WE UNDERSTAND that a number of the so-called giants of the music industry is planning another one of those benefit concerts in the near future.

But, before you say "ho, hum," here's the difference. The coming concert will benefit the sagging farm industry, according to its organizers. Just how the money will be spent is not known, but it's good news that the performers will put on a concert to help a segment of our economy right here in the good old U.S. of A.

It is admirable to want to help the starving masses of Ethiopia, but the fact is that there are hungry people right here in our homeland. And there are definitely segments of our population—very definitely including our farmers—who could use some type of a helping hand.

The sad part about attempts by Americans and others to help the starving people in Ethiopia is that the country's Marxist government seems to have adopted a completely indifferent attitude toward the situation.

An editorial in the Amarillo Globe-News this past week pointed out that 60,000 tons of food shipped to Ethiopia is rotting on the docks because the trucks needed to transport it inland are being used to forcibly resettle Ethiopians from rebellious areas.

The Ethiopian government has imposed an import entry fee of \$12.50 per ton for shipments of food already donated and shipped to that country.

The editorial went on to point out that the Ethiopian government spent \$200 million recently—enough to feed plenty of starving people for a long time—celebrating the 10th anniversary of coming to power. Some 480,000 bottles of scotch were purchased for the ruling elite.

Adding insult to injury, about \$35 million was also spent by the government on color television sets for the ruling elite.

And, when the United States donated tents for 20,000 Ethiopian civilians, their army took them for their own use.

Of course, we perhaps should not expect Marxist governments to care about human suffering. They have caused plenty of it in the past, and no doubt will continue to do so.

So, it's refreshing to see the music industry celebrities decide to hold a benefit concert to help a segment of our population where they might expect the aid to be given to those for which it will be intended, without so much bureaucratic waste as is being evidenced in Ethiopia, where those desperately needing the help only get what manages to sift down from above.

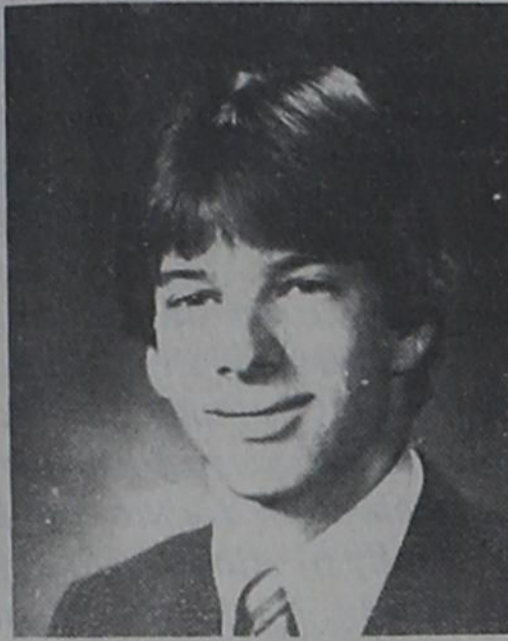

For decades, the American farmer has proven that he is the most productive farmer on earth today, only to see his hard work and research rewarded by market conditions that have forced his sons and grandsons out of the farming business.

America is probably the only nation which is content to let its farmers (and other industries) slowly go out of business, without protective measures on imports of foreign goods.

The sad part of all this is that if and when the large corporate farm owners take over all of the countries farms, they will be able to set their market prices at whatever level they want, whereas today's farmers are forced to beg—without results—for whatever market prices they can get.

Somehow or other, this just does not make good sense.

ANDY ALEXANDER

Alexander Receives Scholarship

Andy Alexander, son of Dr. Bob Alexander of Friona and Sarah Owen of Bovina, has served as stage manager for the 1985 "Texas" Production in Palo Duro Canyon.

On Monday evening, August 19, after the annual "Texas Originals" production at the Branding Iron Theatre, Alexander was one of 20 recipients of scholarships awarded to members of the cast and company.

Alexander received the Don and Sybil Harrington Honor Scholarship and the Oma Link Rowley Theatre Scholarship. Alexander will be a senior at West Texas State University this fall.

