

Jean Hughes and Kay Storey were on the telephone over the weekend taking monetary pledges for the Jerry Lewis Telethon. The local Kappa Gamma Sorority sponsored the local telethon.

Telethon Drive Surpasses Goal

The fund drive for the Jerry Lewis Telethon, sponsored by the Kappa Gamma Sorority, was well received and total monies collected was \$3,315.00.

Special thanks go to San Angelo Savings for the building; General Telephone for the phones; White's Auto for a television, and Television Enterprises for hooking it up; Country Fried Chicken

and Fish who supplied food; Gulf Restaurant for the delicious pies; and KVRN for all the advertis-

A special thanks to the Sonora Police Dept. and Highway Patrol for keeping watch all night.

Also, appreciation goes to all the Sonora residents for coming through and making it possible to meet and surpass the goal of

Receiving prizes for collecting the most money in their age group were Shanna Hallmark, Shelley Hughes and Stephanie Short at \$301.09.

Theresa and Pam Marlow, and Davina Vannett collected \$168.16. Cinnamon and Craig Hughes rounded up \$157.31, and Tami and Deanne Hodges collected \$187.50.

Also canvassing money were Mandi, Mikal,

Tammy Martin, \$20.92; Myron and Darren Halford, \$31.07; Lavonna Vannett, and Ann Marie Fort, \$50.59; Michael Bundy, \$11.97; Jessica Ortiz, \$1.00; Cecilia Espinoza, \$31.00; and Ty, Tracy, and Tate Fincher

These young people are very much appreciated and should be congratulated for their efforts.

and Mike Fullen, \$15.25.

Airport Wants County To Take Over Controls

Members of the Sonora Airport Advisory Board will ask city councilmen to approve the transfer of airport control to the Sutton County Commissioners.

Airport Board Members voted on the resolution at a special meeting held last Thursday evening at the airport.

The resolution will be presented to city councilmen at the city council

Joe Kiowski, airport board chairman, Rosemary Mathews, secretary, and Dr. Johnny Fields discussed a variety of airport problems and agreed to present the proposal to the council.

A group of local interested citizen pilots were also at the meeting and expressed concerns for the future of the

If the city council agrees with the airport board recommendation, the matter will be represented to the County Commissioners at the Sept. 12 meeting.

A replacement for the recently departed airport manager has not been selected, and airport board members agreed to postpone recruiting until the city and county have an opportunity to act on the

Kiowski pointed out at the meeting that the city is financially unable to properly maintain the airport, and the county has a stronger financial base.

The airport board also voted to hold regular meetings at 7 p.m. on the last Thursday of every month at the airport. The meetings are open to the

Whit Paxton Second In Competition

Whit Paxton took 2nd place in the District 7-Record Book, Junior Lamb Division.

Whit is the son of Mr. and Mrs. Ronnie Paxton. He is in the eighth grade and is a five-year 4-H member. They moved to Sonora from Mertzon at the end of June.

This is his fourth year to enter record book competition, and in the past, he has placed first, second and third.

Dr. Pollard To

Speak Sept. 14 Dr. Lonnie Pollard will be preaching at the Church of God of Prophecy, Wednesday night, Sept. 14, at 7:30.

Everyone is welcome to attend the services.

Robert Mounce takes a leap off the high board Monday and wins first place in boys' overall diving division. He was competing in the Labor Day Swim Meet.

Mary D. Howell Named Outstanding Woman

Mary Davis Howell has just been selected as one of the Outstanding Young Women of America for

She is the daughter of Mrs. Harvey (Monica) DuRussel of Sonora.

Mary graduated from College, and is a teacher at Lampases. Formerly, she

> The bonds will be sold the first week of October. Augie Saxe, architect, will be consulted to start on the plans for the new

building. The plans should be approved by the board in December or January, and then bids will be

Construction will start within a week to ten days after a bid is accepted.

Swim Meet Winners Told

Winners in the Sonora Swim meet that was held Labor Day at the city swimming pool have been announced.

Winner of the boys, age 8 or under was Casey McDole, first. In the girls age 8 or under, first went to Sandra Blankenship, and Dena Graves took

second. In the boys, age 9-10, John Ponsetti took first place, and second place went to Casey McDole. Janice Gomez was first place winner for the girls, while Lori Webster received second.

In the age 11-12 division, Ronnie Pollard took first, and Marney Sorenson took second for the boys. The girls' winners were Lora Lea Kordzik, first; and Dee Bundy, second.

