Park Improvements One Topic Of Commissioner Court

County Park Board President Tryon Fields met with the County Commissioners during their regular monthly meeting Monday to discuss improvements to be made at the park.

The Commissioners passed a motion to advertise for bids for a restroom and concession stand that will be built in a central location between the baseball fields and to advertise bids for a fence to be constructed between the softball fields and the rodeo arena.

County Extension Agent Preston Harris informed the commissioners that the 4-H Center will be dedicated to the Clint Langford Memorial 4-H Center during the wool show on June 12.

He also informed the Commissioners that a fee for renting the 4-H

Center will be as follows: \$40 for youth groups, \$100 for adult groups and \$40 cleaning deposit.

Members of the Hospital Board met during the meeting to discuss the financial state of the hospital. A special meeting will be held Monday, May 24 to further discuss the hospital situation.

The Commissioners met with Scott and Gene Shurley and Beverly and Elmer Wilson and passed a motion to allow the Wilsons to put a goat cattleguard on the road leading from the Ft. McKavett Highway onto their land.

Bids were proposed from Sonora Ford Sales for the purchase of two dump trucks for the Road Department. The trucks will cost \$14,266.94 each. The Ford bid will be accepted for final approval at the meeting on May 24.

The Commissioners also passed a motion to allow the Little League to play their games on one of the fields at the Park.

Bank Charter Approved

The organizers of the proposed Sutton County National Bank were notified of preliminary approval by banking authorities Monday morning.

The notification was preliminary in nature and the Devil's River News was told that it would be confirmed formally within the next few days.

Senior Bronco Band Members: (front row) Efrain Torres, Nanette Sanchez, Armando Martiniz, Sulema Garza, Patsy Duran, Tracy Thompson, and Anna Martinez.

(back row) Cathy Poloccek, Scott Sav-

eli, Jackie Johnson, Laura Cayce, Tonya Ridgeway, and Benardo Solis.

Bronco Band Receives First Division At Festival

The Mighty Bronco Band took part in the Annual Sandy Lake Band Festival held in Dallas. The Bronco Band received a First Division rating in Concert playing. Then at the end of the day when all of the bands had finished competition, the Sonora Band was named "The Outstanding AAA Concert Band" of the Sandy Lake Festival.

Judges for the contest were Dr. Francis McBeth, "Good clarinet sound...Very good work, band! Great teaching, Ed... proud of you."; Claude T. Smith, "Super

opening...great to hear a band play sustained...Exciting sounds on the reeds! Superb band sound, well schooled...thanks for working so hard to play so well."; Tom Rhodes, "Beautiful tone quality...very mature sounding band! A very musical organization, very well taught band. A most outstanding director and group of students! You should be very proud!"

After the competition the Sonora group enjoyed a day at Six Flags over Texas. And returned home with two large trophies. Accompanying the

group were: Mr. and Mrs. Ken Cayce, Mr. and Mrs. Richard Samaniego, Mr. and Mrs. Weyland Rapp, Mrs. Joe Luttrell, Mrs. Ed Martinez, and Ed Martinez Band Director.

Highlight of the trip was the annual Band Banquet held in Fort Worth. Homer Samaniego, a junior, was named the Drum Major of the Mighty Bronco Band for next year. The Senior band members presented a poem especially written for Mr. Martinez from them. Then the Seniors each gave their farewell speech to the Bronco Band.

Martinez, Penalver To Compete In State Tennis Meet

Armando Martinez and Mike Penalver will be representing the Bronco tennis team at the State Meet in Austin after winning the AAA Regional Meet in Lubbock on May 4 and 5.

Going into the meet the doubles team of Martinez and Penalver were seeded number 3. They defeated Sonora 6-1,6-0 in the first round and in the quarter-finals, defeated seeded Dalhart 6-3,6-1.

