Ed Martinez' Bronco Marching Band provided fans with halftime entertainment in the game against Alpine at Alpine last week. This Friday night the band will give fans a little something unexpected.

November 2...Election Day

Tuesday, November 2 is Election Day in Sutton County and across the United States...a day when we not only go to vote on our favorite local candidate but also the president of the United States of America.

In addition to president, Sutton Countians will cast their vote for a United States Senator, United States Representative, Railroad Commissioner, three Associate Justices of the Supreme Court, three judges of the Court of Criminal Appeals, State Representative, member of the State Board of Education, Associate Justice of the Court of Civil Appeals, District Judge, District Attorney for two districts, County Attorney, Sheriff, Tax Assessor/Collector, and county commissioner for voters of precinct one.

There will also be two proposed constitutional amendments on the ballot this year. The first amendment is the proposal of amending the constitution to authorize an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature. The second amendment is whether to increase from \$100 million to \$200 million the amount of Texas Water Develop-

ment Bonds that may be issued for water quality enhancement purposes.

Everyone knows that both President Ford and Jimmy Carter are seeking the presidency but there are also three more choices on the ballot. Thomas J. Anderson is running on the American Party while Eugene J. McCarthy is running on the Independent ticket. There is also this year a Socialist Workers Party which is headed by Peter Camejo as their candidate for president.

Lloyd Bentsen is seeking re-election as United States Senator. He is opposed by three, including Alan Steelman who is a Republican.

Our U.S. Congressman Robert (Bob) Krueger is also opposed by three others seeking that office. Bobby A. Locke is the Republican candidate with Ramon Carrillo from the Raza Unida party and Ed Gallion of the American party seeking a place in Congress.

Susan Gurley McBee, state Representative in this district, is running unopposed this term. Seeking judgeship of the 216th district is Democrat Ronald L. Sutton and Republican Robert R. Barton. For district attorney of that district incumbent Joe Grady Tuck

is opposed by Spencer W. Brown and a write-in candidate for that office Joe Mike Egan.

C. Adam Morris, III is running unopposed for the office of county attorney. Preston Love is also unopposed for county commissioner of Precinct one.

Of most local interest is the office of sheriff, tax assessor/collector where W.W. (Bill) Webster who won over incumbent Pryce Taylor in the May primaries, is being challenged by Taylor who is seeking election as a write-in candidate.

Voters will be able to cast their votes from 7 a.m. until 7 p.m. Those in precinct one will vote at the courthouse, precinct two at the Wool House, precinct three at Cedar Hills School, and precinct four at the Clarence Simon Ranch House.

Absentee voting for the general election ends tomorrow (Friday at 5 p.m.)

Merchant's Profit Sharing Give-Away Totals \$1800

Merchandise and United States Savings Bonds amounting to \$1,800 will be given away by Sonora merchants during this Christmas season during the annual profit sharing coupon give-away.

For each dollar spent with one of the participating merchants customers will receive a coupon stub which they are to bring to the four drawings to be held on the three Saturdays prior to Christmas and on Christmas Eve. These coupon stubs will have matching numbers to those merchants enter in one large local container prior to the drawing.

Nine merchants are participating in the profit sharing drive this year. They are Tedford Jewelry and Sporting Goods, Gosney's, First National Bank, Food Center, Neville's Department Store, White's Auto Store, Westernman Drug, C.G. Morrison Variety Store and Ruth Shurley Jewelry.

The first drawing will be held December 4 with two \$100 prizes being given. December 11 has been scheduled for the second drawing when two persons will win \$150 in merchandise. On December 18 two winners will receive \$225, and the largest and final drawing will be held December 24 when \$425

will be given to the two lucky ticket holders. Winners of the drawings may take merchandise

from stores participating in the drawings for the amount of their winnings. First National Bank will

give United States Savings Bonds.

These tickets will also be received by those

persons paying on accounts as well as cash merchandise beginning November 1.

Election Results

Cullen Luttrell To Retire After 34 Years With State

partnership with Cullen and his men to bloom more beautifully and pleasantly surprise more passing motorists each year. The 1972 Lady Bird Johnson Award recognized not only Cullen's work with bluebonnets, but also his care and propagation of trees within the right-of-way, and creative design of roadside parks utilizing the pioneer motif of huge wagon wheels with a native desert plant landscaping.

Mrs. Johnson's letter of congratulations said, in part, "It is most gratifying for me to see the results of enthusiasm, creativeness and tender-love-and-care of our roadside parks..... thank you for a job well done."

Cullen's DHT career began at Ballinger in 1942, when he went to work there for Foreman H.P. Largent (retired). High points in his career included being placed in charge of the Bronte maintenance sub-section in the early 1940's, being promoted to Sonora Maintenance Foreman in 1953, and receiving the title of Maintenance Construction Supervisor in 1968. Cullen's interest in friends and community has led him to service in many Sonora organizations. Presently, he is Secretary of Dee Ora Masonic Lodge No. 715, President of Sonora Golf Club, a member of the State Board of Directors of the Texas Public Employees Association, a member of the Sonora Volunteer Fire Department, and the Sonora Lions Club. In the past, he has been Worshipful Master of his Masonic Lodge, President of Hill Country Chapter 181 Texas Public Employees Association, at one time has held all the offices in Sonora Lions Club, served as Sonora Fire Chief for 5 years, and is Past President of Hill Country Fireman's Asso-

ciation. Retirement, he says, will give him time for his favorite hobbies of fishing, hunting, and golf.

Cullen and his wife Pauline have two children Elaine and Joe, and four grandchildren. A retirement party at the DHT District Office on October 29 and a luncheon at McGowan's Four Lamps in San Angelo will bring Cullen and Pauline the best wishes of all his fellow employees throughout the District for many happy retirement years.

Ghosts and Goblins, Queen Candidates To Officially Open Halloween Carnival

Spooks, goblins, ghosts and witches will congregate at the courthouse at 4:30 p.m., Saturday in preparation for their parade down Main Street. The parade will begin at 5 p.m., and contestants will be judged for their costumes.

Following the spook parade one young Sonora High School beauty will be crowned queen and will officially open the carnival at 6 p.m. Queen contestants this year are Mary

Lynch from the freshman class; Stacy Brasher from the sophomore class; Janice Grider, representing the junior class, and Elizabeth Wilson from the senior class. Contestants will be escorted by male classmates.

Following the opening of the carnival, which will be set up on Concho street in the block between Westernman Drug and Sonora Motor Company, carnival goers of all ages will be able to try their skills at various contests and games of chance.

The senior class, as in the past, will be in charge of the concession stand. The junior class will hold its annual raffle, as well as a car wash and pumpkin jail. Members of the sophomore class will host the basketball throw and fish pond and the fresh-

men will have booths set up for ball rolls and basketball tosses.

Those whose ability comes in tossing dimes may take in the booth sponsored by the Sonora Band and those who desire a scare might proceed through the DECA Club's spook house. A pop gun, ring shot and ring toss booth will be sponsored by the Industrial Arts Club, and the GAA's will hold their annual cake walk.

Members of the Speech and Drama Department will present members in a talent show. Those who like to play bingo may do so courtesy of Sonora Junior High. FHA will sell pencils and school supplies and youngsters may purchase balloons from the Year Book's booth.

The elementary school and FTA will also have

booths. The carnival will close at 9:30 p.m.

Antlerless Deer Permits To Be Let

Antlerless Deer Permits will be issued by the Texas Parks and Wildlife Department officials November 1 and 3 from 12 noon to five p.m., in the Sutton County Courthouse.

A map with the deer permit issuance rates will be posted in the courthouse prior to the issuance date, according to Wildlife Department official Calvin Van Hoozer.

Landowners are required to have full amount of acreage to receive permits in respective compartments. Van Hoozer added.

Broncos Take 14-12 Win Over Alpine Bucks

by Don Holdridge
Hunting season is still two weeks away, but the Sonora Broncos took advantage of an early permit, shooting down the Alpine Bucks, 14-12, in last Friday night's contest. The victory had to be the most satisfying of the year for the Broncos as they completely dominated the game even more than the score or statistics showed.

The key to the whole game may have well been immediately after the opening kickoff. After returning the ball to their own 45 yard line, the Bucks quickly marched to the Sonora nine with a first down and goal situation.

Rocky McBride's efforts netted three yards, but David McMillan was stopped for no gain by Larry Jones' spectacular, flying tackle.

Alpine's next plunge again only netted the line of scrimmage and McMillan was swarmed a yard from paydirt on his fourth down burst.