He is an active theatre major at WTSU, having appeared in over a dozen shows the past two years, and working backstage in over 20 productions. He served as president of the West Texas "Footlighters," the theatre support organization, and vice president of Alpha Psi Omega, the National Honorary dramatic fraternity.

Alexander has appeared in such productions as "Ten Little Indians," "The Good Doctor," and "Our Town." He played "Pig Pen" in "You're a Good Man, Charlie Brown," which was taken to El Paso to compete in the American College Theatre Festival.

He has also appeared in several one-act productions, and directed his own one-act play, entitled "The Actor's Nightmare." He has received a number of Branding Iron Theatre awards while participating in drama at WTSU.

Alexander attended public school in Friona before transferring to Bovina, where he was a 1983 graduate of Bovina High School.

Patrolman To Move

Patrolman Wayne (Butch) Schultz has resigned his position as patrolman for the City of Bovina.

Officer Schultz came to work in Bovina during the spring months. He will be accepting a position as patrolman at Dimmitt.

Applications will be accepted at City Hall for those who qualify for the job of patrolman.

CELEBRATES BIRTHDAY.... Wiley Lide celebrated his birthday at the Senior Citizens birthday party held Wednesday, August 14. Two kinds of cake, mints, nuts and punch were served to approximately twenty-five guests. The group enjoyed visiting and playing games in the afternoon.

Ponies Again Lack Numbers

Lack of numbers will once again be the number one problem for the Bovina Mustang football team, but new head coach Bill Talley isn't letting the small number out for the sport spoil his enthusiasm.

Talley, who moved to Bovina after a two-year stint as head coach and athletic director at LaPlata Junior High School in Hereford, says he has always wanted to coach in a small town. So, he must have realized that some years in a small school system, your squad will be off in numbers.

"We'll have a pretty young team, but some of these guys saw a lot of action as freshmen last year. If we started the season today, four more freshmen would be in the starting lineup," Talley says.

Talley says he is well pleased with the squad's workouts to date. When all the players are on hand, there are 20 boys out for the team, but on the "good news" side of the coin, ten of those were starters in 1984.

Starters returning include quarterback Blake Scaff, running back Todd Ware, running back Clay Dutton, tackle Todd Schilling, tackle Chet Hawkins, guard Chad Clayton, center Terry Moore, tackle Byron Neal, guard Steve Gauntt and wide receiver Rey Duran.

Of the returners, Scaff is the lone senior. All the rest are sophomores, except for Schilling, the only junior out for the team.

The freshman players that

Talley expects to see a lot of action are Bud Venable, Denver Riddle, Scott Scaff and David Boozer.

"The kids have a good attitude. They have good work habits. We have worked out ten times now, and we're seeing constant improvement," Talley said Monday.

"We have gone fairly slow in the teaching phase. We have tried to teach just one new play at each practice. I'm the third coach the seniors have had (in four years), so that doesn't make for much continuity in the program," the new Mustang coach said.

The Mustangs will compete in their first scrimmage game at Dimmitt Friday, and then will host Vega the following week. Friday's session starts at 6 p.m.

Prior to his Hereford job, Talley served three years as an assistant coach at Ropesville. A native of Cleveland, Tennessee, he coached high school football seven years before coming to Texas.

A friend of former Texas Tech coach Steve Sloan (they're from the same hometown), Talley came to Tech with Sloan to serve the Red Raiders as academic counselor for athletes. He continued to work for another Tennesseean, Rex Dockery, in that position after Sloan left as coach of the Raiders.

Talley and his wife Bertha have four children: Gracie, 13; Jim, 11; Susy, nine and Paul Bryant, eight months.

FOURTH IN STATE.... Byron Neal is showing a belt buckle he won at the State 4-H Trap and Skeet Shoot held in San Antonio at the National Shooting Center August 7-10, when he placed fourth in his division. Byron was in the junior division and there were 82 contestants competing. He is the son of Tony and Dottie Neal.

