Open House Thursday At Fire Station

The Sonora Volunteer Fire Department will hold open house at the fire station Thursday from 3-7 p.m.

Coffee will be served and children will be given favors. Everyone is invited to attend.

Townhouse Development Project Under Review

Members of the City Planning and Zoning Commission met Monday afternoon for the second time

to discuss the Townhouse Development project.

At the meeting held last week developers were

requested to provide more information relating to drainage and other basic data regarding that parti-

cular parcel of property.

The ordinance was reviewed at the Monday meeting and the planning and zoning commission recommended that the amendment section of the city's ordinance be changed to allow more dwelling units per acre. The ordinance at this time requires 1/4 of the property be used for open space development such as parking, lawn and garden use. The commission feels this might be an excessive amount due to the property being a three acre tract.

The townhouses, to be located on Old Highway 290 across from La Casita Apartments, is being developed by the Castle Court Corporation.

Work on the 24 unit project which will be one, two and three bedroom facilities, will operate with about 1/2 the efficiency of a house the same size. Each unit will be unique in design.

Work will begin as soon as the planning and zoning commission and the developers come to terms. Barring unforeseen set backs, the project should be complete in 90-120 days, stated a member of the corporation.

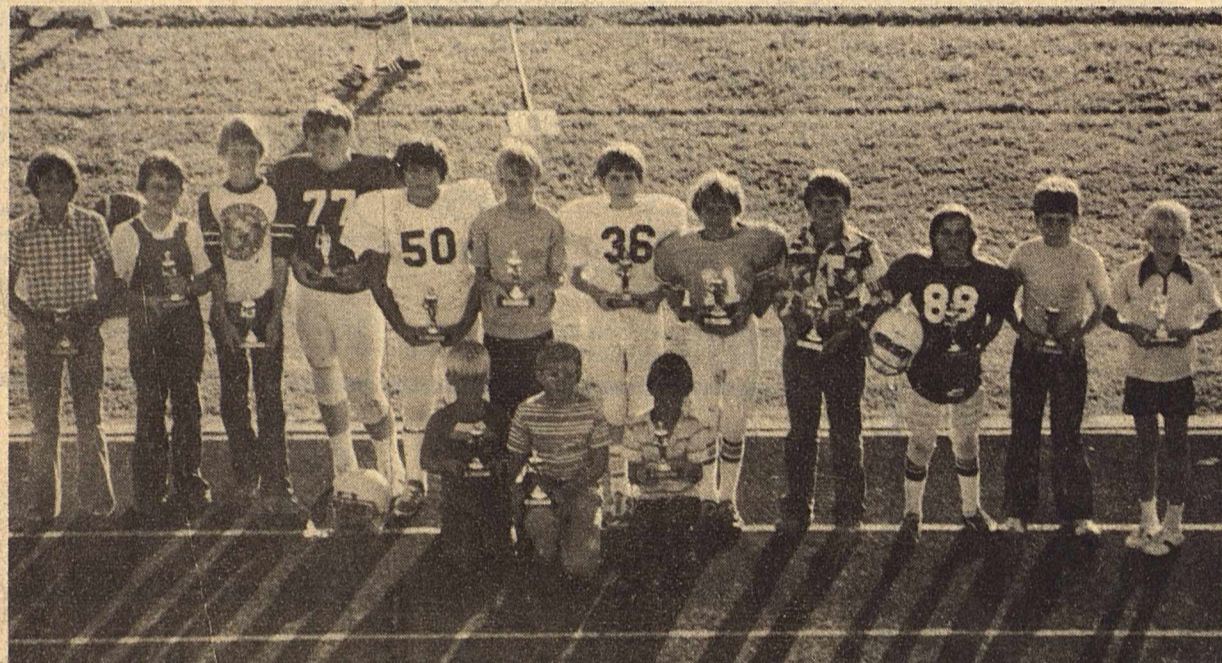

Jerald Jones, a town-

house builder for a number of years in San Angelo, will be in charge of construction.

Kappa Gamma Sets Bake Sale

Members of Kappa Gamma Sorority will hold a bake sale Thursday beginning at 8:30 p.m., at Food Center. The sale will continue until all baked goods are sold. Cookies, cakes, pies, brownies and breads will be for sale.

Proceeds from the sale entitled, "Cooking Up A Storm", will go to Project Hope, a statewide charity.

Sonora Punt, Pass and Kick winners were presented at halftime Monday during the Youth Football league's first game. Winners (left to right, back row) Tommy Sheppard, Devoe Smith, Marney Sorenson, Tommy Dean, Ricky Mesa, Scott Miller, Mike

Polocek, John Hodnett, James O'Harrow (Eldorado), Rodney Webb, Ron Mittel (Eldorado) and Tony Kelso; front row (left to right) Mike Hooper, James Robinson and Larry Smith lined up for their photo with their trophies.

Sutton Co. Sponsoring Benefit Team Roping

Louis Powers has announced that Sutton County is sponsoring a benefit team roping for West Texas Boys Ranch at the Sonora Fairgrounds on Saturday, October 22, beginning at 1.

Powers said that the \$26.00 two steer average roping will be progressive after two rounds. Admission is by donation, and the roping is open to any teams wanting to enter.

Powers, who is Sutton County Wagon Boss for the 1977 West Texas Boys Ranch Roundup, urges all team ropers to enter, as all proceeds will go to West Texas Boys Ranch. "Progressive team rop-

ings are really gaining in popularity", Powers explained, "and we anticipate a large number of ropers with everyone having a good time, while benefiting the boys at West Texas Boys Ranch."

Kerbow Funeral Home To Hold Open House

Mr. and Mrs. Jack Kerbow, Bruce Kerbow and C.L. Andrews of Eldorado will serve as hosts Sunday, October 16 when open house is held at the newly remodeled Kerbow Funeral Home. The open house will be

held from 2-4 p.m., and is open to the public. Mrs. Mary Carter of San Angelo will provide music and refreshments will be served.

Recent remodeling of the funeral home includes the addition of a 28x42

chapel that will seat 160 persons, a reposing room, entryway, pallbearers and ministers room and rest rooms.

The selection room has also been enlarged and garages remodeled as well

as a 70' portico addition. The driveway has been built around the premises with parking in the back. The outside of the building has also been refurbished.

Residents of Sonora and surrounding areas are cordially invited to attend.

City Hires Electrical Superintendent

Don Jones has been employed by the City of Sonora to serve as district superintendent in charge of the electrical department. His duties began October 10. Jones, a

graduate of McCamey High School, attended the University of Texas on an athletic scholarship and after serving a stint in the Army received his BBA

degree from there.

Bob Nevill, city manager, stated that the City is indeed happy to have Jones, who holds a degree in electrical engineering.

School Bonds Sold At 3.61598 Rate

The board of trustees met in session October 5 to open bids on the sale of \$900,000 schoolhouse bonds. Thirteen bids were received and the bonds were sold to the firm of Hornblower, Weeks, Noyes and Trask, Inc. of Dallas for an interest rate bid of 3.61598. The highest bid was 4.03834. This was an exceptionally good bid and will mean a considerable savings in interest for the district.

The successful sale can be attributed to several factors such as (1) the district's financial position, (2) bond rating, (3) short pay out period, (4) bond market, and (5) date of the sale. The proceeds from the sale will be received in

about 45 days and will be invested until needed.

Sonora's First National Bank purchase the last four years of the bonds for a total of \$530,000. These last four years will be 1981-82-83 and 84.

Commissioners Open Bids

Sonora Motor Company held the low bid when county commissioners opened bids Monday morning on an auto for the County Sheriff's Department.

Sonora Motor Company's low bid of \$6341.00 for a Ford LTD was \$26.52 lower than that of Ken Braden Motors for a GM automobile.

Sarah Mahon, county agent, appeared before commissioners to tell them of the increase in the 4-H program and to thank them for their support.

The previously approved contract with Southwestern Appraisal Company was signed by commissioners. This contract was entered into with the appraisal company for the re-evaluating of property for taxing purposes. Jailer's report, accounts

Sonora Woman Dies In One Car Crash

28-year-old Sharon Clayton Crider was pronounced dead at the scene following a one car accident nine miles west of Mountain Home in Kerr County late Friday night.

Ms. Crider, who lists her permanent residence as Kerrville, was living at 1310 Orient Street in

Sonora at the time of her accident. She was employed at Brown Electrical Construction, where she had been working less than one month.

According to Department of Public Safety, the woman was traveling east on Interstate 10 when she ran off the road on the right side, crashing down an embankment before overturning. She was thrown out of the vehicle on impact, state DPS officials.

Her body was taken to Plummer Funeral Chapel in Kerrville where services were held Tuesday. Burial was in Nichols Cemetery in Kerrville.

Survivors include her husband, Robert L. Crider of Kerrville; one son, Robert L. Crider, Jr., of Kerrville; her mother, Eulah Clayton of Kerrville; and two brothers.

