

FUTURE OLYMPIC CONTENDERS
...Not likely; but classes of future swimmers braved cloudy,

cool days to take advantage of the free Red Cross lessons being taught at the public pool. Ms. Melissa Teaff was instructor to these students, and was aided by a number of assistants.

Ozona All-Stars Win In Extra Inning Action

Ozona's All-Stars came from behind Monday night in little league action to defeat the local all-star team 9-7 with the game going into an extra inning. Neither team scored in the first inning of play but Ozona went ahead 3-0 in the second inning with three towering home runs, then adding another run in the third to lead 4-0. Sonora came up with five runs in the top of the fourth inning and added two more in the fifth to wrestle the lead from Ozona 7-4. Ozona however was not to be defeated when their lead-off hitter walked to first. Another one across the centerfield fence made the score 7-6. Then with two out in the sixth, Ozona's third baseman reached first base on an error. In an attempt to steal second, the ball was thrown too high at Sonora's second baseman and the game-tying run was scored. In the top of the seventh Sonora scored once to lead again 8-7. With one man out and one on base in the bottom of the seventh inning, Ozona's catcher hit one out of the park, cinching the win 9-7. Ozona's pitcher, Aldridge, did an excellent job, giving up ten hits, walking four and striking out 14 Sonora batters. Leading hitters for Ozona were

Simpson with three hits, Enriquez with two, and Cole, Aldridge, Leal, Borrezo and Massey with one hit each. Two of Simpson's hits were home runs with a total of five homers hit by the Ozona team during the game. Manuel Perez pitched six innings for the Sonora stars, giving up only nine hits, walking two and striking out eight. Scott Savell came on to relieve Perez in the bottom of the seventh, striking out one and giving up a home run. Leading the Sonora team in hitting were John Blankenship with three runs, Rodney Green and Savell with two each, and Allen Stewart, John Polard and Jeffrey Barton each with one hit. Green hit Sonora's only home run. Coach of the All-Stars, Bill Savell, says that he counts it a privilege to have worked with his team of Indians and with the All-Stars once again. "This is a fine group of youngsters and Sonora should be proud of them as they worked hard, played well and represented our city well," Savell continued. Savell noted his thanks to the coaches, parents and all others who helped the Little League organization with a successful season.

Iran Family Stays Overnight In Sonora Motel

Consul General N. Shirzard of Iran, who along with his family has been touring the state of Texas, spent the night in Sonora July 16. Six persons were in the party. The Iran family reserved two rooms at the Twin Oaks Motel.

Field Day Slated July 28 At Hill Ranch

Visitors to the Frances Hill Ranch on July 28 can compare the response of Hereford cows and Brown Swiss crossbred cows to supplemental feeding under conditions on the Edwards Plateau. The theme of a field day at the ranch on July 28 is "the supplemental feeding of beef cattle on rangeland". The ranch is on State Hwy. 55, halfway between Sonora and Rocksprings. The field day begins at 10:30 a.m., breaks for a lunch of Dutch treat barbecue, and continues until 3 p.m. Still another subject to be discussed July 28: the effect of a cow's condition on her reproductive performance.

School Employs Instruction Director

William R. Fort has been employed by the Sonora schools as Director of Instruction. Fort and his wife, Deniese, come to Sonora from Orangefield, Texas. They have two children—Ann Marie, eight years old; and Robert, six years old. Mr. Fort has been an elementary principal in Orangefield for the past

5½ years. His experience also includes elementary teacher and a high school math teacher. He received a Bachelor of Science and Master of Education degree from Stephen F. Austin University and has done post graduate work at Lamar University and Stephen F. Austin University. His certificates include Professional Administrators Certificate and Professional Supervisors Certificate. Fort is a member of Phi Delta Kappa, educational fraternity, and a life member of the P.T.A. and T.S.T.A. The Forts are members of the Baptist church.

The director of instruction will work with the school curriculum and in-service training.

Carl G. Weaver, New Hospital Head

Carl G. Weaver will assume duties as administrator of Lillian M. Hudspeth Hospital in approximately two weeks.

Weaver is presently on the staff at the Clinic Hospital Medical Association in San Angelo where he has been an employee for five years.

A graduate of Richfield High School in Waco, Weaver attended Angelo State University. He is married and the father of a four-year-old son. His wife, Nora, is employed in San Angelo by Dr. M.G. Moutos and is a nursing student at Angelo State.

Weaver was hired July 15 during a special meeting of the hospital board. Three applicants were interviewed at that meeting. The hospital has been without an administrator since Jerral Whitehead resigned some weeks ago.

Trustees Update Honor System

In its regular meeting July 13 the Sonora Independent School Board of Trustees reviewed building plans, accepted bids for necessary classroom furniture and lighting at the football field, discussed a school board policy service, hired additional personnel, accepted resignations, and considered policies for high ranking students. The school architect presented schematic plans for the junior high building and renovation of the high school auditorium. The board reviewed these plans and approved plans for renovating the auditorium. Bids were submitted to the board for furniture for the new six room elementary building now under construction. Companies submitting bids included Hoover's, American Desk, and School Specialty. The lowest bidder, School Specialty, was awarded the bid. The board accepted a bid from Jett Electric Company to install 24 quartz lights at the football field. Six lights will be added to each of the corner light poles. The board also voted to subscribe to a school board policy service provided by the Texas Association of school boards. This service provides the current laws and legal opinions concerning school operation and an annual updating service. This service will aid the board and administration in keeping the policies up-to-date with current school legislation. A policy providing for a honor program in three categories for the graduating class was adopted.