Boys age 13-15 were Allen Stewart, first, and Kevin McDole, second. For the girls Paige Pollard took first, and Sandi Wright, second.

Robert Mounce took first, and Kent Cagle received second for the boys age 16-19.

Open boys swimming were Kevin McDole, first and Kent Cagle, second. In the girls, Paige Pollard was first, and Lora Lea Kordzik was second.

In the diving competition, Casey McDole, first, age 8-under, John Ponsetti, first, Russell Etheridge, second, boys age 9-10. Girls, age 9-under, first, Davita Bible, second Sandra Blankenship, third Dena Graves. Age 11-12, boys, first, Marney Sorenson, second, Ronnie Pollard; girls, Dee Bundy, first, Lora Lea Kordzik, second.

Age 13-15 diving, boys, Larry White, first, tie between Tommy Sheppard and Ricky Wright for second; girls, Sandi Wright, first, and Paige Pollard, second. Age 16-19 boys, Robert Mounce, first and Timmy Waters, second.

Open Division, girls, first, Sandi Wright, sec-ond, Paige Pollard; boys, first, Robert Mounce, Larry White, second and

Tommy Sheppard, third. Thanks go to all of the contestants for participating, and to Melissa Teaff and Coach Bundy for their help and cooperation.

The Swim Meet may become an annual affair because this is a great way to close out the summer.

Bond Election Passes

the new Jr. High School passed with a 186 to 84

The bond was for \$900,000. Total cost of the building program is \$1,300,000., and the Sonnora ISD will pay the

The bond election for remaining amount from

cash resources. The bond issue was voted without tax increase. The rate is presently \$1.29 per \$100. valuation. It is

divided \$1.13 for operation

and 16 cents for bond

Meeting Monday to Discuss Redistricting

A special public hearing will be held Monday, p.m. at the Courthouse, to discuss the proposed re-districting of county commissioners' precincts.

The final data has been confirmed from last year's census and county com-missioners are now able to draw new precinct lines based on equal representation from each of the four precincts.

The purpose of the hearing is to allow county residents to voice their opinions concerning the proposed new precinct

The latest census information shows a total of 4,736 residents in Sutton County.

Current county commissioners will continue to serve until the next election for their precincts. Precinct 2 and Precinct 4 elections are scheduled

for 1978, with the primary to be held in the spring. Bill Wade serves as Precinct 2 commissioner and Philip Jacoby is

Precinct 4 commissioner. County Commissioners must reside in the precinct they represent.

Meeting

4-H'ers Set

The regular monthly meeting of the Sutton County 4-H Club will be at the Sutton County 4-H Center on Tuesday, Sep-tember 13 at 7:30 p.m.

Preston Love, President of the Sutton County 4-H Club will present some slides of his trip on the National 4-H Citizenship Short Course and Heritage tour to Washington, D.C.

All Sutton County youth between the ages of 8 and 19 are invited to attend this meeting and participate in the 1977-78 4-H program.

interested Parents, Adults or members of the Adult Leaders Assn. are also invited to attend and learn more about the 4-H

Steve Self Wins Football Contest

Steve Self, of 103 Poplar, broke a tie with James Blackman of Sonora to win the first week's Football Contest prize.

Self and Blackman both picked 11 correct winners and the tie-breaker score on the Dallas and Houston game gave the win to Self

Do You Remember Last Sept.?

Do you remember las September 8, when rain of up to 11 inches floode Sutton County?

With the 'dry spell' w are having now, we ca almost wish for a repeat c last year, but if we do, w do it in whispers, for fea it will really happen. Businesses were flood ed, and extensive damag

was reported to ranche and homes.
Rains flooded roads an washed out detours an patches of highways. Som phones were out, an some businesses wer

closed. Still, we wish it wou rain again.

Winners in the Sonora Swim meet held Labor Day are pictured here. They are [from left to right, top to bottom], Larry White, Timmy Waters, Robert Mounce, Sandi Wright, Paige Pollard,

Sandra Blankenship, Davita Bible, Janice Gomez, Dena Graves, Lora Lea Kordzik, Dee Bundy, Ronnie Pollard, John Paul Ponsetti, Tommy Sheppard, and Ricky Wright.

Mrs. Yvonne Meitzen and her husband, Vic, are trained Emergency Care Attendants, licensed by the State of Texas.

Yvonne is the daughter of Mrs. Harvey (Monica) DuRussel of Sonora.

