

Local Scouts To Join Other Youth and Leaders At Jamboree

The 40 youth and seven adults attending the 10th National Jamboree at historic Fort A.P. Hill, Virginia, will join over 28,000 other youth and leaders from the free world to

exchange ideas and improve world brotherhood - that will be an outcome - but the obvious will happen - fun, fellowship, competitive skill events, huge arena shows and many happy memories.

All the events and activities will be structured for participation by patrols of eight boys from the Jam-

boree Troop of four patrols with 36 Scouts in each Troop.

In addition to the 36 Scouts attending, four area Scoutmasters have contributed two weeks of their valuable time to give leadership to this contingent from South and West Texas; the Scoutmaster is

Lace E. (Gene) Hinnard of Robert Lee, First Assistant Scoutmaster Victor Meza of Del Rio, Second Assistant Scoutmaster Dr. Marcus E. Young of San Angelo and Third Assistant Scoutmaster Walter S. Campbell of Fort Stockton.

The Jamboree Troop is composed of Scouts from 11

area communities as follows: San Angelo, Del Rio, Christoval, Robert Lee, Sonora, Fort Stockton, Rocksprings, Uvalde, Ozona, Sanderson, and Eldorado.

Bill Skiff of San Angelo will attend the National Jamboree with the group from Abilene.

The Scouts will live in the largest tent city in the

United States and will prepare, cook and eat food in the own Troop site using the patrol method.

The local Scouters will serve in the Regional and National Staff positions to support the thousands of Troops and patrols as follows:

J.B. Ward of San Angelo

will serve on the National Transportation Staff to help coordinate the arrival and departure of over 28,000 Scouts. The arrival times are scheduled so that all 28,000 Scouts will be directed to their campsites and all Troop campsites will be completely set up in 24 hours. Their departure from the Jamboree site will be accomplished in one day.

James Young of San Angelo will serve as Assistant Regional Commissioner for the South Central Region Headquarters group and will give direction to program support for all the Jamboree Troops from the five state area comprising the South Central Region.

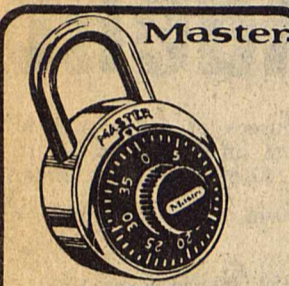

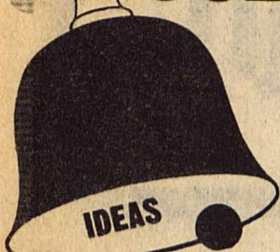

Jack F. Moore of San Angelo, Scout Executive for the Concho Valley Council, will serve as Youth Staff

Director for Sub Camp #14 of the South Central Region.

In addition three area youth will have special staff assignments at the Jamboree. Scott Wolff of Del Rio will be a member of the Official Jamboree Band and will perform at ceremonies, special events and arena shows. Mike Russ of Del Rio will serve as a member of the Brownsea Island Exhibits and Display Staff to demonstrate Scout skills and activities to stimulate the famous Brownsea Island Camp of Lord Baden Powell of England (Baden-Powell was the founder of the Scout movement).

Steven Marquez of Sanderson, will serve as Scouts Skills Instructor in the Brownsea Island display area demonstrating Scout skills and special programs.

Garrett Volunteers As Easter Seal Rep.

Ms. Roberta R. Garrett of the First National Bank of Sonora has volunteered her services as the 1982 Easter Seal Sutton County Representative.

She has shown her concern for handicapped citizens through her involve-

ment with Easter Seals.

The Texas Easter Seal Society now in its 51st year, provides such services as physical, occupational and speech therapy; orthopedic equipment such as wheelchairs, walkers and crutches hearing evaluations and

transportation to rehabilitation centers.

Funds are used to serve individuals in this area regardless of financial status or disability.

Today as programs and services for the handicapped increase in magnitude

and complexity, the need for the disabled person to obtain information on referral and follow-up services become increasingly evident.

Many disabled people are not receiving the services they require, despite

the availability of such services, simply because they do not know where to go for help. If you are handicapped or know someone who is, contact your

Sutton County Easter Seal representative, Mr. Garrett as the First National Bank of Sonora.

To request additional assistance call the Easter Seal Action Line number toll-free at 1-800-492-5555 Monday through Friday from 8:30 a.m. to 5:00 p.m.. Ask for the Treatment and Service Coordinator and your request will be handled immediately.

