One Killed In Crash

Nineteen year old Randy Glen Latham was killed instantly Monday night in a head on crash 5 7/10 miles north of Sonora on Highway 277.

Latham was a passenger in a Halliburton Services pickup driven by Billy Joe Hukill, Jr., a Halliburton employee from Rankin. The Halliburton vehicle

was southbound when the accident occurred shortly before 8 a.m. DPS Officer Archie Crenwelge said the Halliburton vehicle rounded a curve and crashed head on with a vehicle belonging to Southwest Supply. The supply vehicle was northbound and was apparently on the wrong side of the road at the time of the impact.

Driver of the supply pickup was Steve Tuckness of Christoval, who was transferred to Shannon Hospital in San Angelo with minor injuries.

According to witnesses on the scene the Halliburton pickup burst into flames shortly after impact and Latham was pronounced dead on the scene.

Latham, who was a summer employee at Halliburton, had only been employed for two weeks. His body was taken to

Kerbow Funeral Home and transferred to Parson Ellis Singleton Funeral Home in Earth Tuesday.

Hukill was admitted to Hudspeth Hospital with multiple injuries. He was listed in satisfactory condition Tuesday morning.

Cities Receive

Refund Checks

Comptroller Bob Bullock said his office has mailed checks totaling \$39.3 million to 865 Texas cities for their June share of the one percent city sales tax.

Sonora received \$15,613.55 in sales tax refunds.

Bullock also reminded Texas taxpayers of the following bills approved by the 1977 Legislature which will affect sales tax collections:

--SB 110 exempts from the sales tax syringes and hypodermic needles used for medical purposes. The bill is effective Aug. 29.

--HB 694 exempts newspapers and subscription sales of magazines from state and local sales taxes effective Aug. 29.

--HB 1831, now in effect, exempts from the sales tax the sale and rental of motion picture film to or by movie theaters and television stations.

Bullock said that the exemptions will have only a minor effect on overall sales and use tax collections.

Sutton Teams 1st In Judging Events

...Sutton 4-H Wins Sweepstakes

Sutton County 4-H junior and senior teams took most of all first place wins in judging events during Sonora's fortieth annual Wool and Mohair Show held last week.

In senior range judging the team of Tammy Van Hoozer, Rex Surber, and Lee Burch were first place winners. Mark Van Hoozer, Preston Love, Paula Friess and Brett Johnson, the mohair judging team, also came in first as did the wool judging team composed of Love, Van Hoozer, Friess and Johnson.

Also giving Sonora first was the livestock judging team of Friess, Van Hoozer, Love and Johnson.

Junior teams took three first places in the four divisions of judging with Trina Powers, Lance Love, Clay Friess and Fran Friess placing first in wool judging. This same team also placed first in the mohair judging.

In livestock judging Rick Powers, Clay Friess, Fran Friess and Trina Powers, took first and the range judging team came in third.

Sutton County 4-H took the sweepstakes award with a total of 4793 points for their overall score.

Paula Friess was named over-all high senior judge of the show with a score of 1414. Following a close second was Mark Van Hoozer. Tammy Van Hoozer was third in over-all judging followed by Preston Love and Rex

Surber. Cades Pope again showed the champion and grand champion registered wool fleece, and was winner of the Joe Berger Memorial trophy.

The grand champion range mohair single fleece was shown by Michiel Kendrick of Dimmitt County. Brother and sister duo, Rick and Rebecca Powers, showed the grand

champion bag of wool. Foster Price of Sterling City was winner of the champion range wool fleece entry.

Bill Richardson of Albany County, Wyoming was first place winner in the National Wool Judging contest. High team honors went to the Albany County team of Sue Talbott, Bill Richardson, Jay Talbott and Rod Richardson.

Complete results of show are listed on page 7 & 8 of this newspaper.

New Store... Familiar Face

Ethelda Holland

Longtime Sonorans visiting the new and modern Perry's Store will no doubt see something entirely familiar to them...the joyous, smiling face of Ethelda Holland.