The Bronco offense got breathing room out to the 25 and John Elliott's booming 67 yard punt put

the Bucks in a hole for the remainder of the first half. The first Sonora touchdown came on a 50 yard drive with the big yardage being covered on a tipped-pass interception and a fumble recovery on the subsequent return.

Garry Jones' burst capped the seven-play drive and John David Cook's all-important kick was true.

Jones scored again on a one-yard jaunt with less than two minutes left on the scoreboard after Jack Lawson forced McMillan to cough up the ball to the Bronco defense on the 50. Cook's PAT was good.

Another Bronco scoring opportunity fell a yard short as the officials ruled time had run out in the first half.

Momenutem appeared to have changed as the Bucks blocked an Elliott punt to the Bronco's first possession of the second half.

Three plays later McBride scooted five yards for the tally, but Greg Wilson's pass for two was far off target.

McMillan got the second (Cont'd on pg 16)

Bronco coaches Bill Bundy and Roland Pfeiffer go over a few points of football in last Friday's game with Broncos Scott Brasher, Dan Lawson, Tobin Joy, Billy Bob Galbreath, Chase Snodgrass and Jack Lawson. See these Broncos compete against Kermitt Friday night.

Spanish Club Sets Bake Sale

The Sonora Jr. High Spanish Club, under the sponsorship of Mrs. Kay Holdridge, will hold a bake sale Saturday, October 30. The sale begins at 2 p.m. in front of Foodway. Cakes, cookies and pies, as well as various Spanish foods, will be sold.

Mildred Merck Buried Saturday

Funeral services for Mrs. Mildred Turney Merck, 64, were held Saturday at 4 p.m., at the First United Methodist Church. The Rev. Paul Terry officiated. Burial was in Sonora Cemetery under the direction of Kerbow Funeral Home.

Mrs. Merck died at her home October 22 of an apparent heart attack. She was born August 8, 1912 in Sonora and married Jake Merck here in 1936. She is survived by her husband; one son, Johnny of Sonora, a sister Gladys Lloyd of Keene, and one grandchild.

Serving as pallbearers were Jack David Wardlaw, Gerald Nicks, Bill Karnes, Frank Moore and Bill Fish.

J. Cullen Luttrell, Maintenance Construction Supervisor with the State Department of Highways and Public Transportation (DHT), will close the active portion of a career exceeding 34 years on the last day of October. The results of that career, however, will endure as long as bluebonnets grow and pecan, live oak, and Chinese elm trees reach out welcome arms of shade along the busy highways of Sutton and Schleicher Counties.

Cullen, whose fame as the "Bluebonnet Man" of the DHT spread nationwide after he won the 1972 Lady Bird Johnson Award for highway beautification, was planting bluebonnets long before such prominent recognition of high-way beauty came into existence. Patient hand harvesting of bluebonnet seed, combined with carefully spaced plantings and management of right-of-way mowing to allow full maturity of wildflower seed, has spread the soft blue blanket of this Texas State Flower along many miles of right-of-way in Cullen's rugged maintenance terrain.

The limestone hills and valleys of these arid West Texas counties have seemed to form a secret

Needy Youngster Sponsored By Local Samaritan

A needy youngster in Oklahoma has recently been "sponsored" by Mrs. A.C. Elliott of Sonora.

Judy Mae Shook from an impoverished Oklahoma family, is now being assisted by Mrs. Elliott through World Changers International, an organization which has been helping needy children in 16 countries for 16 years. World Changers president, W.T. Jeffers, said Mrs. Elliott is "reaching out further than she can reach" by helping Judy. "This little girl has known nothing but hardship and

neglect. Mrs. Elliott is now easing Judy's sorrow and is showing the way to a better life through our outstanding child sponsorship program," Jeffers said. "I'm proud to have her as part of our World Changers family."

Although the children enrolled in World Changers' sponsorship program do not make their homes with their sponsors, they do receive food, clothing, medical assistance and other needed items on a regular basis through World Changers. Financial assistance goes directly to the child through a responsible area supervisor, who watches over and guides the young ones under his care.

Founded in 1960 in Tulsa, World Changers has distributed nearly \$7 million in a wide range of assistance areas to needy children all around the world. Current American Indian projects are located in Arizona, Oklahoma, New Mexico, South and North Dakota, Wyoming and Michigan. International offices are functioning in Mexico, Korea, Peru, Bolivia, Costa Rica, Chile and the Philippines.

Individuals sponsoring on a monthly basis help World Changers provide food, clothing, shoes, medical assistance, youth camp activity and motivational "discovery clinics" for disadvantaged children. More than 100 supervisors in 350 project areas throughout the world supervise and guide the children enrolled in the World Changers program. These supervisors—doctors, ministers, teachers, laymen—provide the basis for a meaningful assistance program and provide a more direct, personal contact between the sponsor and his child through the distribution of gifts, letters, packages and clothing items sent by the sponsor.

Organization president, W.T. Jeffers, who founded World Changers in the basement of his home more than 15 years ago, believes that by improving the world of one child at a time, the entire world will become a better place to live.

"If a child is given the necessary assistance and a lot of love, he will believe that he can succeed. And if he believes in himself, then he will succeed," explained Jeffers, advocating his organization's self-help, positive attitude approach.

World Changers is trying to develop young minds which are fertile, relatively unbiased and objective. The organization's members believe that this is where all positive progress will come in the betterment of people-related problems.

Presently, there are thousands of children in the world who need your help. If you would like more information on World Changers' sponsorship program, contact World Changers International, 314 West 2nd, Tulsa, OK 74103.

Band Boosters News

Parents to work in the concession with chairman Mr. and Mrs. Joe Neil Smith for the Sonora/Kermit football game Friday night are H.E. Hill, Dick Black, Sandra Brandon, Reed Jennings, Don Lawson, Pedro Galindo, Jr., Pete Gomez, Ernest Carroll, James Mounce, Bob Snodgrass and J.C. Barton.

Two dozen cupcakes are to be brought by the following parents: Brandon, Snodgrass, Mooney, Samaniego and DuBose.

from HISTORY'S SCRAPBOOK

DATES AND EVENTS FROM YESTERYEARS

November 3, 1966
In the Menard amphitheatre-like football stadium, the Sonora Broncos racked up their seventh win of the season by a score of 48-22.
Linda McCutchen was crowned Halloween Queen Monday night at the annual carnival.
Jan McClelland has been nominated for the Gaillardians at Southwest Texas State College.
Calvin Sanders has graduated from a course in corrosion control at the Naval Air Maintenance Training Center at Whidbey Island, Washington.

November 2, 1956
Sonora's Scouts met Wednesday and elected John Ed Nevill and Butch Baker leaders.
Yvonne Davis was chosen to serve as Halloween Queen.
Maintaining their perfect record for the 1956

season, the Sonora Broncos romped over the Junction Eagles by a score of 46-7.

Funeral services were held at the Church of Christ Thursday for Mrs. Rena James Haines.

72 Years Ago
Mr. and Mrs. John W. Hagerlund left for Ozona Wednesday on a business and pleasure trip.
J.R. Benson moved to town this week and is occupying his house in West Sonora.

Dan Cauthorn, the well-known sheepman, came in town Thursday and left Friday morning for San Angelo to attend the circus.

The first dance of the season was given at the courthouse last Friday night and those who attended reported having enjoyed it better than any they attended in many a day.

Monthly Survey For Grocery Prices Released

The Texas grocery shopper spent an average of \$18.22 on a basket of 20 commonly-purchased items during the month of September, Agriculture Commissioner John C. White reported today.

The first monthly survey of grocery prices conducted by the Texas Department of Agriculture was based on reports made in 70 supermarkets in 12 cities, White said. The survey was taken on the fourth Tuesday of the month.

The cities surveyed and the average cost of a basket of groceries in each was: Houston, \$18.25; Austin, \$17.83; Abilene, \$18.72; Laredo, \$18.20; Tyler, \$18.18; Corpus Christi, \$18.89; El Paso, \$18.07; San Antonio, \$16.78; Dallas, \$18.22; Fort Worth, \$18.20; McAllen/Edinburg, \$19.05, and Lubbock, \$18.25.

The statewide average price for each of the 20 items was: one gallon one-half per cent low fat milk, \$1.32; one gallon whole homogenized milk, \$1.62; one dozen large Grade A eggs, \$3.86; 12-ounce package of individually wrap-

ped Kraft American cheese food singles, \$1.34; one pound of Parkay stick margarine, \$5.53.

Also, 24-ounce loaf of white sandwich bread, \$4.40; one pound of whole fryer chicken, \$4.49; one pound of regular ground beef, \$4.78; one pound of grain fed round steak with bone, \$1.42; one pound family pack of pork chops, \$1.32; six and one-half ounce can of Star Kist tuna, \$6.63; one pound of bacon, \$1.38.