Free Films Offered On Child Abuse

In a continuing effort to make Bovina a better, safer place to live, the Bovina Police Department has purchased three new audio-visual films. These award-winning films were developed for the

Department in its fight against child abuse.

The programs may be obtained through the Department's Community Relations Office and are available for showing, free of charge, to schools, civic clubs, churches, and parent groups.

As an overview of the child abuse problem, "The Silent Epidemic" explains types of child abuse, how to recognize abuse and how to report it.

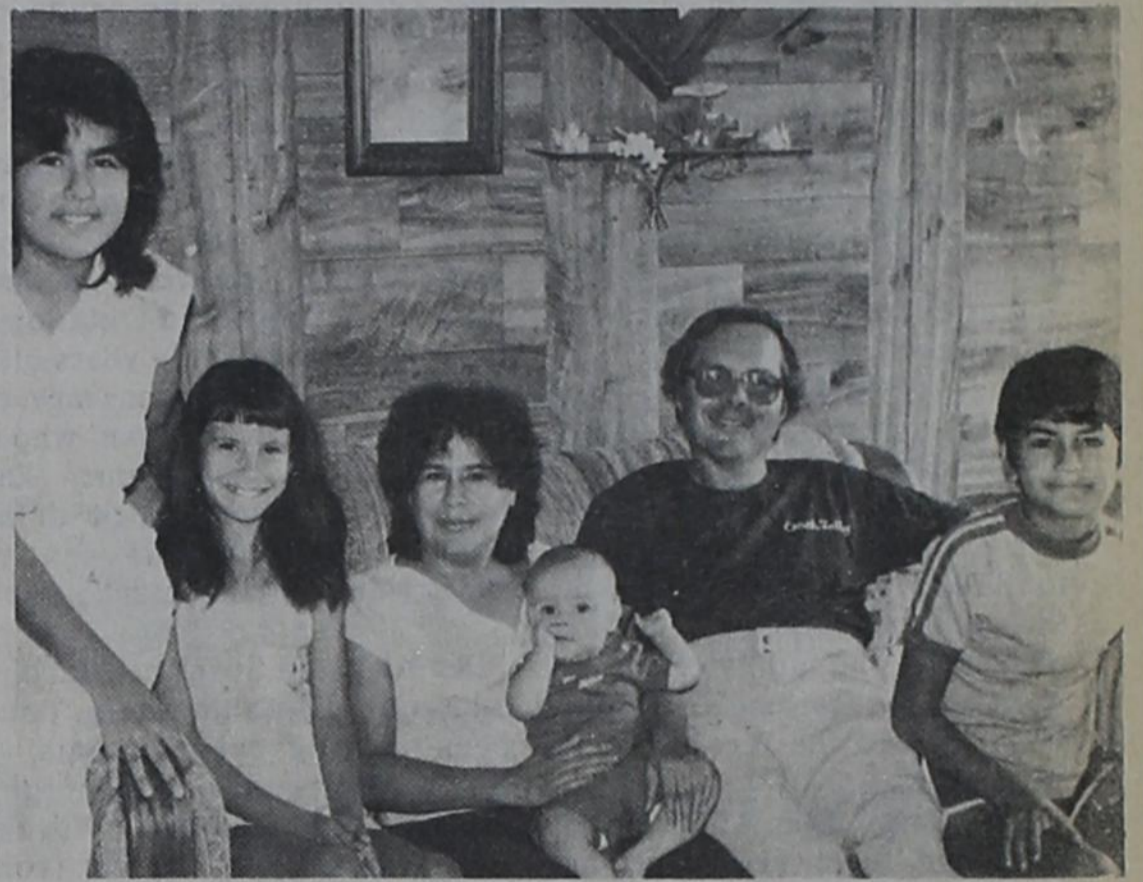

"America's Heartache" is an alert to adults everywhere of the missing child dilemma. It outlines measures used to prevent abduction and molestation.

Preventing sexual abuse in young people is the goal of "Speaking Out," when a young school newspaper reporter uncovers sexual abuse in students and encourages them to "Speak Out."

