

# Broncos Take 7-0 Win In Pre-Season Opener

Cheerleaders led the 1974 Sonora Broncos onto the field last Friday night to play their first game of the season against the Coleman Bluecats. The Broncos were victorious by a score of

7-0. They will travel to Junction this Friday to meet the Eagles. Game time will be 8 p.m.

The Sonora Broncos won the first football game of the season by defeating the Coleman Bluecats by a score of 7-0 Friday night at Bronco Stadium.

The Broncos showed a lot of enthusiasm for the season opener and the defensive unit looked very strong in holding the Bluecats to only 76 total yards.

During the first quarter each team had the ball twice but were unable to move it effectively. Sonora's Juan Perez thrilled the fans with a 65 yard punt return for a touchdown, only to have it called back on a penalty.

With only 3 1/2 minutes left in the first half, the Bluecats fumbled a Bronco punt and the loose ball was covered by

## Second Coyote Killed In Area

Local trapper Otto Turman, caught a coyote on the Willie Miers Black Ranch, South of Sonora, Saturday.

Turman had been in pursuit of the coyote for the past three weeks after it had killed a number of goats.

Another of the predators was trapped on the Frank Bond Ranch last week.

Johnny Solis on the one yard line. Quarterback Paul Browne scored on the next play and the PAT was added by John David Cook.

The only other Bronco threat

## Lions Club Auction Set For Tuesday

The 37th annual Lions Club Auction will begin Tuesday at 6:30 p.m. at the 4-H Center with a barbecue supper.

The auction sale is held each year in order for local Lions to raise money for the many worthwhile projects they undertake during the year. These projects include community improvement projects, crippled children's camps, eyeglasses for those in need, The Sonora Little League program, and boy and girl scout troops.

Last year's sale was the largest ever held by the Lions with approximately \$8,000 in donations recorded.

Lem Jones of Glendale, Arizona, will again be on hand to serve as auctioneer for the sale and will as in the past number of years, auction off the Mystery Package which has become synonymous with the Lions Auction.

came in the third quarter but this drive was stopped with a fumble on Coleman's 20 yard line. Good sweeps by Larry Kirby, aided by good blocking kept the drive going until the fumble.

The Broncos made 16 first downs and held the Bluecats to 8. A total of 184 total yards to the Cats' 76, was in the Bronco favor.

The Junction Eagles will host the Broncos Friday. Game time is 8 p.m.

## Ted Fish Named Distinguished A&M Student

Ted D. Fish has been named a Distinguished Student in veterinary medicine at Texas A&M University, announced Dean George C. Shelton.

Fish is a second year student in the College of Veterinary Medicine professional program leading to a doctor of veterinary medicine degree.

Distinguished student status is awarded to students who earn a 3.25 or better grade point ration out of a possible 4.0 during the summer trimester period.

Fish is the son of Mr. and Mrs. Frank Fish.

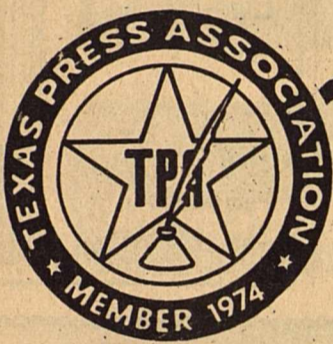

## American Party Qualifies For Ballot Position

Herman R. Pettiet, Sutton County Chairman of the American Party of Texas, reports that on September 3, Mr. W. A. Skees, American Party State Chairman, received a letter from the office of the Secretary of State, Election Division, stating that the American Party of Texas has qualified for ballot position and the Party and all of its candidates have been certified to appear on the ballot in the general election on November 5, 1974.

Mr. Skees was informed that a random sampling method was used to determine the validity of the 39,000 plus signatures obtained by American Party members in their effort to secure ballot position in compliance with the Texas Election Code during the 55 days immediately following the May 4 primaries.

In the general election to be held November 5, Sutton County voters will be able to cast their votes for Sam McDonnell for Governor and Ed Gallion for U.S. Representative of the 21st Congressional District.

Both candidates support the principles of the American party and are firmly dedicated to working for less government which would automatically result in more freedom of choice and action, lower prices, higher profits and lower taxes, according to Pettiet.

## Del Rio Chosen For TS&GRA Fall Meet

Del Rio has been selected as the site of the Fall Tri-Annual Meeting of the Texas Sheep and Goat Raisers' Association, according to Association president, Armer Earwood of Sonora.

Registration will begin at 8 a.m. at the Del Rio Civic Center on Tuesday, October 8. Committees will meet at 9:30 a.m.

During the afternoon general session Congressional hopefuls Bob Krueger and Doug Harlan will be on hand to answer questions relative to their views on the sheep and goat industry. Krueger and Harlan are competing for the 21st Congressional seat currently held by O.C. Fisher, who is retiring.

Earwood pointed out that referendums have been proposed for both wool and mohair for promotional activities of the American Sheep

Producers Council and Mohair Council of America. These will be discussed by the members and directors at the meeting.

Woman's Auxiliary president Mrs. Scott Lanford of Blanket, has scheduled a meeting of the auxiliary for the morning session so that members may attend the afternoon general session to hear Harlan and Krueger.

## Aldermen Revert To Monthly Meetings

It was voted unanimously at the meeting of City Aldermen Monday, to resume the previous meeting times of once each month instead of the twice monthly meetings recently begun. Aldermen will meet at the city hall at 8:30 a.m. on the first Monday of each month.

In other city business, the aldermen, along with Mayor Norman Rousselot, approved the tax roll for the coming year in the amount of \$60,367.50.

--It was voted and carried to purchase an Air Pack Life Support Unit for the Sonora Volunteer Fire Department at a cost of \$635.00.

--Discussion was held on improvement plans to the Sonora Airport and preliminary requirements to obtain a grant from the State of Texas for the

project. Reports were heard from City Manager Bob Nevill regarding the electrical system, water department, sewer system and city streets.

