DEVIL'S RIVER NEWS Sonora, Texas

25 cents

Parade Starts Sutton County Days Friday

This year's Sutton County Days, promises to be bigger and better than ever with countless hours being spent by the Sonora Jaycees to stage the celebration.

A parade, expected to be the largest yet, kicks off the two day celebration at 5 p.m. Friday, followed by a barbecue by Joe Haire on the Courthouse lawn.

Meal prices for the barbecue are \$3 for adults and \$2 for children 12-years old.

The parade will organize on 1st. by the schools, head down Concho toward town, turn right on Main then circle the Courthouse before ending at the Methodist Church parking lot.

The first night performance of the rodeo begins at 8 p.m. with the grand entry, followed by a new event, wild steer saddling, bareback

riding, saddle bronc riding, calf roping, specialty acts, calf roping, bull riding and steer roping.

The wild steer saddling will be a competition of three-men teams on both nights of the rodeo and is open to everyone of age.

The Friday night dance, running from 9 p.m. til midnight, will feature the Metheny Brothers, one of the top dance bands in the Austin-San Antonio area. Tickets are \$5 a person.

Official opening ceremonies for Sutton County Days will be held Saturday at 9 a.m., beginning a full slate of activities at the Courthouse.

The pet show and beard judging, sponsored by the Devil's River News, will begin at 9:15, followed by one of the yearly favorites, the Lukenbach Jr. High Oompah Band

playing from 10-11:30 a.m.

The Little Miss and Little Mr. Sutton County contest will begin at 10 a.m. This is the first year for the Little Mr. Title to be added.

The tricycle race for children 5-years old and under begins at 11 a.m. and the members of the Sonora High School Classes of 1929-33 will have a catered meal for their reunion beginning at 11:30 p.m. Members of those classes will be able to register and pick up their tickets at the right-hand side of the Courthouse.

The Lukenbach Band will have another performance from noon til 1 p.m., when the Slave Auction sponsored by the Chamber of Commerce to raise money for the ambulance fund will begin.

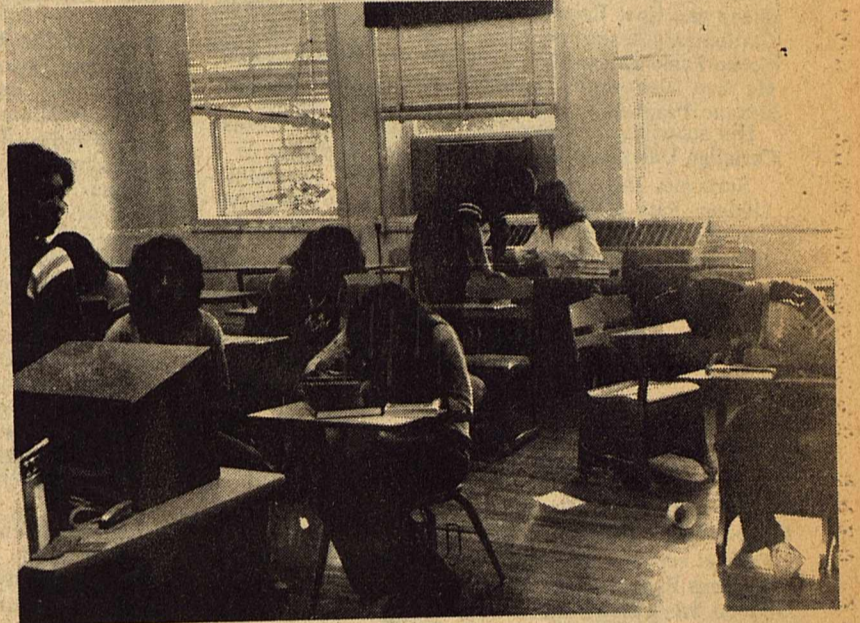

Don Cooper and L.P. bloodworth will serve as auctioneers for the

game booths. One addition this year is a dunking booth sponsored by the Tri-Cities Desk and Derrick Club.

The final performance of the rodeo will begin at 8 p.m. with the 1980 Rodeo Queen to be named during opening ceremonies. Queen candidates include Tracy Day, sponsored by the Softball Associations; Debra Zapata, sponsored by the Westside Lions Club; Beth Bartz, sponsored

by the Downtown Lions Club, Susan Allen, sponsored by the Sonora Garden Club, Debbie Kemp, sponsored by the Chamber of Commerce; and Julie Stewart, sponsored by the Sutton County 4-H Club.

A dance featuring nationally known recording star Daryl McCall from 9 p.m. til 1 a.m. will cap the two-day festivities. Tickets for the dance are \$6.00 a person.

These students work at covering textbooks and filling out forms during high school registration last week. Classes for all students begin Monday, and motorists are reminded to use caution when driving near the schools.

School Bus Routes Set For Year

Discussion on bus routes took a great deal of the time as the Sonora Independent School District Board of Trustees held its last regular meeting before the beginning of the school year last week.

The Board voted to discontinue the Ft. McKavett route since there are only four children on this route and two of them are currently included on the Junction route. It was agreed these two should receive private transportation costs as provided by the state.

It was also agreed to extend the Ozona bus route to include Shalako Road which has 13 children living there.

Bus drivers for the school year were also elected, including Jacque Baker, Route 1; Lewis Ferguson, Route 2; Gilbert Munoz, Route 3; Clara Brooks, Route 5; and Dessie Couch, Route 6.

Bids from local agents for the school's insurance were also read with action on the bids being tabled until the special session called Tuesday night.

Those submitting bids were Farm Bureau, The Sonora Agency, Web Elliot Insurance, and Doyle Morgan Insurance.

Charles Graves appeared before the Board to request permission for the Heart O' Texas Savings Association to provide football programs for the athletic teams below the varsity level at no extra expense to the school.

Permission was granted provided the program cover stated only "Compliments of Heart O' Texas Savings Association and contained no advertising.

Meals for the year were set at 50 cents for breakfast for all students and 60 cents for grades K-5

and 65 cents for grades 6-12 for lunch.

A price estimate from Jay Palmer for cleaning the outside of the middle school was read by Dr. Joe Andrews with an estimate of \$20,580 to include some optimal metal painting.

The price did not include the cost of mortar work needed, and Andrews was instructed to see if the mortar rock work could be done locally.

The Trustees also voted to accept the resignation of tax assessor-collector Don Wootan. Wootan will be leaving to act as chief appraiser for the Sutton County Tax Appraisal Unit.

The Board members also authorized the superintendent to check into the legality of continuing to carry Wootan and Rex Ann Friess on the payroll with the tax appraisal reimbursing the school district.

After an executive session, the Board voted to purchase the property of Mrs. Muriel Hamilton at 806 Water Ave. for \$30,000 and authorized Web Elliot to check the legal work prior to payment.

Personnel hirings made following the session included Reggie Williams, CVAE; Susan Mendenhall, junior high science; Linda Young, elementary secretary; and Vicki High, middle school.

DR Minnow War Won

Mike Hudson with Congressman Loeffler's office in Washington called the Devil's River News last Wednesday, saying the area representative had been informed by Lynn Greenwalt of the U.S. Fish and Wildlife service that the proposed

designation of the Devil's River Minnow as an endangered species had been ruled out.

The Fish and Wildlife Service, apparently acting devoid of all the facts, had made recommendations to

the Department of the Interior and the Office of Endangered Species that its home, San Felipe Springs, near Del Rio, and the Devil's River, be designated as a critical habitat.