Also, one pound of red delicious apples, \$4.47; 18-ounce box of Kellogg's Corn Flakes, \$6.69; one head of lettuce, \$5.58; one pound of bulk tomatoes, \$5.51; one pound of dry pinto beans, \$2.24; one pound of Folger's Electric Perk coffee, \$2.00; 49-ounce box of Tide detergent, \$1.37, and six-ounce can of frozen orange juice, \$2.66.

(For Your Information:) The statewide market basket average was reached by first averaging the price of each item in each city. These averages from each city were then averaged to arrive at the statewide figure of \$18.22)

Bob Krueger's Weekly Report

THE PARTICIPATION OF THE ELECTORATE

When the founding fathers established our government, based on a system of checks and balances, the most important "check" of all which they included was that of the people over those who were chosen to direct the course of their government.

My friend and colleague, the retiring Speaker of the House Carl Albert of Oklahoma, is fond of reminding his audiences that the House of Representatives is the only body in the government to which you have to be elected to serve. Senators may be appointed in the case of a vacancy, and due to the newest Constitutional amendment, even a President and Vice President can be appointed, as we have seen. Supreme Court justices answer to no electorate, as they are appointed for life by the President. As Speaker Albert has noted, however, only the House requires the election of its Members in all cases.

The ability and responsibility of the American people to elect their leaders is a privilege which should not be taken lightly, and one which few peoples on the earth enjoy. I have conferred with political leaders from around the world in the past couple of years, and they frequently remind me that other countries seem to have a better opinion of the United States than we have of ourselves. I suspect Americans have always had a healthy dose of skepticism about them, and that that quality has made us a people that are not easily fooled or misled. This quality can and should carry over into the selection of our elected officials.

For our government to function properly, the consent of the governed is crucial, but that does not mean that a particular office holder must have the complete approval of

his or her constituency. Rather, the system and the process which allows our government to operate, and which allows people to hold office, must be constantly reaffirmed by the participation of the electorate.

There has been a trend in recent years for the electorate not to participate in elections because of a feeling that one vote cannot make a difference. This year, in fact, less than 50 percent of the registered voters in America are expected to vote. A person's vote should be considered as more than an expression of preference for a particular candidate. It is a sign of approval of our system of democracy. I hope that the people of the 21st District will continue their participation in the political process, regardless of their personal preferences.

Goff Named Field Office Manager

Comptroller Bob Bullock announced recently the appointment of Thomas M. Goff as manager of his San Angelo field office, effective immediately.

Goff, 30, an attorney, had been in private practice in San Angelo prior to the appointment. A 1968 Colorado State University graduate, Goff earned his law degree from the University of Houston in 1974.

The San Angelo office, located at 1900 Sherwood Way, is open from 8 a.m. to 6:30 p.m. It serves Tom Green, Coke, Concho, Crockett, Irion, Kimbell, Mason, McCulloch, Menard, Reagan, Runnells, San Saba, Schleicher, Sterling, Sutton and Val Verde Counties.

I guess it's possible to go to Washington and forget where you came from. That's why I've traveled back and forth across this district listening to what you want America to be.

We won't agree on every vote I've cast. But you can count on this: I'll listen to you and your neighbor, weigh both sides, and do what I think is right.

I want to thank you for your continued trust and support, and I urge you to vote in the general election November 2.

We have a lot to be proud of in America. That's why we have a lot at stake.

A Bishop Looks at Life

by Everett H. Jones, Retired Bishop Of the Episcopal Church

OUR VOTING MAKES AMERICA POSSIBLE
There is an historical incident that has always had inspirational meaning for me. When King Henry IV of France won an important battle at Arques in 1589, one of his generals, Crillon, failed to appear with his troops in time to help in the king's victory. As the tardy general finally arrived, King Henry turned to him and said: "Go hang yourself, brave Crillon! We fought at Arques and you were not there." I can easily translate this incident into life today. I know countless people (and the number is

increasing) who feel they do not matter. They feel they are not important; what they think is not important; what responsibility they take in the community is not important; what kind of work they do is not important; and what kind of influence and examples they set in their own homes is not important.

I can easily imagine God Himself saying to one of them (and perhaps to me, too): "I counted on you and your help. There were certain things only you could do. I needed you, and you were not there."

These thoughts come to me especially at this time because of the shocking number of American people who say they will

take no part in the coming national election. I can understand all the excuses they give: there is no real difference in the candidates; they promise one thing and do another; we have lost confidence in our elected officials etc. etc.

What these people do not realize is that by their attitude and action they are working against democracy. Refusing to vote is a decision-and it is a decision against the basic process that makes America possible. It is living under the illusion that what we do, or fail to do, does not matter.

All our noisy celebration of this Bicentennial Year has been empty and meaningless unless it makes us more eager than ever before to use and enjoy the freedom won for us 200 years ago.

KVRN radio station manager John Honea was host last week to a birthday party honoring radio announcer Johnny Ramirez. Local business persons were on hand to wish Johnny well.

New Arrival

A daughter, Kelli Nichole, was born October 12 in a San Angelo Clinic to Mr. and Mrs. Ronald Hawkins. She weighed 7 pounds and 12 ounces. The baby is welcomed by a brother, Greg; maternal grandparents Mr. and Mrs. Joe B. White, Jr., and Mrs. D.W. Hawkins, also of Athens.

UNDERSTANDING THE BIBLE

Most people sincerely want to understand the Bible. Many plans or methods have been developed to contribute to an understanding of the Bible but when many people read they say, "I try to understand what I read, but I just can't get the message." So, they stop reading. Perhaps they feel that the trouble is with their mind. No, the trouble is not with their mind but with their heart. In order to really understand the message of the Bible, your heart must be right with God, Christ Jesus and the Holy Spirit. Only God through the work of the Holy Spirit can cause a person to be able to grasp the meaning of scripture.

Wed. Services 7:00 p.m.

Read Luke 24:13-53. This incident follows the Sunday morning resurrection of Jesus. Jesus appeared as two disciples walked along and opened their understanding of the scriptures. (Read verses 32 and 45) Jesus opened their understanding. Now read John 15:26 through John 16:14. You will find that Jesus promised the Holy Spirit. The Holy Spirit would do several things, one of which is to "guide you into all truth." This is His work: to illumine our hearts and minds so we will be able to understand the teachings of the Bible. The Bible teaches that only Christians can expect the illumination given by the Holy Spirit. So, the first and most important matter is to become a REAL CHRISTIAN. How? Read Romans 10:1-13 and Ephesians 2:1-10. Then if you do not understand and feel you need help, see a Christian friend or a Christian Pastor. Or, go to church and listen real good.

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

Efficiency in Government: "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."
Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."

Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.

The Devil's River Philosopher Sez.....

Politicians Not Nearly As Dumb As People Say

Editor's note: The Devil's River Philosopher on his bitterweed ranch on The Dry Devil's River comes to the defense of politicians this week, perhaps.

Dear Editor:
Some people are always criticizing public officials. "What can you expect from a bunch of dumb Congressmen," they'll say. Or, "We're lucky we're not worse off than we are with those ignoramuses we've got in the Legislature."

There are times though when what we need is dumber government.

For example, as everybody knows, smaller, lighter cars are the thing these days.

Now these cars hadn't been on the road a month till a lot of legislators began to scratch their

heads. They began to think, and when a politician begins to think, look out. He's thinking about one thing—money. You see, in most places the price of a license tag for your car is based on its weight. The lighter the car, the less it costs to license it, on the theory that light cars wear out the highways less than heavy ones.

Quick as a flash, politicians caught on to what this was going to do to their budget. And just as quickly they came up with the solution; throw out the weight theory and tax cars about the same amount as before, with maybe a little added on for inflation.

I can hear them explaining now: "The weight theory was all wrong. Sure, a light car driven by a 100-pound little old lady isn't as hard on a highway as a hefty big car, but you put four fat people in the little car and you've got the same difference."

Obviously, if we'd had dumber office holders, we might have gotten by with less car taxes for several years to come. Never underestimate the politicians' ability to underestimate the tax payer's submission to taxation.

By the way, this has nothing to do with cars, just people, but did you hear about the wife who begged her husband not to divorce her and marry another woman because she didn't have anything

to wear to the wedding?
Yours faithfully,
J.A.

DECA TO SELL FRUIT

The DECA Club will again be selling oranges and grapefruits beginning November 1. Anyone wishing to purchase the fruit may contact any DECA member or call 387-2298, 387-2202 or 387-3390 for more information.

State 4-H Rabbit Show Set

The State 4-H Rabbit Show will be held at the Guadalupe County Fairgrounds in Seguin Nov. 13.