The requirements of each category should be as follows:
1. Begins with Freshman class of 1976-77.
Highest Honors: The valedictory and salutatory awards shall be based on the student's four year average. The valedictorian and salutatorian shall have been a student in Sonora High School for a minimum of two full school years and have credits in the following courses: 12 quarter credits in English, six quarter credits in mathematics above fundamentals of math and introductory algebra, and nine quarter credits in science. To be eligible for the valedictory or salutatory award, a student entering from another school must maintain the overall scholastic average, band and physical education excluded, that is transferred to this district.
2. Effective 1976-77 school year.
High Honors: High honors are awarded to those graduating seniors who have a four year average grade of 90 or above and have credits in the following courses: 12 quarter credits in English, six quarter credits in mathematics above fundamentals of math and introductory algebra, and nine quarter credits of science.
3. Effective 1976-77 school year.
Honors: Honors are to be awarded to those students who have an average grade of 90 or above on work completed during their senior year.
The rationale for changing the policy on determining the valedictorian and salutatorian was twofold: (1) All students

competing for the awards should be judged on the same courses, (2) provision should be made for transfer students to compete for the award.
The new policy considers both of these reasons and provides some measure of safeguard for the local student against a student that may transfer exceptionally high grades into the district.
The new policy on the valedictory and salutatory awards become effective with the freshman class of 1976-77. This provides every student ample opportunity to know the requirements on which the award will be based.
The policy on high

honors will become effective with the 1976-77 school year.
Teachers that will be added to the staff of the Sonora schools include Ed Martinez, band director; Rita Hale, high school math teacher; Lynne Vancil, high school speech and English; Wanda Nixon, elementary teacher; Clair Tankersley, elementary teacher; Dianne Harris, elementary teacher and Anne Cowley, art.
Resignations were accepted from Jan Glasscock, second grade teacher; Tommy Miller, coach and history teacher; and Rita Tomlin, aide in the school tax office.

Law Enforcement Merger Under Local Consideration

City Aldermen and County Commissioners met in joint special session July 15 in order to hear pros and cons of consolidation of the County Sheriff's Department and the City Police Department. The meeting was adjourned with a majority of commissioners of both bodies agreeing that the proposal made by Police Chief W.W. (Bill) Webster was a sound one but that no action could be taken or no definite decisions made until January 1, 1977. Webster told the governing bodies that it was his opinion that a county

such as Sutton does not require two different law enforcement agencies and that a consolidation of the two bodies would take away all duplication of work that is occurring at the present time. It has been estimated that the monies saved by consolidation of the two agencies would save city and county taxpayers \$11,650 in operating expenses and would give officers power to police the entire county. City Manager Bob Nevill has been asked to go over all aspects of the consolidation to determine what amount of monetary support the city could contribute to a yearly basis to the operation. The proposal has been made that the city make a yearly contribution and from that point the county would handle the department

including all operating procedures, officer's salary, etc. Nevill added that the city's contribution to the merger is under consideration and a proposal will be made to the county at a later date.

\$13.4 Million Helicopter Used To Transfer Drilling Crews To Work Sites

Comptroller Bob Bullock mailed checks totaling \$13.4 million to 535 Texas cities and towns July 14 as their July rebate of the one-cent city sales tax they collect. Among those Texas cities was Sonora whose total payment was \$3,353.79. Bullock also released a computer analysis of gross sales in each Texas county during the first quarter of this year that he said "shows the Texas retail economy growing." The analysis shows there was a total of \$28.3 billion in gross retail sales in Texas during the first quarter of 1976. In Sutton County there were 125 business outlets within the county reporting taxes on gross sales of \$8,340,178. Of this amount \$2,872,713 was for taxable sales.

Amoco Productions Company of Sonora began utilization of a helicopter air service last week when rains caused the Dry Devil's River to overflow and make land traffic impossible. The helicopter was used to fly crews in and out of Amoco's Rowan Rig #30 located 15 miles west of Loma Alta on the Dolan Creek Road. The well site is located on the W.H. Wardlaw ranch. On Sunday afternoon the helicopter was also used to make an emergency run to a local ranch when the owner became ill and was unable to get into town because of the high water. Max Martin, local Amoco head says rains have hampered work on a rig located on the Jack Brown Lease on the Caverns Road. Crews are using large trucks to cross the

swelling draw in that area as the road is impassable in two different places. Martin said oil companies in the Sonora area "have been helping the rancher pray for rain and now he hopes the ranchers will help them pray for a little sunshine."

Booths For Celebration Available

The second annual Sutton County Day has been scheduled for Saturday, August 21 on the courthouse lawn. Anyone desiring to have an arts and crafts booth during the celebration is asked to contact Jeanette Sipes at 387-2628. Those groups and organizations who plan to have food booths should contact Diana Trainer at 387-3422.