Nevill told aldermen that the 7200 Wye installation of electrical construction should be complete in approximately two weeks, at which time conversion of certain areas will be transferred onto this system. This project is being done in order to alleviate the electrical problems brought about by the rapid population increase.

Water reports were received, Nevill told the council, from a survey that showed a five foot increase in underground water level in the last month. The present water distribution improvement program will be continued, he added.

In discussion of the sewer department, it was approved at the meeting to purchase equipment necessary to perform tests required by the Environmental Protection Agency, regarding the purity of water following the process of the sewage disposal plant. These tests are required monthly and the City has been using the services of San Angelo Laboratory, which will be eliminated with the City's purchase.

Services of San Angelo contractor Reese Albert have been acquired to begin a street paving project in the City. The contractor and his crew are to begin street work as soon as their present job on Interstate Highway 10 is complete.

**Austin Stockton Attending School At College Station**  
Mr. and Mrs. Austin Stockton are now residing in College Station where he is attending school working toward his master's degree. He is presently working in the field of oceanography.

## Steady Increase Foreseen In Screwworm Cases

A steady increase in screwworm cases until sometime in October is foreseen by officials of the U.S. Department of Agriculture (USDA) Screwworm Eradication Program.

Dr. J. E. Novy, director of field operations for the program, says increasing numbers of cases can be expected, particularly in far West Texas. "With the amount of rain that area has received, it may be an overwhelming increase," comments Novy.

Screwworms are larvae of the screwfly which enter wounds of warm blooded animals to feed on live flesh. They cannot tolerate cold weather and it is expected that cooler October weather will alleviate the problem in West Texas.

Of Texas' 437 August cases, 37.5 percent were in sheep, mostly in Crockett, Terrell and Val Verde counties. Goats, too, experienced trouble in the hill country and west Texas. Edwards joined Crockett and Val Verde counties in reporting most of the infestations in goats.

Ear tick caused infestations in extreme south coastal Texas cattle stayed relatively quiet during August. Only 21 ear tick predisposed screwworm infestations were reported for the year through August.

The 427 cases reported in Texas during August brought the year's total to 2,483. This compares to 1,013 for the same month of 1973 and 1,647 for that year through August. In 1972 August registered 28,341 cases, totaling 54,769 for the year by month's end. Of the 1974 August cases in Texas, 15 were recorded in Sutton County.

USDA's Animal and Plant Health Inspection Service (APHIS) releases sterile, but sexually active, screwworm flies in areas of known populations to mate with wild flies.

## Accident Claims Life Of Lifetime Sonoran, Arnulfo Virgen

57-year-old Arnulfo Virgen was killed instantly Monday when the pickup truck he was repairing fell on him. According to sheriff's deputy, Mack West, the victim had crawled under the vehicle to do repair work when the jack holding it slipped, causing the vehicle to fall and pinning Virgen underneath. He was dead on arrival to Hudspeth Memorial Hospital.

Services will be held today (Thursday) at St. Ann's Catholic Church with burial in Sonora Cemetery. The Rt. Rev. Michael Fernandez will officiate.

Mr. Virgen was born April 5, 1916 in Sonora and was married to Victoria Almaguer on May 24, 1941. He was an employee of Anderson Con-

struction Company and was at the construction company yard at the time of his accident.

He is survived by his wife; two daughters, Mrs. Tito (Edna) Vargas and Mrs. Armando Avila of San Jose, California; two sons, Victor and Arnulfo, Jr., both of Sonora; one brother, Arturo Virgen of Las Vegas, Nevada; three sisters, Mrs. Esther Shelly of San Antonio, Mrs. Juanita Torres of Sunyvalley, California and Mrs. Elidora Rodriguez of San Jose, California, and by ten grandchildren.

## BUTCH BAKER TEACHING IN MERTZON SCHOOL

Jim Ray (Butch) Baker and his wife have moved to Mertzton where he is teaching science in the Mertzton School.

## Four Sentenced To Huntsville

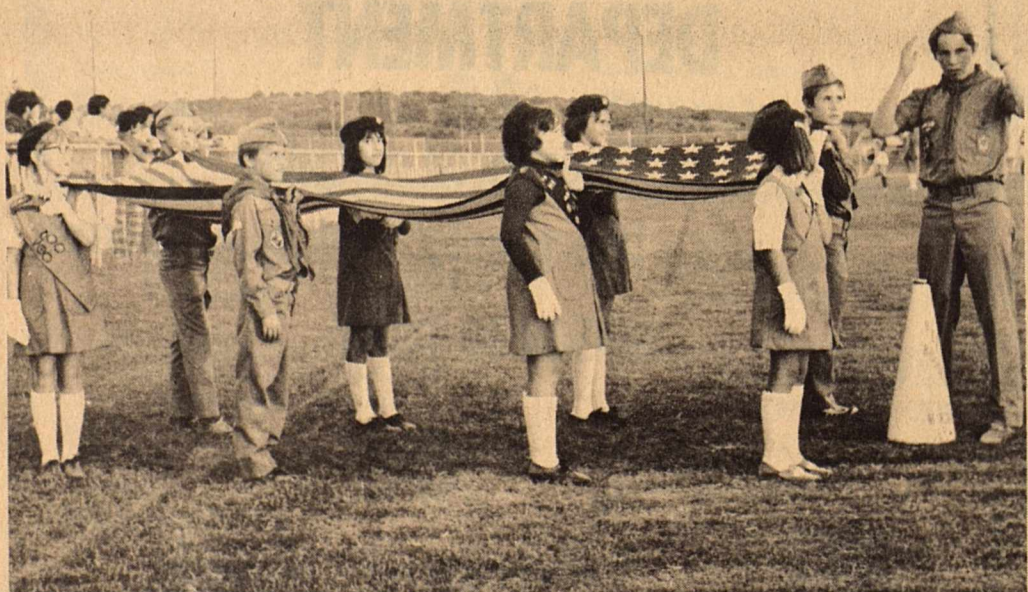

In court proceedings held September 3 in 112th Judicial District Court of Sutton County, four men were sentenced to prison terms in the state penitentiary at Huntsville.