The state show is being sponsored by the Guada-

Raiders

Jerry Kemp, Ben Montgomery and Alex Castro are coaches for the Raider team. On that roster are David Chandler, Espy Whitehead, Phillip Kemp, Eddie Vallejo, Jeff Barton, Michael Barton, Justin

Gray, Bill Ryan, Fermin Sanchez, Ismael Sanchez, Girado Villareal, Matt Favila, Robert Mittel, David Noriega, Ricky Shanklin, Larry Jennings, Joe Will Ross, John Dale Hodnett, John Woodall, Phillip Vargas and Tommy Mills.

Junior High Honor Roll

Those students in junior high school making the honor roll for the first six weeks of school are as follows:

Sixth Grade - All A's: Phillip Kemp and Monty Sorenson. All A's and one B: Twyla Woodall, Tracey Brownlee, Albert Chavez and Rodney Jackson.

Seventh Grade - All A's: Cathy Polocek, Gina Thompson, Shannon Hurt and Joey Trevino. All A's and one B: Bryan Hunt, Nanette Sanchez, Angie Bautista, Rick Powers and Steve Jennings.

Eighth Grade - All A's: Marche Lane, Annabelle Gonzales, Kandis Carta, Yolanda Reyna, Valerie Tedford, Paula Friess and David Martin. All A's and one B: Lee Burch.

lupe County 4-H Rabbit Project Club, announces Mrs. Tebbie Griffin, county Extension agent, who is serving as co-chairman of the show.

All entries for the show should be mailed to Betty Altherr, 1710 W. Kingsbury, Seguin, Tex. 78155 no later than Nov. 6.

Rabbits will be checked in for the show from 5 to 10 p.m. on Nov. 12. Late entries will be accepted only at this time. All rabbits will be in show room no later than 7:45 a.m. the date of the show, and judging will start at 8 a.m.

Breeds of rabbits included in the state show include Dutch, New Zealand, Californian, Satins, Martens, Florida Whites and Netherlands Dwarfs, points out Mrs. Griffin. Prize money will be based on the number of entries per class. The entry fee is \$1 for a single rabbit and \$1 for the fur classes. The show is sanctioned by the American Rabbit Breeders Association.

Mr. Dennis Dunnam, local 4-H rabbit leader, plans to attend the state show with a group of Sutton County 4-H members who are conducting rabbit demonstration.

Carter says yes.

Ford says no.

What do you say?

Say it on Nov. 2nd.
Vote for
President Ford.

THE PRESIDENT FORD COMMITTEE, JAMES A. BAKER, III, CHAIRMAN, ROYSTON C. HUGHES, TREASURER

If you smell natural gas, follow these 3 steps to safety.

The natural gas industry has one of the best safety records of any energy source in the United States.

The fact that you *can* smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

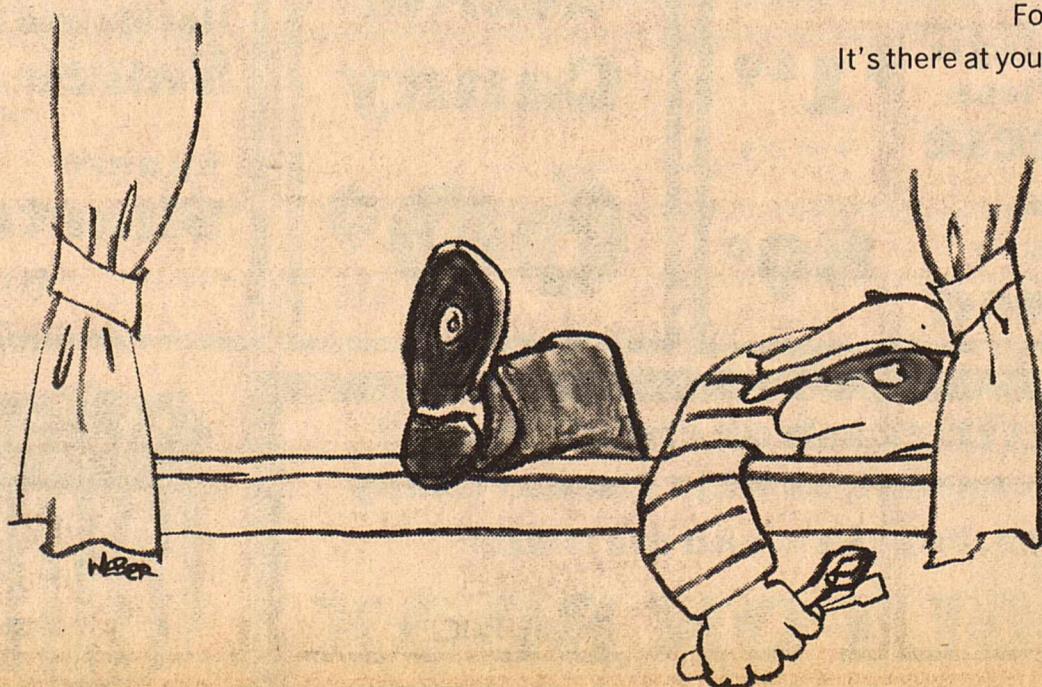

1. Do not switch anything electrical on or off. Don't use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Lone Star Gas Company

JACKSON JEFFERSON CITY MADISON LINCOLN
 The only four state capitols named after American presidents are Jackson, Mississippi; Jefferson City, Missouri; Madison, Wisconsin; and Lincoln, Nebraska.

Vikings

The Vikings are being coached by Luther Creek, Jeff Doan and David Ford. Team members are Pascual Castillo, Santiago Gonzales, Ronnie Pollard, Devoe Smith, Timmy Doan, Johnny

Snyder, Rene Porras, J. Thomas, Marney Sorenson, Houston Powers, Tom Dean, Sonny Dean, Joe Noriega, Edward Minatra, David Love, Russell Ethridge, Jeff Tidwell, John Merrill, Abel Sanchez, Rodney Webb and Wayford Tyler.

Vikings Victorious

The Vikings team of the Youth Football League finished their season Monday night with a no loss record. They defeated the Raiders 12-8.

The Vikings have only had six touchdowns scored on them during the six games they've played.

In Monday night's play the Chiefs won over the Cowboys 12-6.

Hanging Basket to Be Sold

Chances on a hanging basket of green fern will be sold Friday night at the football game. Saunders Greenhouse donated the basket and proceeds will go to the Bronco football team.

Do not over-fertilize house plants. Two or three times a year is usually enough.

Elementary School News

A greater interest in reading has evolved through the use of some of the new Read Along kits now being used in third grade. These kits consist of books and tapes which enable the student to read and listen to the words simultaneously. For added reading pleasure new library books have also been placed in the classrooms.

In Social Science, the children have just completed a study of Hawaii. They have enjoyed a luau and they have also created numerous pieces of art concerning our newest state.

Weekly Readers are a special interest since the students have become very involved with the presidential election.

Folders are now being sent home each week containing a record, which the children fill out

concerning their work. Samples of the student's work also accompany the record.

With Halloween just around the corner, some very imaginative art and creative writing reveal the excitement and anticipation of the "big night" ahead.

The teachers and students are delighted to be in their new building. The students under the supervision of the teachers did a great job of moving. The teachers and students are very excited to be together in one building, this eliminated a lot of traveling and getting wet too! The teachers want to thank Mr. Miller, students, janitors and all others that helped to move the furniture to the building.

The teachers want to extend a thank you to Dr. Andrews and all school board members for providing such a nice building in which students are given the opportunity to have excellent education.

The fourth grade students will be writing letters to their parents for

a "Post Office" Booth at the Halloween Carnival. The parents purchase these for a small fee to find out their child's message to them.

Mrs. Raphael and Mrs. Friess' classes will have a mock election on Nov. 2 to practice election procedures in the U.S. The students then will compare their election results to national election returns.

Since this is the week preceding the National Presidential Election, the fifth graders will study a unit on how a President is elected. Students have finished a unit on North American Indian cultures. Students will be learning to express themselves through body gestures as they study pantomimes and dramatizing. They also hope to express feelings to their parents in letters which will be sold in the "Post Office" Booth.

Fifth graders learn about the inner earth's origin and functions by studying their Science books and visiting the Sonora Caverns. We will share our cavern dis-

covers this month in the school display case. Reading skills are still being developed as students read stories in readers and work with skills. We are developing past knowledge of addition and subtraction to work with 4 and 5 digital problems.

President Ford Understands Texans And Their Interests.