DATES AND EVENTS FROM YESTERYEARS

July 28, 1966
 Danny Rutherford, a 1963 graduate of Sonora High School, was killed in Viet Nam last Wednesday, July 20 when he stepped on a land mine. He had received several commendations from his superiors in the Marines and achieved the rank of corporal before his death.
 Sonora's all-state line-man Carl Teaff is among 15 freshmen football prospects expected to open drills with Angelo State College in September.
 The Sonora Little League All Stars moved a notch closer to the sectional playoffs as they edged the Big Lake All Stars by a

score of 10-8 at the local Little League Park. Ricky Hill provided the big hit to start the rally as he slammed a double to right center field scoring two runners. Tom Green and Rick Street each had two singles.
 Chosen as cheerleaders for the 1966-67 year are Linda McCutchen, Maxine Davis, Susan Prugel, Nedra Raye and Prissy Howell.

July 27, 1956
 Jess David Cook, 4-year-old son of Mr. and Mrs. Vernon Cook, received a fractured arm late Saturday afternoon when he ran into the path of a pickup truck in the street in front of his home.
 Miss Tom Elaine Espy has been selected to represent Sonora as Duchess to the court of Miss Mohair at carnation ceremonies.
 Mr. A.C. Hart was named director for the Bronco Band.
 Approximately 200 ex-students of Cedar Hill School attended the annual homecoming barbecue and dance Saturday night.
 Gloria Gail Rode was honored on her twelfth birthday Wednesday with a TV party.

August 2, 1946
 Ending a seventeen year career, H.V. (Buzzie) Stokes this week announced the sale of the Stokes Feed Company to his partner Lin Turney.
 Wrecking of the old Scout Hall began Tuesday to clear the site for the new Community Center and Memorial Hall.
 Another Sonora business changed hands this week when Earl Lomax sold his interest in the Piggly Wiggly Grocery Store to Louie Trainer.
 B.W. Hutcherson, former sheriff, who was defeated four years ago in the sheriff's race, came back in the Democratic primary Saturday to lead three other candidates and force a run-off with the incumbent, Leo Brown.
 Miss Charlene Hull and Miss Edith Eldridge honored Miss Betty Fae Glasscock with a surprise shower Friday night.

63 Years Ago
 George S. Allison is having Charles A. Siever draw up plans and furnish estimates for the erection of a stone block on the corner of Main and Concho. The plans provide for a banking house on the corner with three store-rooms adjoining. The upper story will be fitted up for offices. The plans are very complete and convenient and the building will cost about \$25,000.
 Wirt Stephenson, while pumping up a tire Wednesday, had a blowout. The dirt and shock incident thereto came very near putting out his eyes.
 Mrs. Walter Davis and daughter, Miss Winnie, have returned from a visit to Elgin and other points.
 Tax Assessor George J. Trainer estimates the total tax evaluation at about \$3,000,000.

Sutton In Top Ten In Sheep, Lamb Production

Sutton County ranchers ranked in the top ten in the state in the number of sheep and lambs, with a total of 85,000 head on hand at the beginning of the year, Agriculture Commissioner John C. White has announced.
 "Production in the county figured importantly in helping Texas maintain its national supremacy in sheep and lamb numbers, with a total of 2,600,000

head recorded across the state Jan. 1," White said.
 He added that the total value of all sheep and lambs in Texas reached \$81,900,000 as of the first of 1976, an increase of more than \$18 million from a year earlier.
 Sutton County ranchers produced 857,000 lbs. of wool in 1975 out of a state total of 23,600,000 lbs. Last year's production showed a small decrease from the 1974 total of 23,900,000 lbs., with the increase in total value of the sheep and lamb industry Jan. 1 boosted by the average \$8.00 per head increase in animal value between 1975 and 1976.
 Other Texas counties in the top ten in sheep and lamb production include Concho, Crockett, Val Verde, Terrell, Tom Green, Pecos, Schleicher, McCulloch, Menard, and Irion.

THE DEVIL'S RIVER PHILOSOPHER SEZ.....

He Claims There's Something Founding Fathers Neglected

Editor's note: The Devil's River Philosopher on his bitterweed ranch on the Dry Devil's River examines a few quixotic items in the news lately.

Dear Editor:
 On reading a chart showing that if inflation continued at 6 percent a year, a car costing \$4000 now will, in the year 2000, which in only 24 years away, cost \$17,000, a friend of mine said he believed he'd buy up some new cars, store them in a dry place, and clean up in the year 2000.
 Another friend spoke up and said you could do the same thing with just money. Put \$4000 out at 6 percent compound interest and by the year 2000 you'd have \$17,000. Besides which, he said, we may be out of gas by then and a car might not be worth anything, except maybe for kids to play house in.
 A third friend joined in and said that's true, but by the year 2000, if things keep going like they are and Congress stays in session, \$17,000 may not be worth anything either.

ing, if some scientist who hasn't had his name in the paper yet came out of his laboratory and announced that mocking birds are spreading radio active waves, what sort of torment would the far-out environmentalists go through trying to decide what to do about it? They'd be in the same shape as somebody wondering if he should report a cat to the Humane Society for torturing a rat.
 I'll tell you, one trouble with this country is that the Founding Fathers, in asserting that all men are endowed with certain inalienable rights, failed to insist that at least some of them 200 years later ought to be endowed with common sense.
 Yours faithfully,
 J.A.

Two - Day Food Program Starts Today

A food preservation program is being held here in Sonora at the High School Home Economics Department Thursday and Friday.
 The program will begin at 8 a.m. each morning and will last until 11:30 a.m. This program is open to the public.