Russell Charged With Manslaughter

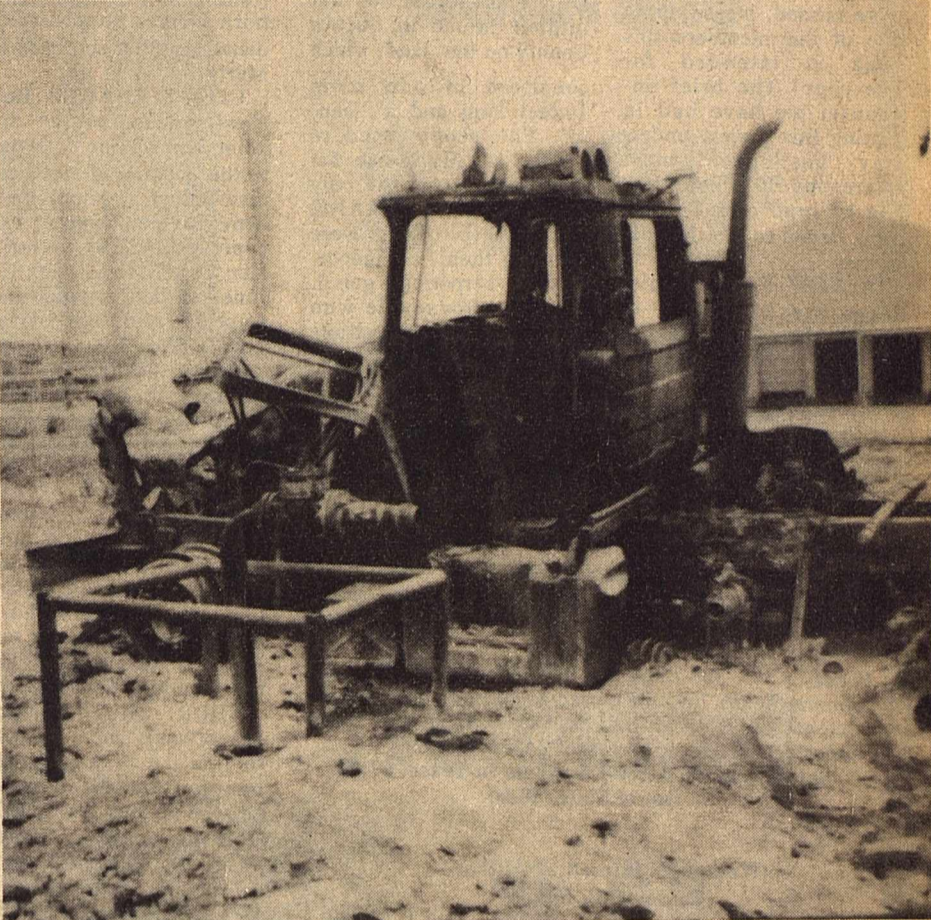

John Sherman Russell of Lebanon, Indiana, was sentenced to 20 years in the Texas Department of Corrections at Huntsville by Judge Troy Williams in the 112th District Court last week, for involuntary manslaughter.

Russell waived trial by jury after being charged with the murder of

Thomas Judson Brown on or about April 4 of this year.

The body of Brown was found approximately 12 miles east of Sonora on Highway 290.

Russell confessed to authorities in Indiana and was transported back to Sutton County by Sheriff Bill Webster.

The burned out hulk of a \$45,000 Permian Corp. transport tells the story of the explosion and fire last week at the Enserch cyrogenics plant south of Sonora.

Plant Disaster Averted By Plant Worker

A potential disaster was averted last week by the quick action of Enserch employee Ronnie Hawkins when a truck exploded at the cyrogenics plant.

Hawkins immediately "shut down the plant, exactly as the safety rules prescribe," an Enserch official explained.

Hawkins reacted to the explosion of a Permian Corp. truck, which was taking on a load of condensate at the Enserch facility 12 miles southwest of Sonora on the Fawcett Ranch at 9:15 p.m., last Wednesday.

Permian Corp. driver, Kenneth Ray Malone, received gas blister injuries and was admitted to Lillian M. Hudspeth Hospital. He was released Monday and is back at

work. Three units and 14 Sonora Volunteer Fire Dept. firemen responded to the alarm and within minutes brought the fire under control.

The truck was listed as a total loss, reportedly valued at more than \$45,000.

Investigators say the

load line from the tank to the truck blew loose, sending condensate gushing and throwing Malone to the ground. The exact cause of the accident is still under investigation.

Malone, a 31 year old Ballinger resident, lists the Holiday Host as his local address.

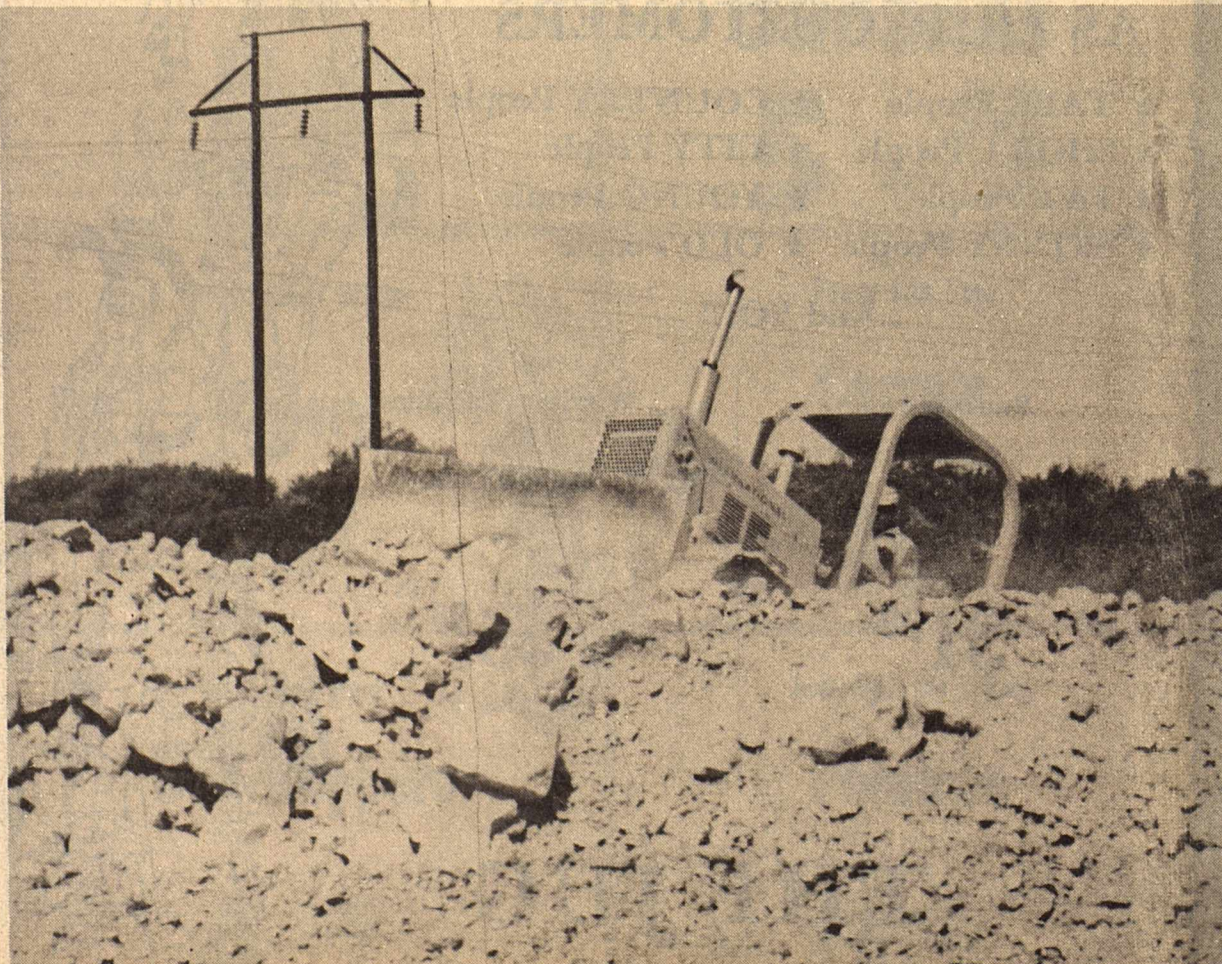

4-H Team Competes In Waco

The Sutton County 4-H Quarterhorse Judging team traveled to Waco October 8 to compete in the Heart of Texas Fair, Quarterhorse Judging contest.

Team members were

Tonia Mittel, Marcie Mittel and Trina Powers. Maggie and David Walsh were team coaches.

This team tied for 9th place and was in competition with 36 additional teams.

Construction on the new cinema theater got into full gear this week as crews began the basic foundation work for the building and the parking lot. The new

indoor theater is located across from the Sutton County 4-H Center on Hwy 290 West and is expected to open in January 1978.

Dee's Notes

SAW TWO young men Sunday smartly uniformed who we learned were Sam and Wallace Nations, sons of the Rev. and Mrs. Ray Nations. Both attend TMI in San Antonio, and were home for the weekend visiting the family. Another San Antonio visitor is Jean (Schrier) Kennedy, sister of Mrs. Preston (Alma) Love. Good to visit with Jean, who lived here years ago.

LETTERS pertaining to a publication planned for Sutton County were mailed last week to as many people as the Historical Society could locate. If you were missed, please notify one of the members—this book is intended for everyone! The brief encounter we have had in getting this project underway has been most interesting. It is entertaining to read about those who came to settle this county.

A FEW FAMILY histories are beginning to trickle in, such as the Turney family and the

Thomas Boone Adams family. Mr. Adams arrived in this county during the late 19th century, and served as sheriff one year 1913-14. Ranching was his primary interest, so he chose not to run for an additional term of office.

THEN WE ARE grateful to Mrs. Alvis Johnson who shared some handwritten notes by the late Judge Johnson regarding early history of the Fields family as given to him by C.W. Adams, pioneer Sutton County and longtime County Commissioner, who died several years ago. Mr. Adams said he came to this county in 1884 and at that time Dr. J.D. Fields and Chas. E. Davidson had about 2000 head of cattle running on N. Llano River. Dr. Fields erected the first lumber house in Sutton County on that land, which consisted of one room 16-feet long and a 'lean-to'. The people used to gather at this house for dances as it was the only house with a PLANK FLOOR! (Dirt floors were common then... no indoor-outdoor carpeting, gals.). (Pity the housewife who had to relocate furniture for the dances).

DO SHARPEN your pencil—begin writing your family history and help make this the BEST BOOK ever published about a Texas county. Remember this will be a one-time chance to see your family history in print. A number of persons will assist in the work; however, we do want to announce that Mrs. Mike (Rita Kniffen) Hale will be replacing Mrs. Tom Nevill, who will be moving to Eastland in early January. Rita will use her home as a central gathering place for the historical document.