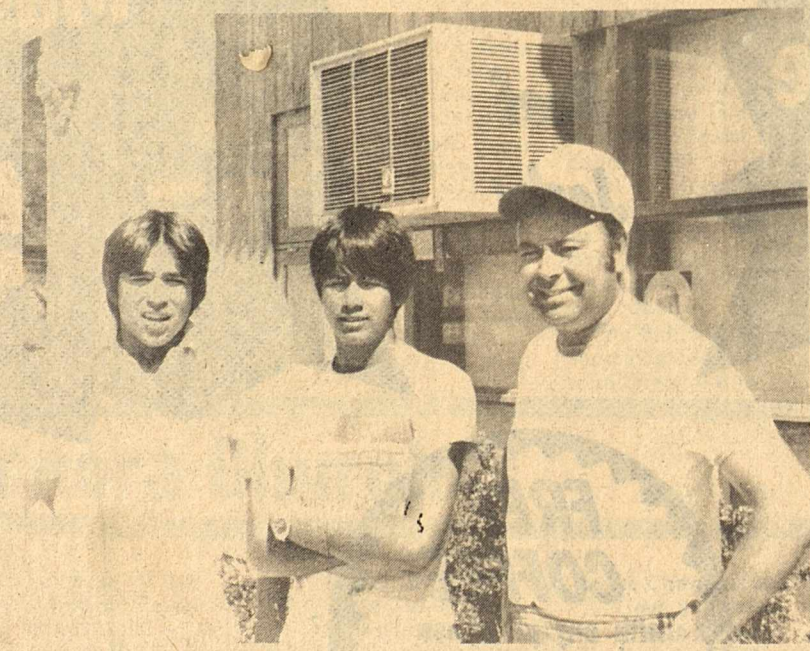

The Broncos met their toughest match when they met the team from Oydada in the Semi-Finals. Martinez and Penalver blew past the Oydada team in the first set 6-1. The second set went into a tie-breaker and the Sonora team took the tie-breaker 7-1.

The Final round was a match against two 8-AAA teams when Sonora met with Coleman. The Broncos beat the Coleman team of Martin and Wilson 6-1,6-2.

Steve Jennings played in the singles competition of the meet. He defeated Lynn of Slaton, 3-6,6-2,6-2

in the first round of Regional competition. Jennings was then de-

feated in the Quarter-Finals by Abilene Wylie's Volger 6-1,6-0.

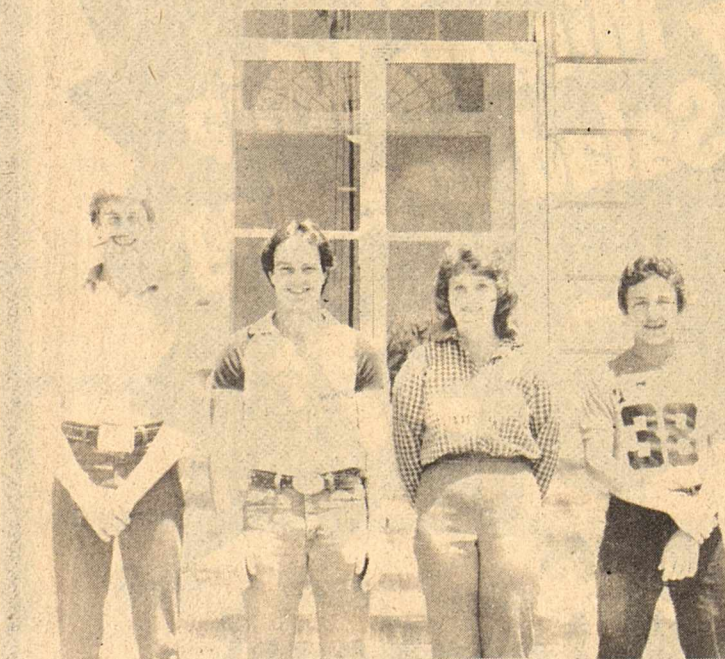

Armando Martinez, Mike Penalver, Coach Solis

Bacclaireate Set Sunday

Bacclaireate services for the Seniors of 1982 will be held Sunday, May 16th at the High School Auditorium.

The speaker will be Reverend David Griffin of the First Methodist Church.

ictured are the newly elected Student Council Officers for SHS: Philip Whitehead, President; Philip

Kemp, Vice-President; Sonya Ridgeway, Secretary; and Rene Porras, Treasurer.

Petroett President Margaret Casadden presents Lenora Bullock and Georgia Luckie of the Sonora E.M.S.

with a Kendrick Extraction Device. The K.E.D. is used with back and neck injuries and can be applied with

minimal risk of further injuries. The petroetts raised the money for the K.E.D. at the recent Plant Party.