"I have just received word from the Director of the U.S. Fish and Wildlife Service that a proposed threatened species and critical habitat designation concerning the Devil's River Minnow has been ruled out."

"Those of us who have been fighting the designation proved our case; the proposal was unnecessary and unwarranted," Loeffler concluded. We also proved that with a concerted effort, we can fight the federal bureaucracy and win.

Downtown Lions Plan Auction

The annual Lions Club Auction has been scheduled this year for Sept. 16.

Those wishing to contribute goats or homemade items should contact Dee Tyler at the Branding Iron Smokehouse or Virgil Polocsek as soon as possible.

Little Theater Group Slates First Meeting

"For the past several months, a number of Sutton County residents have been awaiting organizational material before holding the first organization meeting for the Little Theatre group. The material has been received from the Hill Country Arts Foundation Program," informed a spokesman for the group.

A meeting has been set for 7 p.m. Thursday, August 29 in the founder's Room at the First National Bank. Showing a growing interest in forming a Little Theatre group in Sonora are: Messrs. and Mmes. Dale Chaney, Bill Cascadden, Chris Cassell, W.A. McAndrew, Joe Lane, Lemuel Lopez, Warren Hemphill, Ricky Bounds, Jerry Johnson, Ken Braden, Becky Ponsetti, John Tedford, Maxine Brown, Bettye Stewart, Christie St. Clair, Jeanette Sipes, Venetta Smith, Glenda Short, Carla Fields and Reverend Jim Miles.

By-laws from the Hill Country Arts Foundation will serve as a guideline, with localities adapting that portion or portions pertinent to local needs and conditions. Memberships in the Foundation are divided into four classes: Active, patron, sustaining and Life Members. A Board of Directors (fifteen) governs the Foundation and prescribes Rules and Regulations not inconsistent with the by-laws. An annual membership meeting is held. Anyone interested in helping the sonora Group organize is invited to attend the meeting.

No Protests Aired At City Hearing

The Sonora City Council apparently owes the Sutton County Commissioners Court a card of thanks for taking the heat off because both entities raising taxes.

County Okays Tax Rate Hike

Sutton County Commissioners, at the second of two public hearings on a 70 percent tax increase, voted unanimously to adopt the hike.

In a three-hour meeting, the Commissioners along with County Judge Charles Sherrill and County Auditor Charles Graves fielded ques-

The Council's meeting last week, less than a week after a large crowd attended a similar hearing by the County to protest tax increases, failed to draw a single critic save for

tions from a group less than half the size of the one in attendance at the first hearing.

In the only other action taken by the Court, the Commissioners agreed to ask the school to consider paying \$35 a night at football games to help share the burden of the supporting the ambulance service.

Sutton County Judge Charles Sherrill who walked in and jokingly remarked, "I don't want my taxes raised."

The City Fathers, at their regular meeting Tuesday, scheduled the second of the required hearings for 9 am next Tuesday at which time the 21.18 percent increase will be voted on.

A hearing on the 1980-81 budget took most of the time at the regular meeting as Jim Dover went over details with the Councilmen.

The new budget will total \$2,015,413 with disbursements of \$1,936,760 leaving a year-end balance of \$78,653.

Former General Tells Local Lions Club Of Current Problems in Military Forces

"Whoever wins in November will need a unified America to combat the monumental task in foreign affairs," Major Gen. (Ret.) Les Kearney told the Sonora Downtown Lions Club last week.

Kearney, a career officer with the U.S. Air until his retirement two years ago, addressed the Lions at the regular meeting, using his knowledge as a former Pentagon staff official to assess the current state of

military and foreign affairs.

"Each of our recent administrations has contributed to a decline in our military preparedness and influence in foreign affairs," Kearney said, "but I firmly believe the Carter administration has accelerated this trend."

"Fortunately, I see more and more people at the grassroots level becoming more and more concerned," he added.

Kearney cited our current military imbalance with the Soviets, especially in the areas of career personnel and weapons procurement.

"The fundamental purpose of a strong military is to deter aggression then to prevail if determent fails," he said.

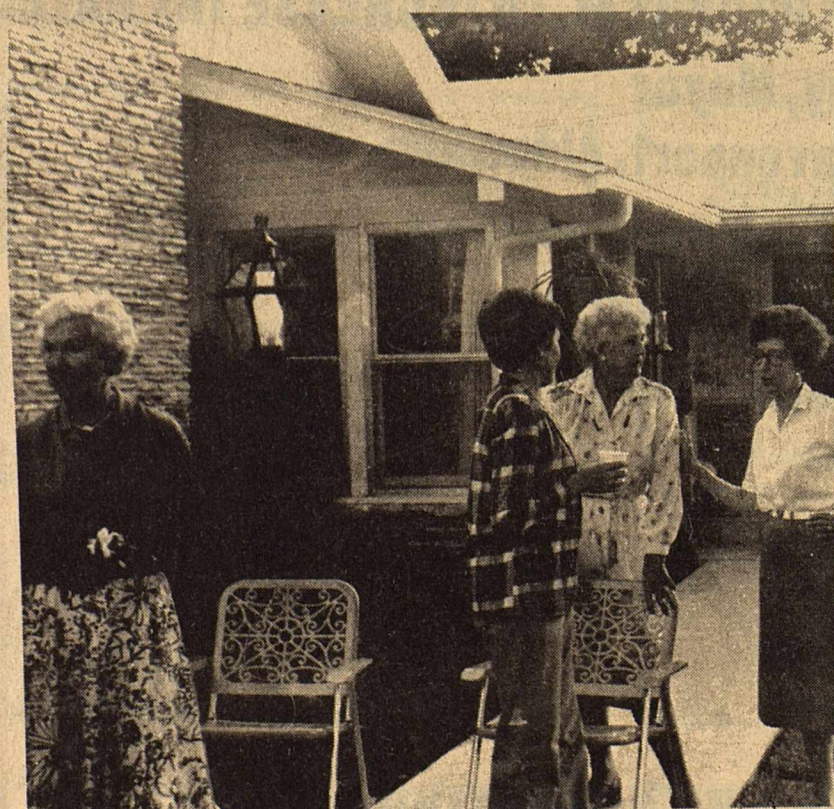

Citing the Russian invasion of Afghanistan, Kearney went on, "If the Soviets decided right now to close off the Persian Gulf, it is very unlikely we could prevail."

The shortage of career military personnel, who are "leaving in droves," particularly concerned the former general, stating the military is currently short 70,000 non-commissioned officers and projections show the Air Force to be 3,500 pilots short next year.