Among those sentenced was Charles Robert Brown, charged with rape. He was sentenced to forty years instead of fifty as was reported in last week's edition of the Devil's River News.

Others charged were Johnny Tatum and Elmas Thompson, Jr., both convicted on counts of forgery and sentenced to four years each.

Larry O. Bodell was also transported to Huntsville after receiving a five year sentence for theft.

Judge Charles Sherrill presided.

Special flag ceremonies were held prior to Friday night's football game when the Broncos hosted the Coleman Bluecats. The special

ceremony was conducted by local boy and girl scouts.

Members of the Sutton County Republican Committee were on hand Saturday morning at the Sonora Airport to welcome Senator John Tower and Doug Harlan, who is a candidate for election to the 21st Congressional District.

Both Harlan and Tower addressed Sutton County voters on the courthouse lawn. Harlan is being opposed in the race by Democrat Bob Krueger.

### GRASSROOTS OPINION

**Pomona, California, Progress Bulletin:** "Dog bites are costing the American taxpayer some \$400,000 a year and maybe more, says an urban ecologist. According to Alan M. Beck of Washington University at St. Louis and author of a study entitled 'Ecology of Stray Dogs', an estimated 10,000 persons are bitten each year by dogs. Government investigation of each case costs between \$40 and \$70. Why the government should be investigating dog bites, he didn't say."

0000

**Hemingford, Nebr., Ledger:** "Doctors have made almost a 180 degree turn from a couple of years ago when many of them were saying that marijuana was no worse than alcohol in its effects on the public...now they are saying the residual effects may last for years as to possible brain damage..."

0000

**Redwood Falls, Minn., Gazette:** "The politician we would like to meet would not only rant and rave about the ravages of inflation, but would acknowledge his right to a share of the blame for it."

0000

**Winchendon, Mass., Courier:** "What has happened to such things as common decency and good manners? You'll have to pardon us if we're a bit uptight, but it seems to us that far too many people have no respect for much of anything anymore. Why can't people show respect and keep their mouths shut when a clergyman is offering a prayer...? Why can't they shut up when a fine young man is reciting the Gettysburg Address? Why can't they keep quiet when the guest speaker is giving a talk? Small children, if they have not been properly trained, don't know any better. But adults should. It's about time they set a better example for the younger generation."

0000

**Vidalia, Ga., Advance:** "It appears we have been concerning ourselves with too much icing and not enough with baking the cake. We have tried to pacify everybody without incurring any wrath, and we have allowed education to drift instead of steering a pre-set course toward basic objectives. We have been too busy experimenting to use the most important tools of education...reading, writing and arithmetic

taught to the rule of the hickory stick, if necessary to maintain order and attention."

0000

**Virginia, Ill., Gazette Times:** "The day has long passed when government is a function that is to be run by a few...the day arrived a long time ago for people to become involved, and it is so important for many to become involved just for the very salvation of a small community..."

0000

**Corvallis, Ore., Benton County Herald:** "One of the finest sides to living is liking people and wanting to share activities in the human enterprise. The greatest pleasures come by giving pleasure to those who work with us, to the person who lives next door, and to those who live under the same roof. Entering into this human enterprise, feeling oneself a part of the community is a very important element which generates happiness."

0000

**High Point, N.C., Enterprise:** "Ah, there's good news tonight from Moscow. A little noted item of news under a Paris dateline reports that the Russians have discovered a real cure for baldness. The Institute for Natural Medicine at Baku claims that 80 percent of completely bald men leave their confines with a new growth of healthy hair. The miracle, says the news report, is produced by a new product called Naftalan. Scientists described it as a highly potent aromatic carbohydrate which promotes blood circulation and improves the metabolic processes of the body. We ought to be able to forgive the Russians inability to put a man on the moon if their other sciences are that well advanced."

0000

**Marion, Wis., Advertiser:** "Every person now and then...has a legitimate gripe...either too poor, no work, too much work, sick or religious or political problems...but, we still feel that most every American is what he or she wants to be...Like It Or Not!"

### Viewpoint

By T. Driskell

One must look at the stock market with a bit of awe. It has been, and still is, an arena where there are many dollars to be made. Looking at the overall market, however, this period must be entitled an adjustment era, or readjustment. What are these required change's characteristics?

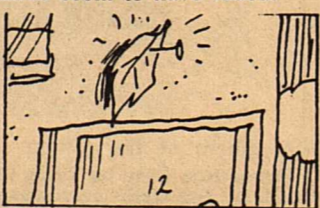

From the late 1940's to late 1960's was a growth period of explosive expansion with a premium (and what a premium) on growth. This led to stock price to earning ratios as high as 35 to 60 to one. A malignant side effect has been that investors and brokers alike have begun to think of growth stocks as having a high value on its own, and make a mistake in including a large increment of the growth potential in establishing that value.

Growth potential is an asset in a bullish (buying) market with a background of an increasing national product. Our national product does not seem to be increasing and the market seems bearish (selling), giving growth a strict liability brand. This adjustment which so many brokerage firms and investors have refused to make, is clearly delineated by the failure of so many brokerage firms in the last two or three years.

For the average small investor, the question emerging is what course should be taken? Looking at the present economic horizon, it would appear that the time to evacuate the "pie-in-the-sky" is here, and an immediate return to reality seems in order. What is reality in the investment arena? Although it is by no means certain, a good indicator of probable reality is stock price to earnings ratio. There are many stocks showing a price to earning ratio of 4 to 6 for 1 which seems pretty solid at this time. After our initial check, we look at company products. Here the investor's feelings lean heavily on our choices. If the investor feels that the impending recession will be a violent one rather than a little dip, the choice must be a company which produces a product that is salable in the bottom of a slump. We have just ruled out expensive, luxury, and recreation items. Remaining must be something that is required in normal living, is inexpensive, and purchased in small amounts for cash. With the limitations we have stated, the first class of stock we stumble across in public utilities providing electric power. Let's look at a few of them to see if an investment would be beneficial.