The Texas Agricultural Extension Service is sponsoring this program in cooperation with the Sonora High School Home Economics Department.
 Information is being presented by Sarah Mahon, Assistant County Extension Agent-at-Large for Sutton County, and Mrs. Diane Keller, Home Economics teacher in the Sonora I.S.D.

 TEXAS FARM BUREAU INSURANCE
 For questions & appointments call 387-2270

I am going to buy a new car which will be financed by our local bank. What types of coverage will the bank require on the car?

Banks generally require only Physical Damage coverage. Physical Damage is basically divided into two major parts: Comprehensive and Collision. Comprehensive Coverage applies to physical loss other than by collision... such as glass breakage, fire, hail, etc. It may be purchased with or without a deductible... depending on the cost you wish to pay. Collision Coverage pays for all losses incurred by collision with another object and may be purchased in various deductibles. The bank does not require Liability Coverage but such coverage may be required for other reasons. Therefore, make sure you are adequately insured in all respects... not just for financing requirements.

IT'S SUPERIOR!

A superior fisherman is Alf Dean, an Australian who caught a 2,664 pound great white shark in 1959, the largest fish ever caught on a rod!

A superior language is English which contains about 490,000 words, the most in any language. It is doubtful, however, if any individual uses more than 60,000!

Texas Horses Still Need Protection Against VEE

"It's a good feeling to know that we have no VEE in our Texas horse herds now, but if we don't keep them protected, we may have a serious problem in the future." This statement was made by Dr. Dennis McIntosh, member of the Texas Veterinary Medical Association Public Information Committee.
 Dr. H.Q. Sibley, Executive Director of the Texas Animal Health Commission, told Dr. McIntosh in a personal interview, that we never know about the VEE problem just south of our border in Mexico. The mosquitoes that carry this dread disease could move north at any time, like they did in the summer of 1971. That year, over 2,000 horses died from VEE in the Rio Grande Valley. This would not have happened if the horse population had been protected by vaccination.
 If VEE moves north again, those horses that are unprotected will be susceptible to this dread

disease.
 Dr. Sibley recommends that all foals in Texas be vaccinated, and that adult horses receive yearly boosters. All horses shipped into Texas are required to be vaccinated, and many states require that horses shipped from Texas be vaccinated for VEE.
 Show horses that are shipped to shows are required by most show managements to be vaccinated for VEE, in addition to other tests and vaccinations.

"What it boils down to", says Dr. Sibley, "is that unvaccinated horses in Texas should be protected by vaccination. This is the only way we can protect our horse population from a future threat of Venezuelan Equine Encephalomyelitis". These are the recommendations of the Texas Animal Health Commission and the Texas Veterinary Medical Association.

Susan McBee To Attend Conference

Susan Gurley McBee, State Representative, has been appointed by Governor Dolph Briscoe to represent Texas at the Southern Regional Education Board. This Board was established under an interstate compact ratified by the Texas Legislature and the legislatures of thirteen other southern states.
 The Board's Twenty-fifth Annual Legislative Work Conference will be held this year July 28 through July 30 in Annapolis, Maryland. The conference will consider population, economic, and social changes anticipated in the years ahead and their meaning for higher education, as well as such issues as collective bargaining and program evaluation.
 House Speaker Bill Clayton designated Mrs. McBee to the Governor for this assignment. Her husband, Larry, plans to accompany her to Annapolis.

 531 Fairway Court, Kerville, Texas

USE YOUR FREEZER WISELY... AND SAVE

Get the most "Freeze" For your FREEZER

TAKE ADVANTAGE OF SALES:
 Avoid overstocking with commercially frozen food that's always available; use your freezer as your own bargain counter and store foods you can buy on sale. But do allow space for short-time baked goods, leftovers and special party foods.

LOCK IN FLAVOR:
 Use moisture and vapor-proof materials especially designed for freezers to wrap your foods. Tightly sealed, these lock in flavor and moisture and prevent "freezer burn" (surface drying) on foods. Don't use wax paper, bread paper or regular cellophane for freezer foods.

LABEL PACKAGES:
 Date and identify freezer packages so 1) you don't accumulate a lot of mysterious shapes and 2) you'll be able to pick out foods that have been in the freezer longest.

ALLOW SPACE FOR EXPANSION:
 Food in containers or jars shouldn't come up to more than 1/2 inch from the top; leave at least 1 inch for a quart of liquid.

Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from
Frigidaire
 Home Environment Division of General Motors.

Mrs. Olenick Host To Auxiliary

Members of the Firemen's Auxiliary met July 13 at the fire hall with Mrs. Louis Olenick hosting. Sandwiches, chips, cake and punch were served.

Those attending were Mmes. Mollie Hite, Bill Jolly, Robert Stokes, Gene West, James Blackman, Carl Teaff, Jerry Burk, Everett Ogburn, Bud Smith, Ronnie Crawford and Sammy Odom.

Mrs. Hite won high at 42 play, Mrs. Stokes won low, and Mrs. Teaff was the 84 prize winner.

Carol Weston, David Peters United In Marriage July 16

Miss Carol Ann Weston and David Carter Peters of Harlingen were united in marriage in the Wesley United Methodist Church of Harlingen, July 16. The ceremony was conducted by the Rev. Dr. Darrell D. Gray of Austin, and by the Rev. John M. Weston, father of the bride. Organ music was provided by Mr. John R. Tedford, Jr. of Sonora, and vocal music by Mr. Warren C. Hemphill, also of Sonora.

