#### **Dates Set For** Livestock Show

All Sutton County boys and girls between the ages of 8 and 19 are reminded that they may participate in the Sutton County 4-H Livestock Show which will be held January 9 and 10, 1976.

Classes at the annual show are provided for breeding sheep, Angora goats, market lambs, breeding heifers and rabbits. Additional classes will be provided if needed for new livestock projects.

Boys and girls who plan to participate in the carcass or market lamb classes are reminded that the shearing and weighing date for all lambs to be exhibited in the local show will be Saturday November 1, 1975.

For additional information concerning the show contact the County Extension Agent's Office, First National Bank Building or call 387-3103.

#### Local Artist's **Painting Chosen** For Year's Tour

The Texas Fine Arts Association has announced that the watercolor painting, "Circus", by local artist, Barbara Earwood, has been selected to go on circuit throughout the state for a year. The painting won a state citation award and a purchase prize last October in the annual Region XVII show in Abilene, and is currently being exhibited in the TFAA Annual State Citation Show at Laguna Gloria Museum in Austin until August 24. The exhibit, consisting of paintings from twelve regions throughout Texas was judged by John Guerin, Professor of Art at the University of Texas, Austin.

Mrs. Earwood will be exhibiting her drawings and paintings at the Angelo West Branch Library and the Helen King Kendall Art Gallery during September.

tional meeting of the Band and Mrs. C. L. Taylor of San Booster Club tonight (Thurs- Angelo, and three grandday) at 8 p.m. in the band children. hall. All band parents are urged to attend as officers will be elected.

# School Accepts Bids, Authorizes Personnel

Trustees of the Sonora Independent School District met in regular session August 12, and approved job descriptions for the school business manager-tax assessor and for the lunchroom supervisor. The board accepted a bid from Gandy's for milk

#### **Bond Election** Carries 77-50

A very light voter turnout in Saturday's city bond election showed only 122 persons going to the polls to state their preference on the \$365,000 city proposed water and sewer improvements.

The voting was 77 for and 50 against when votes were canvassed early Monday morning by members of the city commission.

Five persons voted absentee.

#### **Graveside Rites** Held Tuesday For Son Allison

Graveside services were held Tuesday at Sonora Cemetery for G. C. (Son) Allison, 54 of San Angelo.

Mr. Allison was found dead at his San Angelo apartment Sunday evening. Death was ruled due to natural causes.

He was born in San Angelo January 11, 1921 and was a veteran of World War II. He was owner and operator of a restaurant in Sonora for a number of years. At the time of his death, he was employed by San Angelo Center at Carlsbad.

Among his survivors is a son, Gilbert C. Allison, Jr. of Abilene; his mother, Mrs. J. C. Dennis of San Angelo; one brother, George E. Allison of San Angelo; two sisters, Mrs. There will be an organiza- Hugh McMillan of Odessa

The board authorized the superintendent to accept the bid from San Angelo Ford Tractor Co. for a tractor and three reel-type mowers.

The school faculty was completed with the election of Frances Knapp and Melinda Brandon. Mrs. Knapp will district's auditoring firm of teach in the Remedial Reading Program, and Miss Brandon will teach Health A bid was accepted from and P. E. in Elementary and Southern Bleacher Co. of Junior High. Also elected seating and install aluminum Sipes, Barbara Jennings and

#### '74 and '75 Seniors Donate **Lasting Tribute To School**

Through a joint effort of the seniors of the 1974 and 1975 graduating classes of Sonora High School, a lifesize statue of Sonora's bucking bronco will be erected in front of the high school gymnasium.

Mr. Ronald McGuffin of San Angelo is responsible for the construction of the cement Bronco, as well as the red and white Bronco recently painted on the wall of the

A public unveiling of the Bronco, a pride to Sonora students and citizens forever, is scheduled for Saturday, August 30 at 4 p.m.

It is through the hard work of the two groups of seniors, their parents, sponsors and room mothers, that had enough money to donate these two lasting tributes to their school.

On hand at the unveiling will be the Sonora High School Bronco Band.