Betsy Allen Attends Enrichment Program

More than 120 gifted youths attended a two-week educational enrichment program at Texas Tech University July 19 to Aug. 1.

Students, ages 10-15, took advanced courses in the sciences, math, computers, engineering, the fine arts, philosophy, crea-

tive writing, law and medical science.

To be eligible for the program, students must have demonstrated high performance in achievement tests, above average intelligence and creative thinking ability or exceptional skill in the arts.

Participants included:

Betsy Allen, 13, daughter of Mr. and Mrs. Gus Allen.

The program is a second 1981 session in what is planned as an annual summer event at Texas Tech. During the program, participants receive class, group and individual educational experiences.

Texas Tech University

President Lauro F. Cavazos said, "The program is a unique opportunity for Texas Tech to have these young people visiting our campus. We are providing a wonderful opportunity for these students to expand their horizons as well as meet and interact with other gifted young people."

Meador Land Co. Announces Openings

Meador Land Company announces the opening of additional offices at 800 Davis Building, Dallas, Texas. Jonn D. "Rusty" Meador, vice president, business development, will head this new division of the independent land and

oil and gas development firm.

Meador is a 1972 graduate of Southern Methodist University, majoring in public communications and has been associated with the company in his present position for the past three

years.

Meador Land Company is involved in oil and gas lease purchasing in Texas and New Mexico, and in exploration and production of oil and gas in the Permian Basin of West Texas.

A family held corporation organized in 1978 with offices in Eldorado, other members of the firm include Ed Meador, president, Lynn Meador, vice-president, operations, and Dale F. Lipsett, secretary-treasurer.

Jacoby of Menard Appointed Chairman

Secretary of Agriculture John Beck has appointed William R. Jacoby, of Menard, as chairman of the Texas Agricultural Stabilization and Conservation Committee. Named as committee members were Vernon (Hap) Bratcher, of Lamesa, Zack B. Fisher, of Memphis, Alfonso V.

marily cotton and some grain, such as milo and wheat.

Margo, of Rio Grande City, and Worth L. Matteson III, of De Kalb. The committee administers federal farm programs in Texas.

Mr. Jacoby, 54, has ranching operations in Menard, Sutton, Kimble and Edwards Counties. Hd and Edwards Counties. He

has been engaged in marketing sheep, goats, cattle, wool and mohair for the last 33 years. He is a member of the Texas Sheep and Goat Raisers, the Independent Cattlemen's Association of Texas and the Texas and Southwestern Cattlemen's Association. He has served as an ASC county committeeman.

Mr. Bratcher, 58, has been farming since 1941 and since 1974 has farmed in partnership with his son. Their present operation of 1,760 acres produces pri-

"Because I offer life, health, home and car insurance, I get to know my policyholders and their needs."

Chamber Chatter

By Lou Thomas

Organizations that wish to have their events included in the Calendar of Texas Events, published by the Travel & Information Division, State Department of Highways and Public Transportation need to call the C of C Office immediately. Information may be called in if you will call the C of C office at 7-2880.

Texas Monthly GUIDE TO TEXAS, to be published in the spring of 1982.

The Texas Agricultural Extension Service will be a Rural Industrial Development ten-week Self Study Course and Workshop at College Station. Workshop: Decemberr 1-3 and Study Course Sept. 21 through Nov. 27. The study course and workshop is designed for community leaders from cities and towns under

50,000 population. They are designed to serve the needs of the volunteer industrial development leaders and elected officials in city and county government and those who are new to the industrial development field as part-time professionals, including those working in local industrial development agencies (private, civic or public), chamber of commerce, financial institutions, news media, public utilities or community development agencies.

Registration information is available at the C of C office located in City Hall on Main Street. The study course and workshop is sponsored jointly by the Texas Industrial Commission, Department of Agricultural Economics and Texas Agricultural Extension Service and the Texas A&M University System.

Crockett County Clerk and Mrs. David Weant will be two of the out of town judges for the Little Miss and Little Mister Contest during Sutton County days, on Saturday morning, August 22nd. Friendly face around town last week was Sara McAndrew, visiting the county library.

