Break out the banners - it's Bronco Football time!

by Charlie Adams

It's time to breakout the banners, cowbells, pom-poms, and the red flags atop Bronco Stadium. It's football season once again and spirits in the Bronco camp are very high and positive.

The Broncos will field a rather experienced team especially in the front line area. Those returning letterman up front for the Broncos will be Daniel and Ruben Garza, Mario Sotelo, Jim Cooper, Ismael Sanchez, Wayne Hill, Gilbert Martinez, and Ricky Mesa. The returning lettermen in the back field and wide Martin, Victor Lira, Jessie Guerra, Joe Mike Noriega, John David Martinez, Joe Will Ross, and Esau Ramirez. The above group will receive support from players off of last years 8-2 Junior Varsity squad in the persons of linemen James Lee, John Merrill, Abe Caruthers,

Wayne Collins, Robert Davis, Mark Gamez, John Paul Noriega and backs and receivers Steve Love, Richardo Sanchez, Edward Mata, Mike McBride, Manuel Duran, Lee Castro, Sonny Samaniego and Danny Samaniego.

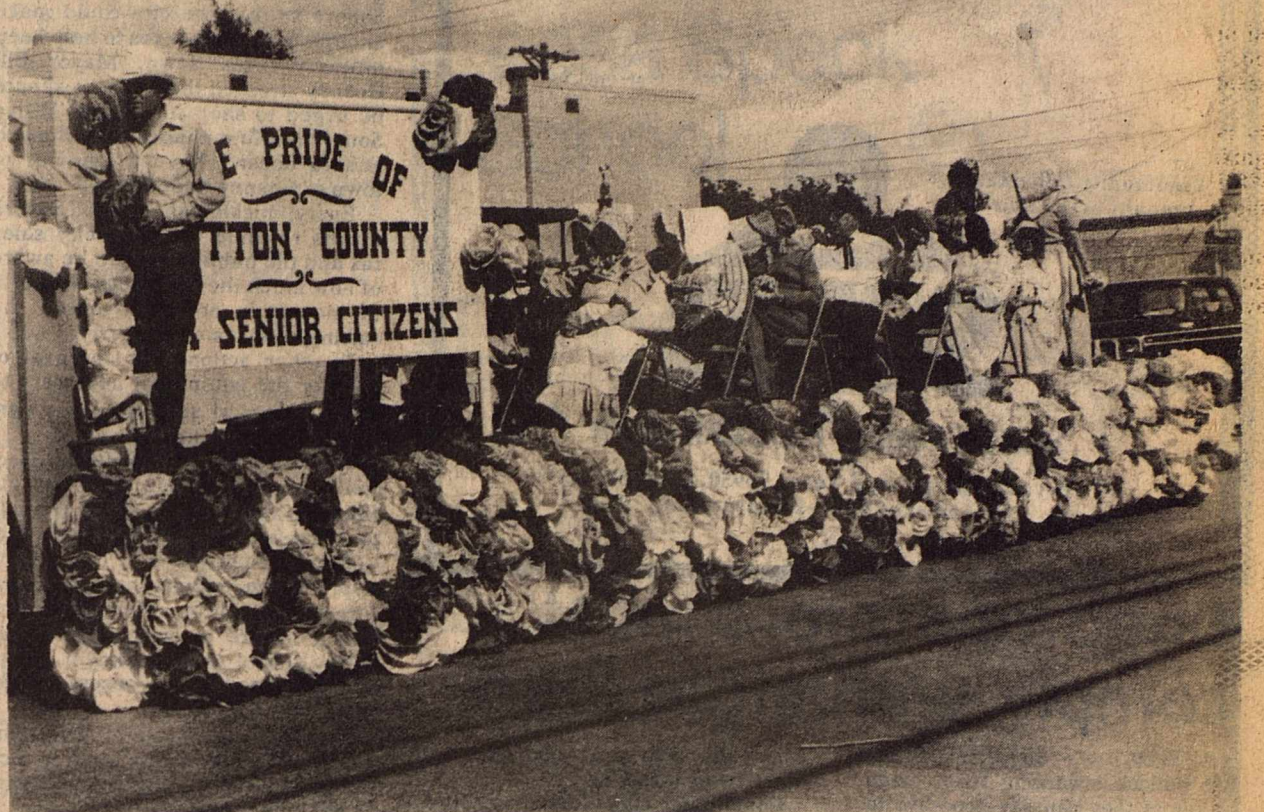

The season promises to be very tough and close. The schedule is pretty much the same as last year with one exception. The Broncos will play Reagan County instead of Mason. The Broncos will again open with Wall at home and then play Junction, Eldorado, and Brady all on the road before returning to Bronco Stadium for the last non-district game with Reagan County.

District 6-AAA looks to be as tough as ever and maybe more balanced than ever. There are four or five teams that on paper have a very definite possibility of being in the playoffs. The pre-season favorite roll goes to the Colorado City

Wolves as they return some very outstanding players in QB, Doug Chitney and tight end Tate Randle. The second playoff spot will be a tough dog-fight between Ballinger, Crane, and Sonora with Coahoma an outside darkhorse. Ozona not as strong as in the past could play the role of the spoiler and upset one of the contenders.

The district race will be close and very exciting just as in the past two years with the Broncos looking to win some of those close ball games.

The Broncos will unveil their 1984 edition Friday at Bronco Stadium. They will host a controlled scrimmage with the Menard Yellowjackets. The Jackets will have a lot of speed and should form a very notable opponent for the Broncos. The JV will start at 5:30 and will be followed by the Varsity. Come see the Broncos do more in 84!!

Senior Citizens take a first place for this beautiful float.

Anita Balch is Miss AJRA 1984-85

Anita Balch, the daughter of Mr. and Mrs. Jerry Don Balch of Sonora, was crowned Miss AJRA during the American Junior Rodeo Association National Finals Rodeo held in Snyder August 14-19.

Anita was selected from a field of six finalists chosen by the four-state membership of the American Junior Rodeo Association.

Anita will reign throughout the year at every AJRA rodeo and will also represent the AJRA in the Youth Finals Rodeo contest held in Fort Worth during November.

Anita has been an active member of the AJRA for the past five years, and has participated in the National Finals all of those years. She is an all-around competitor participating in the poles, barrels, and roping events, and has placed in the top of each of those events during her AJRA career.

