Miss Sarah Mahon, County Extension Agent-at-Large, has notified local 4-H leaders that the 4-H Foods Leader Training meeting scheduled for Thursday, September 25 has been postponed until further notice. Project materials necessary for the meeting have not been received.

Broncos Victorious In Defensive Battle

By Bob Granger
General Bob Neyland, former University of Tennessee football coach, always said that if you play a good containment defense, apply a good kicking game, and take advantage of a break when it occurs, you can win most games.

This is just exactly what

the Broncos did Friday night in Bronco Stadium as they played with all they had on defense and Hector Perez did a beautiful job of punting to keep Mason in its own territory. Mason also deserves credit as the Punchers allowed the Broncos only three first downs and also did a fine job of punting.

Several times it appeared the Punchers were on the move but a good defensive play or a fumble would stop their momentum. The deepest penetration the Punchers were able to gain was the Sonora 41 yard line.

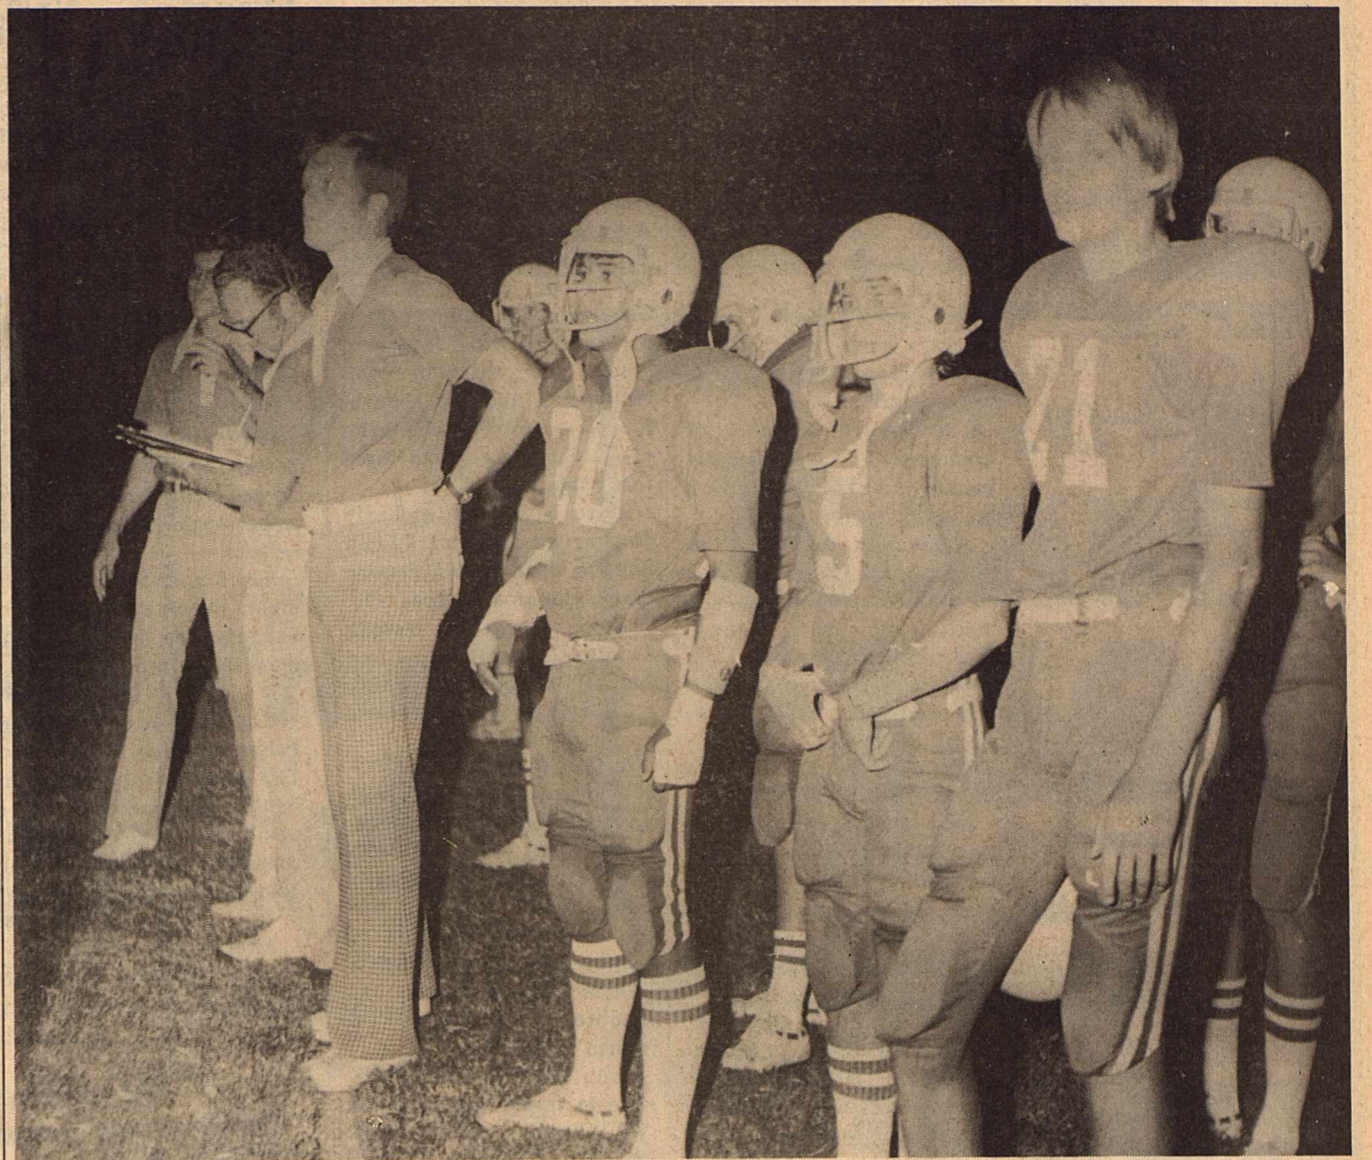

After battling each other for over three quarters between the 40 yard lines with neither team being able to mount any drive, the big break finally occurred with 9:40 left in the game. Being contained by the Broncos for three downs, the Punchers went into punt formation. On the snap from center, which sailed over the Mason punters head, the effort was blocked and the Broncos took over on the Mason 24 yard line. After two unsuccessful running plays failed, Hector Perez dropped back and fired a 25 yard scoring strike to