Bentsen Comments On Drug Abuse

By Sen. Lloyd Bentsen
In the war against drugs, we need to muster all our resources to stamp out illegal drug abuse. It is obvious that more must be done in Texas than has been done to this point, because there has been an alarming increase in the illegal manufacture and use of drugs in our state -- up by 63 percent in 1980 alone.

clined slightly, from 1.5 million pounds to 1.25 million pounds.

We've also seen a drop in the manufacture of PCP, known as "angel dust" which I consider the most dangerous illicit drug in use today.

According to DEA estimates, "angel dust" manufacture in Texas decreased from 200,000 units in 1979 to 150,000 in 1980. The President signed into law in 1978 my bill making it harder to obtain piperidine -- one of the key elements in this drug -- and the DEA indicates that this new law has helped their efforts to curtail "angel dust" abuse.

We can't rest easy, though, until we totally eliminate this drug -- which can literally drive people crazy -- as a threat to Americans.

I have other anti-drug legislation pending in the current Congress. One such measure, for example, sharply stiffens the penalty for pilots involved in drug smuggling. Currently the Federal Aviation Act provides only a \$1,000 fine and a one-year flying certificate suspension. My proposed amendment sets a maximum five year prison term, a \$25,000 fine and revocation of the pilot's license.

I have also introduced legislation to provide longer prison sentences for

persons who commit crimes while free from jail on bail.

My bill mandates consecutive sentencing for individuals convicted of federal crimes while they are free from jail on bail. It would require that in these cases the sentences for any additional crimes to be in addition to -- and not run at the same time as -- the sentence for the first time. Someone in these circumstances, convicted of three armed robberies and sentenced to ten years for each robbery, for example, would serve only ten years if the sentences run concurrently. But 30 years would be the total time in prison if the sentences run consecutively, as I think they should.

Clearly, the overall picture indicates that we are losing the war against

drugs in Texas. We simply cannot allow the drug pushers and smugglers to gain the upper hand in this battle.

In the 97th Congress, I intend to redouble my efforts to gain passage of anti-drug legislation and to take any other steps that are necessary to show drug-dealing criminals that we Texans are not easy prey for their deadly operations.

Farm Animal Donations Requested

Donations of farm animals and merchandise are being requested to help support Boysville's FFA and 4-H programs in its annual charity auction Saturday, Sept. 12, at San Antonio Union Stock Yards. The 38-year-old boys' home which has cared for 2,200 victims of broken homes, seeking to raise them into responsible adults and good citizens, has 41 youngsters enrolled in the FFA and 4-H activities under the direction of its farm and ranch manager, Vernon (Nub) Jones.

checks directly to Boysville at P.O. Box 6646, San Antonio, Texas 78209. The auction is the one big fund-raising effort for Boysville which is totally dependent on the general public for financial support in order to give the 90-plus youngsters at the home a fair chance in life.

the 16th consecutive event at the stockyards, 1617 So. San Marcos street, and expressed the gratitude of Boysville to Carlton Hagelstein for permitting the boys' home to use the stock yard facilities all these years.

"Boysville's Women's Auxiliary," the chairman continued, "will have a colorful country Store offering home-baked goods, preserves, jams, jellies,

relishes and needlecraft items such as quilts, bonnets and aprons."

"Should those who have no animals or merchandise wish to contribute," said Liljenwall, "they can send

Goat Field Day Set For Sept. 1

Sept. 1 is the date set for an Angora Goat Field Day in Fosque County, emphasizing predator and brush control. The field day will begin

at 8 a.m. with registration in the Clifton Community Center. Presentations on Angora goat production and predator control will be at the community center.

Sutton County Days is nearly here again, and the Devil's River News is making plans for an often requested special edition on Sutton County Days to be published the Wednesday prior to the festivities on Aug. 21-22. The special publication will contain stories on the many, many events planned during the two days including the parade, rodeo, dance and games and booths on the Courthouse lawn. Also included will be pictures of past Sutton County Days (some never published) and pictures of this year's rodeo queen candidates.

"We have had several people ask us about doing something like this for Sutton County Days for the past few years and we felt like it was time," DRN editor Don Holdridge said. "We feel like this will be an appropriate way to honor all those people who have worked so hard over the years in making Sutton County Days such a huge success." The publication will also be used by the Chamber of Commerce throughout the year in helping publicize the event throughout the state. The deadline for advertising or for submitting story or picture ideas will be Wednesday, August 12.