Vic and Yvonne are part of a volunteer medical service team that has reduced the death rate in ambulance emergencies in their community by 87 percent in the past year. Training and caring have made it possible.

Vic explains that the only reason they are there is because they want to help. There is no money involved.

'One of the most

rewarding things in my life has been to be able to tell the families of patients that there is no charge for our service. We do it because we want to help." Yvonne emphasizes that

point.

The Meitzens belong to the Harris County Emergency Corps, a 48-year-old volunteer service organization that started this pilot emergency care program in the FM 1960 area just a year ago last April.

Stretch your energy dollars install an energy-efficient electric heat pump

> A heating system that's more than 200% efficient may seem like something out of the future. But it isn't. It's yours today, with the electric heat pump. Because when correctly installed in a properly insulated home, the heat pump produces two units of heat for each single unit of electricity it uses. The heat pump operates by using the future's most abundant energy source, solar energy. It transfers heat that's always present in sun-warmed outside air into your home during the winter. And reverses the process, pumping heat outdoors during the summer.

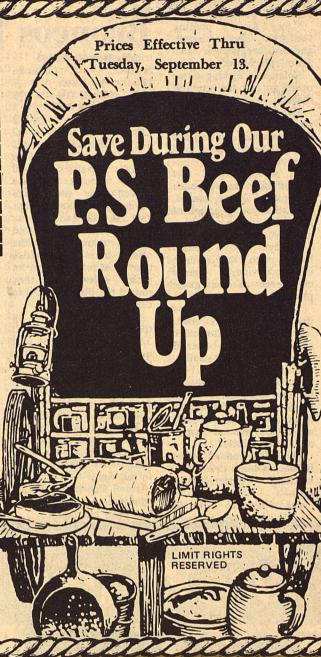

If you have plans to buy, build, or remodel, or are looking for a new heating and cooling system for your home, call a local FACTORY CERTIFIED heat pump dealer or talk with WTU. We will arrange for a WTU heating and cooling specialist to contact you. Learn more about the easy-to-install, economical electric heat pump - your most energyefficient heating and cooling system buy.

Remember REDDY Supplies the energy—but only YOU can use it wisely!

Sonora's Ross Roberts [75] and Eddie Favila [23] put the crunch on Coleman's fleet-footed Richard Holloway

during action last Friday night in Coleman. The Broncos contained the Coleman offense throughout the game.

Broncos To Face Ballinger Friday

By Don Holdridge Anyone expecting an instant replay of the thrashing Sonora gave Ballinger last year should beware.

Ballinger returns 19 lettermen including nine defensive holdovers from last year's squad and have been tabbed as the favorites to capture their district crown.

The Bearcats should be hungry after dropping their season opener to highly regarded Brady in the last seconds 20-18. Bronco coach, Bill Bun-

dy, speaks in reverence of the Ballinger speed. quarterback Bearcat Cary McQueen proved last week he can crank up and throw anytime he gets

Flanker Ellison Portio got behind the lighteningfast Brady secondary several times and speedy fullback John Cross and half back Mike Allcorn are both breakaway threats as well as capable receivers.

ready.

Bundy analyzed the Bearcat defense as extremely quick with excellent pursuit.

The Bronco mentor was pleased with his team's effort, a 37-0 blanking of Coleman.

'We felt to win the game, our kicking had to

be superior," Bundy said.
"Except for the one missed extra point, I was

extremely pleased."
"Joey Kirby's punting was great," he continued, and also bragged on Mike Jones' placements.

Coleman's kicking game never got off the ground, literally. Bundy was obviously

proud of the Bronco defense which limited the Bluecats to 82 yards total offense. "I would expect this

type of effort from a bunch of seniors," Bundy stated, "but this young bunch of kids played a whale of a game.'

Bundy also seemed happy with the offense which obviously gained confidence as the game progressed. The team attitude was

the key," Bundy said, "but we'll have to block and tackle much better if we expect to beat Ballin-

Bundy singled George Hernandez in the offensive line as having an outstanding game as well as backs Manuel Lopez and Eddie Favila.

He also added that fullback Johnny Creek was blocking "better than ever.'

defense On David Reyna, Bobby Cook and well as Billy Bob Gal-Creek had great games as breath who blocked two pass.