WE EXTEND sympathy to the family of William Allison, who died last week in Marfa. Funeral services were held there Friday. Two of his sons, Robert and Donald, are both former Sonora residents. Another son lives in Marfa.

CITY MANAGER Bob Nevill announces the appointment of Don J. Jones to the position of electrical distribution superintendent. His employment was approved by City Councilmen as of Mon., Oct. 10. Jones, a UoFT graduate at Austin, and his wife, Carolyn, have two children, Dana, 18, and Jay Don, 15. The family is presently living in San Angelo, and will relocate here when adequate housing is obtained. Jones graduated from McCamey High School in 1954, and attended UoFT on an athletic scholarship, playing on the Longhorn football team. (Look out Aggies!) We WELCOME the family to Sonora.

SHORT SHORTS: Chamber officials met Monday to finalize plans for the banquet and discuss the 'Buy it in Sonora' profit sharing coupons. Eleven firms will give a total of \$2400 in merchandise during December, providing a big Christmas for several. More about this later.

FOR WHAT IT'S WORTH.

A man went to his doctor with a sore ankle. After examination, the doctor announced that the ankle was broken, and asked when it happened. "Two weeks ago." "Two weeks?" the doctor said. "Why, man, how could you stand the pain for that long?" "Well," his patient replied, "every time I get something wrong with me, my wife tells me it's because I smoke too much, and makes me stop."

Police Reports

October 3
10:30 p.m., A resident at a Santa Clara address reported a missing vehicle was later found at a local restaurant.

October 4
11:15 p.m., A loud drinking party involving teenagers in parked cars was reported by a resident on Fay St.

12:30 a.m. One person was arrested for DWI.

October 5
3:03 p.m., A car/motorcycle accident was investigated on Crockett Street in front of the Gulf Restaurant.

A 1977 Buick, driven by Johnnie Smart Davis of Rocksprings was in collision with a motorcycle ridden by Darrel Wayne Berry.

Berry was eastbound on Crockett Street when the Davis vehicle pulled into the street from a grocery store parking lot, failing to see the motorcycle.

Davis was cited for failure to yield right of way.

Berry was taken to Hudspeth Hospital by ambulance.

10:11 p.m., A Crockett street resident reported a subject disturbing the peace. The subject was gone on arrival.

October 6
9:14 p.m., A bar maid at a local cafe reported a fight in progress.

October 7
4:20 p.m., A minor accident was investigated at J&V Mobile Home Park.

9:58 p.m., A possible rabid skunk was reported on Crockett Street.

10:34 p.m., A possible burglary and vandalism was reported on Glasscock Street. Investigation revealed no serious damage and nothing stolen.

11:20 p.m., A local cafe requested officer assistance regarding loud customers.

3:43 a.m., A domestic disturbance was reported at a mobile home park.

October 8
11:19 p.m., Two units answered a call regarding a theft of service call from Hurry-Up.

October 9
4:30 p.m., A disturbance at a transport company was investigated.

4:10 p.m., A call answered by the Dairy Queen regarding customer who left without paying bill.

7:10 p.m., Martin Street resident reported subject injured. Requested officer assistance.

8:57 p.m., Speeding cars on Rock Avenue reported and investigated.

Elementary students participated in one of the two special 4-H programs last week at the school. Miss Sarah Mahon, County Extension Agent, showed

students a slide entitled "4-H Is Something To Sling About".

The Latest Look In Animal Fibers

Fall brings new interest in animal fibers. Some of those most sought after for coats and suits come from animals reared in rugged and isolated areas.

MOHAIR - The long,

lustrous fiber that comes from the Angora goat is called mohair. The angora goat has been farmed in the province of Angora in Turkey for centuries. They are also bred in Africa, Mexico, Texas and by the Navajo Indians in Arizona.

The best quality mohair is lustrous, white and free of kemp (coarse fibers). Goats up to eight years old produce the best mohair and the very finest comes from the goat's first two shearings. Shearing takes place twice a year, in spring and late fall.

Texas Personal Income Shoots Upward 52%

State Comptroller Bob Bullock said last week that figures compiled by the U.S. Commerce Department show that per capita personal income in Texas has shot upwards 52 percent in the past five years.

The increase was the largest recorded among the large industrial states and the third largest in the nation, Bullock said. Per capita personal income in the U.S. as a whole grew by 42 percent during the period.

The income statistics, compiled by the U.S. Commerce Department's Bureau of Economic Analysis, are analyzed in the September issue of the Comptroller's monthly financial report, "Fiscal Notes."

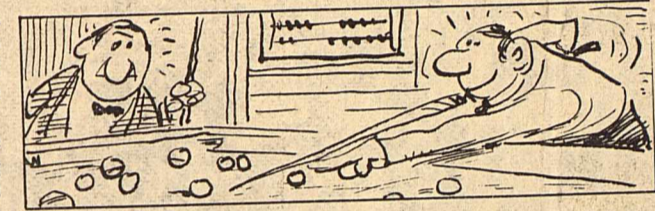

Only two states, Alaska and Wyoming, registered larger percentage increases in per capita personal income between 1972 and 1976. Alaska registered a 96 percent increase and Wyoming recorded a 57 percent increase.

In dollar figures, the per capita personal income in Texas grew from \$4,102 in 1972 to \$6,243 in 1976. Illinois, with a per capita personal income of \$7,432 in 1976, was at the top of the list nationally.

Despite Texas' big increase, the state still ranks below the other major states in personal income. The state now ranks 26th in the nation, moving up from 32nd place in 1972.

The Comptroller's monthly report also shows that the state collected \$622.8 million in revenues during July, bringing the

year-to-date total to \$6.55 billion. Expenditures for July totaled \$561.9 million.

The first synthetic plastic was celluloid, developed by John Welsley Hyatt as a cheap substitute for ivory billiard balls.

Hospital Auxiliary News

By Cora Lee Campbell
 The hospital auxiliary met in the conference room at 3 p.m., October 10 with Mrs. Paul Terry presiding.
 The devotional was given by Mrs. Clayton Hamilton and Mrs. Terry gave the treasurer's report. Minutes were read and approved.

Mrs. Charles Howard and Mrs. Carl Weaver were welcomed as new members. There are two new residents in the nursing home, Mrs. Tempy Mills and Mr.

Victor Rodriguez.

There is a need for bingo prizes and people to help with the games on Friday morning. Anyone who plays the piano or organ and would like to play for residents in the early morning or after 3 p.m., is also needed.

It was voted to have a yard sale with proceeds to benefit the hospital. Dates for the sale have been set for October 21 and 22 at the car port of the brick house next to hospital.

19 members and a guest, Mrs. Storey, attended the meeting.

Band Boosters' News

On October 13 the Junior Varsity will host Brady at 6:30 p.m.

Those parents to bring two dozen sandwiches for the concession stand are Reyna, Powers, Lane, Savell, Wallace, J. Friess and Morris.

Two dozen cupcakes are to be brought by Brandon, Thompson, Vannett, West and Wills.

Brownie News

By Cindy Doran, Reporter
 Brownie Troop #226 met Monday, Oct. 10. We elected Laine, president; Nelda, secretary; Karen, treasurer; Cindy, reporter. We talked about the Halloween Carnival and the Halloween Costume Party, Oct. 27th from 6 to 8, all given by the Girl Scouts.

Refreshments were brought by Gina. We also discussed the Song Fest in Eldorado November 12 and the Bicycle Safety Patch. Our meeting for Oct. 31 has been cancelled.

Kappa Gamma Hears Town Officials

By Pam Martin
 Kappa Gamma Chapter of Epsilon Sigma Alpha, Int'l. met at the HNG Bldg. Oct. 3 at 7:30 p.m.
 First on the agenda was the educational program coordinators by Nelda Mayfield and Ann Bundy. The topic of the program was 'Our Town-It's Growth & Problems.'
 Guest speakers were Bob Neville, city manager; Sam Stewart, school board member; and Virgie Poloccek, pres. of Sonora-Sutton Co. Park Association.
 After the program, refreshments were served by the hostesses Patsy Gibbs & Debbie Hard and

the membership committee: Nelda Mayfield, Dolores Hodges, Ann Bundy, Judy Miles and Moverine Farmer.
 The monthly business meeting was presided over by president Jean Hughes. This was a very special meeting for the new sorority rushes.
 It is a 'Model Meeting' where each officer and committee chairman explained their duties to the prospective new members.
 After the meeting the rushes pledged membership to ESA, Int'l. New pledges are Mary Jo Pfeiffer, Debbie Klowski, Jan Berry, Debbie Kemper, Linda Cayce and JoAnn Wilkenson.
 Member-at-large, Linda Todd, was reinstated to active membership. She was a chapter member in New Mexico. After a training period, the pledges are eligible for jewel pin, or full membership in ESA, International.
 Final plans for the October social were completed. A masquerade party to be in the home of

Mr. and Mrs. Stanley Mayfield will be hosted by Nelda Mayfield, Pam Martin, JoAnn Jones & Moverine Farmer. It was decided that each member could invite a couple not in sorority if they wish.
 Members attending were Dolores Hodges, Debbie Hard, Patsy Gibbs, Moverine Farmer, Pam Martin, Jan Robertson, JoAnn Jones, Nelda Mayfield, Judy Miles, Ann Bundy, Jean Hughes & Kay Story & the new pledges mentioned above.

Barton Saloon Ledger Reveals High Liquor Sales In Early 1900's

By John Eaton

The ledger of the Barton Saloon has been recently contributed to the Sutton County Historical Society by Jesse Green Barton who recovered it from the rear of the old saloon building. Water has damaged the binding and fine leather cover.

This record covers only the last 1 1/2 years of business, from January 1917 to June 1918, date of National Prohibition. Well indexed, it contains the names of many oldtimers. Some were reputable citizens who no doubt bought liquor for "medicinal purposes" or Xmas eggnog. With three other saloons across the street, east side of Main Street, the total number of our county imbibers would be a host.