First Assembly Holds Revival

The First Assembly of God Church is having special weekend REVIVAL services Friday and Saturday, July 7th and 8th at 7:30 p.m. nightly. Also Sunday evening at 6 p.m. These services will feature special singing, testimonies, and the preaching of the gospel. Evangelist Danny Copeland of Odessa will be ministering the word of God nightly. Come and worship the Lord at 413 Concho.

Recertification For Pesticide Applications Nears

The more than 11,400 Texans currently certified as private pesticide applicators in the Texas Department of Agriculture (TDA) Vernon and Odessa districts will be receiving recertification forms soon, Commissioner Reagan V. Brown has reported.

The forms will help TDA update department files on licensed applicators. The TDA Vernon district includes the following counties: Hardeman, Wil-Upton, Crane, Ector, Winkler, Ward, Loving, Reeves, Culberson, Hudspeth, El Paso, Jeff Davis, Presidio, Brewster, Pecos, and Terrell.

The recertification program will continue through the summer, and all 116,000 private applicators in the state will be recertified, Brown said.

"TDA has been certifying applicators for five," noted Brown. "We're sending renewal notices to applicators to update files barger, Clay, Montague, Jack, Wise, Parker, Palo Pinto, Wichita, Stephens, Young, Archer, Baylor,

Throckmorton, Shackelford, Haskell, Know, and Foard.

The TDA Odessa district includes the following counties: Andrews, Martin, Howard, Mitchell, Nolan, Taylor, Runnels, Concho, Menard, Sutton, Schleicher, Tom Green, Coke, Sterling, Irion, Crockett, Reagan, Glasscock, Midland, with current addresses, and delete persons that are inactive, deceased or no longer farming. In addition,

the current list will enable us to send these applicators timely information and keep them up to date on current laws."

The recertification program resulted in part from Senate Bill 602, introduced by Senator Bill Sarpaliusd of Herford. The bill amends the Texas Pest Control Act, which sets procedures for certifying pesticide applicators.

The ten-week recertification schedule is on a county

by county basis and it may be that applicators in some adjoining counties may not receive their renewals at the same time, Brown said.

"In addition," Brown noted, "Although many of the applicators have moved and may not have received their

forms, they are not relieved of their responsibility to get recertified. It is to be noted by competent authori-

"If they read about the program or hear about it through a neighbor, they should contact the nearest TDA district office or their local county agent for the appropriate forms," Brown said.

"Only private applicators currently certified by TDA are involved in the program," Brown emphasized. "Commercial and non-commercial applicators are not included, as they are

required by law to have their licenses renewed annually."

Applicators do not have to be retrained or attend meetings, and there is no fee involved, Brown continued. Even new applicators who have recently received their pink certificates need to fill out the application. The new certificates are blue and will be dated.

"If an applicator charges a fee and sprays for the public, he needs to get a

commercial or non-commercial license," Brown said. "Certificates are issued to individuals, not to a farm, ranch or nursery. The certificates are also valid in New Mexico, Arkansas, Louisiana, Colorado and Nebraska."

Questions on these and/or other areas should be directed to the Texas Department of Agriculture, attention Charlie Rogers, P.O. Box 12847, Austin, Tx. 78751 or any of the twelve TDA district offices.

Great Plains Conservation Program Celebrates 25th Anniversary on Friday

August 7, 1981, should be a historic day for farmers, ranchers, soil and water conservation district directors, and all of us who depend upon agricultural products for our food and clothing.

The date will be the silver anniversary of the Great Plains Conservation Program, Virgil Polocsek, district conservationist for the U.S. Soil Conservation Service at Sonora said this week.

"Just 25 years ago, on August 7, 1956, President Eisenhower signed into law the bill authorizing the program," Polocsek said. "It is available to producers in the ten Great Plains states -- stretching through the Nation's breadbasket from North Dakota to Texas."

GPCP helps farmers and ranchers solve problems of wind and water erosion, drought, and other resource related problems with technical and financial aid based on conservation plans tailored to each farm or ranch.

The first Great Plains contract in the local Edwards Plateau Soil and Water Conservation District was signed by Joseph Vander Stucken. The land

is still owned by Vander Stucken who continues to add conservation practices. Eighteen contracts protecting 143,851 acres have been signed in Sutton County.

"Grass seeding, brush management, livestock water facilities, cross-fences, and livestock grazing programs are among GPCP practices on which a landowner can receive technical and cost

sharing assistance," Polocsek said.