A large arrangement of mixed spring flowers was placed on the altar in memory of the bride's maternal grandparents, the late Mr. and Mrs. D.F. Smith of Mexia. On either side of the altar were candelabra twined with fern and the family pews were marked with hurricane lamps and spring flowers.

The bride, given in marriage by her father, wore a candelight peau de soie gown featuring a Juliette neckline with cluny bobbin lace which extended from the neckline to the empire waistline. The Victorian sleeves and underskirt were bordered with tiny accordin-pleat ruffling and beading lace. The three-quarter length overskirt was bordered with a wide band of matching lace. She wore a Cathedral veil of illusion fastened to a Juliette cap, outlined and applique with cluny bobbin lace. The gown was designed and made by the bride and her mother, Mrs. John M.

Weston. The bride's bouquet was formed of a cascade of pink sweetheart roses and baby's breath and was attached to an Episcopal Common Prayer Book belonging to the bridegroom's great-grandfather.

Miss Laura Peters, sister of the bridegroom, was the bride's maid of honor. Bridesmaids were Miss Susan Weston, sister of the bride; Miss Karen Hemphill and Miss Molly Sawyer of Sonora, and Miss Betsy Begien of Houston. The girls wore double-knit floor-length dresses in five pastels and carried nosegays of mixed pastel daisies.

The bridegroom's attendants included Mr. Lloyd Betts of Harlingen, best man; Mr. Bill McBride and Mr. Kent Weaver, also of Harlingen; Mr. Edward Herbes of Brownsville; and Mr. John Weston of Bryan, brother of the bride. The bride's younger brothers, Jimmy Weston and Jeffrey Weston, served as ushers.

The reception, held in Charter Hall adjoining the Church, was in a garden setting featuring white trellises adorned with fern and rose garlands. Various arrangements of palms were placed in focal points around the hall and baskets of asparagus fern hung at the windows.

The wedding cake was tiered and decorated with pink roses and topped with miniature wedding bells. The bride's table was covered with a white skirted cloth and centered with a five-branch silver and crystal hurricane candelabra and the bridesmaids' bouquets. The bridegroom's table was centered with an arrangement of yellow chrysanthemums and votive candles, flanked by a silver coffee service and a German chocolate cake.

Following a honeymoon trip, the couple will be at home at 2002 E. Austin Street, in Harlingen.

Mr. and Mrs. John C. Peters of Harlingen, parents of the bridegroom, were hosts of the rehearsal dinner held at Rancho Viejo Country Club.

VISITING

Mrs. Bud Glasscock of Del Rio visited her mother, Mrs. George Phillips and Mr. Phillips, over the weekend.

VISITING

Mrs. Grace Irvin of San Antonio visited with Mr. and Mrs. Clyde Hill last week. Mrs. Irvin is a former nursing supervisor at the local hospital.

Miss Jo Ann Rutledge Wed To Mark Wilkinson July 17

St. Mark Presbyterian Church was the setting July 17 for the wedding of Miss Jo Ann Rutledge and Mark Blaine Wilkinson. Dr. Joseph Cooper, minister of the church, officiated at the ceremony.

Parents of the couple are Ms. G.K. Rutledge and Mr. R.R. Rutledge, both of San Angelo, and Mr. and Mrs. Stanley Mayfield of Sonora.

The bride's formal gown was of all-over lace with Venice lace trim in A-line silhouette. Lace bands formed a bib on the Empire bodice and the high lace neckline. Long, tapered sleeves were accented with a flounced cuff and Venice lace edging. A Duf flounce accented the hemline of the slender skirt that swept to back fullness, forming the chapel train.

Attending the bride as maid of honor was Miss Michele Williams. Matron of honor was Kathy Kuhns, sister of the bride. Bridesmaids were Marie Cooper, Belinda Armstrong, Pam Hahn and Patti Haggard, all of San Angelo.

Stanley Mayfield served the bridegroom as best man. Groomsman were Mark Lewis and Jay Mohler of San Angelo; Jimmy Rutledge, brother of the bride of San Antonio; Larry Cade of Sonora, and Butch Kuhns of San Angelo. Raymond Rutledge, brother of the bride, and Gary Warnock of Eldorado were ushers.

A reception was held following the ceremony. Serving in the house party were Susan Warnock of Eldorado, Mrs. Mike Hensley of San Angelo, Mrs. Michael Hinchey of San Angelo, Mrs. William Foster of Sterling City, Mrs. Bever Wilson of Irving, Mrs. John Reed of San Angelo and Mrs. Bruce Cima of Ketchum, Idaho.

Charlene Warnock of Eldorado attended the bride's book at both the wedding and reception.

The bride is a graduate of San Angelo Central High School and is employed by Ethicon in San Angelo. Mr. Wilkinson is a graduate of Sonora High School. He attended Southwest Texas Junior College in Uvalde and is an employee of a San Angelo western wear store.

Mr. and Mrs. Stanley Mayfield hosted the rehearsal dinner at a San Angelo steak house.

Following a wedding trip to Dallas, the couple will be at home at 3130 W. Beauregard.

BRIDAL PARTIES

The bride was honored with a party at the Presbyterian Fellowship Hall, hosted by her bridesmaids. Close friends and relatives attended.