Ethelda and her husband L.E. (Coon) Holland, have moved back to Sonora after an absence of more than eleven years, although they have kept their home in Sonora. Coon was recently retired.

They have been residing in Coleman and Ethelda has been employed by the Perry's Store there. Here she is in charge of materials and notions.

The Hollands are parents of two children, Lawrence, who lives in Abilene, and Barbara Holland Brown of Dallas, both of whom graduated from Sonora High School. Lawrence is the father of a seven year old daughter, making the Hollands proud grandparents.

New Junior High School Plans In The Making

In a meeting of the Sonora Independent School Board of Trustees held last week Superintendent Dr. Joe Andrews was authorized to continue his planning for a new junior high building.

The building program calls for the construction of a building to include 14 classrooms, a principal's office and workroom, a library, snack bar area and a mechanical room.

The proposed site of the building will be the Allison property recently purchased by the school. Construction time on the building would be approximately 15 months.

The present building used to house junior high students was completed in 1904 when the school system moved to its present site on land donated by one of the

founding fathers of Sonora, Mr. R.W. Callahan.

In August of 1913, a bond issue was passed in the amount of \$18,000 for an addition to the school. This was passed by a vote of 89 to 0 and the south extension was added. Original plans were to match this extension as much as possible to the north end of the building.

Citizens of Sonora were proud of this edifice and referred to it as "the college".

Much remodeling of the interior has been done in recent years including a art room and library this past year. There are presently 14 classrooms.

It is estimated that the cost of the proposed new building will be \$950,000 to \$1,000,000. The school board will meet Thursday to consider calling a bond

election to finance the program. Although the future is uncertain, depending upon what the legislature does concerning school finance, it appears that the program can be financed over a period of seven or eight years without a tax increase.

Shurley Makes Dean's List

Mark Friend Shurley, an agriculture economics major at Texas A&M University, has compiled a grade point ratio at the University of 4.0 for the spring semester.

H.O. Kunkel, Dean of Agriculture, stated that Shurley's contributions made in the area of academics are truly outstanding and he is to be commended for this most impressive record.

Salaries Set By Trustees

...\$1200 Above State Pay

At the regular meeting of the School board of Trustees last week, approval was given for the correction of the Title II audit report for 1973-74 year. Teachers salary schedules for 1977-78 were set \$1200 above the state pay.

A depository bid was submitted by The First National Bank of Sonora which the board approved for 1977-79.

Superintendent Dr. Joe Andrews was granted authority to accept the best of three bids submitted for band instruments. Also approved was the selling of some old band instruments which are no longer in use.

The resignation of Deborah Gullatt was approved and elected to the faculty for 1977-78 were

Barbara Tyler as kindergarten teacher; Sandra Elliott as first grade teacher; Larry Wisdom as speech teacher; and Terry Campbell as coach and math teacher.

Lutheran Church Gets New Minister

The Rev. John E. Hafermann of Junction, Kansas will be installed as pastor of Hope Lutheran Church of Sonora and Faith Lutheran Church of Ozona Sunday at 4 p.m.

This special service will be held at Hope Lutheran in Sonora with the Rev. Richard Mazak of San Angelo preaching the sermon, and the Rev. Herbert E. Driessner of Eden, administering the rite of installation.

The Rev. Mr. Hafermann's education for the ministry began at St. John's College in Winfield, Kansas and continued at Concordia Teacher's College in Seward, Nebraska. Upon graduation from Seward he taught school for one year and then enrolled at Concordia Theological Seminary in Fort Wayne, Indiana where he graduated last May.

Mrs. Hafermann is a graduate of St. John's and

Concordia Teacher's College. They have two children, Marshelle Ann, age 3, and Rachel Joy, three months. The family will live in the new parsonage at 415 E. Second Street.

After the four o'clock worship service, a reception will be held in the parish hall to which everyone is also cordially invited.