Jeff Doan, and John David Cook added the PAT to send the Broncos on top 7-0.

Mason could never mount any offense the rest of the game as the fired-up Broncos stymied any effort the Punchers tried.

A special tribute has to be given the Bronco defense who played such a magnificent game. The result of this effort was game preparation during the week of practice.

The Broncos will travel to Dilley Friday night. Game time is 8 p.m.

Coaches Bill Bundy, Bob Snodgrass and Roland Pfeiffer watch intently as the Bronco defense holds their own during Last Friday's defensive match against the Mason

Punchers. Team members looking on are Frank Gallegos [20], Larry Finklea [5], and Gregg Parker [21].

Junior Varsity Brings Home Win

By Bob Granger

The Sonora J. V. overcame a 13-8 Big Lake lead in the fourth quarter to push across two touchdowns and bring home a hard earned 22-13 victory.

The Sonora defense played magnificently in stopping the Big Lake ground game. The J. V. defense allowed only fifty yards on the ground in the first half and played even better in the second half allowing only 25 yards to the Owls. Pass defense was a different story for three quarters as the Jr. Broncos allowed 111 yards through the air and two touchdowns via the forward pass.

Big Lake opened the scoring as they began a drive on their own 47 yard line and in eight plays drove to the Sonora 14 yard line. From here quarterback Hennington pitched a 14 yard scoring pass to Tennell with 5:38 left in the second quarter. O'Brien booted the extra point to send the Owls out front 7-0.