The William Foster residence in Sterling City was the site of a barbecue honoring the couple. Host-

ing were Messrs. and Mmes. Foster, Martin Reed, Wayland Foster, Johnny Copeland, Ross Foster, Winn McClure, John Copeland and J.Q. Foster.

Employees of Ethicon attended a party honoring the bride. Hostesses at that event were Jeanette Hinchey, Ginny Creamer and Doris McCrohan.

Abilene Couple To Wed

An August wedding is planned for Miss Carol Ann Rives and Pete I. Sentena, both of Abilene. The couple will exchange their vows in St. Vincent Pallotti Catholic Church of Abilene.

The bride-elect is the daughter of Mrs. Dorothy M. Rives and Thomas T. Rives of Abilene. A graduate of Abilene High School, Miss Rives is a junior at Hardin-Simmons University.

The prospective bridegroom is the son of Mr. and Mrs. Agapito E. Sentena of Abilene and the grandson of Mrs. Rosario Ibarra of Sonora.

Sentena is a graduate of Abilene High School and

is a political science major at Hardin-Simmons University, where he is a junior student.

French legend has it that a red man appeared to Napoleon and foretold his downfall.

To Find Refuge

Lightning flashes across the sky. Thunder unleashes its ominous rumblings. The first spatter of rain falls briskly on a nearby row of rocks.

The wind begins an eerie song high above in the swaying tops of tall pines. Sullen banks of clouds blanket the pale moon.

The creatures of the woods scurry to their dens to wait out the approaching storm. Every living thing in the forest seems to be holding its breath . . . in anticipation . . . or in fear.

And this is the way of the world. There will always be anxiety . . . always fear — even in the heart of man.

And where does man go for refuge? To what or to whom does he look for comfort and safety?

For centuries the Church has offered him protection against the adversities of life. It even offers him miracles. Certainly it promises solace and peace when grief and fear beset him.

Come to the House of the Lord . . . while the storm is raging . . . and forever thereafter.

from the TAP kitchen

Texas Department of Agriculture—John C. White, Commissioner
OVEN BARBECUED BEEF BRISKET

- 5-6 lb. boneless beef brisket
- 1 tsp. onion powder
- 1 tsp. garlic powder
- 1 tsp. celery salt
- 1-1/2 tsp. salt
- 1/2 tsp. black pepper
- 1/2 cup liquid smoke
- 1/4 cup Worcestershire sauce
- 1 cup barbecue sauce

Place brisket in heavy duty aluminum foil and sprinkle on both sides with liquid smoke. Then sprinkle with onion and garlic powders and celery salt. Place in covered container in refrigerator and let marinate overnight (at least 8 hours). Next day, sprinkle both sides with salt, pepper and Worcestershire sauce. Wrap securely in aluminum foil and bake covered at 275 degrees for four hours. Uncover and pour barbecue sauce over the brisket. Cover and bake one hour longer. Cut in 1/2-inch slices and serve with additional barbecue sauce. Can be served hot or cold. Yield: 8 to 10 servings.

For additional beef recipes send a postcard request to Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Mmes. Keller and Prugel To Participate In Conference

Mrs. Diann Keller and Mrs. Celeste Prugel, teachers of vocational homemaking education in the Sonora Schools, will participate in the State In-service Conference for Vocational Homemaking Teachers to be held at the Dallas Hilton Hotel in Dallas, July 27-30.

Keynote speaker for the conference will be Dr. William F. Pierce, Deputy Commissioner, Occupational and Adult Education, U.S. Office of Education, Washington.

Thirteen concurrent sessions on Wednesday will provide an opportunity for the teachers to learn new teaching techniques and for an in-depth study of areas of instruction relevant to today's lifestyles. The sessions will include such topics as Child abuse, Prenatal care, Community Involvement, Nutrition, Discipline and Creative Methods for Helping People Learn. The in-service training in these today's world topics keeps vocational homemaking teachers at the top of the list of the state's best informed educators. Mrs. Prugel will preside at the session titled, "FHA-The Straight Scoop".

The awards banquet of the Vocational Homemaking Teachers Association Wednesday evening will honor the outstanding administrator in the state, and for the first time, the

vocational homemaking teacher of the year. Also receiving awards for tenure will be 84 teachers of vocational homemaking education totalling 1725 years of service to Texas school children. More than 2800 teachers are expected to attend the week-long meetings.

Pecan Trees Concern Homeowners

Many homeowners are reporting that their pecan trees have a scattering of dead-new growth in the foliage of their trees. The dead leaves are at the very tip of the limbs at the growing point of the tree on the new growth that has been put out this year. Specialists at Texas A&M University have been contacted concerning the problem and they feel that the extremely dry past winter coupled with inadequate watering during the dry winter and early spring months helped create the problem. The root systems of the trees were probably restricted in growth due to the lack of moisture during the dry period making it difficult for the root system to support the abundant foliage that we are now getting on our trees.

The specialist cautioned homeowners not to over water their trees or to apply fertilizer in an attempt to solve the problem because we have a surplus of ground moisture now and this condition coupled with the addition of fertilizer could cause heavier foliage production and complicate the problem.

Following a regular schedule of watering during the dry winter months coupled with fertilizing in the early spring and the three applications of zinc beginning when the leaves are about one-third out in the spring and repeated at two week intervals is being recommended to help correct the problem.