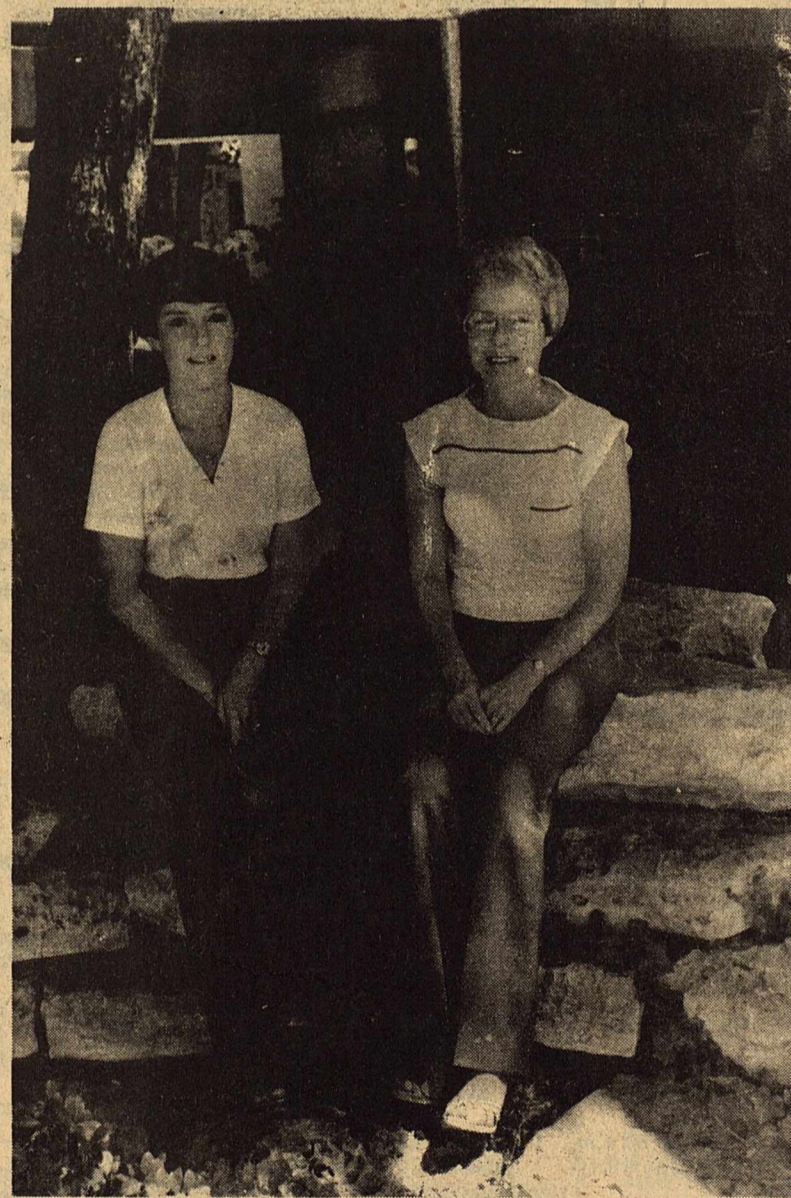

"The United States has twice the GNP of the Soviets, and with our allies, five times over," Kearney said. "Our problem is not a lack of resources, but a lack of understanding in these matters."

Kearney concluded that much of the problem was not just one of material, but our ability to demonstrate our will as was done in the Cuban missile crisis.

"I just hope the situation will be rectified in November," he concluded.

Ruth Shurley (right center) visits with some of the school employees during the barbecue dinner held at her ranch for school employees and official Monday night. Mrs. Shurley has been hosting the event annually for the past 30 years.

Promotions for Elaine Donaldson (left) and Joy Kemp were announced last week at First National Bank. Both were named assistant cashier.

Bank Announces Two Promotions

The First National Bank of Sonora announced the promotion of two employees after its monthly Board of Directors meeting August 12.

Joy Kemp has previously served in the proof department and as a bookkeeper and teller. She is currently a secretary in the note department and handles customer service.

Also named as assistant cashier was Elaine Donaldson. Mrs. Donaldson joined the bank in 1976. She previously served as a proof operator, teller and note teller and is currently in charge of the tellers.

Mrs. Kemp's husband is Jerry Kemp, managing partner of Home Hardware. They have two children, Debbie and Philip.

Mrs. Donaldson's husband, Kyle, is employed by General Telephone, and they also have two children, Tracy and Jason.

"The board, officers, and employees wish to congratulate Joy and Elaine on their promotions," a bank spokeswoman said. "We extend an invitation to all our customers and prospective customers to come by and get acquainted."

DEATHS

Lindsev Weddell Hicks

Funeral services for Lindsey Weddell "Lin" Hicks, 48, were held Wednesday, Aug. 13 at the Sonora First United Methodist Church with Rev. David Griffin officiating. Burial was in Sonora Cemetery with arrangements under the direction of Kerbow Funeral Home.

He died Monday, Aug. 11 at Hondo Valley Hospital in Ruidosa, N.M.

Hicks a Sutton County Rancher, born March 25, 1932 to Lindsey H. and Margaret Weddell Hicks in San Angelo.

He married Honey Heiser in Miami, OK. on Feb. 14, 1955 and the couple moved from Dryden to Sonora in 1959.

A veteran of the Korean War, he served six years on Sonora Independent School District Board of Trustees, two as president, and was a past chairman of the board of the First United Methodist Church where he was a member.

Hicks was a former Sutton County Round-Up chairman for the West Texas Boys Ranch and held memberships in the Downtown Lions Club, the Texas sheep and Goat Raisers Association, the Independent Cattleman's Association, the Texas and Southwestern Cattle Raisers Association and the 4-H Leaders Club. He had also worked with junior rodeos and Little League baseball.

His schooling included Ozona High School, Texas Christian University and Angelo State University.

Survivors include his wife of Sonora, two sons, Lindsey Paul Hicks of Houston and Clay Hicks of Sonora; two sisters, Sarah Buss of Austin and Joan Nobles of San Angelo; a brother, Banky Stocks of Kent; and his step-mother, Lois Hicks of San Angelo.

Pallbearers were Ken Braden, Doyle Morgan, Joe Bean, Gene Wallace, Jimmy Harris, Glen Richardson, Dub Wallace and Clay Cade.

Kent Sneed

Kent Sneed, 22, was killed Wednesday, August 13 in a three-car accident in Kalamazoo, Mich.

Funeral services were held Saturday, August 16 in Hurst with Lucas Funeral Home in charge of arrangements.

Sneed was a senior student at Texas A&M University. He is survived by his parents, Pat Sneed of Sonora and Glenna Sneed of Bedford.

R.E. Taylor Family Holds Reunion

The descendants of R.E. Taylor Sr. held their family reunion August 9-10 at Fort Clark in Bracketville.

Mattie McKee of Washington, D.C. and Missie McCarthy of Bracketville were co-hostesses to the 57 persons attending.

Those attending from Sonora were Cashew W., Nancy, Ruth, and Kevin Taylor and Monroe Turman.

Others attending included Verna Mae Reynolds, Gloria and Suzi Reynolds, and Mr. Spencer of Lake Oswego, Og; Sara McKee, Bob, Mattie and Robert

Young of San Angelo; Tom and Alma Taylor of Del Rio; R.E., Dortha, Donald, Betty, William A. "Pete" and Gladys Taylor, Jack and Mary Blount, Basil and Velma Taylor and Kellie Dworuezyh, of San Antonio.

Also, Jimmie, Monica, Collette, Juli, Myles, Toni and Maxine Taylor of Waco; H.F. and Cora Bell Sofge of San Angelo; Patricia, Wade and Angie Sofge of Tankersley; Sarah, Sherry and Terry Keisinger of Mesilla Park, N.M.;

Joseph, Helen, Mandy and Randy Wilde of Big Lake; Tommy, Betty, Amie and Woody Taylor of Humble; Missie, Rex, and Tana McCarthy of Bracketville; and Blanche West and Edna Ory of Eldorado.

Mr. & Mrs. Tom Wall Hosts Barbeque Dinner

A barbecue dinner was held Sunday, August 17, at the home of Mr. and Mrs. Henry Turk honoring Mr. and Mrs. Tom Wall and Henry Wall.

Out-of-town guests included Mr. and Mrs. Sherman West, Sharon West, Mr. and Mrs. Randy Ply, Mr. and Mrs. Myron Olson, Leonard and Nellie Olson, Mrs. Louise Olson and children, Susie and Sandra, Mayvne Byrnes and Diane Byrnes, all from Monahans.