For additional information, or to schedule a free showing of any of these films, contact Chief Pete Hernandez.

Everyone is urged to give donations for the purchase and payment of these films which will be kept at City Hall.

If you would like to give a donation for the purchase of the films contact City Hall.

NEW COACH.... Bill Talley, new Bovina football coach, is shown with his family. From the left are Gracie, Susy, Bertha (holding Paul), Bill and Jim Talley.

Court Has Mostly Routine Business

Payment of boarding care bills for foster children in Parmer County highlighted the meeting of the Parmer County Commissioners on August 12.

The boarding care bills amounted to \$1,519, which amount will be reimbursed to the county by the state.

Otherwise, a bill was approved from a pathologist ordered by a county Justice of the Peace, in the amount of \$595.

Charles Turner was appointed to the board of directors of the Central Plains Mental Health/Mental Retardation Center for a two-year term.

A bill was approved from Parmer County Community Hospital for a blood-alcohol test requested by the Department of Public Safety.

The court had received a letter from Mrs. Frances Euler, Justice of the Peace, Precinct 2, and met with Albert Smith, Justice of the Peace, Precinct 1, requesting substantial salary increases for county justices of the peace.

After much discussion, no action was taken on the requests, and it was stated that these officials would be given the same consideration as other county employees in reference to pay raises.

A discussion was held concerning a new death benefit supplement to the retirement fund by Bonnie Warren, County Clerk. The matter was tabled pending further study.

A county citizen asked the court for assistance in purchasing medicine. Motion was passed to

Food Bank To Make Drive

The High Plains Food Bank is organizing its annual Can Hunger Drive for Amarillo and surrounding areas.

Though the designated week for collecting canned goods is October 11-20, they use some of September and all of October to publicize their efforts and goals, according to the High Plains Food Bank.

As always, the local media plays a big part in their success.

Closer to the October drive, they will send out press packets with in-depth information to the Blade office with current aspects of this year's campaign, public service announcements and art.

In the meantime, they have prepared a fact sheet for us about the food drive. If they can help anyone in any way to help others, they ask to be contacted at the Food Bank.

Rites Set For Lady's Father

Funeral services for Clell Windom, 78, are slated for 2 p.m. Wednesday in McLean at the Methodist Church there. Windom, 78, died Sunday.

Patrolman Craig Hunt met with the court discussing the paper work involved in the DPS routine operation. He asked the court's consideration in the possibility of paying part-time workers to do this paper work. This item was tabled for further study.

Motion was passed to advertise for bids for a used 70 horsepower tractor with mower attachment to be used by Precinct 4.

Auditor Bernie Gowens met with the court to go over the proposed budget for the county for 1986. Motion was passed accepting the proposed budget, which provides for a five per cent increase in salaries for county employees, and an overall tax decrease of just under one per cent.

A public hearing on the budget will be held on August 26 in the county courtroom in Farwell, with the public being invited to ask questions or to discuss any part of the proposed budget.

Motion was approved for soil work on the land of Parmer County Spraying Service, Kim Rundell, Thomas Rhodes and Mary Kaminski, all in Precinct 2.

The work is done by county machinery when not otherwise needed, at the expense of the landowners.

Sales Tax Check Is Received

The City of Bovina received \$2,795.11 for its one per cent city sales tax for the disbursement period of August 2.

This was up slightly from the comparable period of 1984, when a check of \$2,711.43 was received.

For the calendar year, Bovina has now received \$16,433.10. This is up by 5.41 per cent over the total of \$15,589.70 which the city had received by the same date in 1984.

Overall, the three Parmer County municipalities received \$20,353.63 for the current period, an increase from \$17,239.34 a year ago. For the year, the county's receipts totalled \$113,392.25, up 12 per cent from \$101,203.91 at the same time a year ago.

The August checks represented taxes collected on sales made in June and the second quarter of 1985, and reported to the State Comptroller by July 20.