President Ford understands our state, its economic interests, and its dedication to principles. He is against union organizers trespassing on our farms and ranches. He is against destroying our right-to-work laws. He is against dismantling our vital oil and gas industry. He is against gun control. By any measure he is the best choice for Texas.

Vote Texan... Vote President Ford

Write-In PRYCE TAYLOR For Sheriff

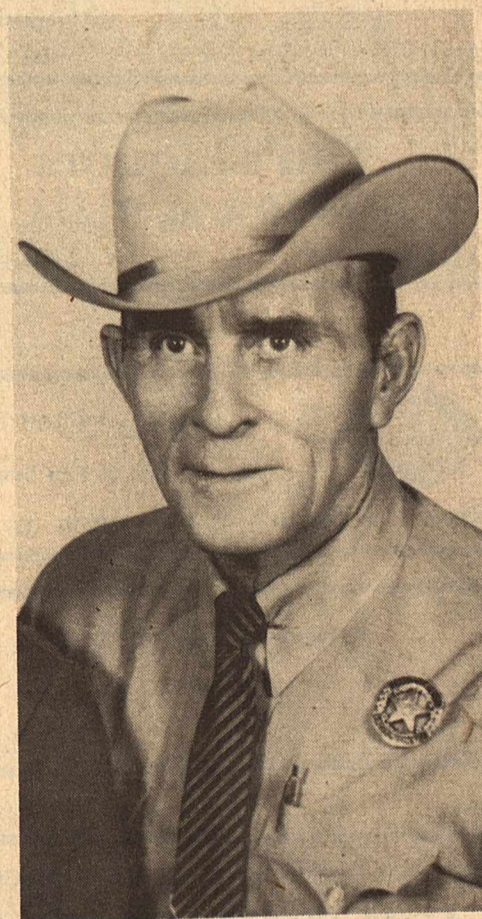

**VOTE --
November 2
-- VOTE**

Elect a sheriff that never made promises of anything other than "efficiency without frills" -- no proposals at all. Elect a sheriff that trusts people and can be trusted...one that talks Spanish talk, ranch talk, and oil field talk, but no double talk. I have a host of friends who will tell you that I never let a friend down.

Write-in PRYCE TAYLOR
for Sheriff on November 2, 1976.

The added trouble of writing-in PRYCE TAYLOR in the write-in column on the General Election ballot could be compensated for by electing a Sheriff who knows the people, all the time, and is willing and available at any time. Your one vote could elect a Sheriff who knows the value of the tax payers' dollars, and the needs of the people.

*I don't want a position!
I want a job!*

7-AA Teams Evenly Matched

by Don Holdridge

When the Southwest Conference race started many people thought five or six teams had at least an outside shot at the crown.
Tell those people to look at the District 7-AA slate if they want to see closely matched teams!
All four units - Sonora, Ozona, Kermit and Crane- have winning records and

a 21-7 slate against outside competition.

With each team playing only three games, no one can afford to drop a contest and realistically hope to wear the district crown.

Trying to predict the district standings with such evenly talented teams could well be disaster, but here is a shot in the dark.

Ozona
With the statistics, the record (7-0) and the rankings (eighth in the state) the Lions have to be the favorite.

Ozona people claim the best team they have ever produced and that includes some outstanding football teams.

Coach Rip Sewell has 12

lettermen back from a 7-3, second place team. Six starters on both sides of the line of scrimmage give the Lions a positive factor in experience.

Senior quarterback Vaden Aldridge provides stable leadership and halfback Gary Warren, the district's leading scorer, adds fuel to the high octane offense.

End Ricky Dehoyas anchors an extremely stingy defense.

Other standouts are tackle Mike Fay, fullback Javier Reyes, center Eugene Wood, guard Sam Longoria and ends John Galvan and Cliff Crawford.

Sonora
Coach Bill Bundy's Broncos have to be

considered a very close second to Ozona and a gut instinct tells me they may well be in championship throne when the season ends.

Sonora has the home field advantage for both Crane and Kermit, and the short trip to Ozona negates that advantage for the Lions.

A team without superstars, size or real breakaway speed has to play good team football, and that they have done in compiling a 6-1 record against a tough slate of opponents.

If there is real stand-out on the team, it has to be quarterback John Elliott. The cool senior's gifted arm has nearly a 60 per cent completion average.

Possibly Elliott's greatest asset is his ability to stay calm under pressure. When Elliott throws, he has a fine receiving corps in Gregg and Craig Parker and tight end Larry Jones.

Johnny Creek and Garry Jones are both tough-running backs and are excellent receivers. Zeke Gamez, Tony Mathews and Chip Savell provide more than adequate depth in this department.

The offensive line, though not large, has proved very capable against much larger opponents.

The defense has given up yardage but is tough inside the 20. Nearly all the points scored against the Broncos this year have come in the fourth quarter when the outcome was already divided.

Probably the Broncos' single strongest area is the kicking game.

Elliott (punts), Mike Jones (kickoffs) and John David Cook (extra points) could well make the difference in expected close games.

Penalties and turnovers have hurt the Broncos all year and were responsible for their only loss. These have to ease before the Broncos can hope to grab the title.

Kermit
Comparing their roster man for man with other teams, the Yellowjackets would have to be the favorites to win the district, but talent alone does not make a team.

Coach Charles Topinka's charges sport both size and speed, but have been beaten soundly by three good teams and the losses have to hurt at least psychologically.

In their four triumphs

they have had to rely heavily on the big play to win and the Dallas Cowboys they are not.

Quarterback Greg Davis and flanker Danny Waygood are blue chip prospects.

Other standouts are center Travis Watson (6-0, 195), guard Murray Roarke (6-3, 212), linebacker Clifton King and guard Ricky Swyke.

With 13 holdovers (six offensive, four defensive starters) from last year's 7-4 championship squad, do not count Coach Joe Allen's Golden Cranes out of the race.

Wobbled by injuries Crane started slowly but bounced back to a 4-3 record as the wounds were healed.

The offense rolled up over 500 yards in their last outing and Chris Brightman holds the lead as the top ground gainer in the district besides being a fixture at defensive safety.

The Cranes have a solid team but the district is tougher this year and, at most, must be considered only a darkhorse contender.

Fullback Steve Hollisfield (6-1, 193) is considered a top major college prospect while halfback Dale Mitchell, defensive end Paladin Schmitto, and Center Carl Jeffrey are other stalwarts.

Dragonflies are harmless.

We Know What We Have In President Ford!

If you're undecided how to vote, just remember that whatever his human weaknesses, we know President Ford. We don't have to worry about him saying one thing one day . . . and something else the next. We don't have to worry about what he really believes and stands for. We know he's decent, honest . . . *Sincere*. That's worth a whole lot. It's worth voting to keep him in the White House.

Fred Campbell's Wool and Mohair Report

Prices in Australia last week at their auctions were mixed but ended the week at slightly higher levels. For the past two weeks, their total offering has exceeded 75,000,000 - the largest of the season.

The Australian stockpile of wool which was obtained primarily in 1975 when wool prices were below the Australian Wool Corporation support level now stands at 1,221,000 bales. This is 32 per cent below a year ago and compares to 1,900,000 bales on January 1, 1976 of these 1.2 million bales, almost 280,000 bales are located in overseas storage points or they are enroute to these points.

Trading is quiet in the U.S. at this time. There remains about 10,000,000 pounds of wool unsold in the U.S. Sonora Wool and Mohair Co. is announcing

a sale of its spring clip comprising about one million pounds to be held on Thursday, November 11. A large 12 months wool. However, 200,000 pounds of ungraded 12 months wool will be offered.

In the mohair market, it is reported but unconfirmed that a large accumulation of fall adult mohair in Del Rio has sold for \$3.10 and 80,000 pound clip in Ozona sold for the same price. This trading has occurred as a result of the firming trend taken by the mohair market following the sale in South Africa last week.

Only small scattered amounts of mohair remain unsold in Texas totalling 250,000 to 500,000 pounds. This firm basis for our market indicates good business in Europe and is encouraging for Texas producers.

Broncos Start District Play

By Don Holdridge

Forget about those six victories!

It is a whole new season for the Sonora Broncos as they start District 7-AA competition tomorrow night against the Yellowjackets from Kermit.

Kermit, dropping from the AAA ranks, was the preseason favorite to win the loop, but the 4-3 non-district record was, to say the least, less spectacular than most prognosticators had expected.

It must be noted, however, that all three losses were to AAA clubs and the Jackets have a three-game winning streak coming into the 8 p.m. clash at Bronco Stadium.

Bronco head coach, Bill Bundy, has tremendous respect for the physical talent Kermit offers and still figures them for favorite in the district.