Angered by the Owl score, Sonora's Chip Savell returned the Owl kickoff 36 yards to the 50 yard line. On the first play the Owls drew a five yard offside penalty to set Sonora up on the Owl 45. On the next play Manuel Lozez broke over the right offensive side of his line and cut to the outside to race 45 yards for the TD only 18 seconds after Big Lake had scored.

Quarterback Benny Granger rolled to his left and fired a pass to Wingback Billy Bob Galbreath in the end zone for a two point conversion to send Sonora ahead 8-7.

With 6:55 left in the third quarter, Quarterback Nunley found Tennell wide open again and the two lads combined on a 47 yard TD play to put the Owls ahead 13-8. The try for the extra point was no good.

With 8:30 left in the fourth quarter, Scott Allison intercepted an Owl pass and returned it to the Owl 29 yard line. After two unsuccessful running plays failed and Sonora was assessed a 15 yard penalty, the Sonora lads were faced with a third and

31 situation. Granger fired a pass over the middle to Ricky Hard who eluded two tackles and raced to the Owl five yard line. On the next play Lopez scooted around right end to score for Sonora and put Sonora ahead 14-13. On the extra point, Granger rolled to his right and again found Galbreath in the end zone for two points and a Sonora lead of 16-13.

Big Lake tried valiantly to come back, but Sonora's pass defense tightened and on a fourth down try from the 50 yard line, Bobby Cook put a rib rattling tackle on Carr of the Owls on the Big Lake 48, to give Sonora the ball. From here the Sonora J. V. began an eight play scoring drive. The big play in the drive was a rollout by Granger around his right end behind great blocking to the Owl one yard line. On the following play Granger pierced the center of the line on a quarterback sneak to send Sonora on top 22-13. The try for point failed and the J. V. trip home was a happy one.

Speech Club Elects Officers

Members of the Sonora Speech Club elected Mike Street president of the organization when they held an election of officers' meeting recently. Scott Alley was elected vice president; Janna Lawson, secretary-treasurer; and Lorie Olson, reporter.

Mrs. Edwina Braden, head of the department, states that the speech department has a number of plays in mind for production this year.

Mrs. Braden hosted the club to a hamburger supper last week at her home.

Funeral Services Held In Eden For 4-Year-Old Lorisa Vordick

Funeral services were held Friday, September 19 in Day-Lovelace Funeral Home in Eden for four-year-old Lorisa Ann Vordick who was pronounced dead on arrival at Hudspheth Hospital September 17.

The child, daughter of Mr. and Mrs. Ron Vordick of Sonora, was struck by a pickup while riding her tricycle near her home. She reportedly darted into the path of the pickup, driven by Ellis E. Cavaness, 26, also of Sonora. Bill Webster, City Chief of Police, investigated the accident.

The accident took place at the Sonora Trailer Park where both the Vordick family and Cavaness reside.

Other survivors include a

brother, Ricky Dean Vordick; her grandparents, Mr. and Mrs. Charles Williams of San Angelo and Mr. and Mrs. W. C. Vordick of Millersview and a great-grandmother, Mrs. Lillian Vordick of Midland. Burial was in Eden Cemetery.

Election And Barbecue Set For October 8

The Edwards Plateau Soil and Water Conservation District is extending an invitation to all to attend the annual district director's election and barbecue to be held October 8 on the George Brockman Ranch. The ranch is located approximately 30 miles Southeast of Sonora on Bond Road. Signs will direct you to the ranch.

Activities for the field day will begin at 9:30 a.m. at the headquarters. George Brockman; Bob Steager, Area Extension Range Specialist; Milo Shult, Area Wildlife Specialist; Ken Sparks, Area Range Specialist Soil Conservation Service; Clint Langford, County Extension Agent; and Virgil Polocek, District Conservationist, will discuss various topics such as wildlife habitat, food requirements for wildlife, burning of rangeland and various demonstration results. A tour of the ranch will include observation of exotic game.