Broncos Blast Bluecats 37-0

By Don Holdridge

1st Dwns. Rush Yds. Pass. Yds. Passes Totl. Off. Fumbles Punts-Avg. 7-13.6 5-55 Penalties 4-50 The

Sonora offense proved they could take advantage of opportunity. Just ask Coleman. The Bronco defense and

special teams gave the offense more opportunities than most teams get in an entire season as they routed the Bluecats 37-0 in the season opener.
The special teams set up

the first Bronco score with 3:06 remaining in the first quarter. Billy Bob Galbreath streaked through to block Tracey Bartley's punt and Johnny Creek downed the ball on the Coleman two yard line.

The next play Manuel Lopez crashed over to give the Broncos a 6-0 lead. Mike Jones' kick was wide to the right.

Head Coach Bill Bundy admitted the blocked kick had been planned.

"We had been working on blocking their first punt for some time," Bundy confessed, "but we had planned to carry it in for a touchdown. We just got stopped a little short."

Bundy's plans materialized in the third quarter as Galbreath pulled a repeat performance.

David Reyna scooped up the loose pigskin and scooted twenty yards for the score.

Jones' kick was on target this time and Sonora carried a 13-0 lead through the third quarter. Speedy Richard Hollo-

way, a breakaway threat all night, turned left end and evaded several tacklers enroute to an apparent 85-yard scoring jaunt late in the third quarter. A holding penalty nullified the gain however, and

Coleman could never muster another threat.

Jones capped Sonora's longest scoring drive, 51 yards, with a 28-yard field goal seconds into the

fourth period. Coleman's next possession was thwarted by a

swarming Red defense, and the special teams nearby added two points to their total as Holloway fumbled the punt snap out

of the end zone. A personal foul gave the Bluecats new life at the

19, but Holloway fumbled and Lopez jitterbugged 21 yards to the end zone. Jones PAF iced the

game 23-0. Minutes later R.B. Alexander intercepted an errant Joe Villegas pass and returned it 11 yards to the

Eddie Favila picked up all the yardage before bursting the final three yards to paydirt.

The punt return team got its share of glory again as they sacked Holloway before he could get his next punt off.

On the next play Kent Cagle found Bruce Phillips open in the Bluecat secondary and connected on a 34-yard scoring

Jones' oft-used toe was true again to give the Red Hosses their final margin.

Johnny Creek

Johnny is a three year letterman playing line backer on defense and full back on offense. Johnny is the son of Mr. and Mrs. Luther Creek. The 18 year old senior has lived in Sonora eight years. He is 6' tall, weighs 185 lbs. and also plays basketball and runs track.

Bobby Cook

Bob is a senior defensive and offensive tackle and has lived in Sonora four years. He is the son of Jim Cook. Bob is 18 years old, weighs 210 lbs. and stands 6' tall. He says footh his only sport.

Steve Chandler

Steve is the son of Mr. and Mrs. Henry Chandler and plays defensive end and offensive guard. Steve is 5'8", weighs 155 lbs., is a 17 d two year letterman senior and has lived in Sonora three and one-half years. In addition

Mitch Johnson

Mitch is the son of Mr. and Mrs. Jack Johnson and is a 17 year old senior. This 5'6", 126 pounder plays cornerback and split end. This is Mitch's first year to play with the Broncos, and says golf is his one other sport.

Firemen's News

By Jerald Zech August 30--No fire calls. August 31--No fire calls. Sept.1--9:25 p.m.--Fire call to old Fort McKavett highway at Logan turn-off. Pick-up overturned. Units 30 and 70 responded. Manning the units were Blackman, Pat Carroll, Glenn Davis, Kyle Donaldson, Frank Guerra, Joe Luttrell, James McLaughlin, Sam Odom Jr., Louis Olenick, Robert Stokes, Carl Teaff, Robert Taylor, Gene West, and Jerold Zech.

Sept. 2--No fire calls. Sept. 3--No fire calls. Sept. 4--No fire calls. Sept. 5--1:50 p.m.--Fire call to a grass fire at Bud Whitehead Ranch caused by burned trash in an unattended campsite used by hunters. Units 30, 60, and 70 responded. Men responding were James Blackman, David Flores, Frank Guerra, Vernon Humphrey, Joe Luttrell, James McLaughlin, Sam Odom Jr., Louis Olenick, Gene West, and Jerold

The firemen would like to encourage all hunters to please take extra precautions around campsites in this dry weather. Let the ranchers know what days you will be hunting, where you will set up camp, and ranchers may watch for any signs of fire at the campsite. This could save the ranchers a lot of wasted land due to carelessness. The firemen and ranchers would be grateful for your consider-

SS Representative Here Sept. 15

Peter Gonzalez, social security representative for the San Angelo Social Security Office, will be in the County Courthouse, on Thursday, September 15, from 9 a.m. to 10:30 a.m.