Rev. John Hafermann

She's fine now, but there were some doubts about Lady Bird's chances last Saturday night. Mrs. Charles Graves, Clay [left] and Barry [right] give their dog some special attention as she recovers from the rattlesnake bite, which probably saved members of the family from being bitten.

Dog Saves Family

Three members of the Charles Graves family narrowly escaped the fangs of a three-foot rattlesnake last Saturday evening, but the family dog Lady Bird wasn't so lucky.

As she usually does, Lady Bird was strolling just a few feet in front of Mrs. Graves and her children Dina and Barry.

As they walked along the path near the Graves' house three miles west of Sonora, Lady Bird strolled smack into the path of the rattler, and in lightning fashion, without warning, the snake sunk its fangs in the unsuspecting dog twice.

The 11 year-old Barry then shot the snake with his BB gun and finished it off with rocks.

Meanwhile Charles Graves heard the shouting and he and six year-old Clay ran to the scene, as Mrs. Graves went to the house for the truck.

She called Dr. Johnny Fields (D.V.M.) who arranged to meet the Graves at the Sonora Animal Hospital.

Lady Bird was in serious condition when the Graves

arrived at the clinic...approximately 30 minutes from the time of the bite.

Dr. Fields immediately administered anti-venom serum and other medication in an attempt to stabilize the dog's condition.

The job was made more difficult by the fact that the dog had been bitten twice and the venom had already done considerable damage.

Dr. Fields worked non-stop until midnight before Lady Bird's condition stabilized.

Lady Bird's recovery is fine and appears to have no serious after effects. Graves says that this is the dog's third run-in with rattlesnakes, "but this one was really the worst," he adds.

It seems clear that if Lady Bird hadn't been where she was, one of the Graves family would be in the hospital instead of the dog.

"One thing we learned for sure," Graves comments, "it's not necessarily true that rattlesnakes rattle before striking... sometimes they just strike."

Marsha Finklea Named Fiesta Ambassador

Miss Marsha Finklea is representing Sonora in San Angelo's Fiesta del Concho as one of the Fiesta's ambassadors.

Miss Finklea is the daughter of Mr. and Mrs. Lawrence J. Finklea and is a student at the University of Texas at Austin where she is a member of Pi

Beta Phi sorority and a member of Spooks for outstanding freshmen girls.

A graduate of Sonora High School, Marsha was head cheerleader, secretary of the National Honor Society, football sweetheart, 4-H sweetheart and Halloween queen.

Fred Campbell's Wool and Mohair Report

Overseas wool markets have firmed up slightly as the spring auction sales come to a close. Prices have increased up to 3 percent this past week on improved foreign demand.

In the U.S. trading has almost come to a halt. Probably in excess of 75 percent of the U.S. spring clip is now sold. Sufficient inventory is being held by U.S. dealers and

mills that the pressure is off the market. With the summer vacation period coming up it is doubtful that there will be any significant market activity for 60-90 days.

In our mohair market, also, trading is virtually at a standstill. South Africa has completed their series of spring auction sales and the Texas clip is essentially gone.

In the Sonora area, some goat

shearing has taken place in the past 3 weeks, and our company is planning to offer about 30,000 pounds of new mohair for bid on Friday, July 1. Most of the mohair is now in the warehouse and has been examined. While some of it is burry most of the mohair is surprisingly clean. Results of the sale will be reported as soon as they are known.

Dry Weather Forecast for Texas

For Texas farmers and ranchers, the next few weeks will hold nothing new as far as the weather is concerned if the National Weather Service officials are right in their forecasts.

Nearly all of Texas is expected to have below normal precipitation for the period of mid-June through mid-July, according to the National Weather Service.

On the temperature side, the mercury should climb to above normal levels for the northern half of the state while southern and western sections should experience near normal temperatures.

The hot, dry weather that has prevailed for several weeks and that is in the forecast for the next 30 days will have a marked effect on the state's agriculture, notes the

Texas Agricultural Extension Service.