Anita is also an active student at Sonora High School where she is currently a Senior. Anita is a

member of the National Honor Society, of which she will serve as president this year, and is also serving as Treasurer of the Student

Anita Balch

Council. Anita enjoys athletics and participates on the varsity track team and the basketball team. Miss Balch is an active member of the Sutton County 4-H Club, has been a past 4-H Sweetheart and is currently serving as an officer of the Senior 4-H Club.

Anita is also an active member of the High School Rodeo Assoc. in which she participates in all events. She was recently selected to serve on the executive board for Region II of the Texas High School Rodeo Association.

She is also a member of St. John's Episcopal Church and active in the MYF. Recognized in the publication, "Who's Who Among American High School Students", Anita has been the recipient of many scholastic awards and was selected as a Lion's Club Queen Finalist during last year's competition.

Our congratulations to Miss Balch, Miss AJRA 1984-85!

Kate Mathews named Sutton County Queen

by Becky Collins

The sights, the sounds, and the smells that are Sutton County Days have been cleared from their places on the courthouse lawn and throughout Sonora, but the feelings of togetherness that prevailed throughout our community this past weekend will be enjoyed throughout the year until it's time to do it all over again.

Kate Mathews, the daughter of Mr. and Mrs. Jim Mathews was crowned Miss Sutton County Saturday in conjunction with the arts and crafts festival and the various shows and competitions on the courthouse lawn. Miss Mathews is a sophomore at Sonora High School, and was sponsored in her bid for the Miss Sutton County crown by the Sutton County Historical Society. She and her sponsors are to be congratulated for the time and effort taken in selling of rodeo tickets, and to her parents for raising such a beautiful young lady.

Placing as the first runner-up in the contest was Michelle McCleery, with Lori Webster placing in the second runner-up position. Also placing in the finalist category in the competition was Shellie Lykins, Margarita Valdez, Debbie Shannon, and Karla Jungk.

Judges for this year's competition included E.O. Cambren and Betty Zentner Easingwood and also Rev. David Griffin.

Sutton County Days began with a big bang as Bad Company Rodeo stock did its level best to unseat many a top cowboy. The bulls were mean, but the cowboys were true to the test as they hung on for that last and most important second or two in the competition.

Friday at promptly five o'clock, the traditional parade began weaving its way down Concho Avenue toward Main Street and the some three hundred citizens who turned out despite the blistering heat to view our one and only annual parade and to cheer on their favorite queen candidate.

Every spare patch of shade under the looming pecan trees lining the avenue was filled as the parade led by Police Chief Brent Gesch made it way toward town.

The local volunteer fire department entered two of its fire trucks in the parade giving many a child his first ride on one of the trucks. San Angelo's motorcycle club, the Big Skies Roadrunners participated in the parade as did many local persons in their vintage automobiles.

The Sonora Petroetted won first place in the Most Colorful category with their float designed along the Olympic theme. The Sutton County Senior Citizen's Association also took home a first place trophy for their float aptly entitled, "The Pride of Sutton County" on which many of the senior citizens rode in the parade. The PTA took home the first place trophy in the Mayor's Trophy category while the junior high cheerleaders won first place in the Originality division and the 4-H

City adopts new Tax Rate

by Carol Jones

The tax rate of 0.5384 cents per hundred dollar valuation along with the 1984-85 budget were adopted by the Sonora City Council Tuesday morning with Lemuel Lopez, Margaret Casscadden, Matt Davenport, and Hershel Davenport voting for the motion and James Trainer abstaining.

The estimated assessed value of real and personal property was reported as \$61,599,155 less the allowance for uncollectable taxes (3 percent) and for exemptions \$63,000 for a total rate per \$100 valuation of \$331,310.65.

Delinquent property tax (general fund) expected to be collected in the upcoming year was listed at \$2,000 with the penalty and interest for these taxes listed at \$500 on the budget that was presented for the council's approval.

Sales tax revenue was set at \$207,690 in the budget, tax certificates at \$100, franchise taxes at \$45,000, miscellaneous revenue at

\$1,000, merchandise sales at \$100, gas royalty at \$200, building rentals at \$5,100, swimming pool revenue \$7,000, municipal court fines \$28,000, interest earned \$40,000, loans \$50,000, airport revenue \$20,000, contributions from non-municipal \$13,000 contribution, health department \$14,000, building permits \$1,000, license and permits \$2,000, miscellaneous reserve \$130,000, pound fees \$1,000, transfer from other funds \$65,000, sale of assets \$1,000, and hotel-motel tax \$30,000.

Expenditures from the general fund include administration - \$302,139; airport - \$49,900; fire department - \$43,450; health department - \$39,400; parks department - \$129,800; police department - \$158,875; street department - \$136,148; fixed asset - \$230,015; and debt service - \$33,450.

The electric fund has a proposed total revenue of \$1,954,145 set up in the new budget with expenditures in production, administration, fixed

asset expenditures, and debt service set at \$1,907,348.

The amount proposed for the 1984-85 year in the water fund for revenue is \$508,800 with a total expenditure of \$501,401. Expenditures allowed for out of the water service.

The sewer department was allowed \$245,200 for the proposed revenues with \$232,957 expected in expenditures for production, administration, fixed assets, and debt service.

Before action was taken to approve the 1984-85 budget, James Trainer stated that he would like to see something cut out of the budget because he was tired of seeing taxes go "up, up, up."

James Dover, city administrator replied that he felt it was better to go up gradually and let everyone get used to it than to wait six or seven years and have to spring a large increase on everyone when the

"NEWS TIP CONTEST" Details announced

The Devil's River News in cooperation with The Ritz Theatre will be conducting a "News Tip Contest" starting in the month of September with prizes sometime after the last publication of that month.

According to Carol Jones publisher of the DRN, "each news tip is very important to us and each will be treated equally. We are conducting this contest in an effort to better inform the Sonora and Sutton County residents of local happenings before and after the events take place."

Tips on items that you may think are of interest to the readers of the

Devil's River News may be telephoned to the news office at 387-2507, or you may bring your news item by the office at 220 N.E.Main.

All news tips will be recorded and judged by a qualified individual, not associated with the DRN. That person's decision will be based on originality, newsworthiness, and the amount of advanced notice for proper beforehand coverage.

School news is not eligible, but you are still invited to let us know about school happenings.

The prizes to be awarded include two free passes to see any show at

The Ritz Theatre of Sonora and \$10 in cash for the first place winner, two passes to The Ritz for second place, and one pass for the third place winners.

All story tips need to be called in by 3 p.m. Fridays in order to be published in the following Wednesday's Devil's River News.