Other guests were Mr. and Mrs. Simon Brosh of Miles, Mr. and Mrs. Eddie Wall, Mary and George of Ozona, Mrs. David Haygood and Shala of Menard, Robert Wall and Teresa Harkey of Henderson, Dub and Jean Wall, Joe Wall, Louise Janes, Linda and J.L. Whiddon, Nig Wall, Mike Wall and Johnny Simmons, all of Sonora.

Community Outlook

By Don Holdridge

In the newspaper business, advertising is our blood supply, our very life support. Although many in the public perceive a newspaper as just a place to read about the world around them and as a place to publicize their pet projects, a newspaper is every bit as much a business as a department store or a restaurant.

The newspaper is unique from other retail establishments in that it must go out to solicit most of its business in the form of advertising. Just opening the door will do very little.

But retail stores do have their forms of solicitation, all bundled up in a package called merchandising.

Each store's merchandising plan is different, varying to meet that business' peculiar needs. Merchandising includes, but is not limited to the store's location, items on display, indoor and outdoor signs and banners and the building of a reputation.

But one part of that merchandising plan that is either often not utilized at all or at least underused is advertising.

For many businesses, advertising is not looked on as a way to merchandise, but as an expense. However, a merchant will never show another "expense" on his books that can generate sales like advertising.

Billions of dollars are spent each year on advertising in its various forms, but often small merchants say they are different from the giant corporations. This is true -- they simply aren't as big.

Perhaps because they are smaller, they must coordinate their ad program more carefully with their merchandising, but advertising can affect their sales in just the same proportion as it does the industry giants when used effectively.

Advertising, judiciously planned, is the key to maximize profits for any business. Unfortunately, owners or managers of small businesses usually have to carry the burden of administration for the entire operation and advertising plans often get forgotten along the way.

Some people only believe in advertising during a big sale and are often disappointed with the results. Advertising, like anything else in life, deserves and needs consistency to be effective. Advertising can be used to let the public know about new lines in stock, not just at a big sale. This consistent effort will pay dividends both short term and long term when the public begins to look for a message on a regular basis.

And for a business looking for an advertising medium, nothing else can compare with the newspaper in terms of cost effectiveness.

The large retail operations throughout the nation continue to use newspaper as their primary medium. Broadcast media are too selective to reach the masses and although it has a sensational impact, its high cost prevents the use of detail that newspaper allows so readily.

And while most surveys show the effectiveness of daily papers, their effect cannot be compared with that of the hometown weekly. While many readers look at only one section of the daily such as sports, society or business, nearly every small town weekly is read cover to cover because they contain news about the reader, his family, his friends, and events that affect him directly.

All this means the weekly newspaper is the most effective means for a merchant to move his inventory. And in these days of high inflation and tight money, who can afford to go any way but the one that does the most while costing the least.

Lupe Gamez To Graduate From TSTI

Lupe Gamez is a candidate for Summer Graduation from the Sweetwater Campus of Texas State Technical Institute.

He will receive a certificate in Automotive.

Commencement exercises will be held at 8 pm Tuesday, August 19 in the auditorium of Sweetwater High School.

Texas State Technical Institute is part of a growing four campus system of state-supported college level technical schools. Other campuses are located at Amarillo, Harlingen and at Waco.

Sonora ISD School Supply List

PLAQUE POINTERS
By Lonnie M. Pollard, D.D.S.

Plaque is probably the biggest cause of tooth decay and eventual loss. What is it-how do we acquire it-and how do we control it!

Plaque is the sticky, practically colorless film that builds continuously on the teeth. The main inhabitants of plaque are bacteria-one milligram of plaque can contain a half-billion bacteria. Bacteria ferment sugars in the mouth (why not to eat sweets), changing them to acids which then eat away at tooth enamel. "Look, Ma-cavities".

As the plaque creeps below the gum line, it mineralizes and becomes razor-sharp deposits of tartar which is the catalyst of periodontal (or gum) disease-by far, the major cause of tooth loss in adults.

Plaque must be removed daily by "proper" brushing and the use of dental floss. Have your dentist or hygienist show you how to do it properly.

The best way, if not the only way, to remove tartar and long-established plaque is to have a professional cleaning. But, remember, it will start to reform the very next day. The only one who can remove plaque regularly is you.

The delivery date for the 1980-81 Ram Performance Test at the Texas Agricultural Experiment Station at

Jerry Lackey's Country Folk

Sonora has been set for Sept. 24. All cooperators should deliver their ram-bouillet or finewool breeds on or before this date, while Oct. 22 has been set aside as the date for medium wool breeds.

The initial weigh day will be Oct. 15 for finewool breeds and Nov. 12 for medium wool rams.

The test, considered the major factor in upgrading the Rambouillet breed, is open to all breeds, and registration is not a requirement.

However, only registered rams born after Oct. 1, 1979 are eligible for the American Rambouillet Sheep Breeders Association Registry of Merit Program.

No rams which show yearling teeth will be accepted. They will be checked by station personnel upon arrival.

The test will be on a self-sustaining basis. Due to the manner in which the feed will be purchased, the Experiment Station will not

be able to handle the financing. Fred Campbell will assume responsibility for handling the funds and purchasing feeds.

An initial deposit of \$115 per ram is required, and checks should be made payable to "Ram Test Account" (not the Experiment Station), and should be

mailed to Campbell at Mohair Council of America, P.O. Box 222, San Angelo, Texas 76902, or to the Texas Agricultural Experiment Station, P.O. Box 918, Sonora, Texas 76950.

Entry forms or additional information may be obtained from Don Spiller at Texas Agricultural Experiment Station, P.O. Box 918, Sonora Texas (phone 915-387-3168), or Dr. George

Ahlschwede at the Texas Agricultural Extension Service, San Angelo Research and Extension Center, Route 2, Box 950, San Angelo, TX, 76901, Phone 915-653-4576.

This year's final weigh day has been set for March 4 with the annual field day and ram test sale slated March 19.

About 15 years ago when I was editor of the Sheep and Goat Raiser magazine, we had a cover story on a new promotion by the Texas Department of Agriculture. It was the introduction of TAP, Texas Agriculture Products.

Well, the project turned into perhaps the greatest public relations positions a government agency has ever attempted. But, best of all, it was an instant success.

The current commissioner of agriculture, Reagan Brown, has continued with the TAP program. Matter of fact, he has improved it with outstanding public displays along with qualified personnel trained in PK to carry it on.

I was in a super market not long ago and ran across a TAP display. Recently on a stroll through San Angelo's Sunset Mall, I came headon with a beautiful TAP display.

Kenny Neal of Abilene is West Texas' TAP representative. Having grown up in the Texas Hill Country, Kenny knows mohair, pecans, beef, etc. Living in Abilene for many years now, he knows about cotton and farming.

And from Goldthwaite, Jess and Madilon Moreland, are old hands and familiar faces anywhere in South-Central and West Texas where ever a TAP presentation is being conducted. I ran into both of them in San Antonio and in Abilene during the West Texas Fair (and that event is upcoming in September). Had a nice visit with them at Sunset Mall too.

All of this knowledge is basic for a TAP-person. The promotion was set up with the early goals of selling Texas grown products. In other words, why should a Texan buy Florida

citrus when the biggest and best grapefruit come from the Texas Rio Grande Valley.

Some of the most beautiful garments are made from a new mohair, wool and/or cotton blend. San Angelo is the wool capital of the world and Texas produces 97 percent of the nation's mohair.

Well, we could go on and on...for example, the energy that keeps the yankees from freezing to death comes from the Lone Star State.