## Beauties And The Beast

Beauty contests began and climaxed the Saturday Sutton County Day celebration held on the courthouse lawn. A number of local beauties, ages 3-5, began the festivities parading for out-of-town judges with 3-year-old Cathy Vaughan chosen to reign as Little Miss. Cathy is the daughter of Mr. and Mrs. Don Ray Vaughan. Chosen as alternates were Miss Heather Wilson, daughter of Mr. and

Mrs. John K. Wilson, and Miss Deidre Yvette Beresky, 3-year-old daughter of Mr. and Mrs. Jimmy K. Beresky, Jr. Last, but certainly not least, was the parade of beauties representing local firms and businesses. Pictured is Bill Harle, president of the local Chamber of Commerce, who was not the day's winner, but nonetheless awed the fans with his "Miss America" performance.

#### Chena Gilstrap To Speak Af Banquet

An outstanding speaker, Chena Gilstrap, has been obtained for the first banquet

Chamber of Commerce. The banquet is to be held September 9 at the 4-H since reorganization of Sonora Center at 7:30 p.m.

Gilstrap is currently chairman of Department of Physical Education at The University of Texas at Arlington. He is a former high school and college football coach with an overall won-lost record of 165 wins, 88 losses and 8 ties. At UTA he has had 86 wins and 40 losses with 4 ties in 13 seasons.

Officers and directors hope to make the banquet an annual affair and feel fortunate to engage Gilstrap for this first one. He talks generally on current topics from the world of sports and comments on today's passing scene without offering very many solutions for the problems of either. He has been awarded the Texas Sportswriters' Coach of the Year Award four times and is recipient of two distinguished service awards from The Texas High School Coaches Association.

Bill Harle, president of Sonora Chamber of Commerce, believes the entertainment and food will be outstanding and an invitation is extended to all people of town to attend the banquet. Tickets are \$4 per person and may be bought at the Ruth Shurley Jewelry, White's Auto Store, Thorp's Laun-Dry, First National Bank and the Chamber of Commerce office. Tickets should be purchased as early as possible in order that food arrangements can be finaliz-

Officers and directors of the local chamber organization include Harle, Ken Braden, Sue L. Rosford, Dr. Joe R. Andrews, Dr. Joe David Ross, Bob Schlagal, John Brittain, Tommy Thorp, J. T. Hill, Lemuel D. Lopez and Charles Graves.

#### **Football Moms** To Receive **Bronco Pins**

Varsity football moms will again this year be wearing the traditional Bronco pins. Mothers may receive these pins free of charge by attending Booster Club meetings. Distribution will begin with the August 26 and September 2 meetings.

These pins were first made by Mrs. Charles (Maxine) Browne with the assistance of Mrs. Warren Hemphill and Mrs. Lin Hicks. Mrs. Hicks is responsible for the pins this year. Each red Bronco pin is personalized with the individual player's number and are worn by mothers on football days as well as Booster Club meetings and sports ban-

The purpose of the pins is to motivate interest in booster club meetings.

#### **Baseball Benefit** Game Scheduled

A benefit baseball game has been scheduled for Saturday, August 23 at the soft ball field. The Amoco All Stars will play the Sonora Volunteer Fire Department

All donations will go to

help defray hospital expenses of Johnny Samuels.

The game will begin at 6

## **Conference At A&M** Center

A Spanish goat conference will be on September 2 in the Texas A&M University Agricultural Research and Extension Center at San Angelo. An economist of the Texas Agricultural Extension Service will compare the income from Spanish goats with that from Angora goats.

Scientists of the Texas Agricultural Experiment Station will discuss current research in the reproduction and growth of Spanish goats as well as in their diets and the diseases affecting them. Sponsored by the Extension Service and the Experiment Station, the September 2 conference begins at 9 a.m. and ends at 3 p.m., and includes a noon barbecue of Spanish goat meat.

The program also includes a tour of facilities at the Center and a look at current research involving Spanish

To climax the day, a panel of area ranchers will tell their methods of selecting and producing Spanish goats.

#### WATERMELON FEAST FRIDAY

grandparents, Parents. friends and fans are reminded of the watermelon feast Friday night honoring members of the Sonora football teams. The event will begin at 6 p.m., on the tennis courts. There is no admission

#### BOOSTER CLUB MEETING AUGUST 26

An organizational meeting of the Bronco Booster Club will be held Tuesday, August 26 at the 4-H Center. Anyone is eligible to become a supporter of the club by paying a small membership

#### **Public Employees Week Designated**

has officially designated the week of August 24 through 30, 1975, as "Public Employees Week" in Texas. The vital functions performed by the people of State, county, and city governments are to receive special recognition during this period.