You could be the lucky winner of two tickets and \$10, so be thinking about what the staff of the DRN needs to report on and call us about it.

Be prepared to leave your name and a telephone number where you may be reached so that we may have a record of news tips called in.

Felons arrested on local tip

by Becky Collins

According to Police Cleif Brent Gesch, the action of a local citizen aided in the arrest of two wanted felons last Wednesday.

Lonnie Holmes became suspicious of a car bearing an out-of-state personalized license plate which he spotted cruising in a residential neighborhood. It seemed to him that the occupants of the vehicle were checking out the neighborhood and planning to steal something.

Holmes reported his suspicion to Police Chief Brent Gesch, who ran a license check on the car and found that it had been reported stolen in New York state.

According to the information he received, the 1976 red Chevrolet

Camara had last been spotted in Bandera the previous night, and the occupants of the vehicle were wanted in New York state for the theft and for possession of an undisclosed amount of money and guns in a robbery in that state.

David Clark Blakeman, 17, of Auburn, New York, and Paul Vicent McDaniel, 17, of Milton, Florida were arrested without incident moments later by Chief Gesch and DPS Sargeant Tom Sharp of Ozona who located them on Main Street.

At the time of their arrest, it was discovered that the two young men had gained illegal access to two residences here in Sonora, and their possession was a pillowcase full of stolen tapes, coins, and clothing.

Also in their possession were two loaded handguns, one a 25 caliber automatic and a 380 automatic military pistol, and also three and three quarters pounds of marijuana.

According to District Attorney Bill Mason, the two have been charged with two counts each of burglary, which under Article 30.22 of the Texas Penal Code carries a punishment of 5-99 years confinement and a fine not to exceed \$10,000. Both have also been charged with one count each of possession of an illegal substance and theft of a motor vehicle, both crimes being third degree felonies punishable by 2-10 years confinement and a fine not to exceed \$5,000 for both charges.

Blakeman has a prior criminal record in New York where he was

out on bail for a forgery conviction and for possession of stolen property. According to Chief Gesch, Blakeman jumped bail and stole the vehicle he arrived in Sonora in.

McDaniel has no prior criminal record, but a note from the Auburn New York Police Department revealed that a bus ticket had been purchased for him, evidently by that police department in an effort to get him out of that community. The bus ticket was also among the contents of the vehicle.

Both men were booked and incarcerated in Sutton County jail.

The evening of their arrest, Blakeman and McDaniel evidently decided to attempt an escape as they

Bingo operators must comply with state laws

AUSTIN. -- State comptroller Bob Bullock is warning Texas bingo operators that they can say good-bye to their state licenses and hello to local police if they ignore state laws governing game.

"When bingo people stray outside the Texas Bingo Enabling Act, they risk charged under the state's criminal laws against gambling," Bullock said. "All the Comptroller's Office can do is take away their license, but local police and prosecutors can treat them just like they'd been caught in

a back alley crap game-- just like any other two-bit gambler."

Comptroller agents have recently visited 500 bingo games and found nearly a third are violating some section of the bingo law.

"Most of these violations were minor mistakes made by honest charity groups running their won games," Bullock said, "but that doesn't mean we can sit still for them. We have warned these groups and sent copies of the warnings to local police."

PUBLIC NOTICE

AT&T Communications of the Southwest, Inc., has filed with the Public Utility Commission of Texas (PUC) a proposal to reduce intrastate, interLATA long distance revenues to offset proposed increases in specialized service rates for private line, WATS, 800, OCC facilities and directory assistance services. The proposed tariff restructure will not result in any increases in the overall revenues of the Company. The proposed effective date for the tariffs is September 20, 1984. All customers and classes of customers will be affected by this filing.

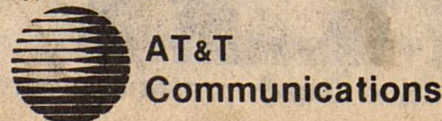

The restructure in the basic long distance service (MTS) results in an overall decrease in the revenues received by the Company from such service of approximately \$100 million. While this proposed restructure results in an overall decrease in revenue, certain MTS rates are proposed to be increased to more nearly recover the access charges approved by the PUC for such service.

AT&T Communications has also filed restructured tariffs designed to more closely recover access costs for private line, DATAPHONE, Digital Service (DDS), OCC facilities, WATS, 800 and directory assistance services. These restructured tariffs result in an approximate overall revenue increase of approximately \$100 million from increases in its WATS, 800, DDS, OCC facilities and private line rates, and institution of a charge for directory assistance.

The result of these proposed tariff changes and the restructure of our service offerings is to more nearly recover access costs from those services for which such access costs are incurred.

This proposed restructure results in no increase in overall revenue to AT&T Communications and is not a major-rate change as that term is defined in Section 43(b) of the Public Utility Regulatory Act.

A complete copy of all tariffs and rate schedules is on file with the Texas Public Utility Commission at Austin, Texas. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

FELONS cont. from p. 1

scratched their forearms with the blade of a disposable razor and summoned jailer Bob Harris to their cell. Harris, noting that the blood appeared smeared rather than dripping, immediately called for assistance and in doing so averated any chance of escape by the two young men.

Blakeman and McDaniel were taken to Hudspeth Hospital and treated for superficial wounds, escorted by Deputy Bob Dean and Sergeant Bill Ware.

They are still being held in Sutton County jail awaiting trial.

Lonnie Holmes is to be presented an Award of Appreciation by the Sonora Police Department for his invaluable assistance in the apprehension of the two felons.

Chief Gesch commented, "It takes everyone working together to

make this community a safe place in which to live."

"If you see something that just doesn't look right, do not hesitate to call," he added. "We're here for the protection of this community."

Gesch noted in closing that 95 percent of the crimes committed in Sonora were committed by transients off of Interstate 10. 136 crimes were committed in Sutton County last year including burglary, robbery, aggravated assault, and theft of motor vehicles. Chief Gesch would like to remind local citizens to lock up their residents and mark their valuables as a protection against robbery.

Weight Watchers meeting set

Weight Watchers meeting will be beginning in Sonora on September 5 in the Community Room on the second floor of the First National Bank office complex. The meeting on the 5th will take place at 5:30 p.m. For more information, please contact Sandra Cooper at 387-2111 or Julie Pollard at 387-6147.

CITY cont. from p. 1

city has no choice but to raise taxes.