While, I was visiting with Kenny, along come John Stevens and young son of Eden. So the three of us looked over the TAP booth with a section of fibers, another of grains, and the next stall had a beef roast cooking.

Back when we started the TAP program, Ed Whiteside had just joined the TDA in Livestock Market News Services with a new office at Producers Auction in San Angelo. Ed went on to greener pastures to settle in Austin as a department head and is now retired. Many of us have been around long enough to remember when Ed was Concho County Extension Agent.

During the year, seasonal food seminars are given spotlighting Texas products. However, the year-round TAP program is carried on throughout the state at the grocery stores and now in many new malls.

Well, this was not going to be an editorial but since it turned out to be, let me add: TAP and the folks who are making it happen deserve our praise. The program is the only government promotion I have seen which definitely helps agriculture from the little man on up.

Hill Country Association Soil and Water Conservation Meeting Set

Congressman Tom Loeffler of Kerrville and State Representatives Susan McBee of Del Rio; Don Rains of San Marcos and Gerald Geistweidt of Mason will be the featured speakers at the Hill Country Association of Soil and Water Conservation Districts' meeting August 25, announced Bob Caruthers, president of the organization.

The meeting will begin at 9:15 am in the Stevenson Memorial Center in Junction, added Caruthers.

Congressman Loeffler and the state representatives are expected to brief the conservation district directors attending the meeting on national and state legislative matters relative to conservation programs and concerns.

Others expected to participate on the program are Joe Antille of Abilene, member, Texas State Soil and Water Conservation Board; A.C. Spencer of Temple, executive director, TSSWCB and Joe Montgomery of Abilene, vice-president, Association of Texas Soil and Water Conservation Districts.

Twenty soil and water conservation districts are members of the Hill Country Association. They include: Eldorado Divide, San Saba-Brady, Menard County, Kendall, Kerr County, Pedernales, Gillespie County, Nueces-Frio Sabin, Edwards Plateau, Mason County, Devil's River, Upper Llanos, Medina Valley, Maverick, Bandera, Llano County, Crockett, West Nueces-Las

Moras, Upper Nueces-Frio, and Hill Country. Current officers of the organization are: Bob Caruthers, president, Sonora; Charles D. Clark,

vice president, Menard; John M. Davis, Jr., secretary, Rocksprings; and Harold Kneese, treasurer, Fredericksburg.

Chamber Chatter

by Lou Thomas

Thanks to Colleen Miller who provided musical entertainment for the nursing home birthday party for

Roberta Finklea, 79 years old, Candelario Jimenez, 78 years old and Juanita Mejia, 77 years old. Nur-

sing home residents sang hymns and enjoyed refreshments prepared by Dolores Hodges.

Received a letter of thanks from Joe Beck, manager, Kimble County Chamber of Commerce for Sonora's car entry in their parade on August 8th.

Nomination forms are available in the Chamber of Commerce office to nominate the August Citizen Of The Month.

Plans are underway to establish a Five Year Plan for Chamber of Commerce projects-usually called a Program of Work.

Tickets for Sutton County Days Rodeo are available at the C of C office-\$3.00 for adults and \$1.00 for children.

Watch for grand openings for The Auto Shop, Big Uns and The Jug.

Rental and hunting lease inquiries are on the increase. Call 7-2880 if you'd like to lease your acreage to hunters this year-or if you have any rental vacancies.

Friendly face around town this week is Mary Bustamante at City Hall.

Allie And Vestel Askew Awarded July Yard Of The Month

Effie Harle, chairman of the Chamber of Commerce "Shine Sonora" Committee, announced the July Yard of the Month Award has been given to Allie and Vestel Askew at 114 Edgemont Rd.

Congratulations from the C of C and Sonorans to the Askews for a job well done.

Teachers, administrators, school board members and staff members of the Sonora Independent School District visit during the annual supper hosted by Ruth Shurley at her ranch.

SHINE SONORA Campaign Needs New Ideas

SHINE SONORA campaign is in need of positive approaches to continue the ongoing campaign to "Litter-ally" make SONORA SHINE.

Please direct your suggestions and enthusiasm to Box 1172, Sonora, or call 7-2880 or 7-3444.

"Litter stays with us much longer than you think!" is a brochure made available at the Beauty-Texas council meeting. The article reads that it takes a second to toss something where it doesn't belong.

How long does it take that same article to dis-

integrate! Banana peel: A week to six months; drink carton: Up to five years; Foam object: ten to twenty years; plastic container: fifty to eighty years; aluminum can or tab: eighty or one hundred years.

According to research: Local people are the worst uncovered pickup truck beds, though illegal, accounts for tons of Texas litter.

Littering is unlawful. Violators are subject to stiff fines. Sometimes their families are to pick up several miles of roadside trash, a very fitting punishment.

Tourism, a vital Texas industry, brings money into the state. Unsanitary litter mars vacations and discourages visitors from returning...another costly side effect of the litter problem.

THE SOLUTION: EVERY TEXAN MUST: Dispose of trash properly. Carry and use litter bags. Support community and state clean-up efforts. Use litter barrels and receptacles and KEEP TEXAS BEAUTIFUL!

Effie Harle, Tri-chairman, SHINE SONORA committee attended the Kerrville meeting.

Rosemary DeHoyas Visits Family

Rosemary DeHoyas, daughter of Mr. and Mrs. Alvaro DeHoyas of Sonora, visited for two weeks recently with her parents and sister, Irma Floyd.

She lives in Vancouver, Washington, 30 miles from Mt. St. Helen's and had several interesting stories

about the volcano's recent eruptions.

She also brought some ash and mushroom rocks from the area.

Miss DeHoyas will attend Clarks Community College in Vancouver this fall, majoring in computer processing. She is currently

employed by Red Lawn Motor Inn as a hostess.

Kristi Nicole Key Born August 11

Kristi Nicole was born to Mr. and Mrs. George Key Jr. on August 11 at Shannon Hospital in San Angelo.

She weighed eight pounds and was 20 1/2 inches long. She is welcomed by a brother, Alfred Perez.

Grandparents are Mr. and Mrs. Ignacio Romero of Sonora and Mr. and Mrs. George Key Sr. of Guthrie.

Paper, Postage Savings Due In RRC Rule Revision

Significant savings in paperwork and postage can be achieved under a revised proposal for determining gas well categories under the Natural Gas Policy Act of 1978, the Railroad Commission has been advised.

The revision, submitted by the RRC's NGPA section, was approved for publication and comment during the Commission's Monday conference on Oil and Gas Division matters. It replaces an earlier set of proposed rules (Rules

015.02.04.001-.004) on state alternative procedures in making well determinations.

Sandra B. Buch, NGPA section director, said the revision could eliminate some 250,000 pieces of mail and reduce RRC postage costs as much as \$37,000 per year.

The revised proposals are identical to those published in the Texas Register last June 13, except for the

deletion of the requirement that all "other sellers" formerly referred to as non-operators--be served with a copy of RRC Form F-1 and the Federal Energy Regulatory Commission Form-121 and be made a party to the NGPA proceeding.

"Deletion of this requirement is proposed because it has caused confusion and cost in the past," explained Buch.

Presently, an applicant for a gas well determination by the RRC must provide copies of Form F-1 and FERC Form-121 to the purchaser of the subject well's gas, as well as "other sellers" who sell the gas under a contract separate from the operator's contract.

This requirement often results in service lists of 200 or more parties in the processing of some ap-

lications. Such related. Such service lists would be pared drastically under the proposed revision, she cited. RRC well determinations for price categories of the NGPA are subject to decisions of the federal commission.