American Electric Power; selling price \$14.13, dividend \$2.00, return 14 percent. Commonwealth Edison, selling price \$20.25, dividend \$2.30, return 11 percent. Iowa Electric, selling price \$10, dividend \$1.30, return 13 percent. It seems that 10-14 percent is quite common for the return on funds invested in the present market. One more check is fuel supply for future years and here Arizona Public Service's low grade coal supply looks good...selling price \$12.25, dividend, \$1.35, yield 11 percent.

Further checks are diminishing or expanding population in the area of operation. The necessity for air conditioning, average temperature and number of sunny days are other considerations. Times were when you could buy any stock and make money, but those times seem to have faded.

Moslem's believe that an agave leaf over their doors will ward off evil spirits.

### from HISTORY'S SCRAPBOOK

DATES AND EVENTS FROM YESTERYEARS

**September 10, 1964**  
Three new classrooms were added to the junior high school building, resulting from the remodeling of the upstairs.

Herbert Fields was selected chairman of the local Lions Club Auction.

Jerry Hopkins won the club championship and J.W. Neville was medalist winner in the Labor Day Golf Tournament.

Sonora Schools opened with 871 students enrolled. The Mason Cowpunchers defeated the Broncos in their first game of the season.

New teachers in the Sonora School District were honored at the ranch home of Mrs. E.D. Shurley.

Miss Mary Ciel Hawkins became the bride of Aubrey Miller.

**September 17, 1954**  
The Ballinger Bearcats proved they hadn't lost a thing when they outclassed the Broncos by a score of 20-14.

Alvis Johnson was named to the advisory council of the The Southwestern Medical Foundation.

Funeral services were held in Eldorado for Leslie Galbreath, father of Billy Galbreath. The Rev. Clifton Hancock, pastor of the Eldorado First Baptist Church, officiated.

Mr. and Mrs. James Wilson became parents of a son, Joe Ray, born in Hudspeth Hospital.

Mr. and Mrs. Frank Williams of Sierra Blanca, visited with Mr. and Mrs. Lee Labenske.

Mr. and Mr. Philip Jacoby hosted the Community Canasta Club.

Lt. and Mrs. John Allen Ward moved to Montgomery, Alabama where he attended squadron officers school.

**September 22, 1944**  
Major J.W. Hull, son of Mr. and Mrs. Fred Hull, who has been overseas since September, 1942, and has served in England, and the African, Sicilian and Italian campaigns, arrived back in the States September 17, exactly two years from the date he landed in England.

Raymond Johnson was elected president of the senior class. Chosen as vice president was Gene Cliff Johnson, and Edith Eldridge was chosen as secretary-treasurer.

First Lt. Young B. Newsom, son of Mrs. Carson West, who was reported missing in action

over Europe, is now reported to be a prisoner of war.

Word was received by Mr. and Mrs. August Simon of Roosevelt, that their son, Pfc. Ilee G. Simon, was killed in action in France.

The Self Serve Grocery, situated across the street from Sonora Motor Company, was purchased September 9, by George E. Smith. The name of the grocery was changed to Sonora Grocery.

**79 Years Ago**  
F.M. Wyatt bought the lumber in Kerrville for his new two story hotel last week. The building will be built on the corner opposite the Devil's River News and will be large, substantial and well built and will approve the appearance of Sonora.

Married in Sonora at the residence of the bride's parents, Mr. and Mrs. F.M. Wyatt, on Wednesday, Frank Murchison to Miss Lonie Wyatt.

**September 10, 1954**  
The Sonora Rebels got into the winners column of the Winter League Sunday in San Angelo when they trounced Jax Beer 21-0. Pitchers Jim Skinner and Santana Noriega allowed but two hits.

### News Letter

BY O. C. FISHER

An un-sponsored population control conference, which has attracted 130 nations, did little more than talk about the problem as the 3,000 delegates just met in Bucharest.

It is virtually certain, warned UN Secretary General Kurt Waldheim, that the world's population will double over the next generation, if present growth rate continues.

Casper Weinberger, Secretary of HEW, reminded the assembly that the world's food reserves have been cut to about one month's supply. He said that the choice of population control may make the difference between a decent life or early death for hundreds of millions of the next generation, and even greater numbers in the following generations.

The U.S. spokesman urged all countries to aim for an average replacement level of two children per family by the year 2000, to avoid disaster. But the delegates were split on the issue. African and Latin American nations oppose family planning. So does Red China, with the Soviets tending more toward the status quo, shying away from worldwide control plans. West Germany supported the U.S. stand, as did Japan and India.

World population is today around four billion, with 6.4 billion projected for the year 2000, and 11 billion by 2050, if current trends continue.

Red China informed the Bucharest conference that since 1949 its population has grown by almost 60 percent from about 500 million to 800 million at present. Prior to this announcement it had been assumed China's total was on the order of 700 million.

The United States, as well as most European countries, had made remarkable progress in birth control in recent years. The U.S. baby boom dropped by 33 percent between 1970 and 1973. Last year the number of babies per 1000 women of childbearing age (15-44) was 69.3. In 1957, at the peak, it was 122.9 per 1000. At present rate the U.S. is due to achieve zero growth by the turn of the century. But this will require constant education and planning.

The Devil's River Philosopher Sez.....

### He Thinks He's Found Ideal Way To Rescue Himself From Inflation

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on the Dry Devil's River, takes another look at the problem of inflation this week.

Dear editor:

As I understand it from the newspapers that turn up out here, the economists are saying that in our fight against inflation everybody is simply going to have to tighten his belt, which is hard to do if you're wearing overalls, not to mention those new-fangled double-knit slacks that don't even have belt loops. Also, it would be wise to make sure your belt is in good shape before you take it up a notch because if you break it you'll find a new one has tripled in price.