Discussion then centered around getting citizens to shop more in Sonora so that the city could make enough from sales taxes to help keep property taxes down. Mayor Bill Gosney stressed that citizens should be urged to shop in Sonora. "Give Sonora the first chance, and then, if Sonora doesn't have it...go out of town," Gosney added.

Every nickle spent in Sonora means revenue from the city sales tax and the public needs to be aware of how much the city needs that form of income in order to control the raising of taxes on property.

In other action, the approval of bids for the equipment necessary to finish electrical service to the new high school was on the agenda.

Bids received from Poleline Electric Supply, Jimelco, Jerry's Electric, Temple Inc., Perry Shankle and Priester Mell and Nicholson Inc.

Dover requested that the council approve the equipment and transformer but wait on ordering until he has a chance to visit with James Bible, school superintendent, about the expected date necessary for installation.

The council did vote to accept the suggested bids from Temple Inc., Poleline Electric Supply and Perry Shankle Inc.

Members of the council also voted Tuesday morning to adopt Ordinance No. 271 annexing property that is the 13.63 acres of land out of abstract 315, Survey 85, and abstracts 809 and 1762, Survey 54, Block B., H.E and W.T. and, in addition, all that 0.65 acre tract location for the new high school on Bond Road.

The council also approved Ordinance No. 274, an ordinance amending Chapter 21 of the Sonora City Code by increasing certain electric rates and declaring an emergency. Section 21-126 through sections 21-132 of the city code was thereby repealed in their entirety.

The council voted unanimously to approve electric rate increases, dispensing of the three readings, and to set the effective date at September 1. A public notice regarding this may be read on page 12 of this issue of the Devil's River News.

Regional contributions examined by State Comptroller's office

State Comptroller Bob Bullock said recently that for the first time, Texans can examine regional contributions to the state's tax system.

"Every region of the state has its economic strengths and weaknesses," Bullock said in releasing a special financial report on the geographic breakdown of state taxes. "As the old saying goes, you can't tell the taxpayers without a scorecard."

Most of the state's major taxes -- sales, franchise, alcohol and tobacco, in particular -- come mainly from densely populated urban areas, but the Plains region is the second largest regional taxpayer. The reason is simple -- oil and gas severance taxes. The Plains paid \$1.2 billion -- more than half the state total -- in oil and gas taxes in 1983.

The state sales tax is still the revenue workhorse, and the Gulf Coast and Metroplex regions combined paid nearly \$2 billion in sales tax last year. The Gulf Coast region alone was responsible for \$1.1 billion, one-third of all sale tax collections. The Metroplex paid \$866 million.

More than 47 percent of East Texans live in "dry" counties, and this is reflected in the region's contribution to alcohol tax receipts. In 1983, alcohol tax payments per person of drinking age were \$12.60 for East Texas, the lowest of all regions. The highest figure was \$30.08 for the Metroplex.

Regional contributions to state taxes will likely remain unchanged for the next several months. The Central Corridor will continue a high growth rate, and the Border region will lag behind the rest of the state because recovery from the peso-related slump has been slow.

Our sympathy to the family of Billie Wright Taylor who died August 21.

To the family of Earl Johnson we extend our sympathy. He died August 21.

Mr. and Mrs. Ford Allen and Mrs. Herb McKee were here Thursday for the funeral of Billie Wright Taylor.

Glen Fisher was a business visitor in Mertzon Thursday.

Mrs. Clay Mitchell and daughter Sara Claye were here last week visiting her parents, Mr. and Mrs. Calvin Van Hoozer.

The Sonora Days were here and gone. Everyone seemed to really enjoy it, even when it was so hot--why do we have it in August--why not when the weather gets cooler. The most enjoyable part was Wilma Friend's Senior Citizens party. Our hats off to Wilma. She really put on a good program for the old folks. Her son, Clayton Friend, was her MC and everyone enjoyed him. Mrs. Bridget Griffin, Mrs. Bevely Caldwell, Mrs. Janette Cirrincione sang old songs and Charlotte Wilson played the piano. The barbershop quartet from Menard came over and put on a good show. They sang and harmonized the old barbershop songs. Thanks to Wilma. It was the best. Mrs. Metha Trainer, Mrs. Dorothy Baker, Mrs. Monica DuRussell, Mrs. Susan Stokes, Mrs. Guila Vicars and Mrs. Hazel McClelland helped Wilma serve coffee and donuts and greeted all the guests. There were 75 registered. Mrs.

Belle Steen won the corsage for the oldest person there. Haynie Davis won a corsage and a man from Florida won the gift for coming the longest distance. The food was real good.

The Sonora Art Club gave a homemade quilt away. Mrs. Melissa Teaff won it. Congratulations Melissa.

There were so many friends there and here are a few of the former Sonora people: Mr. and Mrs. Tom Nevill, Mrs. Jan McClelland Glasscock, Dick McMillan, Terry Smith, Lee Smith, Preston and Sarah Neeley, all the way from Saudi Arabia, Mr. and Mrs. Ted Ford White, James Caldwell, Dave Locklin, Cash Taylor, L.M. Rouche, Royce Reagon, Vivian Mears, Mrs. Thelma Puckett, Addie Thorp, George Barrow, Terry and Matt Shannon, John Paul Friess, Larry Bob Moore, Sandra K. Glasscock, Coach Hayes, Jane and Richard Cooper, Nancy Neill Law, Aliene Schweining, Molly Sawyer, Jane Sawyer and their families. There were many more but did not see all of them. Sorry if we missed you. Some of the married names I do not know.

Mrs. Gwen Wardlaw has returned from Houston where she visited her daughter and families, Mr. & Mrs. Bill Stallworth, Suzanne & Ward, Mr. & Mrs. Don McLardy and Gwen & Leah.

Mr. & Mrs. Jack David Wardlaw were in Dallas several days to visit Mrs. Addah Cauthorn who is in the hospital.

Thanks to the Sheriff and policemen who did a fine job during the Sutton Co. Days and for all the work they do all the time to protect us. They are the best.

Mrs. Greta Smith, her sisters, Madolyn Hassler, Barbara Garlitz of Corpus Christi and Mrs. Charlie Howard (Beverly) and her son Curtis spent 10 days touring Tennessee and Arkansas. They attended church service at the Madison Church of Christ, where the "Amazing Grace" T.V. program originated. They went to Opera Land and the "Grand Old Opera". They met a lady from the State Representative office and she invited them to the Capitol and took them on a personal tour. Beverly said it was beautiful and they had such a good time.