Local DPS Reports Accidents

A one-car accident Monday morning resulted in a fatality 22 miles east of Sonora on IH-10.

Tammy Lynn Smith, 19, of Traver City, Michigan was pronounced dead on the scene after the 1980 datsun she was driving veered off the road and flipped several times when she overcompensated. Smith was thrown from the car as it overturned.

Also injured was Paul Roy Owens, age 21, and a passenger in the car, who was treated and released at Hudspeth Hospital.

Investigating the accident were DPS troopers Carlos De La Rosa and Archie Crenwelgie.

Two persons were injured Sunday night in another one-car accident 4 miles east of Sonora when their

car ran off the road and rolled over an embankment of 35 or 40 feet.

Tina Marie Steffen of Houston and Barbara Lynn Jeans of Seattle were reported in good condition after the accident.

Friday night a father and son were involved in a one-car accident when their car ran off the road and rolled

onto the top of the car.

Within minutes of the first accident, a wrecker was crossing the median to assist the car when a westbound car slowed up to view the accident and another car ran into the rear of the first car. The car was pushed into the median and the second car ran into the wrecker that was parked in the median.

Ever wonder if you might be diabetic? Or anemic? What's your blood pressure?

You can get the answers to all these questions during a Health Fair, Saturday May 15th at Sunset Mall. In recognition of National Hospital Week, Angelo Community, St. John's, and Shannon West Texas Memorial hospitals are joining together to stage the screening clinic/health fair.

Theme for National Hospital Week is "You've Got

A Friend in the Hospital," and the city's hospitals are providing this service as an expression of friendship and goodwill.

Tests available from noon to 6 p.m. are diabetic screening, anemia screening, and glaucoma screening. Blood pressure will be taken from 10 a.m. - 6 p.m. There is no charge for any of the health fair activities.

Cardiopulmonary resuscitation and cast application demonstrations are scheduled. One-man, two-man, and infant CPR will be

demonstrated at noon, 3 p.m., and 5 p.m. Cast application will be featured at 1 p.m., 4 p.m., and 6 p.m.

In addition to the demonstrations and screenings, a food and nutrition booth will be provided by ARA Food Services, which operates in all three local hospitals. A variety of recipes

will be distributed.

Preceding the health screening clinic will be a Diaper Derby for babies ages three-to-nine-months old. Prizes will be awarded to winners of each age group crawl. In the rattle toss, the first baby to toss a rattle and the one to toss the rattle the furthest will be winners. Prizes will be

awarded for the "Daintiest" and "Dampier" diapers. There is no entry fee. Entrants should be at Sunset Mall near Penney's by 11 a.m. Saturday.

In conjunction with the screening clinics, each hospital has a display explaining its facilities and services.

Lackey To Publish West Texas Magazine

West Texas Business, a magazine established to focus on business and industry, will make its debut to readers this summer.

Headquartered in San Angelo, the quarterly publication will attempt to interpret the economic and business climate of the trade territory from San Angelo to Midland and Odessa to Abilene. Manufacturing and small businesses of the towns and communities within the region will also be covered.

The periodical will carry in-depth analysis of the West Texas region from independent small business to the power behind the large corporations. Agri-

business and the petroleum industries will play a major role in each edition.

There will be brief reviews of the real estate world, investments, insurance data, banking and finance, business opportunities and forecasts.

Among the many purposes of the magazine will be serving business associations and organizations by providing an official media for their "newsletter" items. It will also give them a spring-board from which to introduce new products to the public.

The publication will be sponsored by Lackey Communications, Inc., an advertising and public relat-

ions firm with offices in the Texas Building, 202 West Twohig, Suite 101. Jerry F. Lackey is president of the company. He will serve the new publication as editor and publisher. A 27-year veteran of journalism, Lackey is a former agriculture editor of the San Angelo Standard-Times and editor-manager of the Texas Sheep & Goat Raisers' Association's Ranch Magazine. He was one of the editors of The Cattleman magazine in Fort Worth. He has authored four books and handles regional public relations for West Texas Rehabilitation Centers.