A barbecue will be served at noon, sponsored by the Edwards Plateau District. Following the noon meal all landowners in Zone 2 will elect a director to serve on the Soil and Water Conservation Board of Directors for a five year term.

Jym Adamson Named To Committee

Mrs. Jym Adamson of Sonora has been named to the Concho Valley Council of Governments Regional Alcohol/Drug Abuse Advisory Committee.

The primary function of the 28-member committee is to make recommendations to the CVCOG Executive Committee regarding needs, priorities and plans for prevention, control and treatment of alcohol and drug abuse.

In its role of assisting CVCOG staff in developing the region's annual alcohol and drug abuse planning documents, the committee provides citizen input in defining alcohol and drug abuse problems and in developing practical approaches to resolve those problems. The latter activity includes efforts to develop local resources as well as efforts to ensure coordination among service providers.

Retirement Party Ends Roy Coker's 31 Years With Highway Dept.

Long time highway engineer Theodore R. (Roy) Coker, Jr. of Sonora is being honored by friends and associates with a come and go retirement party, from 3-5 p.m. today (Thursday) at the Resident Engineer's office of U.S. 277 north in Sonora. Hosted by fellow employees, Coker's friends and associates are invited to come by and enjoy refreshments and fellowship.

Coker has been associated with the Sonora residency 21 years, and has over 31 years with the State Department of Highways and Public Transportation. He and his wife, Doris, are presently engaged in building a new home on their ranch near Cleo, where they plan to retire. The Cokers have two children, Mrs. Jack (Elaine) Sloan, of Palo Pinto, and Teddy Coker of Amarillo.

Coker's career has spanned the spectrum of highway work since he began as a rodman in 1941 for Resident

Bank Enters Sales Contract

After one and one-half years of negotiations, a sales contract has been entered into between First Loan Company, an affiliate of First National Bank, and the McDonald Estate, for five lots in the area now known as the downtown park. First Loan Company purchased three lots from Foxworth-Galbraith

Lumber Company in that same parcel of land some months ago.

The lots, fronting 240 feet on Main Street, and 100 feet deep, will be used for expansion of bank facilities. A drive-in banking convenience is expected in the near future, according to First National Bank officials.

Auditorium Renovation Approved

School trustees gave tentative approval to the architect's plans for renovation of the high school auditorium in a special meeting held September 16. The plans include additional dressing rooms and storage area, plus a South side entrance and lobby area.

Estimated cost of the project is \$303,000 with a

breakdown of costs as follows: general construction and renovation, \$180,000; mechanical, electrical and plumbing, \$90,000; and furnishings and equipment, \$33,000.

It is anticipated that final drawings will be presented in the next few weeks and bids will be taken in October.

The school enrollment reached 1,080 on September 13. This was an increase of 46 over the same date last year. The enrollment by schools is: Elementary, 535; Jr. High, 283, and High School, 272.

Senior Citizens Meet Oct. 1

The next senior citizens' recreation meeting will be held October 1 from 2 until 4 p.m. The meeting is to be held at the Presbyterian Church of the Good Shepherd. More citizens are participating in each meeting which makes it more enjoyable for all. These meetings are for residents 60 years of age and older. Everyone is invited to come and bring a friend.

Persons interested in handwork are asked to bring it. Anyone needing transportation may call 387-2209.

At the October 15 meeting a Social Security representative will be present for a question and answer period.

Antonio Gallegos Buried Tuesday

Funeral services were held Tuesday for Antonio Gallegos, 52, who died at his home Sunday night. Rites were held at St. Ann's Catholic Church with burial in Sonora Cemetery.

Mr. Gallegos was born June 19, 1923 in Mexico and had been a resident of Sonora for 50 years.

Survivors include three sisters, Mrs. Juan Mendez, Mrs. Juan Lozano, and Mrs. Chappo Samaniego; and one brother, Frank Gallegos, all of Sonora.