Even in areas where moisture is still generally adequate, surface moisture is depleted rapidly during periods of hot, dry weather, so all of the state's dryland agriculture could be suffering by mid-July if the weather forecasts hold up, notes the Extension Service.

On the positive side, the hot, dry weather should allow field operations to move forward and should help producers keep up with spray programs to control crop insects and diseases.

Looking down the road, the National Weather Service sees some reprieve from the hot, dry conditions in late July and August.

ICA Organizes Special Legislative Campaign

While state leaders continue their work in Austin to point out an agreeable public school finance bill, members of the Independent Cattlemen's Association have or-

ganized an effort to insure that their needs will not be forgotten by legislators.

Those state leaders can expect a flood of mail as a result of a letter ICA President T.A. Cunningham sent to his county officers and directors this week.

In the letter, Cunningham requested that the members write letters to Gov. Dolph Briscoe, House Speaker Billy Clayton and Lt. Gov. Bill Hobby concerning the school finance bill to be considered at a special session this summer.

Cunningham told the ICA members to show strong support for inclusion of agricultural use values in the school finance bill that is finally agreed upon by House and Senate leaders.

International Experts Inspect the World's Finest Mohair....

The International Mohair Association chairman, T.W. Hibbert (left) holds a sample of Sutton County's finest mohair. Hibbert and other IMA members from around the world visited the Sonora Wool and Mohair Co. during a Texas tour last week. Hibbert is a

Bradford, England mohair spinner. Discussing the mohair with Fred Campbell, Sonora Wool and Mohair manager (right) is W. Van Heerden, Port Elizabeth, South Africa, who is associated with the Farmers Brokers Co-op Ltd.

Relief from Golden Eagles May Be In Sight

Sheep and goat producers plagued by golden eagles may have some possibility of relief to look forward to, though it's still likely to be very far forward.

A recent meeting in Denver corralled a good-sized herd of biologists, federal officials, scholars, protectionists and ranchers.

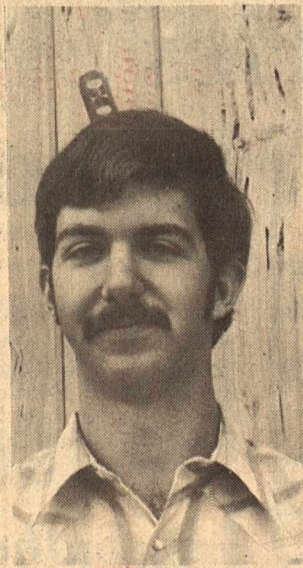

Governor Dolph Briscoe also made his presence felt, in the form of a letter to U.S. Interior Secretary Cecil Andrus.

The upshot of the get-together can best be presented in the words of an official Fish and Wildlife Service news release, which states that the FWS "will consider development of a golden eagle management plan proposal."

Let any ranchers become too giddy over the good news, it might be noted that the wording of the release is a supreme example of noncommitment.

The Denver meeting laid its share of milestones, however. Possibly the largest step was the recognition by all involved that golden eagles have caused a "serious impact" on certain sheep operations.

A&M Student Joins SCS

Alan Koemel, a student trainee in range conservation at Texas A&M, is doing summer work in Sonora for the Soil Conservation Service. Koemel is a senior student at the University and is a native of Corpus Christi.

The fact that the impact of eagle predation was acknowledged by two major Audubon Society officials makes the accomplished that much more impressive.

A major excuse used by both protectionists groups and Interior representatives to stall talk of eagle control was also put to the sword.

In the past, it was claimed that public opinion would never allow the effective control of eagles and other predators; that claim has been proven false.

Dr. Don Balsler, director of the Denver Wildlife Research Center, told the group that a USDA poll conducted recently indicates that the American people actually do understand the predator problem and realize that control is necessary.

The poll also shows that the killing of predators is considered an accepted way to correct the problem.