Area persons representing three branches of services supplied by State government to the San Angelo area, will be attending the 30th Annual Meeting of the Texas Public Employees Association at the St. Anthony Hotel in San Antonio, August 24, 25, and

Attending from State

#### City Issued Tax Rebate

Comptroller Bob Bullock issued city sales tax rebates August 15 worth \$19.9 million and announced a new plan to give cities their proportionate share of any partial collections from delinquents.

In the past, money from delinquents was applied first to the state's claim and only after that was totally paid off did the city get its money. The City of Sonora's share of the rebate plan was

#### **DAY Meeting Scheduled**

A meeting will be held Saturday, August 23 for the purpose of forming a Sonora Chapter of the DAV (Disabled American Veterans). The meeting will begin at 6 p.m., in the St. Ann's Hall.

Commander M. E. Daggett will be at the hall from 2 p.m. until meeting time.

All veterans interested in starting the chapter are urged

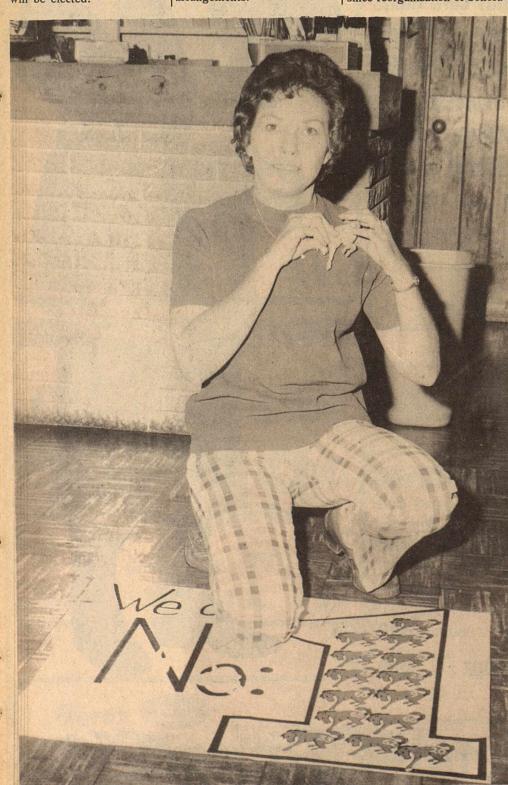

Governor Dolph Briscoe | Highway Chapter 98, representing 227 members in San Angelo's 13 county District 7 will be Delegate and President-Elect Francis A. Strother, Alternate Delegate, Director, Past President and member of Resolutions Committee Gene M. Hirschfelt, and Region I Director and Past President, Cullen Luttrell of Sonora.

#### **Dove Season** Opens Sept. 1

Shotguns will be booming September 1, around West Texas Ranch tanks, grain fields, sunflower patches and other spots where the popular mourning dove congregate. By now most shotgunners in the area know the Texas Parks and Wildlife Commission recently approved the traditional September 1, opening date for the coming 1975 dove season that will last from then through October 30.

This year's season in the north zone, which includes about three-fourths of the state and all of West Texas will be open for 60 consecutive half days through October 30. Shooting hours, as in the past, will be noon through sunset. Bag and possession limits will be 10 and 20.

Also open in the sixteen Texas counties lying along the Rio Grande will be a seven-day white-winged dove season, the longest in the state in 32 years. Dates are September 1, 2, 5, 6, 7, 14, and 15. Shooting hours and bag and possession limits are the same as on mourning doves, but on days that whitewing season is open hunters may take limits of

Want a Bronco pin with your varsity football player-son's number?? Attend Bronco Booster Club meetings. Mrs. Lin [Honey] Hicks is responsible for making this year's pins and proudly displays No. 81, belonging to tight end, Clay Hicks.

#### He's Off On Dangerous Ground After **Asking Women's Lib Question**

Editor's note: The Devil's River Philosopher on his bitterweed ranch on the Dry Devil's River gets off on some dangerous ground this week but it's his lookout, not ours.