Cattle Health Clinic Scheduled

A Beef Cattle Health Clinic, featuring beef cattle diseases, plants poisonous to beef cattle, internal parasites, external parasites, and industrial toxicants related to beef cattle production, will be held at the 4-H Center, Tuesday September 30 from 3 p.m. to 6 p.m.

Program participants will include Dr. Gene Cope, Extension Veterinarian from Amarillo, who will present a slide set on beef cattle diseases; Dr. J. W. Stewart, Extension Entomologist from Uvalde, who will discuss internal and external parasites; Dr. A. L. Hoermann, Extension Beef Cattle Specialist from Uvalde, who will coordinate the program; and Dr. Joe David Ross, Dr. Wayne Herrmann and Dr. John Fields, who will participate in a panel discussion of beef cattle health problems of importance to the local area.

All area beef cattle producers and other interested persons are invited to attend. The program is being sponsored by the Extension Beef Cattle Committee and the Sonora Veterinary Clinic.

Bobby Granger Reports To Guam

Navy Radioman Seaman Bobby W. Granger, son of Mr. and Mrs. Bob Granger, has reported for duty aboard the submarine tender USS Proteus, homeported at Guam, M.I.

Drs. Charles Browne and David Owensby, along with Mmes. Browne and Owensby, were hosts Sunday afternoon at an open house in the newly constructed Doctor's Clinic. Despite unfavorable weather conditions, a good turnout of visitors came to tour the offices and to meet Dr. and Mrs. Owensby.

Bronco Sideline Shots

By Bob Granger

Congratulations to the Broncos and their coaches on a job well done against Mason. The Broncos didn't want to let Sonora down and fought with all they had to win this one. Mason came to town with a fine ball club and it was a real credit for the Broncos to win this one.

Coach Dale Ethridge's 7th grade Colts racked up win no. 2 in Big Lake Thursday afternoon. The Colts trailed 6-0 at halftime and stormed back to score 22 points in the second half, winning 22-12.

The 8th grade Colts were defeated by the Big Lake Owls 16-0. Every time the Colts seemed to get things rolling, a penalty or mistake would stop the drive. When the Colts do get going some folks better look out for they are going to be tough to beat.

Saw former Sonora coach Joe Turner at the game Friday night. Joe coached the first outright district champs Sonora had. He won district titles in 1953, 1954 and 1956. He is living back in Sonora again. Welcome back, Joe.

Congratulations to Coaches Bob Snodgrass and Don Patton on the J. V. victory over Big Lake. Though trailing 13-8 going into the 4th quarter, the J.V. really came to life in the 4th quarter to win going away. A fourth quarter performance like this has to result from the rigorous conditioning program the coaches supervise. When the going gets tough is when a program like this pays off.

After last week's action, Sonora emerged as the only team in 7-AA that is unbeaten. Ozona and McCamey both went down in defeat last week.

THE DEVIL'S RIVER PHILOSOPHER SEZ... He Comes Up With Solution To School Busing Problem

Editor's note: The Devil's River Philosopher on his bitterweed ranch on the Dry Devil's River tackles the busing problem this week. He may have been thrown for a loss.

Dear editor: I have been following the controversy over school busing around the country, whether it's in the cultural North or the backward South, and the problem seems to be the same, the people just as divided and the tempers just as raw, with the answer just as elusive.

This may be because the people aren't thinking, or because some parents argue, the decisions are generally turned over to a Federal judge with a life-time appointment whose children are already grown.

Now of course it's hard if not impossible to explain to a parent why his child can't step across the street to a nice school already there, instead of having to ride a bus clear across to the other side of the city, while the kids over there ride a bus to the school across the street. You can't blame him for thinking such a plan must have been thought up by the bus manufacturers.

Now there's nothing wrong with riding a bus to school, it sure beats walking two miles to school when you and I were young. Or was it five miles?