Those "east side" saloons, with many fistfights and several fatal shootings, made their sidewalk a forbidden path for any "lady". Several women have recalled how their parents made them, as children, use the west side walk, passing the Barton Saloon. No one recalls any

shootings in this building. With bar and liquor cabinet taking up most of its 13 foot width, perhaps there was no room for fistcuffs.

The ledger shows 1917 sales running from \$730.35 to \$1496.50. Those last 6 months of 1918 averaged \$1233.45. Using this figure for all four saloons we learn our citizens were spending nearly \$5000 a month for beer, wine, whiskey, etc. With the three competing businesses being larger and older than the Barton, monthly sales could easily have been twice that amount. No wonder practically all saloon men owned ranches. In that last month, June 1918, Barton sales totaled \$1854.60. Perhaps "Closing Out Sales" all over Main Street pushed the saloon business in Sonora to an all-time peak.

The Barton Saloon building was on "a part of lot S, block E, being 16 by 100 feet". Erected in 1892, it was Sonora's first bank building. Titled, "The Sutton County National Bank", it closed

Aug. 7, 1893. A street picture of about 1910 shows the front, apparently a manufactured facade, topped by a large sign, "BANK". A sign painted on awning reads, "Savell and Barton".

An ad in The Devil's River News, April 15, 1899, "Lone Star Beer on Ice, 25c a bottle 6 days a week at Bank Saloon". This title, "Bank" was taken from the sign on the building. Another ad, "On Saturday Only, 15c a bottle, 2 for 25c - From early morn to dewey eve." Editor of the "Devil", Mike Murphy, may have held his liquor bill down with such ads but on first of 1917 he owed \$606.00. His beer drinking partner, Steve, apparently paid his \$10.95 for 6 months of 1917. In 1918 the two seemed to have joined the rowdy crowd across the street.

On page 9 we find the last entry, dated June 25, 1918. Sales were high that day, \$313.10. Jim Barton should be proud of this neat record in pin and ink, truly a lost art in this day of typewriters. Perhaps it was later when he reminisced to pencil in, under that final line, "last day". Truly, it was the last day for a way of life existing from day of our town's birth. The last day for saloons domination of Main Street of Sonora.

The Bank Saloon or Barton Saloon as it looked in early 1900's. Pictured are Cal Ory, John Martin, Jim Barton, Dred Green and Quince Adams. The old saloon building is now the newly remodeled home of Doyle Morgan Insurance.

Are you sick and tired of being sick and tired? There is help! If you or someone you love needs help with their drinking, call 387-3665 or 387-2708.

Brockman Re-elected SWCD Board Member

George Brockman of Sonora was recently re-elected to the Edwards Plateau Soil and Water Conservation board of directors October 5.

Brockman represents Zone IV of the district.

The purpose of the Edwards Plateau SWCD, with headquarters in Sonora, is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors coordinates the conserva-

tion efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Brockman will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

In Texas there are 198 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCD's do not have the powers of taxation or eminent domain. All conservation programs managed by the

districts are of a voluntary nature to the landowner or operator.

Letter To The Editor

Dear Editor,
While reading "Dee's Notes" in the September 21, 1977 issue of the Devil's River News, I noticed that construction was announced on Trinity Baptist Temple's new church building on West 4th and Menard Street. In this article I also noticed the church referred to as "the Temple".
Referring to a Baptist Church as "the Temple" might not seem too upsetting to some; but as a member of Trinity Baptist Temple and in view of certain misunderstandings as to what our church stands for; I feel it is very important to call attention to this. We are a Baptist Church. The world temple has been a stumbling block for many in Sonora. The word they should be focusing on is BAPTIST!
Our church name is the combination of names of two parent churches that supported us at our beginning, Trinity Baptist Church of Abilene and Baptist Temple of San Angelo thought enough of their fellowman to help establish a lighthouse in a world of increasing darkness. For this we are grateful, and from gratitude came the name.
Trinity Baptist Temple is an Independent Fundamental Baptist Church. We preach and teach strictly from the Bible and do not deviate from Baptist Doctrine. Missionary work is an important part of our church, and we support missionaries individually as the Lord leads. Each missionary is directly accountable to us for utilization of this support.
As a member of Trinity Baptist Temple, I extend to all an invitation to come and all worship.
Thank you,
William H. Scott

Junior High News

By Kay Holdridge
With the passing of the bond issue, the Jr. High faculty and administration were asked to put in writing any ideas that they had concerning their own individual class room. Most of the faculty were interested in built-in overhead screens, storage units, electrical sockets, and the blackboard arrangement. The ideas were given to the architect who will use them in drawing the plans.
The sixth grade will be given a period off because they had the best attendance record the first six weeks. The eighth grade wasn't far behind -.05 of a percent, in fact.
The Spanish Club went to San Antonio last weekend. The Club, sponsored by Mrs. Kay Holdridge, visited the Alamo, the Mexican Market, the Lone Star Wax Museum, the Institute of Texan Culture, and the Windsor Park Mall. Students even rented paddle boats and paddled down the river in the Hemisphere Plaza. The poster, t-shirt, and tape shops certainly had a boost to their economy as a result of the trip. Students returned home after filling supper at Pancho Mexican buffet and fun-filled day of history and merchandise cramm shops. Miss Anne Cowie and Miss Melinda Brandon also sponsored the group and drove the bus.
The National Jr. Honor Society members still have a few lightbulb packs left. The five bulbs sell for \$.50 less than cost of the bulbs in stores. If you wish to buy some, please call Mrs. Carol Parker at the Jr. High for delivery.

Permits Total 17,720

Applications for permits to drill oil and gas tests in Texas totaled 17,720 for the first nine months of 1977, up from 15,161 for the same period in 1976.

Year-to-date applications to drill, deepen, plug back and for service wells totaled 20,626 against 17,918 a year ago, the Railroad Commission's Oil and Gas Division reported in its semimonthly drilling report.

The report showed 12 oil discoveries and 26 gas strikes were completed in Texas during the Sept. 16-30, 1977 period.

Oil discoveries included three in the Refugio area,

two each in the Southeast Texas, Deep South Texas and San Antonio areas and one each in the East Central Texas, East Texas and Panhandle areas.

Gas discoveries included 10 each in the Refugio and Deep South Texas areas, four in Southeast Texas and singles in the East Texas and Midland areas.

The Oil and Gas Division listed 9,766 oil, gas or service well completions for the year to date, up from 9,123 a year earlier.

Of the 6,043 oil completions so far in 1977, 429 were discovery wells. A year earlier there were 5,533 oil completions with

420 listed as oil discoveries.

Gas well completions this year total 3,176 of which 592 are discovery wells. For the same 1976 period, Texas had 3,179 gas well completions including 704 discoveries.

The report shows total drilling applications of 1,317 for the latest two-week period and logs 592 oil, gas and service well completions.

There were 330 oil and 246 gas well completions since the last semimonthly drilling report. In the Sept. 16-30 period, 261 exploratory and field tests wound up as dry holes.

Gov. Briscoe Heads Energy Panel in Dallas Thursday

Views on the economics of energy from state, national, and international perspectives will be presented to some 600 oil and gas industry leaders gathering at the Sheraton-Dallas Hotel Wednesday and Thursday for Texas Mid-Continent Oil & Gas Association's 58th Annual Meeting.

Texas Gov. Dolph Briscoe will head a panel of speakers for the convention's general session, beginning at 9:30 a.m.

Thursday, M.M. Pennell, London, deputy chairman, British Petroleum Co. Ltd., and Donald S. MacNaughton, Newark, N.J., chairman, Prudential Insurance Co., also will speak.

Jack S. Blanton, Houston, ending two years as Association president, will give a final report on industry developments in the nation's No. 1 energy-producing state.

The meeting, which runs a day and a half, is

the only annual Texas gathering of representatives of all phases of industry activity.

The Association's membership, which includes independent oil and gas producers and top executives of major integrated companies operating in Texas, produces over 90-percent of the state's crude oil and natural gas and operates approximately 95-percent of its refining capacity.

T.V. Mini Series Set

Progress continues on efforts by AMERICAN OIL AND GAS STORY group (AOGS) to have a major TV production filmed on the oil and gas industry for network airing.

More than half of the "seed money" has been raised for the project from meetings in Midland, Odessa, Sonora, Ft. Stockton, Artesia, and Roswell. Contributions can be made to American Oil and

Gas Story, care of Permian Basin Petroleum Association in Midland. You can help tell this important story of the oil and gas industry to the American public.

Ol' Man Winter

Fill your propane tank before Ol' Man Winter hits town.

If you depend on a steady supply of propane gas for heating and cooking throughout the winter months, have your tanks filled early.

Call HNG Propane Company. We're encouraging people to fill their tanks before the winter rush by calling us for fast fill-up service. We'll even inspect your tanks for leaks, including the exterior connections.

Once on our route, you'll become a regular customer and you'll get quick, courteous service throughout the year.

So, if you're looking for a dependable supply of propane gas this winter season, count on HNG Propane Company. We're the dependable company us for fast fill-up service. We'll even inspect your tanks for leaks, including the exterior connections. Check below for the location nearest you and call today.

Bitterweed Management Problems Discussed

Sutton County ranchers and 19 other Texas sheep ranchers tackled the difficult problem of bitterweed during a special program at the 4-H Center last Wednesday.

Program chairman Virgil Poloczek, District Conservationist for the Edwards Plateau Soil and Water Conservation District (S&WCD), opened the program and introduced George Brockman, chairman of the S&WCD directors.

Speakers for the program included Dr. Bob Steeger, rancher Philip Jacoby, Dr. Darrell Ueckert, Dr. Leo Merrill and Clint Langford.