Sanchez Named To Who's Who

Enrique Sanchez, Jr., of Sonora is one of 30 Western Texas College students named to Who's Who Among Students in American Junior Colleges for 1981-82.

A graduate of Sonora High School, he is the son of Mr. and Mrs. Enrique T. Sanchez. He is a Petroleum Technology major and President of the EMT club.

a campus organization for Petroleum and Engineering Technology students. He was recognized as an Outstanding Petroleum Technology student at the annual Awards Day.

Students are selected for Who's Who recognition on the basis of their academic achievement, service to the community, leadership in extracurricular activities, and future potential.

Brownwood C. of C. Sponsors Clean Up

A clean-up, paint-up, and fix-up for Brownwood and Early began Saturday in Commerce Square in Brownwood.

The event is sponsored by Dr. John Nelson, the Brownwood Chamber of Commerce, and the Brownwood Jaycees.

The five-member adult group that brings in the

most trash will receive \$500. The group of children 16 years of age or under bringing in the most trash will receive \$250.

Free hamburgers, tacos, and soft drinks will be provided by local restaurant owners. Cash money will be donated by local merchants.

Hospital Auxiliary Installs Officers

The Hudspeth Hospital Auxiliary met at the Methodist Church Monday, May 9th. A luncheon was served to 20 members.

Mrs. Beverly Howard, President, presided. The minutes were read by Metha Trainer and old and new business was discussed

by Mrs. Howard. Mrs. Guila Vicars gave the auditor's report.

Installation of the new officers by Mrs. Rip Ward were: Mary Barrow, President; Ruth Shurley, Vice President; Vivian Crites, Record Secretary; Maxine Browne, Correspondent Secretary; Metha Trainer, Treasurer; Guila Vicars,

Auditor; Mrs. Hattie B. Epps, Parliamentarian; and Ester Leoffler, Historian.

A gift was presented to Beverly Howard for a job well done as President. A gift was given to Mrs. Ward for installing the officers. She always does a wonderful job.

Jean Green will conduct an oil painting workshop in Sonora May the 27th and 28. During the workshop Mrs. Green will lead beginning and intermediate painters in improving their skills and broadening their painting experience.

JEAN GREEN

OIL PAINTING

Jean Green has been in demand for workshops and demonstrations throughout the Southwest since beginning her teaching career in 1964. Her paintings have won many awards and hang in collections throughout the U.S. The subjects she most enjoys painting are the rustic, weathered buildings and windmills from the forgotten and vanishing scenes of her native Southwest. Her clouds, which she paints with an increasingly sensitive touch of style and color, make a special impact on the viewer. Green is listed in the *Blue Book of the Texas Panhandle*, 1980 issue. She is a member of the Texas Women's Western Artists Association.

For reservation and further information call Claudine Jones 387-3097.

Golf Team Places Ninth At Regional

The Sonora Bronco's Golf Team placed ninth at the Regional Golf Tournament held the fifth and sixth of May in Lubbock.

Some of the scores among our players were: Wade Hopkins with a total of 161, Drew Wallace shot a 190, John Pollard had a

179, Rick Powers shot a 177, and Myron Halford finished with a 187.

Fourteen other teams competed with the top three as follows: Comanche, 649; Dalhart, 655; and Slaton also had a total score of 655.

Comptroller Rep Visit Set Thursday

State Comptroller Bob Bullock will have a representative from his San Angelo office in Sonora on May 13th to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Oscar H. Gutierrez will meet with local taxpayers at the Sutton County Courthouse County Clerk's Office from 1:00 p.m. to 2:00 p.m.

"If Sonora area merch-

ants, or anyone else for that matter, have any questions about state taxes or need help in preparing state tax forms, Oscar Gutierrez will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help do just that," Bullock added.

The San Angelo office serves San Angelo and surrounding counties.

Letter To The Editor

Dear Editor:
As you probably know by now, I have resigned my position as band director at Sonora High School. I would like to take this opportunity to thank everyone who has helped over the past six years to make the band program such a huge success.

Our record over that period of time is enviable. Of the 18 UIL contests, 16 were won by the Mighty Bronco Band. The Sandy Lake Band Festival at Dallas has been won by the Sonora Band for the past two years. In fact, the Bronco Band has won almost every contest it has entered. Four successive UIL Sweepstakes top the list of accomplishments.