However, my favorite way to fight the effects of inflation is the idea hit on by a big airline. It says the tremendous increase in the price of fuel, repairs, maintenance, salaries, etc. has caused it to lose millions and it's facing bankruptcy and therefore the Federal government should lend it 10 million dollars a month, retroactive to several months back.

That's the answer. Anybody who can't make ends meet is entitled to a government loan and I'd like to find out where I can apply before the line stretches from Washington to Sonora and four times around the block here. If the government will lend me money for every month in the past I failed to make ends meet and for all months in the future the same thing happens, I'll guarantee to arrange my operations to be a steady customer from now on.

In some ways it seems to me the fight against inflation is sort of like our fight in

Vietnam. After spending billions and billions of dollars over there it's still hard to figure out what we achieved, other than finally getting out. The question now is, how do you withdraw from inflation?

A rancher friend of mine said cattlemen already have half-withdrawn. They're getting half what their cattle are worth and paying twice as much to raise them. Said if cattle go down a little bit more he's going to have to start paying buyers to take em.

Yours faithfully,  
J.A.

## Maria Gonzales And John Munson United In Episcopal Ceremonies

Miss Maria Piedad Gonzales of McKinney and Mr. John N. Munson, Jr., of Mansfield, were united in marriage August 3 at the Trinity Episcopal Church in Fort Worth. Father David Comegys conducted the double ring ceremony.

Parents of the couple are Mr. and Mrs. Telesforo Gonzales and Mr. and Mrs. John N. Munson of Crestmont Farms, Downingtown, Pa.

The bride was given in marriage by her father and wore a gown of candlelight crepe and chantilly lace embroidered with seed pearls. A scoop neckline was bordered with re-embroidered lace and featured fitted sleeves with flared cuffs. The back of the gown was buttoned on neckline to below the waist with a pleated skirt falling in a chapel train. The illusion veil was held in place with a Juliet cap of lace, embroidered with seed pearls.

Mrs. Frances Avila of San Jose, California, attended her sister as matron of honor.

Other attendants to the bride were Miss Molly Munson of Coatsville, Pa., and Miss Irma Gonzales and Miss Patsy Morris, both of Fort Worth.

Attendants wore gowns of white silk organza printed with floral sprays over tangerine taffeta. They were held at the waist with tangerine velvet streamers. Picture hats with matching trim completed their attire. The bridegroom's mother designed and made both the bride's gown and those of her attendants.

The bride carried white roses with English ivy and her attendants carried bouquets of peach-colored roses.

Ring bearers were Miss Tiffney Ann Munson, the bridegroom's niece, and Cary Lee Munson, his nephew.

Neices of the bride, Misses Anna and Dolores Gonzales, were flower girls.

The bridegroom's brother, Mr. Richard Munson of State Hill, Pa., served as best man. Ushers were Eugene Gonzales and Luciano Gonzales, uncles of the bride.

The bride is a graduate of Texas Women's University and is presently on the teaching staff of the Texas Education Foundation Job Corp Center in McKinney.

Mr. Munson attended Texas Christian University and the Control Data Institute of Dallas. He is presently employed by the American Paint Horse Association where he is an administrative assistant and also the director of racing.

The couple will make their home in Roanoke following a wedding trip to Jackson, Mississippi.

A rehearsal dinner was hosted by the bridegroom's parents in the Chism Room of the Ramada Inn in Fort Worth.

## Wedding Vows Read Saturday For Blanca Terrazas and Richard Gonzales

Miss Blanca Estela Terrazas and Richard B. Gonzales were married Saturday, September 7 in Primera Iglesia Bautista in San Angelo. The Rev. Fortunato Gonzales, pastor of the church, officiated.

Mr. and Mrs. Alex Terrazas of San Angelo are parents of the bride. Parents of the bridegroom are Mr. and Mrs. Eugene G. Gonzales.

Miss Luz Monclova was maid of honor and Mrs. Norma Cortez was matron of honor. Bridesmaids were Misses Alice Diaz, Margie Sanchez and Santa Pena. Serving the bride as flower girls were Miss Manda Lopez and Miss Janda Lopez.

Johnny Gonzales served his brother as best man. Ramiro Perez and Eugene Gonzales, Jr., brother of the bridegroom, of Sonora, and Robert Terrazas, brother of the bride, Gary Tucker, Lorenzo Pena and J. D. Cortez, all of San Angelo, were groomsmen.

Michael Hernandez was ring-bearer.

Mrs. Elizabeth Stapleton of Eola, Mrs. Lauro Alaniz, Mrs. Gilbert Montez, Mrs. Moises Monclova and Mrs. Lazaro Sevier of San Angelo, were hostesses for the reception that followed the ceremony.

A rehearsal dinner was held in a San Angelo restaurant Friday night.

Miss Gay Terrazas, sister of

the bride, and Miss Yolanda Montez, registered guests.

Providing wedding music was Mrs. Harlin Mitchell, organist and Mrs. Eliberto Lopez, pianist. Mr. Harlin Mitchell was soloist.

A graduate of San Angelo Central High, the bride is employed by General Telephone Company. The bridegroom is a graduate of Sonora High School and is presently a senior at Angelo State University.

The couple will make their home in San Angelo.

## Butterscotch Drops For Back-To-School Bunch

Bake a big batch of Back-To-School Butterscotch Drops - great for lunches, snacks and desserts.

If your kids have the back-to-school blues, give them a lift this fall. Bake a big batch of Butterscotch Drops. There will be plenty to pack in lunch sacks and to fill the cookie jar for a perfect snack or fast dessert. These cookies are rich and full of butterscotch flavor. Velvety evaporated milk makes them tender.

For the best cookies, remember a few baking tips. Watch the baking time carefully to avoid underbaked, doughy cookies or overbaked, hard ones with dark edges. Cookies dropped on a shiny cookie sheet will brown more evenly. Mound the dough on cool cookie sheets when you drop it to prevent excessive spreading. And be sure to cool your cookies on racks to prevent sogginess.