HEALTHY LIVING

You really are what you eat.

One of the primary problems concerning the typical American diet containing such items as meats, eggs

Heart disease may possibly be avoided by a diet low in cholesterol and saturated fats.

and butter is the high levels of cholesterol and saturated (animal) fats which are believed to contribute to a serious and possibly fatal disease known as arteriosclerosis. This is a form of hardening of the arteries that underlies most heart conditions.

Heart disease and heart attacks are America's number one killers. Each year

over 550,000 people die from heart disorders, disorders that might have been avoided, according to The American Heart Association.

For healthful eating, many Americans are turning to a line of frozen egg, bacon and sausage alternatives from Morningstar Farms, a product of Worthington Foods. It's the only complete line of

Tamed, Plowed, Broken, and Fertilized

BY REV. LOUIS HALFORD

FIRST ASSEMBLY OF GOD

God wants to use you in some way. He loves you and cares for you and he has a ministry just for you. You must be tamed. You must be ready to plow that fallow field. Those hard dirt clods have got to be broken up. Then God can rain upon that soil and create a garden full of the good fruit of His Spirit.

Ephraim was a nation that loved God; but God could not seem to put a yoke on Ephraim. For everytime Ephraim would begin God's work, they would fall into unrighteousness and would worship idols. Jesus said there would come a day when He'd take Ephraim by his neck to ride (or tame), for Ephraim would trample down the planted seed. It's time for the church to stop destroying its' own work and be guided by the Master's hand. It's time to get in God's will and move forward with Jesus. It's not going to be the church's program that wins souls. It's going to be that revival spirit and God's love that saves souls and breaks the bondage of sin.

We need to be as Judah and take the plow, plant the seeds to see the lost come unto Jesus Christ. Let's break up the fallow ground. There are those who have no knowledge of the Word of God. Their minds need to hear the Word of God. Saul heard the Word of God through Stephen as he was being stoned to death. Then seven years later, he met Jesus on

the road to Damascus. The seed had been planted then fertilized. Paul considered himself the worst of sinners due to his persecution of the Christians, yet God used him mightily in the construction of the Church. Don't let anyone tell you they're too bad for God. Plow the Word of God in everyone's heart!

Jacob will break up the clods. There are hearts that are dry and hard. The soil needs to be broken up, then God can send His water. They're hurting, for the river of life does not flow through their lives. They won't let God have His way. Those hard chunks of soil are composed of pride and arrogance. Don't say that if God wants me to be filled with the Holy Spirit he'll do it. How many were forced into salvation? You had to go to the cross and receive salvation! Now, go to the Upper Room and receive the Comforter. If I had my way, I would grab a hold of you and drag you to the Upper Room and keep you there till you received all God has for you. But God waits on you. Will you seek His will and wait on Him?

God is fixing to pour out that fertilizer; before He does, we have to be tamed, we have to plow, and we have to break up the clods. The ground needs to be ready for the Lord. If we are to get anywhere with God, we need to draw nigh unto

Him; and the beautiful thing is that when we draw nigh unto Him, He will draw nigh unto us. When you call upon God, He will answer you and show you great and mighty things that you will not even understand.

The Bible says that when God speaks to us it is as if a mighty rushing body of water is coming forth. God speaks to us by His Word and His Spirit. I can go to the Word of God and drink from the fountain that never runs dry. When I leave after reading my Bible I feel like my thirst has been quenched. When He speaks to you it will be as a mighty rushing river and it will fill you to overflowing and it will overflow to others.

We have to continue to plow sometimes over and over for the ground is hard and dry. But that gospel plow can break any heart, mold it and make it into something beautiful. Be willing to yield yourself to God and take up the plow. Let Him put the reins upon you neck so He can guide you in the right direction. Do you need to be tamed? Is the ground plowed and you're ready for the rain? Is your heart full of clods? Don't sit around waiting on someone else to do something, wait on God. He wants to use you. Seek Him and wait until He rains righteousness upon you.

Some eligible for SSI, even with low income

There are probably many people living in the San Angelo area who may be eligible for Supplemental Security Income (SSI) payments who do not think so because they believe the small income they have makes them ineligible, Franklin H. Upp, Social Security manager in San Angelo, said recently.

People can be eligible for SSI even though they get a small Social Security check or some other small

pension or annuity, Upp said.

SSI payments can be made to people 65 or older or blind or disabled who do not have much income and do not own much personal or other property.

The maximum SSI payment for an eligible person is \$314 and \$472 for an eligible couple. The amount actually payable may be less if the person has other income, Upp said. This is because after the first \$20 of

unearned income a month, the remainder reduces the SSI payment dollar for dollar.

A person can also have some earnings from work and still get some SSI payment. The first \$65 of earned income a month does not count at all and only half of the amount above \$65 counts.

There is a limit on the amount of property a person can own, but not all property counts. A home a person

lives in does not count; neither do personal effects, household goods, or a car in most cases.

People who would like more information about SSI should contact the San Angelo Social Security Office located at 2214 Sherwood Way. The telephone number is 949-7426. A free leaflet is available which explains the eligibility requirements for SSI in more detail.

Tom Loeffler Reports

Congressman Tom Loeffler (TX-21), a member of the Economic Progress Subcommittee of the Republican Committee, succeeded in gaining platform committee approval of several key amendments during platform meetings last week.

With the insertion of a simple comma, Congressman Loeffler succeeded in transforming language opposing most tax increases in most circumstances to language which unequivocally placed the Republican party on record as the Party which is against any tax increases.

Due to the Loeffler "comma amendment," the platform now reads: "We therefore oppose any attempts to increase taxes, which would harm the recovery and reverse the trend to restoring control of the economy to individual Americans."

Without Loeffler's comma following the word, "taxes," the sentence could be interpreted as allowing flexibility in determining whether a new tax would harm the economy.

Following approval of his "comma

amendment," the Congressman said, "I wanted our opposition to new tax to be stated in as clear and unequivocal language as possible. I want this convention to be known as being deep in the heart of Texas, not deep in the heart of taxes."

Also approved was a Loeffler Amendment on tax indexing. Indexation, approved by the Congress in 1981 along with three-year tax cut, is slated to begin in 1985. Indexation is designed to prevent automatic tax increases caused by inflation and was adopted to ease the tax burden most specifically on low and middle income taxpayers.