All this is NOT to emphasize that the director was responsible for this fantastic record, but to point out to everyone that cooperation between a director, the students involved, parents, administration, and community can lead to great success in any school program.

The citizens of Sonora and Sutton County are very fortunate in that you have an excellent school board, superintendent of schools, and high school principal. I ask only that you give the next band director time to prove his capabilities in leading the Mighty Bronco Band. With your support, Sonora will remain on the map as a center of superior basic musical education.

I have already spoken to my high school band and they have the right attitude. Now, parents and fans, it is your turn to help. Remember that Sonora will

always have a special place in my heart, and I will always cherish the many pleasant years my family and I have spent here. However, it is time to move on to other challenges in a new city.

Again, thanks for the memories.
Ed Martinez, Director
Sonora Bronco Band

**The Xerox
Personal Computer.**
Miraculously easy to use.

So easy, in fact, anyone can use it to make almost any office task simpler and easier. Because anyone can learn how to operate it in just a few hours. And because there's the added convenience of a familiar typewriter-style keyboard with a handy numerical pad.

So before you know it, you'll be using it as a personal computer for everything from keeping inventories up to date to financial planning. Or as a word processor, to type, edit, store and recall the printed word in just seconds. Even as an intelligent terminal, providing access to remote data bases or communication of information from one location to another.

The Xerox personal computer. A simply amazing machine that's so easy to use, it's almost miraculous.

**Catholic Women
To Meet**

The Annual Spring Meeting of the San Angelo Deanery organization of the Diocesan Council of Catholic Women will meet Saturday, May 15, at St. Margaret's Catholic Church in San Angelo, Texas.

Registration will be from 9 to 10 a.m. Sister Jean Amore, S.M.I.C., will be the keynote speaker. The choir of Sacred Heart Cathedral, under direction of Mr. Henry Trevino, will present a musical program.

A delicious dinner meal will be served by the women of St. Margaret's. In the afternoon there will be a workshop on the Family. The spring meeting will conclude with Mass.

We would like to invite all Catholic women in our Deanery. Even if your Altar Society is not affiliated, we invite you to join us for a fulfilling Day.

Registration will be \$2.00 and the dinner \$4.00.

Flag Corp members for 1982-83: Maribel Perez, Margarita Valdez, Leah Evans, Patricia Bible, Clalene Stewart, Candace Cauthorn, Debbie Shannon, Regina Samaniego, Margo Hinton And Ermalinda Reyes.

People trust Seiko more than any other watch. And here are two reasons why.

For the graduate in your life...

It's no surprise that these Lady Seiko classics have the look of fine jewelry with either a rich brown or classic white dial. No surprise that the ultra-slim gold-tone bracelets match every elegant mood from dawn to dusk. And Seiko Quartz accuracy and selection is legendary. But the price will be a delightful surprise. Seiko Quartz.

Buttons And Bows Registration In Progress

Pre-registration for enrollment in Buttons and Bows pre-school is now in progress. Enrollment will be on a first come, first serve basis. Enrollment is limited, so please hurry if you are interested. For more information call Cindy Fields at 387-5234.

Hernandez Announce Birth

Mr. and Mrs. Esteban Hernandez are proud to announce the birth of a girl, Maria Lorena. She was born at Hudspeth Hospital on April 30 at 6 p.m. She weighed 7 lbs. 2 oz. and was 21 inches long. Grandparents of the baby are Mr. and Mrs. Joseph Robles of Sonora and Mr. and Mrs. Margarito Hernandez. She is welcomed by an aunt, Juanita Robles.

Camp For Diabetic Children To Be Held In Merkel

Diabetes doesn't keep West Texas children from enjoying the fun of summer camp. Through the combined efforts of the West Texas District Rotary Clubs and Texas Tech University Health Sciences Center (TTUHSC) School of Medicine, a camp for children with diabetes is being offered.

The camp will be August 2-7 at Camp Butman, near Merkel, Texas, and is open to children and youths between the ages of six and 18. Campers will live in cabins and participate in games, crafts, swimming and other sporting activities. Short courses in diabetic control and management will be taught by physicians and social workers.