The conservation practices in a GPCP plan are scheduled to be applied over 3 to ten years. The U.S. Department of Agriculture has assigned leadership of the program to the Soil Conservation Service.

"All problems aren't solved in the Great Plains," Polocsek said. "But since the program has been in operation, wind erosion has

not caused the tragic damage of the dust bowl days of the 1930's and the drought of the 1950's."

"The terrible drought of 1980, however, threatened approximately 11 million acres with wind damage," Polocsek said. "While the disaster did not happen in 1980, the drought and the resulting threat show that we can never let our guard down when it comes to protecting our natural resources."

Farm Bureau Calls For Stronger Med-fly Quarantine in California

The Texas Farm Bureau has asked the federal government to strengthen the quarantine on fruits and vegetables from the Mediterranean fruit fly-infested quarantine area of northern California.

"The spray area should be expanded to include a one-and-a-half mile buffer zone around all areas in which medflies have been found," TFB President Carrol Chaloupka said in a telegram to President Reagan.

The Texas farm leader also told the President: "We are in complete agree-

ment with your decision to deny the request of California Governor Jerry Brown Jr. to declare fruit fly-infested area a federal disaster area.

"We believe that the California governor has contributed to the spread of the fruit fly. We feel his actions have jeopardized an important part of the nation's food supply. In our opinion, he and the misguided so-called environmentalists of his state have permitted the spread of the infestation through their inaction.

"Governor Brown was told by competent authori-

ties a year ago that the then small outbreak could be eliminated through three simple steps: stripping of trees and ground spraying, introducing sterility flies, and most important, permitting aerial spraying of the common garden pesticide, malathion. This is how we quickly and successfully rid the Rio Grand Valley of Texas of the dreaded pest in 1967.

"Yet, the Governor refused to use the safe aerial spraying, electing instead to mobilize an army of workers on the ground in a futile, \$23 million effort to eliminate the pest. Accord-

ing to officials of the American Farm Bureau Federation, the medfly could have been eradicated in 1980 with an effective spray program at a cost of only \$128,000."

Spanish Translators Available For International Roundup

Translation won't be a problem for non-English-speaking ranchers, ranch managers or foremen who want to attend the International Rancher's Roundup. The big meeting of ranchers from around the world is set for August 11-13 at the Civic Center in this progressive border city. Recognizing that many ranchers would like to have

their Spanish-speaking managers or foremen attend the broad-based conference, Roundup organizers have obtained the services of one of North America's premier translation firms.

The anticipated large turnout of influential Mexican ranchers also accelerated the need for extensive translation services.

A team from Mexico City, complete with the most modern equipment and trained operating technicians, will be on hand for general and concurrent sessions. A special registration format has also been arranged to accommodate Spanish-speaking participants.

"Translation is a major obstacle to hurdle when planning an international activity of any type," stressed Dr. Lary White,

Texas Agricultural Extension Service range specialist and Roundup co-chairman.

"We have over 110 ranching experts from several states and five countries appearing on the program and we don't want our Spanish-speaking friends to miss any of that information," White said. "We certainly don't want the language barrier to be the reason for any Spanish-speaking person not attending the Roundup."

Over 1,000 ranchers, many from diverse locations on the map, are expected to attend the three-day event. Motel accommodations can be made by contacting the Del Rio Chamber of Commerce (512/775-3551). Chamber personnel maintain a daily list of vacancies. Several motels are already reported to be short of rooms.

Long-term credit that's productive.

Quilting Class To Be Offered

A free 5-day Quilting Class will be offered this next week, Aug. 10-14, at the Sonora High School

Homemaking Department. The class will be meeting for 2 1/2 hours each day at the department. Mrs. Barbara Savell will be teaching this class. Participants will be making a quilt square that can be made into a picture or a pillow. The Class is free. However, the enrollment is limited, due to space. Persons interested in enrolling in the class may do so by calling Mrs. Diann Keller, High School Homemaking Teacher at 387-3328 or 387-2313; or Mrs. Sarah Wade, County Extension Agent, at 387-3604 or 387-3946.

Persons interested in the class will need to bring their own supplies to the first class (Monday, August 10, 8:30-11:00 a.m.). The supplies that will be needed include:

- 2 or 3 colors of contrasting or coordinating fabric (1/4 yds. each);
- thread;
- small, sharp needles;
- thimble;
- 1/2 sheet poster board;
- 1 sheet, fine sandpaper

- sharp scissors;
- pins;
- hem gauge;
- clear plastic ruler;
- 20" square piece of batting;
- OPTIONAL 12-14" heavy, wooden, adjustable hoop;
- OPTIONAL 20" square heavy interfacing.