This tax reform redefines income tax brackets so that those earning wages as a result of inflation are not penalized for such increases by having to pay substantially higher taxes. Because inflation is currently at such a low level, there has been speculation that attempts might be made to modify the tax indexation formula.

With Loeffler Amendment on tax

indexing, the platform reads: "We pledge to preserve tax indexing. We will fight any attempt to modify or repeal or defer it." The language Loeffler added to the above platform language is "modify," thus putting Republicans on record against tampering in any way with this scheduled tax relief.

The Congressman also succeeded in gaining specific language in the platform urging repeal of the so-called windfall profit tax on oil. Now included in the platform is Loeffler language stating: "We are committed to the repeal of the confiscatory windfall profit tax, which has forced the American consumer to pay more for less and left us vulnerable to the energy and economic stranglehold of foreign producers."

On Tuesday, August 21, delegates to the Republican National Convention in Dallas will vote to formally adopt the Republican Platform of 1984. Congressman Loeffler will be casting his vote as a delegate-at-large from Texas.

Pete Gomez earns degree

Pete Gomez Jr. son of Mr. and Mrs. Pete Gomez Sr. graduated from Angelo State University with a Bachelor of Arts Degree on August 17, 1984. A reception was held after graduations at his residence by parents, wife Sheri and daughter Emily Irene. Attending from Ozona were grandparents Mr. and Mrs. Fortunato Tambunga Sr., Mr. and Mrs. Ernest Tambunga, Mr. and Mrs. Cruz Tambunga, Lupe Cervantes, Vicky Longoria, Sandra Tambunga, Mela Flores, Tina Tambunga, and sister-in-law and niece Karen and Melissa Childress. From Sonora were Maria and Angie Carrasco, Elida and Martha Guerra, Mr. and Mrs. Harold Martinez, Mr. and Mrs. Henry Villanueva and Ricky Ray, Gloria Perez, and Eddie Favila. From Ft. Stockton was brother-in-law Mr. and Mrs. Blake Moody.

Pete Gomez Jr. will now attend Baylor Law School.

IRS offers free materials

High school teachers and administrators across the country are again being offered teaching aids and materials from the Internal Revenue Service to help teach their students how our nation's tax system works.

The free instructional program reaches millions of students each year. The program typically lasts 4 to 6 weeks. The IRS says students can be expected to finish the course with an understanding of how to handle their own matters and a clearer concept of the economics of our tax system.

Study guides, teacher's manuals, and films are supplied by the IRS free of cost to schools participating in the program. School personnel interested in presenting an Understanding Taxes program should contact the IRS.

Bullfights to take place

Bullfights have returned to Ciudad Acuna. The Bullfights will take place September 2, 1984, over the Labor Day Weekend. The event will be held at the new La Macarena plaza del toros in Braulio Fernandez Parque on the south bank of the Rio Grande in Ciudad Acuna, Mexico at 6 p.m. Texas time.

Featured will be Miguel Cepeda of Mexico City as one of the matadors. He is known as "El Breco" around the world of bull fighting. Also featured will be Jose Antonio Garcia of Satillo. Mr. Garcia's fights will be on horseback, while Mr. Cepeda will face the bulls with his cape and sword.

For further information, contact the Del Rio Chamber of Commerce, 1915, Ave. F Del Rio, Texas 78840. Telephone 512/775-3551.

PTA's work with schools

It's back-to-school time again for more than 3.2 million students in the Texas public schools.

They will be greeted by more than 250,000 teachers and other staff members as they troop into about 5,700 schools across the state.

There will be a number of major changes in school operations as a result of the education reform bill passed in the recent special session of the 68th Texas Legislature.

"With the new changes, parental involvement in the schools will be more important than ever," said Laura Tynes, president of the Texas Parent-Teacher Association (Texas PTA).

Mrs. Tynes said that Texas PTA's more than 700,000 members will be working with school officials and teachers to help make a smooth transition to the new rules.

Students and teachers will have a shorter school year in 1984-85, since the number of classroom days required has been dropped from 180 to 175.

But students will not be allowed to miss many classes. Only five days of unexcused absence during a semester will be allowed.

There will be more teachers on hand in Texas schools this fall. School districts must now have at least one teacher for every 20 students, instead of one for every 25 students. More than 175,000 teachers are expected to open classes this fall.

Those teachers will be better paid. The minimum starting salary has been raised to \$15,200 per year, and the minimum annual salaries for experienced teachers were raised at least \$1,700. In addition, career ladder bonuses of \$1,500 to \$6,000 will be awarded, based on level of experience and education.

The teachers will have fewer interruptions of classes to deal with, since announcements will be limited to only once per day. Extracurricular activities will be scheduled to preserve the school day as much as possible for academics.

Students will be suspended from extracurricular activities if they have a grade below 70 in any academic class.

Students may not be granted social promotions. They must be promoted only on the basis of academic achievement. A grade average of 70 on a scale of 100 is considered a passing grade.

No student may be exempt from taking a final examination if any

other student in the class is required to take a final exam.

Each school district must provide tutorial services. Schools may require students with failing grades to attend tutorials in those subjects.

At least once every six weeks, the schools are required to give parents written notice of students' grades in each class. If the student is failing any class, a parent-teacher conference should be arranged.

The education reform also provided a 10 percent increase in funding for transportation about a million students to and from school. In 1982-83, the last year for which figures are available, more than 925,000 were transported in state-approved buses. The average daily mileage for all the school buses in Texas topped 900,000.

Other changes in school law, which will not go into effect until the 1985-86 school year, include: minimum competency tests before a high school diploma is awarded; competency tests for teachers and administrators; voluntary pre-kindergarten

for educationally disadvantaged four-year olds; a 22-student limit in classes from kindergarten through fourth grade, phased in over four years; and a requirement that public schools cannot begin classes before September 1.

\$105,000 grant provided for Texas historical celebration

Conoco Inc. and the Du Pont Company have provided a \$105,000 grant to support a project to produce a two-volume set of historic and contemporary photographs of Texas in time for the state's sesquicentennial celebration in 1986.

Photographs for the historical volume are being collected during a four-month search conducted by the Texas Historical Foundation.

The foundation also has commissioned professional photographers to take contemporary photos showing the people, land and businesses of Texas. A directory of the different photographic collections in Texas also will be published.

The project was announced in April by Texas Governor Mark White.

Richard Pearce-Moses, the foundation's photo historian, is currently combing the state's museums, libraries and private collections for interesting photographs that depict the activities of the people of Texas during the past 150 years.