The county's yearly increase is consistent with other counties in this area. Neighboring Bailey County has shown a net increase of 7.57 per cent for the year; Castro County is up by 19 per cent and Deaf Smith County shows a 14.1 per cent growth.

Meanwhile, Dallam County's total receipts for the year are virtually the same as for 1984; Lamb County shows a two per cent decrease for the period, and Oldham County has received 2.57 per cent more than the same time in 1984.

Sharmy Christian, Johnny McDonald United In Candlelight Ceremony

Sharmy Dawn Christian of Farwell and Johnny Dean McDonald of Lubbock exchanged wedding vows in a candlelight ceremony Saturday, August 17 at 7:30 p.m.

The double ring ceremony was performed in the Hamlin Memorial United Methodist Church of Farwell with Rev. W.T. Perry, pastor, officiating.

Parents of the couple are Mr. and Mrs. Troy Christian of Farwell and Mr. and Mrs. Don McDonald of Muleshoe.

The couple repeated their vows before a setting of spring flowers in colors of blue, yellow, pink and purple. A candle tree was centered with candelabras on each side and a long arrangement was placed above the church symbols. The windows were lighted with votive candles and greenery.

Margaret Aycock of Farwell served as organist. Soloists were Alison Terry of Amarillo and Cydney Ford and Doug Cannon, both of Lubbock. They sang "Wedding Song," "There Is Love," "Wedding Prayer," "Up Where We Belong," "You And I," and "Truly."

The bride was escorted down the aisle by her father and presented in marriage by her parents, Troy and Lillie Christian. The bride chose an exquisite gown designed by Demtrois For Illissa. The gown of white satin and beaded peau d'ange lace featured a v-neckline

which formed a bodice entirely of peau d'ange lace, which was jeweled by crystals and pearls forming a natural waistline. The leg-o-mutton sleeves featured a puff of peau d'ange beaded lace extending into long fitted sleeves of French net accented with lace motifs forming points at the wrists. The satin skirt featured a pyramid of lace rising up the front encrusted with pearls and crystals. The skirt hemline led into deep lace border which extended into a wide lace panel flowing down the back of the skirt embellished in pearls and crystals accented with motifs of lace on both sides. The skirt then cascaded into a cathedral length train.

She carried a cascade bouquet of roses and gardenias laying on a lace covered Bible. The Bible belonged to her father when he was young. The bouquet was complimented with lace and satin ribbon.

In keeping with bridal tradition, the bride carried pennies dated in the couple's birth years in her slippers. For something old, she carried a lace handkerchief which belonged to her Great-Grandmother Foster. Her bridal ensemble was new. She borrowed a pearl necklace from her grandmother, Carrie Christian of Farwell and wore the traditional blue garter.

Denise Christian of Farwell, sister-in-law of the bride, was the

matron of honor. Judith Schilling of Farwell was the maid of honor.

Bridesmaids were Karen Brown of Lubbock, Elizabeth Van Ness of Houston, Bambi Rader of Lovelland, and Dana Rempe of Wichita Falls, sister of the groom.

The bridal attendants wore formal length gowns of teal matt taffeta, with ruffles on one shoulder and off the other shoulder, coming together with a rose knot in the back. The ruffles continued until they reached a double row of ruffles on the lower skirt accented with rose knots. They carried cascading bouquets of fresh flowers in bright pastel colors.

Serving as flower girls were Julie McDonald of Lazbuddie, niece of the groom, and Amber Willard of Bovina, cousin of the bride. They wore formal length dresses fashioned with ruffles and tied with a sash at the waistlines. They carried baskets containing layers of fresh flowers.

Candlelighters were Renee Darnell of Amarillo and Ginger Ellison of Farwell, both cousins of the bride.

Ring bearers were Russell Thomman of Levelland and Joshua McDonald of Lazbuddie, nephews of the groom.

Mickey Powell of Lazbuddie served as best man. Groomsmen were Todd Christian of Farwell, brother of the bride, Jimmy Menefee of Fort Townson, cousin of the groom, Donnie McDonald of Lazbuddie, brother of the groom, Wayne Parkman of Lubbock and Phillip Jesko of Lazbuddie.