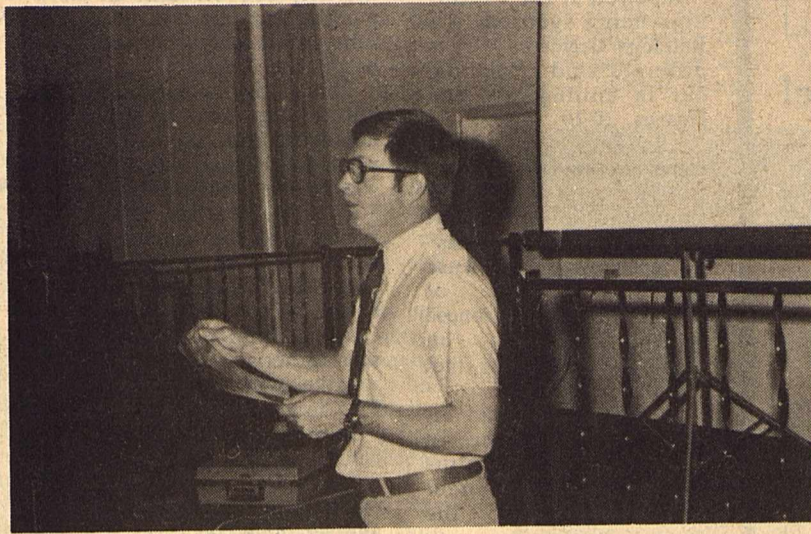

A panel of ranchers moderated by Dr. George Ahlschwede discussed individual success and failure on the management of bitterweed.

Panel members, Armer Earwood,

Bill Morriss, Joe David Ross, Bill Stewart, Buck Owens and James Hunt, generally agreed that the best bitterweed system is a combination of herbicides and pasture rotation.

Out of town guests were Clayton Jones and Burch Woodward, Fort Stockton; Millard Calhoun, Dr. Carl Menzies, Robert Hising, Dayton Brandenburger and Bill Pfluger, San Angelo; Jerome Esquell, Ricksprings; Bobby Joe Ragsdale, College Station; J.R. Schiller, Del Rio; L.F. Stewart, San Saba; Gene and Kat St. Claire and Herman Walker, Eldorado; Mr. and Mrs. J. Finley, Barnhart and David Mitchell, Sanderson.

The Edwards Plateau S&WCD sponsored program included a free noon barbecue.

Dr. Darrell Ueckert discusses the test results from recent studies performed on a variety of herbicide controls used on bitterweed. Dr.

Sutton County rancher Phillip Jacoby answers questions during the Bitterweed Management program held here last week. George

Brockman [left] and Armer Earwood [center] were among the area ranchers attending the meeting.

Applicator's Training Workshop Scheduled

Commercial and noncommercial applicators of pesticides will have a chance for training and certification during workshops Oct. 17 - Oct. 21 to comply with new federal and state laws.

Enforced by the Environmental Protection Agency (EPA), the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) requires that applicators (private and commercial) must have certification to legally use or supervise the use of restricted-use pesticides. The same law also requires that

pesticides be classified as either restricted-use or general use chemicals.

The workshop and testing sessions will be held at the Texas A&M University Agricultural Research and Extension Center in Uvalde. The first session on Monday (Oct. 17) will begin at 8:15 a.m.

In addition to the FIFRA legislation, a state law called the Texas Pesticide Control Act (TPCA) establishes an additional category of pesticide applicator called the noncommercial applicator and requires this group to be certified.

By the definition of the law, a commercial applicator is "a person

who owns or manages a pesticide application business engaged in application of restricted-use or state-limited use pesticides to the land of another." The non-commercial applicator is "a person or government agency or department which wants to use restricted-use or state-limited use pesticides and does not qualify as a private applicator and is not required to have a commercial applicator's license."

The workshops are being conducted by Texas Agricultural Extension Service specialists. They will cover seven categories of pesticides including agricultural, ornamental and turf, seed treat-

ment, animal, aquatic, health-related and predatory animal. The workshops are totally voluntary and are not a prerequisite for taking the tests.

Testing opportunities will be provided by four departments of state government including the Texas Department of Agriculture, Texas Department of Health Resources, Texas Water Quality Board and Texas Animal Health Commission.

There is no charge for the workshops, but each department administering tests will require \$10 testing fee for each category. This is payable before the test is given.

A day-by-day breakdown of training and testing is as follows:

Monday, a general standards workshop and test will be offered in the morning. In the afternoon, Field Crop Pest Control training and a test will be offered.

Tuesday, Fruit, Nut and Vegetable Pest Control and Weed and Brush Control training will be covered with two separate tests offered in the morning. In the afternoon, Right-of-Way Pest Control training and a test will be offered.

Wednesday, Ornamental and Turf Pest Control training and three tests will be offered in the morning. In the afternoon, Animal Pest

Control training and two tests will be offered.

Thursday, Farm Storage Fumigation training and a test will be offered in the morning. In the afternoon, Seed Treatment and Predatory Animal Control training and tests will be offered.

Friday morning, Health-Related Pest Control and Aquatic Plant and Aquatic Animal Control training and related tests will be provided. The workshops will adjourn at noon on Friday.

Exact information on times and schedules can be obtained by writing or calling the local County Extension Office or respective state department.

Rain Clouds Sometime Turn To Lightning

Every silver lining has its cloud, and though clouds occasionally bring rain to some folks, it seems like West Texas just gets the lightning.

Some West Texas sheep producers have felt a different kind of lightning from a particular cloud that's been nothing but silver lining to others.

The cloud is Kleingrass, and though it's become one of the most popular introduced grasses in recent years, many sheepmen, particularly in the western part of the state, are wishing they'd never heard of it.

Klein, or something that co-exists with Klein, is killing their sheep.

Highly adaptive and extremely productive, Klein has a lot going for it as a field grass, a point not missed by stockmen.

Plantings increase yearly, and with this increase has come a corresponding increase in Kleingrass poisoning in sheep, a condition otherwise known as "swellhead".

Research into the problem has been going on since the malady first surfaced, but so far no one is certain just what it is that causes Klein poisoning.

Some researchers theorize that a fungus may be to blame, but it is still nothing more than a theory. Other than the Klein itself, no factor has been isolated common to all reported cases.

Those studying the disease DO know what it does. Early symptoms include swelling and drooping of the ears. Sunlight is a key element in the condition, and sheep may seek shade.

At this point, sheep moved to shade and given water and feed can generally be saved.

Eventual death loss may approach 40 percent, however, on sheep that progress to the bottlejaw and swellhead stage.

The problem is essentially one of extreme sensitivity to sunlight, and in advanced cases, lambs may

suffer serious blistering and skin peeling. In severe cases the eyes may blister and burst.

Liver failure is an integral part of the disease, and goes hand in hand with the photosensitivity; the liver breaks down chlorophyll, the green photoactive chemical in growing plants, and loss of this break-down action leads to the visible symptoms.

The disease seems to occur most frequently in lambs, but grown ewes and goats are also susceptible. There also appears to be a geographic factor; the problem is almost unknown east of Central Texas.

Some researchers have suggested that mixing Klein with other grazing will prevent poisoning, but some of the recent documented cases have been found in fields where Klein made up only a small percentage of available forage.

Until more is known about the malady and hopefully an antidote developed, the Texas Sheep & Goat Raisers' Association urges sheep producers to consider very carefully before planting to Klein. After all, we're still working for an increase in sheep numbers.

Cottonseed May Be Good Feed

Tremendous increases in cotton acreage in 1977 combined with the low price of cottonseed should make this animal feed once again most attractive to Southwest Texas ranchers for supplemental feeding this winter.

Use of this high energy feedstuff was once a common practice, which declined as the value of cottonseed oil increased.

The abundance of cottonseed this year has brought the lowest price in many years, and offers area ranchers a good hedge against drought.

"It is truly a feed bargain many cattlemen should consider," said Dr. LeRoy Hoermann, an area livestock specialist with the Texas Agricultural Extension Service here.

He said whole cottonseed has one of the highest energy values (90 per cent TDN) of the common feedstuffs.

Due to the oil content, it is 30 to 60 per cent higher than range cubes and also has 10 per cent more protein.

In fact, Dr. Hoermann advises, cottonseed can substitute for range cubes provided vitamins and minerals are added.

Dr. Hoermann said cottonseed is a good buy when 100 pounds costs

less than 35 pounds of cottonseed meal plus 65 pounds of grain sorghum.

The average price for cottonseed paid in the most active ginning areas in Texas last week was \$59.40 per ton, compared to \$59.30 the week before.

The livestock specialist said producers need to be aware of several pro and con factors when they turn to cottonseed. Dr. Hoermann said cottonseed:

1. Doesn't have to be ground for digestibility, even with adult cattle.
 2. Can be fed by itself or combined with other ingredients to produce a variety of mixed feeds, cubes or pellets.
 3. Will hold well in storage.
 4. Must usually be fed out of a trough because it won't flow well in self-feeder due to low density. He said it may be fed on the ground, but some loss will occur.
 5. Has some feeding limits due to the oil content, 2-3 pounds daily for weaned calves; 5-6 pounds for large cows.
 6. Lacks odor in the whole form, necessitating mixing with grain or molasses until cattle become accustomed to it.
- "With the prospect for improved feeder cattle prices, the cow-calf

man will want to keep his herd in good shape prior to calving and through the breeding season to insure a high per cent calf crop," the specialist said.

"Cottonseed may provide needed protein and energy for realizing this goal."

The savings realized from this high quality but inexpensive feed may more than pay for extra handling, storage or feeding expense.

By Don Holdridge
The Burnet Bulldogs tried to hand Sonora the game on a silver platter, but the stubborn Broncos refused any such fanciful gifts.

Insulted at their offerings being ignored, the Bulldogs decided to try a different kind of dishing out in knifing the Red Hosses, 20-10.

The Burnet handouts came in the form of two lost fumbles, two interceptions and a short punt from their own end zone.

Inconsistency on offense and a multitude of penalties kept the Broncos from capitalizing on miscues as often as they would have liked.

A Bulldog error did set up the opening score in the second quarter for the locals as R.B. Alexander intercepted it to the Burnet 36-yard line.