Dear editor:

I have never given much thought to Women's Liberation except to conclude it's all right with me so long as the meals are on the table on time, but I'm now convinced men ought to be giving more attention to the subject. There's something there to be learned.

For instance, examine Indira Gandhi, the woman Prime Minister of one of the world's most populous countries and frequently pointed to as a prime example of women's ability to become political leaders.

When Mrs. Gandhi was found guilty of violating India's election laws and was faced with being barred from office, what does she do, hem and haw and dodge and hire a battery of lawyers and lie on television like a man would do? Of course not. She just got a law passed saying the law she violated wasn't

there any more, never was in the first place, and anybody who objected was jailed.

I have not had the nerve to. ask in the presence of women whether any of the people she jailed were women.

Changing the subject. which I'd better do in a hurry, I notice that some environmentalists, bent on protecting all species except possibly fleas when they're on their dogs in their city apartments, have now come out against the story of Little Red Riding Hood, on the grounds that it "has done great damage to wolves by making them a symbol of

Of course they're right about this. All that wolf did was eat up a grandmother and appropriate her clothes and eye glasses, which obviously she had no further use for. Grandmothers are not an endangered species and these slanders on wolves have got to stop.

It's the same thing with covotes and sheep. Ranchers are always denouncing coyotes for destroying their flocks, whereas it's the sheep's fault for being so helpless. Why don't they take care of themselves and grow a shell like an armadillo? Nobody's going to pull the wool over an environmentalist's eyes. If they'd been here earlier we'd still have dinosaurs and a lot less oil to squabble over.

Season tickets remain on sale in the school business office. Persons holding reserve seat tickets last season have until August 29 to re-purchase those tickets. Thereafter they will go on sale to the general public.

#### **Bob Krueger's Weekly Report**

The 94th Congress has been the subject of much criticism from the press and TV commentators, and much of the criticism is probably well-deserved. But there is a consistent criticism which I would like to comment upon: that the Congress is too expensive - salaries are too high, allowances are too big -- a matter on which every Congressional office receives a great deal of mail. I voted against the resolution to increase Congressional salaries because I feel that at this point in our economic recovery the Congressional salary is adequate. But I have supported increases in allowances for the operation of Congressional offices, because a number of Congressmen have exceeded all of the allowances by now, and I am convinced that we in the 21st District are operating as frugally as we

Many readers of this column may have tried to reach one of the offices in our District and found that the telephones are usually busy. Many of you have written letters and waited a long time for an answer. Many of you have tried to arrange appointments with your Representative when he is in the District and discovered that the calendar is full. Some of you have come to Washington to see your Representative, and found that not only the Representative, but his staff are very busy. We don't have enough telephones, we don't have enough stationery or postage to answer the mail. we don't have enough staff to solve the many problems facing the residents of the 21st District as they deal with their government, and of

course there is never enough time to do the job that should be done, a problem we share with all of you. The cost of maintaining our office from August to December will come out of my pocket, and while I do not regret my opportunity to serve you, I know that many of my colleagues cannot afford to contribute part or all of their salary to their own Congressional operations - they have families to support, 2 homes to maintain, and high travel expenditures in the case of those who live far from Washington. Contrary to popular understanding, all Congressional travel is not paid for by your taxes, all stationery is not purchased by your taxes, all telephones are not paid for by your taxes. Those of us who represent efficient or even of service to very large Districts necesits constituents. sarily spend more than those who represent Districts that New Hampshire Spuds are more compact, and there are no adjustments made to

differences. It is easy and fun to ridicule on the basis of statistics that we don't understand. But when you see an article that suggests that your Congressman gets \$300,000 or \$400,000 for being a Congressman, remember that all of those allowances, except staff salaries, have already been expended, and that is true for most Congressmen who have not been in office for a long time, most Congressmen who have active Committee responsibilities, and certainly all Congressmen who have large Congressional districts. Apparently Congressmen of former years were able to save some of their stationery

allowance, or their postage

をくてくてくてくてくてくてくてくてくてくなくなくなくなくなく しょくしょくしょく

compensate for geographical

allowance, and were able to count it as personal income, subject of course to income tax. Those days are long gone Congressional business has increased at a far greater rate than the allowances have. The cost of running a Congress is concomitant with the cost of big government, and I think our government is too big now. But while we are working toward reducing the size of our government, we cannot ignore the needs and problems which big government creates for many citizens. Your representative is your ombudsman as you try to deal with the complicated forms, the difficult regulations, the mixups that develop as you try to live with your government. The best solution to the high cost of Congress is to work at reducing the high cost of a government too big to be

Scotch-Irish settlers in Londonderry, N.H., were the first o cultivate potatoes in the American colonies. Although spuds originated in the New World, they weren't grown in the United States until 1719.