But ride one when the school's right across the street? There's the rub. So the answer is to eliminate that school. Maybe make a

library out of it. And then have just one school for everybody. The thing to do is for Boston, for example, to erect one school in the middle of the city, 20 stories high or however high it takes to hold all the school kids the town's got, with plans for adding more stories if the population keeps growing. You finish one grade, you move up a story, until finally you come out on the roof, fully educated.

Thus everybody goes to the same school, everybody rides a bus, the police can go about their regular work, the mayor can hunt for more taxes, and parents can have an extra hour of freedom mornings and afternoons while their kids are en route to and from the heart of the city.

If you argue that that many buses will clog the streets, I'll remind you that the streets are already clogged, and besides, if engineers put their minds to it, they could devise pneumatic tubes extending spider-web-like out from the 20-story school, with parents encasing their kids in plastic cocoons and shooting them to school in record time. A computer could make sure they take the right tube back home. Be safer than walking across the street. On reaching the school in the mornings they could all land in one big room in the basement, integrated like never before.

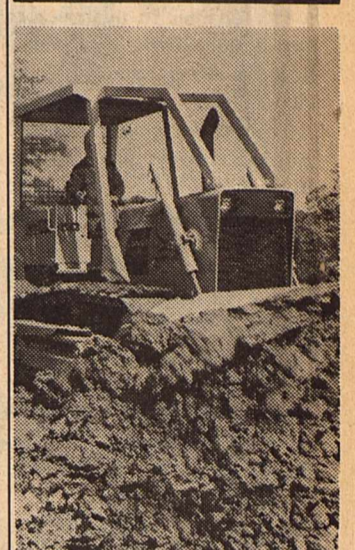

Yours faithfully, J. A.

Gas Priced Like Apples*

"How much are your apples?" only 29 cents, too." Which is a long way, perhaps, of getting around to the point. Natural gas in Texas sells for up to \$1.90 per 1,000 cubic feet. And Texans have gas. But in non-producing states, where the price of imported gas is controlled at 51 cents per 1,000 cubic feet, there is no new gas to be bought. If we didn't have gas, our price would be 51 cents, too. But we couldn't buy gas either.

Higher Grocery Prices Statewide

Grocery bargain hunters will find mostly higher prices across the state this week, according to one observer. However, fryer chickens remain a good value despite a slight price increase—as their quality is excellent," Mrs. Gwendolyn Clyatt noted. The consumer marketing information specialist is with the Texas Agricultural Extension Service, The Texas A&M University System. "Eggs prices are up a bit, also, with Grade A, large-size eggs offering the best combination of quality and economy." "Beef prices are about the same—to just a bit higher than last week." "Most markets are featuring various lightweight and mature beef cuts at special prices, though, so check ads for family preferences," the specialist added. She predicted best values on round steaks and roasts, ground beef, stew meat, chuck roasts and steaks. At produce counters, economy prices and good quality are available in cabbage, carrot, corn and cucumber buys, along with peppers, okra and soft shell squash. Several varieties of grapes are on the market in quantity at good values, and early crop apples are more plentiful, Mrs. Clyatt said. "We're close to end of the season for some small, soft fruits—with more varying of prices and quality. Make selections carefully on pineapples, peaches, strawberries and nectarines," she advised.

CONSUMER WATCH-WORDS: "Unruly fresh vegetable budgets need 'beets'—the two-in-one food. Both root and leaves are edible.

MRS. DAVENPORT VISITS IN SONORA

Mrs. W. H. Davenport, mother of Hershel Davenport, is here visiting from Gadsden, Arizona. During her stay they have visited Lake Amistad, 1st Lt. and Mrs. George Davenport and daughter, Trier in Killeen, and Matt Davenport in Irving. Mrs. Davenport will leave for Tulsa, Oklahoma to visit two sisters who have not been together in twelve years. All three plan to celebrate their October birthdays together. She plans to return to Arizona October 15.