The push toward an Interior Department management program was boosted somewhat by the Briscoe letter.

The Texas Governor reminded Andrus of Interior's refusal last fall to grant Texas producers the right to defend their livestock, then went on to say, "Since the Department of Interior will not allow producers to protect their own flocks, it should be the responsibility of the Department of Interior to furnish this needed protection."

Briscoe further requested that Interior programs be developed "immediately" to protect Texas livestock threatened by golden eagles. Failing such programs, the Governor stated that eagle-taking permits should be granted to the affected producers.

Natalie Redman Wed Saturday To Richard E. Dunnam

Miss Natalie Dian Redman and Richard Erman Dunnam were united in marriage Saturday, June 18 at First Baptist Church with the Rev. Clifton Hancock, pastor of the church, officiating.

The ceremony was performed in front of an archway covered with greenery and white daisies. Tall spiral candelabra stood on each side of the altar.

Mr. and Mrs. Gus Redman, Jr., and Mr. and Mrs. Dennis Dunnam, are parents of the couple.

The bride, presented in marriage by her father, wore her sister's wedding gown of white organza designed in bouffant silhouette. Pearled and sequined lace appliques accented the bodice, skirt and bishop sleeves. The low cut round neckline was edged in wide ruffled lace. A chapel length train was attached and was accented with jeweled lace appliques. A train length veil was edged with lace and was attached to a pearl caplet.

She carried a lace colored colonial bouquet of yellow roses, and white daisies, sparkled with baby's breath.

Demetra Ross of Slaton, cousin of the bride, was maid of honor. Bridesmaids were Susan Dunnam, sister of the bridegroom, and Suzanne Renfro. Dawn Riney of Slaton was flower girl. Attendants wore gowns of yellow re-embroidered lace over yellow taffeta and white hats trimmed with yellow streamers. Each carried bouquets of daisies gathered with sweetheart roses encircled in lace.

Serving his brother as best man was Dennis Dunnam II. Groomsmen were Elba Adams of Roosevelt and Mark De Berry of Winters. Zane Dunnam, brother of the

bridegroom, was ring bearer.

Scott Brookshire of Pecos and Lance De Berry of Winters were candlelighters. Ushers were Michael Redman, brother of the bride of Brenham, Donald Thompson of San Angelo, and Mike Massey of Bangs.

Flaire Lane provided music at the organ. Special music was brought by Dennis King, guitarist, and Joey Graves.

Mrs. Donald Thompson of San Angelo registered guests.

The bride is a 1977 graduate of Sonora High School and is an employee of Sonora Floral and Gifts. The bridegroom is a 1975 graduate of Sonora High School and is a student at Angelo State University. He is employed by an outdoor equipment dealer in San Angelo.

Sonora Minister Speaks

God did not make all people identical. In His wisdom He gave each of us a different appearance, particular talents, and a distinct personality. It would be a confusing world if this were not so. If all were leaders, who would follow? If all worked with their minds, who would perform the necessary manual labor?

This same wisdom of God is seen in His distribution of spiritual gifts. The Holy Spirit did not intend to bring chaos to the Church, so He did not give everyone the same functions and abilities. Paul reminded his

readers of this when he asked, "Are all apostles? Are all workers of miracles? Have all the gifts of healing? Do all speak with tongues? Do all interpret?" Quite obviously, no. "But all these worketh that one and the selfsame Spirit, dividing to every man severally as He will. (1. Cor. 12, 11.)