"Photographs -- professional or amateur -- are important historical documents," Pearce-Moses said. "They are windows into the past, showing us the way things were and how people lived. We are losing

these records every day through neglect and deterioration.

"Because of Conoco and Du Pont's sponsorship of this project, we will be able to save many photographs for future generations which otherwise might have been lost," he said.

The oldest known photograph taken in Texas was made in Corsicana in 1853, 14 years after the invention of photography was announced in Paris.

It is a portrait of James Buckner "Buck" Barry, a former Texas ranger, Indian fighter and Free-thinker. The photographer was E. Drane, a Corsicana dentist.

"It is the oldest Texas photograph I've found, but there could be earlier ones," said Pearce-Moses.

"We also are very interested in finding Texas photos made in the early and mid-1900's of ordinary people, their homes and their activities," he said. "Of particular interest are photographs relating to climate, church activities, athletic events and people hunting wildlife."

The first book will contain no more than 300 photographs, but Pearce-Moses hopes to have more than 5,000 images for his editors when

they begin making their final selections in late August.

Submission by the public are welcome. Please send a copy of the photograph (not the original) before September 15 to: Richard Pearce-Moses, Texas Historical Foundation, P.O. Box 12243 Capital Station, Austin, TX 78711.

Copies of the books will go on sale in December 1985. Half the proceeds will go toward restoration of the State Capitol in Austin; the other half will fund other photo history projects sponsored by the Texas Historical Foundation.

Conoco is a subsidiary of the Du Pont Company.

Lloyd Bentsen's Notes

by Lloyd Bentsen

U.S. leadership in computer and other high technology industries is deteriorating and soon could, like our automobile and steel industries, be passed hard by foreign competitors.

Our imports of high-tech products, according to a recent Congressional Budget Office Study, increased from 8.3 percent in 1974 to 11.9 percent in 1981.

U.S. industry spends only 3.3 percent of each research dollar, down from 7 percent in the mid-1960s, on basic research and development, which creates the innovations that spawn new technologies and products.

These statistics suggest a potential economic weakness that must be strengthened.

Our competitors for the world's high-tech markets have thrown down the gauntlet and aggressively begun pursuing dominance in what is projected to be the fastest growing industry for the next 10 to 15 years.

Japan, for example, pooled its brightest scientist from eight computer companies to spend three years brainstorming to develop breakthroughs in computer technology. When these scientists return to their firms next year, Japan could leap forward in the race to capture future computer markets.

Few U.S. firms can afford to "go it alone" on R&D projects, with research costs soaring and the number of skilled scientists and technicians dwindling. The most logical, beneficial solution would be for our firms, as well, to pool their resources and talents on basic research.

But businesses are wary of banding together because of the threat of government prosecution, or civil suit,

for anti-trust violations.

Only one such project has, for the time being, received Justice Department approval. Microelectronics & Computer Technology Corporation (MCC) of Austin is a joint R&D venture of 13 electronics companies, directed by Admiral Bobby R. Inman. This year-old project, however, is still confronted by the possibility of a change in Justice Department policies.

The Senate has unanimously approved legislation that would remove this cloud of doubt for MCC and for other companies that are reluctant to form their own joint provisions in the past.

This bill carefully defines the guidelines a joint R&D project must follow to avoid anti-trust violations. Specific emphasis is placed on

projects that are working to keep the U.S. competitive in world markets.

Should a complaint about a joint R&D project arise, the "rule of reason" would apply, with anti-trust rulings handed down only if there is evidence that competition within the industry is being stifled. The award of treble damages, applicable in anti-trust cases, would not apply.

This legislation effectively draws the line between beneficial joint activities that help our nation remain competitive and the kind of strong-arm business collusion banned by our anti-trust laws.

By pooling their research resources, American companies can remain at the frontiers of technological development and meet the challenge laid down by our nation's competitors.

Kingston Trio to perform

The Kingston Trio, a perennial favorite among music lovers, will make a special appearance at the Grand Opera House in downtown Uvalde on Monday, September 10 at 8 p.m. The group is sponsored by the Uvalde Arts Council.

The Kingston Trio became popular in the late 50s, singing classic folk songs such as "Scarlet Ribbons." Their melodies are a mixture of country, calypso, pop, and bluegrass music. Their five gold records include "Tom Dooley," "The MTA," "Tijuana Jail," "Scotch and Soda," and "Worried Man." The Trio won the Grammy Award in country music in 1959.

Members of the group are Bob Shane, Roger Gambill, and George Grove. Shane is the only one of the original trio to still sing with the Trio. Tickets to the concert are now on sale at the Opera House Box

Office for \$12.50.

Members of the Uvalde Arts Council are entitled to a 10 percent discount. For more information, please call 1-278-4082 or write P.O. Box 1451, Uvalde, Texas 78801.

Roadrunner's Chili Cookoff set in Fort Stockton

IT USED TO BE THAT HISTORIC VACANT AREA RIGHT ACROSS FROM THE OLD PECOS COUNTY JAIL-HOUSE, THE AREA WHERE HISTORY TOOK ITS COURSE AS THE ORIGINAL COMANCHE SPRINGS. THE HISTORIC LANDMARK WHICH SETTLERS REACHED FOR RUNNING WATER AS THEY CROSSED THE DRY TEXAS STATE, THE AREA WHERE, FOR THREE YEARS RUNNING, THE ANNUAL MENDO COOK-OFF HAS SIMMERED TO A HUGE SUCCESS. ONLY THIS TIME IT'S THAT GREAT TASTIN' RED WEST TEXAS HOT CHILI, AS TEXANS SAY IT "CHILI CALIENTE, OH, MUCHO CALIENTE!"

About 10,000 persons are expected to attend The First Annual Roadrunner's Chili Cook-off Labor Day Weekend, September 1 and 2 in Fort Stockton, Texas at Menudo Park, 500 S. Main. A reminder to all chili goers, Monday, September 3rd is Labor Day, therefore you can rest, it's a HOLIDAY!

The Cook-Off is being sponsored by the Menudo Association and The Fort Stockton Jaycees in conjunction with Big Bend Coors.

The weekend promises entertainment for the entire family. It includes—under shade Bingo, Cow-chip Toss Contest, Lemon Roll Contest, Eggthrowing Contest, 3-legged Sack-Hop Races, Breakdancers Contest, Western Queen Contest, Booths, Food, Fun and Beer.