Teaching sessions and the entire camp experience are designed to help the campers develop confidence in their ability to care for themselves and to show they can lead happy, normal lives by following good health practices," said S.K. Verma, M.D., medical director of the camp and associate professor and associate chairman of pediatrics at the medical school. Pediatricians and nurses will be in the residence at camp all week, along with registered dietitians who will plan and supervise snacks and meals. Counselors will be medical students and young men and women with diabetes.

This marks the fifth summer the camp has been sponsored by West Texas Rotarians. Although there is a camp fee of \$75 per person, Rotarians stress that the fee should not prevent anyone from attending the camp. Information about waiver of fees is available through the TTUHSC Department of Pediatrics.

Deadline for camp registration is June 15. Forms and further information may be obtained through S.K. Verma, M.D., Department of Pediatrics, TTUHSC, Lubbock, Texas 79430, or phone (806) 743-2310. Forms must be completed by parents or guardians of campers, as well as by the child's physician.

RRC Sets May Production Rate

The Railroad Commission today set the Texas oil production rate for May 1982 at the market demand factor of 100 percent for the 63rd month in a row and the 119th time since the Commission first went to the ceiling level in April 1972. Chairman Jim Nugent

and Commissioners Mack Wallace and Buddy Temple directed the continuance of the maximum statewide allowable after receiving and reviewing purchaser nominations for Texas oil in May totaling 2,452,598 barrels per day, an increase of 29,060 barrels daily when

compared with April 1982 buyer requests. May 1981 nominations totaled 2,567,273 barrels daily. Next month's permissible rate of output is calculated to average 3,015,183 b/d with actual production estimated at 2.415 million

b/d. The maximum allowable applies to all but 10 fields in Texas that are assigned lower legal rates of flow for conservation purposes. Actual production in May 1981 was 2,477,062 barrels daily. Nugent reported that May 1982 nominations for

the purchase of Texas gas totaled 22,797,901 Mcf/d (thousand cubic feet per day). Gas nominations for April amounted to 24,015,878 Mcf/d. May 1981 gas nominations totaled 24,162,479 Mcf/d. The next statewide oil and gas hearing will be held Thursday, May 20, at 9 a.m. in Rm. 107 of the Railroad Commission headquarters building, 1124 S. IH 35 in Austin.

Major purchasers filed these floor nominations for Texas oil in May: Amoco Production, 204,000 barrels daily, down 1,000 from the previous month; Cities Service, 74,000, unchanged; Conoco 56,000, unchanged; Exxon, 290,300, down 2,900; Gulf 107,000, down 1,000; Marathon, 67,520, down 50; Mobil, 195,700, unchanged; Phillips Petroleum, 72,000, unchanged; Shell Oil, 165,500, down 2,000; Sun Refining and Marketing, 81,000, unchanged; Texaco 95,000, unchanged; Union Oil, 27,000, unchanged. Significant changes in May nominations were submitted in writing by these purchasers of Texas crude oil: Erio Petroleum, 350, down 1,025; Champlin, 1,650, up 1,650; Charter Crude Oil, 18,662, up 3,167; Chevron, 37,250, up 4,100;

Diamond Shamrock, 8,053, down 2,020; JM Petroleum, 21,757, up 21,757; Kock Oil, 55,097, up 2,852; Scurlock Oil, 94,300, up 2,300. Chairman Nugent reported that crude oil and petroleum products imported into the U.S. averaged 4,504,000 barrels daily for the four weeks ending April 2, down 1.3 million barrels per day from the same period a year earlier.

Permits Required Before Water Disposal

Commission rules say companies must receive a permit to dispose of all water produced from oil or gas wells and that such disposal must be accomplished in a manner that will not pollute surface or ground water. On December 22, 1981 Commission inspectors discovered two unauthorized, unlined salt water disposal pits on private land 26 miles east of Laredo. A Petro Steel official told the inspectors his company had

used the pits for salt water disposal. The landowner had apparently given permission for the disposal. In January of this year, Commission agents witnessed a Petro Steel truck dumping salt water in a pasture about 10 miles northeast of Laredo. Petro Steel indicated the property owner had given permission to dump the salt water. To obtain a salt water hauler's permit from the Commission, a company must show it has arranged to dispose of the water