Anyone who wants to file a claim for benefits, get information or transact other business with Social Security Administration should contact Mr. Gonzalez at this time.

Persons unable to meet with him are encouraged to call the office in San Angelo. Sonora residents may call toll free by dialing "Operator" and for "Enterprise

Social Security benefits are for the young as well as for the aged.

Colts Open Season **Against Kerrville**

By Kay Holdridge The Colts opened their 1977 football season last Thursday with a scrimmage in Kerrville. Each team ran 60 offensive and 60 defensive plays. It was the boy's first opportunity to test their plays and defense against out of town teams.

The young 7th grade Colts managed to score twice while preventing Kerrville from crossing the goal line. The offense, led by quarterback Marney Sorenson, had respectible offensive game. Pasqual Castillo and Joe Rodriguez scored for the Colts. Eddie Vallejo intercepted a pass to add to the defensive shut out. Coach Dale Etheridge was pleased with both the offensive and defensive efforts.

are: Rene Porras, Eddie Vallejo, Fermin Sanchez, Kevin West, Ronnie Wipff, Chris Reynolds, Alex Noriego, Jeff Barton, Espy Whitehead, John Mitchell, Rodney Jackson, Esikiel Duran, Frankie Gonzales, Phillip Kemp, Bill Ryan, Santiago Gonz-Alberto Chavez,

7th grade Colt members

Pruett, Justin Gray, Cody Childress, David Brutron. Joe Shannon, Timmy Doan David Chandler, Brett Swyter, Robbie Bible, Devoe Smith, and Marney

Despite injuries to starters John Blankenship, Hector Samaniego, and Mike McMillan, the 8th grade Colts managed to tie a huge Kerrville team who tremendously outweighed the Sonora team. Quarterback Allen Stewart threw a pass to Joe David Favila for the Sonora score. The running game bogged down and Stewart was forced to throw. Most of the receptions were made by Favila and Mark Doan.

The defense held Kerrville to only one score also. Harvey Sepeda and Joe Longoria were stand-outs for the defense and Frisby Bible also had a well played game. The eighth grade team is coached by Oliver Wuest and David Patton.

Team members are: Mark Doan, Allen Stewart, Scott Savell, Whit Paxton. Charley Carroll, Randy Mounce, John Blanken-************

ship, Joe Longoria, James Burnett, David Wills, John Pollard, Tommy Sheppard, Kevin McDole, Ponciano Castillo, Don Glass, Pete Lira, George Sanchez, Steve Jennings, Rick Powers, Perry Draper, Paul Myers, Harvey Sepeda, Joe David Favila, Mike McMillon, Eric Neal, and Hector Samaniego. Armando Martinez and Sam Dunn are the managers.

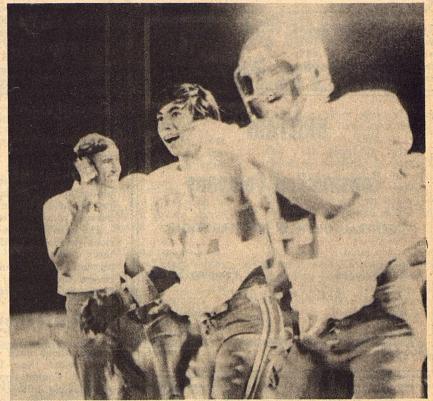

Both units will travel to Rankin Thursday for contests beginning at 4:30.

Exxon Calls for Field Reduction

Exxon Co., U.S.A. told Railroad Commission hearings examiner that the Hawkins Field in Wood County could be operated more efficiently if its allowable was reduced to 100,000 barrels daily.

The company is the operator of the unitized northeast Texas petroleum sector whose presently assigned legal rate of output is 112,000 barrels

In urging the allowable reduction, Exxon also recommended that the most efficient rate of production (MER) be adjusted annually on the basis of yearly well tests.

The Exxon recommendations were made during twenty-first Commission-called hearing to review the reservoir permajor oil fields.

At today's Director of Technical Hearings Billy D. Thomas of the Oil and Gas Division accepted expert testimony from an Exxon geologist engineer. McGinnis, Austin attorney, directed the presenta-

tion of Exxon testimony which included 36 exhibits covering the history, characteristics and producing facilities of the Hawkins Field. Testimony was given by Lawrence O. Carlson, Exxon division staff engi-

neer at Houston, and James L. Oden, production geologist for the company at Tyler.