### Back-To-School Butterscotch Drops

(Makes about 12 dozen cookies)

- |   |  |
|---|--|
| 1 cup softened butter                       | 1 tablespoon vanilla                         |
| 1 cup shortening                            | 4 1/2 cups sifted flour                      |
| 1 1/2 cups firmly packed brown sugar        | 2 teaspoons baking powder                    |
| 1 1/4 cups granulated sugar                 | 1 1/2 teaspoons salt                         |
| 3 eggs                                      | 2 teaspoons baking soda                      |
| 1/2 cup undiluted Carnation Evaporated Milk | 1 cup (6-ounce package) butterscotch morsels |
|   | 1 cup chopped walnuts                        |

Cream butter, shortening and sugars until smooth and creamy. Add eggs, evaporated milk and vanilla; mix well. Sift flour, baking powder, salt and baking soda together. Gradually add flour mixture to sugar mixture, beating constantly on low speed. Scrape sides of bowl frequently. Stir in butterscotch morsels and nuts. Drop rounded teaspoons of dough on lightly greased cookie sheets. Bake in moderate oven (375° F.) 9-10 minutes or until cookies are golden brown.

## School Cafeteria Menu

Monday, September 16  
Mexican Food

## EYES UP

When man's aspirations are filled with religious faith and a sense of spiritual mission, he rises to heights of unselfish dedication. But when he keeps his sights lowered to greedy goals, he often becomes entangled in his own materialistic web.

Bring your family to church. That's where we learn with confidence to lift our eyes to the realities that are above the worldly.

As we train a youngster to look to God, we are unlocking the potential of a soul.

## The Consumer Alert

by John L. Hill  
Attorney General

Fall is a traditional time for apartment hunting for many Texans. Students returning to universities, summer newlyweds, recent graduates em-

barking on a career and a life away from home, families who for financial reasons cannot buy a house at present—all may be in the market for an

apartment. And with the wide variety available to choose from, selecting an apartment can be difficult. Our Consumer Protection Division attorneys say you can save yourself possible disappointments and inconveniences if you know what to look for in an apartment, how to safeguard your security deposit, what to keep in mind when signing a lease or rental contract, and what your obligations are as a renter.

They suggest the following general guide to apartment hunting:

--Determine roughly what location and price range you want. Then get recommendations from friends, check newspaper ads, consult real estate dealer listings, or get assistance from professional apartment finders.

--Decide in advance what

special features you're looking for. Some people prefer the quiet of small complexes or duplexes, others like the activity of a large complex. Tennis courts, swimming pools, saunas, putting greens, exercise rooms, game rooms, laundries, and many other amenities are available at some apartments.

--When you have narrowed your list of possible apartments to about three by telephone inquiries, visit them in person and be sure your first impression is a good one. You should notice a general air of cleanliness and regular, adequate maintenance.

--Your first impression of an individual apartment should also be favorable. It should appear clean, with no loose carpeting or linoleum, no broken or cracked windows.

--Make sure all appliances, water faucets, toilets, hot water heaters, air conditioning and heating are in good working order. Check them yourself. Don't take someone else's word.

--Check all door locks and make sure locks will be changed before you move in.

--See that windows open easily. You may need them for ventilation or as an escape route in an emergency. Check large complexes for adequate stairs or elevators, and locate fire extinguishers.

--Talk with the people who may be your neighbors. Find out if they have had satisfactory relationships with the apartment owner or manager. Ask them if there have been any rent increases in the past year or so. Also, if possible, inquire about the approximate range of monthly utility bills.

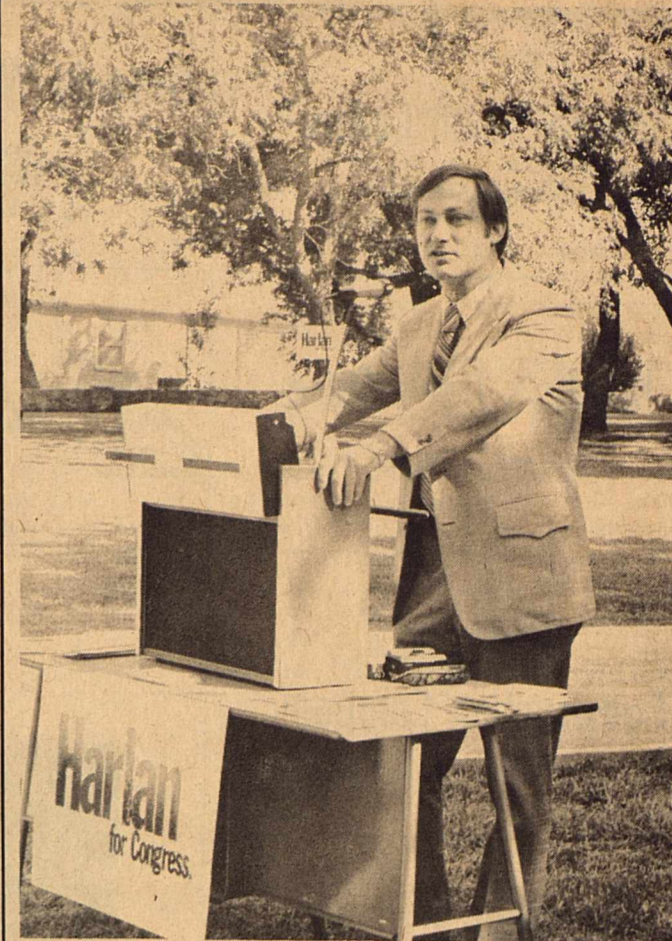

--When you have found one apartment you like, think it over a day or so before committing yourself.

--Then if you still want the apartment, begin to check on the specifics. What utilities and repairs will be your responsibility? Are there special rules or regulations imposed by the owner or manager? How much security deposit is required? Are there any restrictions on children or pets?