through a Commission-approved salt water disposal facility or well. On September 30, 1981, Petro Steel filed the required form with the Commission indicating they would use a disposal well operated by Consolidated Oil and Gas Inc. as their approved disposal facility. However, Commission agents interviewed Consolidated representatives who said Petro Steel had not brought any salt water to the well for disposal in October, November, or December of 1981. Further

investigation revealed that during those three months HNG Company had Petro Steel haul 7,930 barrels of salt water from the Juanita (Tobo) field and 3,640 barrels from the Vaquillas field. GHR Energy had Petro Steel haul approximately 157 loads of salt water from their leases during the same months, none of which was taken to the approved disposal well. Copies of the Commission reports on the case have been sent to the Webb County district and county attorneys.

Fluid Injection Program Approved

A new program proposed by the Railroad Commission to deal with the underground injection of fluids in the state's oil and gas fields has been approved by the federal Environmental Protection Agency. The new program is effective today with publication in the Federal Register. Texas and Louisiana, which had a similar program approved today, are the first states to win federal certification for all types of injection wells.

Without federal approval of the RRC program, federal regulations as well as state regulations would apply to underground injection operations in Texas. In recommending adoption of the program to the Commission last December, Examiner Glenn Jordan said that the RRC's program accomplishes "the main purposes of federal and state law--protection of fresh water and prevention of waste--without adopting the unwieldy and lengthy federal UIC (underground injection control) rules."

The new program establishes permit requirements and standards for enhanced recovery and disposal wells and hydrocarbon storage facilities. It also provides for increased notice of injection well permit applications to local governments and other interested persons. The technical standards include requirements for casing and cementing, tubing and valves, as well

January Production Down

Railroad Commission Chairman Jim Nugent announced that Texas oil and gas wells produced 554,272,209 Mcf of gas in January 1982, down 4.97 percent from field runs a year earlier.

Marketed gas production totaled 472,026,121 Mcf and reflected a 6.09 percent decrease from the January 1981 volume. Marketed production is the total gas to transmission lines, carbon black and plant fuel and lease use.

Gas exported from Texas in January totaled 12,404,164 Mcf. Natural Gas Pipeline Co. of America was the month's largest exporter, moving 96,650,827 Mcf of gas of which 39,178,504 Mcf was Texas-produced gas.

Exports of Texas-produced gas in January totaled 216,047,170 Mcf, and reflected a 5.35 percent increase from the year-earlier month.

Texas gas production in January came from 224,007 oil and gas wells.

In December 1981, Texas wells produced 553,888,555 Mcf of gas. Marketed gas production in December totaled 468,478,581 Mcf. December exports of Texas-produced gas totaled 97,790,731 Mcf.

Texas Animal Commission Warns Of Rule Changes

Proposed federal rule changes relating to brucellosis "will destroy cooperation of Texas herd owners," Commissioners of the Texas Animal Health Commission have warned U.S. Department of Agriculture officials.

USDA proposals, TAHC Commissioners believe, would create undue hardships on this state's cattle producers in their efforts to control brucellosis. "The proposed rules will destroy cooperation of Texas herd owners because of their rigid and overly regulatory

tone," John B. Armstrong, Kingsville, Chairman, TAHC, noted in a letter to USDA.

The federal proposals, if adopted, would significantly alter basic tenets of the Texas brucellosis program in these areas: vaccination, individual herd plans, the role of the epidemiologist in dealing with individual producers, and use of the card test as a screening tool only in locating infection. Commissioners also said it would appear "unthinkable" for the proposed federal regulation not to pro-

vide for an administrative review of an individual's situation.

Commissioners of the TAHC unanimously approved the letter.

"The most serious defect of the proposed rules is the extreme discrimination placed on any state attempting to increase the numbers of vaccinated females," the letter noted.

"The use of the card test to classify animals as reactors in the market cattle identification program is the discrimination referred to in these rules. This action is

taken despite the administration's budget message to increase vaccination and in complete disregard of the recommendations of the National Brucellosis Technical Commission," the letter stated.