New Arrival

A son, Robert Nikolas, was born August 26 to Mr. and Mrs. Robert Driskell of Austin. He weighed 5 pounds and 14 ounces. Mrs. Driskell is the former Janie Letsinger. Grandparents are Mr. and Mrs. Ted Letsinger of Uvalde and Mr. and Mrs. Claude T. Driskell. Mrs. Juliet Driskell is the baby's great-grandmother.

SEEING BEYOND

This is Basil. Much of the time he can't see beyond his nose. But with a nose like Basil's who needs to see! Many folks have temporarily-impaired spiritual vision. But sometimes they can compensate in other ways. . . . like the man who brought his youngsters to church recently: "Myself, I'm not religious," he said, "but I sense their need for character development." Surprisingly, that father has returned to church. Now he is just as faithful as his children. We used to say of Basil, the moment he shakes himself he's got "twenty-twenty" vision. The same is true of many people once they sense their God-given responsibilities.

State Fair To Be Held Oct. 3 - 19

Uncle Sam is having a birthday party and everybody's invited! It's the State Fair's Yankeedoodle Dandy bicentennial celebration October 3-19.

Star-spangled events will include four free Cotton Bowl Spectaculars with drums and drills, parades and pageantry, fireworks and flamenco dancers on October 6, 9, 13 and 14.

A double billing at the Music Hall will feature Juliet Prowse starring in her own show, October 3-12, and Johnny Cash taking the spotlight the second week, October 13-19.

Themed to the title of the

Fair the eight museums will feature special exhibits pertaining to the bicentennial.

Contests run the gamut from bread making and cake baking to pumpkin carving, fashion sewing, twins and chili cooking. Traditional contests have been expanded and new ones added, including ethnic food, churning, paper-hat making and George Washington cherry pie contests, taking place in the kitchen theater.

Then there's football and hot dogs, the ferris wheel and cotton candy, nachitos and Belgian waffles all adding up to a Dandy Fair.

With batons in hand these young entertaining members of the Bronco Marching Band keep fans amused during halftime activities. The band is under the field direction of Gary Wuest, drum major. Twirlers are Jane Wallace, Cindy Cavaness, Lucy Morriss, Flaire Lane and Joyce Norlega.

Screwworms Spread Thru State

Screwworms were widely spread across Texas, from Cameron County on the south to Wichita on the north; from Hudspeth on the west to Brazoria, Walker and Houston counties on the east, during August.

More than half the 2,549 August cases came from southernmost counties where an unusually wet summer has led to great numbers of Gulf Coast ear ticks. As many as 60 percent of currently reported cases are coming from ears of cattle in this

region. The 5,676 Texas screwworm cases confirmed by laboratory identification by the end of August is second only to 54,769 in 1972 by this date in history of the U.S. Department of Agriculture (USDA) Screwworm Eradication for the program administered by the Animal and Plant Health Inspection Service (APHIS).

Millions of screwworm flies are raised in the APHIS insectary near Mission.

Bob Krueger's Weekly Report

Foreign aid has long been a controversial topic. Certain foreign aid which this country provided, such as the Marshall Plan after World War II, has proven a wise investment for this country. That plan helped save the European countries from starvation and economic destitution following a horrendous war. It prevented the expansion of communism, and stimulated American exports. At the same time, it created a reservoir of good will by showing the capacity of American people both to fight victoriously in war and to assist magnanimously in peace.

Since the time of the Marshall Plan, however, foreign aid has often been confused and unproductive. Some foreign aid has simply proven to be money slipped into the hands of unscrupulous politicians. Other aid has been used to help support dictatorships operated on principles contrary to our democratic traditions. Still other aid has been badly spent because of a misunderstanding of the needs of other nations.

The International Development and Food Assistance Act of 1975, which the House of Representatives passed last week, represents a new and useful departure. Its main thrust is to help the people of foreign countries to feed themselves. Americans with experience in good agriculture -- farmers, ranchers, experts from the agriculture departments of our colleges and universities -- will share their knowledge and experience with people in underdeveloped countries. Our better grains, our improved land management techniques, and our knowledge of animal genetics will be used to help them produce the food and fibre they need for their own people.