--Before signing a contract or lease, go through the apart-

Mrs. Rosemary Mathews was named manager of San Angelo Savings' Sonora Branch office by H. J. "Mickey" Sallee, president of the firm. She is currently undergoing training at San Angelo Savings' main office, prior to assuming her duties.

Republican Hopeful Doug Harlan addressed a group of Sutton County voters Saturday morning on the courthouse lawn. Harlan is seeking the office of Congressman for the 21st District.

### Bachelor Survival Course Being Offered At SHS

One of the new courses being offered at Sonora High School this year is Bachelor Survival. Its purpose is to assist young men in problems which will arise when they are living independently.

The 20 boys who are enrolled in the course have listed problems which they expect to encounter that they may need help in solving.

Some of the problems are selecting, buying and preparing foods which they can afford; determining foods they need for optimum health; clothing selection and care; how to choose a suitable place to live; including reading and understanding contracts; how to get along with one's roommate, and developing a good self image and understanding one's self.

ment with the manager or owner, listing any damage. Make sure there are two copies of the list, that you both sign them, and that you keep a copy for your records.

--Read the lease or contract carefully before signing. Don't sign if there are any blank spaces. Make sure all the things you have discussed are spelled out in writing, along with how much notice you must give before moving, or what the consequences are if you want to leave before the expiration date. See that the document is signed by both parties and get a copy for your records.

--When you move, again go through the apartment with the manager or owner and determine any damages that will be deducted from your security deposit. Under Texas law, the landlord must refund your deposit within 30 days, or give you a list of deductions along with the balance of your deposit. If you leave owing rent, this can be deducted. You are required to furnish your forwarding address so the refund can be mailed to you.

Some people believe that to get a new dress, all a girl need do is catch a butterfly of the desired color and crush it between her teeth while muttering a magic formula! (Some have to do more than that!)

Santa Says.

It's that time of year again, the time when Christmas card manufacturers start sending out Christmas card catalogues. Yep, we know the last thing you want to think about is Christmas cards. Us, too! But let's face it. The quicker you buy, the quicker you get it over with.

Too, you can save by buying now. Summer is the slack season in the Christmas card business and these Christmas card people will do anything to get your order... even reduce prices! And by taking a moment, right now, you can catch them with money-saving specials.

There's a card here that expresses your exact holiday wishes, whether they be of a traditional or modern nature. Our selection of WESTERN CHRISTMAS CARDS is extensive.

Choose from a catalogue by one of the following manufacturers:

- Western Tradition
- Century
- Masterpiece (executive, business and professional)

### Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the night in 1879; today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving, energy-conserving lighting tips:

#### CARE FOR LIGHTING EQUIPMENT

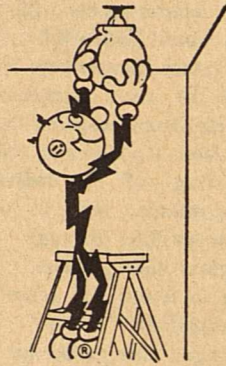

Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth.

Check frequently for defective cords or plugs. Replace or repair them immediately if they are faulty.

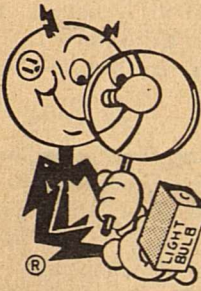

#### LESS IS MORE

Generally, you'll get more light for your money if you use the least amount of bulbs that give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs—and costs about one-third less to buy and replace.

#### READ THE LABEL

Speaking of "lumens," you'll find that all light bulbs have three ratings on their packaging. Lumens tell you what the light output or performance of the bulb is. "Watts" tell you how much electricity is needed to produce that light, and "bulb life" is the estimated length of time it will take the filament inside the bulb to burn out. When brightness is more important than bulb life—for reading, studying or working—choose the "standard" life bulb that gives you the most lumens for its wattage.

Remember, Reddy supplies the energy, but only you can use it wisely!

Cheerleader Debbie Howard takes head coach Bill Bundy in hand and leads him to center stage at last Friday's pep rally held prior to the Sonora - Coleman football game.

### Barbara Earwood To Attend Art Workshop In San Antonio

Mrs. Barbara Earwood, Sonora artist, will attend an art workshop in San Antonio September 13-16 conducted by John Pike, N.A., A.W.S.

The newly formed San Antonio Watercolor Group, headed by Barry Scott, president, and of which Mrs. Earwood is a member, has been instrumental in obtaining Mr. Pike for the workshop.

A lecture-demonstration by the National Academy artist will be held Friday at 7:30 p.m., at Marian Hall of Incarnate Word College. The workshop will begin Saturday at 8 a.m. at the Acquia Room of LaMansion Hotel. Mr. Pike will demonstrate in the morning. On-site painting by the participants will be held after lunch, with the critique held in the Acquia Room following the paint out. Monday's program is scheduled in the order of Saturday's workshop.

On Sunday evening, September 15, a barbecue will be held

honoring the nationally famed artist and author of "Watercolor by John Pike", at the Jake Beckham home in San Antonio.

Probably the most famous watercolor artist in America, John Pike at age 63 is still painting, teaching and winning awards. Two significant awards this year were the Walter Biggs Memorial Award at the National Academy of Design, and the Franklin Mint \$5,000 award.

He is a member of American Watercolor Society where he has won many awards, including "Watercolor U.S.A." and the "CFS" award, the National Academy of Design Hallgarten Prize, Salmagundi Black and White prizes and numerous others.

He has done painting and illustrations and covers for Colliers, Life, Fortune, and Reader's Digest.

Mr. Pike was invited by the National Gallery of Art and NASA to be one of the official artists on the Apollo moon shot.

Mrs. Earwood, longtime Sonora resident, received the Russel Rogers Purchase Prize for transparent watercolor on one of her two paintings exhibited in the Texas Watercolor 25th Anniversary Exhibition in February. The show was juried by Millard Sheets of California.