"They run the veer offense as well as any high school team I have ever seen," Bundy said, "and they have two super

quarterbacks." Excellent speed in flanker Danny Waygood gives Kermit a deep threat in the passing attack.

Against Fabens the Yellowjackets only went to air three times but completed all three, two for touchdowns.

To win Bundy said the Bronco defense has to stop Kermit from scoring quickly.

"With the type of personnel they have, there's no way they're not going to move the ball," the Bronco coach said. "We have to make them grind it out."

Bundy also cited a need for improvement in the offensive blocking, a phase of last Friday's Alpine game that concerned him.

"In spite of the size difference, we had some people who aren't playing as well as I think they are capable," Bundy said.

"Maybe I expect too much," he went on, "but I just think they can do better."

Bundy praised the running backs for their play in the Alpine game and singled out Tony Mathews as having an outstanding game defensively.

Fullback Johnny Creek is expected to see action tomorrow night after suffering a concussion in the Alpine tilt.

Field Day A Success

The Sawyer Field Day held last week was termed a success by the approximately 95 persons who attended.

Sponsors of the field day attribute the success to the Edwards Plateau District Directors, Wesley Sawyer who provided the ranch, Joe and Turney Friess who prepared the barbecue, and numerous others who contributed and assisted in providing food for the barbecue.

Base cabinets with pullout shelves make more storage space easily accessible.

Teen Scene

By Lorie Olson

In another few days we will spin into the annual holiday, we all call Halloween. The once a year occasion is celebrated by a carnival sponsored by the high school.

For tradition sake a queen candidate is chosen from each class. The candidates are Freshman, Mary Jo Lynch; Sophomore, Stacey Brasher; Junior, Janice Grider, and Senior, Elizabeth Wilson. These people are elected to represent their class. The school later votes and the winner is not announced until the Carnival.

-SHS-
 Other highlights of the carnival will be the Speech and Drama Club's play Interview and a combo sponsored by the band in which Valerie Tedford will sing. Various booths for entertainment of all ages will be sponsored by each of the classes & organizations.

-SHS-
 The magazine sales went very well for the seventh period class with Gary Wuest pushing to break Mike Street's record of \$500. The object of magazine sales is to gather money for the senior trip. The goal was set for \$6 thousand for the class as a whole, then the government class decided that they would compete, each with goals of \$2 thousand. So far all the classes together have made a little over \$2 thousand dollars. The seventh period government class leads by a wide margin with a close race between fifth period and the trailing second period.

Time To Plant Bulbs

Just because winter is closing in doesn't mean it's time to stop planning or planting your garden, says Clint Langford, county agent for the Texas Agricultural Extension Service.

Now is the time to plant the sleeping beauties of the garden—spring flower-

ing bulbs. These include tulips, hyacinths, daffodils and crocus, and October through early November is an excellent time to make your purchases, advises the county agent.

"Most failures with bulbs are due to holding them too long so that they become desiccated, or planting them so late in the season that there is insufficient time for the roots to grow before freezing temperatures arrive," reminds Langford.

Plant daffodils and crocus as soon as possible after purchase. However, tulips and hyacinths require a little extra preparation. They require pre-cooling before planting, and gardeners can do this by chilling the bulbs in the refrigerator until mid-December.

When planting spring flowering bulbs, place them in a well-drained, raised bed in full sunlight. Till the soil well and add two pounds of a complete fertilizer for every 100 square feet of bed area, suggests Langford.

"Plant the bulbs so the base of the bulb is at a depth that is three times the diameter of the bulb. Plant bulbs slightly deeper in sandy soils. Firm the soil around the bulbs to prevent air pockets and then soak the ground immediately to assure settling," says Clint.

To array your garden with a spectacle of color, mass one variety and color together, planting each bulb three or four inches apart.

Police Reports

A CB antenna was reported stolen from the parking lot at school by Nato Hinojosa at 10:20 a.m., October 19.

On October 21 at 9:40 a.m., a local motel operator notified police that overnight visitors had taken two bedsprings belonging to the motel.

At 7:45 p.m., police were asked to notify the husband of Mrs. Paul Myers that she had been involved in an accident in Big Lake.

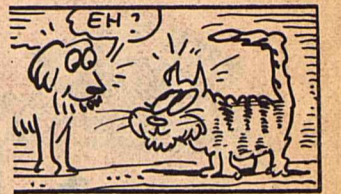

At 8:35 a.m., October 22 local police apprehended two runaway juveniles in a stolen vehicle from Pearl River, La. The pair was apprehended at a local grocery store and placed in custody.

A dog reported running loose on Poplar Street was picked up and taken to the local pound.

On October 23 a dead dog was picked up and disposed of when residents of a local mobile home park notified police.

City police lead a funeral escort at 3:45 p.m. On October 25 at 10

a.m., Neisha Ann Davis and Sharon Janice Roy were involved in a minor traffic accident when the Davis vehicle, southbound on Main Street, was struck by the Roy vehicle which was backing out from the curb. Ms. Roy was charged with backing without safety.

A dog hears twice as well as a human.

Tuck Honored At Political Dinner

An overflow crowd turned out for a dinner held to honor District Attorney, Joe Grady Tuck, in Kerrville October 24. More than 350 persons from the six county 216th judicial district heard Senator John Tower pay tribute to the incumbent district attorney. On hand for the affair were residents from Gillespie, Kendall, Banera, Kerr, Sutton and Kimble Counties.

United States Senator, John Tower was the main speaker, urging the crowd to re-elect Tuck for another four year term.

Tower stated that law and order was the primary concern of voters he has talked with, around the country. "Law enforcement is best maintained at the local level. Responsible conservative officials such as Joe Grady Tuck, must be kept in office, if we are to win the fight against crime," Tower noted.

Entertainment for the event was provided by the Querecho family of Kerrville, the Feller Family Singers of Harper, and Russ Cox with Vicki and Valerie Phillips of Fredricksburg.

In Alcoholics Anonymous, members follow a program that could help with another problem such as smoking or gambling. A person must admit he is powerless over alcohol, believe that a Power greater than himself could restore him to sanity and decide to turn his will and life over to the care of God.

Lamb Projects Underway

Two hundred-Sixteen market lambs belonging to 54 Sutton County 4-H boys and girls were sheared, drenched, ear tagged and weighed at the Powers Livestock Company shearing shed Monday, October 18. These activities kicked off the 1976-77 market lamb feeding projects for members of the Sutton County 4-H Club.

One hundred-thirty-two finewool lambs and 84 crossbred lambs are being fed and the total of 216 lambs being fed by 54 4-H members is a new record for the number of lambs being fed and for the number of feeders participating in the lamb feeding program in Sutton County. The market lamb projects will be concluded at

the Annual Sutton County 4-H show Sale which will be held at the 4-H Center on January 21 and 22, 1977. A featured attraction of the show will be the Carcass Lamb Classes which will be sponsored by the First National Bank of Sonora. The lambs will be placed by a team of judges on foot and their Carcasses will be evaluated. Final placing will be based on the carcass value of the lamb plus the gain of the lamb during the feeding period. The carcass lamb show is designed to assist in training 4-H members and ranchers to produce a more acceptable lamb for market.

Mr. Werner Lindig, County Extension Agent from Bandera, will judge all of the livestock classes at the regular livestock show on Friday, January 21. J.A. Gray, from San Angelo, Dr. George Ahlschwede, Extension Sheep Specialist from San Angelo and Dr. Frank Orts, Extension Meats Specialist from College Station will assist in judging the carcass lamb classes.

The Consumer Alert

by John L. Hill
Attorney General

Austin—Accurately matching the skills and experience of job-hunters with those required for available jobs—that's the service provided by reputable private employment agencies.

They have to be fairly successful at it, too, or they wouldn't stay in business for long. That's because they obtain most of their profits from a percentage of salaries of the applicants they place with firms.

But some consumers have run into problems with private employment agencies. Our Consumer Protection Division attorneys say that it usually happens when applicants fail to check on the agency's reputation before doing business there.

What types of complaints do we hear about? Some consumers have complained that unscrupulous agencies advertise jobs that don't really exist, just to get prospective clients in the door. Others have said that employment agency "counselors" have failed to match applicants and jobs accurately. This can result in an overqualified person who quickly becomes dissatisfied with the requirements of the job, or an underqualified person with whom the company quickly becomes dissatisfied.

The Attorney General's Labor Division represents the Texas Department of Labor and Standards, the State agency charged with regulating private employment agencies. Our Labor Division lawyers point out that Texas law covers persons who are placed in a job by an employment agency if the job lasts less than 30 days. Such a job is considered "temporary employment" and the agency

cannot charge more than 20 percent of gross earnings if the applicant terminates the job for "good cause" within the first 30 days.