Contact your tree sprayer or the County Extension Agent's office for more information on the care of pecan trees.

Local Florist Now Member Of FTD

Florists' Transworld Delivery Association (FTD), the worldwide floral delivery organization, announced recently that Sonora Floral & Gifts, has been selected as a member in the Association.

There once was an English duke who was so proud he would never allow his children to sit in his presence and only spoke to his servants by signs.

Hard work, dedication and long hours are still essential to success in farming or ranching. But they no longer assure it. Today, it takes capital. And good money management with careful attention to cash flow. That's why there are Federal Land Bank loans on so many of America's best-managed farms and ranches. Long-term Land Bank financing is a dependable way to maintain a sound operation.

Sixty years of lending
gives us more faith than ever
in American agriculture.

FACTS & FIGURES

According to the U.S. Department of Commerce, there are nearly eight billion telephones in the state of Pennsylvania, about .65 for every 100 persons.

About 20 calls a day come over the phones belonging to Jim Curran, Pennsylvania's Business Ombudsman. Working for the Pennsylvania Department of Commerce, he does for business what an "action line" does for the individual citizen: helping with business regulations, tax problems and financial assistance.

A superior battery is a maintenance-free battery which may last as long as your car, retaining its charge six to eight times longer than conventional batteries. Developed by Gould Inc., this innovative car battery does not even need water added. In fact, it has no filler caps!

A superior chicken ranch is located on 600 acres in Moorpark, California. Known as "Egg City," some two million eggs are laid daily there by over four million chickens!

A Bishop Looks at Life

By Everett H. Jones,
Retired Bishop
Of the Episcopal Church
OUR RELIGIOUS
FOUNDATIONS
NEED REPAIR

As we take a 200-year look at America it is clear that the nation was established on religious foundations and that today we are much more concerned with the foundations of business, science, technology and materialistic values.

One of the first Americans to foresee this danger was Benjamin Franklin. Himself a scientist, he recognized both the power and the limitations of scientific progress. Writing to his friend Joseph Priestley, he said:

"The rapid progress true science now makes occasions my regretting sometimes that I was born so soon. It is impossible to imagine the heights to which may be carried, in a thousand years, the power of man over matter...O that moral science were in a fair way of improvement, that men would cease to be wolves to one another, and that human beings would at length learn what they not improperly call humanity!"

It is too much to say that our religious foundations are gone (we

frantically return to them in times of crises) but it is undeniable that they are in serious need of repair.

No one sees our present danger more clearly than our foremost contemporary American journalist, James Reston. He has written: "The political life and spirit of our country were based on religious convictions. America's view of the individual was grounded on the principle, clearly expressed by the founding fathers, that man was a symbol of his Creator, and therefore possessed certain inalienable rights which no temporal authority had the right to violate."

He continues: "That this conviction helped shape our laws and sustained American men and women in their struggle to discipline themselves and conquer a continent even the most atheistic historian would defend. And this raises a question which cannot be avoided: if religion was so important in the building of the Republic, how can it be irrelevant in the maintenance of the Republic?"

In other words, unless a man is something more than an animal animated by conditioned reflexes and chemical reactions, he has no rights that anyone

is bound to respect and there are no limitations upon his conduct which he is bound to obey. To forget this central truth of Western civilization is to forget the foundation upon which democracy is founded.

In Turkey, the loser of a wrestling match kisses the hands of the wrestler who beats him, and the victor takes the loser in his arms and salutes him!

The Plight of Travel
Here's how a patient, who was being treated for an allergy, helped her doctor discover an aid for motion sickness. For ages, the plight of travel for many people has been air, car, or sea sickness. Until recently there had been no relief available. In fact, as late as the Second World War, the transportation of troops by sea was an unsolvable problem.

In 1950, Dr. Leslie Gay prescribed a new antihistamine to a lady who later reported that, upon taking the drug, she no longer felt sick during car trips. Dr. Gay tested the drug (Dimenhydrinate) and found it an effective remedy for motion sickness.

You'll find a complete line of travel and vacation needs at BRONCO PHARMACY, 116 N.W. Concho. Toiletries...Skin & Hair Care Products...Proprietary Drugs. It's wise to get your prescriptions refilled before you leave, too. Stop in and see us, or PHONE: 387-3534.

'75 Livestock Statistics Available

AUSTIN--The 1975 Texas Livestock Statistics book has been published, Agriculture Commissioner John C. White has announced. "The book presents up-to-date county estimates for cattle, hogs, sheep and goats on ranches and farms," White said. Information such as imports and exports of cattle and calves into and out of the state, receipts of livestock at Texas auction markets and consumption of red meats is also contained in the book. A free copy of 1975 Texas Livestock Statistics may be obtained by writing Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Police Reports

Mrs. Jerry Don Balch reported to police at 11:20 a.m., on the morning of July 12, she discovered two wicker type porch chairs had been taken from her back porch.

On July 13 a resident of First Street near the baseball field alerted police that her dog had been poisoned and also a dog belonging to a neighbor.

At 6:45 p.m., a minor accident occurred at the corner of Chestnut and Poplar Streets. Involved in the accident were W.L. Miers of Sonora and Domingo Torres of Eldorado. Miers was eastbound on Crockett Street, attempting a left turn onto Poplar Street when he collided with the left side of the Torres vehicle. Torres was southbound on Poplar and had begun to make a left turn after stopping at a stop sign. He failed to see the Miers vehicle.