She is a member of the San Angelo, Sonora Painting Society, The San Angelo Art Club, San Antonio Art Club, Texas Fine Arts Association and Texas Watercolor Society. Her works are exhibited at the Texas Gallery in Ingram.

### Teen Scene

By Linda Behrens

The Sonora Colts seemed to have a rough time last Thursday night while playing against Junction.

The eighth grade score ended with the Junction Eagles ahead 28-6. But that is just the first game of the season so...Keep on working for games ahead.

The Colt seventh grade also had a taste of defeat with the final score of 32-0 in favor of the Eagles.

Nonetheless, everyone at school feels that those games are in the past and now the goals are in the future. "When the going gets tough—the tough get going", seems to come to mind after a bit of hard luck.

#### SHS

The Junior varsity was really looking good last week when they met the Eagles of Junction at Bronco Stadium. During the first quarter of the game Zeke Gamez made the first touchdown from a pass play, starting the game out with a Bronco lead.

Then again in the second quarter, the Broncos moved down the field when Johnny Creek made the second touchdown of the game.

Creek was also responsible for the third TD of the game during the fourth quarter. It was during the fourth quarter that Junction finally got on the scoreboard. Then a streaker appeared wearing number 33, alias Garry Jones who ran from the 40 yard line past the goal line to give Sonora their fourth TD, ending the game with a score of 28-6.

Captains were Garry Jones, Jack Lawson and John Elliott. Keep up the good work Broncos!

#### SHS

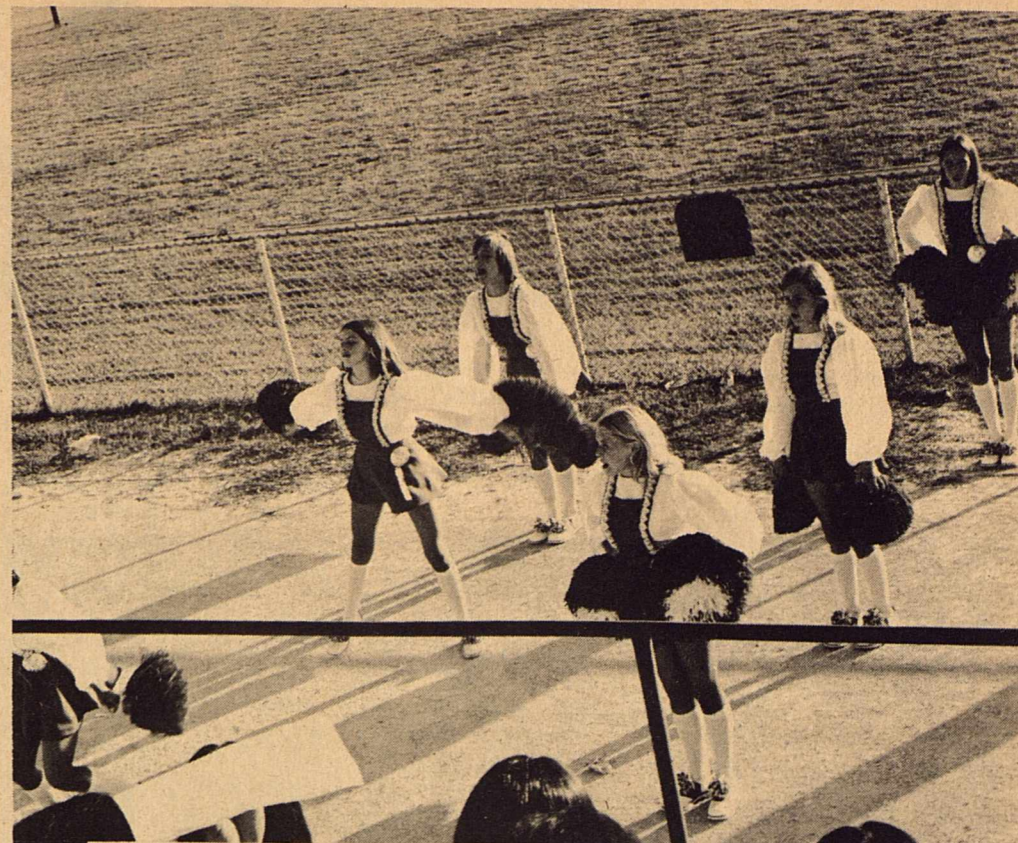

Last week was a very important step for the Junior class students for they were confronted with the idea of ordering senior class rings.

### Flexibility to meet your loan needs.

A long-term loan and reasonable charges. That's the kind of loan farmers and ranchers find at the Land Bank Association. But they also find the extra flexibility that is so important—with loan arrangements that fit special needs. Let us show why you get a better loan—and convenience too—when you use the Land Bank's unique service.

Federal Land Bank of Sonora  
A. E. Prugel, Mgr.  
387-2177

Junior High Cheerleaders Mary Gomez, Hillary Hunt, Pam Powers, Linda Smith, Paige Pollard and Terry Armentrout, were on hand last Thursday to cheer both the 7th and 8th grade Colts when they met the Junction teams at Bronco Stadium.

### Governor Signs Proclamation Denoting Voter Registration Week

Governor Dolph Briscoe recently signed proclamations denoting the week of September 16-21 as Voter Registration Week and designating Tuesday, November 5, 1974, as the date for the state-wide General Election.

In signing the proclamations the Governor urged all eligible Texas citizens to register to vote in order to insure maximum citizen participation in this year's important elections. He pointed out that the voters will be selecting all State officials, many members of the Texas Legislature, members of the U.S. Congress and numerous county and local officials. "Only 30 percent of the registered voters cast their ballots in the May primaries," Governor Briscoe said. "I certainly hope that many more

of our citizens will participate in the November elections and vote for the candidates of their choice. The right to vote is one of our greatest Constitutional privileges, and I urge all Texans to exercise this right on November 5."