#### **Economic Pinch Affects THD**

District Engineer D. R. Watson of the State Department of Highways and Public Transportation has asked for the understanding and cooperation of the public in the 13 counties of District 7, as the economic pinch of the energy shortage closes in on highway maintenance. The enartment is primarily

dependent upon the 5c per gallon State gasoline tax for funds, and as gasoline purchases decrease, so do Department revenues.

> District Maintenance Engineer James R. Evans notes that the less essential maintenance procedures will be cut back to a minimum. One of the most noticeable cutbacks will be in right-ofway mowing. Instead of mowing for appearances, mowing now will be more on the basis of safety and fire prevention during dry seasons. Another area in which an immediate saving is possible, is in the litter barrel and trash pick-up operation. This will be done, but on a reduced schedule. Public cooperation will be essential-those who have access to other facilities for trash disposal can help by using these, and leaving litter

The long-standing pride of Post Office at Sonora, Texas under the act of Congress the Department in well-mown and litter-free rights-of-way may suffer, but essential maintenance of driving surfaces for safety must come before appearances. Economies will also be practiced in other maintenance prodecures, e.g. Any erroneous reflection upon the character or standing of stripes may not be repainted any person or firm appearing in these columns will be as often, signs may also serve

extra months of service

before repair or replacement.

There may be more patching

of individual trouble areas in

pavement surfaces, and fewer

complete surface seal coat

barrel facilities for travellers.

Engineer-Director Luther DeBerry of Austin announced recently that a Statewide departmental study will be completed by October 15 to find areas where savings can be made. He indicated that unless revenues increase, the Department may suffer a 20% reduction of personnel over a two-year period. The 5c per gallon State gasoline tax has been at this level

since 1955. Although rising

fuel consumption kept pace with inflation for a number of years, the departmental income is now actually declining, even as costs continue to

District Engineer Watson States that the full effect upon District 7 operations cannot be determined until he study is completed, and economy measures are fully developed.

"I hope the public will understand that our desire is to give the same quality of service as always," Watson said, "but that financial pressures are forcing these economies."

Mrs. A. C. Elliott Returns From Visit

Mrs. A. C. Elliott has returned from a two week visit to Abilene and Oklahoma where she visited with her sister. She and sister, Ms. Bunny McQuary of Abilene, traveled to the state of Oklahoma where they visited their sisters and families, Mrs. Faye LeCrone of Shawnee and Mrs. Barbara Murphy of Tulsa. They also visited with a niece, Mrs. Nancy Wadlow and family of Broken Arrow; the Rev. and Mrs. Rodney Dowdy, former Sonorans, now of Stonewall, and cousins, Mr. and Mrs. Wilson McQuary of Oklahoma

Mrs. Elliott plans to resume piano lessons Sep-

#### A Bishop Looks at Life

By Everett H. Jones, Retired Bishop of Episcopal Church

The Joy of Being All Out I once heard a sermon on the subject, "Does Your Religion Go Far Enough for Fun?"

The preacher said that many people in their church life are like children learning to swim: they stand in the shallows timid and halfhearted and never know the buoyant and sustaining power that comes with a trusting commitment to the depths.

A recent writer, W. B. J. Martin, says: "Some people have just enough religion to spoil them as human beings. They are neither good, healthy pagans nor fully committed Christians, but a muddled mixture of both. The rewards of the Christian life come on the further side of the half-way line." Nowhere is the situation

put more bluntly than in God's words to the Christians in Laodicea: "Thou art neither cold nor hot: I would thou wert cold or hot. So then, because thou art lukewarm, and neither cold nor hot, I will spew thee out of my mouth." (Revelation

There is widespread criticism of the kind of religion found in our mainline churches today. This discontent continues to express itself in a variety of new cults, gurus, and non-denominational splinter groups. Generally speaking, these protest groups are not upset because those of us in the churches are too dogmatic or orthodox; they are upset because we do not believe enough, we do not care enough, we are not all out enough. They want a faith that demands more of them, and in return becomes more satisfying and adventurous.