The Corinthians needed to hear this self-evident truth. They were guilty of holding certain spiritual gifts in high regard, while considering others to be "less" spiritual. Naturally when certain gifts began to be regarded as symbols

of God's special favor, everyone wanted those gifts. This attitude provoked a sinful rebellion against the Holy Spirit, who gave them all of their gifts. It failed to recognize His wisdom in dividing the gifts, so that each person might use his own for the good of Christ's kingdom. We can avoid this dangerous temptation if we remember two important truths about spiritual gifts. The first is that they are gifts. No one can earn them by his goodness or piety. The Holy Spirit gives them in grace without any merit or

worthiness in us: for "there is none righteous, no, not one" (Rom 3,10). The second truth is that the Holy Spirit distributes gifts as He sees fit. We should therefore recognize His wisdom in giving each of us those spiritual abilities He wants us to have. And, whatever those abilities may be, it is most important that we use them humbly and faithfully in serving the Savior who died for our sins.

PROPER INSULATION...

Keeps in the Cool Air You've Paid For

- ★ Proper insulation helps to keep OUT heat in the summer, helps to reduce outside noises, absorbs inside sounds, and can save over 40% on energy costs on both cooling and heating.
- ★ Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 20 in walls are now being recommended for new construction in this area.
- ★ Insulation can pay for itself with the savings from operating costs in about 1 1/2 years. Your home will be cleaner because insulation will help to keep dust and dirt pollution from sifting in.

Wallace Blasts New York Energy Policy

Railroad Commission Chairman Mack Wallace last week questioned the priorities of New York State legislators in dealing with energy and pleasure issues.

Wallace, at the conclusion of the Commission's monthly oil and gas hearing to set production allowables, noted that the New York Legislature recently failed to enact legislation to lift a ban on drilling for oil and gas in the state's portion of Lake Erie, even though Gov. Hugh Carey had pressed for such action.

The Commission continued the oil allowable at 100 percent of market demand through July. Wallace reported that the New York lawmakers "did appropriate \$50,000 for a study of the necessity for removing the ban on drilling and to assess the environmental impact" of oil and gas exploration in Lake Erie.

"Keep in mind that this occurred just a few months after hundreds of thousands of people were out of work in New York and just a few months after Gov. Carey told us that children were cold up there," Wallace recounted.

The Commission chairman continued: "Now, if you will compare that to their order of priority in New York State, you will find that at the same time those (drilling ban) amendments were failing there was proposed

and passed an amendment to the New York constitution which would permit gambling casinos to be established in New York State.

"This was overwhelmingly passed by the (New York) legislature.

July Crude

July 1977 field nominations for the purchase of Texas crude oil total 3,086,610 barrels daily and additional demand is 829,241 barrels daily for a grand total of 3,915,851 barrels daily.

This represents a decrease of 26,543 barrels daily from total June nominations.

The statewide oil allowable for June is set at 100 percent of market demand.

Oil Allowable Set at 3.6 Million

Average calendar day allowable of Texas oil production as of June 15 totals 3,607,813 barrels, the Railroad Commission's Oil and Gas Division has reported.

This legal rate of flow from 176,802 wells on allowable schedules compares with 3,638,772 barrels daily on June 1 when 175,967 wells were listed.

Texas oil allowable in June 1977 is pegged statewide to a 100 percent market demand factor.

Drilling Applications

Applications have been filed with the Texas Railroad Commission on the following drilling sites:

CROCKETT

Amerada Hess Corp., Ozona (Canyon), Helbing Ranch no. 3, three and one-half miles south of Ozona, 6,450 feet.

Delta Suburban, Ozona and Hunt-Baggett, Couch "2" no. 2, 10 miles southwest of Ozona, 9,700 feet.

Indian Wells Operating Co., Ozona (Canyon SD), C.C. Montgomery Estate "11" no. 2, 19 miles southwest of Ozona, 7,000 feet.

Tamarack Petroleum Co., Ozona (Canyon), Hoover "18" no. 4, 15 miles southwest of Ozona, 6,500 feet.

Indian Wells Operating Co., Ozona (Canyon), C.C. Montgomery Estate no. 3-7, 19 miles southwest of Ozona, 7,000 feet.

Tamarack Petroleum Co., Ozona (Canyon), Hoover "13" no. 3, 15 miles southwest of Ozona, 6,500 feet.