Regarding individual herd plans, the Commissioners noted in the letter: "The Texas program is based on individual herd plans designed under supervision of trained epidemiologists to meet scientific criteria, but be flexible and reasonable according to a cowman's operat-

ing conditions. The rigid language in the proposed CFR (code of federal regulations) would severely limit this flexibility."

Concerning the role of the epidemiologist, the letter stated that the proposed change is "devoid of any allowance" for the epidemiologist "in making medical decisions based on laboratory results, vaccination status, individual animal history, herd history, and other pertinent information... particularly must the epidemiologist be involved in the classification of tiered animals with the freedom to make decisions."

An individual's appeal from the proposed changes, the letter stated: "It would appear unthinkable that the proposal of such drastic changes for the rules governing interstate movement of cattle from a Class C state or area would not provide for a relief based on an administrative review of an individual's situation rather than forcing him to expend money for legal fees to appeal such a rule to federal courts."

Armstrong said Commissioners believe these and other proposed changes "are still premature and should be delayed until the federal budget has been passed and signed into law."

Regarding use of the card test, Commissioners noted: "As we have noted many times, the card test has many advantages as to its ease of field application, but this is offset by its documented over-condemnation in vaccinated populations. Since vaccination is the keystone of our program, the card test cannot be used without discretion. The use of the card test as the only official test in the market cattle identification program will increase resistance to the program by the cattlemen of Texas. The card test can only be acceptable if provisions are made for the use of supplemental testing and epidemiological determinations."

Gardening Tips by Ruth Taylor

One way to slow down damage done by slugs in your garden is to place a pan of beer in your garden. Slugs love it! They crawl into the pan and drown. Another way is to mix flour, water and yeast

and place in the dough in jars. It will attract slugs from all over the garden.

Usually onion tops will fall over when the onion is mature in the fall. If they don't, you can break over the tops at that time.

Since the onion is a bulb, the longer it can manufacture and store food, the larger the onion will grow. When you top or break over the leaves, you force maturity. Commercial growers will do this when the price of onions is high, sacrificing size for price.

If your squash vine suddenly wilts, look closely and see a bunch of greenish-yellow pellets pushed out of a hole in your vine, you've got squash borer. Carefully, using a razor blade to slit open the vine, you will find a thick, white, brown headed caterpillar. Remove it and pull dirt over the vine. Most of the time it will heal. Once the borer is inside the vine, the razor incision is the only remedy.

Two months after planting potatoes, you can carefully reach under the soil and dig out a few tender new potatoes. Do not dig any potatoes for storage until the green tops have died down.

Sweet potatoes need 140 to 150 days of good hot weather to mature. They are not difficult to grow, if you have the heat and a long growing season.

The beet seed is actually a fruit that contains 2 to 6 little kidney-shaped seeds. This means as each one germinates, you have a cluster of 2 to 6 plants that must be thinned out. If you like beet greens, pull them when they are about six inches tall. Otherwise thin when about three inches tall.

Pepper plants will not grow well during wet, cool periods. Fruit set is dependent on weather conditions usually. They are a warm weather crop, and should be planted close enough so

the leaves touch to facilitate cross-pollination.

Spinach can be grown successfully in cool weather only. Once it gets hot, spinach goes to seed. So, if you haven't planted it yet, don't. You will just be wasting time.

Radishes are only good when pulled at the half to three quarters grown state. Once they get large, they rapidly become hot and pithy. You need several successive plantings to have a good supply of young radishes for your table.

ICA Holds Meeting

The Independent Cattlemen's Association held its monthly meeting with breakfast Thursday, May 6 at the Sutton County Steak House.

The Association's 8th annual convention was discussed. It will be held at Corpus Christi on June 17 through June 19.

The delegates chosen were Mr. Jamie Parker, Mrs. Adele Wilson, Mr. Ben Epps, and Mr. Clay Hicks.

The alternates are Mr. George Wallace, Mr. L.P. Bloodworth, Mrs. Virginia Epps, and Mrs. Ruth Espy.

The Brucellosis program was discussed and it was agreed that the new cattle rating system will be easier and cheaper for all producers. Roy Wheeler, President of I.C.A. and First Vice President Dr. Eddie Payne are to be given much credit for the easing off of this program as was originally proposed.

The attendance was good and with no further business, the meeting was adjourned.