The Texas agency's proposed rule on state alternative procedures covers definitions, application procedure, documents supporting application, and commission handling of

applications. The revised proposals will appear in an early issue of the Texas Register.

Public comment is invited and should be sub-

mitted in writing within 30 days of the publication date to Sandra B. Buch, P.O. Drawer 12967, Austin, Tex., 78711.

34 Pipeline Permits Granted In July

A total of 34 permits for more than 102 miles in new pipelines were granted by the Railroad Commission in July 1980, according to the RRC's Administrative Services Division.

Twenty-three of the permits were for gathering pipelines and five were for trunk transmission lines. Six were for multi-purpose and other lines.

Twenty-eight of the newly permitted pipelines will transport gas, two will move crude oil and condensates, and four are designated for other materials.

Private pipelines accounted for all the permits. In July, Southeast Texas led other areas, of the state with eight new permits. Seven were granted in West Central Texas, five in deep South Texas, four each in the Midland and Refugio areas, three in the Panhandle, two in the San Angelo area and one in East Texas.

Production, Consumption And Importation Of Petroleum Products

During the last several months, we've seen a turn around in the drilling activity in the United States. The active rig count in the Permian Basin and the United States in approaching the all-time record set in 1956.

The primary reason for the increasing numbers is the gradual decontrolling of oil prices. American producers in the world in October of 1981. Crude oil production is up 2.4 percent over a year ago.

The Windfall profits tax

Excise Tax, however, continues to take between 30 and 70 percent of that additional income which seriously slows down greater U.S. production. The royalty owner pays 70 percent of their extra income to the federal Government.

Americans are using less gasoline than a year ago and most people believe it's due to the higher prices for the fuel. Gasoline consumption is down 7 percent from a year ago and refineries have plenty on hand. The Department of

Energy says that prices may be \$1.61 a gallon by December and \$1.99 by December 1981. Gasoline in most of the world is selling for about \$2.25 to \$4.00 a gallon right now.

And, we are importing less crude oil than a year ago. During the first six months of this year, we imported 201 million barrels of oil less than we did a year ago. During the latest week, imports are down 23 percent.

The rig count for last week was 329, one year ago it was 243.

Gas Productions Decrease From May Of Last Year

Texas oil and gas wells produced 580,093,901 Mcf of gas in May 1980, down 1.21 percent from field runs a year earlier.

Marketed gas production totaled 486,180,704 Mcf and reflected a 1.43 percent decrease from the May 1979 volume. Marketed production is the total gas to transmission lines, carbon black and plant fuel and lease use.

Gas exported from Texas in May totaled 276,975,158 Mcf. Natural Gas Pipeline Co. of America was the

month's largest exporter, moving 77,089,832 Mcf of gas which 42,101,696 Mcf was Texas-produced gas.

Exports of Texas-produced gas in May totaled 208,551,876 Mcf, and reflected an 11.76 percent increase from the year earlier month.

Texas gas production in May came from 206,125 oil and gas wells.

In April 1980, Texas wells produced 569,458,539 Mcf of gas. Marketed gas production in April totaled

484,102,600 Mcf. April exports of Texas-produced gas totaled 194,192,934 Mcf.

Industrial Production Down For May

Industrial production in Texas fell at a 2.6 percent seasonally adjusted annual rate in May, but was 2.6 percent above the level recorded a year earlier. The decline reflected reduced output in both mining and manufacturing.

Mining output as a result of a drop in drilling activity and a further decrease in output of crude oil. However, production of metal, stone, and earth minerals was up.

Decreased production of durable goods was responsible for the decline in manufacturing output, although production of non-

durable goods was up. Reduced output was evident in all durable goods industries except primary metals, fabricated metals, transportation equip-

ment, apparel, paper, printing and petroleum refining registered declines in output. However, increases in the production of food, textiles, and chemicals offset those declines and accounted for the small gain in nondurable goods manufacturing.

The manufacturing capacity utilization index edged down in May to 102.7 percent of the 1972 base.

NOTICE

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record. The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike matches. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Livestock Producers May Receive Help During Drought

Livestock Producers may receive three cents per pound of hay or other feed grain equivalent in cost share payments to help maintain their livestock operations through the current drought period. Howard W. Hjort, director of economics, policy analysis and budget of the U. S. Department of Agriculture announced Aug. 11.

Such assistance had been two cents per pound.

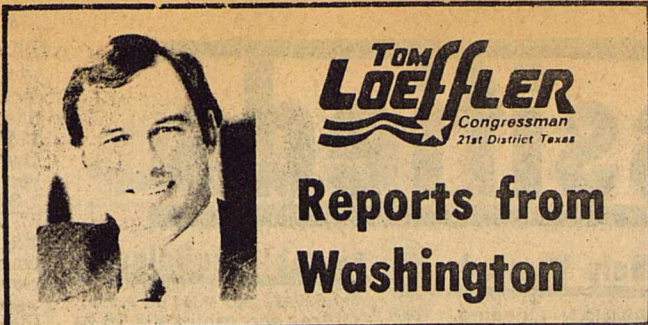

By law, cost-share payments cannot exceed 50 percent of the cost of the feed. Today's adjustment reflects this year's stronger prices for hay and other feeds.

The emergency livestock feed program provides payments to eligible livestock owners to cover a portion of

the cost of feed purchased to replace feed that normally would be produced on the farm had no natural disaster taken place.

Producers may apply for assistance at local USDA Agricultural Stabilization and Conservation Service offices.

Although the Emergency Feed Program feeding period expired May 31 in Sutton County and to date has not been reinstated, it is an ongoing program and producers who feel that their pastures have suffered a 40 percent or more loss due to drought and who are now having to feed above normal for this period may come to the ASCS Office and file an application for consideration.

Reports from Washington

Bureaucracy Must Serve People — Not The Other Way Around

The Federal government's reach has been exceeding its grasp for too many years.

Bureaucratic meddling into our daily lives, and regulatory overkill, have never been worse than they are today. A group of Del Rio citizens demonstrated recently that they had had enough of Washington's autocratic decisions. They challenged a decision that could have seriously adverse consequences for them.

On May 16th of this year, the Department of the Interior's Fish and Wildlife Service stated its intentions to pursue threatened species status for the Devils River Minnow, found in the Devils River near Del Rio. Part of the proposal also involved the protection of two non-contiguous portions of the Devils River and San Felipe Creek for the species.

No one would deny we must maintain a careful balance between man and nature. But we must also be mindful of potential threats to a community's or an individual's ability to protect and enhance their own environment.

The Fish and Wildlife Service has never substantiated its claim that the Devils River Minnow is threatened. On the contrary, the evidence presented by the Department of the Interior and the Fish and Wildlife Service conceded that very little is known about the fish — and that practically nothing is known about its actual numbers.

It seems to me — and to others who have been fighting this proposed threatened species designation — that you cannot prove a species of fish is threatened with extinction unless you have firm facts and figures about actual numbers.

The proposed designation is of enhanced importance because water is such a critical element in this part of the country.

Texas is now enduring one of the worst droughts in recent memory. Low water supplies, for both agricultural and daily needs, are reaching critical proportions. Yet the Fish and Wildlife Service remains uncertain about the consequences of its action on water supplies in the Del Rio area. Since its impact is unknown, any action which could result in severe restrictions on food and fiber production should be thoroughly evaluated beforehand — not afterwards.

It just makes common sense to base such decisions on conclusive evidence.

This apparently never crossed the minds of the bureaucrats in Washington, however.