Some recent religious polls show that 75 per cent of the American people think "religion is losing its influence." They show that only 50 per cent of Roman Catholics attend church during an average week, and only 47 per cent of Protestants attend. It is also pointed out that Church authority is being challenged on many fronts, creeds and cookies were served. liturgies are being re-worded, new forms of ordained

ministry are being adopted. What these facts say to me is that there is a healthy ferment in all of our established churches. In our secular age there is no social stigma on staying away from church. Those who go are looking for the real thing, and I see ample evidence they are finding it. They are not content with religion as pious formality; they are looking for a faith that goes far enough to bring both joy and power.

#### Increase in Screwworms Anticipated

The Devil's River News, Sonora, Texas Thursday, August 21, 1975 Page 5

Light screwworm infestations reported in most Hill Country counties during July provide the seed for an anticipated great increase in infestations of this flesh eating parasite during the YOU [AND EACH OF next few months.

Dr. M. E. Meadows, Jr., director of the U. S. Department of Agriculture (USDA) Screwworm Eradication Program, says: "For the rest of this summer and fall, case incidence will depend more on what livestock producers do to protect their neighbors than what the program does." He explains no more

'stretch is feasible for the program, administered for USDA by the Animal and Plant Health Inspection Service (APHIS). We're producing as many sterile flies as possible, and distributing them as far as they can go,' reports Meadows. The 1.383 confirmed screw-

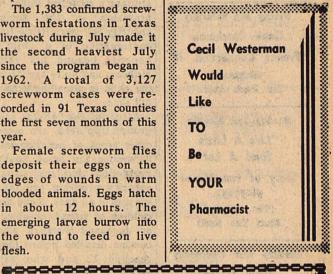

worm infestations in Texas livestock during July made it the second heaviest July since the program began in 1962. A total of 3,127 screwworm cases were recorded in 91 Texas counties the first seven months of this

Female screwworm flies deposit their eggs on the edges of wounds in warm blooded animals. Eggs hatch in about 12 hours. The emerging larvae burrow into the wound to feed on live

The Screwworm Eradication Program utilizes the fact that female flies usually mate only once in their lifetimes. Any eggs produced as the result of mating with a sterile male will not hatch, ending the life cycle.

Gillespie County recorded ten cases during July, Mason had seven, and both Val Verde and Bandera counties had six. Hill Country counties with five confirmed July cases were Kimble, Kerr, Real, and Edwards. Both McCulloch and Concho marked four cases, with three for the month in Ward.

Five Hill Country counties: Winkler, Crockett, Comal, Blanco, and Kendall, each tallied two infestations. Counties with one recorded case were Sterling, Runnels, San Saba, Tom Green, Reagan, Upton, Crane, Schleicher, and Hays.

# Use it wisely.

This is a gas meter. It's fairly easy to read and check to see if you're using natural gas wisely.

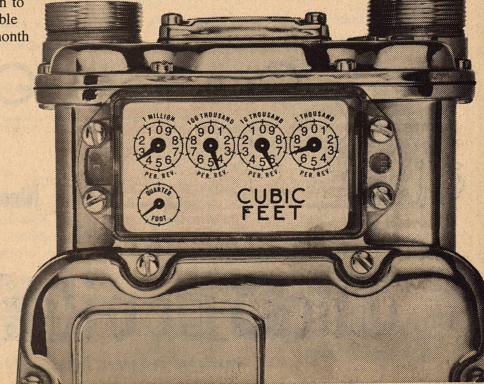

There are five dials on the meter face. The smallest dial is a test dial . . . and it's not included in the actual reading. The remaining four dials are divided into ten segments, using the number the hand has just passed for the reading. When a hand is between numbers, always use the smaller number.

The reading for the meter pictured below would be 3 4 5 7. The last number is in "tenths," so your final reading should be 345.7 THOUSAND CUBIC FEET.

It's our intention to read every accessible gas meter every month on or about the same day. You may want to informally check your natural gas usage each month to see how much you can save. Practicing conservation in your home is a good way to get the most efficient use of nature's cleanest, most desirable energy source — natural gas.