Three plays later Manuel Lopez burst up the middle for a 13-yard TD, and Mike Jones' PAT gave the Red and White a 7-0 lead.

The Broncos missed another scoring opportunity on their next possession.

Jones boomed his kick-off to the one-yard line,

and by the time Bob Shipley could get a grip on the pigskin, David Reyna had him pinned to the ground.

A swarming Red defense stifled the 'Dog defense, and Clendennen, punting from his own end zone, could only kick the ball to the 32-yard line.

Three Bronco plays netted only four yards, however, and Jones' 34-yard field goal attempt was wide to the left.

The momentum then switched to the Bulldogs, when on their next possession, Clendennen hooked up with Jeff Collins for a 45-yard scoring aerial.

Mike York booted the PAT to knot the score.

Burnet wasn't satisfied with a tie, though. Steve Palmour picked off a Benny Granger toss and scrambled 43 yards to paydirt.

York's kick was again true, and the scoreboard read 14-7 with 1:10 remaining in the first half.

The Broncos missed another golden opportunity early in the fourth quarter.

Joey Kirby recovered a Shipley fumble on Burnet's 12. At one time the hosts moved the ball to

the three-yard line, but two inopportune penalties—a plague of the Broncos all night—forced them to settle for a 24-yard Jones field goal.

Another Bronco scoring chance fell short as a drive moved to the Bulldog 30-yard line.

The fierce Burnet pass rush got to Granger on fourth down and the threat ended.

The visitors added the clincher with seconds left in the game.

The tally was set up by an apparent 51-yard scoring jaunt with halfback Dean Crow breaking right tackle enroute to the goal line.

A clip at the five-yard line moved the ball back to the 20, and the Red defense stopped Burnet cold at the eight.

York's field goal attempt was off center, but another Bronco penalty put Burnet back in business at the four-yard line.

Sonora	Burnet

7-25.0	Punts-Avg. 4-32.0
10-98	Penal.-Yds. 5-55

Clendennen slipped to paydirt on the next play for the final 10-point margin.

The Bronco offense did pick up 196 yards rushing on the night despite starters Johnny Creek, George Hernandez and Steve Chandler sitting out the game.

Manuel Lopez led all rushers with 109 yards on 27 carries for a 4.0 average.

Defensive stars were Alexander and Tobin Joy with pass interceptions, and Kirby and Kent Cagle recovering fumbles.

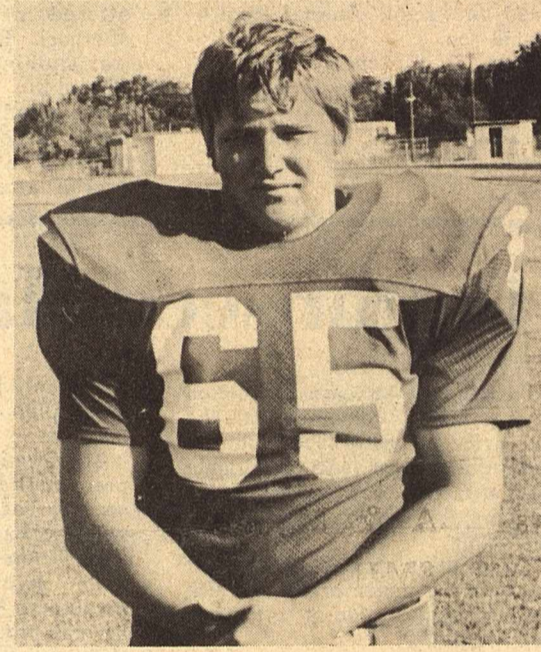

Defensive back Kent Cagle (41) and Bobby Wills (62) move in to tackle one of Burnet's running backs during last Friday's game here. (Photo by Herb Jones)

Broncos Face Alpine Bucks Here Oct. 21

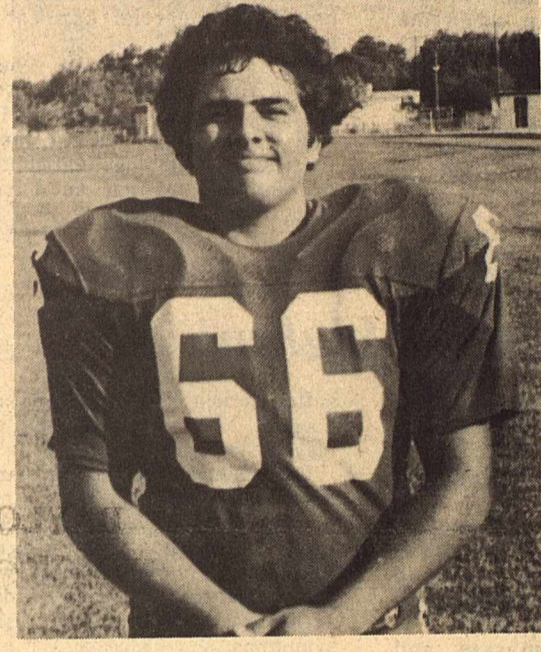

CODY SAVELL

Cody Savell is the 17 year old son of Mr. and Mrs. Bill Savell. Standing 5'9" and weighing 150 lbs., the junior plays defensive safety, halfback, and offensive wingback. Cody is also interested in basketball and track.

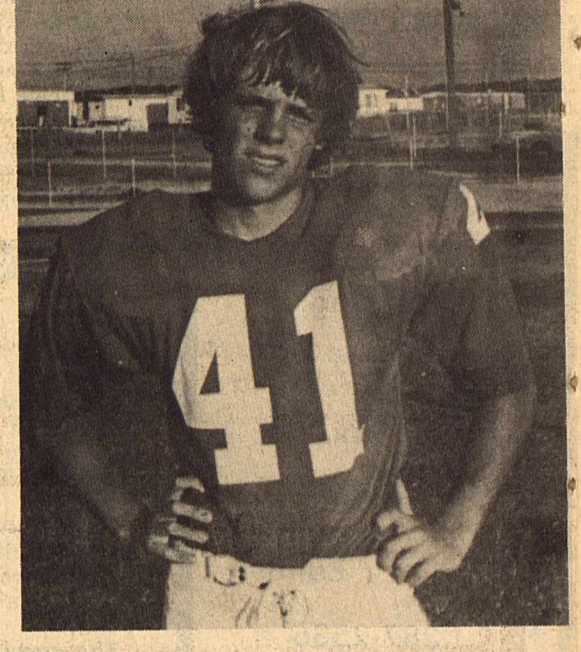

CHASE SNODGRASS

Defensive tackle and offensive guard, Chase Snodgrass is the son of Mr. and Mrs. Bob Snodgrass. Standing 5'10", weighing 210 lbs., the 16 year old is a 2 year junior letterman. He lists football as his only sport.

JOHN-PAUL BAUTISTA

John-Paul Bautista is the 16 year old son of Mr. Juan Bautista, and Mrs. Ophelia Perez. Playing defensive and offensive tackle, he stands 5'9" and weighs 204 lbs. The sophomore lists track as another sports interest.

KENT CAGLE

Sophomore Kent Cagle is the son of Mr. and Mrs. Bill Harle. The 16 year old plays defensive safety and offensive quarterback. He stands 5'11" and weighs 154 lbs. Kent has lived in Sonora for 7 years and is also interested in basketball and track.

J.V. Loses 20-12 To Kerrville Team

By Kay Holdridge
The Junior Varsity Broncos had a little too much to handle in the form of the Tivy Antlers of Kerrville High School. The visitors defeated their hosts, 20-12.
Kerrville opened the scoring on their second possession. Sonora's

Wayne McLaughlin punted to the Kerrville 10. On the second play from scrimmage, quarterback Troy Marburger hit end Lloyd Wright with a 75 yard pass-run touchdown. Tony Kibbett booted the PAT and Kerrville led 7-0.
Sonora received Kibbett's kickoff and Sonora

began first and 10 on their own 31. Runs by Robert Ponsetti, Ronald Berkley; passes from Johnny Doan to Ricky Wright and Timmy Lee Waters, moved the ball to the Antler 30. However, Doan, who filled in for the injured David Creek, attempted a fourth down and five pass to

Waters, that fell incomplete to end the Bronco drive.
The remainder of the quarter was a defensive standoff as each team could punch the score over.

Early in the second quarter, following a McLaughlin punt, Kerrville put together another scoring drive. Runs of thirteen and fifteen yards moved the ball to the Sonora 18. A Marburger-James Jackson pass moved the ball 12 before Kibbett scampered over. The Kibbett PAT was good and Kerrville led 14-0 to end the first half scoring.

The second half was just as explosive and action packed. The Broncos' offense couldn't quite find the holes in the Antler defense, after their first possession of the second half.

The Broncos took the opening kickoff and marched 80 yards for a score. Runs by Berkley and Doan moved the ball to the 26, before Doan hit Waters with a 16 yarder to the Kerrville 40. Ponsetti and McLaughlin punched to the 38. Runs by Berkley, Doan and McLaughlin moved the ball to the 22 before a face

mask penalty against Kerrville brought the ball to the 11. Berkley added 2 more yards to the 9 before the Doan-Waters combination scored 6 points. Doan's 2 point PAT try was no good and the Broncos trailed 14-6.
The Bronco offense set up the third Kerrville score as Berkley fumbled the Doan pitchout on their own 14 and Kerrville recovered. Nathan Benson

carried three consecutive plays to gain to the 6 before he carried the pigskin to the endzone. The 2 point PAT pass was incomplete but Kerrville led by 14, 20-6.

The Kerrville defense returned the favor as they were called for pass interference on the Tivy 37 on the next Bronco possession. Doan handed to Berkley who threw a halfback pass to Enrique Sanchez to the 3 yard line. Berkley was given the

★ Sports ★

honors as he ran the touchdown from 3 yards out. Sonoras' Doan tried a 2 point pass to Waters but it was short of the mark and Sonora cut Kerrville's lead to 8, 20-12.