They also seem to have ignored the fact that such a designation might unnecessarily block construction of a future flood control device in Del Rio. And no one seemed to consider the fact that other species of wildlife — including eight species of aquatic vegetation, 24 species of shrubs and grasses, and more than 35 other species of fish are now thriving in the Devils River — without any such threatened species designation.

These were the points many of us raised in testimony filed at public hearings on the matter in Del Rio on July 23.

I think we proved our case convincingly.

If the Director of the Fish and Wildlife Service carefully reviews the record of these hearings, I believe he will come to the same conclusion the rest of us have: that this proposed designation is unsupported by facts — and should be withdrawn immediately.

If not, the citizens of Del Rio and I will take whatever further steps must be taken to stop this proposed designation.

Government exists to serve people — not the other way around.

There is no place in our system of government for an arrogant bureaucracy — one that exerts its will on people regardless of the principles or actions or the consequences.

I will not stand by while actions just like those proposed by the Department of the Interior are forced on citizens — against their will and against the public good. The citizens of Del Rio proved they would not either.

Standing up to tell government it is wrong — then proving it — is a good sign: it means citizens and elected officials are willing to do whatever is necessary to reassert control over their government.

This is the way it should be.

Marsha Finklea Awarded Bachelor's Degree

The University of Texas awarded 408 bachelor's degrees from the College of Natural Sciences at the end of the 1980 Spring Semester.

The list, announced by Dean A.R. Schrank, includes Marsha Nell Finklea of Sonora.

Sonora ISD Is Processing Applications For Aides And Secretaries

The Sonora I.S.D. is processing applications for its educational aides and secretaries to comply with the policy for its certification of paraprofessionals as adopted by the State Board of Education on June 14, 1980.

Each person employed in the public schools of Texas who is assigned to a position as an educational aide or educational secretary must be certified according to the certification requirements for each position as established by the rules adopted by the State Board.

Individuals employed as educational aides or educational secretaries by a school district for the 1979-80 school year do not have to meet the requirements. Certificates will be issued for the level of assignment the individual held in 1979-80. However, all future employees must meet the requirements for aides and secretaries.

In accordance with the new policy the Texas Education Agency will be issuing through the Sonora Schools, paraprofessional, certificates for educational aides and educational secretaries.

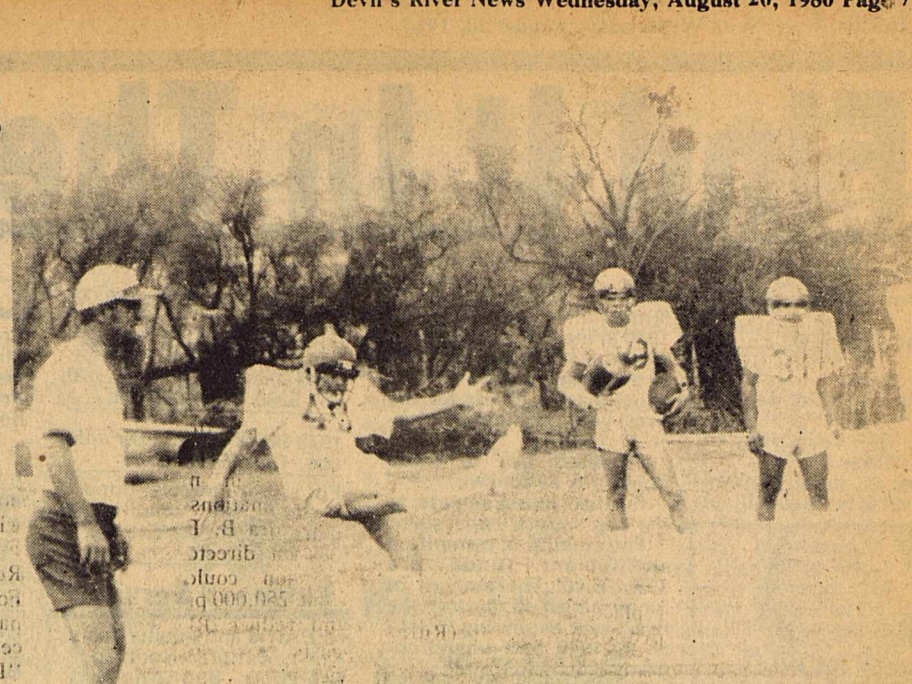

Engagement Told For San Miguel And Vela

Mr. and Mrs. Victor San Miguel wish to announce their daughter's engagement to Jesse Vela.

Mr. and Mrs. Reyes Lumberas are the prospective bridegroom's parents.

The couple plans a Feb. 14 wedding at St. Ann's Catholic church.

Vela and Miss Sonora Miguel are both Sonora High School graduates.

Coach Jerry Hopkins looks on his squad works on the kicking game during Monday morning's practice session. Despite being hard hit by nagging injuries and illness, the Broncos will face their first challenge of the year Friday night as they host the Wall Hawks for a scrimmage. The junior varsity contest will begin around 5 p.m., followed by the varsity at approximately 7 p.m.

International Rodeo Assoc. Sanctions Professional Rodeos

The International Rodeo Association is a national organization sanctioning professional rodeos in the United States with a membership spanning the globe. The IRA exists to serve all parts of rodeo from the contesting cowboy to the rodeo sponsor.

The serving of all segments of rodeo represents a radical departure from that of any sanctioning organization before or since.

And, judging by the IRA's growth, the concept has been phenomenally successful. The IRA has grown from an organization sanctioning a mere four rodeos in the first year of operation, to a dynamic organization sanctioning over 300 rodeos in 1979.

Unlike any other rodeo organization, the IRA is composed of all facets of rodeo. On an equal footing is its membership and management. This means that everyone in the sport — producers, performing acts, stock contractors, rodeo sponsors and contesting cowboys — works together for the betterment of professional rodeo.

Because of the IRA's unique organizational structure each segment of rodeo is equally represent-

ed and no one part is allowed to benefit at the expense of another.

This efficient structure is utilized to obtain benefits for the entire sport of rodeo as a whole while holding production and individual costs to a minimum.

By insuring that all segments of rodeo are in harmony, the IRA offers the most important element in rodeo — the rodeo spectator — a complete and efficient entertainment package.

The "entertainment package" concept of rodeo, unique to the IRA, has

proven most successful.

The IRA's entertainment package is directed primarily at the family unit as it enjoys almost universal appeal. It has something for everyone with no limitations as to age or sex.

In today's highly competitive entertainment market in which seemingly anything goes — from the ubiquitous X-rated movies to the omnipresent rock concerts — the IRA offers a refreshing change; a chance for the spectator and his family to watch top professionals compete in a sport that is a part of America's heritage.

your filter can get dirty, clogged, waste energy...

but a clean filter saves energy, money.

The purpose of a filter on your air conditioning or heating air blower is to help catch dust and dirt before it can enter your unit. In time, the filter will accumulate dust and dirt... if it gets clogged, it can't do the cleaning job it's supposed to and uses more electricity. To avoid damage to your unit and to save energy and money, be sure filters are clean. Permanent types can be cleaned according to the manufacturer's instruction. Non-permanent types should be replaced. It is wise to check filters every 30 days.

Sonora ISD Releases Regulations For Free Lunches

Dr. Joe Andrews, superintendent of Sonora schools has sent the following letter to residents of the school district informing them of the regulation for free or reduced-price lunches.

"The Sonora Independent School District serves nutritious meals every school day. Students in grades K-5 may buy lunch for 60 cents and breakfast for 50 cents. Extra milk is 7 cents for all students."