Don't forget--a free 5-day Quilting Class, Monday Aug. 10 - Friday, Aug. 14 from 8:30 - 11:00 a.m. daily at the High School Homemaking Department. Please call to preregister today...

The class will be sponsored by the Sonora High School Homemaking Dept. and the Sutton County Extension Office. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, or national origin.

Trey Preston, age 10, from Eldorado was the youngest entrant in the All American Washer Pitch held Saturday.

Gun Club Meeting Set

The regular meeting of the Sutton County Gun Club will be Tuesday night, August 11, at 8 p.m. at the HNG building.

All members are urged to attend. Anyone interested in joining the club should also attend.

**Budget Reconciliation:
After The Votes**

The largest conference committee in congressional history is underway as members of the House and Senate meet to reconcile differences in their budget savings proposals. It is by most accounts the most extensive legislation ever confronted by conferees.

The numbers are staggering in their own right. In the House of Representatives 209 conferees were appointed to work in the 58 mini-conferences to resolve the large number of issues contained in the bill.

Progress has been good to date. Nineteen subconferences have met and 14 officially resolved. Another 14 will soon be completed. That means that within the first two weeks of the process almost one-half of all subconferences will be completed. While in many of these cases agreements are close, in a bill of this size — between 4,000 and 6,000 pages — it takes days just to put all the pieces in place.

Budget reconciliation means that Congress sets an overall spending limit and then, if existing laws and spending commitments exceed the total, prepares a separate bill to reconcile the parts of the whole. The reconciliation measure changes the underlying laws (of authorizing committees) and limits spending decisions (of appropriations committees) to stay within the total. Reconciliation, in the technical sense, takes precedence over both prior authorizing and subsequent appropriating legislation.

Congress established federal spending limits this spring in its first budget resolution. The two houses told 29 committees — 15 in the House and 14 in the Senate — to save approximately \$36 billion by changing existing laws. Each committee was directed to save a specific amount.

What happened after that is now part of the history of President Reagan's program for economic recovery. The Senate approved its measures by an overwhelming vote while in the House we were able to pass a bipartisan substitute — on a very close vote. Both versions exceeded the original estimate and came up with savings of about \$38 billion.