The Sonora defense held on their own 4 to prevent another Kerrville touch-

down. The offense couldn't get out of the hole as their backs were to their own endzone. As the game clock ran out, the Broncos were desperately trying to move the ball down the field but managed to get the ball only to the 8 yard line.

Jr. Varsity's Ronald Berkley [32] breaks through the Kerrville secondary for extra yards in last Thursday's loss to the Tivy Antlers here.

Sonora's Manuel Lopez [33] cuts to his right as quarterback Benny Granger [11] puts a block on a

Burnet Bulldog and Bobby Wills [62] gets set for his block. [Photo by Herb Jones]

7th Grade Colts Keep Record Clean

By K. Holdridge
The 7th grade Colts kept their record clean as they ran over Mertzson Jr. High by a 20-2 count. Eddie Vallejo, Pascual Castillo, and Marney Sorenson were the offensive sparks and the defensive stalwarts were Castillo, Joe Rodriguez, David Buitron, and Vallejo.

The Colts took advantage of Mertzson's Ricky Robertson fumble as Joe Rodriguez covered the ball on the Mertzson 15. Vallejo and Castillo moved the ball to the one before Castillo thrashed through the Mertzson line for the touchdown. The 2 point PAT by Castillo was successful and the Colts

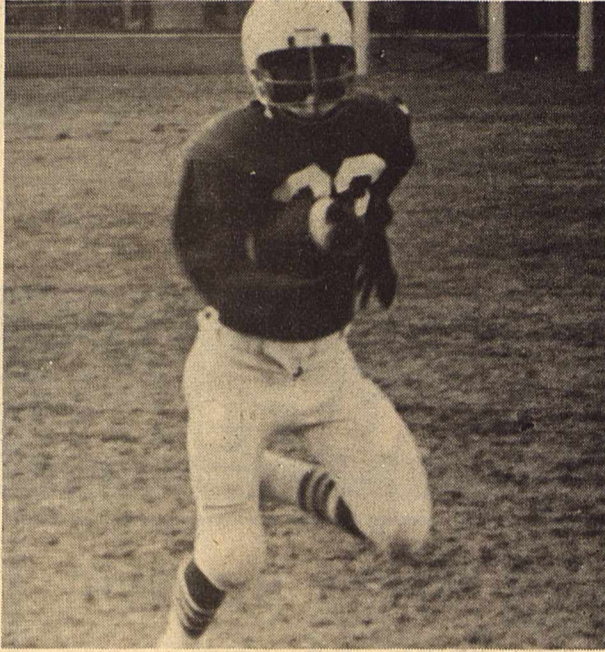

led 8-0 with 3:43 left in the 1st quarter.

The defensive again set up the second Colt touchdown as Sorenson intercepted Robertson's halfback pass on the Mertzson 39. On a second down and 25 for the Colts, Sorenson combined with David Chandler on a pass play covering 21 yards to the Mertzson 29. Vallejo added 11 with a left end sweep and the Colts had a first-10 on the Mertzson 18. Castillo and Vallejo moved the ball to the 6 before Castillo again scored from the 6 to cap a 61 yard 8 play drive. The PAT was no good but Sonora led 14-0.

Mertzson scored their only points shortly before the half ended. Following a Mertzson's Robert Gomez punt, the Colts found themselves on their own

18 yard line. Sorenson's pitchout to Vallejo was fumbled and Vallejo finally got control in his endzone, but was sacked for a 2 point safety. The half ended with the score 14-2. The third quarter was a defensive battle as neither team could score. Mertzson threatened as they moved into Colt territory. Albert Chavez intercepted a Robertson pass to end the threat. Sonora's Vallejo fumbled to Mertzson to prevent a Sonora score.

The fourth quarter opened with a Sonora score immediately following a Mertzson punt. Mertzson's Gomez punted out of bounds at the Sonora 34. On the first play from scrimmage, reserve fullback Rodriguez sprinted around left end for a 66 yard score. The PAT again failed but Sonora led 20-2.

7th Grade fullback Pascual Castillo blasts around the Mertzson Jr. High end for a long yardage gain in last Thursday's contest here.

Citation Of Publication
The State of Texas To: Johnnie Vierra, Defendant, Greeting:

You [and each of you] are hereby commanded to appear before the 112th District Court of Sutton County at the Courthouse thereof, in Sonora, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of November A.D. 1977, to Plaintiff's Petition filed in said court, on the 9th day of August A.D. 1977, in this cause, numbered 2136 on the docket of said court and styled Guillermo Lopez and Wife, Aurora Lopez, Plaintiffs, vs. Lena Castillo, Et Al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Trespass to try title and to remove cloud from title.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Erma Lee Turner, Clerk of the District Court(s) of Sutton County, Texas.

Issued and given under my hand and the seal of said court at Sonora, Texas, this 7th day of October A.D. 1977.

Reflections

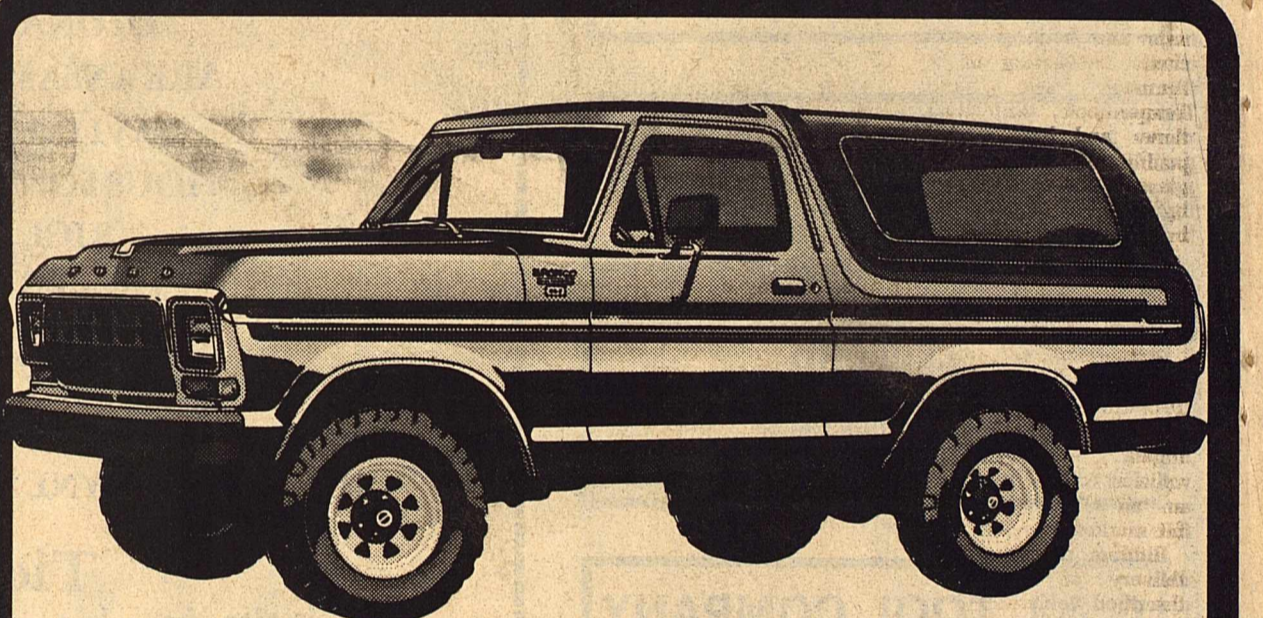

The Rev. Jim Miles
The Church of The Good Shepherd
Presbyterian-US

Scripture Lessons
Amos 8:4-8
1 Tim. 1:12-20
Luke 16:1-13

If we were asked to coin a phrase to describe the Christian church, I am sure our responses would be many and varied. Some of the classical responses could be: a chosen people, a royal priesthood, a household of God, a temple for the Spirit, a colony of heaven, the body of Christ. Individual Christians might be seen as the poor in Spirit, the gentle, the merciful, the pure in heart, the peacemakers.

Paul, however, gives a description which seems at first both incongruent and incompatible with the above descriptions, when he urges Timothy to "fight the good fight." A Christian warrior? Surely, at first this seems abhorrent, bringing to mind the horrors of the Crusades and the Inquisition. But, if we examine this in the larger context of Paul's writings we find that "the weapons of our warfare are not of the flesh" but are divinely powerful. We are to put on the armor of God, struggling against the "forces of the darkness, using to our advantage such things as truth, righteousness, the Gospel of peace, the shield of faith, the helmet of salvation, and the sword of the Spirit.

This "fight" is first a battle within ourselves as we struggle to do what should be done, while struggling not to do other things. It is also a battle with others, for mingled with the Tom Dooleys and Albert Schweitzers of the world there have always been the Atilas and the Hitlers and our lives are touched by both. Finally, it is a battle that will not be won until Christ's return, but will continue to be fought by our children, and their children. Paul received the torch from the Spirit, and having fought the good fight he passed it to Timothy. So it has been from generation to generation. But, the good news is that we are not drafted into this war. We volunteer, as children of the Living God, and we "fight the good fight" of mercy, truth, and peace not to earn our salvation, but out of love for the one who first loved us, and gave us his life that we too might live.

Sonora Motor Co. ANNOUNCES THE TOTALLY NEW 1978 FORD BRONCO

Six Boys To Compete In Zone PP&K Meet

Six young football hopefuls will participate in the San Angelo Zone Competition of Punt, Pass and Kick Saturday morning after winning first place in their divisions here last week.

The San Angelo competition will be held at the YMCA Field beginning at 10 a.m.

Those first place winners were Ricky Mesa, 11 year old, with a score of 182; DeVoe Smith, 12 year old, with a score of 210 1/2 points; Tommy Sheppard, 13 year old, with a score of 188; Michael Hooper, 8 year old, score 149; Ron Mittel, 9 year old, with a

score of 171 1/2; and John Hodnett, ten year old, with a 201 score.