"Children from families whose income is at or below levels shown on the attached scale are eligible for free or reduced-price meals. If the children are eligible for free meals, they are eligible for free extra milk. The reduced price for lunch is 10 cents and for breakfast 10 cents. If your income is greater than those shown, but you have unusually high medical bills, shelter costs in excess of 30 percent of your income, special education expenses due to the mental or physical condition of a child, or disaster or casualty losses, your children may still be eligible."

"The school children of parents or guardians who become unemployed are eligible for free or reduced-price meals and free milk during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be at or below the levels shown on the scale."

"To apply at any time during the year for free meals and free milk or reduced-price meals for your children, complete the attached application and return it to the school. The information given on the application is confidential and will be used for only the purpose of determining eligibility for free meals and milk or reduced-price meals. Within ten days of receiving your application, the school will let you know whether or not your child-

ren are eligible. If you do not agree with the school's decision, you have the right to a fair hearing. This can be done by calling or writing Dr. Joe R. Andrews 807 S. Concho, Sonora, Texas, 387-2220."

"In certain cases foster children are eligible for these benefits. If you have foster children living with you and wish to apply for such meals and milk for them, please notify us or indicate it on the application."

"All children are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin."

The letter also contains a chart showing income breaks for family sizes that qualify for the program.

A one-member family qualifies for free meals with an income of \$0-5,230 and reduced meals at \$5,230-8,150.

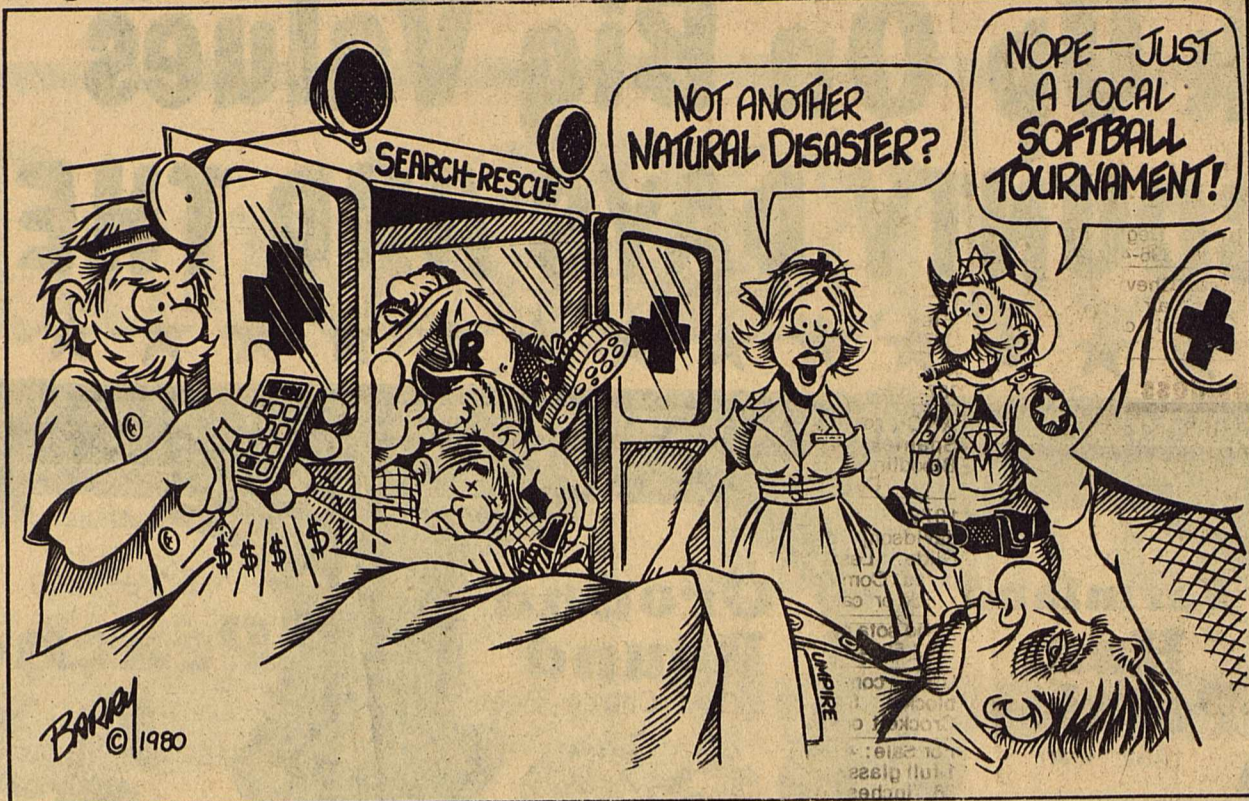

A two-member family qualifies on ranges of \$0-6,900 and \$6,900-10,760, while a three-member family qualifies on ranges of \$0-8,580 and \$8,580-13,380.

A four-member family qualifies at \$0-10,250 and \$10,250-15,990, while a five member family qualifies at \$0-11,930 and \$11,930-18,600.

A six-member family qualifies at \$0-13,600 and \$13,600-21,220, a seven-member family qualifies at \$0-15,280 and \$15,280-23,830 and an eight-member family qualifies at \$0-16,950 and \$16,950-26,440.

For each additional family member, an income allowance of \$1,680 is made for free meals and \$2,61 for reduced price meals.

Ice Cream
Milk

Correction

The pictures of Tracy Day and Debra Zapata were inadvertently stripped in the wrong slots when the DRN took last week's paper to the printers.

Part of the problem may have occurred due to a time element rush because of some mechanical problems at the press which was in its first week of operation.

The DRN offers its apologies to all concerned.

New Arrival Announced

I am a newcomer to Sonora and would like to meet everybody. I arrived in San Angelo last Sunday August 17 at about 12:30 noon and weighed 7 pounds 9 ounces. I was met and welcomed by Jack and Brenda Sykes who fell in love with me at first sight and I plan to make my home with them. My grandparents are Mr. and Mrs. Wesley Sykes of Sonora and Mr. and Mrs. Don Vaughn of Lamesa. I am beautiful my parents say. Come to see me. Colby Wayne Sykes 418 E. College St.

Wanted: Established merchant to sell "Discount In-Stock Wallpaper" on consignment (no investment except freight). Call Brian Nelson 713-467-3192. Discontinued Wallpaper Co. Houston.

Need occasional babysitter for 9 month old girl during school months. Days only. Perferred in my home. Call 387-5155.

Company wants 9-10 gun deer lease. Preferably with cabin. Interested in turkey or other game also. Write Roland Pesson, 708 East School, Lake Charles, Louisiana. 70805 or call 318-477-1283 between 7 and 3:30 Monday through Friday. Individual seeking area deer lease for season. 387-2393.

WORLD NEWS

FINANCIAL NEWS LIKE YOU'VE NEVER SEEN IT BEFORE.

Financial news that starts your day, that can make your day. As it happens. Live on television. Only on Cable News Network.

Regularly scheduled reports. From the floor of the New York Stock Exchange. Three times daily. What to expect from fluctuating world markets. Interviews. Interest rates. Financial news. From wheat fields to Wall Street to Zurich.

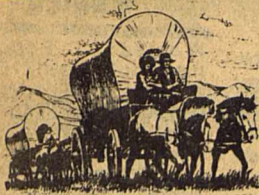

The Cable News Network. Your connection to financial news and all the news in the world.

All covered in a way television has never covered news before. Regularly scheduled. Immediate. Involving. And news as it happens, live. When it happens. In process. Unpackaged. News, in fact, 24 hours a day.

Television news like never before. Presented by Turner Broadcasting. Delivered only on cable.