Delta Suburban, Ozona (Canyon) and D Hunt-Baggett (PENN), Couch "A" no. 2, seven miles

southwest of Ozona, 9,700 feet.

Gulf Oil Corp., Todd (San And), Shannon Hospital "F" no. 2, 20 miles northwest of Ozona, 2,400 feet.

EDWARDS
Cities Service Oil Co., Wildcat, Whitehead "A" no. 1x, 28 miles northwest of Rocksprings, 11,750 feet.

SCHLEICHER
Gas Development Corp., Wildcat, Williams-Shell "81" no. 1, three-fourths miles southwest of Eldorado, 7,000 feet.

SUTTON
HNG Oil Co., Sawyer (Canyon), Drake "43" no. 1, seven miles northeast of Sonora, 5,850 feet.

VAL VERDE
Resources Investment Corp., Wildcat, Mills "18" no. 1, seven and one-half miles northeast of Pandale, 15,500 feet.

Gulf Oil Corp., Devil's River (Strawn), Bertha Glasscock "C" no. 7, 12 miles northeast of Juno, 11,500 feet.

Mobil Oil Corp., Will O (Ellenberger), L.M. Morrison no. 2, seven and one-half miles northeast of Pandale, 15,500 feet.

"Now, the reason that they passed it in such an overwhelming fashion is, they indicate, it would help the sagging economy

Compton Names Straughan Manager

Clarke Straughan has been named Permian Basin Area Manager for the Compton Corporation. Compton is a crude oil purchasing, transporting and marketing firm which was founded in Abilene in 1935.

The Midland offices of the corporation are at 810 Petroleum Building.

Prior to assuming his new position with Compton, Straughan was the corporate development manager with Adobe Oil and Gas Corporation and was previously associated with Hunt Oil Company in Dallas and Ampol Oil Company in Australia.

Straughan received his BBA degree from Texas A & M University and his Masters Degree from North Texas State University. He was recently selected to Who's Who in Finance and Industry in America.

of New York by about \$350 million and at the same time it would allow them to compete with New Jersey.

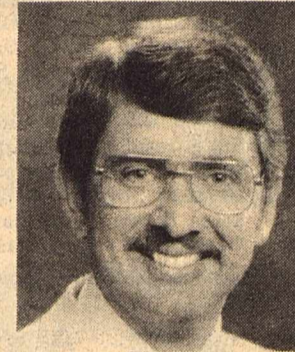

"So, I make these observations simply because it is a matter that there are priorities in the national interest. There are priorities to the survival of this nation as we know it.

"It is very difficult for me to reconcile the fact that there is a regulatory commission (Railroad Commission) that has permitted the drilling of over 1,200 exploratory wells in the bays and

estuaries of this state with the attitude of some other states."

Wallace concluded his comment with this observation:

"I know that those children who were cold last winter and those husbands and fathers who were out of work--when they are cold next winter--will be comforted to know that on the horizon they may have legalized gambling they can enjoy when they are out of work or out of school."

Gosmic Signs

AQUARIUS

(January 20 - February 18) Your work will be praised now. Write to someone who is doing much for you in a special area.

PISCES

(February 19 - March 20) Much happiness will arrive with a visitor. You should be able to entertain this visitor in your best way.

ARIES

(March 21 - April 21) Don't waste time regretting anything. Your financial affairs are all that you could hope for.

TAURUS

(April 22 - May 21) You have a devastatingly charming appeal for members of the opposite sex.

GEMINI

(May 22 - June 21) You may be irritated over a home matter. Chances are, you will have to settle this yourself with none of the help you should get.

CANCER

(June 22 - July 23) Someone who should be responsible may refuse to be so. Conditions may be bad at home. Try to remain aloof. Have trust in others.

LEO

(July 24 - August 23) Confusion seems to reign now. Your temperament may be badly upset; you may thus speak sharply.

VIRGO

(August 24 - September 23) There is no use complaining; you'll get no results. You must use your mind and be diplomatic. Don't let your temper see the inside of you now.