Other winners Scott Miller, second, and Mike Polocsek, third in the 11 year old division; Marney Sorenson, second, and Tom Dean, third in the 12 year old; Joe Shannon, second in the 13 year

division; James Robinson, second, and Larry Smith, third, in the 8 year division; Tony Kelso, second, and Michael

Sharp, third, in the 9 year old division; and James O'Harrow, second, and Rodney Webb, third in the 10 year old division.

NHS Serving Spaghetti

Members of the Sonora High School National Honor Society will sponsor a spaghetti supper October 21 prior to the Alpine game.

The supper will be held at the 4-H Center from 5:30-7:30 and charged at \$1.50 for children and \$2 for adults.

Proceeds will be used for National Honor Society activities and everyone is encouraged to come out and enjoy spaghetti and

support this worthwhile organization.

Glen Goes On

Missile Ship

Navy Gunner's Mate Second Class Glen E. Goins, son of Mr. and Mrs. Gene Goins of Sonora, is serving as a crewmember aboard the guided missile destroyer USS King.

His ship was recommissioned Sept. 17 at the Norfolk Naval Shipyard in Portsmouth, Va. Vice Admiral W.L. Read, USN, the commander of Atlantic Naval Surface Forces was the principal speaker at the ceremony.

The King is scheduled to undergo an intensive test and crew training period in December of this year, followed by final contract trials and a post-shakedown cruise.

His ship will be homeported in Norfolk, Va. Goins joined the Navy in March 1972.

October 22, Shearing Date For Lambs

Saturday, October 22 will be the day that Sutton County 4-H members will be required to have all lambs sheared for the 1977-78 carcass and market lamb shows.

The shearing will get underway at 8 a.m. at the Powers Livestock Company shearing shed and should be completed by noon.

All lambs will be weighed, vaccinated and drenched following shearing.

4-H members, parents and leaders are urged to be present to help with the shearing.

4-H lamb feeders should have their lambs at the shearing shed as early as possible to prevent delaying the shearers.

If boys or girls need help in securing lambs they should contact the county agent's office immediately.

H.E.C.E. Officers Named

Laurie Hollmig has been named president of the Home Economics Education Club this year with Clarissa Brownlee named vice president. Gloria Salazar is secretary-treasurer.

Other members of the H.E.C.E. club are Terry Armentrout, Trudy Draper, Donna Gray, Doris Hearn, Patricia Ponsetti, Susan Ramos and Janice Weathers.

These members extend an invitation to all to enjoy their booth at the forthcoming Halloween Carnival. They will be showing several films, including ones by Walt Disney, at

the First Baptist Church classrooms.

Lime Combats Odor In Trash Cans

County Health Officer Dr. C.F. Browne, has advised city dwellers that a small amount of slack lime can be used to combat the odor of your garbage dumpster.

Dr. Browne stated that a small amount sprinkled on the bottom of the container or on the garbage itself will serve the purpose. This lime can be purchased at the lumber yard.

16 Named To HS Honor Roll

The following students were named to the Sonora High School Honor Roll at the end of the first six weeks' grading period.

Making All A's - Denise Neal, Jackie Perez, Debbie Perez, Lee Burch, Paula Friess, Annabelle Gonzales, Marche Lane and Valerie Tedford.

All A's and one B - Lucy Morriss, Brenda McClung, Alicia Salazar, Linda Hamilton, Mary Gomez, Kent Cagle, Nora Galindo and Yolanda Reyna.

4-H Week Publicized

Under the leadership of Mrs. Edwina Friess, eleven Sutton Co. 4-H'ers, all in Sonora Elementary, constructed an exhibit for one of the display cases in the Elementary school.

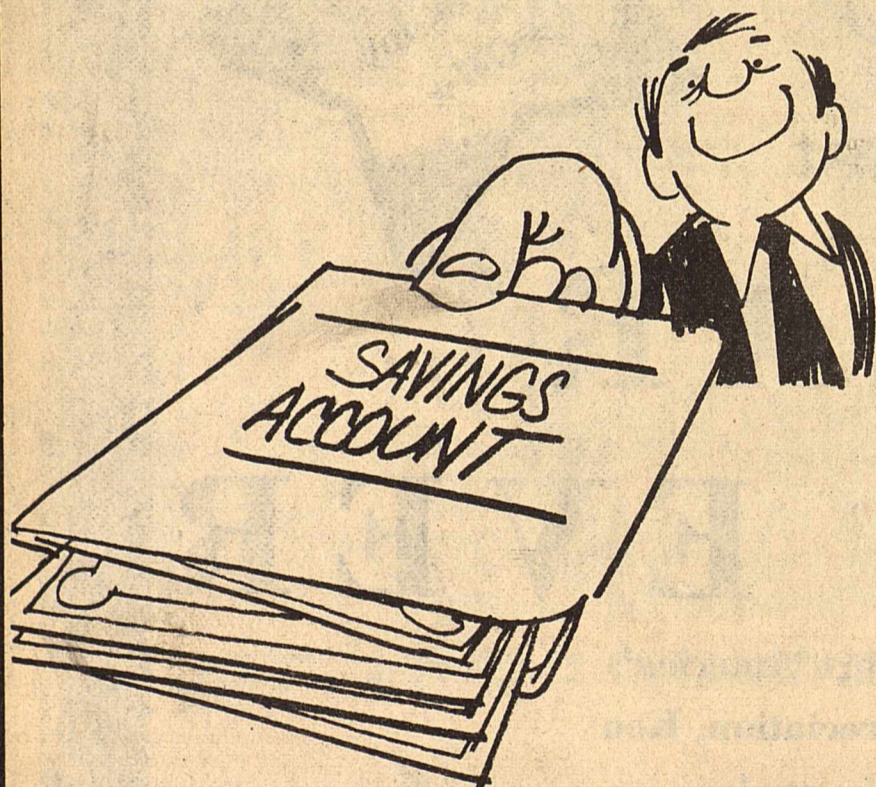

Those helping were Trudy Dell Taylor, Glen Love, Debbie Shannon, Joe Will Ross, Wayford Tyler, Jeff Kimbrel, Cathy Doran, Bonnie Jackson, Amanda Carlson, Tammy Martin, and Carol Cayce.

Introducing FORD'S BETTER IDEAS FOR '78

featuring the new Fairmont...the Ford in your future.

Fairmont 2-Door Sedan, Fairmont Squire Wagon, Fairmont 4-Door Sedan

<p>The Fairmont idea.</p> <p>Fairmont... a new car built for today, but designed for the years ahead. Fairmont combines fuel efficiency, space efficiency and cost efficiency. It's trim outside, and easy on gas, yet it's roomy inside. Stylish, but it doesn't cost a lot. With impressive ride and handling. That's Fairmont—a whole new line of better ideas.</p>	<p>Fuel efficient.</p> <p>Fairmont sedans offer the best mileage ratings in their class.</p> <table border="1"> <tr> <td>4-Speed Manual</td> <td>Automatic Transmission</td> </tr> <tr> <td>33 MPG (Hwy)*</td> <td>33 MPG (Hwy)*</td> </tr> <tr> <td>23 MPG (City)*</td> <td>22 MPG (City)*</td> </tr> </table> <p><small>*EPA estimates with 2.3 litre engine. Your mileage may vary depending on your car's condition, optional equipment, and how and where you drive. California and Wagon ratings are lower.</small></p>	4-Speed Manual	Automatic Transmission	33 MPG (Hwy)*	33 MPG (Hwy)*	23 MPG (City)*	22 MPG (City)*	<p>Space efficient.</p> <p>More than 90% of the head room, leg room, shoulder room of most large cars.</p> <p>Fairmont is not a little car. It's engineered to be space efficient with 90% of the room in key areas of most large cars. And Fairmont's roomy trunk holds ten assorted pieces of luggage.</p>	<p>Cost efficient.</p> <p>Fairmont sticker prices will be competitive. And Fairmont is designed to keep scheduled maintenance costs down.</p> <p>Compare Fairmont's excellent combination of high mileage ratings, roominess, and low sticker price with any other car sold in America. You'll see why we call it the Ford in your future.</p>
4-Speed Manual	Automatic Transmission								
33 MPG (Hwy)*	33 MPG (Hwy)*								
23 MPG (City)*	22 MPG (City)*								

More new 1978 ideas to brighten your future driving.

<p>1978 THUNDERBIRD. The new Thunderbird is ready for takeoff. With all the styling, luxury and fine engineering that you expect in a Thunderbird. Most surprising is its down-to-earth price—even with V-8 power, automatic transmission, power steering, power front disc brakes, AM radio, standard.</p>	<p>GREAT PRICE NEWS FOR '78 ON PINTO AND MUSTANG II! SEE YOUR FORD DEALER FOR DETAILS. TO BE ANNOUNCED THIS WEEK.</p> <p>1978 FORD PINTO PONY. Pinto Pony offers American style and comfort at a sticker price competitive with the leading imported economy cars.</p>	<p>NEW FORD FIESTA. Europe's most successful new car... imported from Germany. †During Ford Fiesta's first six months of sales, it outsold every new nameplate ever introduced in Europe. Engineered to give its driver dramatic performance. With front-wheel drive.</p>
<p>NEW GRANADA ESS. Can you tell its looks from a \$20,000 Mercedes-Benz 280SE? Our new ESS is styled in the tradition of expensive sports sedans. With special luxury inside and exquisite touches throughout. And five-passenger comfort. It's the flagship of our popular Granada line.</p>	<p>1978 MUSTANG II. Your Ford Dealer's price news covers the T-Top, elegant Ghia and 3-door Hatchback. Go Mustang. Catch the sporty spirit.</p>	<p>1978 FORD LTD. The roomy Ford that many families need. If you're one of the millions of people who need a standard-size car, the Ford LTD could be just the car for you. It has a deep-well, easy-to-load trunk. And stretch-out comfort for six that you expect from a Ford LTD.</p>