If your monthly home meter readings remain low, you're conserving natural gas. And today . . . that's the name of the game!

Lone Star Gas The clean energy company

Page 6 The Devil's River News, Sonora, Texas Thursday, August 21, 1975

#### **Sutton County Residents Receiving** \$69,000 Monthly in SS Benefits

being paid to residents of Sutton County at a rate of \$69,000 a month at the close of 1974, Franklin Upp, social security manager said re-

Social security benefits are | beneficiaries living in Sutton County, 290 are retired workers and their dependents. Another 125 are receiving benefits as the survivors of workers who have died, and 40 are getting benefits as disabled workers or their dependents.

Mr. Upp pointed out that although most social security beneficiaries are older people, about one out of every four is under age 60. In Sutton County, 100 people under age 60 are collecting social security payments each month. Nearly 60 are under age 18, receiving payments because a working father or mother has died or is getting social security disability or retirement benefits. Most of the 5 beneficiaries in Sutton County between 18 and 22 years of age are getting student's benefits under a provision in the social security law permitting the. continuation of a child's benefits beyond his 18th birthday, and up to age 22, if the child is attending school

Also in the 18-22 age group, Upp said, are some other types of beneficiaries, illustrating the broad family protection that the social security program provides workers of all ages. Some are children of retired, disabled, or deceased workers who became disabled before they reached 22 and who will probably never be able to work and become selfsupporting. The monthly benefits of these young people, severely handicapped by physical or mental disabilities, will continue indefinitely. Benefits are also payable to the mother if the disabled son or daughter is in

the mother's care. Upp said that another realtively small but significant group of youthful social security beneficiaries are those who are receiving enefits as disabled workers.

#### Women's Year **Stamp Unveiled**

The design of a ten-cent commemorative stamp honorng International Women's Year was unveiled on June 20 n Mexico City during the International Women's Year Conference sponsored by the United Nations. The first day of issue ceremony for the stamp will be held at Eisenhower College, in Seneca Falls, New York on August 26. Seneca Falls was the site of the first Women's Rights Convention in the United States in 1848 and was also the first day of issue city for the 1948 Progress of commemorative Women

The primary design feature of the stamp is a white dove emerging from the top of the symbol representing woman. In the upper right corner is a equal sign representing the equality of women. In the background, in blue and white, is an artistic representation of a pattern which globe makers might use in making a globe. This emphasizes the international significance of International Women's Year.

First day cancellation requests should be addressed to "IWY Stamp, Postmaster, Seneca Falls, NY 13148." The cost is ten cents per stamp to be affixed to the self-addressed envelopes which must accompany orders. Remittance should be by check or money order, instead of cash, and postage stamps will not be accepted as payment. A filler of postal card thickness helps to assure clear cancellations and to prevent damage to envelopes.

Judges at Saturday's beauty contest had a difficult time chosing Sonora's most beautiful entrant. Mike Street, sponsored by Teaff Oil Company, was chosen the winner after much deliberation. If the winner had been chosen for poise, this writer thinks Sonora Enterprise's contestant [pictured fifth from right] would have won, hands down.

#### **Krueger Announces Grants For Texas Wool Producers**

U.S. Representative Bob Krueger of the 21st District of Texas today announced the awarding of contracts for the supplying of 2.4 million yards of wool cloth to the Saudi Arabian government. The contracts were awarded to five U.S. textile manufacturing firms and will require 4.3 million pounds of 70's spinning count fine wool, most of which will come from Texas producers. This will mean somewhere in the neighborhood of three to four million dollars for the producers.

"I am pleased that my office was able to assist representatives of the Texas

Sheep and Goat Raisers Association and the National Save Wool Growers Association in persuading the Defense Supply Agency to use all available supplies of domesti-

balance of payments situation in the Middle East." "It is my firm conviction that the federal government should make every effort to utilize domestic products, manufacturers, and raw materials to the greatest extent possible in cases such as this, and I will continue to

work toward that goal."

cally grown wool to fill this

order," Krueger continued,

'this sale should be of

**Police Reports** 

City police investigated three accidents during the week with no major damage reported to any vehicle or occupants. On August 12 Catherine Tinsley Owers of Sonora and Davey Tom Wells of Sonora were drivers of vehicles that collided on West Crockett Street. On August 15 an accident on Main Street in front of Neville's Store, involved Norma Luna Cervantes and Joyce Vaughan, both of Sonora. Saturday at 12:40 p.m., a car driven by Tommy W. Ford who listed his address as Sonora, was in collision with a Greyhound bus in the 600 block of Crockett. Driver of the bus was James E. Wantis of San

On August 13 police investigated the breaking and entering of a mobile home belonging to June Whiddon. Also on that day Officer Joe Fincher arrested a local resident. He was charged with driving while intoxicated.