Beyond this, we will make medical knowledge, family planning information, and assistance in basic health habits available to people in lands where millions still go hungry because of overpopulation and poor use of land resources.

The Congress substantially reduced the expenditures requested by the President for foreign aid this year, and I supported those reductions. While the new program undoubtedly continues some of the faults of the old, it still represents a useful departure

from previous practices. It recognizes that military assistance is a different need from that of developing productive capacity in agriculture, and it presents these two matters in separate legislation, rather than in one bill, as in the past. The amount to be spent on this bill, only one-thousandth of our total national production, should be a good investment for Americans.

Reddy's helpful tips for your Home Laundry

- ★ Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.
- ★ Important! Clean the lint trap and lint filter on both washer and dryer after each load or a full day's use of your home laundry.
- ★ Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing.

Edwards Plateau Historical Assn. Meeting Set

The Edwards Plateau Historical Association, consisting of 25 counties, will have an annual meeting in Coleman October 4 at the First United M. E. Church education building. A courtesy coffee will start the day, beginning at 9 a.m.

The morning program will include talks on Coleman County History. Lunch will be served at noon, followed by a visit to the Coleman Museum and musical program at Santa Anna High School, a part of the Bicentennial service there. The dedication of a historical marker at Old Rock House, which is 102 years old, will complete the day's activities.

Benefit Roping And Art Exhibit To Be Held October 4, 5 At Post

The Annual OS Ranch Steer Roping and Art Exhibit to benefit West Texas Boys Ranch is set for the weekend of October 4 and 5 on the OS Ranch, southeast of Post, according to Jim Prather, chairman.

This year forty cowboy and western artists will be exhibiting their talents, and thirty-three steer ropers, many former world champion ropers, will be competing in the main event on Sunday. An open pit cooked barbecue will be served both days. On Saturday there will be an

invitational calf roping, a team roping, and a GRA approved girls barrel race. The finals of the barrel race will be run Sunday at 2:00 p.m., Prather said.

The art will be on exhibit both days in the headquarters house of the OS Ranch and all art will be for sale. There will also be a big dance in Post on Saturday night with Red Stegall and band.

This is the fourth year of the combined event and the fifth for the steer roping. The OS Ranch is located six miles off U.S. 84.

Police Reports

Sonora Police took two juvenile runaways into custody September 15 after receiving a report from the Bandera Sheriff's office. Officer Jerry Kemp arrested the two youngsters, who were driving a stolen vehicle at the time they were apprehended. Officers from Bandera picked up the two September 16 and transported them to Bandera. No charges were filed locally.

On September 17, Chief of Police Bill Webster investigated a reported break-in at the Santa Fe Railroad Depot building.

Officers Webster and Kemp stopped a vehicle on the closed access road behind the Texas Highway Department September 18. Driver of the vehicle, Charles Wayne Sepedo, driving a California registered car, told officers he was trying to gain access to Interstate 10 and had become lost after letting a hitch hiker out. It was discovered that the hitch hiker was a runaway juvenile and was in possession of dangerous drugs. During questioning of the runaway, he admitted to having obtained the drugs from Sepedo. Sepedo was apprehended 12 miles from Sonora and charged with possession of marijuana and other dangerous drugs and placed in Sutton County Jail. Bond was set at \$2,000 by Judge Mat Adams.

A minor traffic accident in the 200 block of Rock Avenue was investigated September 21. Drivers of the vehicles were Joe G. Carrasco of McCamey and Esperaza Castilleja.

In the early morning hours of September 22 Estalfo Vargas Rodriguez of Ozona was arrested and placed in Sutton County Jail following a one-car accident. Vargas was apparently driving at a high rate of speed and lost control of his vehicle, skidding 195 feet before striking a bridge railing, skidding another 65 feet before coming to a stop.

A total of seven citations were issued during the week. Charges were made for improper start, exhibition of acceleration, drunk in public, DWI and no operator's license.