"Good cause" means that salary, working hours or shifts, type of work, or location of the job are different than agreed upon; the agency placed the applicant in a job requiring skills or physical ability beyond his or her capabilities; the job is eliminated because of strike, layoff, or workforce reduction; or because of immoral or illegal activities of the employer.

If an applicant thinks a refund or adjustment is due because of any of the above, a request should be made to the employment agency within 30 days of termination. The agency then must make the refund or adjustment within 10 days.

However, if the agency thinks the applicant isn't entitled to a refund or adjustment, the agency will notify the applicant that he or she may contact the Bureau of Labor and Standards in Austin to make a determination.

The law provides that the applicant is not entitled to such a refund or adjustment if the termination is caused by "willful absence" from the job, or because the applicant misrepresented or withheld pre-employment information about a felony conviction, health condition, education, experience, skills, or training.

If you have a question about your rights and responsibilities in dealings with private employment agencies, contact the Attorney General's Labor Division or the Texas Department of Labor and Standards.

Don't forget proven efficient law enforcement for proposals that promise more than they can give and plans for unnecessary modernization that our small town doesn't need and our taxpayers cannot afford. I urge you to WRITE IN PRYCE TAYLOR in the write-in column of the November 2 ballot and provide yourself with continued 24 hour concerned law enforcement. (Pol. adv., paid for by Pryce Taylor)

*The POWER of
PRINT in AMERICAN HISTORY*

Magazine Journalism And The American Lifestyle
This article is adapted from a program of historical monographs created by the St. Regis Paper Company in an effort to rededicate our heritage and renew our pride in our country's achievements.

seemed imbued with the thrill of the nation's expansion and character. The best of this journalism was characterized by a vivid social conscience, a drive to determine values and a belief in hard facts. Nothing reflects reality and possibility with more immediacy than pictures. Magazines included artwork to catch the public's eye, interest and imagination, and to add extra dimension to the written word. The magazine art of illustrators like Charles Dana Gibson had a vast impact on American style. Magazine pictures have long been a symbol of American taste. There is no product, service or facet of human action and thought which has not been pictured in one magazine or other. Today's magazine journalism does not aim for the widest readership. It is specialized, selective and appeals to special interest audiences: hobbies, ethnic or language groups, geographic area. Magazines today seem in a healthier-than-ever condition. There are over 700 consumer-directed periodicals available. They not only continue to exert a profound effect on the American lifestyle, they have become an integral part of it. They are multiple mirrors of today and tomorrow.

CHARLES DANA GIBSON'S art transformed America. Library of Congress

**Improvement
Meeting Set
November 3**

A meeting designed to cover "Improving Kid Crops in Angora Goats" has been scheduled for Wednesday, November 3 at the Sonora Research Station. The program will be jointly sponsored by the Texas Sheep and Goat Raisers' Association, Texas Wool and Mohair Warehouse Association, Mohair Council of America, Southwest Texas Agricultural Resources Program, and the Texas A&M University System. Registration is scheduled for 9:30 a.m. The program will start at 10 a.m., with a welcome by James Hunt, president of the Mohair Council. A barbecue luncheon will be served at noon, during which time producers will be given an opportunity to estimate the weights of selected pens of Angora does, to observe individual numbered does, and predict reproduction potential and to observe the canulated goats used in the diet studies. The program is scheduled to be completed by 2:30 in the afternoon. Angora goat producers are encouraged to attend this educational program. Speakers will be Jack Groff, Maurice Shelton, Charles Taylor and Robert Langford, Ed Huston, Robert Kensing, Joe David Ross, Milo Shult, Leo Merrill and Armer Earwood.

Get what you know, and KNOW what you get!! Write in the name PRYCE TAYLOR in the WRITE IN column on November 2. (Paid pol. adv., paid for by Pryce Taylor)

Dee's Notes

by Dee Nevill

SHOP SONORA!! It will profit you to do so at all times, but especially beginning Nov. 1, when downtown merchants begin their annual 'Profit Sharing' campaign with tickets given for each \$1 purchase or \$1 paid on account. Participating in this manner will be Westernman Drug, Neville's Dept. Store, Morrison's, Gosney's, Ruth Shurley Jewelry, White's Auto Store, and Tedford Jewelry & Sporting Goods. First National Bank will award four \$50-Savings Bonds, and Food Center will give tickets with each \$5-purchase and up. There will be four drawings during Dec., totaling \$1800 in merchandise, groceries and bonds. The first drawing is to be held at 2 p.m. Dec. 4. **PLAN NOW** to shop these stores and obtain your tickets on all purchases.

SOME CONFUSION does occur with these Monday holidays, such as Oct. 25 being observed as 'Veterans Day' by many, but others plan to observe the holiday on the traditional Nov. 11 date. Then to add to the confusion there's the annual rollback of the clock which occurs at the stroke of midnight Saturday--somehow reminds us of the fairy tale 'Cinderella'! --that hour disappears somehow. **AN AUTOGRAPHED** football is to be presented at the Kermit game to the winner of this week's drawing to be held by Bronco Booster Club members. Ticket price \$1, and ticketholder is also eligible for drawing of .308 deer rifle to be awarded at Crane game. All proceeds to go to Bronco Booster Club, and tickets are available from any Booster member.

HERE 'N THERE - P & S Stop and Save has taken on a new look with addition to the roof line and an attractive front. Rock work on Buster's new building is most elegant, located on US Hwy 277 N, next to the Travel Trailer park. Billy Shurley Enterprises have erected a group of storage buildings that appear to be about ready for occupancy --the building next to old LaVista Theatre will be home of a new beauty shop opening soon.

SAW ANNE deBerry here from Cambridge, Mass. Hear that Anne is selling acreage along frontage road off IH-10 West. This would be nice for folks looking for small plots to erect homes in delightful surroundings. **IDA Bloodworth** has returned from New Mexico. Welcome!

LETTERS ARE TO BE mailed after Nov. 1 reminding landowners and hunters of the annual Sonora Hunting Party to be given at the 4-H Center, Tues., Nov. 16 at 6 p.m. Everyone will want to be in attendance at this big event--mark your calendars now.

WE WILL miss our dear friend, Mildred (Mae) Merck, but certainly not nearly as much as her family whom she loved and served so faithfully. Funeral services were held Saturday for Mildred, who died peacefully about noon Friday. Our sympathy to her family, but we rejoice with them that she is now Home.

ESTES ADAMS, former Sutton County Commissioner, is in Junction Hospital following a heart attack Friday. Willie Andrews is a patient at Hudspeath. Our prayers for these who are ill, and others who are hospitalized. Alice Cox and Sue Myers both suffered injuries in automobile accidents last week. Alice was involved in a collision outside Christoval, suffering a broken nose and bruises. Sue attended the Big Lake game there last Thursday, when a driver lost control of a car, ramming Sue's auto and throwing her into the car door. She maintained severe facial lacerations and was hospitalized in a Big Lake hospital, but was to return home the first of this week.

UPCOMING Halloween Carnival is the big news here Saturday night as Main Street will be roped off for the annual school affair under sponsorship of the Student Council. **CONGRATULATIONS** to the Broncos on their win over highly ranked Alpine, last Friday. Nice to see Mr. and Mrs. Harold Cramer of Channelview

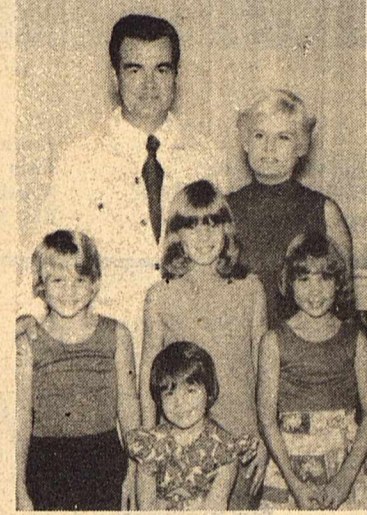

here this week. She is the former Hazel Trainer, and they visited with Mrs. Libb Wallace at Hudspeth Nursing Home, as well as other relatives and friends. **CONTINUING RECOGNITION** of our membership--Tedford Jewelry; Tim's Liquors; Thompson's Texaco; Erma L. Turner; Teaff Oil Com-

pany; Thorp's Laundry; Twin Oaks Motel; J.M. Vander Stucken; Whitworth's Drive In; West-Tex Drilling Company; White's Auto Store; Cynthia and Albert Ward; Westernman Drug; West Texas Utilities; Western Motel; Mr. and Mrs. Bill Wade; C.R. (Kit) Weaver--thanks to all these folks for their support!! **BE INFORMED**--search out facts this coming election--don't be like the woman who didn't know

much about politics. When she went down to vote in the primary and someone asked her which party she was affiliated with, she replied, "Tupperware."