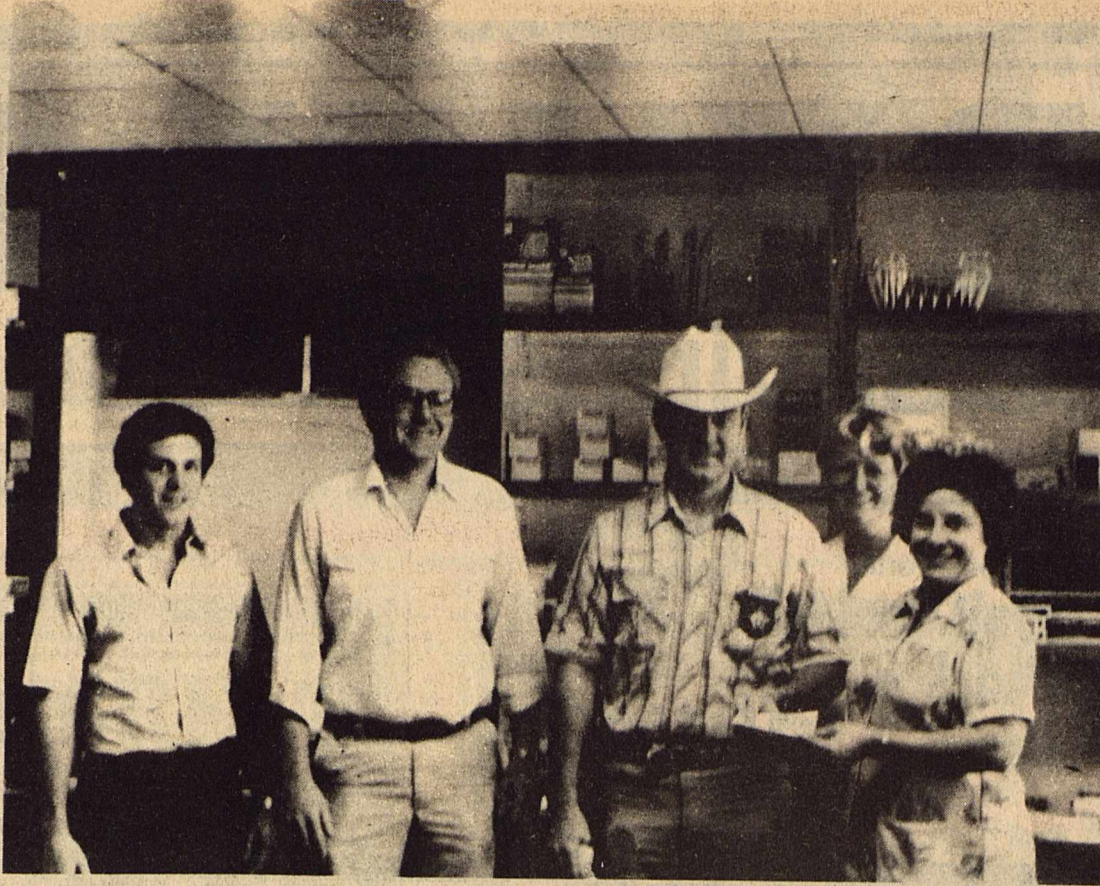

While the massive reconciliation document addresses at least 100 programs, the legislation is not a budget bill per se, in that it does not cover all programs or even all budget functions. It includes only those functions and programs for which additional savings were directed in the first budget resolution passed May 7.

The reconciliation conference committee, therefore, focuses on conflicting areas. Major disagreements exist in such areas as Medicaid, housing, health services, block grants, telecommunications and other funding areas — all matters of national interest.

What happens in this process staggers the imagination. But it will give you some idea of the complexity of budget legislation and say something about the people in Congress who do yeoman work behind the scenes: the staff.

Out of the limelight, in offices throughout the Capitol, more than a thousand congressional aides are playing lead roles in exploring where there may be areas of agreement but also planning the compromises necessary to win conference approval. Frankly, that is the method by which hundreds of issues are resolved in a couple of weeks. This institutional process works; it is the heart and soul of our legislative process.

Technical issues are not always clearly articulated during debate but nevertheless make up the body of law. They simply have to be correct.

Petroette treasurer, Delores Hodges, presents Sonora Youth Activities Corporation president Bill Webster a check for \$500. The money is to go for more dances for the youth or operational expenses for the corporation. Youth activities officers Kirk McClellan and F.W. Ferrell and Petroettes president Margaret Cascadden were also present.

**Ranchers To Hear Experts
At Roundup Aug. 11-13**

There'll be a big roundup in this Southwest Texas border city next week. However, it won't be the traditional type roundup folks in this region are accustomed to seeing. Instead, hundreds of ranchers will be gathering August 11-13 to hear over 125 of the top ranching experts in the world.

Two dozen ranching enterprises, eight state/Federal agencies, numerous producer concerns, and 12 agricultural universities from as many states will be represented on the giant broad-based program.

It's all part of the International Rancher's Round-

up which will be held at the city's Civic Center and high school.

Thus far, about 300 persons have pre-registered to take advantage of a pre-registration fee discount and make the tour deadline. About three or four times that number is expected to participate.

"We have been working over a year planning the type conference ranchers have requested—one that covers the entire ranch operation," stressed Dr. A.L. Hoermann, Texas Agricultural Extension Service livestock specialist and Roundup co-chairman. "This could very well be

the largest number of ranching experts ever assembled anywhere in the country for an educational activity. We certainly want the participants to get their money's worth."

Hoermann added that entertainment activities will occur each evening after meetings have concluded.

A 500-page bound copy of the proceedings containing most of the talks presented during the three day-long session will be available.

Ranchers who plan to attend but haven't pre-registered should make motel arrangements at their ear-

liest convenience, suggests Hoermann. He said several motels in the Del Rio area are already filled and the expected late minute flood of participants may result in room allocation problems.

However, Del Rio Chamber of commerce personnel are assisting ranchers locate motel rooms. Participants are urged to phone the Chamber office (512/775-3551) which maintains a daily log of vacancies.

Planners say response to the Roundup has been very enthusiastic with some activities already closed out, including the two ranch tours.

**Community
Calendar**

- Wednesday, Aug. 5
Chamber of Commerce Board of Directors 7:30 p.m.
- Monday, Aug. 10