Police answered a call at 8:15 a.m., July 14 to the residence of Miguel Sanchez who had discovered the two rear tires on his vehicle cut. Upon investigation police found the tires cut on the sidewalls near the wheel rims. The tires were valued at approximately \$50. Sanchez told police he had heard noises around 11:30 p.m. on July 13 but did not see anyone at that time. Neighbors could give no helpful description but did report a vehicle and two unidentified males in the vicinity.

Elisio Galindo was placed in Sutton County Jail and charged with being drunk after police answered a call at 12:15 a.m., July 18. The call came from a local restaurant.

A family disturbance was settled on arrival of police after a call came in at 12:45 that same night. The disturbance occurred in front of another Sonora restaurant.

Carolyn Sorenson, a resident of Adkins Trailer Park, called for police assistance at 4:15 a.m., July 18 after discovering their vehicle had been broken into and a CB radio stolen. Entry to the vehicle was gained after thieves broke a vent glass. The radio was valued at \$178.95. A neighbor of Sorenson's, Lyndel Quattlebaum, also had a CB stolen from his vehicle apparently at the same time. Entry to the Quattlebaum vehicle was gained through an unlocked door.

The thefts were believed to have occurred between 1 a.m. and 4 a.m. Another trailer park resident reported seeing a white 68 model Chevrolet leave the park in a hurry. The investigation is still underway.

VISITING

Visiting Mrs. J. F. Howell recently were Mr. and Mrs. James Pirkle of Mineral Wells. Mrs. Pirkle is a sister to the late Dr. Howell. Also visiting Mrs. Howell last weekend was her granddaughter, Miss Suzanne Allen who had just completed summer courses at Tech University in Lubbock. Miss Allen left to join her parents at their vacation home in Red River and Angel Fire, New Mexico.

The Consumer Alert
 by John L. Hill
 Attorney General

AUSTIN—Texas consumers should be wary of a new type of deceptive trade practice involving the sale of "rights to manufacture" products such as small decorator items, wall plaques, coasters, and sailboats.

Reports of consumer problems with such promotions by a few unscrupulous companies have surfaced not only in Texas, our attorneys note, but in at least eight other states as well.

Our Consumer Protection Division recently filed lawsuits against two such companies alleging that they were selling Texas consumers the "right to manufacture" products for which there is no retail market. Since no market exists, we allege the sale of a "right to manufacture" the products is a deceptive trade practice.

Some promoters of this new "investment opportunity" exploit consumers' belief in the need to work hard to make a profit. Typically, salesmen of such manufacturing rights will tell prospects that they can only succeed in the business by spending long hours at the work of manufacturing and by being willing to invest their own hard-earned cash.

This type of approach strikes a responsive chord in persons who have no desire to "get something for nothing." And by using such an approach, salesmen for some companies throw consumers off guard, making them less cautious than they ordinarily might be.

Contracts used in these schemes appear to make the investment foolproof. For

instance, nearly all of the contracts have a provision by which the company will buy back all or most all of the products produced by each manufacturer. And the contracts usually say the company will refund the initial investment of the manufacturer as specified production levels are reached, so that by the end of a year the consumer is "assured of getting most, if not all," of his or her money back.

The problem with the agreements is that the money to buy back the manufacturer's production and to refund the investment is obtained from the sale of more "rights to manufacture" contracts, rather than from retail sales of the goods manufactured. As a result, the plan is an endless chain of sales of manufacturing positions with no money coming into the companies from any source other than the manufacturers.

Our attorneys say there is no guaranteed way to protect yourself against this type of scheme. The best advice is to try to find out as much about the company and its personnel as possible.

In particular, it's extremely important to demand details as to how and to whom the products manufactured will be sold, because unless there is a market for the product, you will be wasting your investment money.

If you have a consumer complaint about sellers of such "rights to manufacture," get in touch with the Attorney General's Consumer Protection Division.

How dare we offer you five years protection of your GOULDS submersible pump against LIGHTNING?

... Because Goulds submersible pumps are equipped with Franklin Electric Super-Stainless motors — the only kind that have built-in lightning protection! The SubSurance Protection Plan is available with a new Goulds submersible from us — to protect your pump for five years against the common enemies of long pump life... corrosion, internal abrasion and even lightning. Goulds submersibles are built for long life — we can back it up with SubSurance.

Sutton County Third In Angora Goat Numbers

Sutton County ranchers ranked third in the state in the number of Angora goats, with a total of 69,000 head on hand at the beginning of the current year, Agriculture Commissioner John C. White has announced.

Texas, which produces virtually all the Angora goats in the U.S., recorded a total of 890,000 animals on Jan. 1. With 597,000 lbs. produced in Sutton County, mohair production for 1975 stands at 8,600,000 lbs. statewide, according to the Texas Crop and Livestock Reporting Service's recently released 1975 Livestock Statistics Report.

The 1975 statewide production level moved above 1974's to 8,400,000 lbs. even though some 100,000 fewer animals were recorded on Texas lands Jan. 1, 1976, Commissioner White said. Value of mohair in

Texas totaled \$15,910,000 in 1975, compared to \$11,508,000 a year earlier. Other Texas counties in the top ten in Angora goat production include Edwards, Val Verde, Uvalde, Kimble, Mills, Terrell, Mason, Crockett, and Gillespie.