EXERCISE your right
...TO VOTE!

ELECT W.W. (Bill) Webster
Sheriff, Tax Assessor, and Collector

Marking the box on Nov. 2 for W.W. [Bill] Webster is the only guarantee you have of getting a fair, honest man for Sutton County. I appreciate your support in the May 1, Democratic Primary and hope you will mark your ballot W.W. [Bill] Webster.

Thank you.

rotating parts.
5. Discuss with your dealer proper use and maintenance of your equipment.

A Safe Edge

If you're one of the million of Americans who use power equipment right in your own backyard, it's important to know that getting the edge on safety demands constant attention. Here are some tips from the Outdoor Power Equipment Institute that will help you use your edger-trimmer safely and wisely:

1. Read the owner's manual carefully and become familiar with your equipment before using it.
2. Keep children and pets a safe distance away.
3. Know your controls. Learn how to stop the machine quickly in an emergency.
4. Keep feet and hands well away from the blades and other

GOOD PSYCHOLOGY

Many psychologists say that what goes on in your head can be affected by what goes into your mouth. People who eat the right amounts of the food they like are more likely to be alert, vital and in a good frame of mind.

Maybe, but not likely!

for them

PARAMETRIC RADAR RECEIVER
by Electrolet
is standard equipment

HERE'S WHY:

- * works up to 3 miles in range, city or highway, day or night
 - * no antenna, no involved installation, no license required
 - * audio signal & bright indicator lamp signals only radar
 - * solid state integrated circuits - plugs in lighter
- The only radar warning device on the market so effective... you can leave your CB at home. Ask any of 100,000 truckers who own one.

J. V. Remains Undefeated

The Sonora Bronco Junior Varsity rolled to their fifth consecutive victory of the season and remained undefeated as they crushed the visiting Reagan County JV 20-0, Thursday night in Bronco stadium.

The Big Red Broncos displayed their finest game of the season statistically as they rolled up 395 yards on the ground and a crushing defense completely stymied the Owl offense. The only weak link the Broncos had was their inability to hold onto the pigskin as they fumbled the ball seven times and lost it on five occasions.

The Bronco offense was spearheaded by an outstanding display of blocking by the offensive line comprised of center Eric Olson; guards, Bobby Wills and George Hernandez; tackles, Steve King and Sammy Sanchez; ends, Bruce Phillips, David Reyna and Enrique Sanchez.

The Bronco defensive effort held the Owls to only five yards total offense the second half. Leading the defensive surge was David Reyna, Bruce Phillips, Johnny Simmons, Bobby Cook, George Hernandez, Bobby Wills, R.B. Alexander and Joey Kirby.

later Waters romped into the end zone from seven yards out to put the Broncos ahead 12-0. The Broncos tried to convert for two points but the try failed.

A short time later, Wills intercepted an Owl pass and returned it to the Bronco 42 yard line. The Owls were penalized 15 yards so the Broncos went to work on the Owl 43 yard line with 5:08 left in the second quarter. The Broncos drove to the Owl 13 yard line and lost the ball on a fumble to end a scoring threat.

During the third quarter the Broncos lost two scoring opportunities as fumbles again plagued the Big Red.

The final score of the game was set up by a 35 yard gallop by Fullback Kirby as he went to the Owl 28 yard line. On the following play, Waters roared the final 28 yards for a TD and added the two point conversion as the Broncos took a 20-0 victory.

The J.V. Broncos travel to Crane Thursday to battle the Crane Golden Cranes at 6:30 p.m.

Castillo Leads 7th Graders To 12-8 Win Over Owls

by Kay Holdridge

Touchdown runs of 47 and 41 yards by Ponciano Castillo led the seventh grade Colts to a 12-8 win over the Big Lake Owls.

After both teams exchanged punts, Scott Savell ran a Big Lake punt back to the Big Lake 45 to end the first quarter. The Colts were assessed a five yard penalty one play later, but Castillo rambled 47 yards off left tackle on the next play and found paydirt. With 4:09 left in

the first half, the seventh grade Colts led 6-0 after the PAT attempt failed.

Late in the second quarter, Savell intercepted a Big Lake aerial and ran the ball to the Owl 26. A clipping penalty put the Colts back to the 41. Castillo again found running room over left tackle and scored from 41 yards out. Savell's PAT attempt into the line was short, but with 41 seconds left in the first half, the Colts had a 12-0 lead.

The second half was

marked by Colt fumbles and penalties. The Colts were forced to punt three plays after the kickoff return. On their next possession, the Little Hosess made their way to the Owl eight yard line behind runs by Castillo. However, they failed to convert on fourth and seven and the Owls took over as the third quarter ended.

Big Lake got on track late in the fourth quarter as they scored on a 61 yard pass play with 2:43 remaining in the game. The two point PAT was

good. The Owls put together a threatening drive in the final minute of play when Sonora's Allen Stewart fumbled on the Colt 26 yard line. However, the Colts held on fourth and 14 and took over on downs with 12 seconds to go.

Quarterback Stewart killed the remaining seconds as the Colts held on to a 12-8 lead.

Defensive standouts for the seventh grade Colts were Hector Samaniego, Frisley Bible, and Mark Doan.

Eighth Grade Colts Take 29-0 Win Over Big Lake

by Kay Holdridge

The eighth grade Colts put their offense together and scored four touchdowns and kicked three extra points while the defense held Big Lake scoreless and made two points of their dominating the Owls 29-0.

The opening quarter was marked by Colt fumbles and penalties. Steve Chandler fumbled away the opening kickoff, but a hard nosed Colt defense headed by Cades Pope, Wesley Barton, Ervey Vallejo and Gary Minatra, forced the Owls to punt. On the Colts next offensive possession Chandler again fumbled on the Sonora 21. Big Lake had to turn the ball over to the Colts after they failed to pick up the first down and the Colts tried again from their own 14.

The offense pushed to the Big Lake 49 before clipping penalty forced the Colts' Robert Noriega to punt. Noriega's punt went to the Big Lake one yard line. Sonora's Barton tackled the Owl ball carrier in the end zone and the Colts went ahead 2-0 as the first quarter buzzer sounded.

The Colts took Big Lake's free kick to the Big Lake 30-yard line. Runs by David Creek, Rex Surber, and Ronald Berkley took the pigskin to the three. Berkley punched over left tackle for the touchdown and Creek added the PAT kick the Colts led 9-0 with 6:01 left in the second quarter.

Minatra recovered a Big Lake fumble on the Owls next possession and the Colts took over on the Big Lake 10. Surber, Chandler, and Berkley moved the ball to the Owl one before Berkley scored over left tackle. Creek's kick was good and the Colts led 19-0 with 3:25 to go in the second quarter.

The second half was more of the same with the Colts scoring at will and holding Big Lake motionless. After receiving the Colt kickoff, Big Lake fumbled and Pope pounced on the loose ball at the Big Lake one. A procedure penalty moved the ball back to the six. Surber moved the ball to the two and Berkley scored his third touchdown with 6:47 to go in the third quarter. Creek again kicked the PAT through and Sonora led by a 23-0 score.

Big Lake moved the ball to the Sonora 40 in five plays with two Sonora penalties before Pope

recovered the Big Lake fumble on the Sonora 44.

The Colts moved to the Owl three before Big Lake could get their defense on track. The Colts' Chandler was sacked behind the line twice forcing the Colts to attempt a nine yard field goal. Creek's attempt was no good and the Owls recovered the ball on the six.

Vallejo intercepted a Big Lake pass on the 10 yard line two plays later. Surber punched to the two and Creek recovered his own fumble in the end zone to make the score 29-0 with 12 seconds left in the third quarter. The PAT attempt by Creek was wide.

The fourth quarter was scoreless as the Big Lake offense could go nowhere against a strong Colt defense. The Colt offense threatened twice, but Chandler fumbled in the end zone to end one drive and incomplete passes and a stiffened Owl defense ended the other on the Owl 21.

The entire eighth grade squad played during the game. Howard Brittain did a fine job on offense and Daniel Hernandez made a good defensive showing.

Both the seventh and eighth grade Colts are off this week and will have two weeks to prepare for their last games against Crane. Crane defeated the eighth grade earlier this year while the seventh grade Colts won.

Broncos Take From Pg. 1

Buck touchdown after the Broncos fumbled the ball on the first play of the fourth quarter, but the Alpine tailback was smothered on his conversion run.

The Bronco victory lifted the local team's record to 6-1 going into district play tomorrow night while Alpine's slate fell to 1-6.