The Best thing about the whole weekend is that the gate is absolutely FREE!!!! The Chili Cook-Off will kick off Friday, August 31 with a "Cooks Welcoming Party!" Cooks will be allowed to camp out on the grounds. For the ones that camp out, there will be NO hookups available. A sanitation dump is available. Every cook will be responsible in cleaning the area where they camp after the weekend is over. Only three persons are allowed to each cooking team, the head cook,

assistant cook and your western queen contestant.

Each team must provide its own queen contestant. Each contestant will be judged on beauty, poise and personality. She must be anywhere from 17 to 24 years of age, and never been married. A Tiara, trophy and Western Queen title is given to the winner on the Sunday night dance. Second and third place trophies will also be awarded to the second and third place winners.

For all the chili cooks who would like to participate in the contest, only 10.00 will enter you, but you must hurry, only a limit of 100 cooks will be allowed on the grounds. Cooking areas will be assigned on a first come first serve basis starting at 5 p.m. Friday afternoon. cooks will be competing CASI/TOLBERT Rules, which is being sanctioned for Terlingua.

Winners will accumulate points towards the Terlingua Chili Cook-Off. The winners will receive a world

Social Security News

Concho Valley residents may find the new service being offered by the San Angelo Social Security Office particularly attractive. If you want to apply for Social Security benefits, you can conduct your business with Social Security on an appointment basis. This will save you time and gas and the frustration of waiting for an interview.

When a person phones for an appointment, he or she will be advised what documents and information to have available for the interview. This will prevent unnecessary contact with Social Security to submit proofs or provide

information required at the initial interview.

The appointment system does not replace the currently available "Teleservice." Most Social Security, Supplemental Security Income, and Medicare matters can be handled by phone without necessitating a visit to the office.

Social Security reminds you to call before visiting the office. If your business cannot be completed during that first call, and interview, either by phone or in person, can be arranged at your convenience. You may be pleasantly surprised when you avoid a trip to the office.

Sutton County Days August 23, 24, and 25

SCD cont. from page one...

Club won first place in the Youth category.

The twelve queen contestants were presented to the public during the parade as they rode atop vehicles decorated by their sponsors. Many of those vehicles were supplied for the parade by Chaparral Motors.

As Saturday morning dawned bright and clear, runners from Sonora and Eldorado were loosening up their muscles for the annual Fun Run. Ronnie Pollard won the event, the fastest fun run in the history of the Sutton County Days Celebration.

At precisely 9 a.m. Saturday morning, approximately twenty of the prettiest little girls in Sutton County were ready and waiting for the beginning of the Little Miss Sutton County Contest. This year's winner was Miss Erin Payton, the daughter of Tom and Pam Payton.

Immediately following the Little Miss contest, the Little Mister Sutton County contest began. This year, the title of Little Mister Sutton

County was awarded to Jacob Hunt, the son of Mr. and Mrs. J.D. Hunt. The Opening address followed with a few words of wisdom from Mayor Bill Gosney and an invocation by Reverend David Griffin. The Fort McKavett drill troop then performed maneuvers as the flag was raised.

The Pet Show was, as always, one of the best-attended events of the Sutton County Days Celebration as each and every household pet was invited to participate in the event and ribbons were awarded to each of the pets participating.

The sounds of greeting and music from the Oldtimers Reunion wafted across the courthouse lawn as Charlotte Wilson accompanied Jeanette Cirrincione and Bevely Caldwell as they sang many of the oldtimers favorite songs. The Menard Music Men also performed their barber-shop harmonies for the crowd at the Oldtimers Reunion, which brought people from as far away as Florida.

Booths of all sizes and wares of all types were on display and for sale

during the day Saturday. The favorite among the boys was the rubber-band rifles which they purchased from Lonnie and Julie Pollard. The little girls were all enthused over the different types of dolls available for sale at the arts and crafts festival.

Food of all types from the All-American hot dog to fajitas served up hot and spicy were available for celebrators to feast upon, and under the huge shade trees on the courthouse lawn, feasting began rather early as the smell of the cooking food made many a stomach rumble.

Competition of all types were held including tricycle races for the youngsters and washer pitching contests for the grown-ups.

Several prizes were awarded to individuals who donated money toward the several worthy causes in our community. As a result of the Chamber of Commerce Christmas Decoration Fund Drive, James McGee was awarded a Honda three-wheeler, which we understand has been through a good workout.

Melissa Teaff was the lucky winner of a beautiful quilt made by the Sonora Art Club, and Kathy Vick was the winner of the videocassette recorder, courtesy of the Sonora Women's Club.

It was hard to tell who enjoyed the rodeo most, the adults or the kids, as the Sutton County Days Rodeo was attended by crowds of local rodeo fans each night of performance. The bulls were so mean and the cowboys so talented that it was a true test of will as to who would be victorious in the competition. The results of that competition may be found elsewhere in this publication of The Devil's River News.

And who didn't enjoy dancing under the stars during our celebration with country music and the Texas sky as a backdrop?

We had a terrific time and hope that you did too. Come back and help us celebrate next year as Sutton County turns our for its finest celebration - Sutton County Days.

Ordinance 273
Adopting the budget for
Fiscal Year 1984-85

An ordinance making appropriations for the City of Sonora for the fiscal year beginning October 1, 1984 and ending September 30, 1985: appropriating money to a sinking fund to pay interest and principal due on the City's indebtedness; and adopting the annual budget of the City of Sonora for the 1984-85 fiscal year. WHEREAS, the budget, appended here as Exhibit A, for the fiscal year beginning October 1, 1984 and ending September 30, 1985, was duly presented to the City Council by the City Manager and a public hearing was ordered by the City Council and a public notice of said hearing was caused to be given by the City Council and said notice was published in the Devil's River News and said public hearing was held according to said notice; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SONORA:

SECTION 1. That the appropriations for the fiscal year beginning October 1, 1984, and ending September 30, 1985, for the support of the general government of the City of Sonora, Texas, be fixed and determined for said terms in accordance with the expenditures shown in the City's fiscal year 1984-85 budget, a copy of which is appended hereto as Exhibit A;

SECTION 2. That the budget, as shown in words and figures in Exhibit A, is hereby approved in all respects and adopted as the City's budget for the fiscal year beginning October 1, 1984 and ending September 30, 1985.

SECTION 3. That there is hereby appropriated the amount shown in said budget necessary to provide for a sinking fund for the payment of the principal and interest and the retirement of the bonded debt of said City. **PASSED AND APPROVED** this, the 21 day of August 1984.