The investigation of two AWOL subjects was requested on August 13 by Naval officers of Corpus Christi. One was apprehended and one turned himself over to officers.

Officer Jerry Kemp arrested two subjects at 11:15 a.m., August 14. They were charged with driving a stolen vehicle. Bond was set at \$5,000 by Judge W. T.

Local officers were alerted by the DPS that a vehicle found abandoned in Van Horn was the vehicle belonging to Buster Shroyer, stolen from Braden Motor's garage during a robbery.

An accident on a Tom Brown Drilling rig on August 15 resulted in injury to two men. Police escorts were requested.

15 tickets were issued during the week.

**School Telts** Free Lunch. Milk Policy

The Sonora Public Schools has announced its policy for free meals for children unable to pay the full price of meals and milk served under the National School Lunch and Special Milk Programs.

Local school officials have adopted the following family size income criteria for determining eligibility:

Family Size Annual Income \$0-2,580 0-3,390 0-5,010 0-5,750 0-6,490 0-7,160 0-7,830 0-8,440 0-9,050 0-9,650 0-10,250

Each additional family mem-

Children from families whose income is at or below the levels shown are eligible for free meals. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during

the year. In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the

In the operation of child feeding programs, no child

because of race, sex, color, or national origin.

Under the provisions of the policy the building principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally or in writing to Dr. Joe R. Andrews; Superintendent, Box 648, Sonora, Texas 76950, or call 387-2220, for a hearing to appeal the decision. The policy contains an outline of the hearing

procedure. Each school and the office of the Superintendent has a copy of the complete policy which may be reviewed by any interested party.

#### Trail Ride

Mr. and Mrs. Richard Mayer will host a trail ride for all members of the Sutton County 4-H Horse Club on Saturday, August 30.

Any 4-H'er desiring to participate in the ride is asked to contact Birl Davis by

John Mayer and Ken Mayer, sons of Mr. and Mas. Richard Mayer, have completed their third term at Camp Rio Vista in Ingram. Both boys are members of the Golden Arrow tribe.

Nine-year-old John won the outstanding camper award along with an outstanding athletic medal. He won three first places and a fourth place in the track events; a first, second and two fourth places in the swimming events; third in boxing; fourth in archery; second in tennis; and third in horseback riding.

Ken, who is eight years old, was first in horseback riding; second in track; second in boxing; and first in swimming. He also took second and third places in the arts and crafts divisions.

Medals and ribbons were awarded in each division.

Certified Member of Texas Assn. Teachers of Dunc

#### **PUBLIC ANNOUNCEMENT**

Application has been made to the State Banking Board of Texas to form a new state bank in Sonora to be called the Sonora State Bank. The initial directors of that proposed new bank are listed below.

The original applicants for the proposed Sonora State Bank firmly believe that a second bank to serve Sonora, Sutton County and the surrounding area is needed to help take care of the growth of this area. The competition that will be afforded by a second bank will be healthy and will be aimed at meeting the banking needs of all of the people of this community.

The proposed Sonora State Bank will be locally owned and locally operated for the benefit of the local people. The purpose of this announcement is to invite all interested citizens of this area to participate in this community venture. The original organizers of the Sonora State Bank have decided to increase the capitalization of that proposal in order to permit stockholder participation by any local citizen who is interested.

All stockholders will come in on an equal footing. Any new stockholders will pay exactly the same price for their stock -- no more and no less -- than did the original subscribing stockholders.

Anyone who is interested in subscribing to the stock of the proposed Sonora State Bank should either contact one of the members of the initial board of directors listed below or sign and send in the enclosed form. The board of directors has established September 1, 1975, as the deadline for taking additional subscriptions.