In an opening statement, McGinnis cited the Hawkins Field as "an formance and to redeter- excellent example" of a

field benefiting from a fieldwide unit. The field was unitized on Jan. 1, 1975, allowing working interest owners to construct a very complex and cost inert gas plant and injection facilities, he said.

"At present approxi-mately 80 million cubic feet of inert gas per day is being injected into the gas cap (of the field)," McGinnis said in report-

Allowable Reduced

Average calendar day allowable of Texas oil production as of Sept. 1 totaled 3,589,585 barrels, the Railroad Commission's Oil and Gas Division has reported.

This legal rate of flow from 177,672 wells on allowable schedules compares with 3,620,595 barrels daily on Aug. 15 when 177,825 wells were listed.

Texas oil allowable in September 1977 is pegged statewide to a 100 percent market demand factor. Estimated actual production this month is approximately 3,022,000 barrels daily and compares with actual production of 3,137, 401 barrels daily in the same month last year.

The Commission listed 8,804 oil fields in the state on Sept. 1.

likely rise to about 120 million cubic feet per day

Texas Needs **Incentives**

Texas has 100 billion barrels of crude oil now classified as "unrecoverable" using conventional oil recovery methods and today's economic conditions, according to Dr. Paul B. Crawford.

Dr. Crawford is assistant director of the Texas Petroleum Research Committee and professor of petroleum engineering at Texas A&M University. At least a dozen new oil

recovery methods exist which could be used to increase the oil recovery by 10 billion barrels under a more favorable price schedule and federal regulation climate, he report-

The use of soaps in a special formulation could be used to get several billion barrels of additional oil, Crawford continued.

The use of fire and steam could be used to get a few billion barrels of heavy crude oil while high pressure gases can be used to recover an equal amount of light crude oils,

"It" by the 'Feds' **Around Corner**

It's been going on now for some time, but it may be coming to a head in the near future.

Oh, "it" is the federal plan to include parts of the Rio Grande and Guadalupe River in the Wild and Scenic Rivers System.

What is a "Wild and Scenic Rivers" system? It is the outgrowth of a federal act passed a decade or so back in which certain rivers, or parts of same, could be designated as -- you guessed it -- wild and scenic rivers.

Sounds kinda like a federal decree officially designating that round thing we've been rolling on for centuries as a "wheel".

But there's much more to it than that, as there always is. The basic idea is to see that these rivers are preserved in their wild and scenic state so that our descendants in years to come will be able to discover for themselves what a river used to be.

Admirable thought, no? What shakes this pretty scene is that this program is designed to give the bureaucrats the authority to do

> We offer a full range of insurance coverage for ranchers...

and everybody else)....

Unmentioned is the fact that these folks spring from the same stock as those who did such a fine job of making a total mess of their own habitat back east.

Now that their part of the country is deteriorating at a proper pace, they're pulling at the traces to come on out and give us a learned hand in protecting ours.

Granted, they of all people could be expected to have learned the lessons, but they have learned them in a totally different

And they may have learned too late, a situation that almost guarantees overzealous evangelism. The Wild and Scenic Rivers program will require a scenic easement from landowners bordering the rivers in question, and no development of any kind will be allowed within sight of the subject

Well, no private or commercial development, that is. The government will have to construct access roads to and from the area, of course, but these don't count.

Neither does the fact that the access roads will march right across even more privately-owned proper-

It's a lot like parents who remember all of the regrettable things they did growing up, and vow to prevent their children from doing the same things.

Many of them never stop to think that the kids may have already learned the lesson by example, or that maybe they've got too much sense to try something stupid in the

In some cases access roads may have to cover scores of miles of private property. And in the case of the portion of the Rio Grande in question, these roads would end up hundreds of feet above the river, peeking over the edge of massive

In order to get sightseers and canoeists safely and comfortably from the road to the water, would the federal planners simply remove a few million cubic feet of cliff?

At any rate, the proposal seems a little foolish when you stop to think how rugged and isolated such areas are. Still, the matter resurfaced just this spring, when President Carter included the Rio Grande and Guadalupe projects in his environ-mental program.

Ram Performance Test Opens Sept 28 at Experiment Station

at the Texas Agricultural Experiment Station in Sonora is scheduled to begin Sept. 28.