Ushers were Vick Christian of Farwell, brother of the bride, Jet Thomman of Levelland, brother-in-law of the groom, Keith Rempe of Wichita Falls, brother-in-law of the groom, and Troy Cline of Lubbock.

For her daughter's wedding, Mrs. Christian chose a formal length pink mauve colored crepe dress with a bouffant top and flowing skirt. She wore accessories that complimented her ensemble and wore a corsage of gardenias and roses.

Mrs. McDonald chose a formal gown of cranberry color with a chiffon blouse and pleated skirt. Her accessories complimented her attire and she also wore a corsage of gardenias and roses.

The men in the wedding party wore two-tone gray tuxedos with white wing tipped shirts and striped ties.

Following the ceremony, the couple greeted guests at a reception held at the church. Members of the houseparty were Pam Sealy,

Donna Darnell, Lisa Darnell, Karalee Crum, Melonie Moore and Bridget Lewis.

Trumie Wiloth, cousin of the bride, registered the guests.

The table was covered with a teal blue cloth complimented with brass serving pieces and a four-tiered wedding cake. Two round tables set on each side of the bride's table and featured a fruit and vegetable tray, chicken salad sandwiches and cocktail sausages. Punch and coffee were served. The centerpiece was a bouquet of flowers in pastel colors.

For a wedding trip to the Bahama Islands, where they will stay at the Jack Tar Village, the bride chose a yellow straight skirt with an over-sized jacket and a yellow tank top sweater underneath.

The bride graduated from Farwell High School in 1981 and Texas Tech University in 1985. She was a member of the Texas Tech Fashion Board, Texas Marketing Association, and held the office of Style Show Coordinator on TTFB. She was chosen a member of the Year-In Fashion Board 1984-1985.

The groom graduated from Lazbuddie in 1980 and Texas Tech University in 1985 with a Bachelor of Science Degree in finance. He will be employed at the Dallas Federal Savings in Dallas on August 26.

Out-of-town guests at the wedding were Danna and Dwain Menefee of Ft. Townson, Oklahoma; Beverly, Paul and Howard Thompson of Lubbock; June and Benny Darnell of Amarillo; Phyllis, Van, Chad and Karalee Crum of Amarillo; Trumie and Kim Wiloth of Albany, Texas; Allison and Mark Kirkpatrick of Amarillo and Debbie and Terri Mefford of Ft. Townson, Oklahoma; E.H. McDonald and Claudie Jones.

The couple will be at home August 23 and will reside at 3335 Ester Rd. Apr. 1123, Irving, Texas 75062.

REHEARSAL DINNER

The rehearsal dinner for the wedding party was held at the LaVilla Steak House in Clovis. Decorations were provided by Dixie and Liz Jesko.

The bride was honored with a brunch on August 16 for all the attendants. Hostesses were Doris Ford, Bernice Norton and Douise Ellison at the home of Doris Ford.

A salad luncheon was hosted by Skeet Caldwell on the wedding day. The attendants, grandmothers and musicians were among the guests.

Mrs. Johnny McDonald

School Corner

By BOB OWEN

It really doesn't seem possible that the summer is almost gone and it is almost time to begin a new school year.

We saw many changes in the school year just past. I hope that as the new year begins we will have adapted to the changes and can settle in and have an excellent and productive school year.

We continue to encourage parental involvement in the overall educational process. We cannot accomplish our goals without such support.

We will be looking at some changes of our own in 1985-86. The decision has been made to close the cafeteria at Ridgelea and bus those youngsters over to the big cafeteria for lunch. This will not alter any of the services, but it will be a change that we will have to adjust to.

Teachers will return to work August 26 and the first day for students will be September 3. More information will be provided in next week's issue of the Blade. I look forward to a very good school year in 1985-86.

NEW 2157 2165

Superior grain yields with a good grazing bonus. Excellent straw strength, too!

Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf blights, and the Hessian fly.

• **New 2157** gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.

• **New 2165** works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'll find, bar none.