LIBRA

(September 24 - October 23) A change may be needed. Don't rush into carrying out a decision, though.

SCORPIO

(October 23 - November 22) You're not much in the mood for socializing. You may snub someone. The tendency to belittle someone is here.

SAGITTARIUS

(November 23 - December 22) A mistake of the morning may take all afternoon to iron out. Try to accept matters once they are established. You will need much stamina now.

CAPRICORN

(December 23 - January 19) Your ability to handle personal affairs is strong. You may get something settled to your satisfaction concerning a romantic matter.

Ken Braden's Open Door Policy:

If you can't come to our door for a test drive, we'll come to yours.

We want to get you into a new Buick this summer. And, right now, we're going out of our way to do it.

We're opening our doors with a big

cars for the closest inspection possible.

And for those of you who have never had the rather special experience of driving a 1977 Buick, we're doing something rather special.

If for some reason you can't come to our door to test-drive one of our 1977 Buicks, we'll go out of our way. And come to yours.

It's all part of our Open Door Policy. We figure it's just good business.

Because the more you know about the Buicks we sell, the more you're going to want one.

Church of the Good Shepherd Presbyterian members broke ground for the new manse during 20th anniversary ceremonies last Sunday. Turning the spade is Mrs. Mildred Cauthorn [second from left], Lea Allison [left], Rev. Jim Miles and Nelson Stubblefield [right].

Church of Good Shepherd Observes 20th Anniversary

The congregation and friends of the Church of the Good Shepherd had a full slate of activities Sunday, in observance of their twentieth anniversary.

The order of worship for the morning service was the same as had been used when the Church was organized at St. John's Episcopal Church on June 13, 1957. The Rev. Jim Miles spoke on "The Holy Spirit and Community"

the final sermon in a series of messages on the Doctrine of the Holy Spirit.

Following a church dinner, formal groundbreaking ceremonies for the new manse were held. Mrs. Pat Cooper reflected on the history of the church. Milton Cavanaugh recounted the workings of the building committee, and Mrs. Ken Braden looked towards the future, speaking on "Change and Challenge."

Trustee Mrs. John Cauthorn was escorted to the building site by Nelson Stubblefield, chairman of the Board of Trustees and Trustee Lea Allison, at which time she turned over the first spade of dirt, symbolizing the new work to be begun. Officers and members demonstrated their involvement in the life of the church by also "breaking ground."

Work on the new structure is to begin this week.

The Contest Is On!! Grow Your Beard..... For Sutton County Days

The First Annual Devil's River News Beard Growing Contest has been added to the list of activities for the popular Sutton County Days celebration this year.

The beard contest will feature nine categories and according to Devil's River News publisher Wes Burnett, all residents of Sutton County are eligible to compete.

"All you need is the gumption to put off shaving until the day of judging," Burnett explains.

There will be prizes awarded to each of the nine categories, and an over-all grand champion will be selected by the judges.

"The only rules are that the decision of the judges is final, and contestants must appear before the judges one hour prior to the announcement of winners," Burnett adds.

Sonora Jaycees have approved the special contest, and will set a time and place for judging sometime during the Aug. 19-21 event.

First place winners will be selected in the following categories: longest beard, best groomed, most unique, handlebar mustache, sideburns, goatee, oriental, youngest contestant, and oldest contestant.

"We want to stress this is an equal opportunity contest," Burnett continues, "and is open to

anyone who wants to participate."

The names of judges will remain undisclosed until the hour of judging.

"We will say there are three judges," Burnett says, "but we can't afford to have the contest tainted with the possibility of bribes or coercion," he adds, "so we're protecting our judges by keeping their names a secret."

Handsome prizes will be awarded to the first place winners in all categories and a special prize to the grand champion.

"There is plenty of time between now and August to sport a real good growth," Burnett concludes, "and we look forward to the hour of judgement."