Initial shearing is scheduled for Sept. 26 or 27. Cooperating breeders should deliver their rams by or before Sept. 23 in order that they can have a short adjustment period prior to starting on the test. It would be desirable that they be accustomed to eating dry feed at the time of delivery.

This years test is scheduled for a 140-day feeding period, with a final weigh day scheduled for Feb. 15 and a field day scheduled for Mar.

Soil Tests

Needed

for

Fertilizing

Without a soil test, it is difficult

to determine how profitable fertilization is. That's why soil

samples should be collected now

and tested so that a fertilization

program can be planned for fall crops, says Clint Langford, county

Screwworm Record Set in August

Another record was set by the Southwest Screwworm Eradication program when August came and went without identification of screwworms collected from any Texas animals, according to Dr. M. E. (Cotton) Meadows, Jr.

Texas has now gone more than 42 consecutive days without lab identification of a screwworm collected anywhere in the state, says the director of the U.S. Department of Agriculture (USDA) program. it is operated by the Animal and Plant Health Inspection Service (APHIS).

This is the longest summer period since 1964 that Texas has remained screwworm free, noted the APHIS veterinarian. In 1964 a September case in Briscoe County marked the end of a 53-day case free period.

The last recorded 1977 Texas case was collected in Kinney County July 17 by M.M. Nelson of Brackettville.

The 35th Texas case of the year reached the lab and was identified July 20. Through August Texas ranchers had submitted 1593 non-screwworm samples for identification. By this time last year the

state's case count stood at 13,105. In all years since 1972 the Gulf Coast tick has created wounds in ears of many Texas animals. In many instances these wounds then became infested with screwworms.

'APHIS entomologists report the tick buildup is later than usual this year," says Meadows.

"This year they shouldn't cause as much devastation as they did a year ago," he comments.

SAVE **General Tires** Michelin

FINA GASOLINE

R.S. Teaff **Oil Company**

387-2770 Sonora

Reasons for this improved outlook are that ranchers can now protect their animals with slow release insecticidal ear tags, as well as the continuing absence of screwworms which normally infest the tick damaged ears.

FUTURE JUNIOR HIGH students will enjoy a new providing funds passed Thursday with a relatively light voter turnout resulted in about a 2 to 1 passage of the school bond.

RENOWNED research geophysicist, Dr. M. King Hubbert, U.S. Geological Survey, was one of the scientists interviewed on the Walter Cronkite Energy crisis show televised Wednesday, August 31. Dr. King, who has visited here, is the brother of Mrs. P. J. (Davee) Taylor, longtime resident. Dr. Hubbert, of Washington D.C., has received honors and numerous medals and is perhaps remembered by many for his 1956 paper presented to a group of petroleum engineers in San Antonio, alarming the petroleum industry with the "Hubbert Curve", stating that industry wide production of U.S. crude oil would

peak somewhere within 10 or 15 years (1956-1970), and would go steadily down from there, not likely to ever rise again!

At the time his paper was presented, Hubbert was considered "an outcast, an incurable pessi-mist, an oddball', accord-ing to an editorial feature by George Pazik in Fishing Facts magazine. Dr. Hubbert theorizes that we can only use oil and gas as long as it lasts...it doesn't replace itself. He says we will have to look to other energy sources, "There's only one that's big enough, it's free, and good for at least a billion years. That's the sun. We must move into solar energy". The three hour program was interesting

and informative.
A PUBLIC HEARING is scheduled Monday, Sept. 12 at 7 p.m., in the district courtroom at the courthouse for the purpose of considering redistricting

WORTH. (From Grandpa Was A Preacher)..
Grandpa was quick to see
potentials. Out to buy some land, he looked at a little farm that backed up

against a river. Noting a ring of mud about shoulder high on the trees, he asked, "Does that river overflow?" "No, No", said the farmer, "we ain't had no high water in 30 years." "Then how did vears.' that mud get up there?"
"O, that...that was caused by them hogs of mine. They're always rubbing against the trees...do you aim to buy this place?" 'No, answered Grandpa, "but I really would like to buy a start of those hogs!"

Activites in 4-H are not programs constructed to help youngsters pass the time, but to mold adults, emphasizes Clint Langford, County Agent with Texas Agricultural Extension Service. 4-H is the youth phase of Extension Service educa-

In 4-H, working together for a common goal prepares today's young people for working rela-tionships in the business

These community efforts also establish the brotherhood that many Americans are striving for all over the world, reminds the County

Agent. The challenges 4-H youngsters face give them a chance to place new ideas into the lives of their families and communities. 4-H'ers also learn through their experiences and gain wisdom that will benefit them in later years.

