos play the Mason Cowpunchers in Mason, beginning at 7:30. Everyone turn out to support the Broncos as they defeat the Punchers and travel on to the State Championship.

The Spirit Stick was awarded to the Junior High students at last week's pep rally.

Outstanding Bronco Bandmen of the week are Jimmy Pollard and Flaie Lane.

Due to the weather conditions early last week the Halloween Carnival had to be moved inside. Booths were set up in the elementary cafeteria, old gym and high school.

## A NEW BEGINNING

Our daughter came in from the florist the other afternoon and laid a spray of lilies across the pages of the family Bible. I couldn't believe my eyes—for it was harvest time, not Easter.

I put them in a vase on the dining room table, and at dinner that night we exclaimed over their sweet fragrance. But, to me, it was vaguely disturbing—Easter lilies in New England in November—the leaves drifting to the ground in the yard outside, and a symbol of the Resurrection blooming, all at the same time.

And why not? What is the Resurrection but rebirth . . . a new beginning? Even in the fall of the year, even in the autumn of our lives, is it ever too late to begin again? Even if one has not been going to church, is it too late to start again? These were the questions I asked myself. I found the answers when I went back to church last Sunday.

**HOW OLD ARE THESE PEACH TREES?** A few statistics might help. Diameter, 11 feet, 3 inches. Trunk diameter, 5 inches. How old? 5 years? 8 years? Wrong. These trees were bought at the C. G. Morrison Variety Store in February of last year. They were 4 - yes 4 foot trees. The reason for their fantastic growth can be attributed to their having been fed with foliar feed used by Saunders Spraying Service in their annual care of pecan trees. Leaf feeding of trees, plants and lawns has proven to be superior to any other method of feeding. Try it, you will like it. --Adv.