To start the journey that can lead to fun-filled as well as rewarding experiences, contact the County Extension office to learn

Health System Agency To Hold Jct. Workshop

A Tri-Region Health Systems Agency (HSA), has been set up by Congress.

The purpose is to obtain ideas and suggestions for working out the best system for all kinds of health conditions in Texas. Sonora falls into the Concho Valley Council of Government area. Lemuel Lopez is the local repre-

sentative of HSA. A committee workshop has been set for Sept. 8, 7:30 p.m. in the Texas Tech Center Lecture Hall

at Junction.

The workshop is open to the public and Lopez urges everyone of all ages to

The area workshops will provide consumers of health care the opportunity to say what they need and want in health care. Then, from the information gathered at the workshops, the HSA will set priorities for new services and develop solutions to many health problems.

The goals of the HSA are to improve the health of residents in the health service area; increase the quality of health services while making sure they are accessible and accept-

able to area residents and that appropriate services continue as long as a patient needs them; control increases in cost of providing health services; and to prevent unneces-

sary duplication of health resources.

A sub-area meeting for HSA Board Members will be held in Sonora on Sept. 26 and the public is invited to attend.

Elementary News

The most important thing the third grade is learning is cursive writing.

We analyze the letters as to formation and first make the letters in the air and trace a large one on paper before actually using a pencil and writing the letter.

Those who have difficulty in forming letters are given a large example of the letter and asked to trace it with their fingers until they are certain of the correct movement.

In social studies, we are studying communities. Some activities we have done include making communities with clay, making model communities with milk cartons, and collect-

ing pictures of old Sonora. We have made career puppets in studying about community helpers.

New materials we are using include Continuous Progress in Spelling, an individualized spelling program; and Imperial Primary Math Skills Improvement Program.

Police Reports

Sept. 2, 2:37 p.m.--Received report of accident at the IH 10 service road and 277 north. No injuries.

10:06 p.m.--Officers received report of shooting incident in the 1600 block of Glasscock. One subject treated and released at Hudspeth Hospital Emergency Room. Investigation

Sept. 3--Report of hotrodding on Rock Ave. and St. Ann's St. Sept. 4--2:45 a.m.--Re-

port of possible burglary

in process at local lounge. Two juveniles located, counseled by officers, and released to custody of parents.

Sept. 6, 12:25 a.m. -- Officer received report of a stolen vehicle from the parking lot of a local restaurant. Vehicle and one subject located shortly thereafter. The subject was placed in jail and charged with unauthorized use of a motor vehicle and possession of marijuana under 2 oz. Vehicle returned to owner.

FHA Holds Picnic

Sonora Chapter of the Future Homemakers of America had a picnic Sept. 1, at the Sonora Caverns for the initiation meeting.

Before the picnic, officers were introduced. Each was presented a club pin and a guard with the emblem of the office.

Maria Buitron is president; Lilia Hernandez, vice-president; Rita Lira, secretary; Esperanza Guerra, treasurer; Christie Gonzales, historian; Susie Mata, parliamentarian, and Eddy Noriega, game chairman.

The president presented first level encounter symbols to those people who completed this level during the last school year, and who are presently members of Future Homemakers. They are Rita Lira, Peter Gomez, Linda Mata, Susie Mata, Alma Gonzales, Edna Ramirez, Gloria Salazar, David Bernal, Jane Ramirez, Susan Noriega, and Maria Buitron.

The program topic for the year is "Getting Along with Others", and the program committee has begun plans for speakers and other activities related to the topic.

Approximately thirtyfive people have indicated they will be members this

Clinic Hosp. **Changes Name**

Trustees of Clinic-Hospital Foundation voted unanimously last week to change the name of Clinic-Hospital to Angelo Community Hospital.

Hospital President Bob Gordon said, "While Clinic-Hospital has served the citizens of this area since 1929, we see the move to our announced new location in a few months as a new beginning for the Hospital. We want to mirror that by giving the hospital a new name.

'We chose the term 'community' he continued, "because we want to emphasize to the citizens of the Concho Valley the community service aspect of the new hospital. Our emergency room in the new Hospital is only one of the many services we will be providing to the communi-

The name change becomes effective immediately, according to Angelo Community Hospital board chairman Ford Boulware.
